

Chapter 36

In the villa area of the Yun Ding Manor, there were all kinds of furniture in the Xiao Family's villa. They were all new to the present.

Xiao Fei came back. He stood on the open balcony on the third floor and looked at the bright starry sky. It was hard for him to calm down.

Eight years!

He went back to his old home again.

However, everything was different. Her parents were dead, and her sister was missing.

"So what if I'm standing at the top of the world?"

At this moment, the guilty conscience was hard to calm down. It seemed that endless breath was rolling out.

In the sky, the dark clouds flew over, but they were instantly dispersed. It was as if there was an aura that shot up into the sky and was about to overturn this part of the

sky.

Behind him, Xiao Qi stood with horror on his face. He was holding a jade pendant, which he had obtained at Luo Cheng's auction two days ago.

Xiao Fei took back his breath and turned to look at Xiao Qi, who quickly handed the jade pendant to him. "Your Highness, this is the jade pendant you got at the auction. I don't think it's anything special."

After the auction, Xiao Qi kept all the items he had obtained. He wondered why the prince would buy such a jade pendant.

He had also observed it, but did not find anything wrong with it.

Xiao Fei took the jade pendant and looked at it. In the jade pendant, there was a little black fish lifelike, as if it had come alive. However, after looking at it for a long time, he did not see anything special.

"This jade pendant should be incomplete, and there's still half of it."

He shook his head and put the jade pendant away.

Although the jade pendant seemed to be

09:39 

nothing special now, his intuition told him that it was not simple and might have other functions.

"How's the investigation going?"

He looked at Xiao Qi with anticipation in his eyes.

Although Xiao Qi had some time, he missed his sister more and more after returning to the Xiao family.

"According to our previous investigation, Miss Luo should have been taken away. However, she should have returned to Luo City later."

Xiao Qi replied respectfully, "Besides, Miss is likely to be at Luo City University."

"What?" Su Mo was surprised.

Xiao Fei's body shook. "Is Qi'er still in college?"

"However, I have checked all the list of Luo Cheng University's record in the past five years, but there is no name of the young lady." Xiao Qi continued.

"Qi'er may change her name."

Xiao Fei was not surprised. After what

happened that year, he was chased and killed, not to mention his sister. If it weren't for someone taking his sister away, he would be in great danger now.

But now, his sister Xiao Qi came back again, so it was normal for her to not use her real name.

"Take photos of all the people of Luo City University who are of the same age and choose one by one."

Xiao Fei said in a deep voice.

"We've already started to deal with it," Xiao Qi replied.

"Yes."

He nodded slightly. Thinking of the Lu Family and the Liu Family, he asked again, "Is there any movement between the Lu Family and the Liu Family?"

"After Lu Tianfeng's accident, the Master of the Lu family went mad and yelled to find the blade of the hand. However, we haven't found it yet, and the Liu family is not Chen Jing. Instead, Liu Jianqiang went abroad two days ago."

Xiao Qi answered with a bow.

"He went abroad?"

Xiao Fei smiled gently. "That boy is not stupid. He knows how to avoid abroad."

"Unfortunately, what he doesn't know is that abroad is our home court."

Xiao Qi chuckled. "Your Highness, I'll ask someone to send Liu Jianqiang back right now."

"Let's put these things aside for now. Now, let's focus on finding our younger sister."

Xiao Fei waved his hand and looked at the familiar scenery around him. He said in a low voice, "No matter what, we must find Qi'er as soon as possible."

"Yes, Your Highness. Don't worry. Xiao Qi will do his best." Xiao Qi nodded.

"By the way, what have the Lin's and Huang's done in the past two days?"

Xiao Fei asked again.

"The Lin Family didn't do anything. They just began to reduce their cooperation with the Huang Family. As for the Huang Family, it's not quiet recently. They didn't do anything. It's a little strange," said Xiao Qi.

"Let the father and son of Huang's Family recover first."

Xiao Fei waved his hand and said, "But all the members of the Lin family are keeping an eye on them. I want to know every move they take."

Lin Haotian was the main figure who betrayed the Xiao Family. If he hadn't pushed him, Xiao's Group wouldn't have been in trouble so soon.

