

“Xueqing, you came too!”

Wang Rui and the rest of them greeted Jiang Xueqing with a smile.

“Chen Hao, how long have you been waiting?”

At this moment, Jiang Xueqing looked at Chen Hao and smiled.

“Not too long,” Chen Hao replied.

Jiang Xueqing looked really pretty today. Indeed, she could make anybody’s heart flutter at first glance.

However, Chen Hao did not have any other thoughts apart from admiring her beauty.

“By the way, Xueqing, they were discussing in the group yesterday that you have found yourself a good job. How did you get into the Dreamer Investment Group? I heard that the registration fee alone cost 10 billion!” said Wang Rui with admiration.

Originally, she had gotten into a relationship with a tycoon whose family

owned some shops, which granted her a typical well-to-do life now. It was certain that she would have a good life ahead of her with no worries.

Therefore, Wang Rui was considered to be more superior compared to the other students.

However, she felt inferior when she compared herself to Jiang Xueqing.

Everybody knew that Young Master Chen founded the Dreamer Investment Group, and it would spearhead the development of Ping An County in the future. Anybody who entered this group would be guaranteed an annual income of one or two million.

Hence, when the news broke out in the group, it instantly became a hot topic.

Everybody knew that Ping An County would undergo a drastic change soon.

“I started my job not too long ago. However, I am not too sure about my future development in this company. To be

honest, I don't really have the confidence as well. Besides, the place that I am in currently is not the headquarters of the Dreamer Investment Group, but a small company under them. It is not as mysterious as they say it is," said Jiang Xueqing with a bitter smile.

"That is still great as well. Don't be so humble, Xueqing," said Wang Rui with a hint of jealousy.

On the other hand, Chen Hao who was standing by the sides was surprised.

It turned out that Jiang Xueqing worked in a company under the Dreamer Investment Group.

Furthermore, who owned this group?

Of course it was Chen Hao.

It was no wonder that he bumped into Jiang Xueqing and the rest of them at the large square outside the venue yesterday after he finished officiating the ceremony and was preparing to leave on his bicycle.

Many celebrities graced the celebration party yesterday, so naturally it was crowded.

Since Jiang Xueqing was one of the employees of Dreamer Investment Company, she could bring along a few people to the party with her.

Chen Hao could not help but think that this was such a coincidence.

“What a coincidence, let’s go there together later!”

Jiang Xueqing was talking about their gathering.

Wang Rui said, “It’s ok Xueqing, you can sit in our car later. Somebody will pick us up soon.”

Jiang Xueqing was about to say something when her phone rang.

After answering the call, she looked embarrassed and walked to the sides. Then, she hung up the call after agreeing twice.

“Did your boyfriend call you?”

Chen Hao looked at Jiang Xueqing’s embarrassed face and couldn’t help but ask her with a smile.

“What do you mean? I don’t have a boyfriend yet. That was one of my friends.” Jiang Xueqing smiled awkwardly.

On the other hand, Chen Hao took out his car keys and prepared to drive his car here to pick up Jiang Xueqing.

At this moment, a brand new white-colored Audi A4L sped down the street toward them like a fierce tiger coming down the mountains.

Suddenly, the car braked and stopped directly at the entrance of the station.

The windows were wound down and a guy who was wearing sunglasses poked his head out.

“Let’s go, Xue Qing. All the students will be going there later. Let’s reach there before them,” said the guy to Jiang Xueqing.

Chapter 221 People Changed With Time

Of course, this car attracted the attention of the crowd who was waiting for the bus at the bus station.

Sigh! Sure enough, beautiful girls tend to be picked up by rich Young Masters, thought some of the guys pettily.

“Li Wenyang! Yang, is that you? Is this your new car?” asked Wang Rui in delight as she recognized that guy.

Li Wenyang was surprised when he saw that Wang Rui and the tycoon were there as well.

And so, he came down from the car.

With one hand in his pocket, he leaned against the car and smiled as he said, “I got it half a month ago. Only now did I manage to get the hang of it after several months of practice.”

Li Wenyang was also from Chen Hao’s class.

Back in the days, there were only two guys in Chen Hao’s class who had power and

money.

One of them was Li Chao, whose family had connections with the Public Health Bureau, while the other rich guy was Li Wenyang.

Li Wenyang and Li Chao often hung out, and would sometimes cause mischief in class.

Since both boys came from a rich background, they managed to get along well even after they graduated.

What surprised Chen Hao was the fact that Jiang Xueqing and Li Wenyang's relationship was actually quite bad back then. They even got into an argument a few times before this. However, their relationship seemed to have improved since then.

They chatted for a while before Wang Rui pointed at Chen Hao and said, "Yang, why aren't you talking to Chen Hao? He is here as well."

Only then did Li Wenyang shift his gaze

toward Chen Hao who was standing by the sides.

“God damn it! Rui, if you have not reminded me, I would not have recognized him. So, Chen Hao came as well!” Li Wenyang smiled casually.

“Hmph! Seriously Yang, how could you have forgotten about him? Back in high school, when you wanted to copy Chen Hao’s homework and he refused, you picked up the stool and hit him all the way from the rostrum until the back of the classroom. You were really vicious back then, and everyone was scared out of their wits,” said Wang Rui with a smile.

She didn’t mean anything by it, but it made Chen Hao feel very embarrassed.

Of course, Chen Hao remembered the scene vividly, to the point of being traumatized by Li Wenyang. Li Wenyang had always ridiculed him in front of everybody and beat him up from time to time.

Hence, when Chen Hao heard his name, he

would feel terrified to the bones.

Furthermore, due to the beating he received, Jiang Xueqing and Li Shihan had gotten into an argument with Li Wenyang in order to help him. It was quite a serious argument.

Jiang Xueqing, in particular, hit Li Wenyang's head with a textbook in order to avenge Chen Hao.

In short, it was quite a nasty argument.

Chen Hao only laughed bitterly.

Li Wenyang tried to change the topic of conversation. "Alright, let's not wait anymore. Let's go now. Just now when I gave Xueqing a call, I thought she was alone. However, since you all happened to be waiting for the bus together, why don't you guys hop into my car as well and we will go there together?"

It seemed that the call that Jiang Xueqing received just now was from Li Wenyang.

Chen Hao thought to himself that Jiang

Xueqing might have been afraid that he would think too much about it, hence she went to answer the call in secret.

He chuckled to himself as he thought that it wasn't necessary since he felt indifferent about the whole thing.

They had planned to go there together originally. In the end however, not only did Jiang Xueqing ask him out, she had asked Li Wenyang as well. This made Chen Hao a little bit upset.

“Ok then, Chen Hao, let's sit in Wenyang's car together. Then, you won't have to take the bus anymore.”

At this moment, Jiang Xueqing looked at Chen Hao and blushed.

On the other hand, the tycoon and Wang Rui agreed to his suggestion wholeheartedly. How prestigious it was to be able to sit in an Audi?! Moreover, they could get closer to Young Master Yang. How nice would that be?

“I don't think that is possible. I am fetching

one of our friends later, so if we count him in, then we would exceed the maximum number of people in a car," said Li Wenyang with a bitter look on his face. At this moment, he had gotten into his car while Jiang Xueqing was already seated in the passenger seat.

This made Jiang Xueqing feel even more embarrassed. "Huh? Then, what should we do?"

"Chen Hao, why don't you hail a cab then? Besides, the cab fare is only about 10 bucks," said Li Wenyang apologetically.

"What do you mean 'hail a cab'? Aren't there some sharing bikes by the roadside? Chen Hao, you can just scan the code and cycle your way to your destination," said Wang Rui.

"Hahaha, that is just too much!" Li Wenyang roared with laughter.

Then he said, "Ok, Chen Hao, we will meet you at the restaurant later."

With that, Li Wenyang drove away.

Chapter 221 People Changed With Time

Jiang Xueqing wanted to say something to Chen Hao. However, the words were stuck in her throat, so she could only wind up the windows. Sigh! What could I say to him?

After they left, many people at the bus station gave Chen Hao a pitiful glance, while some of them were snickering behind his back.

This kid was obviously looked down upon by other people as shown by the situation just now. Sigh! He is really quite a pitiful person.

Chen Hao ignored it and only smiled helplessly.

Following that, he walked to the parking lot beside the bus station and drove his G Wagon out...

By the time Chen Hao got to the private room after parking his car, most of the students had already arrived.

More than twenty people were present here today. There was a mix of guys and girls, and it was a lively atmosphere.

The tables that were reserved were large as well.

Most of the students had only given Chen Hao a simple greeting before proceeding to chat amongst themselves.

After all, Chen Hao was only a poor loser in their eyes. Naturally, he would be looked down upon and ignored by everyone else.

However, the thing that made Chen Hao surprised was that Chen Lin and Li Shihan did not show up at the gathering today.

“By the way, Wenyang, why didn’t Chen Lin and Li Shihan show up today? Didn’t they say they were coming?”

Some of the students were as puzzled as Chen Hao, hence they asked Li Wenyang

this question.

Li Wenyang smiled and said, "They won't be coming today. Haha, they aren't the same anymore as they are currently under the patronage of a big shot. Hence, they are considered to be the most capable ones amongst our classmates. Sigh. I guess they won't be attending these kinds of small events anymore."

"Huh? What the f*ck! Are you sure? Yang, please tell us more about it."

This piqued the curiosity of some students.

At this moment, Jiang Xueqing, who was naturally seated beside Li Wenyang, asked him in bewilderment.

"Li Shihan had found herself a powerful boyfriend in Jin Ling. Do you all know about the Yunmeng Mountain Cultural and Tourism City from the internet?" asked Li Wenyang as he lit a cigarette.

"Of course we know that place. F*ck! Who the hell doesn't know that Yunmeng

Mountain would soon become a cultural and tourism city?"

"Haha, Li Shihan's boyfriend came from Yunmeng Village. Currently, that place has been demolished, and the residents have been relocated as they have demolished several houses there already. In addition to that, his family had set up several shops in the commercial street of Yunmeng Mountain Cultural and Tourism City. In the future, the amount of money they earned would be limitless!"

"Oh my God! That's so cool!"

Everybody was stunned when they heard Li Wenyang's words.

"Her boyfriend's name is Ding Hao, and he is quite famous in Jin Ling. Last month, I gave Shihan a call when I went for a sightseeing trip in Jin Ling. So, I have seen her boyfriend before, and we even had a meal together. Moreover, both of us have each other's WeChat number," said Li Wenyang arrogantly.

"I'll be damned! Yang is really awesome!"

“Back in high school, Yang and Li Chao were the coolest people in our class. Chao, take a look at Yang. He is already so awesome right now, you better buck up quickly!”

Some of the girls casually ridiculed Li Chao who was sitting at the sides.

This made Li Chao envious.

If they were to compare both of them side by side, he would indeed come second to Li Wenyang.

Especially now that Li Wenyang had gotten acquainted with so many people from Jin Ling, while he only had that few connections with the people in the Public Health Bureau. This made Li Chao restless.

He was utterly humiliated.

“Hey, don’t put it this way. Li Chao is quite powerful as well. You can look for Chao if any of your families or relatives are working in a healthcare-related job in the hospital. Haha, come here Chao. You can

take your position as the main guest of honor at this table.”

Li Wenyang took a seat beside the main guest of honor, while Jiang Xueqing took a seat to the left as the second guest of honor. Naturally, the seat that was reserved for the main guest of honor was given to Li Chao.

“No way Yang, I think you are the best person to sit at the position as the main guest of honor. After all, you are the most powerful person here. Moreover, I have something to add here. Yang’s family’s company had gotten some investment from the Dreamer Investment Group this time,” said one of the guys with a smile as he looked toward Li Wenyang.

With that kind of announcement, Li Wenyang felt pretty awesome.

It was because everybody turned toward Li Wenyang with their eyes wide open when they heard that piece of news.

“Haha! This is my family’s company, so it has nothing to do with me. Currently, I

have started my own company, however I have nothing to show from it. I am quite a loser myself," said Li Wenyang with a bitter smile.

Another wave of respect and admiration came from the crowd.

Meanwhile, Li Chao was ignored by everybody else. It was a depressing scene.

At that moment, he smiled awkwardly. Suddenly, his gaze shifted toward Chen Hao who was seated near the entrance of the private room. He smirked and said, "By the way, Yang, we shouldn't give this seat to anybody else other than Chen Hao."

When he saw that everybody was comparing him to Li Wenyang, Li Chao wasn't pleased at all. So, he immediately directed the topic of conversation toward Chen Hao.

"Pfft! What? You want Chen Hao to sit in that position?"

Some of the students laughed heartily.

"Hmph. Of course Chen Hao is the most suitable person to sit here. Maybe you guys don't know this but, Chen Hao is very close to Liu Li from Ping An County. We ran into each other two days ago during a meal and Liu Li paid the bill for Chen Hao straightaway," said Li Chao with a smirk on his face.

"What? Chao, are you joking? How could he be acquainted with Young Master Liu?"

"That's right. Do you know the difference in status between Chen Hao and Young Master Liu?"

"If you don't believe me, you can ask Mingxue. She had seen it with her own eyes."

Li Mingxue nodded her head.

"I'll be damned!"

Everybody changed the way they looked at Chen Hao at this moment and that included Jiang Xueqing as well. She was looking at Chen Hao in surprise right now.

At the same time, some people shifted their gazes toward Li Wenyang.

After all, everybody knew that Li Wenyang had viciously beat Chen Hao up back in high school.

Now that Li Wenyang knew that Chen Hao was a wealthy guy, and that he was acquainted with Liu Li who dealt with different kinds of people, be it the gangsters or the white-collared people, how would Li Wenyang react?

However, he only laughed bitterly with contempt.

“So what if he is acquainted with Liu Li? You guys may not know this but, Liu Li had been beaten up by someone in the KTV a few days ago. In addition to that, his father had been warned, and the majority of Liu's Mining Group's shares had fallen into another person's hands. I can't believe that you guys still think so highly of Liu Li,” said Li Wenyang.

Following that, he told everybody what had happened to Liu Li's family based on the

rumors he heard.

Only then did everybody come to their senses.

“I never expected that the honest-looking Chen Hao would try to curry favor with somebody like him,” said Li Wenyang at the moment while he looked toward Chen Hao and smiled.

“Chen Hao, did you know how I know all these things? Moreover, I am not afraid to tell everyone here that the person who did this to the Liu family was none other than the powerful figure from Jin Ling, Li Zhenguo. He managed to destroy them in one fell swoop. Haha, my father had a meal with Li Zhenguo's driver, Mr. Jin before. Mr. Jin told this to my father when he had too much to drink that day. I was accompanying my father that time as well. Mr. Jin patted me on the shoulders and told me to work hard. Moreover, he even said that I could give him a call anytime should the need arise,” said Li Wenyang with a casual smile.

Everybody was stunned.

“Li Zhenguo’s driver? Yang, is your father really acquainted with General Manager Li’s driver?”

Everybody knew Li Zhenguo as he was a household name in Jin Ling.

He was definitely a giant in the business world and a ruthless one at that.

Of course, his driver was no less powerful as well.

“Yes, we even had a few meals with him. Jin is an intimidating person. Hence, let’s gather more often in the future, and I will try my best to help you all out. If you guys don’t believe me, here is a picture of me having a meal with Mr. Jin.”

Li Wenyang took out his phone to show the picture to everybody.

Chen Hao also took a look at the picture.

It really turned out to be Li Zhenguo’s driver, Jin Xiaoshan in the picture.

He was clad in a good quality attire and

the watch on his wrist looked expensive as well.

Chen Hao was surprised that Mr. Jin had this side to him.

In the past, whenever Chen Hao came to the Hot Spring Villa, Li Zhenguo often asked Mr. Jin to pick up Chen Hao.

Therefore, Chen Hao knew him quite well.

He felt that Mr. Jin was an honest and straightforward person. Moreover, he looked like a plain and simple guy in front of him.

Unexpectedly, he was such a domineering person behind his back.

Then again, who did not have their own private life?

“So, don't take Liu Li too seriously the next time you see him. As for the people who follows him, don't think too highly of them as well. Just come to me for help whenever you need it!”

Li Wenyang glanced at Chen Hao.

Then, he looked toward Jiang Xueqing and said, "Xueqing, don't worry. I will settle that guy in the company for you and solve your problems."

"Huh? Xueqing, did you encounter some trouble in your company?" asked Wang Rui.

Chen Hao lifted his head up and looked at Jiang Xueqing.

“That’s right, Xueqing, tell us quickly! What happened?” someone asked curiously.

Jiang Xueqing nodded her head and told them the story in detail.

Chen Hao finally understood.

It turned out that her superior, who was the deputy manager of one of the departments, had been harassing her quite often ever since she set foot in the company.

He seemed quite modest in the beginning as he only wanted to ask her out for a meal.

After rejecting him several times, Jiang Xueqing felt that it wasn’t appropriate to keep rejecting him like that, so she went out with him once.

However, since then, that perverted man’s attitude became increasingly worse.

He often called Jiang Xueqing into his office. In the beginning, he would verbally harass her. But now, it had already

progressed to sexual harassment.

About two days before the celebration, he called for Jiang Xueqing again. This time around, he touched her thighs straightaway.

Jiang Xueqing panicked and splashed a glass of water at him.

Because of that, he threatened to fire her from the company. She was given a choice to either obey him or leave the company.

Everybody might not know him but according to Jiang Xueqing's description, he had male pattern baldness, and he looked like a wretched person.

Later on, Jiang Xueqing told Li Wenyang everything as he was the only one in the entire class who had the capability to deal with this man.

"Damn it! It's so infuriating. I really want to give him a good beating! How dare he bully our 'goddess' Xueqing?!" said some of the guys angrily.

“That’s right. However, as girls, we really need to know how to protect ourselves. In this society, we tend to become the object of bullying. Back then, when I started working in the hospital, some people did not know my relationship status, and hence they requested some ‘things’ from me. It was only after they knew my boyfriend’s identity that they stopped harassing me,” said Li Mingxue.

“What Mingxue said is true. Xueqing, to be honest, Li Shihan and you are the prettiest girls in our class. Just take a look at Shihan now. She had found herself a capable boyfriend, so it’s about time that you find a guy that loves you too. Ahem. There is already a ‘ready-made’ guy just beside you, so you must cherish him,” said Wang Rui.

Jiang Xueqing blushed as she lowered her head.

“Xueqing, don’t you worry. I will settle this for you after today’s gathering. I don’t believe that he has the guts to defy me since he is only a deputy manager,” said Li Wenyang domineeringly.

“Wenyang, I want you to give them a fright only. Don’t do anything else, alright?” said Jiang Xueqing worriedly.

“Don’t worry, I know my limits.”

“Hahaha! Xueqing, if you want to scare people, let me introduce you to a good candidate—Chen Hao! He is quite close with Liu Li.”

Li Chao looked at Chen Hao and smirked at this moment.

Everybody laughed as well.

On the other hand, Chen Hao finally managed to find a capable and fun person to hang out with, but that person had betrayed him.

Jiang Xueqing gave Chen Hao a glance and turned her head to speak with Li Wenyang.

It was obvious.

Back in high school, Jiang Xueqing and Chen Hao were on good terms with each

other. Furthermore, she even got into a heated argument with Li Wenyang because of him. However, it was obvious that her relationship with Li Wenyang was closer now.

That was because Li Wenyang was considered the most successful person amongst them. He had more resources compared to other people. Hence, Chen Hao couldn't even dream of holding a candle to him.

Chen Hao understood the situation.

After experiencing what society was like, ordinary people would realize that wealth and resources were way more important than friendships after all.

