

Chapter 705 Blocking the Way

Tang Lijiang, who was still in Africa, started a video call with Miao Bai and Jiang Hui.

However, all three of them were extremely quiet during the call.

“It seems like the Old Master will finally make his moves this time...” Tang Lijiang sighed.

“What’s wrong with that?” Jiang Hui raised her eyebrows before she chuckled coldly and continued, “Since he will pull something, let’s make our moves as well. Let’s see who will survive till the end and become the most powerful of them all!”

“I’ll settle the issue with Europe’s underground network within these few

days to get more votes,” Miao Bai announced.

“Alright. I’ll get the Dragon Camp to pack up and head over to Tang Island in a few days!” Tang Lijiang declared.

“I’ll arrange for the warships to head over as well. If it doesn’t work, then we shall perish together!” Jiang Hui exclaimed before hanging up right away.

The annual meeting within the Tang Family affected not only the people in the Tang Family. Instead, it had a direct influence on the entire world. Tao Huaisheng, who was in Beijing, had already held a press conference, releasing a lot of positive news under his companies.

Chapter 705 Blocking the Way

During the press conference, Tao Huaisheng grinned as he announced to the reporters below the podium, “I’m sure that all of you are witnesses to our company’s performance recently. The reason why I held this press conference today is to announce our company’s biggest decision with the help of the media press!”

All of the reporters below the podium were focused on Tao Huaisheng.

Tao Huaisheng chuckled before continuing, “Our company’s newest project has already been set, and we will do everything that we can to promote it during the second and third quarterly! By that time, the company’s profit during the third and fourth quarterly will increase even higher!”

Chapter 705 Blocking the Way

The crowd started applauding.

Tao Huaisheng sighed mentally as he watched on.

There was indeed a new project for the company. However, announcing it at this time wouldn't really affect the company's profit. The reason why Tao Huaisheng did this was that he didn't want the Tang Family Annual Meeting to affect his company's operation.

The Tang Family Annual Meeting would surely cause a commotion. Announcing that the company's newest project was set was to minimize the effect of the annual meeting on the company to the lowest.

Everyone knew what Tao Huaisheng

was trying to do.

In Shanghai.

Han Siyu quickly entered Han Qi's office. However, she stopped moving and stood where she was quietly when she noticed that Han Qi was standing by the window and looking outside while holding onto a wine glass.

"What is it?" Han Qi asked softly.

"Aunty!" Han Siyu organized her thoughts before asking gently, "I've heard that the Tang Family Annual Meeting will be held earlier this year. Is that true?"

"It's true!" Han Qi nodded.

Han Siyu looked surprised. She gave Han Qi a worried look. “I-If that’s true, then Tang Yin...”

“It’s just like what I’ve said previously; the Tang Family’s Old Master had already accumulated enough force to go against Tang Yin! If Tang Yin’s vote count is lower than Tang Wei’s this time, he will surely be gone! Even if he didn’t lose to Tang Wei, I’m afraid that... it won’t go well too! Moreover, Tang Yin murdered his own aunty! I’m sure that the Tang Family won’t just let him off the hook this time!” Han Qi shook her head and sighed. “I want you to arrange a press conference. We need to make sure that we are able to secure our position so that we’ll be able to handle the Tang Family Annual Meeting!”

Chapter 705 Blocking the Way

“Oh. Alright!” Han Siyu nodded and left anxiously.

Han Qi sighed, for she couldn't help but feel bad for Tang Yin when she thought of him. However, this was his fate, after all. It was a fact that Tang Yin couldn't win Tang Wei. They couldn't really blame anyone for that.

Companies in Shanghai and Beijing had immediately reacted regarding the issues about the Tang Family Annual Meeting. Only Venture Capital Finance that was in Wuhan reacted slightly slower than them. However, they released a press conference as well.

All of the companies under the Tang Family's assets all around the globe did the same thing except for the

companies owned by Tang Yin and Tang Wei in Los Angeles, America. Therefore, what they did caught everyone by surprise.

Tang Wei had decided to solve the issue before the annual meeting upon receiving the news that the annual meeting would be held earlier. Tang Yin had the same idea as well.

In this whirlpool of a spiraling mess, Tao Qingfan was the only one who'd benefit the most on both sides. However, the little girl still didn't realize how important she was.

Due to the enhancement of her Inner Energy recently, the little girl started becoming more playful. She'd often go around with wooden planks in her hand

as she tried to experiment with her power.

Tao Qingfan squealed mentally every time she succeeded in crushing the wooden planks into pieces with her fingers.

“Miss Yang, the first batch of shipments from the Mojade Company has already reached...”

Tao Qingfan looked up and replied, “Keep them in the warehouse. You don’t need to care about them!”

“Into the warehouse? I thought we should search for sales channels?” The secretary was confused.

“I said, just keep them in the

warehouse!” Tao Qingfan repeated before lowering her head to continue toying with her wooden plank.

The secretary nodded and sighed lightly before she left.

Meanwhile, Tang Yin had already reached Los Angeles. However, he did not receive any replies from Ding Xuan, even though he had already contacted him a few times.

“When I went to the airport to pick them up, I did not see them coming out from the airport!” Yuan Zhian voiced her confusion.

Tang Yin nodded. He felt guilty because asking Ding Xuan and Fu Ying to come over to Los Angeles was his idea

initially. Due to the enhancement of his powers recently, he wanted Ding Xuan to come over so that he could heal the latter's illness.

The two of them had contacted him before they boarded the plane. However, they had completely vanished after getting off the plane!

"I've already checked the airport's surveillance. It seems like they had left with a group of people..." Pei Ruo entered from the outside before placing the footage in front of Tang Yin and continued, "According to the streets' surveillance, I could only trace them to the western suburbs of Los Angeles before they completely vanished..."

"Alright. I'll head over to look for them!"

Chapter 705 Blocking the Way

Tang Yin fell into silence before he spoke up again, “Continue tracking them. Make sure that Shan Xuezhu does not give up and contact me immediately if you guys found any leads.”

“Alright!” The both of them nodded at the same time.

Tang Yin felt rage rising within him as he turned around and left.

How could two healthy humans just disappear after boarding a plane? Something was definitely wrong. Tang Yin initially thought that it was Tang Wei’s doing. However, Tang Wei did not show up in the surveillance at all, hence this made him even more skeptical.

Chapter 705 Blocking the Way

After leaving the manor and getting into his car, he drove out of the yard feeling restless.

It would have been better if Ding Xuan and Fu Ying's disappearance was purely an accident. However, Tang Yin was afraid that they might have fallen into the hands of people with evil intentions.

After leaving and driving about a few hundred meters away from the manor, Tang Yin started accelerating his car until it halted to a stop.

About twenty meters away from his car stood a woman in the middle of the road.

The woman was dressed in a set of white sports attire. She looked arrogant

as she stared intently at him like a fairy who wanted to eat him up.

“Tang Yin?” Zhuge Pei spoke up. She looked disgusted as she motioned toward him with her finger. A wave of dust started appearing in her hand. “Get down and get on your knees before me to repent for your sins. If you do that, I’ll allow you, as well as everyone in the Tang Family, to die in one piece...”
