

Chapter 2151-2180

Here comes another one at the same level as the clown emperor!

More terrible!

And I don't know what master they brought...

"How can you escape this time?" A

cold shout came.

One person stepped out of an aircraft, and when he took a step, he stepped into Levi Garrison's face from an altitude of several hundred meters!

-

He ignored everything and walked flat on the ground.

Shocked the audience!

This is Richard's immediate boss.

-

He is dressed in a suit, elegant yet mighty.

The danger is permeated, and the hearts of the audience are tight.

An existence no less than the clown emperor!

Soon after, another woman in a red-hot dress came, and her body exuded an evil and strange aura.

Seeing her, I always feel fear and trembling.

It is another existence comparable to the clown emperor!

Let everyone feel the pressure again!

After a few seconds, a huge wave suddenly turned up in the sea not far away.

Rushing several hundred meters high, a whirlpool appeared...

There was a black spot on it. After everyone looked at it clearly, they found that it was a person.

He rose into the sky, leaped forward, and appeared in front of everyone.

Another one!

These four powerhouses came together, and outside were the top powerhouses in the Gods Lab.

“The Eighteen Dark Angels of the Bible Organization?”

Seeing the evil gods and them, Richard’s boss directly shouted out their identities.

“Richard’s prediction is correct! Our opponent indeed seems to be the Bible organization!”

The evil woman insisted.

Richard’s immediate boss shook his head: “No, no, no! The first eighteen dark angels will fight him! It seems to be taking him away!”

The clown playing cards also sneered: “Yes! They are not. A group of them! They want to take him away!”

“Then basically determine that our enemy is him! It’s just related to the Bible Organization!”

“If you take him down, you will know!”

Which one jumped out of the sea directly Hands on.

“Boom!!!” A

punch came over.

Levi Garrison rushed out with a punch.

“Bang!” As

soon as the fists of the two sides touched each other, the world would shatter like a big collision.

Neither side moved!

powerful! ! !

The eighteen dark angels looked at each other, thinking what to do.

At this time they received an order.

“Withdraw!” The

eighteen dark angels fled immediately, killing out from the weakest direction.

“What to do?”

Richard’s immediate boss waved his hand: “Let them go! Our target is him!”

Anyway, they also knew it was the Eighteen Dark Angels.

For the time being, the Lab of the Gods is still not suitable for war with the Bible Organization.

It's better to let them leave!

After the eighteenth dark angels left, only Levi Garrison was left alone in the field.

He is going to face the Lab of the Gods alone!

This will be the biggest crisis in Levi Garrison's history!

Just beheading Richard, I didn't expect all of them to be one level higher.

Blame these guys from the Bible Organization!

Have to haunt yourself!

What else can I do now?

If you die, you have to fight!

Use everything you need!

Even the taboo tricks that the master taught him have to be used!

It's all this kind of moment, I have to go all out!

Just these four people are unfathomable, Levi Garrison can't grasp their combat power at all!

"Kill out!!!"

Levi Garrison roared wildly and took the initiative to attack.

"Boom!"

He pursued the ultimate speed and strength!

This punch seemed to lift the whole earth!

"Small bugs!"

Richard's boss sneered.

Terrible tattoos appeared on his arms, and the tattoos turned blood red and glowed...

a breath of death and terror was gushing out.

"Bang!"

He easily blocked Levi Garrison's punch, dissolving this majestic force.

“Boom!”

He threw an incredible punch again.

At this moment, Levi Garrison felt that his soul was blown away.

-

It seems that this body does not belong to Levi Garrison at all!

He was emptied of consciousness.

Is he too strong?

Richard’s immediate boss was not like him, who relied on conspiracy and trickery to eat.

He is pure strength!

His nickname in the Lab of the Gods is Lucifer!

-

That is the fallen angel in Western legends!

The existence that can be nicknamed this in the Lab of the Gods can also figure out how strong he is!

“Ah!!!”

-

The female of the four was also shocked, and she shouted out like a terrifying voice in the depths of hell.

Sharp evil horror!

It seems to crush the weakest side of people’s heart!

A terrible flame appeared above her hands. This flame was very strange and strange, accompanied by the sound of ghosts crying and howling wolves.

As if to tear everything apart.

This woman is nicknamed the Hell Witch in the Lab of the Gods!

She can control the terrible fire of hell and can burn everything!

Lucifer told Richard that you can build a pure energy body with confidence and don’t worry about being unable to control the pure energy body.

They have the ability to get rid of pure energy bodies.

One way is the hell witch!

Her hell fire can directly burn out the pure energy body!

Can't hold it at all!

It shows how terrifying she is!

The fire of hell in the palm of the witch of hell is approaching Levi Garrison!

Levi Garrison, who was far away, already felt the compelling flame, and even his soul was burned.

He was beaten by Lucifer just now until his soul flew out.

Now the hell flame of the hell witch is here again!

In an instant, this area was enveloped by the flames of hell.

Even the ground was burned, turning black in an instant, piercing for several meters.

All are black.

The flames of hell can burn everything, nothing can stop it!

As soon as the flames of hell came out, the world seemed to be shrouded in hell.

All living things go through burning flames

.....

leaf monarchs as a move Lucifer, simply can not escape directly enveloped by flames of hell.

He can only face the flames of hell! ! !

“Boom!” The

flames of hell instantly penetrated his defensive airflow, enveloping him!

“Puff!!!” At

this moment, Levi Garrison felt that his brain consciousness was blank, and his body seemed to be fragmented and melted a little bit.

The pain hits!

The pain is beyond words!

It hurts to the bones and soul!

This hell flame seems to be burning Levi Garrison's soul, his body has already melted!

This kind of pain Levi Garrison experienced once before.

When the master reshaped his martial arts for him, it was really painful.

Levi Garrison knew that at that time, the master was not only reshaping the martial art for him, it was completely reshaping his body.

A radical change from the inside out.

That's why it hurts so much!

Now Levi Garrison felt this pain again!

If it weren't for Lucifer's trick, Levi Garrison could escape the flames of the witch of hell.

But no!

He was enveloped in the evil flames of the witch of hell!

At this time, Levi Garrison's body was full of vigor, and he was tightly guarded, trying to stop the flames of hell.

The flames of hell peeled away his defense little by little, burned and swallowed his body little by little.

To burn him to death!!!

The hell witch made a terrible roar, and she was increasing the flame's attack.

...

Everyone smiled upon seeing this.

Levi Garrison is just the right thing!

"I'll help the witch!" The

clown emperor let out a jealous laugh, and he flicked it, and the clown playing cards in his hand flew out.

At this moment, the Joker playing card turns into an indestructible weapon that can cut everything.

"Shit!"

Levi Garrison's vigorous defense was abruptly torn apart by the Joker playing cards.

Can't stop it at all!

“Boom!”

This time the flames of hell really pounced on Levi Garrison’s body.

“Ah!!!”

Levi Garrison let out a heartbreaking roar.

-

“Puff!”

Levi Garrison suddenly vomited blood!

Joker the Great’s playing cards are a weapon that can’t be guarded against!

The witch’s hell flame is any flame that can burn!

Together, these two are simply invincible!

The magic flame on the little witch’s hands penetrated directly into Levi Garrison’s body, burning his internal organs madly.

-

Burn him from the inside out!

“Ah!!!”

Levi Garrison roared.

-

That’s heartbreaking!

It is comparable to the pain that Master gave him to reshape his martial art and transform his body!

“Hahaha...” The

Hell Witch and the Great Clown showed crazy smiles.

As long as the flames of hell enter Levi Garrison’s body, he will have no way to survive.

It will burn clean from the inside out!

Everyone knew that Levi Garrison was going away!

The eighteen dark angels who escaped did not go far, they watched from a distance.

Seeing that Levi Garrison was over, everyone's faces showed regret.

If Levi Garrison had promised them in the first place, this wouldn't happen now.

Now he won't run away anyway.

"Should we save him?"

someone asked.

"No! Dark God said, don't save him! This is an order! Everyone stays still!"

Mingxie Shendao.

They all understand.

This wave of Levi Garrison was completely exposed to the laboratories of the gods and was of no value to the Bible organization.

There is no need to quarrel with the Gods Lab in order to save Levi Garrison.

Everyone else knows what happened here.

After all, after Levi Garrison killed Richard, there was too much noise.

The news that he was in the East Island waters has now spread.

Although you don't know who killed Richard?

But all want to know.

So many people's eyes gathered here!

Especially the Common Killing God of Kunlun Industry and Qinglong.

When Richard was killed, the news came out.

Qilin immediately called out: "The boss is here! As expected, the boss made a big move!"

...

Then they kept paying attention to Levi Garrison's movements.

After knowing that Levi Garrison was blocked here, Qinglong and the others were very anxious.

There is no way.

They didn't dare to go without Levi Garrison's order.

It's useless even if it comes.

It couldn't help Levi Garrison at all, it would cause chaos instead.

They watched outside.

When they learned that Demon Flame was about to die in Levi Garrison's presence, they were all scared to death.

"No! We have to save the boss anyway! Even if we die!"

Qinglong, Qilin, and the others, regardless of Buyi Killing God's obstacles, have to go if they say anything.

They would rather die than die with Levi Garrison.

Other parties also reacted differently.

Li Chengmin, the Sanxing Group of Star Country, suddenly brought people to the waters of the East Island.

These people are the boys and girls who Sanxing Group is known as the devil.

The Great Summer Policy House also has actions.

“Do you want to support?”

Many people are discussing this issue.

Although they don't know who this person is, he killed Richard after all!

“Support!!!”

Soon such an order came from Tiance Mansion!

Several great gods will personally dispatch to the East Island waters.

This is the first time Tianji Pavilion has intervened in the affairs of Tiance Mansion!

It's really an unprecedented experience!

Although the Tianji Pavilion was in Tiance Mansion, the two sides did not interfere with each other.

And only when Tiance Mansion turned to Tianji Pavilion for help.

However, Tianji Pavilion has never actively intervened in the affairs of Tiance Mansion, something that has never happened before.

This time it turned out that the boss of Tianji Pavilion took the initiative to order several great gods to rescue!

After the news spread, the Tiance Mansion was shaken?

What's wrong?

First, the female ancestors played!

Now even Tianji Pavilion intervened in affairs and issued orders.

A situation that has never happened before! ! !

...

“Ah!!!”

Hell fireworks burned Levi Garrison.

Everyone looked at this scene cruelly...

-

“Offend the laboratory of the gods, no matter where you are sacred, you will die!”

Lucifer sneered.

The Great Clown and the other one who jumped out of the sea all smiled.

In their opinion, Levi Garrison would definitely be burned to death by the witch's flames.

Even God cannot save him today.

They also knew that someone was coming to rescue him, but it was too late.

-

There is no chance at all.

Indeed, many people came to save Levi Garrison.

Even the evil god Huoyun came.

-

But it's too late!

No one has time to save him!

There was also a chance for the eighteen dark angels around

...

Seeing the painful Levi Garrison, the Hell Witch let out an evil laugh.

But after a long time, the hell witch's smile disappeared.

His complexion almost froze.

fine? ? ?

impossible!

Even the scum that had been burned long ago was left in the body by the flames of her hell.

To be exaggerated, even the soul was burned.

But why is Levi Garrison okay? ? ?

There are no cracks in the body!

This is impossible!

Her hell flames can burn through any physique, and even the pure energy body can be burned out.

In the end, Levi Garrison had nothing to do.

Not only is it okay on the outside, but it's also okay on the inside.

It's just pain!

It hurts nothing!

Seeing the expression of the witch, Lucifer and the Great Clown also changed color one by one.

What's the situation?

Is it useless for him?

"Ah!!!"

Levi Garrison's roar was even more terrifying, his voice seemed to tear the sky.

He was suffering to the extreme.

"Boom!"

Levi Garrison exploded with unrivaled aura and shook the witch of hell out!

Levi Garrison is more vigorous than before!

Like the phoenix nirvana.

There is an aura of destruction in him!

Absorbed!

He had completely absorbed the flames of hell!

This is something no one expected!

Not only did the hell demon flame not hurt him, it was absorbed by him!

It was obvious that Levi Garrison's breath was more terrifying and stronger than before.

This is what Levi Garrison didn't expect!

I thought he was going to die.

Because that kind of pain is the feeling of death!

He felt that his body was about to be burned and melted...

but he did not expect that his physique was so terrifying that he would completely absorb these hell flames.

These hell flames seem to have tempered his muscles and veins.

Take his physique to the next level!

Levi Garrison is a person with super willpower, of course, he has to be given such an amazing physique because of his master's gift.

"Haha!"

Levi Garrison sneered looking at everyone.

The hell witch was dumbfounded.

She claims that the flame that can burn everything is useless to Levi Garrison? ? ?

The hell witch was not reconciled, she continued to use flames to burn Levi Garrison!

But the flames of hell became more and more useless to Levi Garrison.

At first Levi Garrison would absorb it painfully, and gradually Levi Garrison would absorb it naturally.

This flame completely had no effect on Levi Garrison.

The hell witch was also slapped and flew out by him.

However, Levi Garrison's danger was still there.