Even though he felt upset that the girl that he treated as his best friend had a close relationship with his bully, Chen Hao did not utter a single word.

When he saw that everybody was directing the topic of conversation toward him and even started mocking him, Chen Hao excused himself and went to the

washroom.

After he was done with his business and was washing his hands, Jiang Xueqing happened to walk out of the girl's toilet.

Obviously she came here shortly after Chen Hao.

When they met each other, both of them looked embarrassed.

"Chen Hao, I haven't had the opportunity to chat with you properly. How are you doing now?"

To hide her embarrassment, she gave him a hearty smile.

After all, she knew that anyone who was in Chen Hao's shoes would feel upset about the fact that she was close to Li Wenyang, especially if you considered her relationship with Chen Hao in the past, as well as the conflict between him and Li Wenyang.

"Alright, I guess," said Chen Hao as he grabbed some tissues and wiped his

hands.

“I heard that you haven’t found a job yet, so what are your plans for the future?” asked Jiang Xueqing.

“I am thinking of setting up my own business,” replied Chen Hao honestly.

Jiang Xueqing furrowed her brows while giving him a casual smile at the same time. Then, she shook her head and said, “Chen Hao, I think you should find a job, no matter what kind of job it is. You should know better that you are different from other people.”

“Or maybe you can try to get into Wenyang’s good books. He has his own company now and they happened to be short staffed. If you want to work there, I can ask Wenyang to allow you to work in his company. It will be good since you can get a monthly salary of two thousand,” advised Jiang Xueqing.

“Thank you, but I don’t want to work under him,” said Chen Hao with a smile.

“Sigh. Chen Hao, I know that Wenyang had beaten you up in high school, but that was because he was too impulsive back then, so it's somewhat understandable. Besides, think about it, if you had listened to Wenyang back then and let him copy your homework, I don't think he would have beaten you up, instead he might give you a boost after your graduation,” said Jiang Xueqing.

“Don't worry, I've never taken that matter to heart. By the way, don't worry about that issue with the deputy manager of your department. You can either find your manager straightaway to file a complaint or you can escalate it to the upper management. They will definitely take this issue seriously.”

The people from the managerial level up to the upper management level were the original talents of Jin Ling Commercial Group, hence Chen Hao was very well aware of their capabilities and personal traits.

They would definitely not let this happen.

Chen Hao thought about it and told this to Jiang Xueqing.

However, Jiang Xueqing looked at Chen Hao and smiled bitterly. "You won't understand the situation at a workplace yet. Sigh! Don't worry about this matter. But thank you, Chen Hao!"

With that, Jiang Xueqing waved her hands at Chen Hao and left.

Jiang Xueqing felt like a stranger to Chen Hao in that instant, just like back then when he met Li Shihan.

Sigh! Chen Hao was greatly disheartened at the moment as he walked out.

However, the moment he stepped out, he saw Jiang Xueqing being blocked by a middle-aged man, and that guy even tried to hold her hands.

"What do you think you are doing, General Manager Zhao?" asked Jiang Xueqing as she tried to dodge him.

"Haha, Qing, I never expected to meet you

here while I was having my meal. So, you came here to eat as well. Come along and accompany me for a drink or two. At the same time, I can introduce some of the company's colleagues to you.”

General Manager Zhao gave her a perverted look.

“Come on, don't be naughty. I'll get angry if you continue being like this,” said General Manager Zhao.

“Let her go!”

At this moment, an angry roar was heard...

The roar of anger came from Li Wenyang who had just stepped out of the private room.

A few moments ago, a girl had witnessed a man blocking Jiang Xueqing as she was walking out from the private room to go to the washroom.

Therefore, Li Wenyang went out right away and surrounded them with a group of people after hearing the news from the girl.

Apparently, General Manager Zhao was not scared of them. At that moment, his facial expression went cold and asked, "What's the matter? A bunch of kids! Who shouted just now?"

"She is my classmate. Why are you blocking her?" asked Li Wenyang, who was first to bear the brunt.

Jiang Xueqing was terrified and quickly hid behind Li Wenyang.

General Manager Zhao said with his arms crossed, "Xueqing, let me tell you now. It

was not easy for me to allow you to accompany our company's colleagues and leaders today. If you know any better, you should follow me inside! Also, tell this kid who I am!"

"Wenyang, his name is Zhao Tai, and he is the deputy manager of our department!" Jiang Xueqing said.

"Sh*t! It's him?"

Li Wenyang had planned to confront Zhao Tai this afternoon. But since Zhao Tai was already here, it seemed that he did not need to waste his efforts after all.

As for Jiang Xueqing, she obviously did not expect to meet the old pervert here.

Li Wenyang declared his background directly, "Hmph, I was just looking for you, General Manager Zhao. Do you know who I am? My father is Li Shenghua! The biggest kitchen and bathroom city mall in Ping An County belongs to my family!"

Zhao Tai's heart sank when he heard this.

Of course he had heard of Li family's kitchen and bathroom city mall.

It was a second-class company in Ping An County back then. But it was different now! As Li family's kitchen and bathroom city mall had high environmental protection standards, they had been invested by the Dreamer Investment Group, and it was now one of the group's development projects.

Moreover, the status of the Li family's kitchen and bathroom city mall was also on the rise. And now, it could be considered as a first-class company in Ping An County.

Although his company was being invested by the same group, at the end of the day, he was merely a deputy manager of a department. Therefore, he had to think twice before he acted.

"Oh, so you're the son of the Li family. But Young Master Li, I'm currently talking to Xueqing regarding our company's business. It seems that you are in no place to butt in right?" Zhao Tai said coldly.

His company's investment ratio was much higher than that of the kitchen and bathroom city mall's factory companies. They could be considered as a subsidiary of the Dreamer Investment Group. Therefore, in terms of strength and background, Zhao Tai was not afraid of the Li family.

"I don't care! I am interfering today!" Li Wenyang was very domineering.

Both of them refused to back down as none of them wanted to lose their pride.

In the end, Li Wenyang made the first move out of impulse, and the two started fighting.

Seeing that, Li Chao and the rest also joined in the fight as they all thought that this deputy manager was not as powerful as Li Wenyang's family.

After being beaten by a group of people, Zhao Tai was in bad shape.

Jiang Xueqing, who was beside them, couldn't stop them even if she wanted to.

“F*ck! You dare to hit me! Just you wait!”
Zhao Tai covered his face and ran away in disorder.

After a few moments, a large group of people came out of Zhao Tai’s private room.

The leader was a middle-aged man dressed in a suit.

“General Manager Zhao, who is the one that hit you?” the middle-aged man asked coldly.

Naturally, Zhao Tai pointed at Li Wenyang and Li Chao while he whispered something in the middle-aged man’s ear.

“Hmph, I don’t care whose son he is. Anyway, today is my first day as the company’s senior executive and there is already someone looking for trouble now. F*ck! If I don’t teach them a lesson, these kids may think that I’m easy to mess with. Beat them up!”

Chen Hao was watching from the sidelines and didn’t know which side he should help.

On one hand, Li Wenyang was quite a dandy and a good fighter.

However, he was obviously no match for the men the middle-aged man brought.

Right away, Li Wenyang was hit on the head with a bottle by a young man. Blood flowed down from his head and covered his face in an instant.

“Stop fighting! Everybody, stop fighting!”

As soon as Chen Hao saw that something had gone wrong, he quickly went forward with the other boys to stop the fight.

After all, it was his own men who were beating them up. Although Li Wenyang was somewhat considered as his rival, it was better to not cause a scene as it was a class reunion.

At least not today.

With the help of the hotel's staff, Zhao Tai's men stopped. He was immediately surrounded by a group of his men and left after paying the bills.

Wang Rui was terrified and asked quickly, "What should we do now? Wenyang, you are bleeding! "

Li Wenyang's eyes were red as he cursed, "Sh*t! This is the first time in my life that someone has dared to beat me! I'll call my father and ask him to get someone to kill that man!"

Chen Hao could notice from the attack just now that Li Wenyang was not a person who would lose out.

Moreover, at first, he thought that he could show off in front of his classmates by using his father's name.

Unexpectedly, Zhao Tai's men were even more arrogant and they didn't pay any respect to his father. He was even badly beaten up!

It was all because Li Wenyang could not accept it and had lost control of his temper.

"I think we better call an ambulance first!" Li Mingxue said hurriedly as she took out

her phone to make a call.

It wasn't long before the ambulance came. As Li Mingxue was a clinician, she immediately got in as well to help with the bandaging.

“Young Master Yang was beaten to the hospital. What shall we do now?”

“I think maybe we should leave too. What if those people come back later with backup?”

“That’s right, those people don’t look simple!” Wang Rui added meekly.

Everybody was looking at Li Chao, who was actually dumbfounded at that moment.

Because during the second fight, he chickened out as soon as he heard that the other side was some kind of senior executive. So, he didn’t dare to fight back after being kicked down. Therefore, only Li Wenyang was beaten up in the later half.

When he saw that everyone was looking at

him now, he suddenly regained his arrogant self.

Li Chao said, "Don't panic everyone, let's drive to the hospital first. I am sure that Wenyang's father will be there!"

After that, everyone rushed to the underground parking lot of the hotel.

Chen Hao was stunned for a while before following suit.

Damn it, it was actually a very simple matter. Either Jiang Xueqing could file a complaint against Zhao Tai and let the company deal with him, or he could just make a phone call and had it settled.

He never expected that it would turn into a big deal now.

When the crowd had reached the parking lot, Li Chao asked hurriedly, "We still have four cars left now. Who else is driving?"

"It's all my fault!" Jiang Xueqing started crying as she blamed herself for what had happened.

"Hmph, Xueqing, how is it your fault? I saw everything when I went out just now. Chen Hao was nearby when you were blocked by that old pervert, and he didn't do anything. If he did, the incident after might not have happened. He should be the one to blame!"

Wang Rui added, "That's right Xue Qing! If you want to blame someone, it should be Chen Hao! Don't blame yourself! Let's get in the car and go to the hospital first!"

With that, some of them had already started to get into their cars while Jiang Xueqing also sat in Li Chao's car.

"Sh*t! Look, Chen Hao's down here too!"

They only noticed Chen Hao at this moment.

One of the girl classmates said coldly, "What is this loser doing down here? Our cars are all occupied. Didn't he come here in a cab?"

"That's right. Didn't you take a cab here? What's the matter? Are you still thinking of

leaving together in our car? Seriously, somehow you are always around when something happens but you are nothing but useless!”

Wang Rui snorted, “Quickly go up and grab a cab. Don’t just stand there and block our way!”

This time, Jiang Xueqing glanced at Chen Hao and said nothing.

Wang Rui rolled her eyes at Chen Hao. “Li Chao, just ignore him and quickly start the car. Whose car is faster? Yours or Wenyang’s?”

“Err, it’s almost the same! Let’s go first. Sit tight ladies!”

Li Chao warned as he stepped on the gas pedal, and the car went forward.

Bang!

Because the steering wheel was not stabilized in time, the car directly crashed into the back of the white car that was parked in front, and the hood of Li Chao's

car was folded in.

“Sh*t”

Li Chao was shocked.

Everybody in the car went out.

“Ah!”

Suddenly, Wang Rui covered her mouth and screamed.

“Chao, faster come here and look at this. The car you hit seems to be a Mercedes Benz G500!”

“What? Mercedes Benz G500?”

The crowd didn't take it seriously as they thought that there couldn't be such a luxurious car in the whole Ping An County.

However, when they went to have a closer look, they thought, What else would it be if it's not a G Wagon...

"Holy shit, this G wagon cost more than two million!" someone said worriedly.

The damage done on the Mercedes Benz G500 after the collision turned out to be not as serious as they thought.

However, Li Chao was afraid that he would have to pay at least a few hundred thousand as compensation for the repairing fees.

"It's all my fault! If it wasn't because of me, you wouldn't have crashed into the car!" Guilt was written all over Jiang Xueqing's face.

Sigh! I have only myself to blame for today's incidents. Li Wenyang was beaten up because of me, and now I've caused Li Chao to crash into a car. What should I do?

Jiang Xueqing felt like her head was going to explode.

At the same time, the other classmates were frantically discussing solutions to solve the problem.

"Well, it's not a big deal. Just leave it," Chen Hao said with both hands in his pocket.

What a coincidence. This car's owner was none other than Chen Hao.

He felt himself to be quite unlucky as his Lamborghini was knocked by someone before this, and now his G Wagon was crashed by someone else too.

Although his car had been hit, Chen Hao saw that Jiang Xueqing and the rest were anxious as they saw this as an emergency. And so, he felt that it was not appropriate to ask for the repairing compensation at the moment.

"What the f*ck! You sound so chill. Do you even know what car this is? It's a Mercedes Benz G500! Who dares to just leave it like this? We can't bear the consequences if we are found out by the owner of this car. Do you f*cking understand?" Wang Rui ridiculed out of agitation.

"How about we just wait for the owner and apologize to him once he's here? Perhaps

he might appreciate our sincerity and let us go," one of the girls suggested.

"That's right. Leaving the car is surely not a wise thing to do now!" Many of them agreed.

Some of the girls even decided to stay to see if the owner of the car was a young and handsome guy.

"Li Chao, why don't you leave with them first? I'll stay here to wait for the owner and talk to him about the compensation," Jiang Xueqing said at this moment.

Although she wasn't rich, she wouldn't let Li Chao bear the compensation for the car.

"No way! I'm not leaving you alone here. Why don't we try asking our family and friends about the owner of this car? Perhaps it might be someone we know!" Wang Rui suggested at this time.

Obviously, everyone agreed to this suggestion and started calling up their friends and family.

"One of my cousins is working as an earthwork engineer. I will ask him now!"

"My uncle is a contractor, so he has some connections. Let me ask him!"

"One of my distant relatives is a teacher. He should know many people!"

Many classmates had started to call up the people they know.

Jiang Xueqing hesitated for a while and was about to do the same thing everyone did.

"Stop calling. Seriously, listen to me. Just leave it to me!" Chen Hao was speechless to see everyone making a big fuss over the matter.

"Leave it to you? What can a useless person like you do?"

"You're so hopeless!"

Beep!

Chen Hao didn't want to say anything more

and pressed on his car key after taking it out of his pocket.

His action made everyone on the spot completely stunned.

“What?”

“What the f*ck?”

Some of the girls exclaimed.

Even Jiang Xueqing put down her phone and looked at Chen Hao in shock.

Not to mention Wang Rui and Li Chao. The scene before them was rather hard to swallow for the both of them.

This G Wagon belongs to Chen Hao?

Didn't he come in a cab?

Isn't he a poor loser?

Everyone at the scene froze in shock.

Chen Hao got into the car and drove it out to check the damage. Luckily it wasn't that

bad, so it wouldn't be a big problem after sending it to an automobile repair shop.

On the other hand, Li Chao's car, which the hood had folded after the crash, was not able to start anymore.

Since Jiang Xueqing was in trouble, and taking their friendship into consideration, Chen Hao couldn't just leave her alone.

"Let's go. Get into my car, I will give you guys a ride to the hospital!" Chen Hao said nonchalantly.

This made everyone feel that Chen Hao wasn't the guy that they had known before.

In fact, Chen Hao had been talking indifferently all the while since they were at the bus stop.

However, everyone only saw him as a useless idiot when he talked in that way earlier.

But now, when Chen Hao spoke again in this tone, it made people feel that he was cool and admirable.

"Chen Hao! This is your car?" Wang Rui gaped and asked surprisingly.

"Yup, I just got it not long ago!" Chen Hao nodded his head.

"My god! It's a G Wagon! Chen Hao owns a G Wagon!" Wang Rui said excitedly.

"Chen Hao, can I sit in your car?"

"Sure!"

"Ah! Oh dear! I finally get the chance to sit in a G Wagon!" Wang Rui clapped happily and got into the car.

Jiang Xueqing was standing at the side with her face flushed.

She was just educating Chen Hao to find a proper job a while ago, and now she realized that he actually owned a G Wagon!

Moreover, before they came here, Chen Hao asked to meet her at the bus stop so that they could come here together.

It turned out that Chen Hao was going to fetch her here with his own car!

“Xueqing, come on!” Looking at Jiang Xueqing who was feeling embarrassed, Chen Hao said with a faint smile.

Jiang Xueqing hesitated for a moment, but then nodded her head and got into the passenger seat.

Soon, the car was full. Chen Hao then started his car and left the place.

“Chen Hao, quick, tell us! How did you buy this car? Have you become a rich tycoon now?” While on the way, Wang Rui rolled down the car window and stretched her head out to take pictures as she asked him curiously.

“I didn't buy it. I won it in a lucky draw session!” Chen Hao didn't lie about that.

After all, the Lamborghini which he bought was still parked in the garage at the Cloud Mansion.

“Huh? You won it?” Wang Rui was slightly

disappointed.

As for the girls sitting beside Wang Rui, they were already daydreaming about their future since they were all still single.

After all, Chen Hao already owns a property worth two million. He could be living a typical well-off life once he buys a house and a normal car after selling off this luxury car.

Suddenly, all the girls had become interested in Chen Hao.

As for Jiang Xueqing, her surprise was quickly replaced by contempt once she heard that this car was just a gift he won from a lucky draw session.

It was just a free gift he won. She felt that Chen Hao asked her out for a meal today just to show off his car in front of her.

But it was a different case for Li Wenyang, as he had the money to buy the Audi A4 by himself. Hence, Jiang Xueqing didn't feel guilty toward Chen Hao anymore.

“Chen Hao, I didn't expect you to own a G Wagon! No matter how you got it, you're now considered rich! That's so cool! Why did you keep such a low profile during the gathering just now? Haha, you should be swanking it up!” Wang Rui flattered.

“Haha, I don't think a person should be snobbish or swanky about his wealth even if he becomes rich. Moreover, don't simply look down upon anyone. Even though he might look ordinary, you'll never know if he may be the one who can help you when you're in trouble.”

The girls all agreed on what he said, except Jiang Xueqing.

Looking at Jiang Xueqing who frowned with disgust and then glanced out of the window, Chen Hao did not continue the conversation.

Soon, they arrived at the hospital.

At the moment, Li Wenyang's wound had been treated and bandaged. He was calling someone on his phone when the classmates entered his ward.

Chapter 225 Chen Hao's G wagon

“Mr. Jin, my dad has given you a call right? I'm in the hospital now. Would you be able to drop by? I heard my dad say that the people from the other side who had beaten me up are quite troublesome!”

Li Wenyang was begging Mr. Jin for his help.

What they talked about wasn't clear. However, upon seeing Jiang Xueqing and the others entering, Li Wenyang hung up.

"Wenyang, I'm so sorry. Everything happened because of me!"

Jiang Xueqing apologized.

"What are you talking about, Xueqing? I didn't expect that person to make a move without even asking. Don't worry, my dad is dealing with them now! Oh yeah, I told my dad about your problem too!" Li Wenyang said resentfully.

Jiang Xueqing was about to say something when suddenly, her phone rang.

She accepted the phone call.

After two hums as response, she hung up the phone.

"It's over now. My general manager just informed me that I was fired!" Jiang

Xueqing whispered faintly.

What does it mean to get fired? It means that I won't ever stand a chance again to enter any of the companies under the Dreamer Group, including the Dreamer Investment Group.

How could I lose a huge opportunity just like that?

“What? You’re fired?”

Li Wenyang did not expect this. Initially, he only wanted to prove his capabilities in front of Jiang Xueqing.

He wanted her to admire and fall in love with him.

However, not only did he get beaten up, he couldn't manage to solve Jiang Xueqing's problem as well. And now, he had even gotten her fired.

