

Chapter 1201-1250

Chapter 1201

Levi Garrison had a long dream.

Almost dreamed of his more than 20 years of experience.

But the dream is getting blurry...

he is dying...

but he has someone who can't worry about it!

Zoey three people, and some brothers!

He wants to wake up!

He wants to live!

He can't just die like this.

Mr. Fu still doesn't know who it is?

Who is dealing with yourself?

Don't worry about family and brothers.

He was not at ease with Erudia.

No way! ! !

"Dad..."

Levi Garrison vaguely heard someone calling in his ear.

He slowly opened his eyes, and a small pink face appeared in the eyes.

“Dad woke up...”

Levilia shouted.

“Levilia...”

Levi Garrison wanted to hug Levilia.

He found that he couldn't move...He

didn't have a trace of strength under his body, except for the movement of consciousness and

eyeballs, he couldn't move anywhere on his body.

Levi Garrison was dumbfounded.

His body is useless.

Completely abolished.

It should be the overbearing poison of the Blood King Palace.

All his body meridians were abolished, and his muscles and other tissues were all eroded.

Even the internal organs have been severely affected.

Coupled with his continuous fighting, his body was completely abolished.

Eight years ago, Levi Garrison had only his limbs broken, but now it is much worse than that.

Levi Garrison couldn't even move.

One thing better than a vegetable is that he wakes up.

Seeing Levi Garrison wake up, everyone cheered for joy.

“Miracle! It is definitely a miracle in the history of medicine!”

Beishan (Benny Quinton) shouted excitedly.

Can Levi Garrison wake up in this situation?

It is a miracle.

Of course he also paid a lot.

There is another person, that is the ancient style.

He ignored Ray’s order and came to Levi Garrison privately.

Ray was angry and expelled amar directly.

And put many restrictions on him.

But amar doesn’t care

He and Beishan (Benny Quinton) teamed up to wake up Levi Garrison...

“Beishan (Benny Quinton), how is my husband’s situation?”

Zoey asked.

Beishan (Benny Quinton) hesitated.

“Beishan (Benny Quinton), please tell them the truth. I also understand my situation. I am a waste person!”

Levi Garrison said.

Beishan (Benny Quinton) sighed and said: “Hey, that’s right! God of War has become a completely useless

person.

he has suffered is too great. In this life, he can only lie in bed, not get out of bed at

all, and he can't even sit in a wheelchair. They all need someone to take care of them!" amar said with a cried voice: "Yes, God of War is abolished in this life.

Not only is he abolished by

force, but all his body meridians and muscles are abolished. He can't move in this life!"

The

main reason is the poison of the Blood King Palace. It remained in Levi Garrison's body and couldn't get rid of it.

This will lead to such a consequence...

This time it is a real situation.

Levi Garrison is really a waste!

"Boom!!!"

Emma almost fainted again.

Zoey's complexion changed and quickly returned to normal.

She smiled and said, "It's okay, as

long as Levi wakes up, I'll take care of him!" In

this extreme situation, she didn't ask for anything else.

Just ask Levi Garrison to live.

With her financial resources, there is absolutely no problem in ensuring that a family is happy for a

Lifetime.

Zoey held Levi Garrison's hand tightly.

Levi Garrison smiled and said, "I will rely on you for the rest of my life!"

"No problem!"

Seeing the family so relaxed, Beishan (Benny Quinton) and amar swept away the haze.

Don't ask for riches and nobles, just be happy and stable.

"Dignified Erudia

God of War turned out to be a waste? It's ridiculous, hahaha..."Chapter 1202

" "

this became the biggest joke for a while!

Even Erudia's shame!

In the old days, it was the God of War that overwhelmed hundreds of overseas countries.

He is now a useless person, unable to move, and has to lie down for a lifetime, even in a
Wheelchair.

Overseas laughed.

This is even more humiliating than Levi Garrison's direct death!

But Levi Garrison was alive, and it was always a threat to some people.

What if he didn't really waste it?

However, after inquiring about it in many ways, they determined that Levi Garrison was really
Abolished.

Moreover, the last time Levi Garrison had left behind to fight hundreds of masters in one breath was already a big deal.

Killing him again, especially in Erudia, is almost impossible.

Messiah and even Ray were already paying attention.

As for the people or organizations that Erudia wanted to kill Levi Garrison, it was already exposed last Time.

They will never be exposed again.

At this time, Levi Garrison was the safest.

Of course it is limited to Erudia.

Putting everyone apart, amar said to Levi Garrison: "God of War..."

"Don't call me like that in the future, I have already given up the position."

Levi Garrison said.

amar said with a complicated expression: "Then I will call you the boss, but you will always be the god of war in my mind, and you will still be the god of war 's one hundred thousand iron army!"

"Boss actually you... you don't have to give up your position. Yes, you should tell you about the poisoning earlier, Ray will definitely not challenge it!"

Only he and Beishan (Benny Quinton) knew that Levi Garrison was poisoned.

Even if it is like this, it is because of the poisonous cause of the Blood King Palace.

Speak up earlier, Levi Garrison doesn't have to give up his position at all.

He is still the God of War, and he will never fall into such an embarrassing situation.

"It's useless, the other party came at me. Besides, I'm also tired for the time being and want to spend more time with my family."

Levi Garrison had a good mentality.

"Hey..."

amar sighed.

The former invincible king unexpectedly arrived in such a field...

cannot get out of bed forever...

After a few days of conditioning, Levi Garrison discussed with Zoey and returned to North Hampton.

After all, that's home there!

amar returned to his family under Levi Garrison's persuasion.

After returning to the residence, Zoey was delighted.

"This is good, the family is reunited!"

At least Levi Garrison will never disappear for no reason.

Levilia sits in Levi Garrison's arms and plays while Zoey and Emma are cooking.

A warm scene.

Levi Garrison smiled.

Easier than ever.

This kind of ordinary life is good.

A few days later, it was interrupted.

Aaron, Caitlyn and Meredith were all here.

"Zoey, what do you mean? Are you really planning to spend a lifetime with a disabled person?"

Meredith shouted.

"Yes, you said he can't move now, how can he be a good husband and a good father? When he was healthy before, he was a burden! Now he is disabled and can't move, it is a burden!"

Robert also roared.

This time, they have legitimate reasons to accuse Levi Garrison and Zoey for being dyed.

Aaron slapped the table and shouted: "Anyway, I will never allow my daughter to take care of a disabled person for the rest of my life!"

"Besides, would you like Levilia's father to be disabled?"

Aaron's words stopped everyone. .

"Of course I don't want to! It's just a handicapped one! If I hit him, he can't fight back!"

Logan kicked Levi Garrison.

There was a burst of colic, Levi Garrison's expression was painful.

Chapter 1203

Logan laughed and said: "Look, you can't move this disability! What can you do? It's better to raise a dog!"

Jennie also laughed: "Yes, a wild one. Dogs can still watch the door, what can this disability do?"

...

Everyone's words are getting more and more ugly.

Levilia cried, and cried in front of Levi Garrison: "You are not allowed to bully Dad..."

Emma also cried.

His son is not as good as a wild dog.

Too frustrated!

If his son is healthy and the God of War in Erudia, who would dare to say no?

Lying on the bed, Levi Garrison closed his eyes with a complicated expression on his face

“Enough!!!”

Zoey roared.

“You are not allowed to say that to my husband! No matter his physical condition, he is my hero

and the pride of me and Levilia! Even if he is only once brilliant, this is enough!”

Zoey shouted.

Levi Garrison came to him to fight for Erudia and the people blood.

The culprit framed...

Now even anyone comes to ridicule.

She can't stand it!

“Brilliant? Has he ever been brilliant? Don't take Morris Group to blame!”

Meredith asked directly.

“He is...”

Zoey just wanted to tell the identity of Levi Garrison.

You can think about it again.

That's all past.

It doesn't make any sense to tell them.

Maybe it will attract everyone's ridicule!

“What is he? Say, hehe, he now guesses that no one will agree to change a dog.”

Logan sneered.

“Okay, the thing is what you see, Levi’s physical condition is indeed like this. But me and the one who has taken care of him for the rest of my life, this is my answer!”

Zoey simply had a showdown with his family.

This is her attitude!

“Fuzzy, you are too confused! You can’t do things on impulse, don’t you think about the future?”

“Don’t say anything else, what will Levilia do in the future? Only mothers can go to a parent meeting, and others can ask Levi. What about Levi’s father?”

“Do you know how much a shadow Levi Garrison will leave on Levilia since he was a child? It can be said that having a disabled father will make Levilia unable to lift his head among his peers, and will be Poke your spine!”

“Yeah, that’s right, other children have their fathers taking them out to play. What about Levilia?”

Such a disabled father ca

n’t even get out of bed!” “Not to mention yourself, how much will you bear in the future? Infamy?”

Even your foster father has to bear infamy!”

...

Aaron and several people analyzed the key relationship.

Levilia clung to Levi Garrison's neck tightly, and she shook her little head: "No, I'm going to be with Dad, and no one can separate us! Humph!"

Meredith looked at Emma again and said, "Emma, , Other people's children are not sensible, are you not sensible? Your son has become like this, will he still come to harm Zoey?"

"If I were you, I would have taken him away long ago!"

Others accused one after another: "Yes, Meredith, you really have no good intentions! You just want to get rid of Zoey!"

"Your son is crippled, do you still have the face to continue to pester Zoey? It's really not something!"

"Get out of here!"

"Get farther away !" The better!"

In the end, everyone will drive Levi Garrison and Emma out.

"You say I can, but my mother can't!"

Levi Garrison's voice suddenly sounded.

All eyes are on him.

"What? Just say your mother, what can you do?"

everyone sneered.

"Emma, get out now!"Chapter 1204

"Boom!"

Suddenly everyone felt a cold breath.

A cold air intruded into the body, like falling into an ice cave.

The whole body was erected, and the blood coagulated.

Levi Garrison...

Everyone looked at Levi Garrison one after another.

He was angry.

It can still make people fear...

“What are you doing?”

Logan asked shiveringly.

“Big mouth pumps you!”

Levi Garrison said angrily.

But he struggled for a long time and couldn't move at all.

“

Get up!!!” Levi Garrison roared wildly, trying his best to reach the limit of his body, and he rolled down from the bed with a pop.

“Bang!”

Levi Garrison almost fell apart when he fell to the ground fiercely.

“Levi...”

Zoey and Emma rushed up anxiously.

“Hahaha...”

Seeing Levi Garrison’s miserable appearance, everyone laughed.

Everyone laughed at Levi Garrison mercilessly.

“That’s it, you want to hit me? Isn’t it funny?”

“That’s it? You can’t even get up? You want to protect your mother and children? You have to watch if I hit them!”

Logan and Jennie said It’s a laughter.

“You are too bullying!!!”

Zoey roared.

Logan sneered: “Zoey, I’m just showing you what will happen in the future.”

“We are a family, so naturally it won’t be so good. But the enemy is coming? Will they let you go?

Only relying on this disability to protect you? Why not have a dog!”

Logan’s words are ugly and insulting.

But every sentence makes sense.

If it’s not them, but someone else, what should I do?

What can Levi Garrison do?

Can only watch being bullied!

“Okay, let’s leave, grandpa and grandma! Don’t disturb them!” In the end, Caitlyn forced everyone to leave.

Meredith left in a hurry.

They really wanted to drive Levi Garrison and Meredith away.

But there was Old Man Lin behind Zoey, and they didn’t dare to do anything.

After all, Old Man Lin respects Zoey’s choice.

After Emma and Zoey carried Levi Garrison to bed, they both wiped their tears after turning their heads.

Too bully.

But nothing can be done.

If Levi Garrison is healthy, can he fall into this situation?

Impossible!

“Grandma, mom don’t cry, Levilia believes that father will get better!” The sensible Levilia wiped tears to the two.

Levi Garrison took a deep breath and said, “Yes, Levilia is right. Everything will be fine!”

“Yes, life has to look forward.”

Zoey cheered up.

Someone came here next.

It was North Hampton Garrison's family that surprised everyone.

"Hahaha, Levi Garrison really didn't expect you to be like this?"

"Isn't it the God of War? It's not going to be abolished?"

"It's really retribution. It seems that I was right to abolish your legs and feet eight years ago. God's will is so!"

Bryan laughed.

smiled presumptuously: "You do have the ability to be broken and thrown into jail, and you can still be selected? Tell me how your legs and feet were cured at that time?"

"Hahahaha... ..Did the prison have a genius doctor to treat you?"

"We can send you to the prison again, you go to the genius doctor for treatment!" The two were extremely happy.

After all, Levi Garrison ruined everything about them.

Now that Levi Garrison is down, they are more excited than anyone else. Chapter 1205

"He is now a useless person, and even Beishan (Benny Quinton) can't be cured. Who can be cured in this world?"

The adoptive mother laughed and said, "Maybe the prison is his home?"

Just when they insulted Levi Garrison mercilessly.

No one noticed that an imperceptible color flashed under Levi Garrison's eyes.

The corner of his mouth is even more intriguing.

"Levi Garrison came to us this time, not to do anything to you? I just want to tell you a truth, no matter what time a person should not overdo it, because one day may fall from a high position, such as you now!" "

now you, we do not want to bully, really, are not a stray dog!" "

I got him a stray dog it, it will chase bite me, How about you? move can not move! '

" Hahahaha..." In the

end, everyone in the family left the villa amidst triumphant laughter.

They left shortly after.

Someone is here again.

Several families in South Hampton.

They all came to mock Levi Garrison.

After all, he was stepped on by Levi Garrison before.

With this kind of opportunity, I will definitely step on it.

Then someone came one after another.

all the same.

When Zoey saw this, he could only comfort him: “Don’t worry about it, husband, this situation will definitely happen. The villain is looking for trouble! I have a foster father behind me.

They ridicule

and ridicule at most, so they don’t dare to do

anything.” Elder Lin pressed.

Otherwise, what Levi Garrison and the others had encountered was not this kind of verbal insult.

“boom!”

Suddenly the door was blasted open.

Dozens of people rushed in.

Headed by Lucas.

At the beginning, Levi Garrison deposed him into an eunuch!

” Levi Garrison, you have today! I didn’t expect it!”

“The dignified God of War will also fall? I didn’t expect one day to come to you for Revenge!”

Lucas was once abolished by Levi Garrison, and has been holding a grudge. .

Is there any way?

He stepped on the top 100 South Hampton giants.

He has been looking forward to a day of revenge.

This day, it turned out to be here.

He hadn’t thought of it anyway.

” Levi Garrison, Levi Garrison, you can’t move now, right?”

“I’m bullying your mother and your wife and daughter now, what can you do?”

“You can only watch!!!”

Lucas shouted wildly.

“Ka Ka Ka...”

The bodyguards behind him stepped forward one after another.

“I see who dares?”

Sylas (Wu Xiao) stopped in front.

She can be regarded as Levi Garrison backward, who has been by her side all the time.

“Can you stop us? It’s ridiculous!”

“Today, I am here to avenge Levi Garrison! I don’t care who is behind

Zoey , today I must take away something from Levi Garrison!” Lucas was crazy.

Sylas (Wu Xiao) was anxious, these few in front of him were all masters.

She can’t stop it.

It is too late to call reinforcements now.

Seeing Lucas came desperately.

Even if he offends Old Man Lin, he will hurt Levi Garrison.

Lucas even ordered: “You guys stop this woman, and the others will give me up. I want

Levi’s hands and feet, and I want him to become an eunuch!”

Lucas gave an order.

The dozens of bodyguards he brought moved.

Sylas (Wu Xiao) was quickly controlled.

“Hahaha, isn’t Levi Garrison desperate? Doesn’t it feel good to call Tiantian not and the ground is not Working?”

Lucas was smug.

“Give it to me!” The bodyguards were about to attack Levi Garrison.

“Really?”

came a cold drink. Chapter 1206

” “

a figure appeared along with the voice.

A long black dress, even his face was covered.

Levi Garrison smiled.

Unexpectedly, the person who came to save him at the critical moment turned out to be his former enemy, the God of War, Yama.

He was injured at the beginning, but after Levi Garrison sent someone to heal him, the God of War Yama disappeared.

Unexpectedly, it appeared at this time.

“Bang bang bang...”

Although the wolf country is a small country.

But the strength of Yama God of War should not be underestimated.

Soon Lucas and his party were all thrown out...

“Thank you...”

“

Zoey quickly expressed his gratitude.

“I respect the strong in my life the most, and the God of War is the person I admire the most!

Next I will always protect him, even if I lose my life!”

Levi Garrison didn't speak, but looked at him quietly.

“Hey!”

Sylas (Wu Xiao) sighed.

She understood that Levi Garrison was uncomfortable.

In the end, it was Yama God of War to protect him.

Very chilling!

The God of Yama is determined to protect Levi Garrison, even if he knows that the front is a dead end...

But with the God of Yama, there are a lot fewer people who find fault.

During the recent period, overseas has not been peaceful.

After Ray took the position of God of War, in just one week, he wiped out dozens of dark organizations.

He is creating momentum!

Everyone is afraid that he wants to kill overseas!

He was originally a cruel man by nature.

good results.

Ray's strength has also caused headaches overseas, including HOMO and Others.

After finally overthrowing Levi Garrison, another lunatic came.

Ray's reputation in Erudia has been rising.

All those who originally supported Levi Garrison now supported Ray.

Everyone only knows that the current God of War is Ray.

As for Levi Garrison, I have forgotten it!

Many people even made remarks against Levi Garrison...

"I said that the previous God of War was too conservative. Only if he was passively bullied

would he fight back!”

“How strong is the new God of War? See how good the effect is, those people are scared!”

“Yeah, that’s right! If the god of war of Shura took over the position of god of war of earlier, would Erudia be several times stronger than now?”

“It must be, that’s right. I was too optimistic about Ray because the last God of War was delayed!”

...

heard many comments and comments.

Levi Garrison just smiled indifferently.

There are very few people who can do “never come here when you are at your peak, and never leave you when you are down.”

At present, apart from a few women, there is only one person, Yama God of War.

Of course, except for his brothers and old friends like Beishan (Benny Quinton).

“You throw your head and sprinkle your blood on the front line, and the people you are guarding enjoy in the back.

When you are glorious, they pretend to support you!”

“When you fall into a trough, no one will remember your goodness! On the contrary, the one who was guarded by you is once protected.

People! They are the ones most likely to stab you!”

“Some people really don’t deserve to be guarded!”

Zoey smiled miserably.

Half a month later, Beishan (Benny Quinton) came to follow up in person.

The result was disappointing- Levi Garrison didn’t get any better.

It is a foregone conclusion that he will lie in bed for a lifetime.

“Hey...”

Beishan (Benny Quinton) looked at Levi Garrison with regret.

Misfortune never comes singly.

Beishan (Benny Quinton) just walked in front of the mountain.

The seven kills under Ray came to the door.

Levi Garrison smiled.

Seven kills are definitely not a good thing!

Even catastrophe is imminent...Chapter 1207

Qisha looked at Levi Garrison, then looked at several people in Zoey, with a hesitant expression on his face.

“Go ahead, don’t avoid them!”

Levi Garrison said.

During this time, Zoey's psychological endurance has been developed.

What else can't be endured?

Hearing this, QiSha said with a solemn expression: "I am here this time, two things."

"First, take the Great Seal back, you should have handed it over at the beginning!"

QiSha looked at Levi Garrison with cold eyes. .

Although Ray took the position of GOD OF WAR, the Great Seal was in the hands of Levi.

The Great Seal in the palm of your hand can command the Iron Brigade!

It is also a symbol of the status of God of War!

Levi Garrison nodded: "Okay, I can hand over the Great Seal!"

"Say the second thing!"

QiSha suddenly soared, and a domineering murderous aura enveloped the audience.

