

Chapter 2181-2200

“Ah!!!”

Just when everyone’s nerves were strained to the extreme, a scream suddenly sounded.

“Puff!”

Then blood spattered.

Many people were sprayed with hot blood.

At this moment, everyone was terrified.

-

Including Kyushu Xuanzun and his ilk.

“Ah!!!”

...

-

Without waiting for any response from everyone, another scream rang out.

Blood splattered.

...

“Open!!!” The

Gambler shouted.

“Pop!”

“Pop!”

...

They quickly turned on the lighting equipment, and the processing plant was all lit up for a while.

Not letting go of every corner.

Everything can be seen clearly now!

I also saw clearly what was coming out of the coffin...

“Boom!!!”

After seeing it clearly, everyone’s scalp was numb, and their heads were about to explode.

what is this?

A figure in front of him was tall and straight.

“Ho Ho Ho...” He

let out a low beast-like roar.

Every breath has a pungent smell of blood...

Everyone finally sees the full picture of the terrifying creatures in the coffin!

Human body shape!

It's just that there are blood scars all over the body, especially the crisscross scars on the face, plus the hair.

Looks terrifying like a beast!

Especially the corners of his mouth are full of blood, which is even more terrifying!

“Is this a human?”

Everyone was scared and sweating profusely.

Say no.

It's all human characteristics!

It can be said that it is, like wild beasts, it also sucks human blood.

What is this existence?

No matter what kind of creature it is, it presents the ultimate threat to everyone at this moment.

Even Xuanzun Kyushu was also afraid.

The one in front of you seemed to be like a demon!

“What the hell is this??”

Everyone was very curious.

After carefully distinguishing, the gambling king couldn't help saying, “I'm afraid this is not the legendary Western blood family? That very ancient race!”

“What? Western blood family??”

After hearing the crowd, their faces changed drastically.

Ancient mysterious race.

Many people have only heard of legends and records, but have never seen them.

What's in front of you? ? ?

It's too late for everyone to think.

The terrifying alien in front of him has already started killing.

In front of him, people kept falling, being torn apart, and blood being sucked dry.

His speed is too fast for everyone to react.

If he hadn't killed directly by sucking blood, I'm afraid the loss would have been even greater.

...

"Everyone, take it with me!"

Kyushu Xuanzun was anxious.

Quickly shot.

Other masters also followed Kyushu Xuanzun's efforts, and all kinds of attack methods came out!

“Boom boom boom...” But

soon everyone discovered that no matter how powerful the attack means, hitting this terrifying alien would not have any effect at all.

His body is unimaginably strong.

Xuanzun, as strong as Kyushu, couldn't hurt the terrifying aliens at all, and even said that he wouldn't be able to move him at all.

This...

everyone was terrified by the terrifying aliens in front of them.

Is this physique too strong? ? ?

The gambling king became more sure of his identity.

This alien physique is unprecedentedly strong.

Kyushu Xuanzun's frantic attack completely angered the terrifying aliens.

“Roar!”

He roared in a low voice.

Unmatched adsorption power burst out on his body.

“

Puff !” “Puff!”

...

Many people cracked their bodies directly, and the blood was sucked away by the volley.

Soon one after another corpses fell to the ground.

The blood was sucked away directly.

Who has seen this method? ? ?

Everyone started to frighten...

this is no ordinary person.

They are all martial artists, masters of spells.

There is no power to fight back in front of the terrifying aliens.

Fall down one by one.

All turned into corpses.

Realizing that it's not good, it's too late.

It is basically impossible to evacuate.

"I'll stop him! You withdraw!"

Xuanzun Kyushu was about to fight to the death .

The others evacuated quickly. Can't stop this terrifying alien..."Come on, beast!"

Kyushu Xuanzun was desperately determined.

He wanted to die with the similarities in front of him!

"Boom!"

"Boom!"

...

-

Kyushu Xuanzun's various spells!

Punch out all your strongest tricks!

Swearing to fight to the end with this alien...

-

A big battle continues...

Soon blood stains were added to the glass of the processing plant.

Kyushu Xuanzun couldn't stop it at all.

He died in battle!

...The

gambling king and the others have fled outside, but everyone's faces are pale and their nerves are tense.

What I saw today was enough to subvert their imagination.

The people outside immediately asked, "What's wrong? What's the matter?"

Everyone was in shock, just about to explain.

The apprentices of Xuanzun Kyushu made a sad voice.

“Master!!!”

Kyushu Xuanzun died in battle!

Everyone was dumbfounded now.

At present, Kyushu Xuanzun of Golden Port Island is still the top combat power.

He is dead.

How do other people play?

“This...” The

guardians were also panicked.

“The powerhouses of Tiance Mansion are already on their way, but there is not enough time... Maybe they haven’t arrived yet, and Golden Port Island will become a hell!”

Everyone felt a sense of desperation and powerlessness.

“So we still have to rely on ourselves!!!” The

gambling king immediately ordered “Blow up here! Raised to the ground, I don’t believe it!”

Before coming, the gambling king had someone set up a detonating device here.

Detonate now!

“Boom...”

In the skyrocketing flames, the whole building collapsed and was razed to the ground.

A mushroom cloud rose up in the sky!

Amazing power!

All the masters are also forced to retreat abruptly!

Not only that.

This destruction explosion even shakes the entire Golden Harbor Island.

There are earthquake-like effects everywhere.

This explosion is terrible!

This was purchased from the Blackwater Company by the gambling clan, which is the Lab of the Gods.

It's even to look at the cards!

At the time of purchase, the Blackwater Company introduced the power of this kind of thing.

As long as the gambling king's dosage is enough, it will be instantaneous to blow up the Golden Port Island.

The power is terrifying!

Specially for super-physical and super-hard materials.

To put it bluntly, powerful warriors and magic masters are going to die.

Under this kind of power, no matter what can be blown up.

Everyone breathed a sigh of relief.

Everyone's complexion has also eased a lot.

But the next second, something was flashing in the thick smoke.

Everyone's nerves tightened again.

Thousands of eyes stared at the dense fog!

I saw the dense fog gradually dispersed. A tall figure came out from inside.

He let out an angry roar, and a pair of blood-colored beast eyes stared at the Gambler and them.

fine!

He has nothing to do!

This degree of explosion did not hurt him at all.

What is his physique level?

Unheard of!

“This, this...”

Everyone was scared to cry.

Isn't it horrible?

The masters guarding the outside in front also saw clearly what this thing looked like.

shudder.

...

“Boom!”

Before everyone reacted, the blood alien disappeared, leaving a faint afterimage.

He was already in the crowd when he reappeared.

Start killing.

“Puff!”

...

“Uh!!!”

Blood splashed, and screams broke out.

This is exactly a killing machine.

All of a sudden, the crowd scattered, and the army was defeated.

What the f*ck is this monster?

There is no way at all.

Hit him, let alone hurt, this thing doesn't even hurt.

...In

an instant, hundreds of people fell and died tragically.

Many were directly sucked up blood.

“

Evacuate ! We can't stop it!” Someone wanted to evacuate immediately.

The gambling kings immediately stopped “No, if we withdraw! This thing will definitely enter the center! At that time ordinary people will suffer! We must stop them!” “Yes, we have to stop him!”

-

Everyone knows what it means once it reaches a crowded place.

That is fall.

Become hell.

Isn't the sun not setting the empire like this?

This thing appeared in the center and the airport.

It became a disaster.

-

That's right.

The sun never sets the empire is now reduced to hell.

When the coffin was opened, the contents ran out.

-

Countless people were killed and injured.

Become a disaster.

One is already a headache.

Now the sun never sets, two empires have appeared.

It is simply a disaster in a disaster.

The sun never sets, the empire immediately dispatched countless warriors, super-powers, wizards, and other powerhouses.

Even the Unsettling Excalibur Bureau, which is comparable to the Sky Shield Bureau of the Kingdom of Warhawks, also dispatched the strong to encircle and suppress.

But go to one to die, go to a pair of deaths.

I can't stop it at all!

All tactics have been exhausted.

It is impossible to hold these two outliers at all.

Now the city has completely fallen.

In order to prevent the situation from expanding, the empire immediately blocked the news.

They are still investigating what this is?

Where did it come from?

...

There is also a cruise ship in the ocean at this moment.

When there were survivors on the island fled to the cruise ship, I didn't expect that thing followed.

Now the cruise ship is floating on the sea, I don't know where the destination is...

Once docked, it must be a disaster.

Especially relying on places with a lot of people, it is a terrible disaster.

.....

Here is the Lab of the Gods.

Basically receive messages in real time.

Even if the sun does not set, the empire is blocked.

They also know.

"Now the Excalibur Bureau already knows what this is!"

" It is estimated that they will go and negotiate with them! The crisis of the sun will be resolved soon!"

The

man in the suit smiled.

Immediately, he changed his words and said, "As for Erudia, they estimate it will take a while!" The

clown hesitated for a long time and asked a question, "Does this thing end like this?" The

man in the suit shook his head, "No, no, no, no. That's easy! Wait and see!"

"Yes, let's see, where is the other one?"