“Sigh, Wenyang, what should we do now? It's obvious that he will still mess around with Xueqing!” Wang Rui urged.

“Hmph! Don’t forget that Wenyang still has his dad! At least he’s stronger than that General Manager Zhao!” someone said.

At this time, Li Wenyang’s phone rang.

He rushed to answer his phone.

“Dad, what is the situation now? What? Damn it! Okay, I get it now. What about my problem? Okay, dad. I understand!”

After hanging up, Li Wenyang dropped his phone onto his bed.

“Wenyang, what happened?” Jiang Xueqing asked.

“It’s over. The guy who hit me? He is an executive from the headquarters. My dad tried to mediate with Mr. Jin, but Mr. Jin is just a driver after all. He’s not on the same level as the executive. Moreover, the executive used to follow General Manager Zhao as well as being a confidant to him. Mr. Jin does not wish to get involved in this but my dad is begging him to arrange a meeting for me to apologize to Manager Zhao!”

Li Wenyang wiped the sweat on his forehead.

Jiang Xueqing felt her heart shrivel.

It seemed like Li Wenyang was hardly able to fend for himself.

“Sigh! Xueqing, what my dad meant was, we shouldn’t have been so impulsive. The guy named Zhao Tai who harassed you earlier, you should have reported him to the executive instead. Once the executive knows, he would have given him a stern punishment. Great! Our actions backfired! I got into trouble, and you lost your job.”

Li Wenyang’s tone became somber.

After listening to what he said, Jiang Xueqing felt as if she had heard the exact same thing from someone else before.

She couldn’t help but glanced at Chen Hao’s direction by the door. Wasn’t that what he told me by the sink at the restroom?

Back then I had thought that he had no

social experience and even lectured him.

In the end, what he said was the correct solution.

Otherwise, we wouldn't have ended up like this.

A few of them huddled around in the hospital to discuss some countermeasures. Well, not exactly countermeasures, but talking about it gave them mutual comfort.

Suddenly, Jiang Xueqing's phone rang again.

After she picked up the phone.

She hummed twice in response again.

However this time, Jiang Xueqing's eyes kept on widening. Her facial expression showed disbelief.

After she hung up, everyone was curious about her reaction.

"Xueqing, what happened?"

Confusion etched on Jiang Xueqing's face as she said, "I'm not really sure. That phone call was made by the CEO himself. He told me to return to work. He also transferred me to the human resource department to be trained as a management trainee. Furthermore, he apologised to me about Zhao Tai and informed me that Zhao Tai has been fired! Apparently it was the executive's decision!"

"What?"

Everyone was dumbfounded.

What the hell? This plot twist happened too soon!

"Xueqing, I feel like someone from the inside must have helped you out. If it weren't so, the CEO wouldn't have come forward and called you himself to apologise just because it was confirmed that you were harassed, would he?"

"Yeah! He even added that it was the executive's decision! Which confirms that someone must have pulled some strings behind!" Wang Rui and the others added.

“Yeah, I feel like that’s the case too. But, do you guys know? It’s really hard to get into the company’s management department. Who could have been so powerful to make the CEO come forward?”

Jiang Xueqing rubbed her forehead.

Suddenly, she jerked her head up and locked her gaze on Chen Hao.

“Chen Hao!”

Jiang Xueqing stood up.

“What? Chen Hao?”

Wang Rui and the others looked at Chen Hao with surprise.

Chen Hao also did not expect Jiang Xueqing to connect the dots and relate everything to him.

Indeed. While everyone was chatting, Chen Hao went out to make a call to Li Zhenguo and asked him to deal with the problem at hand.

However, he did not expect that Jiang Xueqing would find out so soon.

“Chen Hao, it’s you!”

Jiang Xueqing started walking toward Chen Hao and said, “Do you know? It’s those words you said while we were on the way that reminded me. ‘Never look down upon the people around you because sometimes, the ones that help you in the end are often those that you look down upon!’ I think I might have figured out who that person is! Chen Hao, thank you for reminding me!”

Jiang Xueqing thanked Chen Hao earnestly.

Then, she continued on, “When I first entered the company, the vice manager from human resources who was responsible for my recruitment was a young man. He’s also very hardworking. Although he only nods as a greeting every time he sees me, but, do you guys know? He actually helped me out a lot!”

“Initially, I felt that he was upright, honest,

and all he does is work everyday! However, now that I think about it, maybe he's the kind of guy who keeps a low profile. It is likely that he helped me out then. A few days ago, I also heard my colleagues guessing his identity! This might not be a simple coincidence!" Jiang Xueqing added.

However, Jiang Xueqing wasn't too sure about it. So, she immediately contacted another colleague that she was close to for confirmation. "Hey Miss Li? Do you still remember the vice manager from human resources? The one where you guys mentioned was someone's nephew? Is he really the nephew of one of the executives? Alright, alright. I get it now. No, nothing's wrong. Thank you for your time!"

After the conversation ended, Jiang Xueqing became so emotional and it looked as if she might start tearing up soon.

"Xueqing, are you sure it was him? Does he like you or?" Wang Rui asked, her words laced with envy. She didn't know why but she somehow felt jealous.

“I don’t know if he likes me or not. But I remember that he secretly helped me out many times. He must have known that I got fired! I will get a confirmation from him tomorrow at work!”

“Whoa! I’m so jealous of you guys! Mingxue has Li Chao helping her and now she officially became a doctor; Xueqing has Wenyang and the vice manager helping her. Even Shihan is backed by a rich man while I’m the only one left alone!”

Wang Rui glared at Tycoon and exclaimed in jealousy.

Li Mingxue laughed wryly and tried to console her. “Come on, Wang Rui. You don’t mean it that way. Tycoon is pretty nice too, isn’t he?”

“By the way Chen Hao, since you looked like you have nothing to do, could you help fetch us some warm water?” Li Mingxue asked.

Seriously? Who the f*ck had nothing to do?

Chen Hao thought.

However, he was embarrassed to reject them so he went anyway.

“Doctor Li! The hospital’s director and vice director are heading over to the wards at this zone!”

“What? The director is coming?” Li Mingxue was taken by surprise.

Li Wenyang was surprised too. “Maybe the director’s coming to visit me after he heard that I was admitted! Xueqing, quick! Help me up! The director is friends with my dad, I can’t afford to be rude!”

Just a few moments ago, Li Wenyang was still pissed off that the vice manager stole his thunder from Jiang Xueqing.

However, he was excited now that he heard that the director was coming over to visit him.

He managed to get down from the bed with Jiang Xueqing’s help.

Chapter 226 The Hospital Director is Coming

As the crowd got larger, Chen Hao took the chance to leave the ward by taking the kettle out to get more water.

However, he immediately ran into the director of the hospital.

“Master Chen, it’s you?”

“Mr. Chen, where are you heading?”

The director and Chen Hao ran into each other.

Immediately, the director shook Chen Hao’s hand and smiled.

“Huh? Mr. Chen?”

Everyone from the ward was dumbfounded as they watched the scene play out before them.

Especially Li Wenyang who had already stood up and readied himself to greet the director.

Why did he call Chen Hao ‘Mr. Chen’?

“Director, do you know me?”

Chen Hao was taken aback as well.

“Of course I do. The last time Uncle Wu was admitted to the hospital, I went over to visit him too! It’s just that I didn’t run into you!” the director exclaimed while smiling.

Chen Hao pondered for a while. I suppose it makes sense.

The last time when Uncle Wu was admitted, I also ran into Li Mingxue at the canteen. At that time, she was still worrying about issues at work.

Then I may have mentioned Li Mingxue's issue to Li Zhenguo when I went over to find him.

After that, Li Mingxue's issue was resolved. However, Li Chao took the credit.

I guess that was when the director heard about me.

Later on, I'd heard from Uncle Wu that a hospital director went to visit him.

However, Chen Hao didn't dwell on it.

"Mr. Chen, I heard from the head nurse that you came over so I came here specifically to see you. Don't be afraid to reach out if you have any requests. Our hospital will try its best to fulfill your requirements!" the director said with a smile.

Then, he saw Li Mingxue at the side and added, "Look! After your suggestion last time, we've already made Mingxue an official doctor. She's hardworking and responsible, everyone from the hospital praised her unanimously. You had really recommended someone with great talent!"

The director chuckled.

Then, he continued to talk about other topics with Chen Hao. It wasn't until everyone behind him greeted and shook hands with Chen Hao before they finally left.

Chen Hao was sure he did not ask for help from this director. He had Li Zhenguo pull some strings within the province instead.

However, it looked like the director was a capable man. It didn't take him long to inquire around before figuring out that Chen Hao was behind it.

After they left, Chen Hao turned around to look behind him.

He suddenly realized that each of his

classmates in the ward was looking at him in shock.

Especially Li Wenyang.

He felt stupid for even getting up.

What a shame. It seemed like the director did not come to visit him. Instead, he actually came to greet Chen Hao. This is awkward as hell!

“I will go get some warm water!”

Chen Hao nodded lightly.

“C-Chen Hao!”

Li Mingxue suddenly called out to Chen Hao in disbelief.

“Yeah? What is it, Mingxue?” Chen Hao asked.

“W-Were you the one who helped me? Did I finally become a doctor because of you?”

What the director said was clearer than ever. It was Chen Hao who recommended

a 'great talent' to the hospital.

Li Mingxue was puzzled as she had initially thought that it was Li Chao who helped her.

Her father even went as far as to thank Li Chao's father personally. However, Li Chao's father's attitude was cold and unbothered. He dismissed her father right after giving him some water to drink.

If it was really him, how could he have acted like that?

But Li Mingxue finally understood now. The one who helped her out was Chen Hao all along.

And he turned out to be really close to the director!

"Oh, it was nothing, really. I just knew some people from the field and gave them some recommendations!"

Chen Hao smiled lightly.

Li Mingxue felt remorseful.

When she first met Chen Hao, she only treated him to a meal at the school canteen. However, with Li Chao, she treated him to dine at exclusive restaurants and hotels.

In the end, the one that was worried about her and helped her turned out to be Chen Hao!

When Li Mingxue looked at Chen Hao, a different kind of affection bloomed inside her.

“What the hell? Not only does Chen Hao drive a Mercedes G500, he also has so many connections around! What is he even doing now?” Wang Rui exclaimed.

“What did you say? Chen Hao drives a Mercedes G500?”

Li Wenyang was shocked again.

To think that Chen Hao only smiled lightly while he was showing off his car at the bus stop.

He'd initially thought that Chen Hao was

just being jealous, Looks like Chen Hao was just playing along by watching you act like a fool by showing off! His car is even worth up to nine of yours!

“It’s just another form of transportation anyways. I won it from an event back then.”

Chen Hao smiled.

He headed out right after.

Jiang Xueqing also started to look at Chen Hao in a new light.

However, Chen Hao decided to leave after he finished dealing with them.

As for who Jiang Xueqing thought helped her, Chen Hao honestly couldn’t care less.

Right then, he retrieved his car from the hospital’s parking lot and left under his classmates’ stunned gazes.

While he was on the road driving, Chen Hao’s phone suddenly rang.

Looking at the incoming call's number, it was none other than Zhao Tongtong!

“Chen Hao, why don't you advise Qin Ya to come back? Uncle Qin has been worried sick! Even her phone has been turned off now, and she hasn't replied to any of my Wechat messages! Whatever, just try to persuade her. I'll come over during noon to see her!” Zhao Tongtong said.

However, Chen Hao was stunned after taking in what she said.

He immediately hit the brakes.

“What are you talking about? Didn't Qin Ya go home?” Chen Hao asked stupidly.

Qin Ya had already left and she should have reached her home long ago. However, Chen Hao did not contact her at that time.

He figured that helping her out once was enough.

After all, he couldn't afford Su Tongxin getting the wrong idea again.

Who would have thought that Qin Ya could not be reached anymore?

“Huh? What are you talking about? What home? I tried contacting Qin Ya but I couldn’t reach her at all. She’s getting too good at this, even her dad started freaking out! Come on, stop playing around. Qin Ya’s dad is not at our house anymore. Quick, pass the phone over to Qin Ya!” Zhao Tongtong demanded.

She thought Chen Hao was still putting up an act.

“Stop scaring me. The next morning after you guys left three days ago, Qin Ya had already taken a cab back to Jin Ling City. She told me she was getting engaged with Li Yue!”

Chen Hao wiped away the sweat forming on his forehead.

He told Zhao Tongtong everything that he knew about the situation.

“Sh*t! If that's the case, why can't I reach out to her? Do you think that it's possible

that we have already lost contact with her from the day that she left? Also, are you sure Qin Ya told you that she was getting engaged with Li Yue?”

“Well, who else can it be?”

“Let me tell you. It seemed like Qin Ya made up some excuses because she was afraid of you not wanting to let her stay. Sigh. I just found out what happened too. She wasn't going to be engaged to Li Yue, but to a Mr. Long from Yan Jing. Qin Ya refused to, which was why she ran away! What I'm worried about right now is, did something happen to Qin Ya?”

Zhao Tongtong was scared and worried.

Not to mention Chen Hao.

He immediately tried to contact Qin Ya after the phone call.

However, her phone was turned off.

He tried contacting her via Wechat but to no avail too.

Sh*t!

Damn it! Is it possible that something really happened?

Well, although this matter was indirectly related to Chen Hao, he was the one who let Qin Ya leave in the first place.

Chen Hao couldn't help but feel guilty.

If he had never said those words to her, Qin Ya wouldn't have left.

If he had called to check up on her after she left, he could have known where she went.

But now? Something might have happened to Qin Ya, and he didn't even notice until three days after.

Zhao Tongtong even thought that Qin Ya was still with him.

The whole situation caused Chen Hao's mind to go blank for a moment. Millions of possibilities then ran through his mind. The more he thought about it, the more

Chapter 227 Something Happened to Qin Ya

scared he felt.

Chen Hao slammed his steering wheel.

He immediately made a U-turn and headed back.

He had to go back to Jin Ling...

“Sigh, Tongtong, Uncle Qin has been worried sick. He’s even ready to file a report at the police station. What should we do? Even more so, how long are we gonna wait here for that Chen Hao?”

Something had happened to Qin Ya, so naturally all her friends and family members were informed.

Which explained why all of Qin Ya’s roommates had gathered together.

Right now, they were all waiting for Chen Hao at the front entrance of Jin Ling College.

Zhao Tongtong had already agreed to meet up with Chen Hao at Jin Ling College during their phone call earlier.

Furthermore, they had to inform the school’s authorities about what had happened too. Uncle Qin had left for the police station. So, Zhao Tongtong and the others came over to the college instead.

“Let’s just wait for him. After all, Qin Ya left under his care. If anything, he obviously

understands the situation much more than we do. Nevertheless, my sisters! Chen Hao must have had something to do with Qin Ya's disappearance. Watch me teach him a lesson later!" Zhao Tongtong scoffed.

Qin Ya's roommates were all filled with indignation.

It is decided! When Chen Hao reaches, we will all beat him up! Hmph!

"Seriously though, I don't know what Qin Ya sees in Chen Hao. What was the point of looking for that kind of loser?"

"Most importantly, after Qin Ya left, he didn't care about her anymore!"

All the other roommates gossiped.

Right at that moment.

One of the girls pointed in the direction of the other side of the road. "Hey guys, look at that! That G Wagon is heading toward our direction! And the driver looks like he's pretty hot!"

“Come on Yanyan, look at the situation right now. Are you really still in the mood to check hot guys out?”

However, all of the girls couldn't help but stare at the G Wagon. After all, the car looked very sophisticated.

“Hey, wait. Is it just me or the guy driving the car looks like Chen Hao?” one of the girls commented.

“Chen Hao? What the f*ck? How is that possible?”

“That poor loser? It's already not bad if he came riding a bicycle!” Zhao Tongtong grumbled.

The G Wagon finally arrived.

Slamming on the brakes, the car stopped right in front of Zhao Tongtong and the others.

Then, Chen Hao came out from his car.

“What's the situation now?” Chen Hao gushed.

“Huh?!”

This time, Zhao Tongtong and the others were dumbfounded.

Indeed, the Chen Hao in the past was a poor loser under their impressions. But now? F*ck, this guy really drove a G Wagon?

Zhao Tongtong always thought that she was somewhat closer to Chen Hao than the others. At this point, however, even she was shocked.

“Chen Hao, how did you get yourself a G Wagon?” Zhao Tongtong questioned.

“I just got it recently. Let’s not talk about that first. What’s the situation right now?” Chen Hao inquired.

Zhao Tongtong tried her best to suppress her fear and summarized what had happened.

The situation wasn’t looking good.

Except for filing a report at the police

station, there weren't any leads or even development regarding the case.

Qin Ya's family were on the verge of breaking down.

Initially, Qin Ya's parents had already suffered enough from the pressure given by Beijing's Long family. The Long family had been forcing them to hand Qin Ya over for marriage.

Now, even Qin Ya's whereabouts were unknown because of this matter. Their mental states were unstable at this point.

After listening to what Zhao Tongtong said, Chen Hao's feeling of guilt intensified.

As for Zhao Tongtong and the others, they initially wanted to beat Chen Hao up. However, none of them would actually raise a finger now. Looking at his G Wagon, the way they spoke to him were visibly more modest than before.

"Don't worry, Chen Hao. I've thought of an idea. Ling Fei, my younger cousin, told me

that she has a classmate working as a moderator for a live streamer. Last month, one of the audience requested them to help search for their long lost brother. And guess what? With the help of all of the audiences, they managed to reach out to the brother through all sorts of investigations on social media.”

“I’ve already contacted Ling Fei and asked her if she could get her friend to help us out and get some help from their audience. After all, it is easier to get the job done with more people helping out!” Zhao Tongtong continued.

Chen Hao nodded in agreement. This seems like a good idea.

After all, you could never look down on people who were constantly active on social media platforms.

As long as you were willing, it was definitely possible for them to retrieve whatever information you need.

At the same time, Chen Hao also gave an order to Tian Long and Di Hu to do a

manhunt.

Consider this as double insurance for this matter!

“Ling Fei is here!”

They saw a black car stopping by the side of the road. Then, Zhao Tongtong’s younger cousin came out of the car along with an elegant looking man with glasses.

Ling Fei was present the other day when Zhao Tongtong came to hang out with them. Thus, she also knew Chen Hao.

It looked like she had also heard about what happened to Qin Ya. Immediately upon reaching, she rolled her eyes when she saw Chen Hao.

“Guys, I brought Xiao Qiang with me. Xiao Qiang, this is my cousin sister. I’ve already briefed you about the current situation. Qin Ya went missing, and we hope that you can help us out by getting your audiences from your radio show to help us! Of course, we can also pay you for helping!” Ling Fei explained.

The guy named Xiao Qiang pushed his glasses and stated, "It doesn't matter if you guys pay me or not. It is almost Viral Day anyways, I want to do some good deeds to expand my influence, so there should be no problem. My older sister's office is just in Jin Ling University City, let me bring all of you guys over. I'll explain the situation to her and it will be fine!"

"Hang on, that famous live streamer that you're talking about, you don't mean Han Siyu right?"

Chen Hao was stunned.

To be able to have a workshop in Jin Ling City and have a large influence... Who else could it be if it weren't for Han Siyu?

"Haha, what do you think? Of course it's her!" Xiao Qiang said, side eyeing Chen Hao.

"What the hell, Chen Hao? I asked my friend over to help Qin Ya, not for you to ogle at live streamers! Can you stop acting like an as*hole?!" Ling Fei criticized.

Zhao Tongtong stepped in and said, "That's enough. Let's just hurry over and start looking with Xiao Qiang! Stop wasting time!"