"Levi Garrison, do you know you are guilty?"

Seven Killers roared.

Zoey and the others were shocked.

How is this going?

Levi Garrison stared at the Seven Kills: "What's wrong with me?"

"Collaborating with the enemy and treason!!" The

Zoey and Sylas (Wu Xiao) went crazy after hearing this.

With Levi Garrison’s character, he would never do such a thing in death.

“Impossible...”

“Yes, something absolutely impossible...”

Everyone is anxious.

Levi Garrison hushed, motioning everyone to be quiet.

“What’s the reason?”

Levi Garrison looked at him curiously.

“The Palace of the Blood King was wiped out by you five years ago, and you haven’t left a Remnant?”

Levi Garrison nodded.

He did get rid of it that time.

“But why did the Blood King Palace reappear last year? How do you explain this?”

Seven Killers stared at Levi Garrison deadly.

“I...”

Levi Garrison couldn’t explain this matter.

He didn't understand why the Blood King Palace would reappear, and it was even stronger than Before.

"You don't know? But we know! It's all because of you!"

"Because you and the Blood King Palace are in the same group, you have betrayed Erudia and collided with the enemy overseas.

You didn't wipe out the Blood King Palace at all, it was you. Secretly concealing the news makes the world think that the Blood King Palace has been wiped out.

In fact, in private, the Blood King Palace has quietly developed, so it is stronger than before!"

"We have controlled all the evidence! You and the Blood King Palace conspired. All the evidence!"

...

Levi Garrison laughed when he heard the seven kills.

Sure enough, he made a fuss about the Blood King Palace.

Unexpected charges!

The key is that he is still unable to refute.

"If it hadn't been for Messiah's order this time, you wouldn't have gone to destroy the Blood King Palace, would you?"

QiSha sneered.

"Levi Garrison came to you for colluding with the Palace of the Blood King, causing serious consequences,

resulting in damage to many organizations! What should you be guilty of?"

Facing the question of seven kills, Levi Garrison no longer wanted to argue.

It's not useful at all.

This was planned by someone alone.

He can only wait to be beaten.

"What's the punishment for me?"

Levi Garrison asked with a smile, this is the most important thing.

"Your punishment follows, in view of the achievements before you make too! So do not give you

death, but sin inevitably live. From now on, you will be expelled from the big summer, you limit three

days to leave the big summer, otherwise forced to leave!"

Qisha Said coldly.

"Boom!!!"

Hearing this result, Zoey's mind seemed to blow up.

Was Levi Garrison expelled from Erudia for an unreasonable charge?

cruel!

It's so cruel!Chapter 1208

anyone can tell.

This is a conspiracy.

In order to expel Levi Garrison from Erudia.

Within Erudia, Levi Garrison could not kill him.

But outside of Erudia, isn't it left to be slaughtered?

Zoey smiled.

"I want my husband to be magnanimous all his life, and almost rushed to protect the mountains and rivers.

But in the end, he ended up like this. It's sad!"

"The unwarranted crime, in the end my husband couldn't afford a good reputation, and finally

ended up A charge of collaborating with the enemy and betraying Erudia!"

Zoey laughed loudly.

But it was so miserable and sad.

The former god of war turned out to be such an end.

No one thought of it.

Only worse, not the worst.

Qisha sneered; "The factual evidence is in front of us, what else can I say?"

The Blood King Palace is

the number one organization in the dark world, and it's all indiscriminate activities. Levi Garrison colluded

with the Blood King Palace and should be put to death.

in fact, no way to see some things thoroughly.

But now Levi Garrison has no right to let him pay attention, let him live and die...

Seven kills stared at Levi Garrison coldly; “I'm not here to ask your opinion, I'm here to tell you the Result!”

“” Where is the Great Seal?”

asked the Seven Kills.

“Zoey, give him the GOD OF WAR Great Seal!”

According to Levi Garrison's instructions, Zoey gave the Great Seal to Qisha.

Before the Seven Kills left, he warned again: “I only give you three days to leave Erudia! Otherwise, I will throw you out myself! You traitor!”

Soon, the news of the former War God colluding with the Blood King Palace to betray Erudia

Soon it spread throughout Erudia and the whole world.

The insults were overwhelming.

Levi Garrison became Erudia's biggest traitor!

Also the biggest sinner in history!

Even many people in Erudia are looking for Levi Garrison's residence and whereabouts.

Everyone wanted to throw rotten eggs at him and pour dung water...

"The traitor should get out of Erudia!!!"

"Hurry up!!!"

...

Hearing all kinds of abuse outside, Zoey's mentality completely burst.

There has never been such an uncomfortable and depressing day.

"What about Levi? Should we just be slaughtered like this? Can we only leave Erudia?"

Zoey asked.

Sylas (Wu Xiao) shook his head: "There is no other way but to leave now!"

"Sylas (Wu Xiao) is right, they are determined to let me leave. What we do is useless."

Levi Garrison was calm.

"Just left?"

Zoey felt unfair, too unfair.

Why?

"Leave for now!"

"Then let's go together!"

Zoey said.

“No! You stay in Erudia first, and wait until my side is stable, then pick you up. What’s more, you are safer in Erudia, protected by the Lin family.”

Of course, Levi Garrison refused.

“Aren’t you dangerous overseas? Can you stand a foothold?”

Zoey was very worried.

“I know that a small island is safe. I’ll go there first! Don’t worry, Yama is protecting me. It must be fine.”

“Besides, I’m a useless person. What threat can I pose to them? I’m too lazy to kill me.”

...

Levi Garrison was soft and hard, and Zoey agreed not to follow.

“Let’s leave tomorrow!”

Soon, the news spread-the former God of War will be expelled from Erudia tomorrow.Chapter 1209

overseas is completely boiling.

Lots of jokes.

Of course there are a lot of people ready to do it.

On an island, HOMO and a group of people gathered together.

” Levi Garrison, Levi Garrison, you have finally been kicked out of Erudia!”

HOMO smiled successfully.

It turned out that everything was his conspiracy.

As I said before, even a breath of Levi Garrison is a threat.

Now that he is still alive, it must be a thorn in the eyes of overseas enemies.

They must be removed before they can rest assured.

For Ray, the loser didn't deserve to mention anything. He found out that Levi Garrison had "evidence" of colluding with the Blood King Palace and immediately took measures.

"Levi Garrison will leave Erudia tomorrow. As long as we take a step in Erudia, we can do it, or even say it

They would be relieved only if Levi Garrison’s body was truly crushed.

Soon the next day came.

“You can rest assured in LEvi, I beg your foster father to send more than a dozen masters
to protect you! In addition, when you get there, you will take us over when you are settled!”

Zoey asked.

Behind her were more than a dozen masters sent by the Lin family.

In fact, she really wanted to leave with Levi Garrison.

But considering that the family followed, it was a burden, so she gave up.

“In addition, when you get there, the Lin family has arranged for someone to receive you. Don’t
worry, it’s okay!”

Zoey sent Levi Garrison into the car with tears in his eyes.

As long as Levi Garrison settles down, she will take the child and hurried over.

“Mom, don’t worry, Zoey, I will be back soon! Take good care of your children!”

Levi Garrison smiled.

The seven killers who came to urge Levi Garrison to leave sneered: “You can’t go back to Erudia in
Levi’s life! Let’s die this heart!”

“It’s better to be able to come back. If you can’t, we will be fine if we live overseas for a lifetime.

Yes ." Emma and Zoey were already crying.

"God of War was wronged..."

Sylas (Wu Xiao) couldn't help but roared.

Qisha sneered, and he looked at Yama War God: "If I remember correctly, this was once the Yama War God of the Wolf Kingdom?"

Why do you protect him by Levi Garrison's side at this time? Doesn't that explain the problem?

" Levi Garrison's heart is no longer in Erudia, and he has colluded with these people overseas."

"You..."

The words of the seven kills made Sylas (Wu Xiao) angry.

"Don't make any noise!"

Levi Garrison stopped.

At this time, even Yama God of War had become evidence of his betrayal of Erudia.

Finally, Levi Garrison left.

This kind of result is something no one expected...

Levi Garrison would have such a day!

The convoy went all the way north.

A long time later, the convoy crossed the northern border of Erudia and came to the border of Erudia.

There is an endless wasteland ahead.

Cold and bleak.

The seven kills were also personally delivered to the border.

” Levi Garrison, I’ll send you here, and it’s the most benevolent to you.”

“As long as you cross the border, it means that you will never be able to enter Erudia in this life, and you are not a Erudia!

Let’s do it for yourself!”Chapter 1210:

” ” is

desolate.

sad.

The god of war of the dignified state was actually expelled from Erudia...

Levi Garrison smiled and said: “Tell Ray and let him work hard for Erudia for the people!

If you

don’t do well, I will pull him down!”

Seven After the kill heard it, he smiled directly: “It’s just you?”

“It’s just that the master’s subordinates are defeated, you are also worthy? Hurry up!”

Seven kills seemed to hear the biggest joke in the world.

In your heyday, you weren’t my master’s opponent.

He has become a useless person, and want to pull him down?

How can it be!

Levi Garrison smiled at the corner of his mouth and let the team move on.

“Hold on!!!”

At

this moment, several private jets came.

After the plane stopped, a few people got off.

One of them was in a wheelchair and was pushed.

It was Tyrone Garrison.

Several people followed him.

“Have Levi Garrison ever thought of this day? How was your majesty behind the gate of the Garrison Family?”

Tyrone Garrison sneered.

“Even though I am in a wheelchair, I will stand up soon. How about you? You can only lie in bed for a lifetime!”

“No, I feel that as long as you step out of the border, someone will come and kill you.

There is no

chance to lie down on the bed!”

Everyone in the Garrison Family sneered, “Retribution, what a retribution!”

“Are you the masters of the Lin Family? You want to escort him? All back to me!”

Tyrone Garrison saw the masters of the Lin Family and directly scolded .

The dozen or so people said: “No, this is Miss Zoey’s order, we must follow it!”

“If you don’t come back, I will arrest your family when I go back... You come back, each will reward 10 million...”

Tyrone Garrison Use both threats and temptations.

These dozen top masters immediately withdrew.

“Hahaha...”

Everyone in the Garrison family smiled.

Now Levi Garrison was almost helpless.

There is only one Yama war god around.

“And you, don’t you come back? What good is it to accompany a disabled person to Erudia?”

“As long as you come back, I will directly give you 100 million!”

Tyrone Garrison tempted.

Seeing Yama God of War did not speak.

He continued: “One billion!”

“Three billion!”

“Five billion!”

...

Tyrone Garrison did not hesitate to spend high prices in order to drive Levi Garrison to a dead end.

“Boom!!!”

The roaring engine sound could answer him.

The God of Yama directly drove away, and instantly crossed the border of Erudia.

The God of YAMA chose to guard Levi Garrison at this time, so naturally he didn't like this little money.

“

Hahahaha ...” Tyrone Garrison smiled immediately.

The Garrison family also laughed together.

Levi Garrison was surrounded by a person to protect him, and then his path was perilous.

” Levi Garrison, Levi Garrison, have you ever thought of this day? You are worse than a stray dog!”

Tyrone Garrison said straightforwardly in his heart.

This is even more refreshing than killing Levi Garrison.

Seven Kills shook his head helplessly.

A generation of God of War has fallen!

Lying in the car, looking at the far away Erudia border.

Levi Garrison has many thoughts.

“Don't think too much about the God of War, I understand your feelings! The feeling that you can never return home!” The

God of War smiled miserably.

“It's okay with you, at least your wife, children and mother will come to accompany you. We will

settle down first.”

Seeing Levi Garrison’s gloomy look, Yama War God comforted him again.

Levi Garrison smiled and said, “The next thing is going to be crisis-ridden, how about stability?” As soon as his voice fell, Yama’s expression changed.

Because someone showed up right away. Chapter 1211

” ” is

not a group!

Looking at the dust and traces swaying in the desert, there are at least seven or eight forces.

The God of Yama immediately became nervous: “Don’t worry, I will save you if I give my life!”

Levi Garrison smiled and said, “Maybe it’s not an enemy!” He just left the border of Erudia.

The enemy would definitely not dare to do it.

Soon, the seven or eight forces came to Levi Garrison almost together.

Seeing the familiar face, Levi Garrison smiled.

“Jonah Garrison brought 19 people to protect the God of War!”

Jonah Garrison and the master knelt on the ground and said loudly.

“The four kings of Nanhongmen and the six slaves came to escort the God of War!”

Khalid, Saeed, Omar and Rashid and the six masters all knelt on the ground

“South Hampton Osborn and the three great heroes came to protect the War God!”

Osborn, South Hampton’s three great heroes and Monk also knelt to the ground.

These were all Levi Garrison knew.

I don’t know the others.

“North Hongmen Tianlong, Sirius, Tianhu, and Tianbao are here to protect the Kunlun God of War!”

“Nineteen people from the Ling family in the capital, come here to escort the Kunlun God of War by
the order of the young master!”

“The God of War, you shed blood and tears for Erudia, but you were framed by an adulterer! You ended up like this. This departure must be extremely dangerous. I am waiting to come here to escort you!”

“We are all rude people, we don’t know much, but we can admire you in our hearts !” “You have the prosperity and stability of my great summer, and you are the only GOD of war in our minds.” God of War!” everyone shouted passionately.

Levi Garrison smiled.

In the end, it turned out to be a group of “rough people” who were immersed in the atmosphere of the rivers and lakes to escort him.

“Then you know that the journey is extremely dangerous, it is very likely to lose your life! It is very likely that no one can survive!”

Levi Garrison said.

“Haha, now that we are here, we will be ready. What’s more, none of my Erudia boys are afraid of Death!”

“I will wait, only one day-God of War, you can recover physically and rise again! Kill the enemy! Kill!

Traitor! Protect my Erudia Mountains and Rivers!”

Everyone at the scene knelt on the ground, shouting together.

“Okay, I, Levi Garrison, thank you!”

” Come over there, as long as I go to the designated place, I will be fine!”

Levi Garrison said.

“I will do my best to escort the God of War to a safe place!”

everyone shouted.

Jonah Garrison asked, “God of War, will we have too much goals when we set off together?”

Levi Garrison shook his head, “It’s useless. When you show up here, everyone has been targeted!

Nothing to disperse or change other routes. Use it!”

“Okay, then we will fight, and swear to the death to escort the God of War to the designated Location!”

Jonah Garrison roared.

Levi Garrison was right.

Their every move is under HOMO’s control.

No matter how you go, it is impossible to escape.

There is only a positive response.

“Okay, Levi Garrison and the others are here, everyone is ready, it’s time for him to take action!”

Watanabe Tianyi’s expression became serious.

Mentioned this person, everyone in the room took a sigh of relief. Chapter 1212

“Go, follow him to the North Desert Prison!”

HOMO said together.

At this moment, they are located in the North Desert on the border with Erudia.

North Desert is the destination that Levi Garrison is coming to.

In the depths of the North Desert, in an inaccessible area, there is a mysterious prison.

There are many vicious existences

Everyone slaughtered thousands of people at every turn.

The person HOMO was looking for was the strongest prisoner in Beimo Prison, not one of them.

This guy killed tens of thousands of people without saying.

The real murderer.

It is said that he comes from an isolated race.

They eat all kinds of animals raw, even humans...

don't know what his name is, only has a nickname-death.

Back then, dozens of countries including Yang Kingdom, Xing Kingdom, and North Desert dispatched thousands of masters and tried all kinds of methods to capture him.

The most terrifying thing is his evaluation of combat power-Grand Master!

God-level masters are hard to encounter, let alone a powerful master-level expert.

Soon, Watanabe Tian and the people came to Beimo Prison.

The prison is heavily guarded, with tens of thousands of soldiers guarding it, and heavy weapons...

In the deepest part of the prison, there is a single room where the god of death is being held.

The special alloy door is two meters thick and weighs hundreds of tons.

As soon as they arrived here, everyone felt a sense of horror. The temperature here dropped suddenly, and many people fought a cold war.

Don't even dare to move forward.

Everyone stopped thinking of the various legends of death.

Tianyi Watanabe glared at everyone: "Useless waste!"

He came to the private room alone and opened the alloy door.

"Boom!"

A terrifying and domineering aura burst out, almost no one took off.

In a small single room, a person is locked with dozens of chains.

Do not.

He exudes the breath of wild beasts.

The man slowly raised his head, and his eyes shot out two cold glows from his messy long hair.

HOMO felt his throat pinched.

"What's the matter with me?"

the man said hoarsely.

The sound was as dull as a beast.

"Give you a chance and give you freedom!"

HOMO calmed down his emotions.

“Huh?”

Reaper looked at HOMO in surprise.

He has been locked in this dark place for four years.

Give him freedom?

“Kill someone, and you will be free!”

HOMO looked at him calmly.

Hearing this, the god of death laughed: “I’m not afraid that I will bring you disasters after I go out?”

Once a god of this level returns his freedom, he will never be able to control it.

It’s too difficult to catch it again.

Not to mention he will not be obedient.

“Don’t be afraid, first, I will let you drink the special poison; second, the killer is Erudia’s God of War!”

HOMO joined together.

When Levi Garrison was mentioned, the muddy eyes of Death suddenly lit up.

“I promise!”

He agreed without hesitation.

After HOMO gave him a special poison, he set him free.

Not just death.

The other vicious prisoners in the prison were all set free by HOMO in the same way.

“Go, bring me back the head of Kunlun God of War! Hahahaha...”

HOMO said with a big smile.

Grim Reaper left Beimo Prison with hundreds of wicked people.

This is a group of murderous demons.

Their appearance represents destruction and disaster.

HOMO and the others did not hesitate to release such a group of murderers, they also wanted to kill Levi Garrison!

It shows how hate Levi Garrison is!

Use all the prisoners in a Beimo prison to kill Levi Garrison.

It's horrible!Chapter 1213

other side.

Levi Garrison and his group are speeding on the endless desert.

They want to reach a small town designated by Levi Garrison as quickly as possible.

Once there, he is safe.

Along the way, no one was disturbed at all.

This made Jonah Garrison and the others feel that no one was coming.

Think about it, Levi Garrison has now become a complete waste, and has also been expelled from Erudia.

What threat can there be?

It is no exaggeration to say that a five-year-old kid can kill him.

Does it take several countries to deal with it?

Thinking of this, everyone breathed a sigh of relief.

This is good, at least everyone's goal has been achieved.

Levi Garrison is safe.

God of War, we are about to enter a small town less than 30 kilometers away from the location you specified!”

“We are basically safe to pass through this town!”

God of War said.

“Okay, tell everyone to be careful. I always feel something is wrong!”

Levi Garrison reminded.

His right eyelid kept twitching.

And looking at this town, the atmosphere is gloomy, there is no anger, and there is no one outside the town.

Levi Garrison still couldn't move at this moment.

It's not that he has any tactics or pretends.

He really can't move for the time being.

He was really worried about something.

He didn't want any accident in the escort crowd.

Soon, the convoy entered this small town.

The town is not big, only a three-kilometer main street.

“Chih!”

Because he saw a terrible scene-the main street was full of corpses, blood was flowing everywhere, the pungent bloody smell was nauseating...

These lying corpses, old women and children.

It seems that a town is not alive.

” God of War, this town should have been slaughtered just now!”

Yama God of War took a deep breath.

“Beast...”

Levi Garrison scolded.

Although these people are not Erudia.

But Levi Garrison didn’t want to see the death of innocent people...

“Be careful, let’s move these corpses quickly and quickly pass through this town!”

Jonah Garrison said.

The corpses were piled up in mountains, blocking the way, and they had to be moved.

“Hahahaha...” At

this moment, wild roars and laughter came out.

Silhouettes appeared around.

They are ragged, their hair is messy, and they all look like primitive people.

