

Chapter 21

Don quickly came back to his senses. He then smiled and tried to make it up. “It's nothing. The vice president asked me to have a drink together. I've got no time today. Hence, I rescheduled to meet up with him tomorrow.”

Everyone in the Zimmer family was shocked when they heard about it. The vice president of York Enterprise, asking Don to have a drink together?

Moreover, Don rejected him and even rescheduled it for tomorrow. He did have some status and face!

Everyone in the Zimmer family could not help but step forward and gather around

Don to please him.

At this time, a squeal of brakes could be heard from the gate of the villa. Several black commercial vehicles stopped at the gate.

Then, the car doors were pushed open. A dozen strong men got out of the cars carrying watermelon knives and baseball bats.

A wicked man wearing a white shirt was walking in the middle among those brawny men. It was the legendary Tyson Woods.

Meanwhile, he was holding a cigarette between his lips and did not light it up. Instead, he looked at the villa in front of him with interest.

“Brother Tyson!” Don ran all the way and

bowed to Tyson, who was leading the group of men. He also helped him light up the cigarette obligingly.

Tyson nodded. He then said as he walked, “Who bullied my classmate—Don?”

“It’s this fool, Brother Tyson. Take him down to the ground! Just save him a breath!” Don shouted.

At this moment, the entire Zimmer family was also shocked. Almost everyone stood up, and their eyes were full of admiration when they looked at Don.

Tyson Woods!

Don invited such a high-profile person in the society here!

He was not bragging!

Tyson Woods was a well-known figure in the streets of Niumhi. It was said that he was famous for using two watermelon knives to kill people. Such a character could not be invited easily by ordinary people!

Although the Zimmer family was a second-class family, there were still a few security personnel in the house. However, it was nothing if being compared to a man like Tyson Woods.

Tyson Woods was famous for being ruthless. It was believed that even those first-class families had to give him some face.

Harvey, the live-in son-in-law, was going to be in big trouble tonight. Even if he knew a little bit of Taichi, how could it be a big deal in front of Tyson? What a joke.

“Harvey, quickly go!” Mandy did not know what she was thinking at this moment. She suddenly stood up anxiously and spoke softly. 3

Chapter 22

Harvey glanced at Mandy in surprise.

Harvey initially felt that his wife had neglected him since the beginning and did not care about him at all. Thus, he never thought that she would care about his safety at this moment. His heart warmed up thinking of this.

However, Mandy did not notice the change of emotion in Harvey's mind. She was extremely nervous at this moment!

Who was this? This was Tyson Woods—the well-known Brother Tyson. Although she had not seen him in person, she had heard many people mentioning him.

Tyson Woods was said to be just a gangster a

few years ago, but then he was recruited, trained, and groomed by somebody.

Unexpectedly, he also fought his way out and finally made a name for himself in Niumhi.

Although Tyson had been in business and had become more restrained in the past two years, his reputation was still very powerful and intimidating where both the police and the triads had to give him some face.

Harvey—the live-in son-in-law, would come to a bad end if he dared to mess with Don in front of such a person. ①

“Hurry up and leave!” Mandy was anxious. She stood up and was about to pull Harvey, but Xynthia held him on the other side.

Xynthia was speechless. What was Sister

thinking about today? Was she out of her mind? Did she not always hate this good-for-nothing son-in-law the most? Why was she still helping him now? ①

Not only Mandy, but the other members of the Zimmer family also stopped Mandy. ①

Harvey had offended the Zimmer family's son-in-law—Don Xander tonight.

Moreover, the one who was backing Don—the great Tyson was here. Whoever sided with Harvey tonight would probably offend Tyson too.

Indeed, these people were eager for Harvey to die. Even if they did not think so, they would not stand up for him. This was called turning a blind eye and watching the show.

Zack, who was also shocked at this moment

then said, “Mandy, what are you thinking? Why are you worried about this rubbish? Fortunately, he has nothing to do with the Zimmer family now. Otherwise, we—the Zimmer family are going to get into big trouble tonight! How dare such a useless person provoke Mr. Xander? Even if he is beaten to death, he deserves it!”

“Right! Right!”

Many members of the Zimmer family around nodded and agreed with him. Initially, it was nothing. However, this useless Harvey had now brought Tyson Woods here only because of a small matter. How would it end later?

Did he not understand? Everything would be okay if he just let Don beat him obediently.

He was so stupid and useless!

At this time, Tyson Woods came slowly with his hands on his back. He blew out smoke rings as he walked and said, “Don, don’t worry. You have helped me make money. I’m a person who would always return the favor. Since someone has the balls to provoke you, then I shall ruin him today!”

Don was very excited. He then walked to Harvey arrogantly while feeling thrilled at the same time. He had always been flattering Tyson. He did not expect that Tyson would come forward to help him today. He had some face! It was said that many families had wanted to invite Tyson to dinner, but all of them were rejected!

With Tyson’s support, his marriage proposal tonight would be a done deal!

Chapter 23

It was also occasional for Don to get on with Tyson!

Once, Don went to the Platinum Hotel. He accidentally bumped into a beautiful woman and was almost killed. Tyson happened to pass by and did not want someone to create trouble in the store. Hence, he helped Don solve the problem.

Since then, Don knew that just being mere rich was insufficient. He needed friends.

Hence, he put a lot of thought into making friends with Tyson and even offered to help him manage his finances. He did help Tyson bring in a certain amount of money in the past two years, which was also why he dared

to call Tyson tonight.

However, investment was not a guaranteed market. There were a few times where Tyson had lost money, and Don gritted his teeth to help him.

This was because he knew that if he dared to make Tyson lose money, Tyson would have beaten him till he sh*t his pants.