"Alright, let's head over in my car! I will fetch all of you!"

Initially, Chen Hao was hesitant about the idea of getting help from a live streamer that they didn't know. He was worried that they might not be efficient enough to do their job.

However, after knowing that it was Han Siyu, Chen Hao became enthusiastic.

After all, Han Siyu was brought up by Ordinary Guy—himself. Whose orders would she comply with if it weren't for his?

He immediately went into his car.

"What the f*ck? A G Wagon?" Ling Fei exclaimed in shock.

"Chen Hao, is this your G Wagon?"

"Come on, hurry up and get in the car!"

Chen Hao urged impatiently.

Even Xiao Qiang pushed his glasses again, eyeing Chen Hao in surprise.

Looks like this guy is even more powerful than I am, driving a luxurious car around like that!

Zhao Tongtong, in another car, followed behind Chen Hao who was familiar with this area. In no time, they arrived at Block B of the University Student Entrepreneurship Base.

It looked like Xiao Qiang dropped out from high school to pursue his dream to become a live streamer. However, he ended up as Han Siyu's moderator.

They came to the office.

"Miss Yue, Miss Tongtong and the others are here!"

Xiao Qiang brought Chen Hao and the others into the office and informed a girl there.

Du Yue had been Han Siyu's assistant since the previous incident.

As such, she was extremely shocked when she saw Chen Hao.

"Yup, I would like to ask for a favor!"

Chen Hao had not seen Du Yue and Han Siyu for quite some time.

He had not met them since he saved them from being kidnapped last time.

Chen Hao still felt rather uncomfortable because of that incident.

"Chen Hao, give me a moment, Siyu is still doing her makeup. Let me go and inform her!"

Du Yue's attitude toward Chen Hao was also no longer as nasty as before.

After all, the incident that happened to them was still fresh in her mind. It was also very likely that Chen Hao saved them and that Chen Hao was actually a very powerful person.

Thus, the only thing on Du Yue's mind was to please him.

Of course, Han Siyu also had the same thought as Du Yue.

Chen Hao's background was rather suspicious.

After all, under such dangerous circumstances, no one else within their circle of friends could help.

Furthermore, no one knew about what happened to them other than Chen Hao.

Not only that, there were other incidents such as the time Meng Cairu's power bank was left in his car, and the time Chen Hao left his clothes on the Maybach. All these incidents had signs of Chen Hao's presence. Thus, his background was definitely worth looking into.

Since then, Han Siyu's attitude toward Chen Hao had changed.

"Chen Hao, why are you here?"

This girl was none other than Chen Hao's classmate, Du Yue.

"Alright, I'm coming!"

Du Yue strutted toward them in heels.

She was taken by surprise before she even managed to greet them.

"Chen Hao? What are you doing here?"

Han Siyu came out with light makeup on her face. Despite that, she looked stunning.

That surprised Zhao Tongtong and the rest of them.

They had never expected Han Siyu to look so fantastic even without makeup on.

Zhao Tongtong, Ling Fei, Xiao Qiang and the rest of them had an awkward look on their face. "Chen Hao, you know them?"

"Yes, these are my classmates! Of course I know them!"

Chen Hao casually said.

Du Yue nervously asked, "Chen Hao, what is your relationship with the girl called Qin Ya?"

"She is a very close friend of mine. Anyway, utilize the power of your fanbase and request your fans to help look for her. Once she is located, I will not hesitate to repay you!"

Chen Hao was not in the mood to lay low anymore thus his tone sounded more domineering than usual.

Han Siyu and Du Yue were not surprised by that.

In fact, it convinced them even more that Chen Hao may be the mysterious person they were thinking about!

“We will help you with this and we will do so immediately. However before that, Chen Hao, could you follow me into my office first? I have something to discuss with you. Du Yue, host Xiao Qiang’s friends for me!”

Upon saying that, Han Siyu turned around and returned to her office.

Chen Hao followed suit.

He had also guessed that Han Siyu, Meng Cairu and the rest of them had probably figured out his real identity.

After all, he had slipped up when he saved them a few times previously.

Haha, otherwise forget being invited by Han Siyu into her office, Du Yue would have long chased me out of here while cursing at me!

However, other than the usual ridicule, Chen Hao had no deep grudges or hatred toward Han Siyu.

Otherwise, he would not have let her grow into the popular streamer she was today.

“Chen Hao, helping you out is not a problem. However, I need you to tell me the truth. Are you Ordinary Guy? Or Young Master Chen of Jin Ling city?”

Han Siyu bit her lip and eventually asked the burning question within her.

To be honest, nobody else felt more complicated than Han Siyu upon meeting Chen Hao.

After all, who was the one she had always loved?

It was Ordinary Guy that had treated her so kindly.

Despite having never met him before, the help Ordinary Guy gave her had made her fall for him. It was also the kind of obsession that was deeply engraved in her heart.

Due to that, Han Siyu felt indifferent despite being constantly courted and helped by many rich guys.

During this period of time, the amount of rich and handsome guys that offered their hand toward her had grown along with her popularity. Even if she was merely down with a cold, there would be many rich guys that drove all the way in order to deliver some medication for her.

They even talked to her every single night.

By right, the things they did were good enough.

After all, Han Siyu barely had the opportunity to even speak to Ordinary Guy these few months. Not to mention, she had never seen him in person.

However, Han Siyu did not fall for any of

the rich guys.

That was enough to prove the amount of love and admiration she had for Ordinary Guy.

Han Siyu had even fantasized countless times about how Ordinary Guy actually looked like.

Therefore, when all the clues pointed to Chen Hao, a guy she had never bothered to look at in her entire life, as Ordinary Guy, the conflicted feelings within Han Siyu were indescribable.

Would it really be Chen Hao?

Is it really him?

If it was Chen Hao. would-would I still love him?"

I cannot believe this, I actually fell in love with Chen Hao?

All these questions and thoughts were constantly on Han Siyu's mind.

Her brain felt like exploding.

Therefore, upon meeting Chen Hao, her heart skipped a beat.

Not only that, she could no longer suppress her curiosity and had to ask Chen Hao to find out the truth.

“If that was me, would you still love me?”

Chen Hao gave a bitter smile and said.

Han Siyu bit her lip and then shook her head. “I have no idea. I have no idea if I would fall in love with you if you are really Ordinary Guy!”

“Haha, you are overthinking. How could I be Ordinary Guy!”

Chen Hao saw the conflicted look on Han Siyu’s face and decided not to reveal his real identity. It was also to prevent any awkwardness between them in the future.

After Qin Ya’s incident, Chen Hao learnt his lesson and understood that he should not flirt with a girl if he had no intention of

providing a guarantee for the girl's happiness in the future.

Chen Hao also knew that there was no point in admitting his actual identity. There was nothing else to be gained from it. Han Siyu might just end up entangled in a painful mess.

"I don't believe you. You must be lying to me!"

Han Siyu said while staring at Chen Hao.

"Chen Hao, all I want is to hear the truth from you. Furthermore, if you tell me the truth, I would also provide you with some information. I am sure you would be very interested in this news as well! Is that okay?"

Han Siyu said and inched closer to Chen Hao.

"I am really not Young Master Chen, nor am I Ordinary Guy. I am not lying to you, I merely got lucky and won the lottery. I won quite a lot of money so I showed off and bragged a little. If I am Young Master Chen

and have so much money, would I still be so low profile? Furthermore, Young Master Chen is from a very wealthy family. You've known me for three years in college, do I look like I come from a very wealthy family?" Chen Hao said.

Han Siyu nodded her head in agreement.

There was a certain truth to that and it was something that they were always suspicious about.

Nonetheless, even if Chen Hao was not Ordinary Guy, Han Siyu was no longer disgusted by him.

"Alright, I will believe you for now! Anyway, are you still interested in the information I have?" Han Siyu asked.

"What information?"

"Two weeks ago when I attended an event in Beijing, I bumped into someone. To be more specific, a girl!" Han Siyu lifted her head up once she completed her sentence. She looked curiously at Chen Hao as she wanted to look at Chen Hao's

reaction.

“Which girl? Do I know her?” Chen Hao asked.

“Of course you do! In fact, she is someone you are extremely familiar with!”

Han Siyu said, “Actually I did not expect to bump into her in Beijing as well.

Furthermore, she is no longer who she was before. She has changed greatly.

Chen Hao, I guarantee that you would be shocked if you ever met her again!”

Chen Hao scratched his head as he had no idea who she was referring to.

“It's Yang Xia! Your ex-girlfriend. Chen Hao, you can't have forgotten who she is right?” Han Siyu said.

“Yang Xia?”

Chen Hao was really shocked this time...

Chapter 230 Conflict due to Jealousy

“You saw Yang Xia? She's in Beijing?”

Truth be told, Chen Hao could not help but shudder when Yang Xia's name was mentioned even though he had not heard any news from her for a few months.

There was also a tugging pain in his heart.

After all, he had dated Yang Xia for two years. Even though Yang Xia had completely broken Chen Hao's heart and Chen Hao held a grudge against her for it, a majority of the time he spent in Jin Ling College was with this girl!

However, since he revealed the fact that he was Young Master Chen of Jin Ling City, he had treated her very coldly.

Yang Xia suffered a huge blow and decided to withdraw from college.

Since then, Chen Hao's hatred and disgust towards her had dissipated.

In fact, he was even a little remorseful.

Back then he was poor and had nothing,

Chapter 230 Conflict due to Jealousy

yet Yang Xia did not look down on him and actually chose to get together with him.

They ate together and went shopping together.

Although Yang Xia's personality changed after that, it was still much better when compared with girls like Zhao Yifan.

After all, there were times that she did not look down on him.

Girls in today's day and age all loved money.

The cold shoulder from him might have just destroyed her future.

It made her unable to complete her studies and graduate with a degree.

There was a period of time that Chen Hao even thought of looking for someone to help Yang Xia out. He wanted to help her look for a stable job and allow her to have a stable income and career path. That way, he would have peace of mind.

Chapter 230 Conflict due to Jealousy

However, Chen Hao later decided against it. He believed that would only make her hate him even more.

Han Siyu snorted and said, "What kind of reaction is this? Are you excited, agitated or remorseful?"

Han Siyu looked at Chen Hao with interest.

"Nope, so how is she now? Is she doing well?" Chen Hao asked.

"You don't have to worry about her. She is doing fine and in fact much better than you would ever imagine. She even told me that she will return to Jin Ling City and regain the things that she had lost!"

"She looked rather scary when she said that! When I asked her further about it, she wouldn't tell me anything. Oh right, Chen Hao, why did Yang Xia choose to drop out back then?"

Han Siyu still remembered that she was the one who passed the message along to Chen Hao.

Chapter 230 Conflict due to Jealousy

Back then Han Siyu had no interest in Chen Hao's matters but it was not the case anymore.

Now, she was extremely curious.

"Oh it was nothing much, nothing special!"

Chen Hao said with a bitter smile.

She said she was going to reclaim what was hers, that just means she plans to take revenge on me.

What did Yang Xia go through during this time?

Chen Hao could not figure it out. However, at least he could be certain that Yang Xia was doing well and that was enough.

"It's fine if you don't want to talk about it! Anyway things will be in the open when she gets back!"

Han Siyu said, "Let's go, we should proceed outside! I have to prepare for the live stream this afternoon too!"

Chapter 230 Conflict due to Jealousy

“Oh!”

Chen Hao nodded his head in a daze and was going to head out.

“Oh right, Chen Hao, since I am going to help you this time around, I hope that you can agree to a request of mine as well!”

Han Siyu stopped Chen Hao from leaving once more.

“What do you need?”

“I hope that you don't marry other girls before I figure out who Ordinary Guy is. Can you do that? That is my only request!”

Han Siyu bit her lip.

She had no idea why she would say something like that as well.

Is it because of my guess that Ordinary Guy is Chen Hao, making me fall in love with him?

Han Siyu had no idea. She only knew that that was the thought going through her

Chapter 230 Conflict due to Jealousy

mind.

What if Chen Hao is actually Ordinary Guy? What if by the time I have confirmed this and Chen Hao had already married, what should I do?

Han Siyu did not wish to have such regrets thus she decided to put the request out there.

As a matter of fact, she had no idea if she had fallen in love with Chen Hao.

On the other hand, Chen Hao looked at Han Siyu in shock.

“Don't take it the wrong way, I don't love you. I just want to discover the truth!”

Han Siyu said huffily.

“Alright! I promise you!”

Chen Hao was feeling a little confused and his mind was distracted after hearing Yang Xia's name being brought up.

Thus, he did not think much about it and

Chapter 230 Conflict due to Jealousy

agreed to Han Siyu's request.

After all, that was better than admitting to her that he was Ordinary Guy.

As such, the request of using her fanbase to look for Qin Ya was settled.

Chen Hao returned downstairs with a lot on his mind.

Ling Fei and Xiao Qiang followed him.

Ling Fei was teasing and making fun of Xiao Qiang while staring at Chen Hao as she knew that Xiao Qiang had something he wanted to discuss with Chen Hao.

However, Xiao Qiang did not dare to do so.

"Xiao Qiang, it's okay. Just bring it up to Chen Hao!"

Zhao Tongtong quickly said as she could not stand it anymore.

Only then did Chen Hao react. He turned around to face him and said, "Anything I can help you with?"

Chapter 230 Conflict due to Jealousy

“Brother Chen Hao, I have something that I need your help with. Could you help me?”

Xiao Qiang had looked down on Chen Hao at the start but since Chen Hao showed up driving a G Wagon, Xiao Qiang was stunned.

“Oh, tell me what you need!”

“My sister works in a car rental company. She needs to rent a G Wagon for this month and she is one short of her target. If she does not achieve her target, she might be fired. Thus, I decided to ask you for help since I saw that you are driving a G Wagon. Could you rent your car to my sister’s company for three days? Just for three days and my sister will pay the rental fee!” Xiao Qiang said.

Chen Hao understood what he needed help with.

Some companies specialized in such services such as renting out cars needed for movie shoots and the like.

There would also be a rental agreement to

Chapter 230 Conflict due to Jealousy

be signed.

That way, if anything happened to the car, the owner did not have to take responsibility. All fees were also not the owner's responsibility. The owner only had to rent out his car for a few days and earn around twenty thousand just like that.

"Oh, it's just that? Alright then, I will rent it to your sister!"

Chen Hao said with a casual smile.

Xiao Qiang had also helped him today.

Furthermore, Chen Hao saw that Xiao Qiang was rather concerned about his sister. Chen Hao lauded this behaviour as he had a sister of his own as well.

If Chen Hao's sister was facing any troubles, Chen Hao would without a doubt also do anything to help her.

"Brother Chen Hao, thank you so much! I will give a call to my sister right now and ask her to come over to sign the contract with you!"

Chapter 230 Conflict due to Jealousy

Xiao Qiang said in excitement.

Once the contract was signed, Zhao Tongtong and the rest of them returned to their families to seek help.

Chen Hao also requested some help from Li Zhenguo and the rest of his team.

No matter what, Chen Hao had to figure out what happened to Qin Ya.

Otherwise, Chen Hao would not be at ease for the rest of his life.

Very soon, it was dusk.

Chen Hao had also been up and running the entire day.

He was tired and hungry.

Thus, he arrived at a restaurant for a quick meal.

“What do you all mean by this? Am I just a third wheel? Was I that unbearable?”

Just as Chen Hao was having his meal, he

Chapter 230 Conflict due to Jealousy

heard a group of people from a nearby table arguing.

Chen Hao turned his head around and saw that two girls and one guy were involved in the argument.

Between them, a guy and a girl were seated at the same table and having a meal together whereas the other girl clearly arrived much later. The scenario was akin to the situation where one party was caught cheating. The girl that was standing was screaming and yelling at the two of them who were seated.

“I have spent so much time and effort on you! Which part of me is not good enough compared to her? You used to love me, didnt you? I thought you loved me! Why are you together with her?”

The girl continued screaming.

Usually, Chen Hao would only take a quick glance as he was not bothered by such situations that were common to him.

However, this time around Chen Hao

Chapter 230 Conflict due to Jealousy

stared at what was going on.

That was because the girl was none other than Chen Lin.

The other two people that were seated were also none other than Ding Hao and Li Shihan.

Oh right, I heard Li Wenyang mention this during the gathering. Li Shihan and Ding Hao are dating.

Obviously Chen Lin is going to go bonkers. After all, she loves Ding Hao as well.

A loud slap could be heard. Chen Lin who was still screaming and shouting suddenly received a slap on her face.

Li Shihan was the one that slapped her. She stood up and with an icy cold stare said, "Chen Lin, that's enough! Are you crazy?"

Chapter 231 Incoming Shock

“Li Shihan, you actually dare to hit me? Ding Hao, this b*tch actually hit me! Did you not see this?”

Chen Lin covered her face and asked.

Ding Hao turned his head to the side to show his nonchalant attitude.

“Fine! I must have been blind!”

Chen Lin scolded for a while more and then ran out while crying.

Li Shihan also threw her chopsticks to the side. It was clear that after such an incident, she was no longer in the mood to enjoy the food. Soon after, she left together with Ding Hao.

I did not expect these two best friends to argue and end up in this state.

Chen Hao eventually understood what happened after watching what transpired.

The truth is that both Chen Lin and Li Shihan had their eyes on Ding Hao's property.

Chapter 231 Incoming Shock

After all, Ding Hao who used to be poor had long been friends with them and always hung out by their side. Throughout that period, both girls were never that friendly and nice to him.

However now that Ding Hao had properties and personal connections, all of a sudden he became handsome and mature in their eyes.

Sigh, nobody else understands this feeling more than I do.

I wonder how they would feel when the two of them realize that everything Ding Hao has now was given by me?

Chen Hao smiled helplessly.

He also left after finishing his meal.

“Hey, my grandson! Hang on a minute!”

Just as Chen Hao exited the restaurant, an old man lying by the entrance of the restaurant clung onto his legs.

“Damn! What are you doing?”

Chapter 231 Incoming Shock

Chen Hao was stunned.

“My grandson, since you could afford to enter such a restaurant for a meal, you must be rich. Give me some money, I haven't had food to eat for a few days!”

This old beggar said while hugging onto Chen Hao's legs.

This old beggar had white hair and looked disheveled.

Now he hugged Chen Hao's legs and looked like he was not going to let go until Chen Hao gave him some money.

Chen Hao was helpless.

Thus, he took out his wallet and gave a hundred dollars to the old beggar.

Hehe, he's so rich!

The old beggar quickly pocketed the money but he was still hugging onto Chen Hao's legs.

“What's wrong with you?”

Chapter 231 Incoming Shock

Chen Hao snapped as he also got a little angry.

“My grandson, I have another favor. Could you send me to the hospital? I want to get my legs treated!”

The old beggar said.

“Damn! How old and frail are you? Are you trying to scam me?”

Chen Hao was speechless.

The old man said, “Who is an old beggar? I am just in trouble alright?”

By now, there were many passersby that formed a crowd around them.

They pointed their fingers and made a lot of comments about the situation.

Chen Hao felt that he was really unlucky.

Not only that, this old man constantly addressed Chen Hao as his grandson.

Therefore, Chen Hao had no choice but to

Chapter 231 Incoming Shock

send him to the clinic on the opposite street.

Just as the old traditional chinese medicine practitioner was looking at the old man's legs, Chen Hao paid the bills while glaring grudgingly at him.

Only then did Chen Hao realize there was a tattoo on the old man's chest. The tattoo was in the shape of the head of a dragon. The dragon looked malicious as if it was going to swallow everything in this universe.