The most terrifying thing is that they exude a breath of terror.

There are many god-level masters among them.

One by one, with red eyes, staring at Levi Garrison's motorcade.

"I'm in big trouble!"

Everyone took a breath.

As soon as they came into contact, everyone understood how terrifying these lunatics were.

"Take the head of the God of War!!!"

This group of murderous madmen who came out of Beimo Prison rushed to Levi Garrison like a Madman.

"Brothers listen to me, and protect the God of War to the death!"

"My God of War in Erudia Town must not fall here!"

"Fight!"

"Kill!"

Both sides went crazy, and soon fought together.

"Hate!"

Levi Garrison roared.

Everyone is fighting desperately for him.

He can't even move!

Hate it!!!

Levi Garrison was so anxious to die!

He doesn't want anyone to fall down!

But he can't move.

Levi Garrison remembered and wanted to kill the enemy.

I want to be with everyone... but

he can't move!

The most anxious thing in this life is this moment.

In a building not far away.

Reaper's eyes were staring at the battlefield.

The corners of his mouth were full of blood, and he carried a bloody piece of meat in his hand. He didn't know what animal it was. Chapter 1214

"Hey, it's a pity that you Levi Garrison has become a useless person. Why should I do it myself?" After learning about Levi Garrison's situation, the god of death has no interest at all.

Like Ray, what he wanted to kill was the pinnacle of Levi Garrison.

In his opinion, other people were more than enough to kill Levi Garrison.

He is not qualified to be his opponent at all!

Reaper no longer pays attention to the situation in the field.

Rather, it was biting a piece of raw meat, and blood was spitting out...

As soon as the two sides in the field touched, sparks splashed everywhere.

The opponent is strong and crazy.

The masters who escorted Levi Garrison were not bad either.

The other party is for killing, they are for the faith in their hearts.

When Jonah Garrison entered the field with a knife, Levi Garrison's eyes were moist.

Jonah Garrison buried half of the people in the soil and was fighting for him.

Most of the people present are strangers.

But they all fought for him!

Even if wounded and killed in battle, everyone has no regrets!

Just for the justice in your heart!

Just for Erudia!

Levi Garrison's face twitched.

Hate it!

I only hate being physically disabled and unable to move, unable to carry the Erudia sword!

“

Kill, kill, kill !!!” Jonah Garrison led the people to the front, master guarded around, like a tiger descending the mountain.

The four great heavenly kings of the north and south Hongmen and the four great masters of the heavenly dragon, cooperated in tacit understanding, rushed into the enemy, and killed a large area.

Other masters also showed their abilities.

Everyone will securely guard the car carrying Levi Garrison.

Seven or eight people moved the corpse in front, and the God of War Yama drove along step by Step.

Everyone is moving while fighting.

“Puff!”

“Puff!”

...

Soon there were casualties, and the figures were thrown high and fell heavily to the ground, instantly losing their breath.

These people are masters sent by the Ling Family!

Blood splashed in the field, and people kept falling down.

Both sides suffered heavy losses!

The car carrying Levi Garrison only traveled about ten meters.

Although the corpses piled up on the street were moved away.

But there were hundreds of murderous madmen guarding him, and he couldn't move forward at All.

If you want to leave this town, you have to blaze a trail.

“Brothers rush to me!!!”

This is the Forty Erlang of the Eastern Frontier War League, they roared and stormed the front line of defense.

Soon they were submerged, bloody arrows shot one after another, and fell one after another...

After a while, no one stood...

miserable!

heroic!

But he tore a hole abruptly!

"It's time for us!"

This is the eighty nameless people in the west.

They are either retired fighters, hunters, or fighting coaches...to

put it bluntly, they are a group of ordinary people.

They organized spontaneously, just to protect Levi Garrison.

Eighty people rushed into the enemy crowd.

"Kill, kill, kill!"

"Brothers desperately want to escort the God of War away!"

Eighty ordinary people are also eighty tigers.

"Chi!"

"Chi!"

"Chi!"

.....

Blood ran across the wild, corpses.

Eighty i used flesh and blood to expand the opening of the war alliance until it was

opened!

The hundreds of murderous demons on the opposite side were stunned.

Obviously many of them are just a bit of three-legged cat kung fu, but like wild beasts, they bit their defenses.

This makes them unimaginable!

What happened to these people?

Like madness, resist with his own flesh and blood.

“Puff!”

“Puff!”

...

“Be sure to send the God of War!” After

all, the 80 unknown heroes of the Western Territory were too far apart in strength, and eventually all fell in a pool of blood. Chapter 1215

As the last person fell, the Western Territory Eighty Erlang died in a foreign country in battle.

Levi Garrison shed tears!

Good job!

All heroes!

At the same time I hate myself more!

Why can't I move?

Let someone protect it?

He also wanted to fight.

He didn't want any more casualties.

The heroes of the East and West have all fallen.

However, the passage in front of the street was completely opened.

The masters of the Northern Heavenly God Fighting Club and the Southern

Everyone escorted Levi Garrison forward one hundred meters.

He glanced at it and yelled: "A bunch of trash!"

He continued to bite the raw meat... On the street, the bloody battle continued.

Hundreds of murderous demons are simply unimaginable.

The combat effectiveness of this group is much worse than theirs.

But everyone is desperate, like a madman, like a beast.

Fierce and scary!

Many murderers are scared!

Why are they so desperate?

Just for a waste person?

Just for a traitor?

Just for the current Levi Garrison to pay for his life?

does it worth?

This is a question of belief, this is Erudia's unique feelings.

Incomprehensible to others!

"Kill!"

"Kill everyone! We can escape!"

Jonah Garrison held his saber to kill his eyes.

The Tang Sect masters made strange moves one after another-hidden weapons, poison, and gunpowder hit the opponent off guard.

The masters of the North and South Hongmen are even more swift, head-to-head against each other.

The three great heroes of South Hampton and Monk Dragon and Tiger are also super powerful!

Although he suffered heavy losses on his side.

People keep falling down.

People keep getting injured!

But finally suppressed these murderous madmen in Beimo Prison from the momentum.

“Bang!”

“Boom!”

“Quiet!”

... the

fighting continued, and the bleeding continued.

The gray-haired Jonah Garrison already had dozens of wounds on his body.

Although none of the nineteen masters died, all of them were injured.

One of them broke both arms, and he didn't groan, and one dragged a stubborn leg to continue fighting.

Others have suffered casualties more or less.

It's all Erudia Haoerlang!

a!

Jagged!

The effect of the price of such pain is that the murderers on the opposite side are almost all killed.

On the street, there are corpses everywhere.

The mad demons in Beimo Prison are just like an eagle catching a chick.

How come these chicks fight eagles and even slay dragons!

“Come on? Come again?”

Jonah Garrison roared with his saber, staggering and almost falling to the ground.

He fought to the end!

“Come on, I will kill as many as you come!”

Khalid and Omar were completely blushing.

The blood of the spear and the long knife in his hand was ticking and flowing non-stop.

“Ah! Run!” The

remaining dozens of murderous demons were scared away...

this is unimaginable!

Who will believe it?

The murderous madmen who killed thousands of people would be scared away...

“Trash! All trash!”

Death appeared at the other end of the street.

“Bang!”

He slapped a runaway traitor on the head.

The head exploded immediately...

“Bang!”

“Uh...”

Along the way, all the murderous madmen who escaped were killed by him. Chapter 1216

Jonah Garrison laughed.

They withstood it!

They can kill as many people as they come!

“Brothers have worked hard!” As

soon as Levi Garrison finished speaking, his expression changed.

Because he felt a terrifying breath...

“Boom!”

Suddenly a strong wind swept across the street, with a large bloody pungent smell, and bursts of fallen leaves...

Jonah Garrison and the others were startled. The smile on his face was gone.

Because everyone feels a fear from the depths of the soul.

The hairs all over his body stood up, a chill rushed from the soles of the feet to the sky, the scalp was numb, and the blood was frozen.

People haven't seen it yet.

The fear has arrived.

He suddenly wakes up like a beast that has been sleeping for a hundred years...

Gradually, a figure appeared in front of the street.

It looks almost the same as the previous ones.

It's just that he chewed on raw meat, bloody appearance,

Make him look like a cannibalism.

“It's him!”

Levi Garrison's expression changed.

Think about it, too, dozens of countries cost thousands of masters to catch it.

And the loss is so great.

It's too difficult to face this guy.

“Go, everyone, hurry up!”

he yelled quickly.

It's a pity.

As long as another thirty kilometers pass, he will be safe.

He can deploy everything next!

Only a short distance away!

"No!"

"God of War, we are leaving now, where can we put this old face?"

Jonah Garrison smiled.

"Yes, we leave, I don't know how many people will be pricked in the backbone!"

"We are not afraid of death, even if we die, I will bite off a piece of his flesh!"

"War! We must escort the God of War to the designated location! If you don't believe it, so many people can't kill him!"

...

Levi Garrison's words stimulated everyone.

No one flinched!

Levi Garrison bit his lip tightly.

He really didn't want to see casualties!

Grim Reaper said hoarsely.

He threw away the raw meat and walked over step by step.

"Brothers, kill him!"

"Hahaha, slaughter a great master-level powerhouse ! It's also a matter of pride!" Jonah Garrison and others laughed.

Everyone is high-spirited!

"You still treat me as the god of war, and hurry up to listen to my orders to leave!"

Levi Garrison really didn't want to see everyone shed blood and sacrifice.

Everyone looked at each other and smiled: "God of War, we will listen to your other orders, but we won't listen to this order!"

Before Levi Garrison could say the next sentence, someone acted.

Jing family in the capital will fight first!!!" "The Qin family in the capital will fight first!!!"

There were only forty people left on both sides, but they rushed forward without hesitation.

Forty masters slashed the god of death with a sharp blade with a long knife in their hands.

In the end, Jonah Garrison, Osborn, Monk , and dozens of masters from South Hampton and YAMAGod of War escorted Levi Garrison away.

All the others stayed behind and were responsible for haunting the god of death.

“No! Don’t leave them!”

Levi Garrison remembered shouting.

He knew better than anyone what it meant for these people to stay.

But everyone escorted him earnestly and didn’t give him any chance.

“Your opponent is us!”

Khalid smiled, and the four heavenly kings stopped the god of death together.

“Kill!”

All the people present rushed towards the god of death.

It’s best to kill him.

If you can’t kill it, just haunt him!

“Dead!”

Death said coldly, twisting the neck of the person who rushed forward.

“Bang!”

“Bang!”

“Bang!”

.....

Everyone's tricks hit the god of death one by one, it's useless at all.

As if hitting the hardest metal.

It is rumored that the death god is not afraid of bullets, and even bombs will not hurt him much.

Therefore, more than a dozen countries spent a lot of effort to catch him.

This can't kill at all!

It's terrifying!

"Boom!"

"Boom!"

every time the god of death hits, it must be death.

"Puff!"

"Puff!"

"Puff!"

... But

death was too strong, almost ignoring all attacks.

The hidden weapons, poisons and other methods of Tang Sect masters were all ineffective against Him.

The Tang Sect masters all fell down, and many of their bodies were cut in two.

All the six major servants fell down, and there was no complete place above and below their bodies.

“Brothers! Kill him! Desperately, I will haunt him!” the rest of the people shouted.

But death is too strong!

All under the grandmaster level are ants.

An indiscriminate slaughter... the

Khalid died.

Saeed died.

Omar died.

Rashid died.

... The

streets are cold.

The world is bleak.

This battle is tragic. Chapter 1218

” ” the

whole army is wiped out!

In a short time.

All the people who stayed here to stop the god of death died.

None of them are alive!

They are all good!

No one flinched!

Just for the moral conviction in my heart.

For the feelings of Erudia.

Even if he died, he would not hesitate.

“A group of ants are also worthy to stop me?”

Death smiled.

So many masters only blocked him for twelve minutes.

How far can a person run in twelve minutes?

But when he was about to step forward to chase Levi Garrison.

His face changed.

Because he can't walk.

He looked down, although Khalid these people were dead.

But his hands tightly hugged his legs, his ankles.

Especially after death, the body became stiff.

So I hold myself tighter.

The god of death couldn't move.

Their arms and hands seemed to be frozen on his legs.

Even if they died, they still had to entangle the enemy to buy time for Levi Garrison.

This is the bloody nature of Erudia!

Even life and death are arrogant.

"Get up!"

Grim Reaper roared angrily, a force burst out of his body, shaking everyone to pieces.

"Levi Garrison, you can't escape from my palm!"

Death chased after him.

Less than fifteen minutes.

Although very short.

But this is everyone's life in exchange for it!

This time is priceless!

Everyone rushed to the designated town.

time is life!

Everyone can already imagine the fate of the remaining Khalid and others.

Reaper, a master-level powerhouse, is really invincible.

“There are still three kilometers!”

Yama God of War calculated the distance.

Everyone saw hope.

Although I don't know what's in the town ahead.

But Levi Garrison said that as long as it arrives, it is safe.

This is everyone's hope!

“Boom!” But

suddenly a big rock flew from the side and hit the car with a bang.

Had it not been for the quick response of Yama and the God of War, I was afraid that the car would be overturned.

When everyone reacted in a hurry, there was already one more person in front of them.

grim Reaper.

He came too fast.

They stopped before Levi Garrison arrived.

“Boom!!!”

Seeing the god of death, everyone's mind was buzzing, and it was blank for a moment.

The appearance of the god of death means that the remaining brothers are all dead.

None of them are alive!

“The good ones are all good ones!”

“None of my Erudia

boys is a bogus !” Jonah Garrison yelled.

“Brothers are good, we will avenge you!”

everyone shouted.

“I, Levi Garrison, owe you! When I recover the day, I will surely kill all the participants behind the Scenes!”

Levi Garrison’s eyes turned red and he gritted his teeth and roared.

He really hurts!

In this life, he will fight for Erudia and protect the country.

The purpose is to prevent the people of Erudia from being bullied at all.

So many people have fallen for him now.

How could he bear it?

“Don’t worry, you don’t have that chance! Because you will die!”

Death sneered.

“YAMA must escort the God of War out, let’s stop it!”

Jonah Garrison frowned, staring at the God of Death.

The rest of them are determined to die and fight death to the end.

YAMA God of War glanced at everyone and was about to drive away.

“Boom!”

Reaper suddenly moved to the front of the car and banged his foot.

“Crack!” The

front of the car burst directly.

This foot can be called a world-shaking weeping.

The front of the off-road vehicle was shattered with a kick...

“Puff!”

Yama God of War was even more injured!

“Don’t even want to leave!”

Death looked at the crowd and sneered.

In his eyes, everyone was dead.

“Kill!”

Jonah Garrison and others hurriedly killed them.

Had death tightly.

“YAMA ran with God of War!”

Jonah Garrison roared.

Hearing this, YAMA carried Levi Garrison on his back and ran away.

Reaper just smiled contemptuously.

Under the master are all ants.

These people don't want to stop him!

"Bang!"

"Puff!"

"Bang!"

"Puff!"

...

Osborn and dozens of masters, he slapped one to death.

In less than thirty seconds, he shot them all to death.

Levi Garrison, who was carried by YAMA on his back, watched the unknown brothers fall down one by one.

"I

fought with you!" The gray-haired Jonah Garrison picked up the long knife and slashed down fiercely.

"Bang!"

Reaper just grabbed his neck.

"Kacha!" It

squeezed hard and broke...

"Boom!" The

god of death threw Jonah Garrison up, punched through the body, blood bursting.

Jonah Garrison threw out dozens of meters before landing on the ground.

Before Jonah Garrison swallowed his breath, he squeezed out his voice: “Be sure to fight for protection...”

“Puff!”

“I’m fighting with you!”

The three great heroes and Osborn raised the sword and rushed up.

But the result...

Osborn died.

South Hampton’s three great heroes are dead!

Everyone is holding a long knife, even if he is dead, he doesn’t want to kneel down.

“Bang!”

“Bang!”

Only Monk remained in the field.

The two are considered the strongest among this group of people, and they belong to the category of god-level powerhouses.

The two can still break their wrists with the god of death.

“Bang!”

“Bang!”

The iron rods in the hands of the two hit the god of death, and they were able to force him back.

“Die!”

Two cold glows shot from Death’s eyes.

“Kacha!”

“Kacha!”

He unexpectedly broke Monk 's iron rod.

“Puff!”

“Puff!” The

two monks beaten out, and a blood hole appeared in each of their bodies...

So

far!

The hundreds of people who came to escort Levi Garrison were wiped out.

No one survived!

All died on the way to charge!

But much better than those insidious noble hypocrites!

They can all stand up in front of all right and wrong.

“God of War is coming soon!”

The God of Yama has already seen the town ahead.

Only one hundred meters left.

Yama God of War is still sprinting with all his strength.

Levi Garrison, who was carried upside down, saw the god of death chasing after him.

His speed is really fast.

In a blink of an eye, he caught up with them.

Seeing only a few tens of meters away, Yama War God was unwilling.

Just one step away!

“Aren’t you from the wolf kingdom? You still need to protect your enemies?”

Death said slowly.

“You don’t understand a killing machine, God of War is the person I admire the most...”

Yama War God suddenly confided in his heart.

With the effort of speaking, Yama God of War suddenly threw Levi Garrison out.

“Bang!”

Unbiased, Levi Garrison was thrown to the entrance of the town.

“You’re looking for death!”

Reaper knew that he had been fooled, and he roared and rushed towards Levi Garrison.

“Bang!”

But Yama God of War rushed forward, clinging to Death God’s waist tightly, not allowing him to move forward.

“Dead!”

“Bang!”

“Bang!”

“Bang!”

.....

Reaper slammed a fist on the waist of the God of War with an aura of death.

“Puff!”

...

Yama’s God of War gurgled with blood.

But he smiled.

“Brothers, I have completed the task!”

he shouted.

The god of death smashed him into flesh with dozens of punches.

Levi Garrison could only watch...

“What about entering the town?” The

god of death looked at Levi Garrison. Chapter 1220

” it.”

“You are wiped out. You have done so much. Isn’t it useless?”

“Doing so much for a cripple, a bunch of idiots!”

Death smiled.

Not to mention entering the desolate town of North Desert.

Even if Levi Garrison returned to Erudia, he could kill it.

So he felt that Yama and the God of War were all fools.

Do something useless.

In the end, the sacrifice was nothing.

Lying at the entrance of the town, Levi Garrison looked sad.

This was the most helpless moment in his life.

Witnessed a group of people to die for him.

He could do nothing but watch.

Hate it!

He wanted to scream, but his voice was hoarse, unable to yell.

He wanted to kill, but he couldn't move his body.

These acquaintances and strangers, the kindness to him is overwhelming, and he is really hard to pay one in ten thousand.

Only revenge! ! !

Reaper's eyes fell on Levi Garrison, walking towards him step by step.

At a distance of 100 meters, the god of death almost came in a blink of an eye.

Seeing Levi Garrison who was unable to move on the ground, he smiled.

"Is it useful to die so many people? It's not as useless!"

Death sneered.

Levi Garrison stared at him fiercely: "You are going to die!"

" Hahahaha ...I will believe it? There are still people in the North Desert who can kill me?" It's

not that Death is bragging, so many people can't catch it. Live him.

Not to mention killing him...

"Levi Garrison is dying!"

Death God's palm was like a mountain, pressing down horizontally.

"Boom!"

But at the very moment, a booming sound burst into the air.

"Bang!"

Death encountered a terrifying force in his chest.

"Puff!"

He was beaten out instantly, vomiting blood in his mouth.

"Shit!"

He withdrew ten steps before stopping.

There are already dense cracks under the feet.

He looked incredulous.

The clothes on his chest were shattered, leaving a blood-red fist mark on his chest.