The flame of the witch is not good, but Lucifer and the Great Clown are all there.

Levi Garrison's danger has not been eliminated!

"Boom!!!"

Another fellow known as the sea monster.

Step on your feet.

The sea not far away was still tumbling, and vortexes appeared.

It seems to control the topography of this land.

He controlled the sea to suppress this area and exert influence.

Levi Garrison immediately felt that his power was restricted!

The same as the magnetic field device.

At the same time, the weird tattoo on Lucifer's body began to flicker, showing a state of congestion.

"Sneer!!!" The

ultimate power was presented in a domineering manner.

The speed is extremely fast and the angle is weird.

“Bang!” There was

a muffled sound.

Levi Garrison’s body seemed to be shot with afterimages!

Blood spilled from the corner of his mouth.

Lucifer is too strong!

As long as the bloodshot of the weird tattoo on his body is full of blood, it will bring him the ultimate strength.

“It’s my turn!” The

clown emperor is about to make a move.

-

After Levi Garrison was restricted by the sea monster using the sea to control the terrain, Lucifer shot him and injured him.

Now even the clown emperor has shot.

This is unimaginable in the Lab of the Gods!

I never expected these three, no, to be precise, these four would shoot together.

Things never happened before!

Although one-to-one, it can be suppressed.

-

But the pulling time is too long now.

They all wanted a quick fight, so the three teamed up together.

“Boom!” The

-

clown emperor activated, making a movement to break through the sound barrier.

He appeared behind the backward Levi Garrison and hit him with a punch.

“Puff!!!”

Levi Garrison vomited blood and was beaten out.

He finally realized how strong the Lab of the Gods was.

What is it like to be one level higher than Richard.

But he will not fall!

Levi Garrison abruptly stabilized his body shape, and without waiting for the reaction of the three of them, he immediately attacked Xiang Hai Mo.

Despite being suppressed, Levi Garrison still struggling to punch.

“Pop!” This

punch implied multiple strengths and exploded in the sea monster’s body.

The sea monster was affected and could no longer control the sea to suppress Levi Garrison.

At this moment, Levi Garrison was just as liberated.

“Papa!”

He pointed his two fingers on the clown emperor and Lucifer who were attacking from the left and right.

This is a fingering modified from the technique of taboo.

It is also the key to Levi Garrison getting rid of the pure energy body!

All power is based on a little burst.

For a time, the clown emperor and Lucifer quickly resolved...

this seemed to threaten them.

hateful!

It was at this moment that Levi Garrison killed the witch of hell who had no threat to him.

The hell witch panicked.

He hastily manipulated the flames of hell to block Levi Garrison.

It's useless.

Levi Garrison hit her with a punch!

“Puff!” The

Hell Witch flew out, although she was not dead, but her body was seriously damaged.

Everyone’s face changed.

It was hurt!

How can this be?

How could he hurt God alone?

Why is it called the Lab of the Gods?

Because inside are the gods!

Of course this is a title, they claim to be gods!

It’s just a human being.

However, they are relatively powerful, and they feel that they can control everything and surpass mortals, so they are called the laboratories of the gods.

A Hell Witch of this level has never been injured.

So now that the Hell Witch was injured, everyone showed an incredible look.

I feel that people like Levi Garrison are not qualified to hurt her at all, they are not worthy at all.

This is beating the face of the Lab of the Gods fiercely!

Can't bear it!!!

"Kill him!"

Levi Garrison was forced to such an embarrassment, Lucifer, the Great Clown and the others were going crazy.

Never give Levi Garrison any chance.

More tattoos on Lucifer's body are beginning to be bloodshot and shiny, and the aura on his body is getting stronger and more terrifying.

The clown emperor throws out a clown playing card, turning it into an indestructible weapon to kill Levi Garrison.

As for the sea monster, he actually manipulated the sea water, turning the weight of the sea water into his own power and hitting Levi Garrison!

The sea is endless, and his power is getting more and more terrifying!

...

“Puff!” After the

three joined hands, Levi Garrison was obviously struggling.

There was blood in the mouth, in the nose, and in the eyes.

These three people are one level higher than him!

He felt that he was completely suppressed!

Death is officially close to him.

“Puff!”

... It's better than

him under the combination of the three, but he also retreats steadily.

It's going to die soon.

Levi Garrison used all the innovative tricks of taboos, but it was not taboos after all, and his research time was relatively short.

These are okay to deal with pure energy bodies, but they can be dealt with one level higher, obviously

not.

All used.

Still not working!

no!

I can't die!

"Forbidden technique!!!" "Master can't help it! I have to use it!"

-

Post navigation

At this time, Levi Garrison had no scruples.

Just think about one thing-live!

The real taboo technique is about to be used!

"Boom!!!"

Levi Garrison's breath changed suddenly.

Black textures appeared on his face unexpectedly, strange and terrifying.

-

His whole person is like Shura reborn from hell.

Came with a breath of silence.

This forbidden technique is called the forbidden technique of killing!

-

An access control technique used by the master to kill!

Once activated, the combat power will come to a whole new level!

Will cause a devastating massacre!

This taboo technique is mainly to kill!

Kill at the sight of people!

No creature can escape!

Although it can be invincible to use, it is easy to sink, and it is easy to be enchanted.

Thus causing bloodthirsty and bloodthirsty!

If the mind is not well controlled, it can easily become a killing machine.

This is another reason why Master Levi Garrison did not allow him to easily use taboo techniques.

Because of poor control, it is easy to be controlled by taboo techniques and become a demon.

After Levi Garrison used it now, the aura on his body was even more terrifying and terrifying than the evil auras of Lucifer and the Hell Witch.

This made Lucifer and the three people feel an inexplicable pressure!

This shocked them!

Obviously, the people in front of them are obviously not on the same level as them, but they are threatening!

After the killing forbidden technique was activated, Levi Garrison's eyes were scarlet, as if it were no longer him.

It's a killing machine!!!

"Kill!"

He let out a low voice and charged with a devastating murderous intent.

But he still retained a trace of sanity.

Not to kill everyone in front of you, but to find a direction to kill.

Therefore, Levi Garrison directly attacked the weakest defensive side.

They didn't go directly to Lucifer.

"No, he wants to run away!" The

three of them immediately pursued.

Seeing Levi Garrison rushing over, the masters of the Gods Lab began to stop him.

"

Puff!" "Puff!"

"Boom!"

...

Levi Garrison, who used taboo techniques, turned into a killing machine.

In the most brutal and primitive way, torn apart one enemy after another!

This taboo technique doesn't have any complicated tricks at all, it's the most primitive at all.

Either tore, or smashed with fists and feet, or peeled off the skin and tendons... I

almost went up and directly killed the opposite side.

The terrible aspect of the prohibition of killing is like this-it does everything in order to kill.

Even drink blood and eat meat!

Completely release your murderousness!

More terrible than primitive beasts!

...

Levi Garrison instantly turned into a murderer, ignoring anyone!

None of the masters who blocked Levi Garrison ended up well.

Fragmented, falling apart, stumped feet and broken arms are everywhere...

sweet white bones, red blood, screams...

All of them impacted the hearts of the masters of the Gods Lab.

Shocked!

It was shocking!

Scared!

Faced with such a murderer, who is not afraid?

Retreat...

The masters of the Gods Laboratory who blocked this position were beaten to retreat!

They fled one after another, and didn't dare to stop Levi Garrison from coming.

shame!

It is a shame for the Lab of the Gods!

Will they be beaten to this level?

What a shame! ! !

The three of Lucifer quickly blocked Levi Garrison's way!

There are more tattoos on his body, one piece of blood red, giving a terrible evil power.

The clown emperor also showed an extreme state, which was so dangerous that it was frightening.

The sea monsters are still absorbing the weight of the seawater, and they will kill with one blow.

We must not let today become a shame to the Lab of the Gods! ! !

This is still a person!

If you let him run away!

The Lab of the Gods will be nailed to the pillar of shame!

The three strongest teamed up!!!

“Kill!”

Levi Garrison used the most primitive way to activate the killing forbidden technique!

Punch!!! The fastest speed, the most extreme strength, the most terrifying killing intent!

-

“Boom!” The

two sides meet!

There was a dull sound, and a buzzing trembling sound came from the sky.

The earth began to make a sensation, and the whole island was torn apart and completely collapsed.

“Puff!”

“Puff!”

-

“Puff!”

...

All three of Lucifer vomited blood and flew out!

-

As for Levi Garrison’s body was also thrown high, he suffered more serious injuries.

Although he used the taboo technique, his current level and realm were not yet in full control, and he could not exert the true power of the taboo technique.

Forcibly urged, it is very likely to be controlled by the taboo technique, and become a killing machine, a bloodthirsty demon.

It was already the limit to be able to fly all the three powerhouses one level higher than him.

miracle!!

Others may not understand the Lucifer trio.

But everyone in the Lab of the Gods knows what level these three are!

The three of them teamed up to a tie with Levi Garrison!

How strong is Levi Garrison?

I used to think that he was just an opponent who could deal with Richard, and he didn't need a shot at the level of Li Lucifer at all.

Everyone also disdains.

Think it's too shameful to deal with him.

But now the three teamed up to make a tie with him!

The Lab of the Gods is going crazy!

...

Levi Garrison, who was beaten out, was seriously injured, but with a sigh of relief, he jumped into the sea and fled immediately.

Don't give them any chance.

"Chasing! You can't let him run!"

"You are the king in the sea of the sea monster! You chase him!" The

Lucifer and the three were about to catch up immediately.

But at this time, the eighteen dark angels blocked their way.

“Go back, don’t chase it!”

This is the order given to them by the Dark God after Levi Garrison started the killing technique and gained a ray of life-you can properly help Levi Garrison to stop the Gods Lab!

Now the Lab of the Gods knew that they had intervened.

So they can just stop it.

“You guys!!!”

Lucifer’s expressions changed drastically.

They know the eighteenth dark angels, and they are very strong.

If you start, it will be impossible to solve it for a while.

As for Levi Garrison, he ran far away.

After a stalemate between the two sides for a period of time, Lucifer reluctantly ordered “Withdraw!”

“But today our hatred is settled! Sooner or later, the Bible organization will be destroyed and

disappear!”

Lucifer warned as he looked at them.

“Come on! Who is afraid of whom?” The

Eighteen Dark Angels laughed.

After receiving the order, the army of the Gods Laboratory disappeared in a short period of time.

The eighteen dark angels also evacuated.

When all the forces arrived, there were only sinking islands and devastated scenes.

Nothing else.

“Has the boss survived?”

Qinglong and the others were surprised and happy.

After the arrival of the great gods of Tiance Mansion, all parties were shocked.

No one thought they would come.

Because Tiance Mansion has never left Erudia to perform the mission.

They will only appear when the summer is in danger.

They were relieved by the news that whoever was alive.

...

As for Li Chengmin successfully merged with the injured Levi Garrison.

Levi Garrison knew that the Lab of the Gods would not let him go, and would look for him.

The best way now is to hide in Sanxing Group.

...

Soon the parties dispersed.

After all, there is no one left.

But not long after they left, groups of mysterious characters appeared.

Ancient races and forces!

Always looking for the holder of that token!

Just when Levi Garrison performed the taboo technique, they noticed the familiar aura.

All came in one brainstorm.

Get together, everyone is dumbfounded.

Both are ancient ethnic forces in the East and the West!

“Appeared!”

“Appeared!”

“It’s a familiar breath! That’s right! Definitely!”These old guys were all excited.

Tears filled my eyes one by one!

Some even knelt down.

I don’t know what I’m worshipping.

They searched for a little half a year and finally found it.

The token also has the familiar aura of killing forbidden technique!

-

It's all from that person!

"Are you here too?"

Some of these ancient racial forces knew each other, and they all greeted each other.

-

"What? Even you guys are here? Don't you sleep in the depths of the Arctic glacier?"

"After receiving his news, we will look for it immediately!"

"And you? Isn't it the legend of extinction? Why are you still there?"

"It's not because of that person that we survived!"

"You are here too???"

"So are you!"

... The

ancient racial forces are going crazy.

All came unexpectedly.

But they did not find it strange.

Because of that person's words, people who come ten times a hundred times will not be surprised.

"Killing forbidden technique! He has used it! Massacre the Quartet!"

"The mysterious man just used the forbidden technique to kill three strong men who are one level above him!"

"Check! Check this one out for me right away !" Where

did the mysterious man go!" "I didn't expect you to leave a descendant! Are you still alive?"

"The old slave wants to see you!"

A big man knelt on the ground and sighed up to the sky.

...

This was something that no one had expected. After the matter was over, such a group of people came

back unexpectedly.

The major forces, such as the laboratories of the gods and the Bible organizations, have arranged for people to observe.

But soon all the spies who were observing were discovered and obliterated.

None of them were left.

They miscalculated the strength of this group of people.

It's not that they can snoop at will.

The forces of these ancient races are too strong, and no news of their coming here has been spread.

...

Not just these ancient races.

There are voices everywhere in the world.

"It has appeared! It has finally appeared!"

"Oh my God, it's going to be messed up, this time it's completely messed up!"