Moreover, Xiao Fei still remembered that it was Lin Haodong's men who chased him eight years ago.

Heaven's Way was good at reincarnation, and retribution was not good. Now, Lin family was thinking about how to deal with Lin Haotian who broke up with Huang's Family. I was afraid that they would never think that Xiao Fei from back then would come back with another identity.

◦ ◦ ◦ ◦ ◦

"Be careful of Huang's Family during this period of time. Don't let your guard down."

At this moment, Lin Haotian was giving instructions to his son and daughter in the

Lin family.

"Dad, you think too much. Until now, the Huang's Family is not quiet. They haven't done anything." Lin Shhao's face was indifferent.

He had a good relationship with Huang Dahua and always felt that his father was too ruthless to Huang's Family.

On the contrary, Lin Siyu stood gracefully. She held her hands and said in a low voice, "The Huang Family has the Zheng Family, an ancient family in Luo City. We must not be careless."

"Although we also have allies, if we have no other choice, we can't easily fight with the Zheng family. Otherwise, both sides may be injured."

Lin Momo's words made Lin Haotian feel relieved. "Sisyue can see it clearly."

Then, he glared at Lin Shhao and said, "Shihao, you have to learn more from your sister. Most of the time, you can't act on impulse. You have to look at her from a distance."

"Oh."

Lin Shimo nodded his head, looking a little unhappy.

Lin Haotian looked at Lin Ziyue and said, "When are we going to have dinner together with Ye Qing?"

"This... may be a little difficult."

When it came to Ye Qing, Lin Siyue, who used to be a strong woman, suddenly blushed and whispered, "Although he has a good feeling for me, there is no relationship between men and women. I need a period of time to cultivate feelings with him."

"Don't worry, my sister is a national beauty. In Luo City, no woman can compare with you. As long as you take action, Ye Qing will definitely be fascinated by you." Lin Shhao said with a smile.

"No, he is not an ordinary person."

Lin Syue shook her head. "He is not something that ordinary people can compare with. However, intuition tells me that if he can really fall in love with me, this will be an opportunity for our family. The Lin family may become the number one or even stronger in Luo City."

With this, her face was full of excitement. She clenched her fists and said, "Whether for me or for the Lin family, I must take him down."

She was confident in herself as if she had seen the future.

"Well, we, the Lin Family, all depend on you."

Lin Haotian's face was full of expectation. If his daughter could really tie Ye Qing up with the Lin family, the Lin family would definitely become the top one in Luo City with his horrifying strength strength.

"Our Lin family is rising!"

Chapter 37

Luo Cheng University was one of the top universities in Luo City. Although it couldn't be compared with the world's top students, it was also one of the best famous universities in the country.

It covered a wide area with a total area of five thousand and six thousand acres, and the number of learning bears reached over a hundred thousand.

This school had become a small city.

As he learned hard, people came and went, and he was full of the spirit of youth.

Although autumn had come in September, for the beautiful girls in their twenties, their clothes were still cool. At a glance, they all had long white legs.

Xiao Fei strolled inside Luo Cheng University. Everywhere he went, he could see the students passing by in a hurry with breakfast in their hands.

At this moment, it was early morning. Xiao Qi went to work, while Xiao Fei himself

came to Luo City University.

At this moment, Xiao Fei had changed into a set of white casual sportswear, and his whole person showed a sense of sports.

He still had a unique temperament, and at the same time, he was young. Standing among the students, he was not too abrupt. Many girls around him were shocked when they saw him.

"I've been studying here for years, but I didn't know that there was such a handsome guy in Luo City University."

"It's strange. There's no him on the school's grass list. Could it be that he's a new teacher?"

"He's so handsome. His temperament and appearance are the best in Luo City. No, no, no, I love him."

"....."

In college career, the younger one was ten years old, and the older one was twenty-seven or twenty-eight years old. It was exactly the age when he was full of desire for life, yearning for love, and curious about the opposite sex.

Especially for college girls, when they saw handsome boys, they would become anthomaniacs.

Xiao Fei, who had never been an evil college student, really felt a kind of enthusiasm at this moment.

"Classmate, are you also a student of Luo Cheng University? Which department are you from?"

"Handsome, let's add our contact information."

"Student, student..."