You must know that the body of the god of death is known as invulnerable.

There are so many masters in front, they just didn't leave a mark on him.

Now

he left the mark with a punch... Without giving him a chance, the figure in black deceived him.

“Bang!” A

violent punch blasted open.

“Looking for death!”

Death was not afraid, and also punched.

“Boom...” As

soon as the two sides handed over, it was earth-shattering, like a cannonball falling, roaring.

“Kacha...” But in the

next second, Death’s entire arm burst open, and flesh and bones burst everywhere.

Incredible!

The god of death never expected that his hard as iron body would explode...how

strong was the opponent?

“Bang!”

“Bang”

“Bang!”

“Uhhh!”

“Uhhh!”

“Uhhh!” The

opponent did not give Death any chance to react, but another punch.

Death’s chest collapsed, and blood was flowing.

Most of the shoulders sank directly.

But this is just the beginning...

“Boom boom boom...”

The man didn't show any mercy at all, and his fist hit the god of death like a storm.

“Puff puff puff...”

Death's body exploded one blood hole after another.

In the end, his torso was completely torn apart.

He was hurt alive.

The god of death fell down and still hasn't reacted yet. How did he die?

He is invincible.

He is invincible in North Desert.

Dozens of countries can join hands to grasp, why is being beaten to pieces and falling apart at this moment...

This man is short in stature, dressed in black, and has a black mask on his face.

The mask is half a devil and half an angel.

At the same time, countless people in black came out of the town, dressed in the same fashion as Him.

“Boom!!!”

The people in black suddenly knelt towards Levi Garrison.

Chapter 1221:

“Welcome to the lord!!!”

Thousands of people shouted, shouting loudly, and moving the mountains and rivers with anger.

“

His Royal Highness , let me kill them all!” The short man who had just beaten Death to death took a step forward, half-kneeled on the ground, and asked.

During this period of time, Levi Garrison’s encounter with them was clear.

It’s a pity they can’t make a move!

Without Levi Garrison’s order, they could only live in the shadows and would never show up.

“Ask the Lord to order!!!”

Thousands of people asked.

Who are they? ? ?

Yes, it was Levi Garrison’s person.

But nominally it has nothing to do with Erudia.

It was the organization that Levi Garrison left behind and quietly established overseas.

Named LEvi's Squad!

The purpose is to prevent all kinds of unexpected situations that will be encountered in the future.

The responsibility of this organization is very clear-to defend Erudia.

It's just in the dark, always ready.

If there is an emergency, the LEvi's Squad will surface.

If not, LEvi's Squad will never appear.

Of course, the LEvi's Squad does not belong to Levi Garrison's private organization, but actually belongs to Erudia.

However, for the sake of confidentiality, this is independent, and there is no connection with Erudia.

At present, apart from Levi Garrison, only one person in Erudia knew...

Even Azure Dragon and others didn't even know the existence of such an organization.

The thousands of members of the LEvi's Squad have one characteristic-they have no name and no surname, and their files are blank.

No information about them can be found in Erudia.

Unlike Levi Garrison's confidential files, they just don't have any information at all.

They are a group of people who have disappeared and evaporated.

In this world, there has never been the same.

It can be said that if there is no appearance of Levi Garrison, they can only live in the dark for their entire lives.

To activate the LEvi's Squad, the conditions are extremely harsh.

Two instructions are required.

Levi Garrison had one in his hand, and the other in that man's hand.

Two commands must be issued at the same time to remotely start the LEvi's Squad.

But in Erudia, with Levi Garrison's experience at that time, it was impossible to find another person, let alone get instructions.

The only way to activate the LEvi's Squad is for him to come to the LEvi's Squad in person.

But hope is slim.

Yama war god would definitely not be able to escort him here.

At that time, Levi Garrison was almost desperate.

But daughters of Robert appeared.

With flesh and blood, escorted him here.

"Brothers, you will not die in vain, I will avenge you!"

Levi Garrison said coldly.

He wanted to pick out Mr. Fu one by one.

No one can escape.

At this time, three more people, two men and one woman, stepped forward and knelt before Levi.

“East Heavenly King, West Heavenly King, and Southern Heavenly King of LEvi’s Squad visit the Master!”

And who was the shorter one just now, he was the Northern Heavenly King.

The composition of the

LEvi’s Squad is-the Lord and the Four Heavenly Kings are the highest.

The remaining members are divided according to strict rules.

The Eastern Heavenly King is in power.

The king of the west is in charge.

The Southern King is in charge of wealth.

The Northern Heavenly King is in charge of martial arts.

In recent years, the LEvi’s Squad has developed rapidly in private.

The Eastern Heavenly King controls countless organizational forces, and the resources he receives are comparable to those of a country.

The Western Heavenly King controls almost any intelligence and secrets in the world.

The wealth controlled by the Southern Heavenly King cannot be estimated, and it is even more exaggerated than the wealth of an enemy country.

The Northern Heavenly King controls the strongest force and is invincible in the world.

Much more exaggerated than the Blood King Palace!

“Hallmaster, do you open the LEvi’s Squad?” the four heavenly kings asked together.

“Turn it on!”

Levi Garrison was expressionless. Chapter 1222

Once the LEvi’s Squad is opened, it will surface.

It will have a great impact on this world.

Therefore, it will not start until the moment of last resort.

Now, this moment has arrived.

Thousands of members of the LEvi’s Squad showed excitement without exception.

They have been in the dark for too long!

I also want to see the light...

“Hall Lord, LEvi’s Squad is officially opened!”

” LEvi’s Squad obeys your orders!” The

four heavenly kings of the southeast, northwest and northwest shouted together.

“Okay, let me arrange it next.”

Levi Garrison nodded.

“Hallmaster, your injury... I heard that you were hit by the poison of the Blood King Palace.

It is the

poison that the Blood King Palace has studied for decades.”

Kagura asked.

She is a woman.

The mind is the most delicate.

So control the intelligence.

Levi Garrison said; “The poison on my body has been resolved!”

“What???” The

Western Heavenly King showed an incredible expression.

Judging from the information she has collected-the poison that the Blood King Palace has studied

for decades is too overbearing to be solved.

Even if it is removed, it is not clean.

Levi Garrison sighed; “I was lucky and met the eight major

Chinese medicine practitioners in Erudia , and they just happened to get together.

I am very

knowledgeable in Chinese medicine in Erudia, and some of them are Chinese medicine doctors.

Some are

good at using medicine, some are good at acupuncture and moxibustion, and there is a poison doctor.

He is good at treating people with poison.

They saved me! So the poison on my body has been resolved!”

After seeing the Eight National Doctors that night, Levi Garrison discussed this with them all night.

Beishan (Benny Quinton) didn't know this at first.

I didn't understand until later.

It was each of the eight major Chinese medicine doctors who managed to detoxify Levi Garrison.

But it is a fact that Levi Garrison could not move.

After all, the toxins have spread completely, and have experienced so many setbacks continuously.

It would be nice to survive.

Immobility is the best result!

“I am still good at Erudia TCM!”

“The treasure left by the ancestors is good!”

Everyone praised again and again.

The Northern Heavenly King observed Levi Garrison's physical condition at this time.

He sighed and shook his head; "There is no way to recover! This can only be done in this life!" The Northern Heavenly King is the master of the LEvi's Squad, and his strength completely hangs the Death God and his like.

He said that Levi Garrison's body could not be recovered, but that was really impossible to recover.

"Huh?"

Everyone was taken aback.

Does their owner want to lie in bed for the rest of their lives?

It's just that the corner of Levi Garrison's mouth raised an intriguing arc.

Levi Garrison ordered several people to live in this town temporarily.

This town in the depths of the North Desert is desolate and desolate.

No one would know that this is where the LEvi's Squad is.

Thinking of something, Levi Garrison called Zoey.

Zoey over there was very excited.

"What can I do? When I am settled, I will take you over!"

Levi Garrison smiled on the surface, but in fact there were stubborn faces in his mind.

“Well, yes, you are fine.”

“But you have to be cautious in your words and deeds. A series of things may happen next.

Don't

tell others about my conversation with you.”

On the other side.

In a city in North Desert.

a group of people are gathering together.

“Huh? It stands to reason that Levi Garrison and his group have been resolved a long time ago, why can't we still get news?”

HOMO gave this matter to the god of death and the others.

“Could it be that something happened?”

someone said.

“No, quickly send someone to check it out.”

HOMO's expression was abnormal.

He faintly felt that something was going to happen.

At this moment, someone ran up: “There's news!” Chapter 1223 the whole world is boiling

“What news? Hurry up!!!”

HOMO and the others asked.

“The news of Levi Garrison is there. He and his escorts were wiped out, and no one survived!”

“But we also suffered a heavy loss! Basically all the barbarians in Beimo Prison were dead, only the god of death survived! “

HOMO asked.

“It’s gone!”

“It looks like this guy is a beast, even if he is poisoned, he can’t be controlled! Then let him go, and grab him back when he is needed.”

HOMO smiled .

After seeing the conclusive evidence, they concluded that Levi Garrison and his group were wiped out.

“Hahaha, Levi Garrison, you are finally dead! Do you know how unsightly you are when you are alive?

You are finally dead!”

“Come on, spread the news that Levi Garrison is dead!!!”

...

When the news that the God of War died in the North Desert before the Great Summer, the whole world was boiling

.

Countless forces and organizations are dying of excitement.

The one who suppressed them for years is gone.

What will they do in the future?

No one can stop it!

Don't be afraid of anyone.

Erudica burst even more up and down!

At the beginning, the news of Levi Garrison's betrayal was heard, some swearing, and some falling into Trouble.

there are many people praying for leaf monarchs.

Of course, there are countless people scolding–

"Good death!"

"The traitor should have ended this way!"

"I set off firecrackers to celebrate his death!"

South Hampton hundred giants were happy when they heard the news.

No one is their master now.

Many families in the capital are the same.

Especially after Garrison family heard the news.

“Hahaha...”

laughter was everywhere.

Tyrone Garrison looked excited: “I’m right? He died after leaving Erudia!”

“You bastard still want to fight with me? You want to kill your family righteously? Impossible!”

Aria (Olivia) also looked excited: “Did you see my son? Levi Garrison is dead! Someone avenged you!”

The

same goes for the Long Family.

” Levi Garrison, you abolished my limbs, but you lost your life, hahahaha...”

In a certain base.

reported: “God of War, Levi Garrison is dead!”

Ray looked indifferent: “A subordinate is defeated. If you die, you will die.”

...

When Zoey, Emma and the others were shocked when they heard the news.

Zoey broke out in a cold sweat.

She resounded Levi Garrison’s words.

Let her not pass it on.

“Mom, we need to pretend for a while.”

Zoey asked.

“

Understood , fortunately, Levi notified in advance, otherwise, I might have to jump off the building!” Emma breathed a sigh of relief.

Zoey laughed: “There is a reason for Levi to do this, he will definitely come back! I will wait for him! We don’t have to leave Erudia!”

Zoey was worried at first.

Instead, she breathed a sigh of relief after such an accident.

Levi Garrison is definitely a prudent person.

He must have reason to do things.

“The world feels that my husband is dead.

Only we know that he is alive. We have to keep a secret!”

“I look forward to his return. He will surely rule the world!” Zoey and Emma looked at each other and laughed.

It feels so hopeful. Chapter 1224

The news of Levi Garrison’s death has been spread all over the world.

As everyone knows, he let the Eastern Heavenly King pass the news of his death.

King Oriental Star forged a series of false impressions, making HOMO impossible to verify.

That night, the man, who is in charge of wealth, and the Northern Heavenly King, who is in charge of martial arts, acted at the same time.

The Southern Heavenly King has conquered dozens of top consortia around the world, and the

business empire he built before has also surfaced, and funds have flooded into the account of LEvi's Squad.

As for the Northern Heavenly King, it swept across dozens of dark forces and organizations in the West overnight, almost crushing the entire dark world, making countless people frightened.

At the same time, many families, consortia, and organizations around the world have declared their surrender to the LEvi's Squad.

Overnight, the LEvi's Squad surfaced!

Formally entered everyone's eyes.

Become the strongest organization in the dark world!

And this momentum is far beyond the blood king palace that was once incomparable!

After all, the LEvi's Squad meticulously planned for several years and developed at a crazy speed in private.

All the details are laid out, it is terrible.

Levi Garrison passed away one after another, and then LEvi's Squad dominated!

Everyone's attention is on LEvi's Squad.

"The appearance of the LEvi's Squad is by no means accidental. In recent years, they have been

secretly operating in private!”

“They did not appear out of thin air, but planned for a long time!”

...

Everyone began to inquire about all the information about the LEvi’s Squad.

HOMO and the others also heard the news of LEvi’s Squad.

“Master, what do you think of the sudden appearance of LEvi’s Squad?”

someone asked.

HOMO thought for a while and said: “The main reason for the appearance of the

LEvi’s Squad is that Levi Garrison is dead!”

“Yes, when Levi Garrison was alive, he suppressed hundreds of countries, but also the major forces in the dark world.

Nemesis, even the Palace of the Blood King has been wiped out twice. He wants to live, and LEvi’s Squad will never dare to appear on the surface of the water!”

Everyone was relieved.

The biggest reason for the appearance of LEvi’s Squad is that Levi Garrison is dying.

“As for the information of LEvi’s Squad, we still need to check. We can accept it if we can accept it.

If we can’t accept it, we can at least cooperate.”

HOMO already has a plan.

In this regard, he is still very confident.

At the beginning, the Blood King Palace could be controlled.

The news of the birth of LEvi's Squad also reached Erudia.

It even reached Ray's ears.

"What? The Heaven Palace in this town is more terrifying than the Blood King Palace?"

Ray was surprised.

"Yes! Better than the Blood King Palace!"

The corner of Ray's mouth evokes a cold arc: "If I destroy the LEvi's Squad, wouldn't it be greater than Levi Garrison's feat in destroying the Blood King Palace?" The three soldiers said together; "That's for sure! "

At present, many people are still dissatisfied with you sitting on the position of GOD OF war. I believe that after the LEvi's Squad is destroyed, everyone will be convinced!"

Ray coldly snorted, " Levi Garrison killed the Blood King Palace twice. That's right, is he really relying on himself? No! But his subordinates!

Needless to say, the King of the Five Great Wars, the Heavenly Tribulation and Eighteen Cavaliers, the Ghost Army, and the four armies of the Heaven and Earth are too strong!

Most of the credit for Levi Garrison's achievements should be given to them! Without them, Levi Garrison is

nothing! "

Seven Killers nodded again and again: "Of course, Levi Garrison is just your defeated man!" "

Yes, in this life he is destined to be trampled underfoot and struggling!" All this has now been proved! He just can't! "Chapter 1225

After the

last fight, Ray understood that Levi Garrison was actually under his hand.

Take Tiger for example, it is rumored to have the strength to fight him.

Others are not weak.

The legion created by Levi Garrison made him greedy.

In fact, Ray wanted to subdue all of Levi Garrison's former subordinates.

But he himself understood that they were all unruly guys.

They only serve Levi Garrison.

This made him hate and angry.

He proposed that the Iron Brigade and Levi Garrison's formation of these teams be unified to receive his Shura army.

But it was rejected!

"Master, it is a bit difficult for people like Tiger to follow you sincerely!"

Seven Kill said.

The broken army agreed: "Just like us, I will never convince Levi Garrison."

Ray shook his head, "No, I don't care about it. As long as they join my Shura army, they will see it soon. My strength is so strong that I surrender to me!"

Greed Wolf thought and laughed: "That's true, Levi Garrison can't compare to Master in every aspect, except for being the son of the Patriarch of the First Patriarch of Erudia!" At

Greedy Wolf looked puzzled.

“Do you really think the background as his master? Wrong, to master the place is you can not imagine. What a first family count?”

“Ah? Is there a family on terrorist forces?”

Wolf is Coming from deep in the mountains, I don't understand Erudia's clan and so on.

“That's right, the royal family is all on the bright side. The truly terrifying family clans are hidden, or ordinary people can't reach it at all! Just like the place where Master came, the Oakland City Garrison Clan is in front

of them No fart!”

Greedy Wolf nodded in surprise.

It's really no problem.

The more powerful things are beyond the reach of ordinary people, they think they don't exist.

For example, everyone thinks that the Garrison Clan is the strongest in the family.

There is no strongest.

In fact, it is the problem of one's own circle.

For example, a billionaire appears in the circle of ordinary people, that is definitely the most eye-catching existence.

Ordinary people think that this kind of existence is very rare.

But in this billionaire's circle, almost everyone is a billionaire, and there are even more powerful tens of billions of billions.

Billionaires are everywhere in this circle, as common as Chinese cabbage.

Therefore, some things that are not accessible are the problems of your own circle, and you are not qualified to know these.

But you must not say that what you don't know doesn't exist...

Greedy Wolf understands that there are even more terrifying and mysterious existences above the original family!

Ray is the real famous family!

"Boom..." At

this moment, outside of the base where Ray was located, a sudden movement of thousands of horses came.

It was so shocked that the place where he was was rumbling and trembling.

Everyone was stunned.

It's as if a big earthquake is coming.

"What's the matter?"

Ray's expression changed.

"Is there an earthquake?"

The seven killers rushed outside immediately, and even Ray followed outside.

The Shura Army under Ray's command is serious.

"God of War, it's not an earthquake, it's a human! There's an army ahead to kill!"

said the seven killers .

Soon after, Kings of the Five Great Wars, the Eighteen Cavaliers of the Heavenly Tribulation, the Ghost Army, the Dragon Cavalry Forbidden Army, etc., as well as the Iron Brigade, appeared one

after another, approaching Ray.

Everyone's faces changed wildly.

Ray frowned and looked straight at the crowd: "What are you going to do, Azure Dragon?" Chapter 1226

"Are you crazy to put this posture in front of me?"

Ray held his hands on his back and stared at Azure Dragon firmly.

Tiger stared at him as well: "Ray, we are here only for one thing-to rectify my boss's name!"

"Yes! That's right! The boss didn't betray Erudia!"

"Justify his name!!!"

Everyone shouted.

"These are the evidence!"

Man handed the audio and video materials to Ray.

This is all the video records of the battle with the Blood King Palace.

It is enough to prove that Levi Garrison is innocent.

Originally Azure Dragon Tiger and the others were still waiting for Levi Garrison's next instructions.

Because he was in Oakland City before, Levi Garrison tBeishan (Benny Quinton)glong to wait for instructions.

But now that the news of Levi Garrison's death came, they could no longer calm down.

They couldn't do anything Levi Garrison was alive, he died, at least to justify his name.

Ray watched the video and his face changed.

"Now it seems that someone framed Levi Garrison! I didn't care much at the beginning!"

Ray reacted immediately.

It just made him wonder whether a cripple would be such a big threat?

Enough to make Levi Garrison's enemies so scared?

"Ray is afraid that he cannot understand. In the eyes of overseas enemies, the danger of our boss is far more dangerous than you! Even if the boss only takes a breath, it is dangerous!"

Tiger sneered.

Upon hearing this, Ray's face changed.

He clearly defeated Levi Garrison.

Why does everyone still say that he is like Levi Garrison?

why is that?

Don't the strong get recognized?

Is the world blinded?

He is better than Levi Garrison!

In front of thousands of people, he upright defeated Levi Garrison.

Levi Garrison himself admitted that he had lost.

Why do people still think so?

He can't figure it out!

He clearly defeated Levi Garrison, but he couldn't conquer the hearts of the people.

Especially the overseas tricks to kill Levi Garrison made him even more uncomfortable.

He now hopes that Levi Garrison is alive.

Fight him again to prove that his victory was not accidental.

He is better than Levi Garrison!

But this is impossible!

Levi Garrison is dead.

No chance.