"Hahaha, excitement! Excitement! His forbidden technique has appeared, this time those old men The

guys are going to be forced out!”

...in

the Tianji Pavilion of Cefu in Erudia.

“Come! It’s here after all!”

...

Obviously Levi Garrison was going to cause a mess after using the taboo.

But now, more people are looking for Levi Garrison.

The Lab of the Gods has suffered too much shame and loss, and will definitely find him crazy.

Now the ancient tribes are also looking for him.

Too many people are looking for.

Levi Garrison is at Li Chengmin’s residence at the moment.

He was hurt all over.

He had a tie with Lucifer’s three, to be exact, the four masters. In fact, he was seriously injured.

“Too strong! Is this the Lab of the Gods?”

Levi Garrison sighed.

Never encountered such an opponent.

Existence that can't be killed with a taboo technique.

Spelling out a way of life, but also hurt like this.

It's all to blame for the people of the Bible Organization!

If it weren't for them, what's the point? “The Lab of the Gods is unimaginably powerful. The few people you meet are all ancient mutants! Naturally control some strange powers, don't awaken or get superpowers from adventures! The group that really controls the Lab of the Gods Exist,

let

alone what kind of existence it is.” Li Chengmin not only sighed.

Soon Li Chengmin received the message, “I just got the most confidential information from Sanxing Group. These four are all ancient races. They were born to control the flames, control the sea, etc.

Now those super powers who can control the elements are actually The bloodline from them is not pure, more or less inherited a little bloodline to have superpowers! But these talents are true bloodlines!”

Levi Garrison was shocked, "So terrifying?"

"The most terrifying thing is..." "Yes what?"

-

"The most terrifying thing is that these people are not the previous generations of their respective races, they are also more than a dozen generations later!"

Li Chengmin said in horror.

Levi Garrison understood what she meant, "That is to say, these people are not the most powerful, or they are already very weak after the inheritance?"

"Yes, that's right! The most powerful of their respective races should be the initial generation, so They are now trying to do all kinds of experiments to achieve

rejuvenation !" Li Chengmin took a breath.

"The Lab of the Gods is too strong, but as long as I'm alive, they don't think about it!"

-

Levi Garrison won't stop because they are strong.

“Your injury is too serious. It seems that you have to cultivate for a while.”

Li Chengmin is already healing Levi Garrison.

-

“This time I was in trouble! Using the taboo technique, I don’t know what the consequences will be!”

Levi Garrison was very worried about this.

It’s not unreasonable for the master to warn him not to use it lightly.

But there is one advantage, that is, after this use, Levi Garrison doesn’t have to worry about it.

Let go of it later.

Whoever provokes him, just do it with taboo tricks and it’s over!

No need to hide and tuck.

He didn’t know that the ancient races had arrived...

“Shame!!!” In the

laboratory of the gods, the four of Lucifer bowed their heads and were reprimanded by one.

This man is in a suit and leather shoes, wearing gold-rimmed glasses.

“What’s the use of you?”

“Until now, you don’t even know who it is, right?” The

four of them didn’t even pant for breath.

I thought the four could win everything together.

But who can think that Levi Garrison is so strong!

Yup.

The point is that they don’t even know who it is.

Richard has always been dealing with this matter.

They just ran to avenge Richard.

“Then I tell you, who is he!” the

man in the suit roared.

Hearing that, all four of them looked over and were very curious.

“Levi Garrison! He’s still alive!”

“What? Levi Garrison? He...” The

man in the suit was about to doubt, “Are you trying to say that it’s impossible? But Levi Garrison was alive! He deceived all of you that day. !” “

when Richard after the accident, I personally went to investigate this matter, he is still alive! “

would have been a few people are still skeptical about it all, you can hear the suit personally check the man said.

They immediately believed.

As if the person’s words are the same as the truth.

“I later received the consciousness information from Richard’s death, that is, Levi Garrison!”

This humanity.

“It’s really him! I didn’t want to move him alive, and did so many things!”

“We are all to blame, for not paying attention to him, it is Richard who is dealing with it!”

...

“Now I will give you something to make up for it. Chance!”

said the man in a suit.

“Huh??” All

four of them were taken aback.

“What opportunity??” The

man in the suit finally showed a smile. “Not only do I know that he is Levi Garrison, I also know where he is now...”

“What?” The

four were shocked.

Even know this.

But after thinking about it, this one shot himself and found out where Levi Garrison was, which is not surprising.

For the Lab of the Gods, it was not that Levi Garrison was so good.

But the real big man has no time to pay attention to him and deal with him.

If the real boss shot, Levi Garrison would be gone.

It's like you are a god in the sky, and there is an ant on the ground, no matter how arrogant or powerful, you won't enter the eyes of your law.

Not to mention going to shoot in person.

impossible!

"He...where is he?"

Lucifer swallowed.

"Now Levi Garrison is in the territory of the Star Country Star City Sanxing Group Group. He is with Li Chengmin of the Sanxing Group! She has already become a traitor!"

"You immediately went to the Star Country secretly! Levi Garrison was seriously injured! Kill him!" "I will send you some more people to prevent accidents!"

The man in the suit sent a master to Lucifer and them.

"Are you still injured?"

“Trash! A bunch of trash!” The

man in the suit scolded, but in the end he took out a few tubes of special medicine to Lucifer and the others.

When several people saw this potion, their eyes lit up fiercely, and they were all shining.

It’s like a treasure like a potion.

-

That’s right!

This potion has a mysterious ability to restore and improve!

There are even unexpected effects!

-

Richard has no access to this level.

They won’t even get Lucifer easily.

So the four of them immediately thanked the man in front of them.

After they drank the potion, all the hidden injuries on their bodies as well as the injuries just now healed.

And the strength has also improved.

This surprised and delighted the four of them.

“Richard is very capable of doing things, I like it very much! It’s a pity that I’m a step late, otherwise I can find someone to save him!”

said the man in the suit.

“Hiss!”

Lucifer gasped.

Know who he is talking about!

If it weren’t for Richard’s dead body, it could really be saved!

The scariest doctor in the Lab of the Gods! ! !

Afterwards, Lucifer and the others set off quietly to the Star Country, shooting a carbine, so that no one would think of it.

No one wants this!

After being so embarrassed, the Lab of the Gods will kill it back.

At this time, everyone really thought that they would not take any action for the time being.

But who would have thought that someone in the Lab of the Gods knew Levi Garrison's identity and knew where he was.

Lucifer and the others returned...

Not many people were sent this time, but each of them was a top powerhouse.

Especially the masters sent to them by the men in suits, Lucifer, they dare not ignore.

They are all looking forward to this blitz!

In Li Chengmin's holiday villa in Star City, Levi Garrison is rehabilitating with peace of mind.

This place is the safest.

No one will find it.

His injury was too serious this time.

Even if he has the secret healing method and Li Chengmin's advanced modern therapy, he can only

recover 50% for the time being.

It takes at least ten days and a half months to recover 100%.

Levi Garrison sighed, "It's really cruel, if I didn't absorb the flame, I'm afraid I'm hurting more severely now!"

"What about your plan after recovering from the injury?"

Li Chengmin asked.

"Let yourself continue to be strong! Excavate the foundation of the Gods Laboratory as much as possible!"

Levi Garrison said.

...

He chatted with Li Chengmin, but he didn't expect Lucifer to come back again.

When more than a dozen figures appeared here in Star City, it would herald the arrival of a massacre.

"Just got the news that Levi Garrison is in Li Chengmin's holiday villa! He is recovering from his injuries, but he has only recovered halfway! Now is his weakest time!"

"Okay, act! Be sure to catch or kill Levi Garrison alive!"

Lu Saifa said.

Playing cards, the clown said coldly, "I am going to clean up the Sanxing Group after I get rid of Levi Garrison!"

Others nodded, "Yes! Sanxing Group no longer accepts our surrender! What we want is absolute obedience!"

Soon fourteen Lucifer appeared around Li Chengmin's holiday villa.

Li Chengmin is also a cautious person.

There are a lot of secret whistle and eyeliner arranged around.

Especially after Levi Garrison approached her, she was even more cautious, and she wanted to ensure her safety.

So more people scattered around the villa area.

But now Lucifer and others sneak in quietly.

In his eyes, these secret whistle and eyeliner were the same, and they were removed one by one.

A total of 317 people were all resolved.

Li Chengmin didn't receive any news at all.

There was no surprise at all, and in the end only the villa was left.

Although Lucifer and them had only fourteen people, it was enough to surround the villa, and every corner was strictly guarded. "let's start!"

-

In the villa.

Levi Garrison is closing his eyes and resting.

But at this time he felt restless, and his left eyelid jumped wildly, as if something was going to happen.

"No,

something will happen!" Levi Garrison's hunch was very accurate.

Levi Garrison immediately told Li Chengmin of his hunch.

-

"Isn't it I was discovered?"

Levi Garrison was very wary.

Li Chengmin also immediately began to check.

-

Contact his secret whistle eyeline scattered outside.

But no one responded at all!

not a single one!

It is equivalent to the complete breakdown of the peripheral defense system!

Only the villa's defensive security system is still there.

"Something went wrong! The people I arranged have lost contact! Maybe they are all dead!"

Li Chengmin said.

"Go, I'll take you away first and go to the secret tunnel! Can't stay long!"

Li Chengmin immediately took Levi Garrison away.

"Boom..."

"Kacha!"

But at this moment, the huge French window was hit hard, and it burst open.

A silhouette stood in front of the two of them.

Lucifer!!!

“Levi Garrison wants to escape? No way!”

Lucifer exclaimed.

“Boom!!!” The

next moment, the other wall was directly blasted open.

The sea monster is here.

“Chichichi...”

Accompanied by the fluttering Joker playing cards, the Joker Great and the Hell Witch appeared.

“Boom!”

“Boom!”

...

Then either the top of the villa collapsed, or someone came underfoot.

The remaining ten people were all present.

They wore suits one after another, giving people a breath of suffocation.

Enclosed is complete!

“Levi Garrison is your death date today, you can’t escape from our palms!” All the

villa’s defensive guards were killed, leaving only Li Chengmin.

Levi Garrison was shocked.

His face has changed.

what happened?

Didn’t they leave?

How can it turn back in such a short time?

And how do they know that they are Levi Garrison? Still so sure?

And how did they know that they are here? ? ?

How can this be?

Know everything in such a short time?

doubt!

Too many questions!

Lucifer saw Levi Garrison and Li Chengmin's doubts.

He sneered, "You are still too young and

want to fight against the Lab of the Gods! You don't know what you are facing!" "Levi Garrison is here to catch you, and go back with us obediently! Otherwise, you will die!" The

Great Clown laughed. Voice.

"Want me to surrender? Impossible!!!"

Levi Garrison suddenly killed the Hell Witch.

Li Chengmin also hurriedly followed Levi Garrison to use his control superpowers.

Delusion to control Lucifer and others.

But after all, she underestimated these people in front of her.

It has no effect at all.

“Small bugs!”

Lucifer directly ignoring Levi Garrison and slammed Li Chengmin.

The hell witch used all her flames to stop Levi Garrison.

After Li Chengmin’s control ability was lost, he would be no different from ordinary people.

Seeing Lucifer who struck, Li Chengmin was completely panicked.

Levi Garrison could only turn around abruptly to rescue Li Chengmin.

“Boom!!!”

Lucifer blasted out with one move.

Levi Garrison also blasted out.

“Bang bang bang...”

Levi Garrison couldn't stop it at all, backing back again and again.

The clown emperor also joined the battle.

In an instant, Levi Garrison was in danger...

became stronger!

Levi Garrison was surprised to find that these people were not only hurt, but also stronger!

Is this the magic of the Lab of the Gods?

The other top ten masters also showed off one after another, pushing Levi Garrison and Li Chengmin to a dead end.

Both Levi Garrison and Li Chengmin were injured in an instant.

Levi Garrison's injury worsened...

“I'm afraid I won't be able to leave today!”

Levi Garrison felt a trace of despair.

If he is not hurt, there may be a glimmer of hope.

But he was seriously injured.

Can't stop it at all!

"Don't let him live!" Lucifer attacked Levi Garrison like crazy!

-

"You guys are looking for death!!!"

Levi Garrison was also in a hurry, and the taboo technique was immediately used! ! !

The fighting power that Levi Garrison broke out at the critical moment also surprised Lucifer and the others.

With stronger combat effectiveness, Levi Garrison's seriously injured body actually fought them back and forth.

This is incredible!

But all of this is supported by Levi Garrison!

-

Soon it was revealed that Levi Garrison was actually the last one.

If it is an opponent one level lower, Levi Garrison can break out and use the taboo technique to cut a blood path.

The probability of survival is very high.

-

But the fourteen Lucifers in front of him were too strong.

When Levi Garrison was in his heyday, he used the taboo technique to make a tie with these people.

Now they are more and stronger.

how to spell?

But in order to survive, Levi Garrison had to fight.

All the taboo techniques should be used.

Even if a forbidden technique like the forbidden technique of killing lives would be demonic, Levi Garrison didn't care anymore.