Surrounded by a group of girls, even Xiao Fei felt extremely embarrassed.

With a helpless look on his face, he ran out of the crowd of girls like running, and finally got rid of the situation of being trapped to death by these wolves and tigers.

She breathed a sigh of relief and patted her chest. She was still in a state of shock. "Fortunately, I haven't been to college, or else..."

As soon as he entered the university, he was surrounded by a group of women. If he had been in the university for four years, it

was really hard to imagine what the result would be.

If his subordinates saw the king who was invincible in the world showed such an expression, they would be shocked.

"Pfft..."

Xiao Fei didn't notice that someone was looking at him. He didn't turn his head until there was an irrepressible laughter coming.

Liu Tingting was wearing a pink tracksuit with a ponytail. She stood not far away and looked at Lin Mengya with a cool and refreshing look.

"Why are you here?"

She raised her eyebrows. She didn't expect to have such a fate with this violent girl. When she came to Luo City University on the spur of the moment, she also met this violent girl, Liu Yiting.

Liu Yiting's pink sportswear was a little similar to Xiao Fei's white sportswear. At this moment, she couldn't help but have a strange feeling in her heart. "couple clothing?"

By comparison, he found that it was indeed a little similar.

She only felt that her pretty face was slightly red, and she couldn't help looking at Xiao Fei. With a smile on her face, she took the initiative to say, "I came to Luo City to do morning exercise, and you followed me."

With this, he shouted with a smile, "Tell me, have you been following me all the time?"

"I'm following you..."

Xiao Fei pinched his nose. This violent girl really felt a little good about herself.

Seeing that there were a few female students who wanted to catch up with him after whispering, he quickly walked forward.

"Hey, you're so rude. Didn't you just expose the fact that you followed me? You don't have to run away, do you?"

Liu Tingting quickly caught up with him and continued to say, regardless of Xiao Fei's answer. "However, I forgive you for helping me."

At this moment, she was really in a good mood.

Originally, she had been training every day, and it didn't matter if there was a storm or a storm.

However, every month for a few days, her stomach hurt so much that she began to doubt her life. How could she possibly go to exercise?

However, it was an exception this time. Although it was time to come, it didn't hurt anymore. He could come to the stadium of Luo Cheng University to do morning exercise.

Xiao Fei ignored Liu Yiting and walked forward. He looked around and found that there were still many students around. However, they were not as horrible as before and were not surrounded.

However, it was not easy for him to find his sister among the 100,000 students in Luo City.

"Don't tell me you came to Luo City to see a beauty?"

Liu Tingting followed him and looked at Xiao Fei with interest. "I really can't tell that you're good at this. But it's normal that you're a man. What? What's your name? I forgot it..."

"Why don't I remember to tell you my name?" Xiao Fei tilted his head and had a new discovery of this violent girl.

From the first time, he had been trying his best to figure out his name. He was really persistent and had a long-lasting perseverance.

"Really? Then why didn't you tell me your name?"

Liu Yiting didn't feel embarrassed at all. Instead, she waved her fist and threatened, "If you don't tell me your name, I will pester you every day so that you can't do anything."

However, as soon as she finished her words, she found that the guy had turned around and entered the library of Luo City. She was so angry that she stamped her feet in the same place. "Damn, is this guy a man? I want his name from such a beautiful woman, but he still doesn't tell me. Am I really ugly?"

Ever since he met Xiao Fei, the Captain of the Police Department in Luo City, Liu Yiting, the Flower of the Police Department, suspected that she was too ugly for the second time.

As a result, she saw a boy passing by and directly blocking in front of him. "Classmate, are you going to class so early?"

"Ah, yes... yes."

This boy wore these glasses and had a small flat-top haircut. He looked very honest. But when he saw that the beautiful and hot-tempered little sister stopped him, his heart beat faster and he stuttered, "This, this classmate, what, what's the matter?"

He was excited in his heart and thought that this beauty had fallen in love with him.

"Am I good-looking?"

Liu Tingting asked nervously.

"Yes, it's good-looking."

Hearing this, the boy flushed with excitement. While answering, he looked at Liu Yiting and said, "Student, my name is Wu Jian. Let's add a contact number..."