For the present plan, he must destroy the LEvi's Squad to conquer people's hearts.

"I'm waiting to ask You to restore Levi's identity and revoke all previous Punishments!"

Suddenly, Azure Dragon and Tiger all knelt to the ground.

Even Ray was shocked.

He knew very well that this was a group of unruly guys.

According to their personalities, they would kneel down to heaven and earth in their entire life, and kneel to Erudia...

would never kneel to him.

Today, the collective kneeling to him is enough to prove Levi Garrison's status in their hearts.

Jealousy goes to jealousy.

But Ray still followed the rules.

"Okay, then I will revoke all punishments against Levi Garrison and add him as a martyr!"

Ray ordered.

"Thank God of War!!!"

Iron Brigade shouted together.

Azure Dragon stepped forward and said to Ray; "Ray, I am planning to transport the body of the boss back to hold a funeral for him!"

"Well, you can do it yourself!"

Ray turned and left.

After half a month of searching, Azure Dragon and the others transported the remains of Levi Garrison.

Zoey and Emma were also notified of this matter.

But they were not allowed to come.

A simple but grand funeral is underway at the northern boundary

.

The Iron Brigade escorted their God of War with the highest etiquette.

On the top of the mountain, several figures stood.

"Hall Master, what kind of experience is it to witness your own funeral?"Chapter 1227

" "

Ali asked with a smile.

Next to him is Levi Garrison.

Levi Garrison was standing.

With his hands on his back, he looks relaxed.

His body recovered as usual, but it was all right.

If this is to let others know, I'm afraid it will startle my jaw.

The poison in the Palace of the Blood King was removed by the Eight National Doctors and was reluctantly accepted.

But the body has become like this, and it has recovered as before.

Not to mention outsiders, the Four Heavenly Kings of LEvi's Squad and others were almost scared to death when they saw Levi Garrison walking down the ground.

In almost a month, Levi Garrison suddenly went to the ground and his body recovered.

Everything is incredible... a

miracle!

It can only be said to be a miracle!

Why did Levi Garrison recover?

Let's talk about being framed into prison eight years ago.

At that time, he was also beaten to limbs and could not move at all.

Join Telegram Group For Fast update

Not to mention being secretly selected by a special organization.

The reason is that Levi Garrison's opportunity in prison gave him a chance to live.

Of course this is his biggest secret.

It is the secret of his recovery this time!

After the body was abolished this time, all he needed was time.

But the situation was too dangerous before, and he didn't have time to recover.

Levi Garrison looked at the funeral below and said lightly; "Is it a relief to die?"

"But I can't die! I must live! Erudia, mother, wife, daughter, and friends don't allow me to die!"

"I'm alive, I want to avenge the brothers who died for me! They can't die in vain!" The

four heavenly kings said together: "If you fall, you will be really messy!"

Kagura even said: "The hall Lord, what you want me to check is already pretty

good ! I believe there will be results soon!" "Well, I have to go back to Erudia first. The Northern

Heavenly King will just follow me!"

Levi Garrison arranged.

The funeral held by Azure Dragon and others gave a real blow to the news of the death of "Levi Garrison".

From then on, Levi Garrison officially disappeared from this world.

This is the same as everything in the LEvi's Squad.

Everyone's information is blank, as if this world doesn't exist at all.

They are like ghosts...On

this day, 18 overseas countries celebrated the whole country.

After all, the biggest threat is dead.

HOMO smiled even more: "Next we can start!"

Levi Garrison is here, hindering everyone's many plans.

Everyone wants to get rid of it quickly.

When Ray on the other side was about to take a shot against LEvi's Squad, he

received an order from Messiah to prevent him from taking the initiative. If LEvi's Squad did not

do anything that threatened Erudia, he could not do it.

Although Ray was eager to prove himself, he could only give up.

North Hampton.

I heard the news of Levi Garrison's funeral.

Zoey, they couldn't be happy or sad.

At this time, someone came to the villa.

It turned out to be a high-definition reputation.

The kid smiled.

“How did you come?”

This surprised Zoey.

“Huh? Ms. zoye seems that you have completely forgotten your husband? I heard that today is your husband’s

funeral. I thought you would cry, but you didn’t even shed a single tear!”

, It’s okay, everyone, do you all think that Levi Garrison is a big traitor and betrayed Erudia. You must be ashamed of him?”

Indeed, Zoey and Emma are no different from the original.

As if Levi Garrison was not dead at all.

Zyair continued: “But that’s okay. If you agree, Miss Zoey, I will take care of your mother and daughter forever!”reason why Zyair bothered to approach Zoey.

The purpose is simple.

Only for the huge industry behind Zoey and the Lin family.

Of course he couldn’t count on the Lin family now.

Because he got the gossip-The Dark World has sent an assassination order to kill Levi Garrison’s heir,

After all, Levi Garrison is dead, so his heirs can’t live, and then Zoey will be in danger.

Under pressure, the old man of the Lin family wanted to give up Zoey, the righteous daughter.

After all, the opponent is too strong, so it is normal for the Lin family to give up Zoey in order to protect themselves.

Zoey will face huge difficulties next.

The business empire she built by herself will be divided up sooner or later, so Zyair takes the initiative first and grabs all the plum dyeing.

In fact, HD reputation is not a gentleman at all.

He is astute in calculations and does everything possible to achieve his goals.

Just pretending to look like a gentleman.

“I originally thought you would be immersed in the pain of Levi Garrison’s death, but I didn’t expect you to not care at all. It’s great!”

Zyair smiled.

Zoey glared at him fiercely: “It doesn’t matter whether we shed tears or not! And I can take care of it by myself, so I don’t need you to come!”

Zyair smiled and said, “Ziran, you still need someone to take care of you. Yes, considering every aspect, it is better to have a man to take care of you.”

“I don’t need it! You leave!”

Zoey said directly.

Instead of leaving, Zyair sat down on the sofa.

“Miss , you may not understand your own situation. Now this child is a traitor and everyone is punishable! Even Old Man Lin dare not admit your identity!”

Zyair smiled.

“Huh? How come?”

Zoey looked surprised.

As soon as he finished speaking, Mr. Lin’s call came.

Zoey’s face changed.

The meaning of the old man Lin is very simple-in order to keep the Lin family, he had to separate her from her and told her to be careful in the future and protect the child.

“Papa!”

Zoey’s face changed drastically when he heard the assassination order in the dark world, and his phone fell to the ground.

Mr. Lin has always been a man who hates evil and does not fear power.

To put it bluntly, it means that the sky is not afraid of the earth.

But this time

she was subdued ... in order to protect herself, she gave up her.

It can only be said that the forces that want to kill the monarch are terrifying and terrifying.

Elder Lin didn’t dare to touch this mold...

Even Elder Lin was afraid, that means a catastrophe is imminent.

“What? Didn’t they even let the children go?”

Emma was anxious.

“Yeah, how could they let the remnants of Levi Garrison go? What if this kid grows up to avenge his Father?”

“Don’t look at it as a girl, but what if it is a goddess of war? Who can resist it?”

Zyair Said with a smile.

Zoey and Emma looked at each other, and they both panicked.

Zoey couldn’t help asking what he thought of; “Could it be that you have a way?”

“I can come to you, I must have a way!”

Zyair smiled.

“What can you do? Even the foster father dare not touch this mold!”

Zoey was skeptical.

Zyair smiled mysteriously: “If I can come, it means I can do it!”

In fact, Zyair has nothing to do.

He just wanted to deceive Zoey’s business.

“Miss Zoey, I hope you decide quickly! The assassination order has been issued, which means that the child is already in danger...”

Zyair gradually defeated Zoey and Emma’s psychological defenses with words.

Although they knew that Levi Garrison was alive, his body was useless and he was still overseas. Chapter 1229

Now that the danger is coming, Levilia’s safety can only be guaranteed by her.

But it seems that there is no way.

Even the upright old man Lin chose to bow his head.

It is enough to show how powerful the people who came to kill Levilia are!

Not what she can handle...

Now the only hope seems to be high-definition reputation.

Zyair smiled and said, “I will give you time to think about it, but it won’t be long! The assassination order is issued, and the other party will do it soon! My flight at 11 o’clock tomorrow, I will withdraw if I can’t wait for anyone!”

Zoey Both and Emma’s heart sank.

Zyair left.

This was his method, and they did not ask Zoey to agree on the spot.

It is to give her a time limit, which can defeat people’s psychology more.

Sure enough, Zoey they were even more nervous.

On the other side, Levi Garrison was on his way back to Erudia when he received news from LEvi's Squad.

"Hall Master, the Dark World has issued an assassination order to hunt down the Young Master!"

"The other party claims that your child must never live!" The

Western Heavenly King passed the news to Levi Garrison.

Levi Garrison's eyes shot out cold light.

Dare to touch his child?

"And this assassination order was issued in Erudia! So in the future, many assassination organizations in Erudia will go to the Young Master!" After

Levi Garrison heard it, he immediately understood that the person who issued the assassination order and framed him was obviously the same person. .

It's definitely Mr. Fu!

He is "dead", the other party wants to cut the grass and roots, and will not let Levilia live.

It just so happens that Levi Garrison will pick this person out!

He wants to see who is not allowing himself to live?

This is also the fact that Levi Garrison asked the Eastern Heavenly King to spread and design his own death at that time.

He was investigating secretly in the state of a dead person.

To get Mr. Fu and his party members out!

North Hampton looks calm on the surface, but undercurrents are actually surging.

Numerous assassination organizations have long been eyeing this city.

The depressed atmosphere makes people breathless.

Zoey felt the horror coming.

Although she hired a lot of bodyguards, she knew it was useless.

Zoey received news from sonam (Tiffany) and others.

The assassination organization is approaching Levilia and ask her to be careful.

The more so, the more worried Zoey.

She doesn't care about everything, but Levilia is her heart.

She has to save Levilia in death! ! !

It's almost eleven o'clock.

Although Zoey didn't believe in Zyair, she decided to give it a try for Levilia's safety.

She contacted Zyair.

"As long as you save Levilia, I will listen to you everything!"

Zoey finally compromised.

After Zyair arrived, he smiled and said: "Although the killer organization has come now, it is currently only Hongye, Black God, and a few first-rate killer organizations.

I can settle them... As for the
second-rate killer organization..."

Zyair After analyzing a wave, it is true no matter how you hear it.

After all, he knew everything about the killer organization.

It sounds right!

And Zyair himself arranged several waves of killers to assassinate Levilia.

He acted to settle everything.

The facts are here.

The two trusted more.

Zoey and Emma were in distress and could only obey all the arrangements of Zyair.

Including Zoey's right to exercise.

After gaining the power of the company

, Zyair immediately transferred... it took a short period of time before Zyair swallowed

the entire Morris Group Collection.

But then he disappeared unexpectedly.

"Boom!" After

hearing the news, Zoey was struck by lightning.

She was cheated! !Chapter 1230

The

key is that Zoey and the two are eager to save people, and Zyair performed another good show.

In addition, he is the greatest hope, Zoey has to believe if he doesn't believe it.

She had guessed that Zyair might be a liar before.

But I had to take a risk...

even if it was a little hope.

But reality is ruthless and cruel.

After taking away the Morris Group, Zyair immediately fired Iris and other senior officials. He wanted to firmly control the entire company in the shortest possible time.

Today's Zoey is really miserable... The

Lin family publicly cut off the relationship with her.

The business empire built was deceived again.

The child is facing a huge crisis again.

But the Lin family could only watch, after all, it had nothing to do with them.

Everyone can only condemn Zyair.

Zoey's high-definition reputation as a business empire is simply a spring breeze.

In this way, the strength of the Gao family has to rise to a higher level.

Not to mention reaching the level of the noble family, at least it is at the same level as the first royal family, the Qin family.

"Huh, the Lin family really treats me as a tool? Let me marry a woman with children? Are you sincerely insulting my gentleman's name?"

"If it weren't for the Zoey's property and fear of the Lin family, I would agree to marry her?"

Ridiculous! Do you really think of yourself as a fairy?"

"Want to count on me to raise a remnant? Is she worthy? It's just a little b*tch born in the wild. That child should die with his traitor father, not Live in the world!"

"I heard that there is an assassination organization to kill this remnant, and news will come out soon!"

...

After receiving everything, Zyair made a series of remarks.

Zoey looked at the high-definition reputation on the screen, almost mad.

"Shameless!"

"Despicable!"

"Beast!"

Zoey's dyed nails were embedded in his palms.

At the moment of danger, she still came to pit her.

The words are still so vicious!

Isn't it a gentleman?

This is a villain than a villain!

Waiting for my husband to come back!

Everything I lost has to be taken back!

"It's dangerous next, I

'm afraid we won't be able to keep Levilia with us." Emma was so nervous that her voice became hoarse.

Although the Black family sent a master like Shadow to protect him.

But everyone knew what was going on...

Levilia seemed to know what was going on, he tightened his face and said nothing.

Look at that stubborn temper, it's the same as Levi Garrison.

"At the moment we can only hide in the basement level. I

hope they won't find it!" Zoey and Emma hugged Levilia, and Syllas (Wu Xiao) also prepared enough food and water to hide in the basement level of the villa.

At the beginning, Levi Garrison arranged them here, avoiding the overseas masters.

The assassination organizations that received the assassination order have gathered in North Hampton.

A total of more than ten assassination organizations started together.

They directly passed the shadow and others who were guarding outside, and came to the villa.

It's just that there is no one in the villa.

The killers were all dumbfounded.

"Where are the people? Where have they been?"

"He has been in the villa and has never left. Why did the people disappear out of thin air?" The assassins looked around but couldn't find them.

"No, we've been staring at them. They can't leave!"

"The only possibility is that there is a darkroom design in the room. Let's look for it." On the basement floor, Zoey looked at the surveillance.

"Well, let them find out!"

Zoey was shocked when he saw the surveillance. Chapter 1231 Shameless, die!

Although this dark room is hidden, it will still be discovered after all. It just takes time.

The killers who were best at doing all of this discovered the location of the dark room as quickly as possible.

"Shit!"

Suddenly the surveillance content turned into snowflakes.

It means that they even discovered the camera.

The dark room of the villa is equivalent to a dummy.

"Boom dong dong..."

Zoey's group of people were so nervous that they sweated when they heard the knocking sound from above.

Once they came in, everyone was a dead end.

"Found it! Just open it forcibly!"

The assassins were about to break in.

“Hello?”

Suddenly someone patted the killer on the shoulder.

The assassin turned his head and saw two people standing behind him.

Staring at him coldly.

“Puff!” The

killer was slapped to death before he spoke.

The other killers turned around sharply.

“Who are you?” the

killers asked immediately.

” Levi Garrison!”

“What? Levi Garrison? You... are you still alive? Impossible, aren’t you dead?”

All the killers were shocked.

?”

Levi Garrison whispered.

“Yes!” The

Northern Heavenly King agreed.

“Kill!”

Levi Garrison approached

The Northern Heavenly King, who is in charge of martial arts, immediately shot.

After dozens of seconds, not a single killer was standing.

The Northern Heavenly King is too scary, and the two sides are not at the same level at all.

After the two had cleaned up, they left here.

In the dark room, Zoey and the others were still waiting, but no one came for a long time.

After waiting for a long time, there was no one.

Finally Sylas (Wu Xiao) came out to check.

The killers disappeared and everything returned to normal.

“This...what’s the situation?”

Zoey was puzzled.

“Is it Levi?”

Levi Garrison was the first person everyone thought about.

But Levi Garrison people are still overseas, and they have become useless.

How come to save people?

Who will it be?

On the way to leave.

“We have to

find the people behind!” Levi Garrison was looking for the person who issued the assassination order.

Alii nodded.

“Hall Master, I just heard a piece of news-Oakland City’s high-definition reputation cheated all the mistress’s company!”

“There is such a thing?”

Levi Garrison's expression changed.

He immediately sought confirmation from the Western Heavenly King.

Learned that Zyair really took away Zoey's master.

Levi Garrison exploded in anger!

Is there such a villain?

Especially seeing his public remarks.

Levi Garrison was even more angry.

"High-definition he will die to the Lord!"

A bloodthirsty killing intent flashed in Levi Garrison's eyes.

Now the list of young masters in Oakland City has been rearranged, and he ranks first.

The so-called spring breeze is proud!

Specially held a banquet to celebrate.

"Master, we were all scared to death at the time. Thought you really wanted to marry Zoey?"

"So you have a brilliant trick!"

...

everyone laughed.

Zyair snorted coldly: "I'm not a fool, I will marry a woman who is a traitor to Erudia? Will I raise the remnant for him?"

"It's ridiculous!!!"

“Hahaha, yes, what about them? Is it worthy of you?”

Everyone agreed.

“Gao , many people now say you cheated everything about Zoey, what do you think of this?”

someone asked.

“Bah! How much loss did that slt and that slt have caused to my reputation of Zyair?”

Morris Group compensated me! This was originally my thing!”

Zyair said shamelessly. Words come.

“Shameless, die!” A

cold drink suddenly came.

” “

the sound was like a thunderbolt in the blue sky.

The whole dinner was a sensation.

“Who? Who is it?”

Everyone looked around, looking for the person to speak.

“Who dare to call me shameless?”

Zyair smiled.

Now that he has absolute strength and identity, he no longer continues to play a gentleman.

After all, to swallow the Morris Group, it is really even more powerful.

Even if others knew his true face, who would dare to say that he was shameless?

Is it impatient to live?

“It’s me!”

came a cold drink.

I saw two figures walking at the entrance of the hall.

For one of them, everyone is extremely strange.

Never seen it before!

But another person...

“You...you, you...”

“Ghost!!!”

“It’s a ghost!!!”

Many people screamed when they saw the familiar face.

The people in front couldn’t see it, still wondering what happened.

Zyair took everyone to look over.

From this look, Zyair was almost scared to death.

“Ye... Levi Garrison...how is...you...”

“You... you... you...you...how do you live?”

Zyair staggered and almost fell to the ground.

Many people in Oakland City have seen Levi Garrison.

Everyone went crazy when they saw Levi Garrison at first glance.

Isn't Levi Garrison dead?

How can you live?

And the body is back to normal?

how can that be?

A dead person suddenly appeared in Erudia?

After all, everyone knows that this news is true.

Railway Brigade also specially organized a funeral for him.

His body was cremated on the spot.

News from all quarters indicated that Levi Garrison was dying.

It is impossible to live.

Everyone was so frightened that their legs became weak in an instant.

Everyone can't run if they want to.

Seeing a dead person appeared...

Levi Garrison stepped towards Zyair: "Who said I was dead? Didn't I live well?"

Levi Garrison patted him on the face.

"I...

Zyair swallowed fiercely, and fell to the ground with a thud.

He stared at Levi Garrison in horror.

Although his face hurts, he can still feel the warmth in his palm...

This is Levi Garrison who is alive!

"You... are you really alive???"

Although I don't believe it, this is a fact.

Zyair was about to vomit blood.

"What?"

"Levi Garrison is still alive?" The

audience was in an uproar.

This is a news that will blow up the entire Erudia and even the whole world.

"You...what are you here for?"

Zyair showed a trace of panic.

"While I'm not here, do some shameless behavior, of course I'm here to kill you!"

Levi Garrison's eyes flashed with bloodthirsty killing intent.

"Kill me? You can't kill me! What about Levi Garrison even if you are alive? You are Erudia's traitor, and you have been expelled from Erudia. If you let Kunlun war god Ray know, do you know what will happen to you?"

"Not only will you pay the price of your life, your family will also be expelled from Erudia."

Although Azure Dragon and the others have already rectified Levi Garrison's name, only people in the military know it.

Ordinary people still don't know.

Levi Garrison is still a traitor in everyone's eyes.

Speaking of which, he is not afraid.