Could it be that this old beggar was really a hero that got into trouble?

Chen Hao thought.

Maybe this old man used to be a powerful man.

Well, what has this got to do with me.

In total, Chen Hao spent a thousand dollars on him. Normally, Chen Hao would not have been so kind-hearted as to save him.

Chapter 231 Incoming Shock

However, this time around Chen Hao had no choice as he was pestered by the old man.

Chen Hao got ready to leave after glancing at him.

Just then, an announcement came from the television in the clinic which had the Jin Ling news channel on.

The announcement was about Qin Ya's disappearance.

At the moment, the police had gotten involved and began their investigation.

Clearly, Qin Ya's father had also requested the media to help look for his daughter.

Chen Hao felt guilty as he saw this piece of news.

"Oh, this young girl is rather beautiful. Hopefully nothing bad happens to her. After all, nowadays there are all kinds of psychopaths and evil people."

"Exactly, girls have to really know how to

Chapter 231 Incoming Shock

protect themselves well when they are outside!”

A few of the patients commented.

“I believe I have seen this young lady a while back. She was alone and was blocked off by a few guys!”

The old beggar lying on the bed said.

As such, Chen Hao who had prepared to leave returned to the clinic.

“What did you say? You saw her before?”

Chen Hao asked in a hurry.

The old man grinned at Chen Hao and said, “Yes, I saw her right outside Jin Ling Station. I believe it was around noon and she was alone. She left an impression on me as she looked rather fair, tall and beautiful. However, a few people came to pick her up and the group of people chatted with her. Soon after, she boarded their car in a hurry!”

“Why? Is she your friend?”

Chapter 231 Incoming Shock

The old man smiled and said.

“Yes!”

Chen Hao nodded.

He continued asking the old man for more details. Through the old man’s descriptions, the young lady he saw that day was really Qin Ya and the timeline matched as well.

Once it was clear that Qin Ya disappeared from that location and that she was abducted, it would be a lot easier to investigate the matter.

The old man hurriedly dragged Chen Hao back as he was about to leave.

“What else do you want?” Chen Hao asked.

“My grandson, you are a kind person. Could you tell me your name?”

“Chen Hao...”

Chen Hao replied since he did offer such an important lead.

Chapter 231 Incoming Shock

“Oh, your surname is really Chen? Could I take a look at your chest?”

Agitation flashed in the old man’s eyes.

Before Chen Hao could say anything, he came over and dragged Chen Hao by the collar.

Chen Hao naturally resisted.

However, for some reason the old man was very strong. He used a little more force and Chen Hao could no longer move his arm.

The old man pulled his shirt open.

Then, he frowned.

“Eh? This is weird, this shouldn't be the case!”

The old man said and released Chen Hao from his grip.

Why is this old man so weird and sensitive!

Chapter 231 Incoming Shock

Chen Hao rubbed his wrist and thought.

Chen Hao quickly sneaked away while the old man was still stunned and in a daze.

At the same time, Chen Hao also updated Tian Long, Di Hu as well as Zhao Tongtong and the others over the phone.

He believed it would not take long before Tian Long and Di Hu would dig out the truth.

Chen Hao believed that this must be a kidnapping through false persuasion. He merely hoped that nothing happened to Qin Ya.

As for the old man that he bumped into outside the restaurant entrance, Chen Hao felt a little surprised. It was also due to the fact that the old man just so happened to know what happened to Qin Ya. Therefore, all these made Chen Hao even more surprised as he felt that things were too coincidental!"

However, Chen Hao chose to not overthink.

Chapter 231 Incoming Shock

As expected, Tian Long and Di Hu had managed to fully investigate the matter within an hour.

Qin Ya was lied to and brought away. At the moment, she was detained at a luxurious residence area. She had been detained for two days.

The spark of the entire incident came from a student named Li Yue.

Li Yue owed the gangsters of Jin Ling City a huge sum of money, so he lied to Qin Ya and utilized her as collateral!

F*ck!

Chen Hao scolded.

After that, he informed Tian Long and Di Hu to gather their men and move to rescue her.

As a matter of fact, before Chen Hao even made the phone call, Tian Long and Di Hu's men had already gathered around the residence area.

Chapter 231 Incoming Shock

Chen Hao wanted to rush over immediately when he realized he had rented his G Wagon off. It made no sense to run back to the villa on Cloud Hill to retrieve another car.

Fortunately, he was not far away from the residence area so he hailed a cab and rushed over in a hurry.

Loud sounds of thunder could be heard and the sky got darker. Dark clouds formed and it started pouring.

Chen Hao sent a message over to Zhao Tongtong before his phone battery ran out.

He braved the rain and rushed towards Yunhua Community.

In the meantime, over a hundred Maybachs appeared inside of Yun Hua Community. The cars blocked the roads and isolated the entire residence area. They blocked off all four entrances so that nobody could get in or out.

There were also large groups of men in black suits. These men in black all held

Chapter 231 Incoming Shock

black umbrellas. They stood orderly next to their vehicles and the aura that radiated from them was very powerful.

Many people within the residence area took out their phones and started filming from within the buildings.

This was definitely worthy of making the headlines.

Nobody had an idea what happened and which unlucky person offended a big shot.

Either way, all the people around were astonished.

At the same time, there was a group of guys and girls taking shelter from the rain in the entrance of a restaurant within Yun Hua Community.

“Ms Meng, it's pouring so heavily and all the exits of the community have been blocked off. We can't leave!”

One of the girls said.

Another guy coughed and said, “Why don't

Chapter 231 Incoming Shock

we stay over at Ms Meng's house? Since Ms Meng has moved into a new house recently!"

"If it wasn't for our teacher's request that we, the local students of Jin Ling, come over to help her move to her new house, we would not have been able to capture this scene with our very own eyes! All of the cars are Maybachs! Damn!"

Most of the students were more stunned by the Maybachs that surrounded and blocked off the community.

"Ah? Tutor, take a look. Why does the person in the cab look so familiar?"

One of the girls looked on in admiration and respect. She suddenly screamed as she saw the guy that came into the community on the cab.

Chapter 232 His Identity Was Exposed

“Damn, isn't that Chen Hao?”

A boy recognized Chen Hao from the cab window.

“Yeah, it's really him. God, it's raining so hard. Where is he going on his bike?”

“Didn't he win the lottery? Haha, I thought he would change his bike. I didn't expect it to be still so shabby!”

“That's right! All of us in our class know that he has won the lottery. I even secretly had a crush on him before, haha!” A group of girls began to gossip.

This group of boys and girls were Chen Hao's college classmates, and there were more than a dozen of them here.

As for Miss Meng, naturally, it was Meng Cairu.

Today, Meng Cairu was moving out from the teacher apartment to her new house in Yunhua Community—a high-end community—which cost about 25,000.

Chapter 232 His Identity Was Exposed

Meng Cairu had been managing her own online shop on the side while being a university tutor. Plus, she even managed a small side business online. Besides, since she had Han Siyu helping her to promote her shop, she had also earned a fortune.

Therefore, she decided to buy a new house with 3 bedrooms and 2 halls.

Naturally she would ask her students to help her with the moving.

Therefore, she had asked every student who was staying in Jin Ling to help her.

At that moment, when Meng Cairu saw Chen Hao, who came on his bike, her heart skipped a beat for no reason

Like Han Siyu, she also had feelings for Ordinary Guy.

Therefore, she was very sensitive to Chen Hao, who was likely to be Ordinary Guy.

Since it was raining, Chen Hao rode slowly although he was in a hurry.

Chapter 232 His Identity Was Exposed

At this time, there were already three cars that passed by Chen Hao and went to the gate of Yunhua Community.

Those who came down from the first two cars were Zhao Tongtong and Qin Ya's parents. As for the last car, it was Du Yue and Han Siyu, who were holding their mobile broadcast equipment.

Chen Hao told Zhao Tongtong about what happened. Naturally, Zhao Tongtong informed Qin Ya's parents about it.

As for why there were so many people blocking the community now, it may be because Tian Long and Di Hu were trying to stop anyone from entering the scene while they were teaching those guys a lesson.

It seemed that Qin Ya must have been saved by Tian Long and Di Hu by now.

“Stop right there! What are you doing here?”

The bodyguards blocked Zhao Shanshan and her friends when they wanted to get

Chapter 232 His Identity Was Exposed

closer.

Qin Ya's parents quickly begged to let them in. As soon as the bodyguard heard that they were the parents of the girl they saved, they respectfully let everyone in.

"Siyu, we are here! Siyu!" Some girls saw Han Siyu and hurriedly called her to come over.

Han Siyu obviously didn't expect to meet so many classmates here, and she went over with Du Yue.

"Siyu, you are so great! They won't let anyone in, so why do they let you in? Besides, do you know what is happening here?"

Han Siyu was actually terrified to see such a big scene.

"There was a girl who got kidnapped. We came here when we got the news and I didn't expect so many people would come to save her!"

A girl asked, "Ah? Who is that girl? Her

Chapter 232 His Identity Was Exposed

parents don't seem to be the people those bodyguards work for."

Meng Cairu also looked at Han Siyu curiously.

Han Siyu shook her head, "I am not sure. It's Chen Hao who told us that the girl has been saved and she had no injuries besides being a little shocked from the incident. Now, she is in Yunhua Community!

"Chen Hao?" Meng Cairu asked in shock.

"Well, this girl is Chen Hao's friend. Chen Hao asked me to help him find her!" As Han Siyu said, it seemed that she had realized something.

Meng Cairu and Han Siyu looked at each other for a while. They were both surprised.

"Haha, Everybody look! That drowned rat Chen Hao has just arrived!"

"Look at him. Doesn't he look pathetic? Really, Xiao Yun, didn't you say that you

Chapter 232 His Identity Was Exposed

liked Chen Hao just now? Go and confess to him!”

“Can you just go away? Only a fool would confess to him!”

The crowd mocked happily.

“Young Master Chen!”

Suddenly, the bodyguards, who were all dressed in black and holding black umbrellas, shouted in unison.

Their voice was so loud it seemed that the whole community was shaking a little.

Two bodyguards ran over and held the umbrella above Chen Hao's head.

Chen Hao wiped the rain on his face and got off from his yellow bike.

Another bodyguard immediately gave him a white towel.

The bodyguard said, “Young Master Chen, we have saved the girl. But, she has fainted from the shock. Besides that, she

Chapter 232 His Identity Was Exposed

has suffered no other injuries as she was just under house arrest”

“I am relieved then! Let’s go in and have a look!”

The weight on Chen Hao’s heart had finally lightened.

He then walked ahead.

The bodyguards at the door stood in two rows respectfully, and they all looked at Chen Hao with their umbrellas in their hands.

Several other bodyguards at the other gate had also come over after they had heard the order to retreat. They also stood at both sides of the road respectfully after they saw Chen Hao.

“Young Master Chen!” As soon as the bodyguards arrived at the scene, they immediately bowed and shouted in sync.

Their loud voices stunned Qin Ya’s parents, Zhao Tongtong and her friends, who were just about to enter the community. They

Chapter 232 His Identity Was Exposed

immediately turned around and looked at Chen Hao in shock.

“Young Master Chen?”

“C-C-Chen Hao is actually Young Master Chen?” spluttered Zhao Tongtong and the other girls.

His identity was exposed.

Chen Hao didn't have much concern about exposing his identity to Zhao Tongtong and her friends. He had nothing to be afraid of.

However, when Chen Hao turned his head, he was surprised to see Han Siyu, Meng Cairu, and his classmates all gawking at him.

Why are all of them here?

Chen Hao felt embarrassed.

But now, saving Qin Ya was more important.

At this moment, Zhao Zixing came out of

Chapter 232 His Identity Was Exposed

the building and said respectfully, "Young Master Chen, you are here!"

"I have found out everything. It is the doing of a man named Li Yue who colluded with the underground forces of Jin Ling. Shen Kai, the young master of the Shen Family, had put Miss Qin Ya under house arrest. Fortunately, nothing serious happened. As for the reason behind this abduction, Li Yue is in debt with Shen Kai, and Shen Kai proposed to take Miss Qin Ya as the hostage. He threatened Li Yue to pay the debt within three days, or else he would force himself on Miss Qin Ya!" Zhao Zixing explained to Chen Hao.

Just as Shen Kai was about to make a move, he was thrown from the upper floor by Tian Long and Di Hu. He fell on the ground, unconscious.

This was the reason why they had blocked the community.

As for Li Zhenguo, he had gone to pressure the Shen Family.

Basically, that was the whole story.

Chapter 232 His Identity Was Exposed

Chen Hao ignored Zhao Tongtong, Meng Cairu, Han Siyu and the others. He went in and had a look.

After Qin Ya, who had not awoken yet, was taken away by the ambulance, only then did Chen Hao felt completely relieved.

This time, Zhao Tongtong, Meng Cairu, and the rest all went over to Chen Hao when he had come out of the building.

Looking at Chen Hao, they suddenly felt that he was a stranger.

“My God, Chen Hao is the Young Master Chen of Jin Ling! Oh God! Just let me kill myself!”

The girl named Xiao Yun bit her lip regretfully, let alone the other girls and boys.

Meng Cairu and Han Siyu couldn't even catch their breath.

It turns out that the person who has been helping me is actually Chen Hao! The rich young master who I have been searching

Chapter 232 His Identity Was Exposed

so hard for is actually in my own class. Not to mention that we are actually so close!

As for Han Siyu, the mobile phone in her hand fell to the ground. Her brain was completely blank now.

Chen Hao took a breath and walked forward to pick up Han Siyu's mobile phone and returned it to her.

Chen Hao gave a faint smile and asked, "I didn't expect you all to be here. Tutor, what are you guys doing here today?"

A girl blushed and said, "We were helping Young Master Chen to move... Oh no, no, no! We were helping Miss Meng to move into her new house! We have just finished moving and she is treating us to dinner!"

Chen Hao said, "Oh, that's great. Get into my car. I will send all of you back!"

Immediately, the bodyguard opened the car door.

Chen Hao sat into the car and left first...

Chapter 232 His Identity Was Exposed

He didn't know what to say if he continued to stay there...

Shivering, Han Siyu looked at Chen Hao's leaving figure and said, "It's really him!"

Just then, three or two girls also walked out of the building. "Lin, don't be sad. Look! What's going on in the community today? Why are there so many people?"

Seeing the scene in front of her, a girl hurriedly tugged the girl named Lin, who was distracted and had obviously cried just now.

Chapter 233 Making Ding Hao Regret

“That’s right, there are so many luxury cars!”

Chen Lin was surprised as well to see so many luxury cars.

Every Maybach was worth a house here.

Whoever could marry into such a rich family would be greatly envied.

Sigh, I can be considered pretty too! Too bad that Ding Hao doesn’t even like me and chose that b*tch Li Shihan over me. What does she have? She’s only good at pretending!

This girl here was no other than Chen Lin, who was sharing a room with her female colleague.

Seeing the scene in front of her, she couldn't help feeling envious.

Many girls at the scene also left with complicated feelings.

As for Li Yue, he was taken away by the police.

Chapter 233 Making Ding Hao Regret

On the second day, Chen Hao went to the hospital to visit Qin Ya.

“Chen Hao, thank you for saving me!”

After Qin Ya had woken up, her parents naturally told her about what happened yesterday.

“Not at all! It's all my fault. I didn't take good care of you!” Chen Hao blamed himself.

Qin Ya looked at Chen Hao and said, “Chen Hao, are you the one who saved my mother? Because Li Yue told the police that he lied to me when he told me that he saved my mother. I wouldn't have gotten into his car if he didn't threaten me with my mother's illness.”

Qin Ya was very surprised when her father told her that Chen Hao was actually Young Master Chen. She was stunned.

Chen Hao nodded and said, “It's me.” There was nothing to hide since she knew everything now.

Chapter 233 Making Ding Hao Regret

"Why are you so dense? Why didn't you tell me? Do you know there was a time that I considered dating Li Yue? If I were with him, I'd be doomed!"

Qin Ya gently pinched Chen Hao's arm.

"I know. You're afraid that I'll pester you, aren't you?"

Qin Ya looked at Chen Hao with red eyes. "I know now why you don't want to be with me. You are the Young Master Chen of Jin Ling. Your identity is very noble. How can you accept a girl like me? Haha, I am just flattering myself."

Chen Hao answered honestly, "No, I'm not what you think. I can't fall for other girls as I'm already with Tongxin!"

"Oh, I know. It doesn't matter. After this incident, I realized that the feelings I had for you were not really love. I was just moved because I thought you had given me the most precious thing you had. Now only do I know that it's not even a drop in the bucket for you!"

Chapter 233 Making Ding Hao Regret

"It's good this way. I feel relieved too. Chen Hao, I wish you and Tongxin happiness!" Qin Ya said with a hearty smile.

Chen Hao was relieved to see that she seemed to have let it go.

"Well, we are good buddies now, so as long as you need something, I will certainly help you!" Chen Hao said with a smile.

To be honest, Chen Hao felt remorseful when he was with Qin Ya as he had stood her up many times before. And now, he had just put her in a dangerous situation he barely managed to save her from. Therefore, Chen Hao was not only being courteous by saying that.

"Well, I'll remember what you say. I'll ask for your help when I am in trouble!"

"Sure. You get some rest first. I'll go to the restaurant and buy some porridge for you!" Chen Hao stood up and went out.

Looking at his back, the smile on Qin Ya's face gradually disappeared. She twisted her quilt hard.

Chapter 233 Making Ding Hao Regret

Chen Hao almost bumped into someone just as he walked out with Qin Ya's lunch box.

"Hey! Are you blind? Watch where you are going!" A girl, who had a drip connected to her arm, scolded Chen Hao immediately. There was another girl beside her holding the drip bottle.

"I am sorry, I am not... Eh? Chen Lin?"

Chen Hao looked at the girl and thought, isn't this Chen Lin?

"Chen Hao? Why are you here?" Chen Lin also asked in shock.

In fact, Chen Lin's roommates accompanied Chen Lin to get her infusion.

It was raining when Chen Lin came back last night, and she felt under the weather after having a fight with Ding Hao and Li Shihan. Therefore, she had a high fever later on.

Moreover, there was a blockade by a fleet of cars in their housing area yesterday. A

Chapter 233 Making Ding Hao Regret

lot of police cars also came later that night, so they didn't manage to get out at that time.

Her roommates thought that she would recover overnight.

However, when they woke up this morning, they realized that her fever got worse. Therefore, they quickly sent her to the hospital.

Just when she got a bit better after getting an infusion, unexpectedly, she was nearly hit by Chen Hao.

Chen Hao smiled and said, "My friend was admitted to the hospital so I am helping her to get some porridge."

At this moment, the other girl looked at Chen Hao in disdain and said, "Oh, Chen Lin, I know, isn't he Chen Hao, the rich young master's side-kick from your class that you told us about?"

Chen Lin was embarrassed and said, "Hey, Qian! Watch what you are talking about!"

Chapter 233 Making Ding Hao Regret

“Isn't he the one that became a side-kick for the young master? It seems that he is doing his job well. He is even going to help them buy some porridge now!” The girl smirked.

Chen Lin's face was pale and red from embarrassment.

Her friend, Qian's character was very straightforward.

She was much meaner compared to Chen Lin.

It was true that Chen Lin was the one who told her that. However, due to the event that happened at the Yunmeng Mountain's celebration, she witnessed Chen Hao's true power. She was almost scared to death back then and she even insisted on giving Chen Hao some milk tea.

She even thought about pursuing Chen Hao.

Therefore, she and Li Shihan had both made a guess on Chen Hao's identity. They wondered why he mixed well with the rich

Chapter 233 Making Ding Hao Regret

young masters, and they even treated him respectfully.

