

## Chapter Five

Tang Zichen was really helpless by himself, watching everyone go home, but he didn't know where to go. This world is so advanced that he can't understand many things. I am afraid that he will get lost when he walks out of school.

"Junior Sister, Master, Madam, Senior Brothers, I really miss you. This horrible place is completely incomprehensible. Where should I go." Tang Zichen muttered to himself.

The sky was getting dark and the students had already left, but Tang Zichen was lying alone on the table, staring at the darkening sky outside the window without focusing.

"Am I really sitting here all the time?"

"No, this Tang Zichen must have an identity, he must have a home. I want to go home."

At this time, Tang Zichen remembered that when he had lunch at noon, Wang Qiang said that he lives at home. In what Songtao community.

"Songtao community, is Tang Zichen's home in Songtao community? Well, I must find Songtao community. Although I am not familiar with the world, I at least know the words of this world."

Tang Zichen decisively left the classroom and walked out of the school door.

Tang Zichen glanced at the zoo in front of the school again, and the closed cars were gone, only a few were still locked there. Tang Zichen saw at noon that as long as a person sits in the box, the box will run. It seems that these box animals are psychic, and maybe IQ is much higher than that of horses.

So Tang Zichen decisively walked to the zoo and came to one of the white cars, but couldn't get in. It was simple. Tang Zichen smashed the glass with one punch and jumped into it.

"Wow, this stool is so comfortable to sit on, this animal is really advanced." Tang Zichen smiled. Then, Tang Zichen did the same as the people he saw at noon. After sitting in, he put his hands on the round circle. This thing should resemble a saddle. Tang Zichen said to the car: "Car, go to Songtao Community, and drive."

Seeing that the car was not moving, Tang Zichen shouted again: "Drive, drive!"

At this moment, not far from the school gate, four boys were smoking. Suddenly, one of the boys heard the car's sirens, turned his head, looked at the parking lot, and yelled, "Damn, Brother Hao, your Porsche was smashed. Oh my God, who is so bold and dared to steal Brother Hao's car. Is he going to die?" The

other three people turned around in a hurry, they were all stupid. Here, there are people who dare Move Hao brother's car.

Of these four people, one of them is Wu Minghao, one of the five evil youngsters of Baiyun Middle School, known as Brother Hao. The reason why he was able to become one of the five evil youngsters was because of his good martial arts, plus wealth, and greeted a group of gangsters students, so he became one of the five evil youngsters and was domineering in school.

When Wu Minghao saw that his Porsche was smashed, he was immediately silly. Whoever dared to touch his car would be beaten by him, but at this moment he was smashed.

After reacting, Wu Minghao said angrily: "Damn, I dare to steal my car under my nose."

"Go, go over and destroy him." One of the men shouted, and the four immediately rushed to the parking lot.

When I rushed to the Porsche, I saw a man sitting in the driver's car, but because it was dark, he couldn't see his face.

The person who stole the car was not in a hurry, as if he was not afraid of being arrested. One person said to himself: "Car, you are going to make a noise, go or not."

"Qua, quack, quack.

" Don't just croak, croak and croak. When others sit in, they will leave immediately. Why do I sit in and you will croak and refuse to leave? I warn you that my patience is limited."

Wu Minghao and his three men were stupid when they heard the car theft.

"Brother Hao, this  
Who is the car thief talking to? "

He's talking to the car, I rely on, Brother Hao, it turned out to be a neurotic." "

Wu Minghao was furious, his Porsche was hit by a neurosis.

"Hey!" "Wu Minghao roared.

Tang Zichen in the car looked out the window, and saw four people standing outside, four of them looking at him fiercely.

A little brother shouted: "I can't get down yet." "

Tang Zichen confused the situation, jumped out from the window, because he did not know how to drive a car door.

"What are you doing? Wu Minghao asked angrily.

"Uh, go home . " "

A little brother said: "Brother Hao, don't talk nonsense with him. Seeing that he has no money to pay, he directly disabled him." "

Wu Minghao commanded: "Why, give me a hard hit." Unexpectedly, Wu Minghao, who traveled to the campus, was smashed into a car by a neurosis. This spread, how could I mess around in the school and beat me fiercely. "

Yes, Brother Hao." The three younger brothers immediately surrounded Tang Zichen with a smile.

Tang Zichen frowned as he looked at the three rascals who were surrounding him, and said, "What are you doing?" "

Boy, do you know whose car you stole?" Why are you still asking? "

Tang Zichen said: "Anyone will encounter some difficulties when they are out of the house and rescue the rivers and lakes. I just want to borrow it. When the weekend is over, I will bring it back. "

"Bring it back? What are you talking about? The three little

brothers stared at each other. Tang Zichen looked at the three rogues . They have colorful hair, weird shapes, and a big earring on their ears. They don't look like good people. He hummed, "I see you too. Not a serious person, maybe a group of rascals. If you say that this car belongs to yours, does it necessarily belong to yours? "

One of the younger brothers was depressed and said: "Damn, why do we talk so much with a neuropathy, fight." So, the younger brother rushed up first, and the other two were not behind. It was time to perform in front of Brother Hao.

The younger brother who rushed up first hit Tang Zichen's face with a punch.

Tang Zichen's expression turned cold. It turned out that this world, just like his world, is full of such scums and gangsters.

Tang Zichen easily grabbed the fist that came.

Tang Zichen twisted his hand with a 'click', and the little brother immediately let out a scream, his arm was instantly twisted, and he was in pain.

With a kick from Tang Zichen, the little brother with his broken arm flew out eight or nine meters.

The other two younger brothers just rushed up. Tang Zichen grabbed them with his left and right hands, grabbing their colorful hair.

"Bang!" Tang Zichen grabbed their heads and slammed them together. Suddenly, the two of them slammed their heads into blood and fell to the ground screaming again and again.

Wu Minghao looked at Tang Zichen in surprise. He didn't expect that this neuropathy had actually been practiced.

Wu Minghao raised his sword eyebrows and glanced at his three little brothers. It was so miserable in an instant. It seems that he can only do it himself.

"Let you taste my wild crane fist." Wu Minghao gritted his teeth and rushed to Tang Zichen.

"Yehe Chengxing" Wu Minghao took Tang Zichen's neck straight.

Tang Zichen curled his lips, this martial arts is too bad, in his world, it is estimated that just finding a pig-raising baby can stop him.