As long as you can get out alive.

Why not become a murderous machine mad?

“Boom!!!” At

this moment, Levi Garrison’s momentum increased wildly and domineeringly.

Swept the world.

He is the demon god who just returned from hell...

Lucifer and the others were taken aback.

He can still be so strong?

What freak?

This is how they didn’t expect it!

“Everyone, be careful, don’t let him escape!”

Lucifer reminded.

If it fails again this time, it will be hard for them to have the face to go back.

Must succeed!

Levi Garrison must be killed!

“Puff!”

Levi Garrison spit out black blood at this time.

This is obviously a sign of poisoning.

Li Chengmin glanced at him and reacted immediately.

Someone moved the medicine Li Chengmin brought.

These drugs have been replaced long ago. After Levi Garrison took it, instead of relieving the injury, it worsened.

Now Levi Garrison was lucky, and the effect of this medicine was evaporating.

That’s right!

The medicine Li Chengmin brought to Levi Garrison’s treatment had already passed away!

This is arranged by the man in the suit.

It can be seen that his magical powers are vast, and in such a short time, he has arranged so many.

Incredible.

...

“Puff!” Now

Levi Garrison vomited black blood violently, and his whole body was like a punctured balloon, suddenly discouraged.

He was able to fight this group of people with one breath just now, but he can't do it now.

He is so weak that he can't even use taboo techniques.

Not to mention fighting against these top powerhouses.

“Hahaha...”

Lucifer and others all smiled upon seeing this.

It turned out to be braced.

The end of the crossbow.

“Kill him!”

Just now Lucifer had passed through the man in the suit, and there was no need to bring Levi Garrison back.

Just kill it!

The more Levi Garrison wanted to kill him, but his body turned against him.

The more severe he was injured.

Now it can only be slaughtered.

He is desperate.

The great clown playing cards flicked, as if a sharp weapon slammed into Levi Garrison.

“No!!!”

Li Chengmin was crazy.

“Bang!” A

figure appeared, blasting the playing cards.

“Bang bang bang...” One

figure after another appeared.

Soon the group of young people called the devil in the Sanxing Group appeared.

“Save us out!”

Li Chengmin shouted.

This is Li Chengmin’s biggest trump card.

This group of people frantically killed Lucifer and them.

The two sides fought together.

Lucifer and they were entangled.

Li Chengmin took the opportunity to take Levi Garrison away.

“Don’t worry, they are strong enough, let’s leave first!”

Li Chengmin was very confident of these men.

They have the strength and saved her time and time again.

“Okay, leave first!”

Levi Garrison felt that his health was getting worse, and he was still in a daze, even going into a coma. But can he really leave? Lucifer and the others are tired of the entanglement of these young people who have succeeded in the “Making Demon” plan.

“Kill them!”

Lucifer snorted coldly. “Do you know how you got here? Do you dare to do it with us?”

Thirty years ago, the God-making plan of the Lab of the Gods was initiated by the man in the suit.

Sanxing Group’s plan to create magic is also him.

It is equivalent to that he is the godfather of these two big plans, and these young people in front of him were created by him.

-

Now actually blocking their way.

Isn’t this ridiculous?

...

-

“Puff!”

Lucifer’s tattoo flashed, and the terrible power surged, and he abruptly tore the person in front of him.

“Boom!”

The flames of the hell witch burned all of them to death.

Not everyone is as capable of absorbing flames as Levi Garrison.

After they meet, most of them will be burned and there will be no more residue left.

The clown emperor and the sea monster also used their own methods to torture and kill the people in front of them.

The top ten masters sent by the men in suits also showed their abilities, killing their opponents one by one.

One minute.

In less than a minute, all these young people were killed.

There is no way to fight back against these perverts of Lucifer.

When Lucifer and others approached Li Chengmin and Levi Garrison again, both of them were shocked.

People?

What about those young people?

So fast?

Didn't stop it for a minute?

Is the speed a bit too fast?

"Looking for them? Dead!"

Lucifer grabbed a head and threw it at Li Chengmin's feet.

"Hiss!"

He took a deep breath.

No one knows the strength of this group of young people better than her, it's really too strong.

Not to mention that you can beat Lucifer, but you can hold it for an hour.

Who would have thought that the whole army would be wiped out in less than a minute.

too strong.

People like Lucifer are really too strong.

“Levi Garrison, according to Erudia’s statement, you are exhausted, and today you will undoubtedly die! No one can save you!”

Lucifer sneered.

The Great Clown looked at Li Chengmin again, “Don’t worry, after the end, we will bloodbath the Sanxing Group!”

“Stop them!”

Li Chengmin was shocked when she heard that, she used her privileges and immediately mobilized the masters of the Sanxing Group to stop it.

In an instant, tens of thousands of strong men appeared.

“No! If you can’t stop them, don’t sacrifice in vain!”

Levi Garrison shouted.

With the patience of these few people, another 100,000 people will still be unable to stop them.

“Then what should I do now?”

Li Chengmin was anxious.

She didn't want Levi Garrison to die.

“Let me think of a way again!”

Sitting there, Levi Garrison's brain was running fast, trying all kinds of ways.

Review all the ancient books that the master gave him.

Think about the strategy against the enemy.

...

“Don't move! No one can move!”

At this time, the senior officials of the Sanxing Group received the news, and they came forward one after another and ordered all the masters of the Sanxing Group to stop them.

Levi Garrison was completely exposed to Lucifer and the others.

“It's over! I really can't live anymore today!”

Levi Garrison sighed.

For a while, he really couldn't think of any countermeasures.

Lucifer and his men are too strong.

Many things are of no use to them at all.

It is impossible to figure out a way to deal with them in such a short time!

"What to do? What to do?"

Li Chengmin was even more anxious like an ant on a hot pot.

Soon Lucifer came to Levi Garrison's presence.

"Levi Garrison say goodbye to the world! You are dead!!!"

Lucifer asked Levi Garrison to die in the same way as Richard, to avenge him.

Lucifer's tattoos all over his body were activated, bringing together the power of horror and evil.

He charged a blow to make Levi Garrison's soul fly away.

He didn't give him any chance to survive...

Levi Garrison also slowly closed his eyes.

In my mind is the mother, Zoey, Levilia and the others... "Goodbye! I really can't do anything this time!"

-

Seeing Levi Garrison's appearance, Lucifer was already smiling.

Levi Garrison gave up!

Beating such a person to give up or to despair is a matter of accomplishment for everyone.

Lucifer he did it.

But when he was about to kill Levi Garrison with one move, suddenly Levi Garrison opened his eyes with a hideous expression.

Lucifer's smile disappeared, and his face froze even more.

-

not good!

By the time he realized it was not good, it was too late.

How could someone like Levi Garrison give up?

-

He will never give up in his life!

I just thought that the mother, the child, and the wife were real, but it was fake that he gave up resistance and waited for death.

Because he wants to play his value at the last moment, the last game before death.

He will desperately want to die with Lucifer.

This was the only thing he could do before he died.

Levi Garrison, this man will never give up simply!

Lucifer saw Levi Garrison's intentions, but it was too late.

Levi Garrison was about to fight his life and die with him.

This is a vicious technique of taboo art, a move for forcibly changing one's life.

Levi Garrison is crazy!

Everyone saw that Levi Garrison was crazy, but they were helpless.

“Boom!”

...

Levi Garrison suddenly stuck to Lucifer.

Lucifer couldn't get rid of it at all, and slammed Levi Garrison's body with a blow. Levi Garrison's blood splashed, but he just didn't let go.

“Bang!”

“Bang!”

.....

Levi Garrison suddenly exploded blood holes one after another, but Lucifer would also have one more blood hole correspondingly.

Life for life! ! !

Levi Garrison wanted to change Lucifer away with his last breath...

“Bangbang...”

Everything happened between the flashes of lightning, and everyone had no time to react.

Levi Garrison and Lucifer have fallen.

Blood holes appeared in their bodies.

A smile appeared at the corner of Levi Garrison's mouth, and he succeeded.

Lucifer was replaced at the end of his life.

Worth it! ! !

This is the last thing he can do!

" King's Landing!!!"

"Lucifer!!!"

Li Chengmin and the clown emperor shouted one after another.

Levi Garrison didn't wake up after falling to the ground, and Lucifer was the same.

Levi Garrison desperately used the taboo technique to be so terrifying!

“Levi Garrison is dead, and Lucifer...” The

clown emperor reported the news to the man in the suit.

“Trash! A bunch of trash! Levi Garrison is like that, can he still kill Lucifer? What did you eat??”

Opposite Lei Ting was furious.

“Wait, let me see how far Lucifer is? Huh? There is hope! Hurry up and bring Lucifer back, he can be saved! Levi Garrison is dying!”

said the man in the suit.

The Great Clown and the others took Lucifer and left without even looking at Levi Garrison and the others.

“Sanxing Group will wait until later to deal with it! Save Lucifer first!”

...the

ruins are all over.

Only Li Chengmin, who was crying, and Levi Garrison, who couldn't wake up anymore, were left.

Levi Garrison closed his eyes and raised the corners of his mouth.

At the last moment, he was smiling.

But he didn't expect it anyway.

After Lucifer was brought back to the laboratory of the gods, the man in a suit directly handed him over to the most terrifying doctor in the laboratory of the gods.

After which a check is completed, sneered "For you, he really died, but for me he is still alive! Even dead, I can transform back! Let him another way to live!"

This The man in the suit said that if Richard's body were there, he could really save him.

Even if it can't be saved, it will let him live in another way.

This is the doctor who personally created the god-making plan!

He is horrible!

too strong!

This was something Levi Garrison could not predict.

Lucifer, who was desperately killed, was rescued.

As for Levi Garrison, Li Chengmin hurriedly let people check to make sure that he was breathless. Unlike the suspended animation on Golden Harbor Island, this time he went to die for the same...

-

Levi Garrison is dead!

Recall that this news was during the Battle of Golden Harbor Island half a year ago!

It caused a huge sensation at the time!

Erudia wailed up and down!

The enemy is happy!

But now that the news of Levi Garrison's death has appeared again!

-

what's the situation?

Levi Garrison is dead?

Didn't Levi Garrison die long ago?

-

Why is there still news now?

Soon a series of news came out!

Levi Garrison did not die in the First World War on Golden Harbor Island. He was a fake death and deceived everyone.

Then the news continued.

The guardianship of the Erudia Sun Stone and the destruction of the bases of the Gods Laboratory around the world, until the recent killings of Richard and the major spokespersons were all done by Levi Garrison.

It's all Levi Garrison!!!

After knowing the truth, the parties shook.

It turned out that Levi Garrison didn't die, but guarded Erudia secretly.

He has been fighting against Richard!

The major gods and generals of Tiance Mansion also understood.

Why do some people say that they are not as good as Levi Garrison?

Why did Tianji Pavilion ask them to save people at the last moment?

It turns out he is Levi Garrison!

But what's the situation now?

Soon everyone learned that the strong in the Lab of the Gods suddenly returned to the star country to kill Levi Garrison by surprise.

Under the circumstances of being poisoned and besieged by the masters, Levi Garrison finally lost to death.

But in the end, he died with a strong man.

...

Many people almost fainted when they knew about Qinglong.

I thought he was safe.

Knowing that he is Levi Garrison.

But everything is too late.

Li Chengmin cried loudly.

She didn't care about Sanxing Group's accusations.

Now that Sanxing Group discovered that she was hiding Levi Garrison privately, this was a felony.

But she only hopes that Levi Garrison is alive, nothing else matters.

The senior management of Sanxing Group decided to destroy Levi Garrison's body, and Li Chengmin was also forcibly separated.

But after a dazed effort, one person appeared.

"He, you can't move!"

Soon, under their noses, Levi Garrison disappeared, and this person also disappeared.

"What's the situation? What's the situation?"

Everyone only felt very dreamy, and Levi Garrison disappeared without seeing one person.

It was not someone else who took Levi Garrison away, but Huoyun Cthulhu.

After he learned the news of Richard's death, he has been paying attention to Levi Garrison.

Knowing that Levi Garrison was safe, he also left, but what he didn't expect was that the Lab of the Gods returned and killed him.

"You can't die!"

Looking at Levi Garrison's body, Huo Yun Cthulhu was anxious.

After a while, a group of people hurriedly arrived.

Ancient races and forces!

They arrived immediately after receiving the notice from the Huoyun Cthulhu.

"Yes... is it him?" The

crowd swallowed fiercely, looking at Levi Garrison uncertainly.

"You can find something on him!"

Huoyun Cthulhu said that someone carefully searched for Levi Garrison.

Soon the black token was searched out.

"Puff!"

"Puff!"

...

Seeing the black token, everyone fell to the ground one by one.

All tears filled their eyes and wept with joy.

This token means too much to them.

If you hold this token, even if these people are allowed to die, they will have no hesitation.

“Really! It’s confirmed this time! Really!”

everyone shouted excitedly.

“Save him! Must save him!”

Huo Yun Cthulhu shouted.

“Yes! We must save him! Even if we exhaust all the means, we must save him!”

“In a word, even if all of us are dead, he can’t die!”