However, she heard Ding Hao had inquired from somewhere else that Chen Hao was actually not as powerful as he seemed. In fact, he was someone else's sick-kick. He even helped to look after the other's house!

Anyway, Chen Lin and Li Shihan believed in what Ding Hao said.

But she had decided to treat Chen Hao better after that since he was quite close with some of the rich young masters.

With this thought of hers, along with her misbehaviour at the Yunmeng Mountain celebration which gave Ding Hao a bad impression of her, Ding Hao decided to turn to Li Shihan and got close to her.

Damn, Li Shihan was too shocked to even react at that moment.

The one who looked down on Chen Hao the most was Li Shihan. No doubt that she was stunned with guilt when she learnt

Chapter 233 Making Ding Hao Regret

that Chen Hao's connections were better than Ding Hao's.

It was just that b*tch didn't show her astonishment, unlike how Chen Lin did.

However, Chen Lin also found out that it wasn't practical to please Chen Hao solely because of his wide connections.

After all, Chen Hao had nothing while Ding Hao had his family property and shops. He even arranged a better job for Li Shihan. That was more practical!

Therefore, Chen Lin couldn't say anything good about Chen Hao to her friend.

At that moment, Chen Lin said in embarrassment, "Chen Hao, don't listen to her rubbish. Oh ya, where are your rich friends?"

Although she still looked down on Chen Hao, who ran errands and guarded the door for others, in her heart, she still thought that it was good enough for him to be considered a somebody since he knew some of the rich young masters.

Chapter 233 Making Ding Hao Regret

Chen Hao said, "Oh, they are having fun at Hainan now."

"They didn't take you with them?" Chen Lin asked tentatively.

"Why would they bring me along?" Chen Hao answered with a bitter smile.

Those rich young masters liked to spend their money to enjoy life. As for him, he liked to live an ordinary life. Therefore, usually, they wouldn't hang out together. They would just have some drinks together on some special occasions.

Chen Lin curled her lips. It seems that they did not bother to bring you along.

They separated after a simple chat.

Qian said, "Haha, that's him right? I think he's kind of handsome. It would be great if he isn't poor. I'll definitely go after him! It's too bad..."

Chen Lin rolled her eyes at her friend and said, "Well, if he really is a rich young master, he would be mine already and you

Chapter 233 Making Ding Hao Regret

won't even have a chance. Sigh, I actually thought of pursuing him a few days ago. I'm ok with the fact that he's just a follower of the rich young masters. With those rich people supporting him, I could have paid Ding Hao back for what he had done to me, and make him regret choosing Li Shihan over me. He is really sensitive when it comes to Chen Hao. If Ding Hao was provoked, he would definitely come back to me! In that case, I can be with Ding Hao and then he will be mine for the rest of my life!"

"It's too bad that those rich young masters have gone to Hainan for vacation. Look at him now! He looks so shabby again! Ding Hao knows about Chen Hao's background, so it's impossible for me to make Ding Hao regret rejecting me!" Chen Lin said gloomily.

Qian slapped her head and said, "Ah! Chen Lin, I know! What you have just said made me come up with a plan to make Ding Hao kneel in front of you and beg you to be with him!"

"What is the plan?" Chen Lin asked

Chapter 233 Making Ding Hao Regret

immediately.

Chapter 234 Let Chen Hao Act Like a Rich Young Master

At that moment, Chen Hao was ordering some porridge to go in the hospital cafeteria.

“Chen Hao, you haven’t eaten yet right? Come now, I have bought some delicious food. Let us eat together.”

At this moment, Chen Lin came in with a bag of food, and she even gave Chen Hao a tap on his shoulder.

“It’s alright. Aren’t you still on drips? Why did you come to the cafeteria?” asked Chen Hao as he smiled.

He did not know why Chen Lin was suddenly acting so friendly toward him, but he wasn’t really used to it.

Although she did mock him on numerous occasions, Chen Hao did not bear any grudges toward her.

At that moment, he talked to her in a courteous manner.

“I am already better. I became better after I saw you. You really are my best medicine!”

Chapter 234 Let Chen Hao Act Like a Rich Young Master

Chen Lin gave Chen Hao a flirtatious smile.

She sat closer to Chen Hao and seemed to be rubbing against his arm.

Chen Hao felt goosebumps rise all over his body.

To be honest, Chen Lin was an arts student. She was the Captain of the Latin Dance team, and her face and figure were very beautiful.

In addition to that, she was more alluring compared to Li Shihan. In short, she was considered a captivating young lady.

However, she wasn't that friendly toward him when they met each other at the staircase just now. How did she suddenly become such an affectionate person within the span of half an hour. Moreover, wasn't she a bit over passionate?

"Is there something on your mind, Chen Lin?" asked Chen Hao.

"Oh my God, don't ask me anymore

Chapter 234 Let Chen Hao Act Like a Rich Young Master

questions first. I ran downstairs personally to buy you something to eat. What's so good about the meal they serve in the cafeteria? Furthermore, it is very expensive as well. By the way, take a look at this."

In addition to the roast chicken, drinks and various other dishes she had bought for Chen Hao, there was even a piping hot egg pancake in her hands.

"I know you love to eat egg pancakes the most. I still remember when we were in high school back then, you usually ate steamed buns and pickles. It was only during the weekends that you bought some egg pancakes for yourself with that meagre amount of money that you saved. I bought some for you since I saw someone selling it on the streets."

Chen Lin pulled Chen Hao over to a seat and sat down together.

Chen Hao was tempted when he saw the egg pancakes. When he was poor back then in high school, he really thought that the best food in the world was egg pancakes.

Chapter 234 Let Chen Hao Act Like a Rich Young Master

Although he did not know what Chen Lin was up to, he was too embarrassed to ignore her and leave immediately after seeing that she was acting so friendly toward him. Moreover, she even bought him so many things.

In addition to that, she was a teacher at Hope Elementary School which he founded. Hence, he had to take care of her in the future, so he shouldn't feel embarrassed that she was treating him to a meal.

However, it was mainly because it was hard to reject her offer.

"Come, eat it up while it is still hot. There are roast chicken and pancakes here. Put the porridge down first. I am going to tell you something later after you have finished your meal."

Chen Lin pushed the food in front of Chen Hao.

Then, she propped up her face with her hands and looked at Chen Hao with a smile.

Chapter 234 Let Chen Hao Act Like a Rich Young Master

Chen Hao ate the food.

“What’s up? Tell me.”

Chen Hao thought to himself that Chen Lin must have turned over a new leaf. If this was true, then Chen Hao would not forget their friendship with each other. He would help her out wherever he could.

“Hehehe, I want you to pretend to be my boyfriend for a day, just for tomorrow. I will remember this favor for the rest of my life.”

“What?”

Chen Hao was so terrified that he nearly threw his pancakes away.

He had to pretend to be somebody else’s boyfriend again?

To be honest, Chen Hao had already pretended to be the boyfriend of several girls already.

Hence, he had already flirted with his fair share of girls.

Chapter 234 Let Chen Hao Act Like a Rich Young Master

After all, he could never be with them, so why should he pretend to be their boyfriends?

So, Chen Hao was quite sensitive toward this topic.

Because Chen Hao was afraid that somebody would want him to fake a marriage with them in the future instead, and that would be very troublesome indeed.

“Why are you so afraid? It’s just for a day. Please, I beg of you. Just help me put on a show, ok?” Chen Lin drew circles on the back of Chen Hao’s hands as she pleaded with him.

“Is this because of Ding Hao?”

Chen Hao instantly knew what Chen Lin was thinking.

It turned out that there was no free lunch in this world. You still needed to repay back any favors you owed.

Moreover, love did not happen without a

Chapter 234 Let Chen Hao Act Like a Rich Young Master

reason.

“Yes, I want you to help me put on a show to make him angry. Then, he will change his mind. Ding Hao is a narrow-minded person, and he is very narcissistic. Hence, he will absolutely not tolerate me being in a relationship with someone far more superior than him,” said Chen Lin with a smile.

“Why did you pick me then? I bet it wouldn’t make him angry, instead he would laugh himself to death. I am not as outstanding as he is. See how awesome Ding Hao is. His family is responsible for the development of Yunmeng Mountain, and they are setting up several shops there. He would be a very powerful person in the future,” said Chen Hao intentionally.

“Of course I know you can’t hold a candle to him, that is why you are the perfect candidate. Chen Hao, did you know that he is quite sensitive to you as you had an ambiguous relationship with that b*tch, Li Shihan back in high school? Furthermore, you embarrassed him in front of everyone else on a few occasions. If you can appear

Chapter 234 Let Chen Hao Act Like a Rich Young Master

in front of him with another identity, he will definitely be envious of you. Then, he would regret his decision of not choosing me. By that time, your job is done! Hence, you are the best candidate for this job.”

Chen Lin was full of confidence.

This idea was obviously hatched out by her best friend.

Chen Hao wasn't a rich Young Master, but they could make him look like one.

“Wait a moment, did you say that you want me to change my identity? What did you mean by that?” asked Chen Hao doubtfully.

“I want you to pretend to be a rich Young Master. As to how you got rich, just tell him that you won the lottery. In short, you just have to pretend to be richer than him. Besides, you know how to drive a car, right? I have already rented a luxury car. Hmph! As long as you follow my best friend's instructions and mine as well, we can make him look like a fool tomorrow.”

Chapter 234 Let Chen Hao Act Like a Rich Young Master

“So, all the preparations are in place now. I just need you. Furthermore, I have already rented the car. Please say yes,” begged Chen Lin.

It seemed that Chen Lin had to pay a huge price in order to get Ding Hao’s love back.

Since she already put it this way, Chen Hao really did not know how to refuse her anymore.

Originally, he wanted to say goodbye to Qin Ya tomorrow. Apart from that, since the rental date for his car was due tomorrow, he could drive the car back to Ping An County.

It seemed that his plan had to be delayed by a day.

“Ok, I will help you out.”

Chen Hao nodded his head.

“Hurray!”

Chen Lin smiled excitedly.

Chapter 234 Let Chen Hao Act Like a Rich Young Master

“Then, how do you know that we will definitely bump into Ding Hao tomorrow?” asked Chen Hao.

“Hmph! We will definitely meet each other, don’t you worry. We’ll gather at the hospital entrance tomorrow then. I will come to pick you up.”

After Chen Hao finished his meal, he followed Chen Lin back. She was so excited that her fever had subsided.

Chen Hao couldn’t help but wonder if this was the power of love. Could love really make a girl go mad? Or was this the power of money?

He couldn’t help but sigh. If something happened and his identity was exposed, then would Li Shihan change her mind about him?

After all, Chen Hao definitely saw through Li Shihan’s true personality.

He went back to feed Qin Ya some porridge.

Chapter 234 Let Chen Hao Act Like a Rich Young Master

The day passed by uneventfully.

The next morning, Chen Hao followed their agreement and was waiting for Chen Lin at the park beside the hospital. He was there early.

At this moment, a brand new, flashy white Mercedes Benz G500 appeared and stopped directly in front of Chen Hao. Then, the windows were wound down.

Chen Lin and her best friend were in the car.

Chen Lin said, "Chen Hao, I never expected you to be this punctual. First, change into your suit quickly, then I will bring you to the hairdresser for a new hairstyle for you."

"Hey, Chen Hao, what are you daydreaming for? Are you shocked by such a fine car? Get into the car quickly. My treat."

What the f*ck!

Of course Chen Hao was shocked. Because the G Wagon looked very familiar.

"Is this the car that you rented?"

After Chen Hao got into the car, he realized that it was his G Wagon that he had rented to Xiao Qiang's sister Wang XiaoZhang.

He thought to himself that this was such a coincidence.

"Hmph, although you are acquainted with that group of rich young masters, I can see that they don't really hang out with you. So, you have never had the experience of sitting in this kind of luxury car, right?" said Chen Lin proudly.

She was driving the car quite smoothly.

"This car is worth two million, and it is brand new. Do you know how much the rental is per day? We paid a hundred thousand for the deposit alone, and that's already all of our savings!" said Chen Lin's best friend at that moment.

Of course, she did not forget to take a few video recordings with her phone in the car.

"Lin, can you open the sunroof of the car? I want to take some pictures," said her best friend at this moment.

"Ok, I will open it for you. However, please be careful as we have to pay the penalty should there be a single scratch on the car!"

Chen Lin reminded her best friend as she reached her hands out to press the automatic switch to open the sunroof.

"Hey! How could the automatic switch of the sunroof be that button? This is a two-way switch. Don't you know this?" said Chen Hao in a panic at this moment.

It was a newly rented car after all. Therefore, it was normal that they did not know certain things.

Chen Hao was seated just behind them. He felt really distressed when he saw Chen Lin's long fingernails fumbling around the car console. Dumbfounded by her actions, Chen Hao decided to tell her the location of the automatic switch for the sunroof.

She tried, and it turned out that Chen Hao was right.

"What the f*ck! Chen Hao, you are right! You really have a way with this car."

Then, Chen Lin added, "Well, I wouldn't be surprised since you were really interested in cars back in high school. It seems that you did your research," Chen Hao only smiled bitterly and nodded his head.

At that moment, Chen Lin's best friend stuck her head out of the sunroof and started taking pictures.

Later on, Chen Lin and her best friend took Chen Hao to the salon and gave him a new hairstyle.

Following that, they made Chen Hao put on a suit, white shirt, leather shoes and the likes.

After a makeover session, Chen Hao was undeniably handsome.

Even Chen Lin who had high taste in men couldn't resist giving him a second glance.

"Where are we going now?" asked Chen Hao at this moment.

"Let's go to the cafe just beside the Jin Ling Hotel. By the way, Chen Hao, I have something to remind you. Since you are already acquainted with Young Master Bai and the rest

of them, I reckon that you already had some contact with those rich young masters. However, the role of a rich young master you are pretending today is different from theirs. You became rich overnight, so you need to act like an arrogant, obstinate young master with an unruly behavior just because you have all the money in the world. Only then can you scare Ding Hao. Do you understand the meaning of parvenu?" asked Chen Lin.

"Huh? I don't think I have to act that way just because I became rich overnight, right?" asked Chen Hao with a bitter smile.

If I were to become rich overnight, Chen Hao thought to himself, then you wouldn't waste your efforts to pursue Ding Hao anymore.

"Sigh, just follow my instructions and listen to Wei Xue's directions as well. She will help you out."

Wei Xue was obviously Chen Lin's best friend.

There was nothing more that Chen Hao could say. So, he only nodded his head.

When they reached the cafe, Chen Lin immediately got into character.

She gently held onto Chen Hao's arms and leaned against him as they walked in.

The moment they entered, Chen Hao noticed that Ding Hao and Li Shihan were drinking coffee at a corner of the cafe.

Chen Hao was filled with admiration for Chen Lin as the information that she gathered was really accurate.

Then, Chen Lin led Chen Hao toward the seat beside Ding Hao and Li Shihan.

At this moment, Li Shihan lifted her head and happened to see the scene in front of her. She was stunned in that instant.

"Sir, Miss, do you want to drink anything?"

At this moment, the waiter came over. He cast Chen Hao and Chen Lin a look of admiration when he saw that they were dressed in formal attire.

"What is the most expensive coffee you have here? I want to drink the most expensive one today!"

Following Chen Lin's instructions to act like a

parvenu, Chen Hao sat down and crossed one leg over the other as he uttered those words.

"Huh? The most expensive one? Sir, the most expensive coffee we have here is three hundred a cup..."

The waiter was surprised.

"So what if it is three hundred? It's not that expensive. Give me two cups then!"

"Ok sir, please wait a moment."

The waiter bowed and left.

On the other hand, when Chen Lin saw Chen Hao arrogantly flaunting his wealth and shaking the watch on his wrist from time to time, she felt amused. Moreover, she found it peculiar that unexpectedly, Chen Hao could look that handsome!

At this moment, Ding Hao obviously noticed Chen Hao and Chen Lin who were sitting beside him.

His face turned dark when he heard that Chen Hao had ordered a coffee that cost three hundred. Especially since Chen Lin looked very

close to him.

This made Ding Hao jealous.

He thought to himself, In the past, there was a beautiful girl who was always by my side, and I really enjoyed everything that she did for me.

Even if I weren't in a relationship with her, it would be a great satisfaction to my ego to know that she is still in love with me. Anybody in my shoes would think that way.

However, he did not expect Chen Lin to find a new love interest so quickly.

Furthermore, it happened to be Chen Hao whom he disliked!

Slam!

At that moment, Ding Hao slammed his coffee down on the table and said coldly, "Hmph! Why are you pretending to be a rich guy? Do you think you can flaunt your wealth just because of that meager amount of money you have? Don't think I don't know your background! Why are you being so pretentious?!"

On the other hand, Li Shihan glanced at Chen

Hao and Chen Lin and tried to calm Ding Hao down.

"By the way Chen Hao, where are you bringing me later with that new car of yours? Can we go to the Jin Ling Commercial Street? I fancy a piece of clothing there. Will you buy it for me later? It's only three thousand! Pretty please!" Chen Lin said as she held Chen Hao's hands.

"Get lost, just look at your lowly self. How could a clothing that cost three thousand benefit you?! Don't even mention anything that is less than six thousand. You should be embarrassed!"

Like an expert, Chen Hao slapped Chen Lin's hands away and even scolded her.

Chen Lin did not expect that Chen Hao would look so handsome when he put on his parvenu act.

So, she helplessly nodded her head in a cute manner.

"Hmph! Why are you acting so high and mighty? Aren't you just an errand boy?"

Ding Hao was really jealous when he saw Chen Lin sticking closer to Chen Hao even after he

scolded her.

What the f*ck! What did Chen Hao have that made him think he could surpass me?

"It's alright, Ding Hao. Some people just like to flaunt themselves and talk big. Let's not bother about them."

Li Shihan couldn't help but open her mouth.

"Sigh! Chen Hao, some time ago we thought that you were an errand boy for those rich women, but it seems that we had the wrong impression of you. I could not believe that you went there and rub off on their luck. Haha, I never expected you to win so much money from the lottery!"

Chen Lin saw that her plans finally had the effect that she wanted, so she grabbed Chen Hao's hands at the moment and said with admiration.

"What? You won the lottery?"

Her words caught Ding Hao's full attention.

"Chen Hao, how much did you win?"

On the other hand, Li Shihan looked fixedly at Chen Hao and asked anxiously.

If it was only one or two million, Chen Lin, who had such high standards, wouldn't stick to Chen Hao like this.

So, it must be a huge sum!

Besides, look at Chen Hao now, he was so generous with his money.

Li Shihan was afraid that Chen Hao would surpass Ding Hao. If that came to pass, then she would really regret her decision. Hence, she was really anxious.

"It really was my lucky day. I did not expect that my luck would turn around, and I would get this unexpected windfall. As for the amount, it is not appropriate for me to reveal it to you guys. It really isn't appropriate at all, I'm sorry!"

Chen Hao looked at Li Shihan and smiled.

At this moment, Chen Hao reached into the pocket of his pants to bring out his phone.

However, due to his carelessness, his car key dropped out by accident.

Ding Hao and Li Shihan saw it and their eyes widened.

“Is that a Mercedes-Benz G500 key?”

Chapter 236 The Value of a Woman

"Chen Hao, is this your new car?" asked Li Shihan in surprise at this moment.

"Yes, I got it a few days ago. It is my new vehicle."

Chen Hao casually threw his car keys on the table.

This made Chen Lin excited and distressed at the same time.

