“Indeed, we can’t just let this go! Otherwise, how would our Han Family be able to survive in Shanghai?” Han Fei said furiously.

Han Rui turned to walk out the door and gathered his bodyguards. “Prepare your men. We will be heading to Merlington Park!”

The bodyguards nodded their heads and turned to head out. Han Fei walked out and felt quite grateful in his heart to see his cousin standing by his side. They left the Han Residence and headed straight toward Merlington Park.

Meanwhile, Han Siyu, who was in the office had received a call from Ding Xuan. Tang Yin had arrived! When Han Siyu heard the news, her body almost

trembled in fright. She still vividly remembered the shock she experienced during the last two Tang Family Annual Meeting that she attended. The shock she experienced was tantamount to planting a nightmare in her mind.

“Prepare the car. We will be heading to Merlington Park this instant!” Han Siyu dropped all the work she had in her hands and rushed straight to the elevator. She had not forgotten the words that Han Qi specifically left right before she jumped off the shark feeding platform. *In the future, the Han Family will be centered on the Second Young Master!*

At this time, Tang Yin had just finished performing acupuncture therapy. He grasped Ding Xuan's wrist with one

hand and channeled all his Inner Energy to Ding Xuan. Back then, Hu Song had said it would take at least ten years for Tang Yin to help cure Ding Xuan's illness. Hu Song was able to make such a certain statement based on his own understanding of Inner Energy. Since Tang Yin had cultivated Xuan's minor illness.

"Remember to warm and nourish the energy for three days..." Tang Yin smiled and kept his silver needles, then turned to leave.

"Three days? Are you serious?" Ding Xuan's face was filled with happiness.

Tang Yin smiled and walked into the room without saying a word. Fu Yin blushed and poured a glass of water

and placed it next to Tang Yin. At this moment, Ding Xuan ran out of the room with his half-naked body. "Are you serious that it will only take me three days to heal?"

"That's right. You will get the best effect after three days! In fact, you should already have a reaction tonight, but I suggest that you try only after three days!" Tang Yin smiled.

"Got it!" Ding Xuan nodded and secretly glanced at Fu Ying.

Fu Ying turned her head to glare at Ding Xuan before she turned to run out of the room. It was a heart-warming scene to watch.

Ding Xuan dressed back into his clothes

and sat next to Tang Yin as he said sternly, "During my last conversation with Yuan Zhian, she told me to pay more attention to the situation in Southeast Asia!"

"Oh? There has been news from Southeast Asia recently?"

"Yes, we've received some news about them!" Ding Xuan still somewhat had a serious look when he was discussing business. "The software in Southeast Asia has recently taken a bit of action, and they've started to withdraw funds continuously. However, we are still unclear of their specific investments after they recoup those funds..."

"Specific investments..." Tang Yin raised his head and muttered softly.

“I’ve heard that Tang Ke has returned to Southeast Asia, and he has started to integrate the properties under the Tang Family. His plan is to take out the banner and work on them on his own!” Ding Xuan continued.

Tang Yin nodded, knowing that this was also inevitable. Although Tang Yin had obtained most of the properties under the Tang Family, Tang Ke was still the King of Properties in Southeast Asia. It was definitely not an easy task to take back those properties that belonged to the Tang Family.

“Several large companies in Southeast Asia have recently made some foolish decisions...” Ding Xuan was pouring out words.

Tang Yin nodded after some thoughts. It was not that these large companies made foolish decisions, but it was that they were all properties of the Tang Family. If they were to make a decision that could cause them harm, the company would face the situation of having to fall into bankruptcy and being an acquired enterprise. Ever since the withdrawal of funds by the Ruan Family, Tang Ke had been planning to put all the properties under his own name.

“If you didn’t come to Shanghai, I was ready to release my men to Southeast Asia for further development...” Ding Xuan took a sip of his drink and said softly to Tang Yin.

Tang Yin nodded. “Keep contact with Yuan Zhian frequently. She and Pei Ruo

should currently be planning on how they could put pressure on Southeast Asia!”

“Okay. I understand!” Ding Xuan said.

Just then, a servant walked in and said to Ding Xuan, “Mr. Ding, someone is here to pay you a visit. She claims to be Han Siyu from the Han Family...”

“Got it, let her in!” Tang Yin smiled and nodded. He did not expect Han Siyu to arrive so soon! It was good that Han Siyu arrived early as he could have a longer conversation with her to dispel any bad blood. The current Han Family was really badly frightened, and they could no longer be frightened in any way.

After a while, Han Siyu walked in lightly. As soon as she raised her head, she saw the man who had killed everyone on Tang Island. She thus immediately lowered her head and stood at a corner. Looking at Han Siyu's prudent actions, Tang Yin could only sigh and stood up to walk to her side. "Let's go out for a walk. There are things that I would like to talk to you about!"

"Sure!" Han Siyu became more respectful, but her heart was extremely nervous.

Tang Yin didn't know how to talk her out of it, so he asked softly as he went for a walk with her, "How did Aunt Han's funeral go? I wasn't able to attend because I had some things to handle back then!"

"It was very grand." Han Siyu lowered her head, not daring to speak loudly.

Tang Yin nodded and headed toward the exit.

Meanwhile, a fleet of cars stopped right outside the door. Han Rui and Han Fei got out of one of the cars and walked toward Merlington Park along with five bodyguards. "I've got someone to check on Merlington Park. It was said to be bought by a businessman from Wuhan. There's not a single big shot in it!" Han Fei said grimly. "Rui, this time, let's just head in and break the b\*stard's leg! We don't have to waste time spouting nonsense with him!"

"Don't worry, these men that I brought are all skillful. They would definitely not

make a fool out of themselves. We will leave this place after we beat them up, and we won't leave any evidence here..." Han Rui sneered and glanced back at the people behind him. "All of you, get your spirits high and fight with courage!"

"Don't you worry, Young Master!"

"Indeed, we are bolder than the sky..."

Everyone nodded their heads and seemed eager to fight.

"Let's go!" Han Rui waved his hand, and led the group of people into the door hurriedly. They knocked out the two security guards at the entrance, and the eight men entered the door in a single file.

“Over there...” As soon as Han Fei entered, he saw two figures in the distance. He was able to remember Tang Yin's appearance, and he recognized it immediately

“Let's go...” Han Rui waved his hand and sneered. “People who dare to lay a finger on my Han Family really need to be taught a lesson!”

The group of people walked quickly toward Tang Yin. However, Han Rui immediately stopped just after ten steps and turned sulky.

“Rui, what's the problem?”

“That woman over there... Is that Siyu?”