...

Levi Garrison's condition made these people crazy. .

They will do everything possible to make Levi Garrison come alive.

Just do it!

Everyone started to take action.

"Huh? Strange! He..."

Someone soon discovered the problem.

"What's the matter? What's the matter?" Everyone gathered around. "Impossible!!!"

the person exclaimed.

He comes from an ancient race and is good at magical medicine.

"What's wrong??"

Everyone became more and more puzzled.

"He was obviously dead just now, and now he has a breath, and his body is recovering on his own!"

-

This person looked in astonishment.

It looked like a ghost.

“Impossible!”

-

Others were also shocked. “Doesn’t that mean you didn’t die at all?”

Hearing this news, everyone cried with joy.

“It’s great, it’s great!”

The man continued to shout, “Something’s wrong, something’s wrong, this is terrible! He is not only recovering, but also recovering like a phoenix nirvana! He seems to be stronger and more terrifying!”

Everyone feels carefully. write.

The aura on Levi Garrison’s body is indeed getting more terrifying!

Is there such a thing? ? ?

If you don’t die, can you recover?

Is it stronger?

Who is going to make sense!

...

“What’s the situation?”

Everyone is well-informed, can you tell me what this is?” Everyone was puzzled.

“Forbidden art! It’s the reason why he used the forbidden art!”

“Yes, I heard that Mr. Forbidden art has a spell that all ends together! It

is only used when you are on the verge of the most dangerous moment!

But it seems that this taboo technique does not end up at the same time! It is just testing whether you have the determination to truly die with others! Most people dare not try it easily! After all, there is no such courage!

But once you try it, you don’t actually end up all together! And a taboo technique for Nirvana rebirth! “

This person glanced at Levi Garrison. "Now it looks like this is really the case!" "

That's great!" It's great that he can live! "

...

Lucifer was not dead, everyone didn't expect it. But

Levi Garrison was not dead, and everyone didn't expect it. In

front of the attic of Tiance Mansion's Tianji Pavilion.

Several great gods were kneeling.

"Sir, you know Levi Garrison a long time ago. Are you still alive? "

They asked.

" Yes. "

Then why didn't you tell us earlier?" "The

great gods will be very puzzled. An

angry voice came from the attic of the Tianji Pavilion, "I need to explain to you when I wait to do something?" "Do

n't dare, don't dare!" The juniors are just wondering! "The

great gods immediately changed their expressions.

Whatever they want, even the gods can't intervene, let alone them.

"Senior, the news just came that Levi Garrison is really dead, the Gods Lab... "

Soon, everyone passed the news to Tianji Pavilion.

"We already knew it!" This is his destiny, let him go! I'm just waiting for Erudia to have more such characters! "

In addition, did you see the Lab of the Gods this time, right?" very horrifying! "

Be more prepared, you are too far behind!" We don't want to wipe too much ass! "

The great gods will tremble with fear, "Understand, understand!"

After the great gods will leave.

The voices of several old men in the attic of Tianji Pavilion echoed.

"Forbidden technique! Reappeared!"

“Will he die?”

“Difficult, hard!”

...in the

laboratory of the gods.

“The ancient ethnic forces are active, what makes them like this?”

asked the clown emperor.

“Well, I also found out that the old guys I knew before have come out to breathe! It’s not easy!”

“The news of these guys is not easy to find! One by one is tight-lipped! They won’t reveal it at all!” The

man in the suit sighed. “So we have to hurry up! Hurry up and get the upper hand and control everything in our hands!” The

clown emperor was silent.

What the people in front of me are talking about are the future plans of the Lab of the Gods.

This is the real secret.

The secret is what the gods’ laboratory is going to do? ? ?

“Come on, I’ll arrange a task for you, and do it right away!” The man in the suit suddenly thought of something and arranged a task for the clown emperor.

-

The clown emperor left immediately after receiving the task.

News came from the laboratory soon after.

Lucifer was rescued and returned.

The doctor took action.

Lucifer was rescued abruptly.

The man in the suit showed a smile: “If he takes action, there is nothing that can’t be saved!”

-

“Well, I’m starting to work on my plan!” The

man in the suit no longer pays attention to other things.

I don't know what the future plans of the Gods Lab are.

-

In short, it's crazy.

...

"Huh?"

"Am I still alive???"

Not long after, Levi Garrison woke up.

Not only that, he found that his physique changed and strengthened again, and his strength also increased.

wrong!

It's a taboo technique!

He immediately thought of the taboo technique of dying together!

That's not going to die together!

Just let you use it in times of crisis, more precisely, it is an unbreakable taboo technique.

It turns out that there is a hidden mystery in this taboo technique.

Of course Levi Garrison is excited to be alive.

“I’m still alive! Even I didn’t expect it! Haha...”

Levi Garrison laughed out loud for a moment,

as if everything was clear.

At this moment, he knew how reluctant he was to bear his mother, child, wife, and them.

And those brothers...

“Huh? Someone outside???”

Levi Garrison noticed someone outside.

When he opened the door, he was taken aback by the scene before him.

Because there were hundreds of people kneeling outside the room.

What’s happening here?

Levi Garrison was dumbfounded.

“You are...”

Levi Garrison couldn't help asking.

“I'll be here as early as possible, waiting for you to wake up!”

everyone said together.

“Waiting for me to wake up? So you saved me?”

Levi Garrison asked.

“No, we're just trying our best! The main thing is you, sir! To be exact, it has something to do with your husband's use of taboos!”

Someone said below.

Levi Garrison was shocked.

Even the taboo technique is known.

Could it be that the trouble of running out of taboos that Master said is coming?

“Who are you?”

Levi Garrison asked curiously.

But these people are not enemies.

Otherwise he won't live.

This group of people will not guard here!

"Sir, let's ask you first, where did the black token on your body come from?" The

knelling hundreds of people raised their heads and stared at Levi Garrison curiously and nervously.

Levi Garrison replied: "My master gave it to me!" But

then Levi Garrison felt that something was wrong, and changed the conversation: "No, it should be said that I just treat him as a master. He never admits it, and doesn't like me like this. Call him!"

"Boom!!!"

Hearing Levi Garrison's answer, everyone knelt on the ground and kowtow.

"First worship-worship heaven and earth!"

“Second worship-worship God order!”

“Third worship-worship Mr. Bai!” The

crowd knocked three heads on the ground.

Levi Garrison understood that the second head was knocked to Master.

Is this all related to Master?

“This is...”

But he said that he just called Master himself, but he didn’t admit it.

“No, sir, he can pass the divine order to you, and give you the taboo technique! You are his disciple! Still the only one! He has never confiscated his disciple!”

“Yes, you are his descendant! ! This token alone is enough!”

“All of us recognize you! There are others also recognize you!”

... the

crowd said in a few words.

Levi Garrison also confirmed that these people came because of the master.

Know their identities even more.

Ancient forces from all over the world.

How old is it to say?

I have never heard of it before.

Some are so old that they are even comparable to the Erudia Baolong clan.

Existed for too long, too long.

But it goes back to the time when Tiance Mansion was established!

Even the time when Tiance Mansion was established was their younger brother.

“By the way, having said so much, where is my master sacred?”

-

This is Levi Garrison's curious question.

The reason why these ancient forces and races are so crazy is their master.

Everything about myself is given by the master.

He is too mysterious...

to this day, there are still all kinds of mysteries.

Especially seeing these ancient races and forces rushing crazy, this made Levi Garrison even more curious.

-

Obviously these people know the identity of the master.

"Sir, don't you know??"

Everyone looked at Levi Garrison in amazement.

-

"Master never told me his identity! I really don't know anything!"

Levi Garrison said.

Everyone looked at each other and couldn't help saying: "Yes! According to his character, it would be wrong to tell you."

"Mr. Actually, we don't know a lot! He is not something we mortals can know, nor dare to know. ! " "

he's a strange man! Back in my day, he is the same God exists! all of us in the presence of more or less got his grace! " "

Yes, if he did not, we would have this family Perished! He is the creation god of our clan!"

"The same is true for us! For many years, we have always wanted to see him again!"

"He is the lifelong belief of our clan! Our clan is worshipping him!"

...

Levi Garrison completely underestimated the madness of this group of people.

Whenever I mentioned Master, this group of people went crazy.

The point is that they worshipped the master as if they were a god.

I don't know what the master did.

Are these ancient races crazy to such an extent?

It's hard to imagine!

What kind of existence is Master in their time?

What level is it in your own time?

But after asking for a long time, I didn't get any important information.

Because the master is also very mysterious in the eyes of these people, and it can even be said that he passed by in a flash, leaving little things and impressions.

But everything is vital to these ancient races and affects them.

"Sir, do you know? We really want to call him master, but we are not qualified!"

"Let's put it this way, as long as he wants to take slaves and shout, those old guys in this world can fight for a few months, even one Years!"

"Want to be his servant, line up? Where

do we go!" "We can only call him a god!!!"

"There is no god in this world, but he is a god to us!"

...

Levi Garrison felt shocked again.

crazy!

All are crazy!

How strong are the men called gods by these ancient races?

“In fact, we shouldn’t call you a sir. You are the inheritor of God! But we dare to call you sir!”

“As for the specific situation of that person, you have to dig a little bit! I guess he didn’t explain to you. , I probably don’t want you to know too much, so get involved too much!”

...

The meaning of these people is very simple.

They also knew some things about Master, but they couldn’t tell, they had to rely on Levi Garrison to dig it out by himself.

But there is one thing, they will fully obey all the orders of Levi Garrison in the future.

As long as Levi Garrison has something to do, they will help immediately.

God order came out.

Quartet ancient tribe surrendered.

This is a good thing for Levi Garrison.

Today is also the tip of the iceberg of the real situation of Master.

Finally, the evil god Huoyun approached Levi Garrison.

“Please rest assured, Mrs. Zhou was rescued by me and she is very safe. I can take you to see now!”

Huoyun evil god said.

“You are in the same vein as my practice. It seems that you are also related to the master! You deliberately let me go that day, did you find the token?”

Levi Garrison had already thought of everything.

Huoyun Cthulhu nodded: “That’s right.”

“Then tell me about your relationship with the master, I also really want to know your secrets.”

Levi Garrison asked.

-

Actually, Levi Garrison would like to know why Huoyun Cthulhu wanted to form the Black Sun organization?

Why target the Erudia martial arts world?

There are a few more words to let Richard unconditionally trust, why are these?

Why did it suddenly disappear in his time?

Everything is a mystery!

“In fact, sir...no, I am not qualified to call him appearing, God! God has the grace to recreate me!”

-

“Basically, like people outside, he is our creator God! He gave us Life!” The

Huoyun evil god was extremely excited when he mentioned Levi Garrison’s master.

That kind of reverence and awe and gratitude are carved in the bones.

-

Levi Garrison listened carefully without interrupting.

“Actually, I come from the Baolong clan!” The

words of Huoyun Cthulhu shocked Levi Garrison.

This...

he actually comes from the Baolong clan?

It’s so shocking!

Huoyun Cthulhu actually came from the Baolong clan? ? ?

I don’t know how many people are surprised when it spreads out!

“Go on!”

Levi Garrison couldn’t help stabilizing his emotions.

“The Baolong clan and the Tiance Mansion are stricter than you think. There are too many rules! In order to preserve the pure blood inheritance, they will never allow their members to marry foreigners! Otherwise, they will kill them!”

“My mother is a foreigner,” Or a secular ordinary person! I met and fell in love with my father and got me! But

according to the strict rules of Tiance Mansion and Baolong clan, my parents must die! Plus, my father’s lineage is only marginal, and there is nothing at all. Right to speak! My parents can only die...”

“They ruined everything about me, and even they want to get rid of me! My martial veins were abolished, and my veins were broken! At my most desperate moment, it was God who appeared and saved my life, and Pointed me!”

“This is what you know, sir-not breaking, not standing, and pursuing the ultimate strength and speed!”

This is why the Huoyun Cthulhu will use the same technique as Levi Garrison, and imitate him to frame him.

Sure enough, they are in the same vein!

“From then on, I vowed to make them pay! Let them know that I was wrong! So I started the era of evil gods that belonged to me, and there are 13 evil gods under my command! I want to be strong enough to threaten them, and strong enough to make them. Fear!”

Huo Yun Cthulhu’s face changed.

“But in the end, I found that my own power was insignificant in front of them! What is the era of evil gods, but people are not willing to take a look at you!

I have done so much, and I don’t even have the qualifications to let people take a look! What I have

Power can't hold anyone's finger!"

Levi Garrison asked, "That's why you disappeared?"

"Yes, that's right! I thought I was able to fight them, but I didn't expect to be as small as an ant in front of them. ! So I immediately disappeared and left Erudia!"

"However, Tiance Mansion and Baolong clan have always been my enemies, and I will not give up! I have been trying to make myself stronger for the past few years, strong enough to fight them!"

Levi Garrison looked at him indifferently: "So you established the Black Sun Organization to target the Erudia Martial Arts Realm, and framed me to cause civil turmoil, all for revenge?"