She was afraid that he would destroy the car keys, yet she was happy at the same time when she saw that Ding Hao's face looked very dark.

"By the way Ding Hao, I heard from Lin that you also bought a car for yourself, right? I haven't seen your car before. What model is it? Is it a BMW 7 Series, Mercedes-Benz or Audi series? It should be worth at least one million!" Chen Hao looked at Ding Hao at this moment and smiled.

"Haha! Ding Hao bought a Passat for himself. It is worth around two hundred thousand, so how can it compare to your car that's worth two million?" Chen Lin

Chapter 236 The Value of a Woman

rolled her eyes at Ding Hao.

Ding Hao inhaled deeply as his hands started to tremble.

"A Passat, huh? Ding Hao, did you forget that you bought yourself a car?" asked Chen Hao with a smile.

"I buy whatever I want, it is none of your business. Don't act so smug just because you won the lottery," said Ding Hao anxiously.

"Sigh! I am really lucky to be together with you, Chen Hao. Now, I can enjoy the rest of my life with you so you must treat me well. Moreover, you promised me to buy the clothes that I wanted today!"

"Sure, I will definitely buy it for you, but you have promised me as well to give me your 'first time' tonight. Hehe!" said Chen Hao with a smile as he grabbed Chen Lin's hands.

Chen Lin wanted to give Chen Hao a slap on his face when she heard his words.

Chapter 236 The Value of a Woman

What the f*ck! Since when was this in the script?

After all, they were on the subject of love. However, if you were to involve that kind of topic, Ding Hao would break down easily. Luckily, Chen Hao left a lot of room for imagination in his sentence.

Chen Lin wanted to warn Chen Hao not to talk nonsense anymore.

However, Ding Hao's face looked livid at the moment and even his mouth started to tremble.

Chen Lin knew that Chen Hao's words must have provoked Ding Hao.

"You're so naughty! I hate you!" said Chen Lin shyly.

"No way! Chen Lin, how can you act this way? I will buy you whatever you want. Why would you give your 'first time' to this loser? You don't have to degrade yourself like that just because he won the lottery ticket!" said Ding Hao angrily as he stood up straightaway.

Chapter 236 The Value of a Woman

"Hmph! Ding Hao, what do you think you are calling my boyfriend a loser? Besides, he is my boyfriend after all. So what if I give him my 'first time'? So what? Why are you so anxious about it?"

Chen Lin didn't care where they were anymore as she rebutted Ding Hao's words.

"Chen Lin, I've always thought that you were the kind of girl who is down-to-earth and minds her own manners. To be honest, the decision that I made to be together with Li Shihan instead of you was a tough process. I was really in a bind and was suffering because of it. Moreover, I was feeling really regretful as well. However, looking at you now, I don't feel guilty or regretful anymore. Shihan, let's go!"

Ding Hao seemed to be throwing a fit as he tried to leave with Li Shihan.

There was a flash of emotion in Chen Lin's eyes when she saw Ding Hao leaving.

However, her greatest advantage was the

Chapter 236 The Value of a Woman

fact that she knew Ding Hao's emotional state way better than Li Shihan did.

Hence, she knew that Ding Hao was testing her to see whether she still liked him or not.

If she regretted it now and apologized to Ding Hao, then it would surely be the end.

At that moment, Chen Lin hugged Chen Hao affectionately, and pretended that she did not hear Ding Hao's words.

"Darling, I don't care how others see me. In short, I will treat you well in the future. Will you do that for me as well?"

Chen Hao followed through and embraced Chen Lin's waist, even giving her a slight pinch while at it.

"Of course!"

Chen Hao wasn't stupid. There was no way he was giving up a free chance to take advantage of her.

So, he started groping Chen Lin's body.

Chapter 236 The Value of a Woman

Of course, Ding Hao had heard those words. At this moment, his face looked even darker before as he was dragged away by Li Shihan.

"What the f*ck! He is already gone, so stop touching me!"

Chen Lin moved away from Chen Hao after Ding Hao left.

She looked at Chen Hao accusingly and said, "Your acting skills are really good. However, can you keep your hands off me? Did you really think that I am your girlfriend?"

"Ok, then what should we do now since Ding Hao left?" asked Chen Hao.

"Hmph! Don't be impatient. He will come back for me. 3! 2! 1!"

Chen Lin started counting down with her fingers. The moment she stopped counting...

"Ding Hao, why are you going back there?"

Chapter 236 The Value of a Woman

Li Shihan's voice rang out.

"Chen Lin, I need to make things clear with you. I don't know how you look at me now, and I admit that it was my mistake as I didn't help you out when Shihan hit you the day before yesterday. I regretted it a lot. However, I really hope that you can give me another chance to prove to you that I am way more powerful than that upstart, Chen Hao! Way more powerful!" said Ding Hao.

It was apparent that his ego was hurt.

Chen Hao stood at the sides and observed the scene unfolding before him. He really felt a great sense of admiration for Chen Lin at that moment.

"But I already have Chen Hao now, and he has a luxury car. Moreover, he can buy me a lot of branded cosmetics and bags. What can you give me?" asked Chen Lin.

"Fine, Chen Lin. You want to be together with Chen Hao because he is richer than me and he could give you all these things, right?" Ding Hao spat angrily.

Chapter 236 The Value of a Woman

When Chen Hao reached his car, Ding Hao rushed out behind him at this moment.

"Dear, can you let me drive this car? I have never driven such a fine car before," said Chen Lin.

"Sure, here is the key then!" Chen Hao tossed the key to Chen Lin.

"Lin, don't go. Can you finish listening to me? I was wrong, really wrong. Please, can you give me another chance? I will definitely cherish you, more so than Chen Hao. From now onward, I will give you whatever you want as long as I can afford it. In addition to that, I will prove to you that I am more capable than Chen Hao, a hundred times more capable than him."

Ding Hao came over right away and grabbed Chen Lin's arms.

"Really? But isn't Li Shihan your girlfriend now?"

Chen Lin looked at Ding Hao begrudgingly.

Ding Hao looked at Li Shihan and said,

Chapter 236 The Value of a Woman

"Shihan, I've realized now that the person I truly love is Chen Lin. Let's break up then!"

"Ding Hao, you!"

Li Shihan was so angry that she cried straightaway.

Finally, Chen Lin smiled. At this moment, her ego was satisfied.

As for Ding Hao, Chen Lin had grasped the fact that he was a prideful person. Hence, she knew that if she found a more capable man to be her boyfriend, he would definitely feel upset.

After all, no matter how pretty you were, if you did not have any pursuers, then your worth would depreciate. After all, there were many beautiful girls in this world.

However, if you were pursued by a powerful man, your worth would appreciate in value.

Otherwise, they would not cherish you even if they managed to get you.

Chapter 236 The Value of a Woman

So, if you compared it this way, her level of importance had surpassed that of Li Shihan.

After all, Li Shihan's ex-boyfriend, Ma Fei was nothing in Ding Hao's eyes.

Following that, Ding Hao held Chen Lin's hands and had a conversation with her.

Chen Hao was feeling quite awkward as he watched the scene before him. Since he felt the urge to urinate due to the coffee he had drank, he decided to go to the washroom.

"Ding Hao, since you are so sincere this time, then I'll agree to being with you!" said Chen Lin with a smile when she saw that her goal had been accomplished.

At this moment...

"Huh? Miss Chen, this is such a coincidence. It seems that you are here as well, I happen to be looking for you..."

A woman's voice rang out suddenly.

Chapter 236 The Value of a Woman

When she saw the person walking toward her, Chen Lin's eyes narrowed in that instant...

Chapter 237 Miss Lin's Birthday Party

"Miss Chen?"

A woman who looked to be in her mid twenties walked over.

She spoke respectfully to Chen Lin.

Upon seeing her, Chen Lin pretended that she did not recognize her.

So, who was the woman?

She was none other than Wang Xiaozhang, the sales manager who rented the car to Chen Lin.

"Oh, what's up? If there is anything, let me talk to you through Wechat when I get back later! I am not free at the moment!"

Chen Lin's face turned pale.

God, how can it be such a coincidence!

How could I actually bump into the manager who rented me the car.

Then wouldn't the secret be leaked? I have just gotten back together with Ding Hao.

Chapter 237 Miss Lin's Birthday Party

"It's okay Miss Chen, I will be quick. The thing is, when you rented the car, I wasn't aware of the date and had written down tomorrow as the time of return. I had just remembered that the return time should actually be before four o'clock today as we have to return the car to the client by five o'clock. I am truly sorry, it was a mistake from our end! I was just going to give you a call as well!"

Wang Xiaozhang smiled and said.

Then, she waved her hands at Chen Lin and left.

What? Ding Hao and Li Shihan were stunned upon hearing that.

"Chen Lin, rental car? What is going on?"

Ding Hao was still in a daze.

"Ah? I-I am not sure either!"

Chen Lin had no idea how to explain.

She was completely dumbfounded.

Chapter 237 Miss Lin's Birthday Party

Li Shihan snorted and said, "I know! Chen Lin, you rented this car right? You purposely rented it to lie to Ding Hao. That must be the case!"

Ding Hao looked at Chen Lin and asked, "Lin, is that true?"

Chen Lin had no idea how to respond.

Just when she was unsure of what to say, she saw Chen Hao coming back from the restroom.

All of a sudden, an idea crossed Chen Lin's mind.

She turned and ran toward Chen Hao.

"Chen Hao, come over here. I have something to tell you!"

Chen Lin grabbed onto Chen Hao's arm and softly whispered, "It's over! Ding Hao found out about the rental car. Now you have to help me bear the consequences by saying that you are the one who rented the car. Could you tell them that you lied to me? Please, help me out this once!"

Chapter 237 Miss Lin's Birthday Party

Chen Hao was also dumbfounded. What is going on?

At that moment, Ding Hao and Li Shihan were walking over toward Chen Hao.

Chen Lin suddenly shouted, "Chen Hao, you a**hole! Why did you lie to me? You rented this car and then used it to court me? It's not even your car!"

Chen Hao said, "What is going on? This is my car!"

Ding Hao looked at Chen Hao with disdain and mocked. "Hmph, Chen Hao, stop trying to lie your way out of this. I had no idea you were so filthy to have used such a method to cheat Chen Lin. Chen Lin almost fell into your trap and most importantly, you almost made me breakup with Shihan as well!"

Li Shihan looked at Ding Hao and said, "Now you know who is the one that genuinely treats you well. Some girls like to pester guys who are rich, and then end up being played. Do you see things clearly now?"

Chapter 237 Miss Lin's Birthday Party

Chen Lin cried, "Ding Hao, you just said that you were going to treat me well!"

Ding Hao snorted and said, "Lin, I think you better clear your mind. Because of this loser, you almost made me break up with Shihan. Seriously, we were supposed to attend Miss Lin's birthday party in the afternoon, and you almost made us part on bad terms! Sh*t!"

Ding Hao rolled his eyes at Chen Lin and Chen Hao. He then held onto Li Shihan's hand and walked toward Jin Ling Hotel.

Today was the day of Miss Lin's birthday party and of course Ding Hao arrived earlier. Thus, there was no other option but to head to a cafe and have some coffee first.

Yet, a situation like this transpired! Sigh!

As for Chen Lin, with the devaluation of Chen Hao's identity, her value had also depreciated.

"Oh right, Chen Hao. Didn't you win the lottery? Hahaha, why don't you come over

Chapter 237 Miss Lin's Birthday Party

to Jin Ling Hotel? We have tickets!"

Ding Hao sneered at Chen Hao for a while before leaving happily with Li Shihan.

Chen Lin squatted down on the spot and burst out into tears.

"Oh? Young Master Chen! Why are you here?"

Just then, a voice could be heard.

A middle-aged man in a suit jogged over toward Chen Hao.

"You are?"

Chen Hao found that he looked rather familiar but he could not recall who it was.

"Hehe, Young Master Chen, it's normal that you can't recognize me. However, I do recognize you! I was present during your welcoming dinner in Ping An County and had the privilege of seeing your elegant demeanor with my very own eyes. By the way, I am Wang Biao. General Manager Li just hired me as the event planning

Chapter 237 Miss Lin's Birthday Party

manager. Are you here to attend Miss Lin's birthday party as well?"

The middle-aged man rubbed his palms together and nervously smiled.

Chen Lin on the other hand also stopped crying and looked on at the scene in a daze.

Even Ding Hao and Li Shihan who were about to enter the hotel were stunned.

"Oh, hello Manager Wang. Are you responsible for planning this birthday party?"

Chen Hao could not wrap his head around this. Which Miss Lin is this?

Why did my company plan a birthday party for her?

"Of course! Today is Miss Lin's birthday and as a fellow colleague working in the same group, of course I would help to organize! Many business owners from Jin Ling Commercial Street are here tonight as well. They are all planning to move to

Chapter 237 Miss Lin's Birthday Party

Yunmeng Mountain Commercial Street during the second half of the year. Therefore, this is sort of a gathering for them too!"

Wang Biao explained.

"Oh, so that's the case!"

Chen Hao felt rather uncomfortable.

After all, Lin Yiyi was also considered his friend, so why did she not invite him to the party?

"Manager Wang, do you know Chen Hao?"

Chen Lin asked with a deeply confused look.

She then looked at Ding Hao's gaze and felt that somehow she had won this time around.

Could it be that her best friend, Wei Xue sent help?

After all, Wei Xue was watching nearby and chose not to appear.

Chapter 237 Miss Lin's Birthday Party

The deeper Chen Lin thought, the more she felt that should be the case.

"Of course I recognize Young Master Chen. Even if I don't recognize him, I would recognize his car! Haha!"

Manager Wang pointed at the G Wagon.

Nice!

Chen Lin thought, My best friend really has some tricks up her sleeves.

Where did she find such a person?
Nonetheless, this is great!

As for Chen Hao, he was unhappy that he just got mocked by Ding Hao and Li Shihan. However, he felt that it would be hard to explain things to Chen Lin if he had just left right away.

Since I stumbled upon Li Yiyi's birthday party, I might as well go in and have a look. That way, it would be a slap in Ding Hao's face so that he could stop bragging and acting so arrogantly!

Chapter 237 Miss Lin's Birthday Party

Thus, Chen Hao said, "Manager Wang, could you pass me two entrance tickets? I did not bring mine!"

"Ah? Sure thing, Young Master Chen."

Manager Wang nodded.

Chen Lin hinted at Chen Hao to remind him not to push things too far. This was Miss Lin's birthday party after all, how could a paid actor who was here to put on a show have entrance tickets?

However, Chen Lin was shocked when Manager Wang took out the tickets.

Ding Hao and Li Shihan were also stunned.

Chen Hao ignored everything else and hugged Chen Lin into his arms. He said, "Let's go, today I shall bring you to attend the birthday party!"

Although Chen Lin was in a daze when Chen Hao hugged her into his arms, she subconsciously put her arms around Chen Hao's waist as well.

Chapter 237 Miss Lin's Birthday Party

Under Ding Hao's slightly jealous gaze, they walked into the hotel.

F*ck! Why is Chen Hao being treated with so much respect?

Ding Hao cursed inwardly.

Nevertheless, he followed behind and entered the hotel.

Chapter 238 He Actually Came

“Damn! Chen Hao, we actually came in!”

Chen Lin voiced out in shock.

She did not resist when Chen Hao hugged her around the waist as the sudden change in storyline was too exhilarating.

By now, they had already arrived at the venue.

The decorations for Lin Yiyi’s birthday party were very grand. It was mainly due to the fact that her father wanted to take this opportunity and organize a huge gathering as well.

As a representative from Yunmeng Mountain, Ding Hao certainly had the right to be here.

Anyway, there were more than a hundred people in the hall. Most of them were rich second generation heirs as well as bosses of big companies.

The decoration in the hall was akin to those of a wedding banquet. There was a long walkway in the center with banquet

Chapter 238 He Actually Came

tables on both sides.

After Chen Hao brought Chen Lin in, they found a place and sat down.

There were a lot of people here and everyone would choose to sit with their friends.

Meanwhile, Ding Hao glared at Chen Hao and Chen Lin furiously after he got in. With a discontented look on his face, he brought Li Shihan to another table and sat there with a group of friends.

“Chen Hao, why are you here?”

Just then, Chen Hao heard a questioning voice next to his ears.

Chen Hao turned his head around and was shocked.

The voice came from a girl and it was none other than Jiang Ranran, Uncle Jiang’s daughter.

There were a bunch of handsome guys and beautiful girls next to her. At that

Chapter 238 He Actually Came

moment, Jiang Ranran was staring at Chen Hao in shock.

Why was Jiang Ranran here?

After much thought, Chen Hao eventually understood.

Ah, right. Uncle Jiang is the leader of the Foreign Investment Team. Now that I am investing in Ping An County, he must have dealt with a lot of my managers.

Now that Lin Yiyi's father had purposely organized such a huge gathering, there was nothing surprising about Jiang Ranran being able to lay her hands on a ticket. After all, even people like Ding Hao could attend.

However, Chen Hao did not expect such coincidence to bump into her.

"Ran, is this your friend?"

A young and handsome guy next to Jiang Ranran asked.

"Not exactly a friend of mine, but he's from

Chapter 238 He Actually Came

my hometown. His father used to have some personal connections with my father back in the days. However, we no longer have any connections with their family now! His family is in a lot of debt, and his parents left to work as foreign labour in another country. I did not expect that he could actually attend such an event!"

Jiang Ranran glanced at Chen Hao and said.

After all, Jiang Ranran clearly remembered the time when Chen Hao embarrassed her in the western restaurant.

This time around, it was not easy for her to lay her hands on the entrance ticket to such a huge gathering event. She begged her father for a long time, and only then did her father use his connections and ask another leader for the ticket. She had also planned to utilize this opportunity to expand her horizons.

Lo and behold, this time around she had managed to get to know Zhang Lang, a rich heir in Jin Ling City.

Chapter 238 He Actually Came

Zhang Lang's family used to deal with big corporations. When they heard of this development project on Yunmeng mountain, they successfully acquired the contract of being the proxy for a large restaurant there. Therefore, their family would not be having any cash flow problems in the long run.

Indeed, he was a rich heir with actual capabilities.

Lin Dong's family background pales into insignificance when compared to that of Zhang Lang.

Even Jiang Ranran felt that she was a joke back then for actually bearing grudges when Chen Hao had embarrassed Lin Dong.

"Young Master Zhang, he is just a poor boy. He used to be a famous and poor loser back in our high school days in Ping An County!"

Lin Dong who was also present during this gathering, stood out from the crowd and spoke to Zhang Lang with a hint of flattery.

Chapter 238 He Actually Came

“Oh, I see. Haha, I think we better take our seats and continue our conversations!”

Zhang Lang faced the guys and girls behind him and said.

“Zhang, you just arrived? I have reserved good seats for you!”

Just then, Ding Hao brought Li Shihan over and paid their greetings.

After all, Ding Hao’s table was quite close to Chen Hao’s table.

“Brother Ding, you are here early! Ran, let’s go over and let me introduce my friend to you. He’s my friend, Young Master Ding!”

Zhang Lang introduced Ding Hao to Jiang Ranran with a smile.

Ding Hao became quite popular now that he owned shops at Yunmeng Mountain.

Naturally, his status and class rose accordingly.

He also managed to step foot into the

Chapter 238 He Actually Came

circle of rich heirs.

After all the introduction, Jiang Ranran eventually got to know everyone.

As a matter of fact, that day was a huge learning experience for Jiang Ranran. It was the first time she got to understand the fascination among the high-end social circle.

At first, Jiang Ranran thought that the circle of rich heirs would only be discussing luxurious products like cars and such.