"The direction is right again, heading to the Kangaroo Country in Southern Continent!"

"Hahahaha..." The

man in the suit smiled.

The clown emperor asked, "You said that the imperial organization will not take revenge? After all, I snatched one from them!"

It turned out that the clown emperor was slaughtered at the secret base, and the coffin he brought out was organized by the emperor.

For a long time, the imperial organization has been experimenting with the sleeping blood in the coffin.

This is one of their secrets.

Unexpectedly, he was familiar with the laboratory of the gods.

They also sent someone to snatch the coffin directly.

“It’s possible! They will soon suspect us! But I have a way! Don’t worry!” The

man in the suit held his winning ticket.

...The

sun never sets, the Excalibur Game is indeed as the man in the suit said.

They are looking for the same kind of blood to negotiate with these two aliens.

As the most powerful organization that never sets.

The Excalibur Bureau is the same as Erudia’s Tiance Mansion.

They also have many secrets.

Such as the legendary blood family.

As well as other ancient races and aliens, they are all related.

Experiments are of course indispensable.

What they are doing now is to take the imprisoned blood race over, negotiate with the two, and make them stop... The

Excalibur Bureau can quickly find out.

It is because this thing was active in areas where the sun never sets when it was old.

Not only did they keep records, they also arrested their kind.

But Erudia is different.

This thing came out in a daze.

No one knows what's going on on Golden Harbor Island.

Only after seeing it with my own eyes can I have some clues.

now.

Gamblers, they are facing the biggest crisis in history.

too strong!

The guy in front of him couldn't move at all.

He violently tore one person after another.

Hundreds of people are gone again... The rest is almost desperate.

-

Everyone knows that the army will soon be wiped out.

No one will be left.

This feeling of waiting for death is really uncomfortable.

The reinforcements are clearly here.

But time is not enough!

During the battle, everyone discovered that this terrifying alien was getting stronger and stronger.

-

After he sucked enough blood, his blood became stronger and his killing intent became stronger.

It felt like he hadn't fully awakened at first.

It takes enough blood to fully awaken.

-

Now everyone feels that he is a little awakened.

However, not awakening is so terrible.

If it is fully awakened, it will be unimaginable.

...

Levi Garrison and Huoyun Cthulhu arrived at Golden Harbor Island.

But because the two were on their way.

Coupled with Erudia's blockade of news, I don't know what happened on Golden Harbor Island.

But as soon as they got on the island, the two noticed something unusual.

"Something's wrong! Something seems to have happened!"

Huo Yun evil god said.

Levi Garrison frowned even more. "It seems that I feel an extremely terrifying existence... It's a bit like me who has activated the forbidden killing technique..."

Levi Garrison sensed an extremely murderous existence.

He is very similar to the forbidden killing technique.

So his feeling is more obvious.

“Maybe something has happened! Hurry up and look for it!”

Levi Garrison and Huoyun Cthulhu immediately galloped.

...

The other side of Golden Harbor Island.

The eighteen dark angels of the Bible organization came together.

“Are you sure that Levi Garrison is on Golden Harbor Island, right?” the

evil god asked.

“Yes! Yes! The exact news that I just got, Levi Garrison is indeed on Golden Harbor Island!”

“Okay, let’s go!”

“Huh?”

Soon the Eighteen Dark Angels also noticed the unusualness of Golden Harbor Island.

What a strong breath.

“Go, go and see! It should have something to do with Levi Garrison!”

...

near the processing plant.

The blood race is becoming more and more fierce.

While organizing a resistance, the gambling king gathered more people to come to support.

But the masters that can be summoned are actually cannon fodder.

There is no power to fight at all.

The purpose of coming is also very simple.

Just to delay time.

“Latest news!!!”

“The personal disciples of the four great generals of Tiance Mansion will arrive by flying vehicles, and they will be there in one hour! We only need to last for this hour!” The

guardians got the news, excitedly road.

But after hearing it for an hour, everyone looked desperate.

One hour! ! !

Just now so many strong people, including Xuanzun Kyushu, didn’t even hold on for ten minutes.

How can it be possible with people like them?

One hour is the same as death.

“Hold on! I must hold on! If you don’t hold on, ordinary people will die, and the entire Golden Harbor Island will become a hell!”

The gambling kings are indeed fighting.

They tried every means to hold the monster.

This is a fierce battle.

Basically everyone knows that he will die and he is cannon fodder.

But most of them are reluctant to hesitate.

Because they know they are doing one thing-to protect the people who want to protect and protect!

Worth it if you die!

The corpses are everywhere...

heaped into hills.

Stumps and broken arms can be seen everywhere.

The blood drenched the earth.

But everyone just doesn't flinch.

"No! The gambling king wants to find a way! If this goes on, we will all have to light it up!"

"Yes! We are left with less than a hundred people! Sooner or later it will be finished!"

... the

rest will cry Out.

The gamblers are also anxious to die.

But now, there is really no way.

“Grandpa, I only hate that I am not strong enough...”

Even He Qingxue was participating in the battle.

“Hey!”

sighed voices.

...The number of

people is getting fewer and fewer.

Fifty.

Thirty.

Twenty.

... In the

end, only He Qingxue, the gambling king's team of less than ten people.

They all fell to the ground. Waiting for the slaughter of the blood race to come.

-

Hate it!

I hate it!

-

Soon they will all be killed.

It doesn't matter if they die.

But when they die, Golden Harbor Island will fall.

-

Countless people will die because of this...

"Ah!!!"

He Qingxue shouted unwillingly.

“Boom!” The

blood race alien had appeared in front of He Qingxue and grabbed her.

He stared at He Qingxue.

Seems to be shocked by He Qingxue’s stubbornness.

“Come on! I’m not afraid of you!” The

blood race’s alien eyes flushed, and he bit at He Qingxue.

“Boom!!!”

But at this moment, an unprecedented force blasted towards the alien species.

Bounce him abruptly.

He Qingxue was also released.

The sudden scene made everyone present dumbfounded.

What’s happening here? ? ?

When I watched it again, there were already two more people in the field.

One of them felt very familiar to everyone.

This...

isn't this Levi Garrison?

"Ye..."

He Qingxue just about to exclaim.

But suddenly I felt something was wrong.

Isn't Levi Garrison dead?

Although it was a suspended animation last time on Golden Harbor Island, he eventually died.

He can't live.

But now it looks exactly the same.

Gambling kings, why not so.

But before he had time to inquire, the blood clan aliens over there let out an angry roar.

At this time everyone noticed that the blood alien was ejected just now.

This is unprecedented.

Before, they tried their best to keep this blood race alien from moving.

No matter how he attacked, he was as stable as a mountain.

But now he was ejected...

How strong are these two people?

Everyone seemed to be saved... The

blood race aliens stared at Levi Garrison and Huoyun Cthulhu.

He was ejected just now, and it is estimated that his face was greatly damaged.

The anger was extreme at this moment.

Levi Garrison and Huoyun Cthulhu stared at him, and Levi Garrison even asked, "Do you know what kind of species this Lao Xie is?"

"If you guessed it correctly, it should be the blood of an ancient race in the West! But it doesn't match

what I know. The same! Most of the blood clan members are handsome, so ugly is unheard of!”

Huo Yun Cthulhu Dao.

Everyone “...”.

Is this crazy?

At this time, these two people even commented on the appearance of this blood race.

This is not taking him as a human being! ! !

“No! This is the blood clan! And it is the powerful blood ancestor in the blood clan!!!”

Another voice sounded.

Eighteen dark angels all appeared.

The eighteen people exuded a dangerous aura, so that the blood monsters were all taken aback, and they turned their attention to the eighteen dark angels.

This surprised He Qingxue and the others.

Is there another strong person here?

Are they completely safe?

“Blood Ancestor?”

But when they heard the words of the dark angel, the gambling king and the Huoyun Cthulhu their complexions changed drastically.

The blood ancestor is the most powerful existence in the ancient blood clan.

Legend has it that these blood races can live for thousands of years.

The physique is even more terrifying to the heavens.

But it can be seen from the place where the great clown brought these coffins out.

They have been hiding in those places for a long, long time.

It may be hundreds or even thousands of years.

Their appearance is a disaster.

“I didn’t expect them to release the blood ancestors! There are already three blood ancestors already known!” The

dark angel couldn’t help saying.

Levi Garrison knew who they were talking about.

The Lab of the Gods!

They are really lingering!

Something frantic happened.

By now, everyone knows what keeps raging in the sun.

It is this thing in front of me.

Seeing everyone discussing, the blood ancestor felt that he had been ignored.

He became more and more angry. Finally, I caught sight of Levi Garrison! After all, he knew that Levi Garrison had just knocked him off.

In addition, Levi Garrison has always ignored his existence.

So he killed Levi Garrison like crazy.

“Boom!!!” The

blood ancestor had extremely terrifying speed, and instantly appeared before Levi Garrison.

Grabbed him.

-

But this catch caught loneliness.

Only caught the air.

Because Levi Garrison avoided during the extreme operation.

-

This made the Scarlet Blood Ancestor's eyes suddenly widened, unbelievably full.