Huo Yun Cthulhu looked guilty: "Yes! They are too powerful." , I can only unite with other people to use conspiracy to strike and target!"

"That's why you and Richard and the others cooperated?"

Huoyun Cthulhu nodded, "Yes, I can't rely on myself, I can only rely on Richard. Delai fulfills my dream! Because Tiance Mansion is my enemy, Richard has no doubt about my cooperation with him!"

"I did help Richard a lot during this period! Including watching the Tiance Mansion and their movements! This may be difficult for others! But it is easy for me, because I know them!"

-

This is why the Fire Cloud Cthulhu was able to stare at the Tiance Mansion when Richard was

transporting the Sun Stone in Erudia.

...

Basically, Levi Garrison understood the secret of Huoyun Cthulhu.

It's actually very simple.

Huoyun Cthulhu wants to take revenge...

"You're right to take revenge ! But it's not right for you to hurt the innocent! If it weren't for my special status, you would still not stop!"

-

Levi Garrison said.

Huo Yun Cthulhu listened obediently.

"From now on, I will not stop you for revenge, but if you hurt the innocent and threaten Erudia, I will definitely kill you!"

-

Levi Garrison said.

Huoyun Cthulhu nodded.

He was willing to let Levi Garrison let him die only by the kindness of that person.

“By the way, where is this?”

Levi Garrison asked after talking with Huoyun Cthulhu.

“Mister, this is still in Star Country, we haven’t left!”

Huo Yun Cthulhu replied.

Levi Garrison smiled helplessly.

It seems that everyone now uses the Star Country as a base.

Fights and troubles are all here.

It’s absolutely absolutely.

After Levi Garrison was alive this time, he planned to go back to see the child’s mother and them.

As for Zoey, Levi Garrison also knows where she is now.

The Bible Organization!

According to the people of Underworld God, Zoey is safe now.

After watching his mother and Levilia, Levi Garrison will go and pick up Zoey.

Under the leadership of Huoyun Cthulhu, Levi Garrison saw his mother.

“Go, mom, let’s see Levilia!”

No one doesn’t want her daughter.

Levi Garrison wanted very much.

But according to the current situation, in fact, Levilia is the safest in Tiance Mansion.

She was guarded by a group of ancestors, and she had no worries all her life.

And with her talent, under the guidance of this group of ancestors, it is estimated that Levilia will be able to be alone when she comes out of the mountain.

This is why Levi Garrison never disturbs Levilia.

But after this “death”, he missed it so much.

You have to take a look at Levilia.

But where is Tiance Mansion?

How can Levi Garrison see Levilia?

Others may not know.

But Huoyun Cthulhu is here!

He used to belong to the Baolong clan of Tiance Mansion.

Even marginal figures.

But I must know where.

Tiance House.

The strongest Guwu institution in Erudia!

Not only is Erudia's highest combat power, but also where Erudia's many secrets are located.

It is also a mysterious place to the extreme, comparable to the 51 Special Zone of the War Eagle Nation and the headquarters of the Gods Laboratory and so on!

These places hide the great secrets of the War Eagle Nation.

It may affect the whole world...

but the world only knows that there is this place, but they don't know where it is.

The same goes for Tiance Mansion and Baolong clan.

There are other countries and other forces who don't know how many years they have been searching, and they have never found it.

Now Levi Garrison stepped into the Tiance Mansion.

He was taken aback.

A town full of modern technology appeared before his eyes!

In his impression, Tiance Mansion should be an ancient mansion or something.

Ancient buildings are everywhere.

But all this subverted Levi Garrison's imagination.

The location of Tiance Mansion turned out to be a modern style!

totally unexpected!

It seems that Tiance Mansion is not completely divorced from the modern world, let alone concealed from the world.

They are always staring at the changes in Erudia.

I am afraid that the strong inside are also the combination of ancient martial arts and modern technology.

It can even be said that Erudia's strongest modern technology is also in their hands.

They control the strongest combat power!

Has been in control, whether it is the past, the present, or even the future.

Huo Yun Cthulhu saw the strangeness of Levi Garrison, and couldn't help saying, "Mr. See it, this is the power of Tiance Mansion! No one can know how strong they are!"

Standing at the gate of Tiance Mansion.

Levi Garrison stepped on the ground, "Levi Garrison is here to visit!"

-

The language is not surprising and endless.

Levi Garrison shouted in this voice.

The entire Tiance Mansion was shocked.

Levi Garrison?

The name of the person, the shadow of the tree.

Who is Levi Garrison?

-

Even everyone in Tiance Mansion has heard of it.

Even the seniors of Tianji Pavilion said that you are not as good as Levi Garrison.

So when the name came out, everyone in Tiance Mansion was shocked.

-

Isn't the key that Levi Garrison is dead?

How could he still be alive?

Dead again and again, why are you still alive?

Also found Tiance Mansion.

Soon the strong of Tiance Mansion appeared one after another.

Among them were some people Levi Garrison had met before, but they were all marginal figures in Tiance Mansion.

The real Tiance Mansion also came after hearing the news.

Here are the four great generals who are currently coordinating the overall situation.

In fact, there are twelve great generals in Tiance Mansion, arranged according to the zodiac signs.

The four great gods who came are the tiger head god, the horse head god, the monkey head god, and the dog head god.

These are the twelve powers besides the helm of Quetian Ce Mansion.

“Levi Garrison?? Are you still alive? How could it be possible? Didn’t you die with Lucifer in the Lab of the Gods?”

Seeing Levi Garrison alive, everyone was extremely shocked.

Levi Garrison smiled, “No way, Lord Yan won’t accept me!”

“You? Fire Cloud Cthulhu! Presumptuous, you dare to come here?”

Soon everyone in Tiance Mansion locked the Huoyun Cthulhu next to him.

The reason why Huoyun Cthulhu can get away with it.

It was not that Tiance Mansion was unable to handle him, but that he was far from qualified to let them pay attention and specifically arrest him.

But you are here directly.

Everyone in Tiance Mansion was extremely angry.

“No wonder you can find here, it turned out to be you!”

Everyone quickly understood why Levi Garrison could come here.

The Huoyun Cthulhu stared at them, his fists clenched.

Levi Garrison hurriedly said, “Today is my business, it has nothing to do with them!”

Everyone focused on Levi Garrison, “What’s the matter with you?”

“I’m here to see my daughter!”

Levi Garrison said.

Emma was even more eager.

It's been a long time since I saw my granddaughter.

Horse Head God will directly refuse, "Non-Tiance Mansion personnel are not allowed to enter! Please go back!"

Tiger Head God will even say, "No! The address of Tiance Mansion has been exposed! They want to leave so easily!

" They have to wash away the memories in their minds! Sign a series of agreements! As for him, kill him without mercy!" The

Tiger Head will stare at the Fire Cloud Cthulhu.

Today he personally delivered it to the door, and they will not let it go.

"What? I came to see my daughter, can't it?"

Levi Garrison heard a little angrily.

When I see my daughter, I have to get their consent.

"Today, I will see my daughter no matter what! And he is with me, whoever dares to move him is to be my enemy, Levi Garrison!"

Levi Garrison glanced at the four gods.

Now Huoyun Cthulhu has completely listened to him, and will serve Erudia in the future.

Such a character was killed here, what's the matter?

Levi Garrison's simple words angered everyone in Tiance Mansion, and even provoked Tiance Mansion.

"According to what you said, you can't even let you in!"

Tiger Head was also angry.

"First, Tiance Mansion is not your home. If you want to enter, just enter and leave if you want!"

"Secondly, your child is the top secret of Tiance Mansion

. You can't see anything!" "Third, you dare to protect He is the enemy of Tiance Mansion!" The

other people also said coldly, "Listen to us, quickly wash away the memory and leave, we don't embarrass you mother and son! Of course, it depends on Levilia's face!"

"If it's something else ! Don't even think about leaving! You should do it yourself!" The

implication is simple.

Levi Garrison don't want to take the initiative to see Levilia in this life.

Levi Garrison went even more horizontally, "Then what if I have to see it today?"

-

If you are polite to Levi Garrison, he will also be polite to you.

But you have to cross with him, he is even more cross than you!

What happened to Tiance Mansion?

Everyone in Tiance Mansion didn't expect Levi Garrison to be so mad... he

didn't even put Tiance Mansion in his eyes.

Also instantly angered the four great generals.

-

Dare to provoke in Tiance Mansion and kill without mercy!

"Kill!" The

most hot-tempered Tiger Head God slammed Levi Garrison with a furious punch.

-

The world changed color under a punch.

In a small space, everyone knows how terrifying this punch is.

Under his control, the power of this punch will only explode in this tiny space, and will never spread to other areas.

It's not scary to hit a lethal explosion, the scary thing is that he can control it!

Control the lethality within this extremely small range.

Neither Levi Garrison nor Huoyun Evil God had seen this move before.

Worthy of being Tiance Mansion!

They are really strong!

It's just that I don't want to expose his hole cards!

Now the Tiger Head God General's punch is enough to explain how strong Tiance Mansion is.

The eyes of the evil god Huoyun were about to fly out.

too strong!

Terrible sense of oppression!

He is now an ant in the eyes of Tiance Mansion, let alone a long time ago.

The tiger head god will now be able to crush him with this punch.

He didn't even have a chance to fight back!

He was too naive before.

Feeling the danger coming, the three of them already felt the breath of this punch in the small space.

That terrifying breath is like a hot flame about to melt people away.

Emma feels the strongest!

That is deathly suffocation!

The tiger head god will want several people to die.

One shot is an extinction killer move!

Levi Garrison was the only one in the field who didn't rush at all.

"Boom!"

He also slammed up with a punch.

"Bang!" There was

a dull sound.

The movement was not big, just because both of them controlled it.

Control all power in a small space.

Will not make too much noise.

But with a punch, Levi Garrison had nothing to do.

Easily resolve this punch by the Tiger Head God.

The audience was shocked!

This is the head of the tiger!

Among the twelve great generals, the force value is the first few.

It is also extremely terrifying in Tiance Mansion.

He is a top killer when he shoots.

It was easily blocked by someone.

This is incredible!!!

For a long time, even though the outside world has taught Levi Garrison how to be a god, savior and the like.

But everyone in Tiance Mansion didn't take them seriously.

It's not that they hold high.

Mainly, they have always existed like gods.

No matter how powerful Levi Garrison is, they can only be human.

Some miracles that people do are routine operations in the hands of gods like them.

So no one saw Levi Garrison in his eyes.

Especially some people say that Tiance Mansion is not as good as Levi Garrison.

This makes them angry and even resentful.

Seeing Levi Garrison here today, many people are actually quite cool.

Because finally had the opportunity to teach Levi Garrison a lesson, let the world know how powerful Tiance Mansion is.

Let everyone know that Levi Garrison is vulnerable.

In particular, Levi Garrison angered Tiance Mansion and made everyone more excited.

Sure enough, in the end, the tiger head will make a move.

But the result?

He was easily stopped by Levi Garrison.

Incredible!

It turns out that mortals can really challenge God?

So Levi Garrison is really so strong?

This is still skipping the too many powerhouses in Tiance Mansion, and directly doing it with the gods.

Shock!

The complexion of the four great gods also changed drastically one after another.

This this... the

tiger head will be crazy.

For him, it was a shame to him not to beat Levi Garrison to death with one punch!

Now it has been taken over.

The Tiger Head God General has become angry!

“You’re looking for death!!!”

Tiger Head God will roar.

He wants to show his true strength to wash away the shame!

Levi Garrison must die!

“I’m going to see my daughter today, whoever stops me, I will do it!”

Levi Garrison was also angry.

-

The battle between the two sides is about to start!

Either you die or I die!

Today is the busiest day in Tiance Mansion in such a long time!

A worldly mortal came and directly challenged the gods!

It's incredible!

Many people looked at the tiger head god general with admiration.

-

Today I was fortunate enough to see him really make a move...

Both sides came hard, it must be Mars hitting the earth.

But just at the very moment, a voice came-let him in!

-

“Boom...”

This sound almost didn't scare the Tiger Head God General to the ground.

Female ancestor!

Who would dare to mess with this?

The other three great generals and everyone also changed colors.

This person has spoken.

Who would dare to stop?

Everyone automatically gave way.

Let the three of Levi Garrison enter.

Soon Levi Garrison saw Levilia.

I haven't seen him for a long time, Levilia has grown up a lot, and his body is even more ethereal.

Like a little fairy.

The most terrifying thing is the strength of Levilia.

How did it become so strong? ? ?

Both Levi Garrison and Huoyun Cthulhu were dumbfounded.

How can a child be so strong?

Is this the strongest talent plus Tiance Mansion?

All the elements are mixed together to create such a powerful existence!

“Dad, several masters have said that when Levilia comes out, it will be the time when the world is invincible!”

Levilia said to Levi Garrison proudly.

If other children say such things, they would laugh out loud.

But this is Levilia.

No one doubted her words!

“Dad, mom and grandpa, why didn’t they come?”

Levilia asked curiously.

Although she is very sensible, she misses her family very much.

“Mom has something for the time being, I will take them to see you next time!”

Levi Garrison held Levilia tightly in his arms.

