

Chapter 585

Ingram, who was in Sylvia's office yesterday, had been standing in Lins Group for a long time.

At the moment when he saw Henry, an unexpected look appeared on Ingram's face. Now the negative news about Henry was all over the place. Naturally, he knew that this was Sylvia's husband. But he really didn't expect that this person dared to show up.

Sylvia and Jenny followed Henry to the elevator.

"Sylvia, you had the whole night to think. What do you think of my suggestion?" Ingram said with a smile.

After leaving Lins Group yesterday, he used his own power to make this matter more serious. If Sylvia were an ordinary person, she would know how to choose.

When Ingram asked this question, he completely ignored Henry, who was beside Sylvia. In his opinion, Henry was just an idiot without a brain.

Sylvia took a look at Ingram and spat out the words, "Get lost!"

Ingram was obviously stunned. He wondered if he had heard it wrong. Did she just ask him to get lost? Why would she?

Sylvia didn't look at Ingram again. She followed Henry to the elevator.

From the beginning to the end, Henry didn't even ask who Ingram was.

Looking at the slowly closing elevator door, Ingram

clenched his fists and said, "Well, Sylvia Lin, you are fearless. Let me show you what happens if you offend me!"

Ingram took out his mobile phone and dialed a number. "Tell all the media to come to Lins Group. These days, focus all the attention on Lins Group!"

At the same time, in the Zhao's Group.

"Second Master, that man surnamed Zhang has appeared in the Lins Group." The young man in black stood behind President Zhao.

"He still dares to show up?" President Zhao's mouth curved into a sneer. "Since he gave us such a big gift, if we don't accept it, it will be too rude. Increase the attack. By the way, what did the man from Yinzhou University say?"

"No problem." The young man in black nodded. "That old man took another 500,000 yuan from us. He will say whatever we want him to say."

"Well, doesn't Henry like to threaten people? Then let the person from Yinzhou University go to the Lins Group as well. We will make it clear to that Henry Zhang that we are going to deal with him until he tries to fight back!" President Zhao pinched his dragon-head crutch hard.

In Lins Group, after Henry came to Sylvia's office, he immediately inquired about the recent contract, including the companies that had signed unbeneficial contracts with Hengyuan before. He wanted to see if he could find any clues about Zhao's Group.

Henry found that Zhao's way of doing things was really

extra cautious. There was almost no trace left. Henry had also thought of this before.

"Honey, I have made several acquisition plans. Would you like to have a look?" Sylvia sat on her desk and said to Henry.

"Acquisition plan?" Henry had a trace of doubt on his face. "Do you want to buy the media?"

"Yes." Sylvia nodded. "Since the Zhao's Group has bribed them, I'd better buy these media directly. I have observed them for two days. There are a total of seven media companies. It will take about one billion yuan to buy all of them."

One billion yuan was not a small amount for the Lins Group. After all, the total assets of the Lins Group had just exceeded 10 billion yuan. But for the Su Family, one billion yuan was not a problem.

The corners of Henry's mouth curled up. "Honey, don't even say it. Your style of doing things is quite similar to mine."

Henry recalled that he had met many opponents when he was fighting in the business field. If he were too annoyed, he would directly buy the other party. Whether it was stock or money war, Henry had never lost.

Sylvia's current thoughts were exactly the same as what Henry had done before. Just one word, violent!

Sylvia rolled her eyes at Henry. "Come on, I'm just an ordinary woman. I don't dare to say that I have the same way of doing things as The Conqueror."

"Haha." Henry laughed and walked behind Sylvia. He

bent down and hugged the woman. "Don't forget, you are my queen, and you are the wife of the king of Radiant Island."

"Ouch. A Queen?" Sylvia turned around and hit Henry with her fists. "I don't want to be the wife of the king. People are serving me everywhere. I'm so embarrassed."

"I also feel uncomfortable." Henry shrugged his shoulders. "It's easier for me to work for you."

"Oh, do you mean that our Lins Group is so low that you, The Conqueror, can't fully express yourself?" Sylvia pretended to be a little angry.

Henry was quite surprised that Sylvia would show this kind of temper. He smiled and said, "I feel comfortable when I am with you."

Sylvia's pretty face turned red. Just as she was about to speak, she heard someone knocking on the door of the office. Cathy's voice sounded outside the door.

"President Lin."

Sylvia quickly pushed Henry away, who was holding her in his arms, and then rushed to the door and said, "Come in."

Cathy came in. She first greeted Sylvia and Henry respectively, and then said, "President Lin, something happened down there, and a large number of media came. Many of them are not from Ning province, and now it's a mess."

"Let them be." Sylvia waved her hand indifferently. The media outside Ning province would come anyway. She had already thought of it. She just worried about Ingram.

She was straightforward with him. If he did not do anything after being rejected, it would be weird.

"No, President Lin," Cathy said, shaking her head anxiously. "It's downstairs. Downstairs..."

Cathy looked at Henry as she spoke.

"What's wrong? Just say it directly," Sylvia said.

"A little girl came and said she wanted to find her father. She said that her father is..." Cathy said, looking at Henry. "It's Mr. Zhang."

"What!" Sylvia's face changed. "Henry has a daughter?"

Thinking of Henry's identity, this news would shock people, but it was not impossible!

Sylvia looked at Henry. When she saw Henry's shocked face, she felt much relieved.

"Looking for me?" Henry was confused. He didn't know that he had a daughter. He asked Cathy, "How old is that little girl?"

"About three years old," Cathy replied.

Henry shook his head and said, "I have to go and have a look."

"Let's go." Sylvia took a deep breath and walked out of the office with Henry.

In the hall of Lin's group, there was a little girl dressed in ordinary clothes with a dirty face, her hair was put in a braid, and there was a layer of tears in her big eyes.