There are still people who can escape? ? ?

The same is true for others.

"Boom!"

Before the blood ancestor had time to think, Levi Garrison appeared behind him and kicked him out.

This is the second time the blood ancestor has been bombed out.

So shocked!

He Qingxue and the others were dumbfounded.

What kind of combat power is this?

But Levi Garrison was not happy at all.

Because he attacked twice, even though he was beaten out by the blood ancestor, it made him very embarrassed.

But it's useless at all.

No injuries were caused to him.

Is this physique terrible?

The blood ancestor, who became angry and furious, killed Levi Garrison again and again.

However, Levi Garrison avoided it time and time again, and even fought back.

But no matter what trick Levi Garrison uses, the blood ancestor will not be injured.

Will only kill Levi Garrison even more angrily.

The blood ancestor went crazy, I don't know why the blood in Levi Garrison's body suddenly surged.

Feeling a terrible traction, blood is about to burst out.

The blood ancestor wanted to volley to suck out Levi Garrison's blood...

"Suck my blood? Dreaming! Mosquitoes can't do it, let alone you!"

Levi Garrison stepped forward abruptly.

The left hand pointed out.

It is the fingering to kill the pure energy body, which bases all the power on the burst of one point.

His right hand hit the blood ancestor's body one by one.

Contains multiple strengths in it!

This is a two-pronged approach!

"Boom!"

The outbreak based on a point was just about to begin, and it was abruptly disappeared.

As for the multiple strengths, it didn't break out at all.

Because the blood ancestor's physique can be said to be against the sky, the multiple strengths and the burst fingering based on one point can't penetrate his body at all.

It is far from the effect of harm.

This is the power of blood ancestors.

Ignore all attacks.

However, Levi Garrison's strength also completely angered the blood ancestors.

He was really going crazy this time.

His eyes were red, as if blood was flowing.

Moreover, he is getting stronger and stronger.

Is gradually returning to his previous strength!

"f*ck! This won't work!"

Even Levi Garrison was stunned.

"Sir, let me help you!"

Huo Yun Cthulhu couldn't stand it anymore.

As for the eighteenth dark angels, they were watching the show nearby.

They will not take action in this situation.

The more embarrassed Levi Garrison, the better.

Seeing that the blood ancestor was about to attack Xiang Levi Garrison, Levi Garrison ran away suddenly.

The blood ancestor immediately pursued it.

It's just that Levi Garrison ran in the direction of the Eighteen Dark Angels impartially.

They are still watching the theater.

Levi Garrison suddenly brought people over, and more than a dozen people were caught off guard.

Levi Garrison provoked discord together again.

Soon the Eighteen Dark Angels had no choice but to attack the blood ancestors.

The enraged blood ancestor can only fight desperately with the eighteen dark angels.

But Levi Garrison ran away instantly.

The eighteen dark angels wanted to retreat, but some of them were entangled.

Then I can only fight.

“Levi Garrison is here for your uncle!!!” The

Underworld God shouted and cursed.

Levi Garrison pitted them.

It is simply not human behavior.

They are all going crazy.

Levi Garrison smiled, he dodged aside, and took the injured He Qingxue away with Huoyun Cthulhu.

Levi Garrison was not ashamed of this.

Last time these guys also cheated themselves like this.

He also pit himself to death.

Not too much, right?

After setting up He Qingxue and the others, Levi Garrison and the others quickly returned.

Their purpose is to know the whereabouts of Zoey, so they have to go back to the theater. See if the blood ancestors are great, or they are great.

-

The blood ancestor is really terrifying!

In the battle against the eighteenth dark angels, they did not lose sight of the wind.

But these eighteen people are also strong!

Can deal with blood ancestors without losing the wind!

After Levi Garrison and Huoyun Cthulhu came back, they watched the battle from the side.

The eighteen dark angels tickled with anger.

-

This bastard!

He was actually watching the battle!

“Aren’t you coming to help? Now this is our common enemy!” The

-

Underworld God and the others shouted angrily.

Levi Garrison and Huoyun Cthulhu had a leisurely look, "You guys fight first! I'll take a look!"

Levi Garrison was watching the show next to him, and he didn't even want to help.

Eighteen dark angels jumped with anger, but they couldn't help it.

There are too many of them to break away from the blood ancestors.

There must be a concerted effort!

As for Levi Garrison, they were certainly not watching the show, they were looking for the weakness of their blood ancestors.

After looking around, it was concluded that there is no weakness.

There is no weakness at all.

The physique of the blood ancestor can be said to be immortal.

Similar to the pure energy body some time ago.

It's harder to deal with.

Pure energy bodies just disperse their energy directly.

But the blood ancestor in front of him was so hard that all the power tricks could not penetrate his body.

So it won't cause any harm to him!

The only weakness that can be called the blood ancestor's offense is slightly insufficient.

Maybe it is the reason why he has not fully awakened his strength.

He is not rich in offensive methods.

For their own terrorism ability is still not in place.

The eighteen dark angels were helpless to him, but he couldn't hurt the eighteen dark angels.

But just like this, it also gave the eighteen dark angels enough coercion.

Once he was completely awakened.

Will not be able to imagine how terrifying!

The blood ancestor is now getting stronger and stronger, that is, getting stronger and stronger.

The eighteenth dark angels are already a little struggling.

“Don’t come and help!!!”

everyone screamed.

“Let’s do it!”

Levi Garrison and Huoyun Cthulhu chose to do it.

Twenty top powerhouses deal with blood ancestors together.

It is also unprecedented!

It is even more unexpected!

The eighteenth dark angels are the most bitter!

They just came to take Levi Garrison back.

Why did it become a coolie when I got here?

But when this happened, everything was a coincidence.

Twenty top powerhouses have all come up with housekeeping skills, and the blood ancestors will not be so comfortable.

He will be screaming all the time.

I can't wait to suck all the blood of these people in front of me.

There is no way.

None of these people in front of you are easy to provoke!

Shot one by one is like a lunatic.

Although the blood ancestor's defense was at its extreme, his body was too strong to be injured.

But his offense is limited.

Get into trouble soon.

He wanted to continue to grow stronger, but he was firmly suppressed.

"Boom boom boom..."

He even flew out one after another.

But every time he flew out, he stood up quickly.

It can't cause any substantial harm at all.

"It's not a way to fight like this! We have to find a way to catch him! Otherwise, we have to be consumed to death by him!" The

Evil God yelled.

"Yes, don't hide your hole cards. Who doesn't know who is who!"

someone shouted.

It turned out that almost everyone was hiding their hole cards before, and none of them showed their true strength.

In this situation, everyone must work hard.

Levi Garrison directly uses the killing forbidden technique!

The blood exploded with a killing air comparable to the blood ancestor!

When Chongtianyan came out, even the blood ancestor was stunned, looking at Levi Garrison incredulously.

There seemed to be a strange color flashing in his dull eyes at this moment.

Seems familiar? ? ?

I was shocked by the murderous aura on Levi Garrison's body.

"Damn!!!" The

others were even more shocked.

Levi Garrison is too strong! As soon as his taboo technique is used, it is the rhythm of fighting against the blood ancestors alone!

-

Twenty strong players shocked and shot together.

The blood ancestor was stretched out soon, showing a trend of decadence.

"Everyone, come on, he must be taken down!"

Everyone's offensive became fiercer.

...

Soon the blood ancestor was pressed into a hurry.

-

“Roar!!!”

He let out a roar into the sky, and terrible power erupted from his body, and abruptly shook the six dark angels away.

After opening a gap, he didn't continue to attack, but ran away.

-

Finally plunged into the sea.

But before that, he turned and glanced at Levi Garrison.

The eyes were very complicated, doubtful, and curious...

“Chasing!” After the

crowd chased for a circle, there was no trace of the blood ancestor.

He did not hide on Golden Harbor Island.

Instead, he went to the depths of the western sea.

“It seems that this blood ancestor has awakened a little bit. It is not a beast that plays completely, but

he knows how to escape!”

Levi Garrison said in surprise.

In fact, he was even more confused about the blood ancestor’s abnormal reaction to him.

It’s a bit abnormal.

“Let’s check all aspects of the loss first...”

Levi Garrison and the others approached He Qingxue and others, and told all the news here.

The audience cheered.

He Qingxue and the others also knew the true identity of Levi Garrison.

He is still alive!

This is the most exciting thing for them!

Later, after Levi Garrison counted the casualties and losses, he let the gambling king family take care of the funeral.

Levi Garrison is about to discuss with the Eighteen Dark Angels.

“No, they are here!”

Levi Garrison sensed that someone was coming.

“You hide first, and I will find you later!”

Levi Garrison said to the eighteenth dark angels.

Eighteen people quickly took shelter.

One hour.

Eleven direct disciples of the four great generals of Tiance Mansion arrived.

As soon as they arrived, they came straight to the scene.

But after arriving.

Nothing.

Only the terrible ruins of the processing plant are left.

“Could it be??” The

first thing they thought of was that they didn’t block it and fell.

Terrorist aliens have entered the center of Golden Harbor Island.

But soon they saw Levi Garrison and his party.