However, to be honest, since Don had Tyson backing him up, his reputation among the younger generation in Niumhi had also risen.

Even the heirs of some first-class families did not dare to provoke him, making him adopt a supercilious manner in the past two years.

Meanwhile, Tyson was already ten meters

away from Harvey while holding a cigarette between his lips. However, the lights in the hall were a bit dim, and coupled with the smoke in front of him, he could not recognize Harvey. ①

At this moment, he randomly took a watermelon knife, dragged it on the ground, and walked toward Harvey.

“Run! Honey, run!” Mandy was so anxious that she even forgot to call Harvey by his name. However, she was surrounded by many people. Thus, she could not squeeze through the crowd.

Mandy felt inexplicably upset at this moment as if she could only watch a toy of hers being taken away by others, although she did not like it so much. ①

She initially thought that she did not care

about Harvey at all, and if she could divorce him sooner, it would free her.

Nonetheless, she found that she still cared a little bit about Harvey at this moment.

Unfortunately...

She saw Tyson spitting out the cigarette from his mouth and held the knife high before she could finish thinking about it...

As the cigarette fell to the ground and the smoke dissipated, Tyson finally saw the figure opposite him.

Tyson was seen being shocked, and his face was dull... 3

Chapter 24

Harvey smiled and did not speak.

However, Tyson, who was on the opposite, unconsciously shivered at this moment.

This gangster who would usually kill people ruthlessly felt that he was getting cold feet and was about to wet himself at this point.

Especially when he met with Harvey's eyes, they caused him to break out in cold sweat and could not say a word for a long time.

Don, who was behind Tyson, was a little anxious when he saw his movement stopped. He then said, "Brother Tyson, no worries. He's just a useless b*stard and a live-in son-in-law. Take him down! And chop

off his hands!”

Don was constantly howling at this moment. His eyes were a little red, and he could not wait to see Harvey being hacked to death on the spot. ①

“The person you wanted to get rid of is him?” Tyson finally reacted at this moment. He turned his head and looked at Don bitterly.

Tyson almost burst into tears. “Don, you better admit that you have the wrong person, or else...”

“Yes, that’s him! Brother Tyson, get him!” Don pointed at Harvey and shouted. ①

As for the Zimmer family, all of them watched this scene with a bit of excitement on their faces. They all knew that this wimp

was a dead man today, but they looked forward to how he died.

However, Senior Zimmer frowned and said, “Don, just tune him up a little, don’t kill him.” ①

“Don’t kill him?” Don sneered. Harvey had ruined his reputation in front of a lot of people. Even if he did not do so, he still wanted him dead because this was the only way he could stand alongside the Zimmer family. This was also an important place where he could redeem himself.

Moreover, he had to intimidate the people in the Zimmer family, so even if they knew that he had gone bankrupt, no one would dare to accuse him of anything. He could even utilize the Zimmer family’s resources and get himself back to the top.

Don almost laughed as soon as he thought of this. Just a little more. He would be reaping benefits right and left and return to the top as long as he killed Harvey! 2

“Well, since Senior Zimmer has spoken. Brother Tyson, we shall spare him his life!”

Don gritted his teeth while saying this sentence. He implied Tyson to kill him.

At this time, Tyson did not hear what Don was saying. He then turned his head. The smile on his face was so ugly that it was even worse than crying.

‘This sc*mbag! How dare he provoked Sir? Isn’t he “carrying the lantern into the toilet” —seeking for death?’

Tyson broke out in cold sweat. He did not

dare to speak to Harvey since Harvey remained silent. He then asked Don again, “Don, are you sure the one you want to hit...is him?”

“It’s him!” Don yelled and rushed toward Harvey with threatening gestures. Seeing that Tyson have no movements, he wanted to throw a punch to take Harvey down by himself.

As a consequence, Tyson was already grabbing his hair before he could get close to Harvey.

Chapter 25

Slap, slap, slap!

A few tight slaps were flung onto Don's face without any warning, causing his face to swell and become a pig's head in an instant!

Don was stunned. "Brother Tyson, I asked you to hit this trash...why are you..."

Everyone present, including Don, was stunned.

What was going on here?

Was Tyson not Don's great brother?

How could he fall out with Don so easily?

"You're going to get yourself killed, and you

even want to harm me. I must ruin you today ...” Tyson kicked Don until he flew several meters away. He then said viciously, “Hit him, hit him hard!”

The subordinates who followed him were initially a little dazed, but now they had reacted. Now that the boss had spoken, how could they just stay still and watch?

Hit him!

A dozen people came kicking Don in the next second.

“Why?! Brother Tyson, why did you ask them to hit me?!”

Don cried out and rolled over. This was not what I want!

All the members of the Zimmer family

around looked at each other. Don would not be beaten to death here, right?

Senior Zimmer finally could not stand it anymore. He then coughed and said, “Brother Tyson, please...”

“I’ll kill whoever that dares to talk nonsense today!” Tyson stared fiercely at Senior Zimmer. He then walked forward and stepped on Don’s face and crushed it severely.

Everyone was frightened at this moment. It seemed that somebody was going to die tonight.

“Sir...Harvey...” Tyson only walked up to Harvey in fear at this moment. He had to swallow back the word that he blurted out. “Don’t worry, this guy who dares to mess

with you, I will get rid of him tonight!”

Tyson was dripping in a cold sweat while he said this. He had not shown his merits when he met with Harvey yesterday. Then this happened. At this moment, Tyson was eager to choke Don to death. ①

What the hell was going on?

Everyone was dumbfounded while looking at Tyson’s behavior. ②