This child has suffered too much!

Other children of the same age are in kindergarten and have a carefree childhood.

But Levilia is different!

Practicing martial arts here, suffer from the hardship that an adult can't eat!

Her identity is different, she wants to carry more.

Emma was already crying in silence.

There were also tears in Levi Garrison's eyes.

“Levilia, do you hate mom and dad?”

Levi Garrison asked.

Levilia shook his head, “No, Levilia knows that Mom and Dad are doing great things! Levilia wants to help you too!”

“Grandma, Dad, don’t worry, Levilia will be very good! But you should always visit Levilia. , Otherwise Levilia will miss you!”

Hearing this, Levi Garrison raised his head, not letting tears flow out.

The more sensible Levilia is, the more distressed he is.

Soon after, several of Levilia’s masters all came.

Among them is the grumpy female ancestor! ! !

Seeing her, the great gods and others all disappeared, avoiding them far away.

I was afraid to provoke her.

Seeing Levi Garrison, the female ancestor said, “Last time I knew you were...”

Levi Garrison was shocked.

He knew that the female ancestor was referring to the last time she swept through Li Songkui and other pure energy bodies, when Levi Garrison was in the dark.

Originally he was going to make a move, but he didn't expect the female ancestor to come.

It turns out that the female ancestor had long discovered that she was in the dark.

fear!!!

Looking at the female ancestor and Levilia's other masters, Levi Garrison was horrified.

These ancestors are too strong, right?

I don't know what level the master is?

Is it equal to them or above them?

In this regard, Levi Garrison was very curious.

"You are very good! But Levilia, you can't take it away! We have the final say when she leaves!"

said the female ancestor domineeringly.

Levi Garrison smiled, "Senior, I didn't plan to take Levilia away, Levilia is the safest here! I don't worry!"
The

female ancestor nodded approvingly, "Is a smart person! Unlike those people!"

Levi Garrison hesitated. ,

Said , “Senior, I have a request!” “Say!”

-

Can my mother stay here, take care of Levilia’s daily life, and be with Levilia!”

Levi Garrison said.

Levilia is too lonely alone, and his mother is also lonely outside, and there is danger.

It’s better to take care of Levilia here and kill two birds with one stone.

“Okay, no problem! Little things!” The

female ancestor agreed.

-

Levilia and Emma both smiled.

“Grandma can accompany me every day, I hope my parents will also accompany Levilia...”

Levilia looked at Levi Garrison eagerly.

-

“Levilia don’t worry, when Dad finishes his work, he will definitely come back to accompany you! And bring mom and grandma to all of them!”

Levi Garrison promised.

Levilia immediately smiled: “Daddy is sure, but you can’t lie to Levilia!”

...

Levi Garrison didn’t stay long in Tiance Mansion, and he was about to leave soon.

After all, he is not an insider of Tiance Mansion.

Can’t stay for too long.

Finally, Levi Garrison left with Huoyun Cthulhu.

“No one can touch the two of them!”

This was an order from the female ancestor herself.

Wait until the two are far away.

A voice came from the Tianji Pavilion.

“Heaven is really going to change this time! This little guy will disturb the situation!”

“His identity is revealed, everyone can’t sit still! It’s wonderful!”

“I don’t know if we can bear it... “

The little guy in their mouth is not Levilia, but Levi Garrison.

Soon the tiger head god will wait for the four gods to be summoned in front of the Tianji Pavilion attic.

...

“We have to prepare early! The handsome man is still in retreat! Even I can’t detect where he is!”

” I have to find a person to preside over the overall situation!”

The old man in the Tianji Pavilion quickly explained the matter. And requested that Tiance Mansion needs a person to preside over the overall situation.

The tiger head god general immediately said: “The god commander is not there, in fact, there are

several big god generals who can preside over the overall situation. But the dragon head god general and several people are also retreating! But I have a personal choice-the son of the god commander-the young commander of the sky can barely be able to do so.

Take it !” “He should be in the depths of the Northern Icefield at this moment? Let him go out!” A

voice came from inside.

“Yes! Where is he going to retreat for thirty years! It is still three years away!”

“Let him leave early! Come back to preside over the overall situation!”

“Understand!”

“There are also gods and other masters who can be contacted. Something big is about to happen! It’s even a matter of life and death!”

Hearing the words of the predecessors of Tianji Pavilion, several great gods would be shocked in a cold sweat.

What exactly is going to happen.

How about making such a big move? ? ?

To put it bluntly, the current Tiance Mansion is actually a bit imaginary.

In addition to the four great generals and some masters.

The rest of the strong are either in retreat, or can't meet at all and don't know where they are.

But as soon as the Tianji Pavilion's order came out, it was to return all the strong.

This is a big move.

...

Levi Garrison couldn't even think of it himself, just because he came to Tiance Mansion once would cause such a big event.

But this is just the beginning.

There is a chain reaction everywhere.

He was on the way to find the Bible organization with Huoyun Cthulhu. He didn't know that a series of things had happened.

somewhere.

"The order of the gods has appeared! Someone has used the taboo technique! We have to do it too! Obliterate everything!" The

trouble is coming!

Here comes the real trouble!

Levi Garrison is in big trouble after using the taboo.

This is also the reason why the master did not allow Levi Garrison to use the taboo technique as a last resort.

Once used, they come.

Levi Garrison faces a greater crisis!

At this moment, the Great Clown appeared in the tomb area on the outskirts of the Sunburst Empire in Western Continent.

Eerie and infiltrating.

Even if the sun is in the sky.

It's also scary.

After the great clown arrived, he even excavated in this tomb area.

He dug up almost several tombs the size of a football field.

He is still digging deep.

I don't know what I'm looking for...

-

This is the task that the man in suit gave to the clown emperor. After receiving it, he rushed here non-stop.

After some searching, the position was finally locked.

Dig here.

Soon the great clown emptied the entire tomb area.

All collapsed directly.

But I haven't found what the clown emperor wants.

-

The clown emperor digs deeper and has been digging to a depth of hundreds of meters.

It was getting more and more gloomy inside, and a horrible breath was spreading.

What is even more bizarre is that when the bright sun is in the sky, it suddenly turns into a cloudy sky with dark clouds.

-

From a distance, the cloud seemed to be stained with a strange red.

It's like blood.

Creepy and horrible!

Lightning rages from time to time.

But it just doesn't rain.

The bloody clouds cover the sky and the sun...

If it is according to Erudia folklore, it is an ominous omen.

There are absolutely bad things happening.

Facts have proved that this is indeed the case.

What the clown emperor did was not a good thing at all.

What he was looking for was originally a murderous thing!

When the excavation was nearly 200 meters, the underground turned out to be a small palace.

The temperature here is unimaginable.

Ordinary people have long been frozen into popsicles when they entered.

The breath here is terrifying to the extreme...

A bloodthirsty breath that soars to the sky permeates...

If it is released, it will definitely burst and cover.

There is nothing in the little palace.

Only a metal coffin is placed in the center.

This coffin is engraved with ancient text symbols, which is extremely strange.

Even though it is dilapidated and covered with dust a long time ago, it presents a kind of extreme danger.

Even if the Great Clown faced this coffin, he was a little bit scared in his heart.

He took a deep breath!

“This??”

When the clown emperor wanted to lift the coffin easily, his face changed drastically.

Because this metal coffin is unbelievably heavy.

Originally made of metal, the clown had already estimated that it was very heavy.

But the weight now is more than ten times that of this metal.

Where does this weight come from?

From what's in the coffin.

what exactly is it?

Will it be so heavy?

Unimaginable weight beyond common sense!

However, despite the weight of the metal coffin, the clown emperor finally carried it out abruptly.

After all, the Great Clown is a super power!

When the onlookers watched the Great Clown come out with a coffin, everyone was terrified.

They fled one after another... But what

no one noticed was that the gaseous matter emitted from the metal coffin was absorbed by everyone around.

At the same time, the breath of these people was absorbed by the coffin.

The breath of the two parties seemed to be exchanged.

It's just that one person is one person, and the other is the coffin.

After a minute, these people began to change.

Their faces were pained, their complexions grim, and their veins violent.

Everyone was struggling with their faces under their covers.

Soon they were pale and black, and they felt like a corpse.

In the end, blood flowed out from the eyes, nose and mouth, one by one fell down, and all died suddenly.

Blood stains appeared on his body, as if it had been corroded by burning.

The method of death was tragic and weird.

Everyone around was not spared.

All dead.

The most important thing is that the surrounding animals also died, the same way of death.

The great clown passed by carrying the coffin all the way, and people around him died in large areas.

He didn't do anything, it caused such a big lethality.

unimaginable.

But when he arrived at the designated place, he put the coffin in a car.

The great clown drove to the port.

After arriving at the port, the coffin was quietly loaded in a cruise ship.

This cruise ship is not a cargo ship.

It is a cruise ship on a popular tourist route.

The above is full of tourists from all over the world.

I don't know where the Great Clown is going to transport the coffin... The

most important thing is that the Great Clown is not on a cruise ship...

The people on the cruise ship don't even know what will happen...

-

The great clown did not leave the empire that the sun never sets.

Instead, he came to an old abandoned castle.

The castle was full of weeds, and crows stood on the bare branches.

The crow made a harsh sound, which made people feel flustered and terrified.

When the clown emperor stepped into the abandoned castle, countless bats flew out all over the sky.

At this moment, a blood moon hung in the air.

-

The blood moon seemed to be dripping blood.

Everything seems unusual.

Soon after, the clown emperor came out of the castle carrying a metal coffin.

-

It is basically the same as the previous one.

This time, the Great Clown transported the coffin to the airport.

Then he left again.

Go to an experimental base.

To be precise, it is a place guarded by countless ancient strong men.

After the great clown arrived, he started to kill.

Kill from start to finish.

Massacre the entire base.

It turned out that this experimental base was guarding a metal coffin.

However, unlike the previous two, this coffin was connected to a tube and directly connected to the coffin.

They are experimenting with the contents of the coffin.

But in the end he was taken away by the clown.

This coffin was sent directly to Golden Harbor Island in Erudia as a cargo.

The great clown did not stop.

He finally came to the northernmost area of Western Continent, where there are ice and snow, and ice fields everywhere.

He found another metal coffin deep in an ice field.

He carried the metal coffin and left step by step.

Finally, the metal coffin was thrown in the heart of the empire that never sets.

After doing all this, the Great Clown smiled: "Everything is under the control of the Lab of the Gods! Destroy it!!!" Then

he left contentedly.

Completed the task assigned to him by the man in the suit.

God knows what kind of disaster these four coffins will bring... The

cruise ship is sailing from the Empire of the Sun to the Kangaroo Country in the South.

This way will dock in many countries and regions.

After all, this is a tourist route.

The coffin was loaded in the cargo hold.

Soon after, several crew members came to check the cargo and check for leaks.

As soon as they entered the cabin, several crew members felt the eerie atmosphere and the extreme temperature.

“This...this is summer...”

Everyone couldn't help but shiver.

But they still count the goods.

“Boom boom boom...”

But at this time there was a dull noise in a place, and something was shaking vigorously.

Several people gathered together, their eyes locked on a huge wooden box.

It was shaking here.

“What’s in it? Is there a living thing?”

“And this box is not ours, right? I don’t remember it!”

...

Everyone was puzzled.

The bottom of my heart became more and more flustered.

“Go and open it!”

Several people pulled out their weapons, and one of them slowly stepped forward and tried to open the wooden box.

“Kacha!”

As the wooden box opened, a metal coffin was exposed in front of everyone.

Everyone was shocked.

When did a coffin appear here?

How is this going?

Everyone was frightened and sweated.

“Is it moving just now?”

Someone asked a terrifying question.

“This...”

“Immediately notify the captain and tell him the situation here!”

Everyone was about to leave.

At this moment, the metal coffin suddenly burst into a terrible suction.

All seven or eight crew members were sucked away.

“Papa, papa, papa...”

Seven or eight people were attracted to the metal coffin.

“Ah!!!”

...

They let out a scream. Their bodies quickly shriveled.

The blood was all absorbed by the coffin.

In the end, seven or eight mummified corpses fell to the ground, and their deaths were terrible, and the blood was sucked up.

“Boom...” The

coffin shook very badly.

The symbol above turned out to be dazzling after being injected with blood.

“Kacha!!!”

Finally, the coffin burst open...

-

The huge movement caused the entire cruise ship to shake.

Almost overturned!

The tourists on the cruise ship screamed.

“What’s the situation?” The

captain and crew panicked.

Although sailing on the sea, the sea is calm and there are no small waves.

-

How could there be such a big shaking?

“It seems that there is something wrong with the cargo compartment. Several colleagues have lost contact...”

“Go and see what’s going on?”

-

...

But dozens of people who went to inquire about the situation never came back, and there was no

feedback.

The captain and others panicked.

“Quick! Seal the cargo hold!!!” The

captain has rich experience, knowing that something is wrong with the cargo hold, and wants to seal the cargo hold immediately.

He led everyone to the cargo hold entrance.

At this time, a big smell of blood came.

It made everyone almost vomiting.