Before she finished her words, the beautiful woman in front of her got the answer she wanted and left with satisfaction.

"This..."

He looked at the back of this beautiful woman in confusion and heard her proud voice. "It turns out that I'm still so beautiful. Then I don't need that guy to tell me my name."

Wu Jian, "..."

Chapter 38

In the president's office of Su Rou's Group, Su Hanyue, who had not slept for almost a whole night, looked at the morning sun outside the window with her eyebrows tightly knitted.

"Boss Su, I'm going to the production department to conduct a follow-up investigation and get some information."

At this moment, Ning Huang, who was quietly going to the factory to investigate the product data of that batch of goods, knocked on the door with a file in his hand.

"How is it going?"

Su Hanyue's face was full of tension.

If there was really a problem with the quality of the product produced by his family, then there would be no room for this matter to turn around.

"The raw materials that we purchased this time are all in line with Director Shi's schedule."

With a serious look on his face, Ning

Huang put a copy of the information in front of Su Hanrou and said, "These are the raw materials that I bought before."

"What?" Su Mo was surprised.

After Su Hanyue took it and looked at it, her face suddenly changed. "No, there are 18 kinds of materials in our cosmetics, and each of them has a special partner, and they are absolutely trustworthy in quality. However, there are only 16 kinds of materials on this document, and the cooperation business has also changed."

"Shi Zhengyang!"

Su Hanyue's expression was extremely cold. This was either a show or Shi Zhengyang was trying to make things difficult for her.

There was a problem with his own product. Although there was trouble with the internal staff, there was no way to explain it to the public. This batch of products could only be returned.

She was weak all over and collapsed on the chair with no expression in her eyes.

Ning Huang, who was watching them,

felt distressed and whispered, "Boss Su, if we negotiate with the O'M Group again, if we are willing to lower the price, there may be a possibility of turning the situation around."

"It's impossible."

Su Hanyue shook her head and said helplessly, "The Polar Group has always been strict with our partners. Since it has problems with our products, it is absolutely impossible for the Polar Group to accept that batch of products. Even in the future, it is impossible for us to cooperate with the Polar Group."

"Then what should we do?"

Ninghuang asked in a low voice.

"What should we do..."

Su Hanyue shook her head with a headache on her face. She didn't know what to do. She had lost a lot this time, which was beyond her imagination.

Although the estimated value of Su Rou's group was one billion, it was just market value. There was not much real assets that could be used.

It could be said that the loss of more than a hundred million yuan at one time could

really hurt his bones and tendons.

What's worse, it was even more serious.

The new company enjoyed an international reputation, and it was also because of its objection to the partners. If they could reach a long-term cooperation agreement with the new company, it would prove the quality of Su Rou's Group to the international market.

In this way, it would be better to open up the international market.

However, if the cooperation with the New Year's Group was interrupted, the impact would be very great. If the news spread, some international big groups might no longer cooperate with Su Rou's Group.

"Boss Su, Master Wang wants to see you. I can't stop him..."

At this moment, the secretary ran in with a nervous face. However, as soon as she finished speaking, Wang Zh Kai, who was wearing a white suit, came in with a smile. "Hanrou, I'm here to see you."

"I've been friends with your president for many years. Are you afraid of me? You can go now. I have something to say to Hanrou."

Wang Zierai waved his hand and drove Ning Huang and his secretary out. Then he leaned against his desk with an evil smile on his face and said, "Hanrou, I heard that something happened to your company, so I came here right away."

"Is there anything I can do for you? As long as you ask, I will definitely help you."

In front of Su Hanyue, Wang Zai tried his best to show his gentleness and evil charm.

As an experienced man, he was not the kind of man who was the most attractive to women.

As the saying goes, men don't love women who aren't bad.

A handsome and handsome young master like him usually wanted as many women as he wanted. However, Su Hanyue was the only one he could never get.

The more he couldn't get it, the more he wanted it.

Wang Qierai explained these words perfectly.

The more Su Hanrou refused him, the more he wanted to get Su Hanrou. He used all

means to bribe Shi Zhengyang, who was under Su Hanrou's command, in order to make Su Hanrou's company have problems so that Su Hanrou could ask him for help.