"Levi Garrison is like this, I'll give you a chance-as long as you leave Erudia quietly, I will treat you as if you haven't seen it, let alone expose you to Ray War God!" Zyrar condescendingly looked at Levi Garrison, and he felt like eating. Levi is here. Chapter 1233

Levi Garrison smiled and said, "Okay, then go and expose me to Ray! Just say that Levi Garrison went back to Erudia regardless of the ban! Let him kick me out!"

Ye The calm attitude of King's Landing made him a stunned.

Is he not afraid?

"Although Levi Garrison I don't know why you are alive, your body is back to normal. But once you let

Ray know about it, your troubles will be great.

After all, he personally imposed the ban, and you shouldn't set foot in Erudia again.

Once you set

foot, you are despising Ray, God of War, and despising the prohibition!"

Zyair cleared his throat and shouted.

Levi Garrison laughed.

Would a Ray care about him?

It's really interesting!

"Ray monarchs You're just no way Ares fall by the wayside, he was born is your nemesis, can beat you once, you can beat the second time!"

"You're in big summer trouble once, let him catch you feel pretty Alive?"

Zyair sneered.

This is also the thought of everyone present.

After all, many people in Oakland City witnessed Ray defeating Levi Garrison.

In everyone's mind, Ray is better than Levi Garrison!

Levi Garrison's appearance now is to provoke Ray.

Once discovered, the consequences would be disastrous.

"Quickly get out of here! I will spare you once!"

Zyair said coldly.

"Fight!"

Levi Garrison ordered.

“Slap!” The

Northern Heavenly King stepped forward and slapped his face with a slap.

Suddenly, the skin opened and fleshy, blood stains appeared.

“Uh...”

Zyair screamed.

“Slap!” The

Northern Heavenly King slapped again, and Zyair’s face was bloody.

The screams of killing pigs echoed in the field.

“Slap!”

Another slap.

Zyair was completely unrecognizable, and rolled in pain.

The Northern Heavenly King pulled him up again, punching out.

Blood holes appeared in Zyair’s body.

In the end, HD reputation is alive and well!

“Dare to insult my wife and children? Ha ha, look for death!”

Levi Garrison’s eyes shot out flashes of electricity.

Hearing this voice, everyone broke out in a cold sweat, and didn’t even dare to breathe.

too frightening.

No one thought that Levi Garrison would return in this way.

So strong!

As if returning from hell!

The second day.

Zoey was very puzzled.

Morris Group has returned to its own hands again.

It took such a great effort to take the company away, and it turned out to be back.

“It’s not normal! Someone should help!”

...

North Hampton is temporarily safe.

But the circle of the dark world exploded.

All the killers who had received the assassination order to assassinate Levilia disappeared.

This makes everyone very confused.

Where are the killers?

They make a careful investigation.

It was confirmed repeatedly that there was no one around Zoey to protect him.

How could the killers disappear?

Someone protect?

This is absolutely impossible!

Soon after, the Dark World issued another assassination order.

The bounty rose from the original one billion to ten billion!

It’s increased ten times!

This is to elicit a stronger assassination organization!

Sure enough, this time the assassination order came out, and one by one ancient killer organizations came forward.

The wages of avarice is death.

On the one hand, we can also see the other party's determination to kill Levia.

Levi Garrison's flesh and blood must die!

"The assassination order came out again, check the source for me! See who issued it!"

Levi Garrison, who had been staring at it, finally found a chance. Chapter 1234:

This time, too many people sacrificed for him.

They can't die in vain!

He wants revenge!

He must find the person who issued the assassination order!

"It's a pity, my recovery is too slow, if I recover earlier, they won't die!"

Recalling the miserable scenes, Levi Garrison clenched his fists tightly.

The Northern Heavenly King couldn't help asking: "Hall Master, I always have a question..."

"You want to ask me how to recover, right?"

Levi Garrison said.

"Yes, that's right, it took less than a month for your body to recover. And I feel that you are

stronger than before! Now, I can't see through you!" The Northern Heavenly King was surprised.

Levi Garrison recalled: "Eight years ago, I was framed and imprisoned. At that time, my limbs were interrupted.

It was the most tragic moment. But I was lucky and met a benefactor in prison. I prefer to call him Master. "

He taught me a set of cultivation techniques that is said to be the oldest. Although it is incomplete, this set of cultivation techniques happens to be aimed at me!" The Northern Heavenly King was puzzled: "Huh?"

"Because this set of cultivation techniques emphasizes." It's not broken or standing.

If my body is

normal, I can't use it." The

King of Northern Heaven immediately understood: "So at that time, your limbs were broken, just in line with this set of cultivation methods!"

"Yes! Not long after I entered the prison, my body was physically broken. It returned to normal.

And I made a reputation in prison, and then I was selected."

Levi Garrison said a secret that no one knew.

“This time, the Lord, your body is broken and damaged more severely, and it is more suitable for this training system than before!” The Northern Heavenly King immediately thought of Levi Garrison’s recovery this time.

Levi Garrison nodded: “Well, that’s right.”

“And this time, it gave me a deeper understanding of this practice method.

I even filled in all the incomplete parts of the practice method by myself!”

“What?” The

Northern Heavenly King’s eyeballs all flew out.

It turned out that Levi Garrison just used the incomplete cultivation technique to become the

God of War on the invincible battlefield.

Now that he has completed the exercises, God knows how strong he is.

From the side, how good is Levi Garrison’s talent?

He even made up the oldest cultivation technique...

not everyone who has abolished his limbs can practice this technique.

Only people with amazing talents and suffering.

The king of Beitian turned his words; “Hall Master, I am really curious about your master... what kind of existence it is that has such a heaven-defying technique.”

“He is an extremely mysterious existence. It is clear that the prison is not sleepy.

I live with him, but

where I have to stay for the rest of my life.”

Levi Garrison smiled and said: “He still doesn’t allow me to call him a master, let alone tell outsiders about what I met him!”

“Ah? Why? The prison is still there. Shut down such an expert?” The Northern Heavenly King looked puzzled.

“I don’t know, not only that, even in prison, he pretends not to know me. Don’t let me approach him, saying that he is an ominous sinner, and contact with him will bring disaster!”

Levi Garrison said.

This made the Northern Heavenly King more and more puzzled.

“Why does it sound a little mysterious?”

Levi Garrison shook his head: “I also felt very mysterious at the beginning. How can I get in touch with him?

After contacting me, I found that he was only referring to his identity. It seemed that his people were taboo. Everyone was born a guilty body. People who come into contact with them will also be punished. “

“Huh? What’s the matter? “The

Northern Heavenly King exclaimed. Chapter 1235

They are also well-informed.

For example, the members of the LEvi's Squad are equivalent to not existing in this world.

But when he heard about Levi Garrison's mentor, he still felt very surprised.

Is a clan listed as taboo?

Was born a guilty body?

Contact with them is the same punishment?

How big a mistake this clan had to make before he was punished to this point.

"I haven't told anyone the secret of being in prison. Now think about it, my teacher saved me
Twice."

Levi Garrison sighed.

The world is still very beautiful.

There are more bad guys, but more good guys.

There are many people who are kind to him.

Some are strangers.

For these people, he also has to live and check to the end.

"Then you don't plan to go see him?"

Ali asked.

“I was selected at the time, and he urged me-from then on, En renounced justice and didn’t know each other.”

Levi Garrison looked helpless: “So I can only cry out in my heart!”

“How strong are you now?” “The Northern Heavenly King asked.

“As far as my current physique is concerned, the poison of the Blood King Palace should have no effect on me.”

“Hi!” The

Northern Heavenly King took a breath.

The poison of the Blood King Palace took decades and countless financial resources and manpower to make.

There is no threat to Levi Garrison...

So how strong is Levi Garrison now?

I’m afraid that Ray can’t even hold a finger in front of him, right?

Not to mention defeating him.

What is ridiculous is that Ray always feels that he is strong, and wants to fight Levi Garrison

Again.

He was stronger than you in the past.

Now his is stronger.

Can you still have a chance?

Ray is not idle at this moment.

Attention has been on LEvi's Squad.

Although Messiah said that he was not allowed to move the LEvi's Squad.

But Ray couldn't help being curious.

He is a martial lunatic, extremely mad about martial arts, and an out-and-out combat madman.

Where there are top masters can attract him.

In particular, I heard that there is a Northern Heavenly King who is in charge of martial arts in the LEvi's Squad, who is invincible.

Ray stared at him.

"I want to defeat him, and then let him be under my command." At

this time, the seven kills came to report: "God of War, there is a middle-aged man outside who is calling to see you!"

"Okay, come out with me and have a look!"

Ray hastily Went out.

Outside, there is a middle-aged man wearing a white Tang suit.

The face is handsome and the temperament is elegant.

There is a sense of detachment from the world in him.

"Master!"

Seeing him, Ray immediately awed in awe.

The middle-aged man patted Ray: "Well, I'm sitting on the seat of God of War!"

"Ray hasn't lost Master's face!"

Ray bent over and said.

Ray no way nodded: "Ah good leaf monarchs him a wild ways origin, how and after you door compared to what you lost, but lost our door face ah?!" "The world says poor family out of Takako, There are many defeats in famous families, but what I want to prove is that in this era, it is difficult for the underprivileged to have noble sons! can't defeat the famous background!"

Master Ray has a passionate tone, as if he is proving a truth to the world.

"So when I learned that the position of God of War was taken by a wild road, I was very angry! I asked you to challenge him many times! This time I finally have a chance!"

Ray smiled: "Yes, everyone thinks Levi Garrison was born in the first family of Erudia.

As

everyone knows, the first family of Erudia is nothing to my identity and background!" The middle-aged man smiled comfortedly.

The most important thing is that he is surnamed Fu.

Chapter 1236

's right!

Ray's master is Mr. Fu Levi Garrison has been looking for.

Real name FU Zakariya !

Although he was a quack, he planned a series of plots to kill Levi Garrison.

Including HOMO using the Palace of the Blood King to attract Levi Garrison to leave, and then using poison to deal with Levi Garrison...

Until now, two assassination orders have been issued to get rid of Levilia.

It was all controlled by him behind the scenes.

Ray played against Levi Garrison that day, and the Garrison family kept cheating to prevent Ray from losing.

Little did it know that compared with FU Zakariya, it was nothing short of a witch.

In order for Ray to win, FU Zakariya really did his best, and finally let the four of them help each other in secret.

Levi Garrison was “beaten” by cheating abruptly.

FU Zakariya’s goal is very simple- Levi Garrison is not qualified to sit in this position, he must be seated by

his apprentice.

Levi Garrison’s title of Go of war was blocking Ray’s path.

They have been paving the way for Ray since they were young.

The position of “god of war” that originally belonged to ray was snatched away by Levi Garrison.

This is what they don’t want to see.

Because the place where Ray was born has always been hidden behind the scenes, not to mention ordinary people, even the upper class people can’t reach it.

It is the legendary celebrity.

A century-old wealthy family, a thousand-year-old family.

But the gate valve's background is longer and larger.

It doesn't just refer to a clan or sect.

It is composed of many ancient clans and sects.

Gate valves generally exist for two to three thousand years, and they are truly settled by time.

It is so powerful that it is unimaginable!

For example, it's hard to find a god-level master, and only a hundred of the eighteen nations have come together.

Grandmaster-level masters are even harder to find, and a single death blasts everything.

However, among the cliques, god-level masters walked everywhere, and the master was like a Cloud.

This is the gap!

If simply compared with strength, Erudia's hidden family clan is stronger than a foreign country.

FU Zakariya has its own circle and its own rules.

They are aloft, like gods.

These people in the modern duny world are crawlers on the ground.

The circle in which ordinary people live is the lowest world.

They simply dismissed it.

The worst person among the family members is the supreme existence in the modern world.

Ray is the only disciple who has set foot in the modern world.

When he came here, he represented the full rank of Novice Village.

In layman's terms, college students come to elementary school to abuse food.

Not only strength, but also various aspects of reputation.

The reason they let Ray out of the mountain is to let the world know how terrible the

Yinshi clan is?

It is completely above the dunya.

Ray, who started from scratch, was indeed terrifying. He quickly built the Shura army and had three terrorist apprentices including the Seven Kills.

Originally, he was the most promising person to be named god of war.

But Levi Garrison came out and blocked Ray.

Therefore, FU Zakariya and the place where Ray was born resolutely refused to agree.

After Ray is famous, how can he lose to a wild road?

They are always looking for opportunities.

It's just that Levi Garrison has been invincible in recent years.

Finally, after Levi Garrison was disarmed and returned to the field, he found an opportunity.

Ray couldn't be defeated.

They can't be defeated!

This is a matter of face!

If they were defeated, they would lose face.

So they have to do everything possible to ensure that Ray cannot be defeated.

To win the position of God of War!

After unremitting efforts, they did it.

He also killed Levi Garrison, and now he must kill Levilia to prevent all possibilities from happening.

Chapter 1237

The

poor thing is that Ray still thinks he has defeated Levi Garrison upright.

How can I understand that all of this was arranged by his master...

except for the fact that Levi Garrison lost intentionally in the end.

Ray defeated Levi Garrison only 30% by himself...

“Master, why did you come out?”

Ray looked puzzled.

Because the gate valve holds the oldest and most central thing.

Such as martial arts, medical skills and so on.

There are too few things that attract them in the dunya.

Can't think of why they came out.

Since he was born at the age of fifteen, he has never seen his master again.

In fact, FU Zakariya had been out of the mountain a long time ago and had been calculating Levi.

“I just came to see you as a teacher, yes! The only person named GOD OF WAR in the history of Erudia!”

FU Zakariya heavily patted Ray on the shoulder.

Ray sighed: “Unfortunately, the first one is Levi Garrison.”

“No, he is dead. You are the only one!”

“Master tells you that I have defeated Levi Garrison, but many people still refuse to accept me.

On the

contrary, their belief is Levi Garrison!”

Ray said his doubts.

Many people say that he has the advantage, and Levi Garrison is fighting again and again.

Whenever he heard such remarks, Ray was unhappy.

FU Zakariya snorted: “Hmph, a bunch of ignorant idiots! This is an era where the weak eats the strong! Victory and glory belong only to the strong, and the losers are not worthy of anything!”

“If they don’t accept you, you will use force to conquer everything!”

FU Zakariya was full of cold murderous aura.

Ray sighed: “If Levi Garrison lives so well, I will defeat him again, and I will be able to block everyone’s mouth!”

“It’s impossible, Levi Garrison will not live.”

FU Zakariya and HOMO repeatedly Confirmed Levi Garrison’s death.

“It’s a pity, otherwise I can beat him a second time!”

Ray was extremely confident in his own strength.

What he cares about is the opinions of others.

FU Zakariya left after watching Ray, and then he wanted to confirm that Levilia was not Dead.

Levi Garrison and the others have been staring at the killer organization. At this time, news came from the Western Heavenly King.

She received the assassination order in the name of an assassination organization, and she has already reached the source.

The person who issued this assassination order was Aria (Olivia)!

Because of the pain of losing her son, Aria (Olivia) wanted to kill Levi Garrison’s family.

It happened that Mr. Fu took advantage of her.

In fact, it was Mr. Fu who was behind the scenes, but he was cautious, and everything was done through the hands of others.

Levi Garrison also understood that Aria (Olivia) was only releasing, and there was still someone behind it.

He wants to use Aria (Olivia) to find the person behind it!

After disposing of several batches of killers approaching Levilia, Levi Garrison and Alii returned to the capital again.

Aria (Olivia) was not in the Garrison family's ancestor house, but in a luxurious manor.

In the room, she paced left and right.

Appears hurriedly.

After all, the first assassination order failed, and all the killer organizations disappeared.

Although the killer dispatched this time was even more terrifying.

But she had a faint feeling of embarrassment.

"You must succeed this time, SO, your mother will avenge you! Not only will you get rid of Levi, but also his family will be killed!"

Aria (Olivia) pleaded.

"Don't worry, the several assassination organizations that have been dispatched this time are Terrifying.

No matter who is guarding them, they are all dead ends!" A

voice sounded, and I don't know when, God Fu came to the scene. Chapter 1238

" "

Aria (Olivia) was relieved, but she asked: "What happened to Mr. Fu before? Why did those killers disappear?"

FU Zakariya didn't care much about this question.

Suddenly asked by Aria (Olivia), he didn't know how to answer.

"Should it be that Zoey has a few experts around him to protect? But the assassination organization that received the assassination order this time has not appeared in decades!"

FU Zakariya looked confident.

After all, those who took over this mission were all unheard of assassination organizations.

One shot is absolutely invincible.

Aria (Olivia) asked curiously: "Mr. Fu, you come from the supreme Northern Liang family, why would you be so interested in Levi Garrison?" Above the family is the family.

According to Aria (Olivia)'s knowledge.

Erudia has four gate valves-

Beiliang Gate Valve.

South Xinjiang gate valve.

Donghai gate valve.

Xishu gate valve.

The FU Zakariya in front of him came from the gate of Beiliang.

The clan is a powerful force that combines a family and a sect.

Controlling the ancient things in Erudia...

the simplest ones are martial arts and medical skills.

Not to mention ordinary people, even for the first generation Garrison family, it was crushed.

Therefore, even a decent person like Mr. Lin can only give up Zoey.

I really don't dare to offend the celebrity.

FU Zakariya smiled and said, "Because Levi Garrison broke some rules!"

"Mr. Fu, Ray, God of War, should have something to do with you, right?"

Aria (Olivia) is very smart. FU Zakariya asked her about Ray before.

FU Zakariya admitted frankly: "Well, he is my apprentice!"

"But he is not the top young man in the North Liang family, he can only be regarded as the upper middle class."

FU Zakariya added.

"Hiss!"

Aria (Olivia) took a breath.

How terrifying is the North Liang family?

Ray is only middle and upper, can he win the position of God of War?

These hidden powers are too terrifying, right?

Sure enough, the most terrifying and powerful people or forces are the ones who hide the deepest...

or she said that the level is not enough to reach them.

She thought that her son Damien was the best young man in the world.

Now it seems that they can only be regarded as frogs at the bottom of the well.

For aristocratic families, royal families, and royal families, to measure a person's strength or

weakness is generally measured by factors such as power or wealth and social status.

But in a real big power or a circle that is beyond the scope of ordinary people, the real measure of a person's strength is martial arts.

This is a world where the weak can eat the strong!

As long as you have strong martial arts, social status, and wealth and power, you have everything you need.

Or to put it this way, if the martial arts is strong enough, you won't care about these worldly things.

Take Ray as an example, his business wealth is blank.

There is no background use.

Relying on a pair of iron fists, he abruptly hit the Asura God of War.

This is the definition of martial arts!

In the face of absolute force, everything must be surrendered.

Therefore, these big powers, everyone advocates martial arts, and cultivating children from an early age is to practice martial arts, and try to become strong.

Only then will there be a god-level walking everywhere in the family, the grand master is like a Cloud.

They live in their own circles and are not afraid to be out of touch with modern society.

Only with super strength and appearing in modern society is the absolute king.

The appearance of Ray has proved this.

“So you ordinary people are like ants in my eyes!”

FU Zakariya sneered.

But Aria (Olivia) did not dare to refute.

“Bang!!!” At

this moment, the door of the manor was kicked open. Chapter 1239

” “

“Aria (Olivia) get out!!!” A

cold shout came.

Hundreds of guards in the manor rushed up immediately.

“Bang bang bang...”

Accompanied by bursts of crackling sounds, they flew out one by one.

Two figures walked all the way into the hall of the manor, full of people lying on both sides.

The senior guards of the Garrison family couldn't stop it at all.

In the hall.

Aria (Olivia)'s face changed drastically.

Even FU Zakariya and the faces of the people behind him changed.

who?

Dare to make trouble here?