Just when the cabin was about to be sealed, something suddenly came out...

“Ah!!!” The

captain and the others screamed hysterically.

They seemed to see something terrifying.

“Ahhhhh!!!”

Then they kept screaming.

But this time the scream was not because of shock, but because of death...

Soon everyone who saw the contents of the coffin died.

The tourists are still trembling, they are waiting for the explanation given by the cruise ship.

What the hell was the shaking just now.

But in the end, he didn't wait for an explanation, and waited for his death.

Something terrifying appeared in front of them, and a cruise ship tourist was frightened and fleeing everywhere.

But the last one is not left.

All turned into

corpses ... Finally, the cruise ship carried the corpses to a small island in the southern continent...The

sun never sets at an international airport in the Empire.

In the aisles for baggage consignment.

A coffin appeared.

Everyone was surprised to find that they couldn't lift it at all, as if there were hundreds of tons.

I want to throw the coffin away, but I can't lift it.

But soon these staff members fell to the ground one by one, becoming mummified corpses.

Everyone didn't know what was going on...

The people who came to inquire about the situation soon died one by one.

.....It

was a small piece at first, and then spread rapidly.

The more deaths, the more.

Finally, the metal coffin burst.

The scary creature inside came out...

He rushed into the airport, and countless people fell.

More deaths are spreading.

This place has become a purgatory on earth

...

There is also a coffin placed in the central area of the sun never set empire, which also exploded after a period of time.

The contents also ran out.

Just right in the center, there are many people.

Massacres continue...

death.

Death is everywhere.

The sun never sets the empire has no idea what happened.

Still checking what is going on... I

don't know what the Great Clown brought out.

It's horrible.

When the cruise ship docked at the port of the small island according to the pre-set route, someone was still greeted in advance.

They couldn't contact the cruise ship in the first place.

As soon as the cruise ship docked, they immediately checked the cruise ship.

But this check was shocked.

The full cruise ship is all

corpses ... the corpses whose blood has been sucked up.

too terrifying!

But what they didn't know was that the nightmare had just come!

"Run! Run!"

Someone was alert and wanted to run ahead.

But in the next second, a terrifying breath came to his face.

"Ah!!!"

Then there was a scream.

Finally, the creatures in the coffin disembarked and landed on the island.

The result can be imagined.

There is no living mouth.

The whole island is reduced to hell.

There have been countless casualties...the

method of death is tragic, and they are all the same.

They all turned into mummies...

but some survivors fled immediately in a cruise ship.

What I don't know is that the terrorist creatures have also followed...

On the other side, Erudia Jingang Island.

The sky is gray.

This is dawn.

The goods sent by the empire that the sun never sets have arrived...

-

This shipment belongs to the gambling king's clan.

People from the family of gambling kings now receive goods at the port.

The cargo ships are all sealed, so there is no abnormality on the ships.

And because the goods are all ore and the like, the weight is very heavy.

So there is no doubt.

It's just heavier than the conventional one.

-

“Shipping back!!!”

Under the command, the goods were shipped back one by one.

For the time being, no clues were revealed.

-

Everything seems normal.

However, even though the news of the disaster that happened in the empire that never sets, the news was blocked again and again, it gradually spread.

After Levi Garrison and Huoyun Cthulhu left Tiance Mansion, they wanted to go to the Bible organization to find Zoey.

This time even the Huoyun Evil God shook his head.

Because I don't know where the Bible organization is.

"How can this be good?"

Huoyun Cthulhu bluntly said that the degree of mystery of the Bible organization may be no less than that of the Gods Lab.

"I have a way!"

Levi Garrison smiled.

The Fire Cloud Cthulhu immediately looked over.

"The Bible organization has always wanted me to join them. If the news that I am alive is released, they will definitely come to my door!"

Levi Garrison said.

“Yes, we don’t need to look for it ourselves, they will deliver it to the door personally!”

Huo Yun Cthulhu nodded.

What we need to do now is to let the Bible Organization know that Levi Garrison is still alive!

This matter was done by the Huoyun Cthulhu.

He wants to release news to the Bible organization through the dark web to let them know that Levi Garrison is still alive.

I have to say that the dark web is a magical existence.

So far, no one knows who is behind the dark web?

And the dark web knows everything...

So Huoyun Cthulhu can directly send news to the Bible organization, and no one else knows.

“Mister is done!”

“But I just got news that an unknown creature has attacked the Empire in the sun never set, causing disasters! There are countless casualties! I don’t know what it is...”

“It seems that there is news that it was installed in ancient Something in the coffin appeared...”

...

If it was before, Levi Garrison might be very curious about it.

But nothing is strange in the current era.

Especially the emergence of a group of ancient racial forces, there is no secret at all.

Levi Garrison didn't care much either, and sighed: “I just hope it wasn't because of the problems caused by the

use of Taboo ...” But he understood that it would be very difficult after using Taboo.

This is why he hurried to find Zoey.

It's best to send everyone related to him to Tiance Mansion.

This way he will have no worries.

“For his affairs, those ancient races know more! After all, I and them are not of the same era! I don't know what will happen... But as long as the husband gives an order, I am willing to go through fire and water!”

Huoyun evil god gave Levi Garrison Express your stance.

“Okay!”

“Now I’m waiting for the Bible organization to come and find me! Where would it be better to go? How about Golden Harbor Island!”

Levi Garrison decided to wait for the Bible organization to come on Golden Harbor Island.

After all, Golden Harbor Island is a bit cleaner.

Inside Erudia, it may cause unnecessary trouble.

now.

Located in a processing factory of the King of Gambling Family.

This ore material was shipped.

Soon the workers opened the sealed package, revealing large wooden boxes.

“Boom!”

A terrifying and cold breath came to his face.

Everyone couldn't help but shudder.

But everyone didn't care.

Remove all the outer wooden boxes.

The other boxes are normal.

Suddenly someone shouted: "Quick! Look here!"

Because the wooden box fell off, the metal coffin was exposed.

Everyone was shocked to see the metal coffin.

The processing plant

immediately notified the person in charge of the gambling king family... After the metal coffin was exposed, there was an abnormal movement...

Everyone still didn't know what was going on, someone wanted to take it away...

-

By the time the head of the gambling clan arrived here, the processing plant was already full of corpses.

But there is no trace of fighting...

These people have no blood, and they have become corpses.

too terrifying!

A coffin was placed in the field.

This surprised everyone.

-

“Stay away, there is a problem with the coffin! Immediately notify the gambler...”

These people reacted quickly.

But it's still slow.

-

They inhaled the gas leaking from the coffin.

Soon there was a corresponding change.

To the final death.

The processing plant is reduced to hell...

But fortunately, the processing plants of the gambling kings are all automated production, with very few people.

Otherwise, something big will definitely happen!

The gambling king and He Qingxue also came as soon as they received the news.

The monitoring in the processing plant was also called.

After seeing the strange death, everyone was dumbfounded.

coffin!

There is a problem with the coffin!

They suddenly thought of what happened in the empire that the sun never sets.

It seems to be because of the metal coffin!

Now the metal coffin has appeared on Golden Harbor Island...

“Grandpa, look!!!!”

He Qingxue suddenly exclaimed.

Because the metal coffin moved and shook sharply during the surveillance, the contents inside seemed to break free.

“Bang!” The

coffin was torn apart in an explosion.

The stuff inside came out! ! !

“Buzzing...”

“Zizizi...” But at

this time, there was a sound of electric current burning.

Snow flakes appeared on the monitoring screen, which was blurred.

“Pop!” In

the end, it turned black directly.

I can't see anything...

“No, the circuit in the processing plant is burned out! I don't know why...” At

this time, the news came and everyone was shocked.

The circuit is broken?

“It must have something to do with the things in the coffin! It may have affected the magnetic field and current...”

“Is there any news from the empire where the sun never sets? What is it?” The

gambling king was anxious.

“No, the sun never sets the empire to block the news! Resolutely not let you tell what it is...” The

gambling king sighed: “Immediately summon all the masters of Golden Harbor Island, including Kyushu Xuanzun! Hurry, hurry! This may be Golden Harbor. The disaster on the island!”

“We want to stop!!!”

... For

a while, all the masters of Golden Harbor Island gathered in the processing plant.

They are determined not to let anything happen to Golden Harbor Island!

No matter what is in the coffin, it is locked in the processing plant.

Don't let the contents cause disaster.

The gamblers are still very active.

All the people around the processing were evacuated for the first time...

and even no creatures could be seen within ten miles.

The next step is for them to solve the things inside.

The news of the appearance of the metal coffin also spread to Tiance Mansion Messiah and the others for the first time.

The guardians stationed on Golden Harbor Island also rushed to help them.

Messiah and Tiance Mansion attached great importance to this.

While blocking the news, directly dispatched masters.

Tiance Mansion is now different from before.

Don't worry about issues such as revealing the hole cards.

Those who came were all direct disciples of the four great generals, extremely strong.

Golden Harbor Island became the site of the outbreak.

Levi Garrison and Huoyun Evil God are also coming to Golden Port Island.

After receiving the news that Levi Garrison was still alive, the Bible organization once again sent the eighteen dark angels to Golden Harbor Island.

They are bound to take Levi Garrison back this time.

All of a sudden, the little Golden Harbor Island will have such a big wave.

the other side.

The clown emperor has returned to the laboratory of the gods.

The man in the suit smiled and said, "It's done well!"

"The three places have received feedback! The empire can't control the sun before setting!"

"Is there any news on Golden Harbor Island?" said the

clown.

"Just got the news that Erudia has blocked the Golden Harbor Island! It is estimated that something has

happened! Next we only need to watch a good show...Hahaha..." The

man in the suit laughed.

-

Aren't so many ancient races

showing up? I'll let them all out to see!" The man in the suit showed a sinister smile.

It seemed that everything was under his control.

The clown emperor smiled, and the front of the conversation turned: "By the way, what happened to Lucifer?"

"There is nothing that can't be saved in his hands! Lucifer is about to change when he comes alive this time!" The

man in the suit smiled.

-

The clown emperor sighed: "As expected of the scariest doctor! The design has participated in countless renovation plans!"

“Haha, Levi Garrison is dead! Want to die together? How could it be!” The

man in the suit smiled: “Yes, they saw It’s just the tip of the iceberg!” The

-

Great Clown also admired: “I didn’t expect that you even knew their whereabouts!”

“You still want to fight us! They don’t even know what we control...”

“That’s it. No one can stop the four coffins! I am looking forward to what will happen on Golden Harbor Island now!”

...

Golden Harbor Island processing plant.

All the powerhouses of Golden Harbor Island gathered in the periphery.

People including Xuanzun Kyushu are here.

After all, it is about the survival of Golden Harbor Island.

According to the major event that happened in the empire before the sun never sets, that is the catastrophe of extinction.

Everyone hopes that Golden Harbor Island is safe and secure.

All the strong men who can be named are here.

In addition to the guardians arranged by the Yanlong Guard of Tiance Mansion, everyone felt that the power was enough.

The gambling king and Kyushu Xuanzun and other big guys began to command: "Some people stay outside! One person goes in together!"

"Everyone gather together! Don't be scattered! Let's go in together!"

Under the leadership of Xuanzun Kyushu and other powerful people, hundreds of people entered together.

Thousands of people remained outside.

...The

whole processing plant has a problem with the circuit, and now it's dark and silent.

As soon as he entered, a pungent bloody smell came to his face.

Everyone was a little panicked.

I don't know why, this darkness gives everyone an inexplicable fear.

People always fear the unknown.

What's more, everyone knows that there is absolutely something terrifying in it.

It is impossible not to be afraid!

Quiet!

Quiet is a bit too much!

The magic masters of Xuanzun Kyushu carefully felt the breath.

But nothing was noticed... The

entire processing plant seemed to have no living creatures...

"Go ahead!"

Everyone continued to go deep and soon came to the interior of the processing plant.

It was very close to the place where the coffin was placed before.

Along the way, no one found anything.

It seems that there is no danger.

But the more so, the less everyone dare to take it lightly.

Everyone is extremely nervous, even the martial arts masters are also sweating coldly.

The unknown great horror is too scary.

If it is general, it is easy to deal with.

Then the empire had already dealt with it if the sun didn't set.

How about blocking all news so far...

"Everyone should be cautious, I feel like I'm around, maybe we have been targeted!"

Xuanzun Kyushu reminded.

His whole body is tense.

...At

this time, the people guarding the outside of the processing plant suddenly found out.

"Look at it!!!" When

everyone heard the voice, they looked in midair.

It's almost bright tomorrow.

But it turned black.

I don't know when it's dark.

Everyone even saw the blood moon hanging in the sky, as if dripping blood.

This, this...

Everyone was taken aback by the abnormal scene in front of us.

Something is about to happen...

"Everyone is careful, there may be

something wrong!" "Hurry up and remind the gambling king what happened here!"

... At

this time, Xuanzun Kyushu led everyone into the place where the coffin was placed not long ago.

“All cheer up!”

Kyushu Xuanzun reminded.

fear!

Everyone feels fear!

And the temperature here dropped suddenly, everyone couldn't help but shudder.

-