At that time, he would be able to use this as a breakthrough to catch up with Su Hanrou.

"Thank you for your concern, Master Wang. There is no big problem in the company, and I can handle it myself." Su Hanyue said calmly.

Although she knew that this matter was likely to be related to Wang Ke Kai, without any evidence, she could not blame Wang Ke Kai.

Wang Qieran had already expected Su Hanrou's attitude. Instead of being angry, he said with concern, "Hanrou, since you were from the Su family, you can have a better life than anyone else. Why must you be so tired? Look at you, even your eye bags have come out. You must stay up late."

As he spoke, he reached out to touch Su Hanrou's head.

However, Su Hanyue tilted her head backwards to avoid his hand. She frowned

and looked at Wang Zh Kai. "Wang Zh Kai, we haven't been so familiar with each other, have we?"

"Since we have been classmates for four years in college, don't you know how much I love you?"

There was a gentle look on Wang sacrificial's face. "It doesn't matter. I won't force you."

"Hanrou, you can refuse me over and over again, but I will wait for you all the time. I just can't bear to see you so tired. No matter what you encounter, you have to tell me, okay?"

He didn't mean to hurt her. A woman like Su Hanyue couldn't be easily moved.

It was because of this that his desire to conquer was aroused. No matter what method he used, he would let Su Hanrou consciously come to him.

Besides, Su Hanrou was backed by the Su's.

As long as he could get Su Hanrou, he would be able to get the support of the Su family. At that time, he would definitely

become the most favorable competitor for the Master of the Wang family.

"Thank you for your concern."

Su Hanyue's face was still calm. She even grabbed the materials on the table and stood up. "Sorry, I have to have a meeting, so I won't entertain you."

As he spoke, he was about to turn around and leave.

At the moment when Su Hanyue turned around, Wang Qierai's face suddenly became gloomy. "Bitch..."

He shouted in his heart, but he still looked gentle on the surface.

However, when he turned around, he saw Su Hanrou, who had not gone out yet, answering a phone call. At this moment, Su Hanrou suddenly changed her appearance, as if she was full of joy in an instant. "Hello, Brother Ye, I'm sorry, I was really too busy these days. I was thinking of taking out the time to meet you."

"At night? Okay, I'm also going to call you today. See you at night."

"....."

He wore a happy smile on his little woman's face. Obviously, she was very happy with this call.

Moreover, the most important thing was that the other party was a man!

"Bastard!"

Wang Qierai's face changed. When he walked out of the president's office, he saw Su Hanrou's secretary standing next to him. He smiled and walked up to her. "Little Tang, what are you looking at?"

"Hello, Master Wang."

Su Hanrou's secretary quickly greeted him respectfully.

"This is my latest foreign perfume recently. It's for you. Do you have time tonight? Let's have dinner together?"

Wang Qierai said with a smile, took out a small box of perfume and put it in the other party's hand.

"Ah... thank you, Childe Wang. Childe Wang made an appointment. He has time at any time."

Su Hanrou's secretary was very surprised. She didn't expect that a young

09:39 

master like Childe Wang wanted to have dinner with her. Although she knew that his purpose was Boss Su.

However, as long as he fawned up to her, it would not be a problem for him to make a great achievement.

"I'll wait for you downstairs after work."

Wang Qichai said with a meaningful smile.

Chapter 39

"This guy is smiling so happily when he is talking on the phone. He must be calling a woman. Who the hell is he?"

Outside the Luo City University's library, Liu Yiting, who followed Xiao Fei out of the library, saw Xiao Fei talking on the phone with a happy face, and her heart rose with an unknown anger.

"This bastard didn't even tell me his name. But when he called others, he was so gentle and even invited them to dinner. It's too much."

"If I don't look good, that's fine."

However, after testing herself and asking a little boy, she picked up her face again and knew that she was still so beautiful.

This guy still turned a blind eye to her.

On the contrary, he was extremely gentle when he was on the phone.

With such a contrast, she felt that she was about to explode.

"Hey, you, what do you mean?"

Liu Yiting rushed to the front of Xiao Fei and stared at him with her arched eyebrows.

"What?"

After making an appointment with Su Hanyue on the phone, Xiao Fei, who was in a good mood, suddenly saw this violent girl rushing to him again. He was a little surprised.