After a while, two figures appeared in the hall.

“Huh? Why are you...you...”

“Ye... Levi... are you still alive?”

Levi Garrison's sudden appearance made Aria (Olivia) and FU Zakariya frightened.

After all, a dead person suddenly appeared in front of you, it's not surprising if you don't scare!

Aria (Olivia) was so scared that her eyes were about to fly out.

"I'm so wronged, I'm here to take revenge!"

Levi Garrison laughed loudly.

"Don't... I didn't kill you... It's not me, it's them..."

Aria (Olivia) almost collapsed.

She couldn't believe that Levi Garrison was alive.

Even from the powerful family of God Fu Pro are stunned nearly a minute, just breathing heavily,

incredible asked; "You you did not die?"

sneered at him: "Mr. Fu?"

"Do you actually know Me? I'm not...I'm in the calculation..."

Mr. Fu is a wise man, think of all kinds of things, and immediately reacted.

"How is it possible? At first, you obviously couldn't move. Everyone who escorted you died. How could you live? If you recover, you should do it at that time..."

FU Zakariya was surprised.

As soon as this matter was mentioned, it was Levi Garrison's pain.

So many brothers and sisters died tragically for him...

He hates it!

How good is it to mention the sword earlier?

No one will die...

Unfortunately, his recovery will take time!

FU Zakariya glanced at the Beitian King next to him and said: "No, someone saved you! This creates a series of illusions of your death, and even your former subordinates have been deceived!"

"But how did you recover? Impossible!!!"

FU Zakariya repeatedly sent people to check Levi Garrison's body, and recovery was impossible.

I can only lie in bed for a lifetime.

Let alone Levi Garrison.

In this case, even the ancient medical techniques and masters of the Northern Liang family members could not do anything about it.

How did he recover?

Just forget it if you don't die.

In such a short period of time, it was restored to this.

There are countless old books on the gate of Beiliang, and he has read many, many.

Never heard of such a situation.

He knew modern medicine well, and he had nothing to do with Levi Garrison's situation.

How did he do it?

Levi Garrison ignored him, but his eyes fell on the four people behind Fu .

"In the beginning, Garrison family and I fought Ray. At the critical moment, you shot it, right?"

Levi Garrison asked.

“Huh?” The

four of them were taken aback and lowered their heads subconsciously.

Indeed, the four of them secretly assisted Ray in cheating and war god Levi Garrison.

No matter how they were disciples of the Northern Liang Family Clan, Levi Garrison pointed out on the spot that they couldn't hold back their face.

They are very arrogant in their bones.

“Sure enough, it's you!”

Levi Garrison sneered.

“Nonsense! My disciple Ray was able to beat you upright. Thousands of people have witnessed it. How can anyone secretly help? It's ridiculous!”

“My disciples of the Northern Liangmen clan are like dragons, and will do these scams Is it?” At this time, how could FU Zakariya admit this matter?Chapter 1240

FU Zakariya sneered at Levi Garrison: “ Levi Garrison really didn't see that you still have such a side!”

” Did you make such an excuse for your failure?”

Levi Garrison smiled and said nothing.

Don't admit it?

Really thick-skinned!

FU Zakariya continued: “Are you going to say that you were very poisonous at the beginning, and you continued to fight with the Blood King Palace and the Garrison family masters? In addition to our cheating, my apprentice was lucky enough to win you?”

FU Zakariya took everything in his mind. The problem was thrown to Levi Garrison.

Beat it up!

Instead, it became Levi Garrison's excuse for failure.

Levi Garrison smiled and said: "Yes, what you said is all. One more thing, I actually lost to FU Zakariya on Purpose.

I just want to see who is going to do it to me?"

"Hahaha..."

FU Zakariya immediately. Laughed.

"Deliberately lost to my apprentice? It's really ridiculous! Sure enough, the loser will only make excuses! You will never compare to my apprentice for the rest of your life!"

FU Zakariya sneered.

At the beginning, Levi Garrison was stronger than Ray, otherwise he would not cheat.

But Levi Garrison said that he lost deliberately in the end.

This is an insult to FU Zakariya !

He spends a huge price, is calculating, and cheating.

In the end, Levi Garrison's sentence was deliberately lost.

Can he bear it?

"Don't say anything else, there is no absolute fairness in this world, especially if you are the leader of Erudia's warriors, you have to adapt to any possible sudden situations and circumstances. If you lose,

you lose. This is not the reason for you to make excuses!”

FU Zakariya Angrily said.

FU Zakariya reversed right and wrong, and even Aria (Olivia) believed that Levi Garrison had made excuses for her failure.

“Are you superior aristocrats so shameless?”

Levi Garrison asked.

One by one, he said he was superior, and he was full of sacred and noble blood.

What they do are all dirty and shameless things.

“Presumptuous! Dare to insult Master like this!”

“Looking for death!!!”

The four people behind Fu immediately scolded, staring murderously at Levi Garrison.

They are distinguished.

Especially their master has supreme majesty.

Never allow ordinary people to provoke!

“Do you know who we are? We are the Northern Liang family members! Superior to the family!”

“My junior brother Ray can only be considered middle and upper in the Beiliang family members, do you know our horror?”

Several people immediately stated their identities.

The North Liang gate clan is indeed terrifying.

But like Ray, Levi Garrison could crush to death with one finger.

Will he take it seriously?

It's ridiculous!

"Beiliang gate valve? Anxious, I just took it down!"

Levi Garrison said coldly.

Even Aria (Olivia) couldn't listen anymore.

Is this Levi Garrison too crazy?

Come to take the North Liang gate valve and don't pay attention to it?

Do you know how many god-level masters are there in Beiliang Gate Valve?

Go everywhere, one hundred? several hundred?

Grandmaster-level powerhouse is even more like a cloud!

There may be more than dozens...

A master of death killed all the masters who had escorted Levi Garrison.

The Beiliang Gate Valve can be used by dozens of masters at once!

That would be unimaginable!

Appear on the battlefield, absolutely dominate everything.

unstoppable!

Why does a Levi Garrison look down on the gate valve of Beiliang?

"Levi Garrison, you speak wild words! I don't care how you recover your health, but this is not the reason for you to despise the gate clan of Beiliang!"

FU Zakariya shouted wildly.

Levi Garrison stared at him with a sneer: "You are Ray's master, aren't you?"

"Of course!"

“Then you are better than him?”

“That’s for sure!”

“Well, since you say I am not Ray’s opponent, then I Defeat his master!”

Chapter 1241 Five Great Masters

Apprentice Ray, Levi Garrison is no longer interested.

Then defeat his master!

“Hahaha...”

Everyone was happy.

Is Levi Garrison crazy?

He was at best a little stronger than Ray, and he even dared to provoke FU Zakariya .

FU Zakariya was a master-level powerhouse twenty years ago!

The current strength is even more terrifying!

To challenge him is to die!

“Just you want to challenge Master? Can you stop the four of us?”

The four apprentices behind Fu sneered.

Not only FU Zakariya is already a long-standing master.

The four of them are also masters!

The four of them are FU Zakariya ‘s best disciples, and they are better than Ray in terms of

strength and talent.

That day, they secretly interfered with Levi Garrison.

These are the five great masters! ! !

A bloodthirsty killing intent flashed in Levi Garrison's eyes: "Then I will kill you first, and then your Master!"

"Arrogant!"

"Noisy!"

"Looking for death!"

"Kneel down!"

FU Zakariya 's four major apprentices disagreed. Let's make a killer move!

"boom!"

...The

four people rushed towards Levi Garrison with a violent momentum.

Generally speaking in Erudia, a god-level powerhouse is a great accomplishment in qigong

Cultivation.

The power is surging like a sea, and the blood is much more abundant than ordinary people.

The body is like steel bars.

This is to train to strengthen one's own muscles and veins, increase combat effectiveness, and enhance defense.

The biggest difference between a master-level powerhouse is that it can release Aura outside the body and cause damage to the enemy.

In layman's terms, it releases energy... It's

like an explosion of a cannonball, and the air waves released are extremely lethal.

So that day, when Levi Garrison and Ray fought, the square in front of the Garrison family would collapse.

The four great masters came together to kill, but before the people arrived, the four invisible energies blasted vigorously.

Like a mountain whistling a tsunami!

There was a huge gust of wind around him, shattering all objects in the entire hall.

"Kacha Kacha..." The

floor-to-ceiling windows burst open side by side.

Even the whole hall was shaking.

It's as if an earthquake is coming...

like it will collapse at any time!

Aria (Olivia) was stunned.

Is this the young man of the Northern Liang family?

too strong! ! !

unimaginable!

The so-called Erudia First Family is nothing more than a frog at the bottom of the well.

“Levi Garrison is dying!!!” The

four great masters came to Levi Garrison from four directions.

Just as the Northern Heavenly King was about to start, Levi Garrison shook his head.

This is his grudge.

He came to do it himself.

It’s just that Levi Garrison has been standing there stupidly, without any movement.

This appearance fell in FU Zakariya ‘s eyes, as if he was frightened.

“Hahaha...”

FU Zakariya smiled.

Even his apprentice can’t handle it.

Still want to challenge him?

court death!

“Since Levi Garrison is not dead, let my apprentices let you die again!”

FU Zakariya raised a triumphant smile.

In an instant, the must-kill moves of the four great masters fell on Levi Garrison.

They firmly believed that under one blow, Levi Garrison would definitely fall apart.

“Bang!”

“Bang!”

“Bang!”

...

Four intrepid tricks slammed on Levi Garrison, making a dull sound like thunder.

“Boom!!!” But in the

next second, Levi Garrison suddenly exploded with terrible power.

“Puff!”

“Puff!”

.....The

four great masters were all bombarded by terrifying power, vomiting blood violently, and fell to the ground without any movement.

There was a dead silence...

Aria (Olivia)’s eyes are about to fly out.

Not moving anymore?

Can’t any of the four great masters move?

Levi Garrison didn’t move, right?

The four of them flew out...How

powerful is Levi Garrison?

Isn’t he dead?

Isn’t he abolished?

Why is he so strong?

FU Zakariya was also dumbfounded.

He knows how strong his four best apprentices are.

Was it shocked by Levi Garrison?

This, this...

can't accept this fact!

"Not only did you recover your body, but also your strength?"

FU Zakariya 's expression changed drastically.

how can that be?

Levi Garrison was hit by the blood king palace to poison, and was wounded like that again.

You must know which ancient medical techniques and techniques are monopolized by these

ancient forces.

Which ancient magical methods are rarely passed on to the modern age...

How did Levi Garrison do it?

FU Zakariya was very curious.

If he mastered this method, he would definitely be reused by the Northern Liang Clan.

Once this method was born, it would definitely shock the world!

It really is so!

After all, Levi Garrison's practice method was too defying.

The incompleteness created the God of War!

"Levi Garrison obediently tells you the method of recovery, and I will spare you not dying!"

FU Zakariya began to think of Levi Garrison's cultivation technique against the sky.

Once other powerful people or forces know that Levi Garrison has this heaven-defying technique, it must be robbed by everyone.

The reason that everyone is not guilty is guilty of his guilt.

FU Zakariya dared to say this, which was enough to prove how confident he was in his own strength.

Even if Levi Garrison had defeated the four great masters.

Face FU Zakariya .

Levi Garrison had only one idea-revenge.

"Are you colluding with outsiders to make the Blood King Palace reappear and force me to leave?"

Levi Garrison asked.

“Yes, it’s a pity that my disciple was sent to protect your wife and children! It’s a pity!”

FU Zakariya looked regretful.

“Are you teaming up with the Blood King Palace to poison me?”

“Yes!”

“Are you sending someone to secretly disrupt my duel with Ray?”

“Yes!”

“Are you sending someone to assassinate me?”

“Yes!”

“Did you frame me to betray Erudia and expel me from the country?”

“It’s me!”

“My Erudia three hundred and fifty-eight good sons were killed by your collusion with outsiders???”

Having said this, Levi Garrison’s eyes were red, and his voice was hoarse and choked.

The tragic battle in Beimo is still vivid.

The Eighty Nameless

Clan in the Western Territory ... from several big families in the capital...

...

Jonah Garrison, who was always strong and striving for the last breath!

The four heavenly kings who are dead still holding the thighs of the god of death!

The Yama God of War, whose body was shattered and never let go!

...

Familiar and unfamiliar faces flashed through Levi Garrison’s mind.

Kill kill kill!

Take revenge for them!

They can't die in vain!

Blood cannot flow in vain!

FU Zakariya looked at him with a sneer and said, "Yes, it was planned by me! A bunch of reptiles and ants are dead! It's a pity that they couldn't kill you!"

FU Zakariya didn't treat life as a matter of all.

Especially these people are his compatriots!

"Levi Garrison, I just found out that so many people hate you and want to kill you! Hahaha... we almost hit it off!"

FU Zakariya smiled cruelly.

"Fu is a b*stard! Do you still have Erudia in your heart? Those are all your compatriots, so you murdered cruelly?" Chapter 1243

FU Zakariya smiled and said: "I often teach disciples that there is no truth-the weak and the losers are not worthy to live!"

"They are just too weak, but if they are stronger, will they die? No! To put it bluntly, they died because of their weakness, so don't blame anyone!"

"..."

FU Zakariya 's remarks shocked Levi Garrison.

Did the weak provoke you?

Why are they not worthy to live?

This is an era when everyone is equal!

The age of people divided into six or nine classes has passed!

Your Beiliang Gate Valve also follows this set of principles.

Then I, Levi Garrison, will hit you until you recognize the reality and admit your mistakes!

FU Zakariya looked at Levi Garrison with a smile: "In the final analysis, this matter has nothing to do with me. You are too weak."

"What if I cheat for my apprentice? How about you poison you? Can you get revenge? This time I am. Killing you, who knows?"

FU Zakariya smiled.

Among the cliques are the laws of the weak and the strong. In order to survive, they have to do whatever they can.

It is also the reason why these hidden forces are out of touch with modern society.

On the other hand, the constraints on them are not in place.

After all, these people are too strong.

Once annoyed, the master is like a cloud!

“Do you have Erudia in your eyes?”

Levi Garrison was very sad.

The three hundred brothers who died were wronged.

FU Zakariya had no intention of repentance at all.

FU Zakariya sneered: “I only have myself in my eyes! This world belongs to the strong! Don’t tell me other shit!” “For your own selfish desires, you framed me like this? It’s

okay !” “Brothers, you guys are watching Are you right? Today, I, Levi Garrison, will avenge you! Kill this wicked man!”

Levi Garrison screamed from the sky.

“Hahaha...”

FU Zakariya smiled.

“I’ll talk to you again, as long as you hand over the recovery method, I will spare your life!”

FU Zakariya warned again.

“Thief, die!”

Levi Garrison gritted his teeth and suddenly killed him.

“Boom!”

He punched critically.

FU Zakariya is worthy of being a master-level powerhouse for twenty years.

Raising his right arm, he actually blocked the punch.

“Kacha!” But

his feet cracked inch by inch, and cracks spread out for several kilometers.

“This

punch is for the old Jonah Garrison!” With a punch, FU Zakariya ‘s face changed wildly .

Strong!

too strong!

Before he could react, the second punch came...

“Boom!”

Levi Garrison struck again with the second punch.

FU Zakariya plunged his feet deeply into the ground, and his ankles were gone.

“This punch is for Yama!”

“Boom!” The

third punch was blown.

FU Zakariya sank deeper into the ground, reaching the calf.

“This punch is for South Hampton’s senior brothers!”

“Boom!” The

fourth punch was blown.

FU Zakariya continued to insert his body into the ground until he reached his knees.

“This punch is for the brothers in Oakland City!”

“Boom!” The

fifth punch was blown.

FU Zakariya ‘s body drowned the earth deeper.

“This punch is for the Eighty Nameless in the West!”

“Boom!” The

sixth punch was blown down.

FU Zakariya was beaten into the ground half of his body.

“This punch is for the four brothers of Khalid!”

...

“Boom!!!”

“This punch is for the brothers in the North!”

“Boom!!!”

“This punch killed the North Desert town tragically! People!”

Levi Garrison came up to the sky and roared, swallowing the mountains and rivers with anger.

A dozen punches in a row.

As for FU Zakariya ‘s disappearance on the spot...

because Levi Garrison smashed his whole body into the earth with his fist, without even showing his Head.

The whole person falls into it and merges with the earth...Chapter 1244

“Woo...”

Aria (Olivia) witnessed everything next to her. She watched Levi Garrison punch FU Zakariya into the ground with her own eyes.

It’s like a hammer, and the feeling of knocking a nail into the wall one by one and disappearing.

terror!

so horrible!

That's not an ordinary person!

That is a master of twenty years!

Put it on the battlefield against the existence of an army of 100,000!

Was beaten just like this?

How strong is he?

How could Levi Garrison be so strong?

Is he rebirth from Nirvana?

Is it stronger than before?

“Woo...”

Aria (Olivia) was completely frightened by seeing such a terrifying scene.

“Don't come, don't come...”

She was completely out of control when she came into contact with Levi Garrison's terrifying eyes.

She has become a lunatic... The

Northern Heavenly King snorted coldly: “The five great masters are vulnerable!”

He was more afraid of Levi Garrison's strength.

Levi Garrison looked into the distance and shouted wildly: “Brothers Have you seen it? I have already

killed this wicked man!”

“Not only that, I will also get rid of the enemies overseas one by one! To comfort your spirit in the sky”

Finally, Levi Garrison and the Northern Heavenly King left.

“Boom...” The

entire manor actually collapsed...

Just now, Levi Garrison has completely destroyed the foundation of the entire manor with dozens of consecutive punches...

The wind and rain fluttered this night.

The five great masters have fallen!

, what’s wrong with you?”

When Tyrone Garrison found Aria (Olivia), she was already crazy.

“Ghost! Ghost! Ghost!”

Aria (Olivia)’s pupils dilated and pointed forward in horror.

“Hurry up, please doctor! Master again!” In

this way, Tyrone Garrison suspected that she was wicked.

As for the fall of the five great masters, no one knows.

After all, everyone didn't even know that someone from the Northern Liang Dynasty had entered the WTO.

In addition, the disappearance of the high-definition reputation in the capital was also spreading...

For

a while, a layer of horror enveloped the capital.

It's like something big is about to happen.

Unreasonable things are happening...

In addition, the assassination order against Levilia has also been cancelled, and those assassination organizations have withdrawn one after another.

No one knows what's wrong?

People like Mr. Lin guessed that someone might have put pressure on the North Liang gate valve.

After all, he knew that this time the assassination order was issued by the Northern Liang family Clan.

It should be Erudia Messiah and the like, for Levi Garrison's past meritorious service, specially pressured Beiliang's clan.

In fact, everyone, the most terrifying thing is the defeat of the five great masters. If this matter is to be spread, the whole world will burst.

In some small countries, there is such a rumor-
one master can control one country!

Exaggerate to say that a master can carry the fortune of the country!

This is the master!

In Erudia, even if you don't say that you can carry a country, you can still be a god of war in a Country.

Such as Ray!

But Levi Garrison defeated the five great masters!

His strength is unimaginable!

In the base.

"I do not know the master and brothers they are coming out why I always feel something?!"

Qisha shook his head: "Ares, I did not find relevant information"

"But the master before I left, and I pass a war Skills, I have to practice as soon as possible!"

Ray smiled and said: "I faintly feel that Levi Garrison is still alive! If it is true, I have to make him understand that I am a mountain he can never cross!" The others looked at each other: "We I also feel that way! If Levi Garrison is alive, you can defeat him again, God of War!"

Chapter 1245

How

did they know that Levi Garrison hammered his master and the four strongest brothers last night.

What shit fighting technique?

His master can't even use it!

He was hammered to death by Levi Garrison with his fist!

After solving Mr. Fu.