“Huh? It’s you? Why are you here?”

These direct disciples of the Four Great Generals had long been upset with Levi Garrison.

He even said that he always wanted to beat him up.

Especially Levi Garrison was arrogant and domineering in Tiance Mansion.

In the end, he even retreated.

This made everyone more angry.

I’ve been holding a sigh of breath.

Seeing Levi Garrison here now, everyone was angry.

“This is the speed of your Tiance Mansion? It’s too slow! A little bit slower, just come to clean up!”

Huo Yun Cthulhu sneered.

“You’re looking for death!!!” One

sentence angered several people.

They will start to kill Huoyun Cthulhu and Levi Garrison.

There are female ancestors in Tiance Mansion.

Not here.

Don't you let them come?

"Hold on!"

One of them stopped immediately.

"Everyone, stop first!"

"Then what you mean is that you have solved the horrible thing?"

He understood the meaning of Huoyun Cthulhu.

The Huoyun Evil

God looked at them with disdain, "Is it still waiting for you to come?" Several people in Tiance Mansion were angry.

But it was forcibly held down.

I was holding a grudge, but now I am being provoked again and again, and no one can bear it.

“What the hell is that?” the

leader asked.

“The blood ancestor in the blood clan of the ancient race! It should be the blood ancestor of the first few generations! It is estimated that the blood ancestor within the five generations!”

Huo Yun Cthulhu explained.

“What? Blood ancestors???? Still within five generations! Hiss!” The

head of the head changed a lot, and took a breath.

Obviously he knew what blood ancestors meant.

Something happened!

“Doesn’t it mean that this is also what appeared in the empire that never sets?”

He asked curiously.

“Basically it is! And there should be two in the empire that doesn’t set!”

Huoyun Cthulhu replied. The man took another breath.

-

Others who don't know are all dumbfounded.

“Is the blood ancestor very powerful?”

someone asked.

As a result, everyone looked at him like a fool.

“It's not just a terrible problem! If you tell the great generals, they will all feel terrified...”

Hearing this, the man closed his mouth obediently.

-

Stop talking.

Everyone knows that the blood ancestor is terrible!

It is the great horror that can make the gods tremble!

-

It turned out to be this kind of thing on Golden Harbor Island...

“Now that the blood ancestor is gone, you are fine, didn’t the blood ancestor be solved by you?”

everyone asked in astonishment.

“There is no solution! He ran away... The danger of Golden Harbor Island was solved!”

Levi Garrison said.

Huo Yun Cthulhu added, “We were beaten to be exact! That thing can’t be killed at all! It’s too strong!”

Everyone was taken aback.

Then they all reacted.

“After doing it for a long time, you didn’t solve the blood ancestor, so you let him run away? Did he really run away? Maybe he is still on Golden Harbor Island? He may also go to other places in Erudia...”

“You know you are here. What do you do? Are you solving the problem? You have planted a hidden danger! You have angered him! God knows how he will retaliate next?”

“Are you sure he escaped? Instead of hiding and seeking revenge? Instead of going directly into the inland of Erudia? Can you be sure? Can you?”

...

These people are just like crazy, asking questions again and again.

Pushing everything on Levi Garrison and Huoyun Cthulhu.

Instead, they blamed them for not directly solving the blood ancestor, but for letting him run away.

Levi Garrison and Huoyun Cthulhu were dumbfounded.

At a loss.

They never expected this situation.

Can it be like this?

What a shame!

“Levi Garrison, I find that you are always in the front of this kind of thing. What kind of savior do you serve? Wouldn't it work without you?”

“Now it's alright. You didn't solve the blood ancestor, but let him run away! Can you bear the responsibility if something goes wrong?”

“You are destroying our plan of Tiance Mansion! To tell you the truth, we are an advance team! The current principal of Tiance Mansion will come later! He wants to solve this personally. One thing!”

“Yes! The blood ancestor is very strong! No one can deal with it! But the marshal of Tiance can solve it! He will handle the matter personally!”

If he comes, the blood ancestor will definitely die! There will be no escape. The situation!

But now you are arbitrarily taking charge and feel that you can deal with it? Now, it has caused a catastrophe!”

Confused.

Levi Garrison and Huoyun Cthulhu were all dumbfounded.

This, this... It was

obviously that they took action and tried their best to solve the danger of Golden Harbor Island.

How could it be their fault?

Obviously they came too late, but they blamed Levi Garrison.

Blame them for not solving the blood ancestor and let him go.

Can't understand!

“Are you okay? When you arrive, the entire Golden Harbor Island has fallen. It can even be said that all the people on Golden Harbor Island have been killed! They saved the Golden Harbor Island! How come you are so embarrassed?”

“Where were you when thousands of us were torn apart by our blood ancestors and sucked up the blood? Where were you when the Golden Harbor Island was threatened?”

“Big talk? Who wouldn’t say it! I’ll say it too! Everything is. You are incompetent! That led to the blood ancestors coming here! Everything is your incompetence! Only that makes Erudia fall into crises again and again! It’s all your waste!”

He Qingxue cursed.

As soon as these words came out, everyone in the Tiance Mansion present blushed with thick necks.

It’s going to explode! ! !

He Qingxue smiled, “Listen to me, you are comfortable? Cool? Who wouldn’t say bad things?”

This group of people became more and more angry, and they wanted to kill He Qingxue. After all, I was stabbed in the pain by her words.

-

He Qingxue continued to irritate them, “Why? You still want to kill me? Come on! Anyway, you are the least capable! You can’t deal with blood ancestors, so you can only cast your anger on small people like me! Kill it! This kind of thing is you The best one!” Now

, this group of high-ranking, “god”-like beings are going to explode.

But they can’t do it yet.

Can only hold back!

If He Qingxue is killed, everything she just said is correct!

They will not take the initiative to admit it.

-

Levi Garrison and Huoyun Cthulhu both wanted to laugh.

This group of lofty guys, who could not tolerate anyone in their eyes, were severely taught by a little girl.

But unable to refute.

-

I can only smash my teeth and swallow it in my stomach.

Extremely embarrassed!

The faces of more than a dozen people were as uncomfortable as eating flies...

Today they lost their faces!

“This matter is your business! It has nothing to do with me! I can only wipe up to here, and you can solve the rest by yourself! Go!”

Levi Garrison left a sentence and talked to Huoyun Cthulhu Leave.

They have to look for the Eighteen Dark Angels and Zoey.

“Don’t go! You have to go after a major disaster?”

Someone wanted to stop.

The leader shouted angrily, “Stop it all for me, don’t you think it’s not enough to be ashamed?”

“I want to say a fact that you don’t want to admit! This time it really depends on Levi Garrison! If it weren’t for him, I guess Golden Harbor Island is a dead island!”

“That is our responsibility! It is our late arrival! It is he who helped us take the responsibility!”

.....

Hearing these ear-piercing words, everyone clenched their fists, their faces flushed, and the top of their heads seemed to be smoking.

shame!

Great shame!

For the Baolong clan of Tiance Mansion.

Since birth, they have a sense of superiority.

This is their subconscious concept.

These ordinary people in Erudia are guarded under them.

All belonged to surrendering them... But

now ordinary people under their protection jumped out, doing all the earth-shattering things.

Grabbed one of their credits one after another.

They did everything that belonged to them.

They are out of balance.

Especially they are saying that Levi Garrison is better than them.

They don't even admit it!

No matter how powerful Levi Garrison was, no one would sincerely convince him.

It will only deepen the hatred!

Dissatisfied!

Everyone is dissatisfied!

But they knew in their hearts that they really depended on Levi Garrison to come today.

They came too late.

Since then, their hatred and anger towards Levi Garrison has deepened.

In the future, they were determined not to allow Levi Garrison to steal the slightest limelight from them.

Each of them clenched their fists, and they vowed that they would never let such things happen again.

“Buzzing...”

Not long after Levi Garrison and the others left, a huge roar suddenly came from the sky.

A huge flying machine is coming.

Fall on Golden Harbor Island.

Everyone in Tiance Mansion immediately greeted him.

As the hatch opened.

The passage slowly spread.

An eternal figure slowly stepped out.

As soon as he appeared on the stage, a suffocating coercion swept over him.

It seems that a Taishan mountain has fallen on Golden Harbor Island.

The visitor wore a long gown.

Carry your hands.

Slowly walked down.

Like a god descending from the sky.

He has a cold face, a handsome and resolute face!

It seems to be around 30 years old!

Young Master Tiance!

At present, the helm of Tiance Mansion appeared.

He returned from the far north ice sheet ahead of schedule, just to control the situation.

Now that he heard that there was a major event in Golden Harbor Island, he came non-stop.

“What about that thing?” The

Marshal Tiance couldn't help asking.

“Enlighten the marshal, that thing is the ancestor of the ancient Western race blood family, it is expected to be within the first five generations! But it has been beaten by Levi Garrison so far!”

Everyone immediately explained the situation.

“Levi Garrison? Is that the father of that genius child?” The young marshal Tiance obviously knew Levi Garrison.

-

“Yes, that’s right!”

“What about others?”