He touched his nose and asked, "What's wrong with me?"

Liu Jianting was so angry that her face turned red. "You're such a jerk. You don't care about me. If I'm ugly, that's fine. But I'm at least a super beautiful woman, not to mention a national beauty. You're smiling at others with this attitude. You're so gentle. You're discrimination."

As soon as he finished speaking, he saw Xiao Fei turn his head and look at her seriously, which made her a little flustered. She couldn't help whispering, "You, why are you looking at me like this?"

"Hahaha..."

However, when she was a little uneasy,

she heard Xiao Fei laughing out loud.

At this moment, Xiao Fei really couldn't help it. This violent girl actually felt that he ignored her and was furious. She was really...

Interesting!

"What are you mumbling? Outside the library, keep quiet. Do you know that?"

Xiao Fei's laughter attracted the dissatisfaction of a white-haired old man. He was still holding a piece of chess in his hand, and his hair and beard were all white. He snorted, "You two young people look good, but you are so ignorant. Come here."

He waved his hand and asked the two of them to come over.

"Ah..."

Liu Tingting kept her mouth shut as if she was a pupil who had done something wrong. She pulled Xiao Fei along with her.

Although Xiao Fei felt a little embarrassed, he did not show it thoroughly.

The two of them arrived in front of the old man. The old man looked at Liu Yiting and scolded her with a smile. "Girl Liu, this is the first time you brought your boyfriend to

see me. I was scolded by the old man. Do you feel embarrassed?"

"Ah... Grandpa Xu, no..."

In front of this old man, the big and careless Liu Yuting acted like a child. She blushed and twisted her face to deny it.

"Don't explain. We've known each other for several years. When I see you like this, I understand."

The old man chuckled. At the same time, he looked at Xiao Fei. After looking at him, he was shocked. "The young man's temperament is so extraordinary. He is born to be an emperor. In the war, he can definitely become the king of a country."

"Shh..."

His words scared Liu Tingting to hiss. "Grandpa Xu, you're going to rebel by saying this. If others listen to you, he'll be dead."

"What are you afraid of?"

The old man waved his hand and looked at Xiao Fei with a smile, his eyes shining. "I have seen a lot of people in my life, but no one can compare with you. You are indeed extraordinary."

"Old Master, you're overpraising yourself."

Xiao Fei was modest and polite. He was neither humble nor polite. He was not happy because of the old man's praise.

However, there was a hint of deep meaning in his eyes when he looked at the old man.

Neither Liu Jianting nor the old man noticed the deep meaning in Xiao Fei's eyes. The old man introduced himself with a chuckle. "I'm Xu Zongping. I'm now the expressed star of the library."

"Xu Lao, my name is Ye Qing."

Xiao Fei nodded with a smile.

"Ye Qing, it turns out that your name is Ye Qing. Hehe, you finally know your name."

As soon as she heard Ye Qing's name, she was the most excited one. She looked at Xiao Fei with a smile and said, "Even if you don't tell me your name, I will know it, won't I?"

"....."

He touched his nose and did not argue with the violent girl who was like a child. Instead, he looked at the chess piece in Xu

Zongheng's hand. "Is Mr. Xu playing chess?"

"I have nothing to do. I just want to find an opponent." Xu Zongping looked at Xiao Fei with a smile. "Little friend Ye is also good at chess?"

"I've been studying for a few years."

Xiao Fei replied with a smile.

His words made Xu Zongping's eyes shine. "Okay, okay, I can't find a rival. Come on, let's play chess."

Then, without waiting for Xiao Fei's response, he dragged him into the library.

Liu Yiting grinned and followed him. She finally knew Xiao Fei's name. This violent girl felt that this was the greatest achievement she had achieved today. She was so excited that she had won a battle.

In the library, the old man had a special chess room. Whether it was tables, chairs or chess, he had already placed them all. It could be said that he had everything he needed. The two of them were almost seated and started playing chess.

Seeing this, Xiao Fei couldn't help but feel his hands itchy.

Playing chess was one of the few things he was interested in. Even though he had been in a high position over the years, sometimes he would find someone to play two games with if he wanted to.

However, there were very few people who were able to make him feel happy in Go playing.