However, they did not discuss those topics at all.

In fact, they spent most of their time discussing the little things they experienced in life as well as the knowledge of personal finance and investment they learnt from their fathers and people of that generation.

All these opened up a new world for Jiang Ranran.

Chapter 238 He Actually Came

In comparison, Lin Dong who loved to brag about his money and power was nothing but an ugly duckling.

Not to mention Chen Hao, the upstart. He looked so disgusting!

There was nothing incredible about him.

Ding Hao's conduct today had also put an embarrassed look on Chen Lin's face.

Because there was no way Chen Hao could continue to pretend and act like he was a rich heir anymore.

After all, everyone around was an actual rich heir.

Chen Lin looked at Ding Hao and realized how well he was doing in his life. The amount of friends he knew was many as well.

Gosh, I am such a failure, Chen Lin thought. Today was just a complete disaster.

Chen Lin could not even lift her head up!

Chapter 238 He Actually Came

“Oh right, when is the 'goddess' Lin Yiyi going to appear?”

There were a few rich heirs like Ding Hao, whereby it was their first time attending such a huge event. It was also their first time seeing Lin Yiyi who was rumoured to be extraordinarily beautiful. Therefore, they could not hold in their excitement and asked.

Meanwhile, at the backstage of the hotel.

“Manager Wang, are you sure you saw him? H-He is here? How is that possible?”

Lin Yiyi had just finished putting on her makeup when she heard what Wang Biao said. She immediately pushed the makeup artist aside and stood up.

“Ah? Miss Lin, you didn't know Young Master Chen was coming?”

Wang Biao was stunned.

“No way, why would he be here... You must have mistaken him for someone else. Oh right, was there a girl who came with him?”

Chapter 238 He Actually Came

Lin Yiyi asked.

The main reason why Lin Yiyi had not contacted Chen Hao all this while was that she was saddened by the fact that Chen Hao had Su Tongxin as his girlfriend. She knew that Chen Hao would not fall in love with her. Therefore, if she had seen Chen Hao, she would feel a little dejected.

At first, Lin Yiyi had planned to invite Chen Hao to this party.

However, her father said that Young Master Chen was busy with the development of Ping An County. Not only that, one of Chen Hao's older relatives had fallen sick and been hospitalized.

Thus, her father warned her not to disturb Young Master Chen.

Furthermore, to be honest, this gathering was not catered to the senior executives of the group. That was why people like Bai Xiaofei and the rest did not attend.

Therefore, her father said there was no point inviting Young Master Chen.

Chapter 238 He Actually Came

Lin Yiyi reluctantly agreed.

In reality, she had constantly been thinking about Chen Hao.

Therefore, there was no way she could contain her excitement when she heard from Wang Biao that Young Master Chen was here. However, at the same time she could not believe it.

Wang Biao gave a bitter smile and said, "It's true, Miss Lin. How could I make a mistake in recognizing Young Master Chen? I personally passed the entrance tickets over to him. Oh, yes! There was a girl that came in with Young Master Chen!"

"I still cannot believe he would come by!" After saying that, Lin Yiyi turned her head and said to the staff members, "Get ready, I would be heading out soon!"

In the meantime, the lights in the event hall dimmed. Lin Yiyi, who was in a white dress, slowly walked out.

"Damn! Such a beauty, an absolute beauty!"

Chapter 238 He Actually Came

“My goodness, Miss Lin is too beautiful!”

In the midst of the noise, Chen Hao also lifted his head up and looked toward the stage.

Come to think of it, Chen Hao had not seen Lin Yiyi for quite some time.

He did not expect her to look more beautiful after all this time.

“Lin Yiyi is absolutely gorgeous!”

Below the stage, Ding Hao could not help but stare, as well as praising her directly.

Li Shihan wasn't angry in the slightest.

Why?

Because Lin Yiyi's beauty was enough to make Li Shihan jealous.

Even she had to admit that Miss Lin's beauty was indeed breathtaking.

“Of course, Lin Yiyi is Jin Ling's Young Master Chen's godsister. How can she look ordinary?” said Zhang Lang as he smiled bitterly.

“Young Master Zhang, since today is Lin Yiyi's birthday, why didn't Young Master Chen come then?” Jiang Ranran asked.

She thought to herself that it would be nice if Young Master Chen came here today so she could get acquainted with him.

“Haha, I don’t think Young Master Chen is coming today. Let me tell you all what my father said to me. He told me that Young Master Chen from Jin Ling likes to keep a low profile and is an amiable guy. He doesn’t really like to attend big events like this.”

Zhang Lang seemed to know Young Master Chen very well as he started telling them about him with a smug smile.

“Oh!” Jiang Ranran couldn’t help but reveal a regretful expression.

“Ranran, do you want to drink some juice? This juice was imported from overseas and it is really good. I’ll pour you a glass!”

Lin Dong was feeling upset when he saw that Jiang Ranran was speaking to Zhang Lang all the time.

Hence, he tried to please her.

“What do you mean ‘drink’? I don’t want to drink it. Stop bothering me!”

Unexpectedly, Jiang Ranran glared at him in disgust and turned her gaze to Zhang Lang again.

“Give me a glass of juice please!”

At this moment, a waiter passed by Chen Hao and Chen Lin with a tray.

Chen Lin’s nonstop chattering made her very thirsty, especially since she was invited to the gathering of the rich because of the incident with the rented car. Hence, she was very nervous.

The juice looked good, so she wanted a glass of it.

At this moment, Lin Yiyi, who was on the stage, started to look around anxiously while delivering her thank you speech for today’s birthday party.

Suddenly, a smashing sound was heard.

Ah!

Following that, a girl's shrill scream was heard and the crowd became silent.

The scream came from Chen Lin as she wanted to give Chen Hao a glass of the juice after she noticed that it was quite nice after tasting it. At this moment however, her hand slipped, and because she wasn't holding the wine glass properly, it dropped to the floor and smashed into pieces. Of course, the juice splashed all over her and Chen Hao.

That was why she screamed out loud just now.

"Oh my, how can you be so careless? Come, let me clean it for you," Chen Hao couldn't help but say.

Then, he pulled out some tissues and wiped Chen Lin's dress and the corner of his own trousers as well.

"What the f*ck! This is really f*cking embarrassing. Did you come from the countryside? Can't you hold a wine glass properly?"

“Haha. That’s right, can’t you see that Lin Yiyi is giving a speech now? How can you eat and drink there while she is giving a speech? You really have no class at all!”

Several rich young masters who were seated at the same table as them took it all in and couldn’t help but ridicule her.

It seemed that the louder they ridiculed, the more they thought they could please Lin Yiyi.

“Sigh! Take a look, this is the difference between finding a real rich young master to be your boyfriend versus a fake one. No wonder you made a fool of yourself since you did not attend any high-profile event before!”

Li Shihan smirked when she saw Chen Lin being ridiculed by the crowd.

“Seriously, I am so lucky that I did not get back together with her,” said Ding Hao.

Meanwhile, Jiang Ranran only looked at Chen Hao and shook her head.

“I am sorry. I didn’t mean to do that. Honestly!”

Chen Lin started to feel afraid and immediately bowed down to apologize to the crowd.

Then, she blushed and pulled on Chen Hao’s sleeves.

“Chen Hao, I think we should leave. Let’s not stay here any longer!”

Originally, when Chen Lin came here, she already knew that Chen Hao could not keep up his act anymore. However, based on the situation at that time, she could only follow Chen Hao in.

She did not expect that she would make a fool of herself. If this continued any further, she would definitely embarrass herself even more.

“Why should we leave? Aren't we having a pleasant time? We only broke a wine glass, there is nothing to worry about!”

This was the first time that Chen Hao saw

Chen Lin, who was usually confident, feeling inferior about herself.

Hence, he couldn't help but smile bitterly.

He had a similar encounter in the past in which he felt quite awkward the first time he attended such a huge event.

And so, he advised her at that moment.

“Who are you two? How did you guys get in here? Don't you know the rules? This event is not for any Tom, Dick and Harry!”

A middle-aged, wealthy businessman from the neighboring table announced coldly at this moment.

The crowd started to get rowdy.

After all, it was rude to create a scene when Lin Yiyi was giving a speech.

But if anyone were to stand up to say something at this moment, they would definitely leave a lasting impression on the Lin family.

Hence, they could reap quite a lot of benefits in the future.

So, everybody started jeering at them.

At the same time, their gazes were on Lin Yiyi, who was standing on the stage at this moment as they wanted to see her reaction.

Unexpectedly, Lin Yiyi's eyes turned red and unbeknownst to her, the microphone she was holding earlier had fallen onto the floor.

“You really came!” said Lin Yiyi as she burst into tears.

Chen Hao, who was wiping the corner of his trousers while squatting down, lifted his head up the moment he heard Lin Yiyi's words. Only then did he realize that Lin Yiyi had already noticed him.

“Uh, happy birthday!” said Chen Hao embarrassingly.

Then, he started fumbling around his entire body as he tried to look for a gift for

her. However, other than the car keys, he had nothing to offer.

He said sheepishly, "I am so sorry that I did not prepare a birthday gift for you as it was too sudden. I can only wish you a happy birthday for now!"

"I thought that you had forgotten about me a long time ago!"

After drying her tears, she lifted her gown and ran toward Chen Hao.

Then, she gave him a big hug under everybody's surprised gaze.

"It has been so long, and you never bothered to contact me. Did you forget about me after having somebody else in your life?" said Lin Yiyi as she hugged Chen Hao and cried.

She let out all her grievances about being left behind by Chen Hao in one shot.

"There, there, it's alright. Don't cry anymore, ok?"

Chen Hao gave Lin Yiyi a pat on her shoulders.

“What?”

“What the f*ck?”

All the audience below the stage was stunned at the moment.

Did he know who Lin Yiyi was? She was the dream girl in the eyes of many rich young masters.

Moreover, she was ‘off-limits’. Hence, they could only watch her from a distance.

In addition to that, only the top rich young masters were able to befriend her.

However, this ordinary-looking person here actually had the privilege to be hugged by Lin Yiyi herself.

Furthermore, weren’t those words too affectionate?

Who is he?

All the rich young masters thought to themselves enviously.

On the other hand, Ding Hao and Li Shihan were dumbfounded at this moment.

Chen Hao was only an upstart, so how could a beautiful girl like Lin Yiyi be attracted to him?

The spotlight fell on Chen Hao at that moment.

Ding Hao was so envious that he nearly popped a vessel, let alone Zhang Lang and Jiang Ranran who were standing beside him.

“I will celebrate your birthday with you tonight, ok?” said Chen Hao with a bitter smile.

To be honest, Chen Hao came here because he wanted to make Ding Hao and the rest of them looked like fools.

However, he wanted to use Wang Biao and the rest of the people to obtain his goals instead.

Unexpectedly, the situation had ended up like this.

This made Chen Hao feel embarrassed.

“Ok, you have to keep your promise, alright? This is your compensation to me.”

Only then did Lin Yiyi stop crying.

Once she dried her tears, Chen Hao advised her to finish up the event before leaving with Chen Lin.

Ding Hao, Li Shihan and Jiang Ranran followed behind Chen Hao and Chen Lin at a safe distance after they left the hotel.

They were really embarrassed just now.

At this moment, all of them were puzzled about Chen Hao's identity. How was he able to make Miss Lin act that way?

They followed closely behind until they reached his car.

“Miss Chen, I have waited for you for quite some time now as I was unable to reach

you through your phone.”

At this moment, Wang Xiaozhang was standing beside the car with a piece of contract in her hands...

“Manager Wang, my phone was switched off just now.”

Chen Lin ran ahead toward Wang Xiaozhang.

Because now, Ding Hao and the rest of them were following behind Chen Lin.

Hence, she was afraid that the issue of the rented car would once again be exposed.

However, the more afraid she was, the more her fears came to pass.

Li Shihan could not believe that this Mercedes-Benz belonged to Chen Hao. Nobody knew that the sentences that were uttered by Chen Hao when he flaunted his wealth previously were akin to thorns that had pierced Li Shihan’s heart deeply as it brought about waves upon waves of pain.

Hence, the next time she saw Wang Xiaozhang, not only did she want a clear answer from her, she wanted to ask her some questions as well.

At that moment, she bypassed Chen Lin

and walked in front of Wang Xiaozhang. Then, she shot Chen Lin a cold stare and said, "Chen Lin, what are you so afraid of?"

"Are you Manager Wang? May I know whether this car belongs to Chen Lin?"

"No! It's not my car!"

Chen Lin quickly refuted and gave Manager Wang a wink.

Manager Wang knew that something was brewing, hence she tried to hide the contract in her hands.

However, Li Shihan snatched the contract and flipped it open.

Then, she laughed immediately. "Hahaha, you really rented a car. Oh my God, come here quickly to take a look, Ding Hao! Miss Jiang, Young Master Zhang, come over as well! Let me tell you something interesting. Today, I was drinking some coffee with Ding Hao at the cafe, then this girl named Chen Lin..."

Li Shihan showed them Chen Lin's rental

car contract while telling them about the incident at the cafe this morning.

Hmph!

It was Chen Hao's fault for making a fool out of them.

Moreover, he even made Ding Hao envious.

Needless to say, that made Ding Hao regret his decision of choosing her over Chen Lin.

However, everybody saw that Lin Yiyi had hugged Chen Hao, so Li Shihan had no choice but to use the rented car issue to mock Chen Lin.

After all, Chen Hao was Young Master Huang and Young Master Bai's errand boy, so it could explain why he was acquainted with Lin Yiyi.

As for the issue with the rented car, she wanted to see how Chen Lin would explain her way out of this.

At the same time, Li Shihan felt happy and relaxed to know that Chen Hao did not buy this car. It was almost as if a mountain had been lifted off her chest.

“Chen Lin, it seems that this G Wagon was rented by you. However, I never expected you to be such a scheming person.” Ding Hao gave Chen Lin a disgusted look.

Chen Lin lowered her head further and cried as she said, “I am sorry, Ding Hao. I am really sorry. I didn't mean to lie to you!”

“Haha. Chen Lin, the person who rented this car was you. Your identification number is clearly stated here. Let me see who is the owner of this car... Huh? Chen Hao?”

After turning a page of the contract, Li Shihan was stunned when she saw what was written there.

“T-T-This must be a mistake, right?” Li Shihan's eyes widened.

Chen Lin lifted her head up as well.

“Oh! You are here, Mr. Chen! I am really sorry I did not notice you as I was too busy talking to Miss Chen here.”

Wang Xiaozhang happened to see Chen Hao who was standing by the sides at this moment.

Right then, she walked over to him in delight.

“It’s ok, Manager Wang. By the way, can I drive my car away after I sign my name?” asked Chen Hao with a smile.

“Of course, Mr. Chen. However, do you need to inspect it first?”

“No need for that. That’s because I have been sitting in this car for the entire day. Don’t worry,” said Chen Hao.

Then, he walked toward Li Shihan who looked shocked.

He took the contract from her and signed his name.

“Y-You... Is this really your car?” asked Li

Shihan as she looked at Chen Hao.

The distance between her and Chen Hao was extremely close. She had never been this close to Chen Hao ever since their high school graduation.

At this moment, Li Shihan's emotions were in a turmoil. She was really upset.

"Who do you think it belongs to then? I already said that this car belongs to me and nobody believes it!" Chen Hao looked indifferently at her.

Then, he gave the dumbfounded Chen Lin a pat on her shoulders. "Come, I'll send you home."

"Ok, Chen Hao, just drop me off at the bus station. I want to book a bus ticket to return to my hometown in Ping An County tonight."

At the same time, she felt a sense of thrill from Chen Hao's acting.

However, unbeknownst to her, she wasn't angry with Ding Hao anymore, instead she

was really happy and excited from the bottom of her heart.

“Young Master Chen, this car is worth at least two million, right? How cool!”

Zhang Lang, who was watching the drama by the sidelines, came over at this moment and gave Chen Hao a smile.

Zhang Lang thought to himself, No matter how much other people ridiculed Chen Hao, he’s still acquainted with Lin Yiyi, and he also drives a luxury car. There is definitely something fishy going on here.

It was definitely better to turn his enemies into his friends.

“It’s approximately two point two million.” Chen Hao looked at him and smiled casually.

They even shook hands together.

At this moment, Zhang Lang’s phone suddenly rang.

“Hello, dad. Ok, I understand. I will head

back now.”

Zhang Lang hung up his phone and said, “Erm, Young Master Chen, I have some business to attend to right now, so I’ll excuse myself first. Lin Dong, Ranran, I am sorry, but I can’t fetch you guys to the bus station now because my father wants me home as soon as possible.”

With that, he bid Chen Hao goodbye and drove away in his car.

“Huh?”

Jiang Ranran was stunned.

What should we do now?

They had a deal with Young Master Zhang just now at the party that he would send them to the bus station in his BMW 7 series.

Because when they came here, Lin Dong was too embarrassed to drive his car. Hence, they took a cab here.

At that moment, Chen Hao had already

started the engine of his car, while Chen Lin naturally sat in the passenger seat.

Lin Dong pulled a long face as he said, "Ranran, why don't we hail a cab then?"

"Hail a cab? That's all that you know? Hailing a cab?! Look at you! You are too embarrassed to drive a car that you bought. Now, other people have their personal cars to pick them up, while I still have to hail a cab!"

Jiang Ranran's eyes turned red instantly due to her anger and embarrassment.

She had learned her lesson again today about the disadvantages of being poor.

"Hop in my car. I will send you all to the bus station."

Chen Hao wore his sunglasses and chuckled to himself.

It wasn't as if he wanted to help Jiang Ranran out. In fact, it wouldn't be an issue for him at all if he were to leave without giving them a helping hand at this

moment.

Jiang Ranran lifted her head up to look at Chen Hao. Then, she gritted her teeth and sat in his car.

At the same time, she looked at Chen Lin who was sitting in the passenger seat and couldn't help but feel jealous.

If nothing had happened between them, then wouldn't the passenger seat be hers now?

F*ck it! Fine, I'll sit in his car then. I will deal with you later, Lin Dong thought to himself.

"Hey! What are you doing?"

Chen Hao looked at Lin Dong.

"Damn it! I am getting in the car!"

"The people that I mentioned just now are Jiang Ranran and Chen Lin only, not you. Young Master Lin, don't forget to return the money that you owed me. Your time is almost up soon, and I still have your IOU

here.”

Chen Hao locked the car door straightaway.

What the f*ck! I took the initiative to help him out last time, yet he had the audacity to ridicule me today. Why should I let you sit in my car? Do you think that I am stupid? Chen Hao thought to himself.

At that moment, he left straightaway in his car without giving the onlookers a second glance.

As Li Shihan looked on at the retreating figure of the car, her emotions were all over the place.

Didn't Chen Hao care about her the most back then in high school? Even if it was raining, he would brave the rain to buy her food when she wanted to study and refused to go out to have her meals.

In addition to that, Chen Hao had always looked at her with concern.

Even though they had not seen each other

for three years, as well as how she had mistreated him, Chen Hao still looked concerned about her wellbeing when he met her.

However, this time, she felt upset with the way he ignored her existence, and how his gaze looked ice-cold.

That was because Chen Hao never spared her a single glance ever since he took the contract off her hands until the moment he drove away in his car.

After Chen Hao dropped them off at the bus station, he decided not to return home. Instead, he rented a room in the hotel to stay because of Qin Ya.

That night, Chen Hao received a video call. It was connected to the family's secret channel. Hence, only the immediate members of the Chen family had access to it.

When he saw the remarks on the screen, Chen Hao sat bolt upright on his bed and hurriedly answered the call.