Levi Garrison began to join forces with Mr. Fu's enemies overseas.

He asked the Kagura to check the relevant personnel...

"The leader is HOMO, Grand Army Master of the Kingdom of Yang?"

Levi Garrison said coldly while looking at the list.

"Yes, and the return of the Blood King Palace is also a single-handed operation by HOMO!"

Said Kagura replied.

Levi Garrison pursed his lips and said: "It's really a powerful existence! The Blood King Palace was clearly let me get rid of it, and I can make a comeback! It's amazing!" When the Blood King Palace was destroyed for

the first time, those masterminds were clearly killed. Up.

The second time they were still standing in front of Levi Garrison alive.

This makes him incredible.

He asked the Western Heavenly King to keep investigating this matter.

It seems that HOMO knows everything.

Levi Garrison sneered and said: "Okay, the list is complete, I will visit everyone on it one by one!"

"The LEvi's Squad listens to orders!!!"

Levi Garrison shouted.

"Yes!"

LEvi's Squad kneeled to the ground.

"The hunt begins!!!"

Levi Garrison threw the list to the ground.

"Help the justice, protect the mountains and rivers, eliminate the traitors, kill the enemy bandits!"

... The

LEvi's Squad operation officially begins!

From this day on, everyone involved in the framing of Levi Garrison will be found one by one.

Murder in every night.

Performed in every corner of the overseas.

Next, there were constant breaking news.

Sumo, the great martial artist of Wu Kingdom, suddenly evaporates from the world...The

island

owner of the largest island in the sea country died... 2nd , the lord of the 500 billion

consortium of the Star Kingdom, died...

The boss of the most powerful dark world of the Wind Kingdom died...

...

Soon, overseas is boiling.

In just a few days, such things happened in dozens of overseas countries.

It seems that killings are happening all the time!

People panic for a while.

After all, those who died were all super big men overseas!

Who made it?

According to the clues left at the scene, it can only be the LEvi's Squad.

Only LEvi's Squad has this ability!

After all, those who were killed were powerful in their lives, or they were super-powerful warriors in the first place.

Everyone is basically sure that it is LEvi's Squad.

"What's the origin of the temple of this town? It killed so many people? They are all our partners!"

HOMOWas shocked when he learned about it.

"It feels like this is for me?"

HOMO had a vague premonition.

These dead people are too obvious.

They were all the people who conspired with him to get rid of Levi Garrison.

They are dead.

All the spearheads were directed at one person- Levi Garrison.

“Military strategist, but not necessarily, because these people who died had conflicts with LEvi’s Squad in private before!”

“Yes, and Levi Garrison can’t live! Death shot, how can he live?” the subordinate said .

HOMO shook his head: “No, no, I’d better prepare early!”

“Although Levi Garrison must be dead, if LEvi’s Squad comes at me by any chance, wouldn’t it be over if I didn’t make preparations? ?”

HOMO is a cautious man.

On the other side, only HOMO and Mitsui Ichiro remained on the list of LEvi’s Squad.

“Leave, go to Yang Country!”

Above the sky, Levi Garrison looked at the island nation.

Hamdan is also known as Hamdan.

“It’s been five years since the last time I came to East Island. I didn’t enter East Island for five years.

This time I entered East Island and killed three people!”¹²⁴⁶

Levi Garrison’s eyes were deep.

Five years ago, in order to rescue one person, he set foot on the East Island alone.

Fighting 30,000 enemies alone, slaughtering 8,000 enemies, and successfully saved people.

The First World War shocked East Island!

This is the main reason HOMO is jealous and angry with him!

Because of that battle, Levi Garrison used his strength to trample under his feet the martial arts that Hamdan had believed in since he was a child, and desecrated it!

In the East Island, everyone resented Levi Garrison.

Killing and then quickly can relieve the pain.

For five full years, Levi Garrison never set foot on the East Island again.

This time, the devil came again.

Hamdan should tremble!

Edo Castle, the capital of the East Island country.

Edo Castle is famous in the East Continent is the tallest tower, the Sun Tower, which is 600 meters high! ! !

At this moment, it is located in a luxurious private estate in Edo Castle.

The atmosphere is serious and depressing.

The small manor is actually full of thousands of masters.

They wore hats one after another, with samurai swords hanging from their waists.

Everyone was wearing a black face towel, and their eyes were full of solemn killing intent.

They are all famous samurai in Edo and other islands.

Hearing that the army division was in trouble, he spontaneously came to protect him.

Not only that, there is also a strong samurai on his way.

The recent shock shots of the LEvi's Squad have already made people panic.

They will never allow HOMO to do anything.

At all costs, we must ensure the safety of HOMO!

HOMO has a very high prestige

Resourceful, almost a demon god.

This is an evaluation of HOMO.

This great army division only came out for thousands of years!

But HOMO was not in the manor, he went to a place.

In a bamboo forest on the outskirts of Edo Castle.

There is a grass house deep in the bamboo forest.

In front of the grass house, there was a man kneeling, it was HOMO.

It's hard to imagine that HOMO, the military division of Hamdan, would kneel to others.

Especially when the people on the East Island know it, they are afraid that their eyes will fly out,
right?

Who is so bold?

How dare to let the generals kneel down!

What is even more unimaginable is that he has been kneeling for nearly a day.

“Go back! I won’t go out of the mountain again!” An

old voice came from the grass house.

“Senior Demon Sword, juniors are here, not only for your own safety, but also for your prowess of Hamdan martial arts!”

“Five years ago, Erudia Levi Garrison killed my Hamdan alone, and 30,000 samurai didn’t One enemy, after being slaughtered for eight thousand, went away!

That battle shocked the world! It was also the most humiliating moment in Toshima!

He alone trampled my Toshima on the ground, and only one person gave me the most painful blow to Toshima . !

That blow left me Toshima silent for five years, and it hasn’t been relieved yet.

My Toshima was supposed to be in the top three in the East, but after that one, I fell out of the top ten and retreated a full three. Ten years! Until now, we are still bowing our heads!”

Speaking of this, HOMO has already washed his face in tears: “The younger generation is afraid that this attack on the LEvi’s Squad will cause a greater blow to my Toshima ! This time I will go back a hundred years, and my Toshima will completely I can’t hold my head up

“I still hope Senior Demon Sword to think twice!!!”

“Although there are several master-level experts beside me, for the prosperity and reputation of Hamdan Budo, I must be foolproof!”

“Senior Demon Sword! It shouldn’t have been disturbed for fifty years after retiring from the arena.

The juniors are compelled! I beg Senior Demon Sword to come out!”

HOMO shouted.Chapter 1247

” it.”

“Bang!”

“Bang!”

“Bang!”

HOMO knocked his head on the ground several times in a row, bleeding his forehead.

HOMO is an extremely crazy existence.

For Toshima, for Higashishima, he will give everything.

Even if you use all means to destroy Levi Garrison.

Even if he is responsible for any infamy.

You can't say that he is wrong, you can only say that his position is different.

Of course, HOMO also has selfish intentions.

Want to live!

The recent attempts of LEvi's Squad made him flustered.

Because among those who died, there were many who were protected by the master.

With the protection of the master, he was killed.

That can only show that the opponent is very strong!

Have the ability to not fear the master, and even kill the master!

So if he wants to live, he has to do his best.

You have to use all the cards you can use to protect your own safety.

He even planned to use the Demon Sword to smash the LEvi's Squad and save the face of Hamdan Budo in one fell swoop!

It can be described as a strategy of killing two birds with one stone!

"For Higashishima Budo

, I implore Senior Demon Sword to come out!" HOMO was still kneeling hundreds of people behind him, begging one by one.

The sound was like a mountain whistling a tsunami, alarming the bamboo forest.

The birds stun the beasts and ran away...

Who was the demon sword they invited?

The demon sword is just a name, his real name is Kawasaki.

Known as the Great Master of the East Island!

The first means the strongest!

Sixty years ago, Kawasaki swept all the masters in Dongfang Continent alone, with no rivals at all.

Join Telegram Group For Fast update

Even if he faces a master who is also a master, he is a spike!

Rumor has it that no one has ever seen him take a knife!

Because everyone I met was dead...

Even when he stepped into Erudia, Erudia martial arts couldn't hold his head up.

Almost, that era in Dongfangzhou belonged to him.

He alone suppressed Dongfangzhou martial arts!

He became the pride of Toshima !

Become the god in the minds of the people!

But for some reason, Yaodao suddenly announced his withdrawal from the arena and lived a life of Seclusion.

Up to now, it has been fifty years and has not yet emerged.

“Well, for the sake of your

dedication to Toshima , I promise you to go out of the mountain!” The old voice resounded in the grass house again.

“Hahaha, that’s great!”

HOMO laughed presumptuously.

The Demon Sword, known as the strongest master, came out of the mountain, who could kill him?

Who dares to humiliate Toshima again?

There are six great masters around HOMO, plus him, a total of seven masters.

If this foundation is placed on Dongfang Continent, everyone should be timid, right?

That’s right, there were few god-level powerhouses before, let alone grandmaster-level powerhouses.

Almost never appeared.

That’s because every country and every force is unwilling to expose their hole cards.

When it is not a last resort, this kind of hole cards will never be exposed.

Although the various forces unite to fight against Levi Garrison.

But I can't tell you when everyone will become enemies.

To expose the master-level powerhouse prematurely, isn't it to let the other party target it?

"Sha Sha Sha..." The

next moment, I saw an old figure walking out of the grass house.

His body was frivolous and thin, as if being blown down by a gust of wind.

But no one dared to breathe a sigh of relief. Everyone held their breath and stared at him with admiration.

This is the demon sword!

It is a godlike existence!

Fifty years ago, it was so scary.

Today, he is afraid of becoming more and more terrifying.

"Welcome the demon sword out of the mountain!!!"

HOMO took the lead and shouted.

This one comes out.

He is safe.

Toshima is about to flourish.

East Island will also prosper.

"Come on LEvi's Squad!"

HOMO was extremely confident. Chapter 1248

"Where is the person who repelled my Toshima five years ago for fifty years?" The

Demon Sword asked after he came out.

HOMO respectfully said by the side: "Senior Demon Blade, that person's name is

Levi, he is the God of War, the only existence with the title of GOD OF WAR. It's just that I designed it to

kill!”

“Huh? He died? Dead? Good too!”

HOMO smiled and said, “This is thanks to the Erudia Beiliang Clan!”

“Huh? What? The Beiliang Clan?” After

hearing these words, Yaodao’s face changed drastically.

It’s like seeing something frightening.

“Senior Demon Blade, what’s wrong with you?”

HOMO asked immediately.

“It’s okay, I just heard that Erudia Beiliang’s gate clan is strong like a cloud! There are other three gate clan too!”

Yaodao returned to normal and said lightly.

a group of people immediately flattered and said, “No matter how strong the four big gates in the summer are, it can’t match the power of your predecessor!”

Yaodao didn’t take this flattery to his heart.

He asked HOMO to describe the incident in detail.

“

Where are the other two?” Yaodao asked.

He refers to Yuta Yamamoto and Ichiro Mitsui.

The two men also participated in the whole process of framing Levi Garrison.

HOMO is making suggestions, and the specific implementation is both of them.

HOMO’s expression changed: “The two of them didn’t take my instructions to heart, and didn’t regard this matter as the same thing at all.”

Demon Dao sighed and said: “This is normal! Both of them came from famous families, and their

ancestors are all invincible generals! They have been martial arts families for generations, and it is not normal to be timid!”

“Let them go!”

HOMO A cold voice.

He is safe anyway.

Somewhere away from the downtown area in Edo, there is a mansion.

Partial to the ancient architectural style.

This used to be the General’s Mansion.

Later it became the place where the martial arts family lived for generations.

Everyone advocates martial arts.

There are countless masters in the family.

Yamamoto Yuta is the current Patriarch, and he already has master-level combat power.

Mitsui Ichiro is here too.

After he is another goal general, he is also of the master level.

They and HOMO are the iron triangle of Higashishima Yokuni.

One article and two weapons, the world is invincible.

However, due to recent events, the two had a little disagreement with HOMO.

“Although Tenichi Watanabe is resourceful and resourceful, his shortcomings are also obvious-he is too conservative, and he is only committed to doing things, and often missed opportunities!”

“Yes, you have to take risks when you should take risks!” The

two couldn’t help but sneer.

“Is it LEvi’s Squad? I’m afraid of what it does? If you dare to come to the East Island, I will let you stay here!”

Yamamoto Yuta knelt on the futon while holding a samurai sword, waiting quietly.

Behind him are all black warriors.

Behind Mitsui Ichiro next to him were all white samurai.

They did not find someone to protect and defend themselves like HOMO.

Instead, they were waiting for LEvi's Squad to come up, head-on.

This is the Bushido spirit of Higashishima!

Even the toughness of the Higashishima samurai is more than that of the warlike country.

"According to the working style of LEvi's Squad, we will definitely come to us. I wonder how they will come?"

Mitsui Ichiro asked in surprise.

This general mansion, they made a strict deployment.

"Why does he come? You can come from the sky!"

Watanabe Yuta dismissively said.

At this moment, the sky over Higashishima Edo.

An airplane peculiar to the town hall passed by.

"Hallmaster, below is the mansion of Yuta Yamamoto!"

"Open the hatch and I will jump down!" Chapter 1249

"Okay, Lord, I will prepare a parachute for you!" The

subordinates have arranged a parachute and are ready to put on Levi Garrison.

What they understood was that Levi Garrison was going to land from the sky, killing them by surprise.

"No! I just jump down, don't need a parachute!"

Levi Garrison simply refused.

"Huh?"

Hearing what Levi Garrison said, everyone in the cabin was stunned.

Jump straight down?

Although the plane was flying extremely low at the moment.

That is at least 1,500 meters!

Jump from this position?

Isn't this a joke?

At the speed of the plane, he jumped directly at an altitude of 1,500 meters.

People are afraid that the bones will not be left after training, right?

That huge impact is unimaginable!

Even a warrior can't do it, right?

Absolutely crushed!

After all, it's not Superman!

Everyone is flesh and blood!

The body of the warrior is as hard as a stone, and the blood is surging like a sea.

But such a big impact can't hold it!

For a while, everyone hesitated.

"Hallmaster still ask you to put on a parachute! It's safe!"

one person said.

Levi Garrison's face was cold and did not speak.

"Didn't you hear the command of the palace lord? Open the hatch!"

"Immediately, right away!" The

Northern Heavenly King said angrily.

“Understood!” The

few people were so scared that they immediately opened the hatch.

Never dared to disobey orders!

“Boom...”

Suddenly, a terrifying air current sucked everything in the cabin!

“Go!”

Levi Garrison carried his hands on his back, stepped out of the hatch slowly, and jumped straight down.

The Northern Heavenly King followed closely and jumped down.

The two men looked relaxed, as if they were taking a walk.

“This...”

The members of the LEvi’s Squad in the cabin showed an incredible expression.

But he jumped from the plane at an altitude of 1,500 meters without any protective measures.

Is this still human?

terror!

It's damn scary!

Inside the general's house.

Thousands of warriors are waiting for the arrival of LEvi's Squad.

Yamamoto Yuta and Mitsui Ichiro held samurai swords in their hands and closed their eyes.

"Look at the sky, there really are planes flying by!"

"Yes, yes, too low, right? Is this coming for us?" At

this moment, there was a lot of noise in the crowd.

Everyone looked to the sky one after another.

A black plane was passing by

at low altitude.

Everyone sees it clearly.

After all, 1,500 meters, this altitude is not high for airplanes.

"Ok?"

Yamamoto Yuta and Mitsui Ichiro also opened their eyes and looked into the sky.

There was a plane passing by at low altitude.

Flying too low!

"Could it be that LEvi's Squad really belongs to it?"

Mitsui Ichiro said casually.

"F*uck me!" The

next moment, Yuta Yamamoto, who had excellent eyesight, saw two black spots appear in the sky.

Obviously just came out of the cabin!

"Someone jumped down!!!"

Mitsui Ichiro shouted.

“Wow!”

Thousands of samurai at the scene pulled out their katana one by one and waited!

A wave of murderous intent lingered in the general’s mansion.

In everyone’s concept, these two people will turn on their parachutes next and finally land nearby.

They rushed up and hacked to death with a random knife!

Next, the black spots became bigger and clearer.

The two figures gradually became clear.

The two of them are like meteorites falling from the sky...

“Boom...”

The sound of howling was heard in everyone’s ears, and even a stream of air currents came raging.

The falling speed has broken the sound barrier!

“They didn’t carry a parachute!”Chapter 1250

” “

Yamamoto Yuta shouted.

Mitsui Ichiro was dumbfounded.

Thousands of warriors present were dumbfounded.

Are you crazy?

Jump off the plane without a parachute?

Falling from an altitude of 1,500 meters, it was on the plane again.

So Levi Garrison’s descent speed was simply too fast.

The figure was blurred, and a long wave of air was drawn.

“Buzzing...” The

two fell, carrying too much shock.

The entire general mansion has heard terrible noises, destroying their eardrums.

There was even a wave of air pressure from the top of Mount Tai.

Many people were almost overthrown by the blast!

Before people arrive, they have such power...

“Danger, evacuate!”

Everyone has sensed the danger and evacuated quickly.

It’s just that the falling speed is too fast.

It doesn’t give people any time to react at all.

Many people raised their heads and watched two figures falling from the sky.

“Boom!”

“Boom!” The

two fell into the general’s mansion one after another, making a shocking sound.

Like two shells hit.

“Rumble...” The

earth moved and the mountains shook, and the sky collapsed.

“Boom!”

“Boom!”

“Boom!”

.....

The buildings in the General’s Mansion collapsed one after another.

“Kacha Kacha...” There

were dense cracks on the ground that looked like a spider’s web.

Pieces of the floor burst open.

The most frightening thing is that there are two big pits in the General’s Mansion!

It’s really like after a cannonball bombardment.

This general mansion, which has been passed down for more than 600 years, was destroyed.

“Puff!”

“Puff!”

“Puff!”

... What is

even more terrifying is that the moment the two fell, a huge shock wave was generated, raging around everything.

It just so happened that thousands of samurai gathered together very densely.

The building collapsed, and people were blown out.

Blood flowed into a river!

Sorrow everywhere!

Numerous casualties at a time!

This is the immense power produced by falling from a high altitude, like a cannonball!

Humanoid weapons...All the

rest looked at the smoke-shrouded place in the field in unison.

They want to know the life and death of the two who fell!

After waiting for a long time, the smoke and dust finally dissipated, revealing a clear picture.

I saw two people standing in two big pits.

One person slapped the smoke, his face flushed, and blood surged.

Obviously, the impact of jumping from the plane still hurt him to some extent.

This is the Northern Heavenly King.

Although it was okay, it was very embarrassing.

“F*ck!”

The Northern Heavenly King couldn't help but cursed.

His understatement frightened a group of people.

Yamamoto Yuta and others are going crazy.

Didn't have a parachute, and jumped down from such a height, it was all right?

Just this damage?

so horrible!

“My God!!!”

They went crazy when they saw the other person.

Every eyeball is about to fly out.

As if seeing some miracle!

Levi Garrison carried his hands on his back, his face was as usual, and his expression was calm and calm.

There is no dust on the body!

Jumping off the plane, he really had nothing to do.

how can that be?

Is he really human?

His physique is too bad, right?

Unimaginable!

Even a master-level powerhouse would not dare to fall from a height of 1,500 meters, right?

With everyone's stunned effort, Levi Garrison and the Northern Heavenly King have already walked into the field.

Yamamoto Yuta and Mitsui Ichiro looked at them silly.

It took a full minute for everyone to react one by one.

You can see Levi Garrison in front of you.

They were stunned again.

Why is this person so familiar with the key?