The two did not stand on ceremony. After sitting down, they started playing chess.

There were also some students passing by. When they saw this scene, they were curious and gathered around to watch it.

He was a real gentleman who watched chess without saying anything.

It was well-known that when playing chess, the most taboo thing was to be affected by others.

No matter if it was Xu Zongping's grandfather or Xiao Fei, both of them could be said to be masters. Soon, they had already entered a hot state.

A group of students was no stranger to Old Master Xu. There were even many people

who had played chess with him. They knew that Old Master's chess skills were extraordinary. Few people could compare with him. In their view, a young man who was no older than them would lose soon.

However, the next moment, they saw a shocking scene.

With a smile on his face, Xiao Fei casually placed his chess piece on the table. Every step he took was extremely relaxed.

Opposite him, Xu Zongheng's face was solemn. Every time he landed, he would think about it for a long time. As time went by, his forehead was full of sweat.

"Hiss..."

Seeing this scene, everyone couldn't help sucking in a breath of cold air. It seemed that Master Xu was at a disadvantage.

"Bump!"

As expected, not long after Xiao Fei's son had landed, he killed the dragon with one move. The outcome was obvious.

Xu Zongheng held a child in his hand and was stunned for a while. He sighed and said, "There are talents in the generation of Jiang

Shan. I didn't expect that the old man would lose so easily to you."

Xu Zongping had been an amateur for the rest of his life, but he was no weaker than those top professional players. He was known as the East Bone Chess King.

However, Xiao Fei defeated him easily. This kind of chess skill was rare in the world.

"The winner is Militarism. Let's have another round."

Xiao Fei smiled and swung again.

Although Old Master Xu's chess skills were not as good as hers, he was also a good opponent. Naturally, one game could not make him full of joy.

"It seems that you are interested in it. Haha, today, the old man will sacrifice himself to accompany the gentleman. Even if he loses, he will make you full of joy."

Xu Zongheng laughed and continued to play chess.

The two of them went back and forth. They were so drunk that they didn't care about anything else in the chessboard.

At this moment, the news that Mr. Xu, the

old Mr. Xu of the King of the East, met a strong enemy had disappeared. In a short time, the news had spread throughout Luo City University. This small chess room had already been surrounded.

Liu Yiting had already been shocked. "This guy's chess skills can surpass Mr. Xu's..."

She had known Mr. Xu for many years. She had to admit that Mr. Chu's chess skills were extraordinary. Even the old man at home might not be able to compare with Mr. Xu.

However, Ye Qing was able to win so easily.

This was incredible!

"Mr. Xu is known as the King of the East. Could it be that this guy has surpassed the King of Chess and reached the level of the Master of Chess?"

At the thought of this, Liu Tingting's heart was trembling.

She was born with an extraordinary family background. It was hard to find the King of Chess, and the Sage of Chess was a national treasure. If the official knew that

someone had reached the realm of the Sage of Chess, they would try every means to get it.

He was a real national treasure in the chess world!

"Three rounds have passed. Let's call it a day."

At this time, Xiao Fei stood up and smiled at Xu Zongping, "Old Master, let's fight in the future."

"You brat, you've killed my big dragon in three rounds without mercy. Aren't you afraid that my brain will overflow with blood because of you?" Xu Zongping couldn't help but laugh and said.

"It doesn't matter. As long as I'm here, I'll be fine even if my brain is bleeding," Xiao Fei said with a serious face.

"You're talking as if you are a medical sage that is hard to find in the world."

Xu Zongping laughed and said that Xiao Fei's words were just a joke.

The rest of the people all smiled, and they looked at Xiao Fei with admiration. He was so young, but he could beat Xu Zongping

in three rounds in a row. This kind of chess skill was really horrible.

At this time, a young group of people, who was not very tall but had a cold temperament, came in. It was Xiao Qi.

"Old Master, let's call it a day."

Xiao Fei smiled and left with Xiao Qi.

Liu Yiting wanted to catch up with him, but was stopped by Mr. Xu. "Girl, don't rush to chase him. Tell me about Ye's situation."

"Oh, I don't know who he is. I don't even know his name."