Tiance Marshal asked.

“Others have gone!”

“What? Already gone? I still want to see what kind of character can steal the limelight of my Tiance Mansion again and again? I want to see what kind of strong can push back. Blood ancestor?”

Tiance Marshal said.

-

“Marshal! There is a Fire Cloud Cthulhu beside Levi Garrison, it may not be a rare thing for the two to force the blood ancestor to retreat together!” the

others said.

Marshal Tiance frowned, “No, you are wrong! More than the two of them! I can smell a lot of people! One, two, three...18!”

-

“There are also eighteen people !” !” As

soon as this word came out, everyone was taken aback.

There are still eighteen people?

They don't know.

As expected to be the young master of Tiance!

The handsome man of Tiance Mansion in the future!

Sure enough!

Even know this!

But after hearing this, everyone felt relieved.

It turned out that a total of twenty strong men forced the blood ancestors back together.

Levi Garrison is not alone!

In this way, everyone's hearts are much more balanced.

If Levi Garrison were really alone, they would have to die of depression.

“They have gone far! Follow me to find where the blood ancestors ran!”

Tiance Marshal ordered.

“In addition, there is news that the blood ancestor has been repelled! If the news is released later, it is the Tiance Mansion who repulsed the blood ancestor!”

Tiance Marshal ordered again.

Put all the credit on themselves.

“Ah? Does the marshal mention Levi Garrison?”

someone asked.

“What do you mention him for? Do you still want to shame Tiance Mansion? Isn't it enough once or twice?”

“What's more, Levi Garrison's daughter is from Tiance Mansion, and he is half the credit! We are also reasonable and reasonable!”

After Tiance said this, no one had any objections.

But Levi Garrison didn't care about it.

After all, in the eyes of outsiders, he is dead.

It is not good to say that he repelled the blood ancestors.

...

Soon news of Golden Harbor Island spread.

The world is shocked!

It turns out that the raging alien is the ancestor of the blood race! ! !

The empire couldn't keep it from setting the sun this time, and came out to speak out, sure to be the ancestor of the blood race!

The catastrophe that claimed that the sun never sets will end soon!

But the world still shocked Erudia's strength!

Solved the problem in such a short time?

This is too scary, right?

"What?? The danger of Golden Harbor Island is relieved?"

"Where did the blood ancestor go ?? "

When receiving the news, the man in the suit looked surprised.

I thought that the blood ancestor would become a disaster for Erudia.

Didn't expect it to be solved so quickly?

Faster than the sun never sets in the empire?

In the end what happened?

"I don't know! The blood ancestor just ran away! I'm still investigating what it was like! I never thought Erudia was the fastest solution!"

The man in the suit has a hint of anger. Such a good layout is solved like this?

"Can you force the blood ancestor back so easily? Unbelievable!"

"Mister has got the news again! It was Tiance Mansion who repelled it! I heard that Tiance Marshal, the son of the helm of Tiance Mansion, came directly to Jingang Island! the blood progenitor repulsed! "

after listening male suit, his face relieved," Oh, well, no problem! " "

Heaven government policy really Canglongwohu, female ancestors unfathomable, now coming out of an unknown strength Young Master Tiance! Normal, normal! Next, you only need to pay attention to who of the Kangaroo country to know!" The

man in the suit said.

...

Furthermore, Levi Garrison came after the Huoyun Cthulhu left.

They joined the eighteen dark angels.

“You know the purpose of our coming, is to join the Bible organization!” The

eighteenth dark angels took a fighting posture.

Unexpectedly, Levi Garrison smiled, “Okay, I promised. Let’s go, lead the way!”

“This...” Everyone looked shocked.

-

They even said they were dumbfounded!

Originally thought he would go back only after a fierce battle or something that threatened Levi Garrison.

But he didn’t expect Levi Garrison to agree with just one bite.

Incredible!

Everyone looked at him incredulously.

So happy to agree?

-

What's going on here?

unusual!

Absolutely not normal.

-

Seeing their doubts, Levi Garrison smiled and said, "To tell the truth, my wife is in your hands, can I not agree?"

"A person who knows the current affairs is a good man! Dealing with smart people is refreshing!"

When Levi Garrison said the truth After the reason, everyone no longer doubted it.

Of course it is true.

Levi Garrison was dyed for plums.

“What about him?”

Everyone looked at the Huoyun Cthulhu.

“I am Mr.’s servant, wherever he goes, where do I follow!”

Huo Yun Cthulhu replied.

“Well, all right.”

“Go, let’s go!” The

group rushed to the Bible Organization.

...

On the other side.

The cruise ship that sailed on the sea for a long time finally arrived in Kangaroo Country.

No one knows about this cruise ship.

After drifting over, some people went directly up to check.

Who wants to have a blood ancestor inside!

The blood ancestor started killing.

From the cruise ship to the harbor, from the harbor all the way to the center of the city.

Numerous casualties.

There is no limit at all.

Kangaroo country quickly sent the strong to solve it.

But after going batch after batch, there is no way to solve it.

Kangaroo country itself is relatively weak in terms of warriors and superpowers.

So there is no way to get the blood ancestor for a while.

Their modern weapons and the major powerhouses have used them all.

It's useless!

The blood ancestor's physique is against the sky, no matter what tricks are of no use to him.

Moreover, his awakening time is longer and more terrifying.

Much better than Levi Garrison and what they saw on Golden Harbor Island.

Kangaroo country was at a loss for a while.

There is no way to deal with it!

At this time, the international community already knew about the disaster in Kangaroo Country.

Several neighboring countries and major forces that have good relations with the kangaroo will provide support.

After all, the lips are dead and the teeth are cold.

If the Kangaroo country falls completely, it will be their turn.

But the same is still useless!

To die as much as possible.

Can't even fight a wave.

.....At the time of

despair.

The kangaroo country had no choice but to appeal to the world for help, begging the powerful from all over the world to come to rescue.

Once the prestige of the Kangaroo country is resolved, there must be a generous gift to send.

But after the call for help was sent, there was no response.

After all, everyone now knows that the blood ancestor is too strong.

Who is going to die?

Not a fool!

There are only a few places that really have the ability to deal with—Warhawk Nation, Erudia, etc.

Now the times are turbulent, and everyone is just taking care of their own affairs.

Originally, Messiah intended to ask Tiance Mansion to support it.

But he was rejected by the marshal of Tiance.

The meaning of Young Master Tiance is very simple-Tiance Mansion is only to protect Erudia, as for other messy things, they will not take care of it, not to mention that this is out of the country.

They can't manage it anymore.

“

Take care of your own affairs!” Tiance Marshal warned Messiah.

...

Erudia doesn't care.

Other regions also have an attitude of managing their own affairs.

Wouldn't care about it at all.

The negotiations of the sun never set empire reached the later stage. Although the situation was basically stable, there was absolutely no experience in helping others.

...

Laboratory of the Gods.

They have been paying attention to the state of affairs in Kangaroo Country.

“Sir, now Kangaroo country is helpless! Asking for help for a long time, no one is going!”

said the clown emperor.

The male code name of the suit is Mr. x.

He sneered, “I just want this effect!”

“Help me get through the phone of the principal of Kangaroo country! I want to talk to them!”

Mr. X said.

The clown smiled, “Sir, I understand, you are asking to help solve their crisis! But you need conditions!”
Mr. X nodded, “Yes, if I can fulfill my conditions, I will help them solve it!”

-

Soon the Gods Lab contacted the Kangaroo Country.

At first, it is the laboratory of the gods, and the Kangaroo country attaches great importance to it.

“We can help the blood ancestors! But we have the conditions!”

Mr. X directly expressed his attitude.

“Okay! We can agree to any conditions!” The

Kangaroo country immediately agreed happily.

-

Mr. X smiled, “Don’t agree so quickly! Let me tell you what the conditions are...”

“What?”

“I will help you resolve the crisis, and you need to open the doomsday seed bank to us!”

-

When Mr. X asked this question At that moment, the other side was silent for a while.

Kangaroo Nation’s doomsday seed bank is notorious.

It stores all kinds of seeds, past and present.

There are hundreds of thousands of years old, millions of years old, and even millions of years old.

According to the grapevine, there are blood vessels of ancient seeds, gene banks and so on.

...

There are still many very rich resources.

Many countries do not have the unique resources of Kangaroo Country.

There are even many leftover civilization products... The

Doomsday Seed Bank is the cornerstone of the future of Kangaroo Country.

In fact, the Kangaroo country is considered middle among many countries.

It is impossible to enter the magic eye of the war eagle country.

Because the kangaroo country's doomsday seed bank is too rich.

The value is too high.

Therefore, many national forces are coveting it.

But the Doomsday Seed Bank is the most important thing in Kangaroo Country, and it is guarded by the whole nation.

Even if it is as strong as the laboratory of the gods, it dare not collide easily.

The Doomsday Seed Bank of Kangaroo Country has been given by the Lab of the Gods for a long, long time.

Over the years, they have obtained resources from many national forces such as the Doomsday Seed Bank.

Now focus on Kangaroo Country.

But Kangaroo Nation regards this thing as more important than fate, and there is no chance at all.

Now there is finally a chance to negotiate.

“It’s okay, I’ll give you time to think about it slowly! As long as you can afford it!”

Mr. X smiled and hung up the phone.

Now is not the time for him to be anxious, it is the time for Kangaroo Country to be anxious.

The longer the time, the greater the harm of the blood ancestor.

The situation that Kangaroo Nation is least willing to see...

“Wait! They will call!”

Soon after, Kangaroo Nation called and started negotiations with Mr. X.

The Doomsday Seed Bank can be opened, but there is a time limit.

In the end, the two sides negotiated for three months.

“Three months is enough for us. With our technology, the entire seed bank can be copied!”

Mr. X agreed.

Ready to go to Kangaroo Country.

Mr. X brought the Great Clown and a wizard.

“No, let’s go to Kangaroo country slowly! Let them bear the pressure again!”

Mr. X didn’t want to solve the blood ancestors early.

It is slowly consuming.

... The

Kangaroo Nation has sent a message that the Lab of the Gods will solve the problem for them.

Many people were surprised.

They all understand that there is a high probability that the Lab of the Gods has reached an agreement with the Kangaroo Country.

There must be some kind of benefit.

The Tiance Mansion was unbalanced.

Several representatives of Messiah directly blamed the Marshal Tiance.

“Marshal, now the times have changed! You don’t just want to take action during the crisis in Erudia, you also have to intervene in some affairs, you have to make arrangements in advance! In this way, you can adapt to the changes of the times!”

“For example, the Gods Laboratory and Kangaroo China, the probability is that the doomsday seed bank of Kangaroo Kingdom has been opened to the laboratories of the gods. If it is opened to us, it will definitely be a huge help to us!”

...A

few words, the young marshal Tiance listened to it. .

“These words are correct! But now it’s too late to say anything! I can only watch the Gods Laboratory come!”

But he sighed.

...

On the other side, Levi Garrison followed the eighteen dark angels on the way to the Bible organization.

It just so happens that the Bible organization is also in Southern Continent. They passed by in Kangaroo Country.

-

“Huh? What happened to Kangaroo Country?”

Everyone was shocked to see the devastated scene.

“Let me check...”

Huo Yun Cthulhu checked, and soon learned all the news.

“The blood ancestors are raging here, and the Kangaroo Nation has no strong people, so it can't be suppressed. I don't know why the Gods Laboratory agreed to shoot!”

Huoyun evil god said.

-

The Underworld God smiled, "Your news is not complete. The Gods Laboratory agreed to take the shot because it obtained the Kangaroo Country's Domsday Seed Bank!"

"You..."

...

-

For these two former masters and apprentices Grade quarrel Levi Garrison was used to it.

"It doesn't matter to us, let's go ours anyway!"

Levi Garrison was anxious to see Zoey.

No interest in these things at all.

If Erudia's he would take care of it.

Kangaroo country, it's his shit.

Levi Garrison's idea more catered to the idea of the Eighteen Dark Angels.

They only wanted to take Levi Garrison back, so as not to have many dreams in the night.

"Go straight through from here!"

“Go!”

Everyone interspersed directly from the city.

But the more I went, the more secluded, and the last area in the center of the city, there was no sound at all.

Not to mention someone is there.

An inexplicable fear is spreading.

“The busy people wait to evacuate...” At

this time, the helicopter hovered in mid-air and issued a warning sound.

It turned out that this area was a dangerous closed area, and everyone was evacuated.

As for the evacuation, the reason is simple.

The blood ancestor is here!

The helicopter quickly left after warning Levi Garrison and others to fail.

“Should we be so unlucky, did we run into the blood ancestor again?”

Mingxie said in surprise.

“What matters to us, let’s go with us...”

Levi Garrison and the others continued to walk, ignoring them at all.

“Boom!” The

next moment, a bloody smell surged into the sky.

Overwhelmed here.

At the entrance of the street not far away, the figure of the blood ancestor appeared.

Seeing Levi Garrison’s group, his eyes were shining.

Due to the evacuation of Kangaroo Country, after a long time, the blood ancestors have not seen anyone, let alone suck blood.

Seeing Levi Garrison these big living people now, the blood ancestor was immediately excited.

With a proud cry, he rushed over immediately.

He wants to suck up Levi Garrison's blood.

Levi Garrison looked at each other and sighed, "Hey!"

"We don't bother you, do you still want to drink our blood?"

"What should I do? Brothers!"

"Beat him! What else?" "

...The

blood ancestors came to kill excitedly.

But the popularity in front of them changed suddenly.

They are not ordinary people.

But a powerful warrior.

This time, even the blood ancestors were dumbfounded.

None of the masters who came to stop him from the Kangaroo Nation is so strong.

“Boom!” The

blood ancestor was too late to react.

Levi Garrison fisted and flew away.

Other people also bullied themselves and did not give the blood ancestor a chance to breathe.

The blood ancestor was quickly beaten back.

Although he is stronger than Golden Harbor Island.

It doesn't make much sense!

In the face of Levi Garrison's lunatics, there was only one who was beaten.

After a while, the blood ancestor was beaten and was going crazy.

The blood ancestor is very smart, knowing that these people are not easy to provoke, and immediately retreat.

“Want to run? It's not that easy!”

Before, both sides could keep the water in the water.

But now you provoke us and want to run? That's impossible!

A group of people all chased up, and it was bound to discuss an argument with the blood ancestor.

All parties in Kangaroo Country were dumbfounded.

The first time I saw someone who didn't run away from the blood ancestor, and the first time I saw someone who could beat the blood ancestor away.

"Is this from the Lab of the Gods?"

someone in the Kangaroo country asked.

"No! I don't know my current identity! The Gods Lab hasn't come yet!"

"Okay, temporarily block the news! Let's see what the blood ancestor was chased into..." The blood ancestor has never been so miserable...

-

Kangaroo country was stunned.

Many people saw the scene of the blood ancestors fleeing, and their eyes were about to fly out.

This, this...

is it still the blood ancestor?

Where does this fierce come from?

Beat the blood ancestor like this?

-

unimaginable!

Really absolutely!

The blood ancestor ran away from most of the Kangaroo country, and was finally caught up by Levi Garrison and the others, beating him severely.

-

Blame the blood ancestor himself.

They obviously just passed by, and didn't plan to deal with you at all.

It just happens that you are crazy like catching up online!

Also suck the blood of others!

It was you who provoked you, who would you beat if you didn't beat them?

Twenty top powerhouses besieged the blood ancestors.

Twenty people had already had experience, and the blood ancestors were insufficiently attacked.

Then it can only be beaten.

Although the blood ancestor could not be beaten to death, he was frightened for a while.

Because he has nothing to do with these people.

Although his physique is against the sky, all kinds of strength can't penetrate.

But he hurts!

In the end, the blood ancestors fled like crazy.

Jump directly into the sea.

Never dare to appear in Kangaroo country anymore.

After he beat him away, Levi Garrison's popularity almost disappeared.

But they never expected that they would become the heroes of Kangaroo Country.

The representatives of Kangaroo Nation found Levi Garrison for the first time and thanked them for lifting the crisis in Kangaroo Nation.

“We must repay you well! You are our hero!”

Levi Garrison did not refuse the other’s kindness.

Claiming to be from Erudia, and let them know when needed.

It is equivalent to the kangaroo country owes Levi Garrison a kindness.

As long as he opens his mouth, the Kangaroo Country will help without hesitation.

Kangaroo Country naturally happily agreed.

He also wanted to hold a celebration for Levi Garrison and the others, but he refused.

He was still anxious to see Zoey.

...

Levi Garrison and his party left, and the Kangaroo nation cheered.

However, they closed the news temporarily.

And they kept sending out news that the blood ancestors were raging, and they were almost unable to hold it...We

can't let the Gods Lab know about the situation here...It

took a long time for Mr. X to arrive slowly with people.

But what puzzled him was that there was no one from Kangaroo Country to greet him.

How is this going?

It stands to reason that this is the time when the kangaroo is in a national crisis, and it is not too much for this group of people to kneel and beg to go by themselves.

There was not even a person to greet him.

It's weird!

What went wrong?

"Contact them quickly and let them come to see me!"

Mr. X was angry.

The clown emperor immediately contacted the Kangaroo country.

No one for five minutes.

No one for ten minutes.

Half an hour.

An hour passed before the Kangaroo country sent someone to come.

This makes Mr. X very angry.

When have they been so angry?

He suppressed his anger and asked in a cold voice, "What are you doing? I haven't seen anyone for so long! Do you still want me to solve the problem???"

"We are dealing with some things!"

several people said.

"Handle things? Isn't the problem your country facing right now is the blood ancestor? What are you dealing with?"

Mr. X is already close to a state of anger.

Several people looked at each other, and embarrassedly said, "It's nothing, just deal with some damage to the casualties!"

“Are you sick? When are you doing these trivial things!”

“Blood ancestors are your number one major event. Ah! We are not far away to help you solve the blood ancestors! What about you? You don’t even greet you, don’t know what to do!”

Mr. X yelled, “Do you still want me to help you solve the blood ancestors?????”

Nevertheless, the other side replied, “Oh, no, you don’t need to solve it! You can go back!”

Mr. X “...”.

The clown emperor “...”.

...

Everyone in the Lab of the Gods was stunned. This.....

-

They are dumbfounded.

They came so far.

Let them go back?

This...

everyone is going to vomit blood!

“Are you sure let us go back?”

-

Mr. X asked.

He stared at everyone in Kangaroo Country.

“Yes, you are going back! Just let you go back, didn’t you just hear it?” The

-

opposite said naturally.

I didn’t treat them as the same thing at all.

Mr. X is really angry.

“Okay, let’s go! Blood ancestors, go and solve it yourself! My Gods Laboratory will never interfere again!”

Mr. X is determined to teach the Kangaroo country a lesson.

He is going straight away.

How come a few people in Kangaroo Country smiled and said, "Oh, blood ancestor, you don't need to solve it! He has been solved by us!"

"What???"

Mr. X and they turned their heads together.

"The blood ancestor is resolved? How is it possible? We haven't taken any action yet?"

Everyone looked incredible.

"What does it have to do with you or not? You never think that only you can solve the blood ancestors in this world?" The

representatives of the Kangaroo nation looked at them with disdain.

At this time, the Kangaroo country has released the news that the blood ancestors have been resolved.

The clown emperor quickly determined this matter.

Before they came, someone helped Kangaroo Nation deal with the blood ancestors.

Now the blood ancestor was beaten away and disappeared.

The crisis in Kangaroo Country has been lifted!

“Who? Who helped you solve the blood ancestor?”

Mr. X was very curious.

Others are no exception.

“This is confidential! We don’t actually know who it is! But we can tell you that it belongs to Erudia!”

“Boom!”

When he heard Erudia, Mr. X’s eyes fired.

“Erudia! It’s Erudia again!!! Damn!!!”

Mr. X shouted angrily.

The crisis on Golden Harbor Island was resolved so quickly.

By the way, the crisis in the Kangaroo country has also been resolved, and his plan has been directly undermined.

He can't get the doomsday seed bank in Kangaroo country! ! !

Going crazy!

If he knew that everything was done by Levi Garrison, he would be even more angry.

"Please go back! As for our doomsday seed bank, no need to think about it! This blood ancestor incident is inseparable from you! We all know it!"

...

Mr. X has been touched for a lifetime and can only be dingy. Leave.

As for the doomsday seed bank of Kangaroo Nation, they have to think of other ways...

On the other hand, Tiance Mansion Messiah already knows that the crisis in Kangaroo Nation has been resolved.

"It was Erudia people who solved it? Who was it?" The

marshals of Tiance were guessing who made the shot...At

this time, an intelligence agent sent a message, "Everything was done by Levi Garrison! He relayed it to Tiance Mansion," Let us take the initiative to take the credit!" In

one sentence, the people of Tiance Mansion would be blown up.

“He’s a bastard! When did my Tiance Mansion need him to give us the credit?”

“Levi Garrison is really getting too much! He didn’t put Tiance Mansion in his eyes at all!”

“How can we take the credit for this? Impossible!”

...

But at this time, the Tiance Marshal smiled “Okay!” We took the credit according to what Levi Garrison said! After sending a message, we said that the blood ancestor crisis of the Kangaroo nation was solved by us!”

“Marshal, this...” The

others were anxious.

Marshal Tiance smiled and said, “I didn’t see it. Is this Levi Garrison ridiculing us on purpose? Then let’s follow what he said! I am really more and more interested in this Levi Garrison!”

“We will meet sooner or later ! Yes! Levi Garrison’s Liangzi has been settled !”

...

Soon Tiance Mansion released the news that it was they who resolved the crisis in the Kangaroo Nation.

Many people are relieved.

Even Mr. X believed it.

Except for Tiance Mansion, no one else has this ability. As for Levi Garrison, who has done all this, is now at the place where the Bible organization is located...

-

Even Levi Garrison didn't know where this was.

In short, it is the depths of Southern Continent.

A place where adventurers don't want to come to death.

It seems that because of the magnetic field, all modern technology and equipment have failed.

And this place is filled with dense fog, and the depth of coverage is unprecedented.

Obviously, even satellite devices cannot detect this.

-

If someone took it with him, Levi Garrison would definitely not be able to come to this place.

This is definitely not found on the map.

This is the missing piece of the world.

-

Both Levi Garrison and Huoyun Cthulhu were admired by the magic of nature.

Levi Garrison also found that the dense fog was full of poisonous, no matter what physique, as long as he inhaled it, he would definitely die.

“It’s up to you now! Can you get through here!”

Underworld God and the others smiled.

Presumably being able to pass this fog is also one of the tests.

But this can be difficult for others, but not for Levi Garrison and Huoyun Cthulhu.

After all, the two had a good relationship with the evil god of poison.

Where did you get a little poison power from the evil god of poison.

Although the poison in this thick fog is overbearing, it is hard to reach them.

The group continued on the road.

After passing through the dense fog, his vision finally widened.

But it just opened up a little bit.

Because they are in a dense forest.

The dense forest is filled with black fog, and it is still a place that satellites cannot explore.

...

Finally out of the dense forest, the eyes really widened.

This world seems to be dark.

Dim and dark, netherworldly.

There is a little faint light, but I don't know where the light comes from.

In the distance are rolling mountains, and you can vaguely see the castles.

Huo Yun Cthulhu was shocked by the scene before him.

Levi Garrison smiled, "Pretending to be a god! It's just looking for a good place!" What about the

Bible organization, but also to see people.

Eventually, Levi Garrison and the two were taken into the dark castle.

“From now on, you are a member of the Bible organization! By the way, you too...”

Although the God of Underworld is extremely reluctant to admit the God of Fire Cloud.

But when he followed Levi Garrison, he could only get him to join the Bible organization.

“Wait a minute, the Dark God will come soon!”

Mingxie Shendao.

Levi Garrison sneered in his heart.

hehe.

Dark God?

Bluffing?

He most wants to know where plum dye is now?

As long as he saw Zoey, he would immediately take her away.

Ghosts will join the Bible organization!

“Levi Garrison, you are finally here!!!” At

this time a majestic voice sounded.

You can’t find the source of the sound at all.

This voice seems to be everywhere...

“And you, Huoyun Evil God, I wanted to find you to join the Bible organization back then! But you are so mysterious that I didn’t even find it!” The

Dark God’s voice sounded again.

I have to say that Huoyun Cthulhu still has a few brushes.

The hiding technique is indeed in place.

“You are the God of Darkness?”

Levi Garrison asked.

“That’s right! It’s me! Now you finally want to join! Even if I know you don’t really want to join, I even

want to know what you are going to do..." The

Dark God laughed.

Regarding this, Levi Garrison was not shocked.

It is easy for the other party to think of his purpose.

It was dyed from plums.

"Yes, I never thought about joining your shit organization! The purpose of my coming is very simple, to take my wife back!"

Levi Garrison spit out all the words in his heart.

This made the Underworld God extremely shocked.

"Levi Garrison is here for you... didn't you want to join? Then why did you promise us?" The

Eighteenth Dark Angels were almost dumbfounded.

"If I don't agree to join, will you bring me here? Can I find it here?"

Levi Garrison said.

"Boom!!!"

Everyone understood.

Used by Levi Garrison!

“Hand over my wife! Don’t force me to raze this place to the ground by myself!” Levi Garrison roared.

-

Hearing Levi Garrison like this, everyone laughed instead.

It seemed that what Levi Garrison did was a stupid thing.

“Levi Garrison, you too can overestimate yourself?”

“I really think you can take people away here?”

“You really don’t know how deep the water of the Bible Organization is, you can’t hold it!”

...

-

The eighteen dark angels all smiled.

Not angry at all about Levi Garrison's use of them.

Because in their opinion, Levi Garrison couldn't take Zoey with him.

-

"I understand what you mean, when you get here, you know where plum dye is! But have you ever thought that when you get here, you will never get out, and I will keep you here all the time!"

"You think you In controlling the situation, I don't know that you have fallen into my trap! I deliberately let them bring you here!" The

Dark God said with a smile.

"Boom!!!"

Levi Garrison's face changed sharply.

"I can't control you outside! But when you get here, you can't escape!"

Dark God laughed.

"Rumble..."

Suddenly, there was a swaying movement, and a black gate fell tumbling down.

Everything here is closed.

What Levi Garrison and Huoyun Cthulhu didn't know was that another metal wall rose outside the castle, enclosing the entire castle!

"Retreat!" The

Dark God gave an order, and the eighteen dark angels quickly retreated.

I don't know where I went.

In the dark castle of Nuo Da, there are only Levi Garrison and Huoyun Cthulhu.

As for the dark god, I don't know where.

Judging from the previous voices, the dark god seems to be everywhere.

On the mountains in the distance, it seemed to be beside Levi Garrison.

...

"Levi Garrison from now on, you will be trapped here forever! Until you sincerely want to join the Bible organization!" The

Dark God left a word and disappeared.

There was no more movement.

“We seem to be fooled! This old guy just wants to trap us!”

Huo Yun Cthulhu said in astonishment.

Levi Garrison looked cold, “

Look for an exit first!” Levi Garrison and Huoyun Cthulhu began to look for an exit.

The entire castle is the size of four football fields. Levi Garrison and the two searched it, and they were surprised to find it.

The whole place is more like a big square cage!

There is no exit at all.

There are smooth and flat metal walls everywhere!

The previous doors are gone!

This is an agency! ! !

But there is no trace of any mechanism inside!

Levi Garrison and Huoyun Cthulhu realized that this was a mechanism, and they hurriedly searched for it.

“Levi Garrison is not struggling! This place has no institutions! It can’t be opened either inside or outside!
The only way is to break the wall!”

“As long as you agree to join the Bible Organization, I will break it myself!” The

Dark God’s voice again spread Come.

“I know you will struggle for a while! Enjoy it!” The

Dark God completely disappeared this time.

...

Soon Levi Garrison and Huoyun Cthulhu gave up.

This is a metal fortress.

There are no traces of gaps!

“For this plan, I can only use my fist to smash this ghost place out!”

Levi Garrison wanted to see Zoey’s eagerness, he raised his fist and slammed out.

“Boom!!!” The

punch went down, and the entire castle was in a sensation, and the entire mountain range was shaking.

There was a wave of air in the air!

But the wall in front of Levi Garrison didn't move.

“Boom!”

Huoyun Cthulhu also concentrated his strength to bombard.

The walls are motionless.

Levi Garrison was like crazy.

“Boom boom boom...”

A fist hit the wall, but the surrounding mountains were destroyed.

The walls are still fine.

Only a few shallow fist marks are left!

The same goes for the Fire Cloud Cthulhu, no matter how you hit it, the wall will not move.

“The technique of taboo!!!”

Levi Garrisondang even used the technique of fingering taboo. To pierce the wall with one finger! This is a fingering that concentrates all power on one burst!

Levi Garrison is going to break the wall!

“Chih!”

This finger is terrifying!

But it’s still useless!

It just leaves a slightly deeper mark on the wall.

-

But this metal wall is a metre thick!

This little bit is ignored.

What’s more frightening is that there is a thicker metal shell on the outer layer of the metal wall.

-

It’s not worth mentioning.

The most important thing is that Levi Garrison punched the inner wall, and the power was transmitted to the outer wall and dissipated.

The inner and outer walls are designed to eliminate power.

It was equivalent to Levi Garrison's punch, the inner and outer walls did not receive any force at all, but were eliminated by the designed device.

Only a little mark can be left on the inner wall.

Levi Garrison and Huoyun Cthulhu were anxious.

Hit it with a punch.

I don't know how many punches I smashed.

Both of them are tired.

But the wall still doesn't move!

The fist marks are also shallow.

Basically it can be ignored!

Both stopped.

“What kind of metal is this wall? It won’t deform after eating my strength?”

Levi Garrison asked in surprise.

The most frightening thing is that he can’t use the taboo technique.

This mountain that lies in front of you can’t use any means!

This made Levi Garrison very disappointed and surprised.

Taboo techniques are not easy to use?

This, this...

In his concept, the use of real taboos is invincible.

But now the taboo technique is not easy to use!

This is desperate!

The taboo technique he had always relied on didn’t work anymore, which made Levi Garrison’s heart complicated.

Huoyun Cthulhu also shook his head, "I don't know! It may be a special metal! This is too hard! We have tried all kinds of methods to hurt nothing!"

Huoyun Cthulhu touched the shallow fist marks." At this speed, we are beating day and night, it is estimated that it will take ten years! But then we will be exhausted!"

"A direct attack is not good, we have to find a way!"

Levi Garrison sat on the ground, sneered." It's useless to find a way! This is not a mechanism! God of Darkness has long thought of it!"

"The only way is to have enough power to destroy everything!"

"At present, our strength is not enough! We need to practice!"

He needs it now. Ascend, ascend to the extreme state.

Blast this place with the strongest force!

...

Levi Garrison was anxious to save Zoey and immediately began to retreat.

Fire Cloud Cthulhu can only protect Levi Garrison.

He actually wants to ask those ancient races to help.

But who can find it here?

The news can't get out either.

...

Outside, the Dark God and the Eighteen Dark Angels are looking at Levi Garrison.

"Then let Levi Garrison practice in retreat?"

Mingxie asked.

"Don't worry, he is just holding Buddha's feet temporarily! He is worried about Zoey, and soon he will not be able to hold it! Wait! Sooner or later he will surrender to me!" The

Dark God smiled.

...

Disappeared.

Levi Garrison just disappeared.

No one knows where he went.

The last clue was in Kangaroo Country.

Only a few people in Tiance Mansion knew about it.

Of course everyone else thought that Levi Garrison was dying.

Golden Harbor Island did not die, but died in Star Country.

The marshal Tiance sent someone to look for it, but there was no information.

The gambling kings also sent many people to look for it, but they couldn't find it.

Even those ancient races who had seen Levi Garrison were looking for him.

Can not be found.

Disappeared!

Levi Garrison has completely disappeared!

Three months.

Half a year.

A full year has passed.

There was still no news from Levi Garrison, and he never appeared again.

Levi Garrison never came out again and again to take credit for Tiance Mansion.

During this year, Erudia encountered many threats and incidents.

But it was all resolved by Tiance Mansion.

I never saw Levi Garrison appear again... "Disappeared! The big living man has disappeared..."

-

This makes everyone incredible.

It would be nice to say if Levi Garrison was dead, but they knew they were not dead.

This guy disappeared for a whole year.

This unscientific!

According to Levi Garrison's previous acting style, even if he disappeared, he would silently guard Erudia.

Always protect Erudia, eliminate foreign enemies again and again, against the laboratory of the gods.

-

But not this year!

Azure Dragon (Qinglong) and the others did not receive any signal from Levi Garrison.

Disappeared!

-

Levi Garrison has completely disappeared!

Messiah prayed that Levi Garrison was still alive.

They all want to know what Levi Garrison did?

Why did it disappear?

No one knows now.

Levilia and Zhou Yingying may know.

But how many ancestors are there, who dares to ask?

Finally, the marshal Tiance visited the female ancestor in person.

For his face, the female ancestor asked Levilia and Zhou Yingying to see him.

But the two didn't know what he was doing.

It's just to reunite the whole family.

Marshal Tiance didn't take it seriously, only when Levi Garrison was about to die.

...

For Tiance Mansion, it is the same whether there is Levi Garrison or not.

Look, this hasn't been in Levi Garrison's year.

They can solve anything by themselves.

There is no need for Levi Garrison.

But in the year when Levi Garrison disappeared.

The world has changed too much.

Warriors, superpowers, and masters of spells are not uncommon.

And more and more, many ordinary people have also stepped into this ranks.

Almost everyone has to know something in order to adapt to this era.

The strong come out!

Various powerhouses have risen together, and various modern science and technology laboratories have also emerged.

The signs of the ancient races are becoming more and more obvious.

The emergence of ancient races is no surprise.

The four blood ancestors summoned by the laboratories of the gods unexpectedly merged, and they unified the blood races scattered in various places.

A powerful ancient race appeared.

It is said that the enemies of the blood race have also emerged.

As for the laboratory of the gods, it is getting stronger and stronger.

And the emperor organization gradually showed its domineering posture.

Erudia's Kunlun Industry has developed rapidly in accordance with the times. When these discoveries are made by the Gods Laboratory, Kunlun Industry has grown into a super overlord!

All aspects have been developed to the top level!

In particular, Kunlun Industry combines Erudia ancient martial arts with modern technology and gene technology to create a unique powerhouse.

It can even combine modern technology with Erudia's spells.

The effect is remarkable!

And modern technological mechas and ancient organ techniques can also be combined...

These are the results that even the laboratories of the gods envy.

The laboratories of the gods, large and small, have acted more than twenty times, wanting to get this technology in their hands.

But it was either blocked by Kunlun Industry or Tiance Mansion.

Originally, these were all made by Levi Garrison.

But Levi Garrison hadn't appeared before, so they were very puzzled.

This is unscientific!

How could Levi Garrison not appear.

How did he disappear!

...

But all parties in the world are changing too fast.

Corresponding to the Kunlun industry in Erudia, Maya industry appeared in the West.

Stronger than ever! ! !

But Maya Industry did not appear suddenly.

It has been prepared for a long time.

It is said that the preparation of Maya Industry is the successor of the super financial family.

This kind of hidden world tycoons disdain to participate in various lists.

On the contrary, they have more money, control more forces, more resources...

...

the forces of all parties are fighting hard to win over resources.

Resources similar to the Sun Stone are now being snatched wildly.

It is no longer enjoyed by the family of the Gods Laboratory.

In short, the whole world is getting stronger.

Instead, the war has continued...

Almost every day.

The weaker ones can only be swallowed.

Some time ago, maybe everyone was forbearing, but after a year, they all let go... The

war was fought, and the heroes came together... All the famous people appeared...

-