Liu Yiting felt helpless. Seeing that Xiao Fei had disappeared from her sight, she didn't chase after him anymore. Instead, she muttered, "Grandpa Xu, you've made me lose you."

"Don't worry, he will come back again."

Xu Zongping smiled and looked at the defeated chess game. He couldn't help but sigh, "That kid is really terrible. If he joined the army, I'm afraid that he would have been conferred a title of nobility long ago with his ability."

"The game of chess is like a war. He was

able to control the whole situation from the very beginning. He was merciless, fierce and overbearing. He was brave and scheming. This is the real Master of Chess."

"Hiss..."

"Chess of Chess..."

"How is this possible?"

Hearing Xu Zongping's words, Liu Tingting and other students around were shocked on the spot.

"More than that, I used to compete with the Master of Chess. Compared with him, I'm not as good as him. I'm afraid that his skills have surpassed the Master of Chess and reached the Sage Realm of chess!"

The old master sighed again.

"What is a Great Saint?"

Everyone was curious.

"Great Saint has surpassed the Master of Chess. He doesn't exist in the world. He's only in the legend that he's invincible in the game!"

"....."

Chapter 40

"Your Highness, these few days, I have sent people to pick out all the girls of the right age in Luo City. From their families, everything that has been going on since childhood can be excluded. If there is no accident, within three hours, there will be a relatively accurate result."

Xiao Fei and Xiao Qi entered the business car. Xiao Qi reported.

"Okay."

At this moment, even Xiao Fei was excited and excited.

Even though he had great power, even if he and his sister were very likely to be in Luo City University, he still could not sense where his sister was.

There were one hundred thousand people in Luo Cheng University. Even if there were at least tens of thousands of girls at the age of his sister, he could not look for them one by one in a short period of time by his own strength.

He had to wait for the results of Xiao Qi's selection.

"By the way, Your Highness, not long ago, Lin Siyue made a phone call to invite you for dinner at night."

Suddenly, Xiao Qi said with a smile on his face.

"How do you respond?"

Xiao Fei turned to look at Xiao Qi.

"I said, the prince is still sleeping."

Xiao Qi folded the account book with a playful look. "Then, she said that she would call you at noon."

"Don't worry about her. Just tell her that I don't have time."

Xiao Fei touched his nose. Although he wanted to get close to Lin Syue, there was no need for him to do anything he wanted. On the contrary, Su Hanyue was the one he really needed to protect.

"Please book a table for me tonight. I'll have dinner with Hanrou."

After thinking for a while, he said, "Find a more romantic place."

"Okay."

Xiao Qi smiled and said, "Don't worry, Your Highness. It must be right for me to arrange this kind of thing."

"There are still three hours until the result comes out. It's been so long..."

Xiao Fei pondered for a moment and said, "Then go buy a car."

"Ah..."

Hearing this, Xiao Qi suddenly had a bitter look on his face. "Your Highness, how can you drive your own car by yourself? Or, don't buy a car."

"Drive."

However, Xiao Fei made up his mind to buy a car by himself. Without any nonsense, he glared at Xiao Qi and had to start the car and leave Luo Cheng University.

As soon as the car started, Liu Tingting and Xu Zongping came out of the library together. They looked in the direction of the car's departure. Master Xu sighed, "I can't see through him."

"Did my old man say that you are very extraordinary that even you can't see through

him? Wouldn't he really be very powerful?"

Liu Tingting's face was full of surprise.

"You think too highly of me, Mr. Liu." Xu Zongping shook his head. "However, I dare to do so. Even if Mr. Liu comes, he can't see through that guy."

With this, he looked at Liu Yiting. "If you don't believe me, you can ask Mr. Liu to come from Shanghai to have a look at that guy. He will be very happy if he comes here."

"What are you happy about, old man?"

Liu Tingting snorted. "It's none of the old man's business whether he's very powerful or not."

"But..."

After a pause, a smile appeared on his face. "However, if it's possible in the future, I can indeed let the old man have a look at him."

After saying that, he turned around and left with a smile.

"This girl is really..."

Xu Zongping shook his head with a smile. He looked meaningfully in the direction of Xiao Fei's departure and whispered, "If you

09:40 

really understand how horrible that guy's strength is, maybe Mr. Liu will not let you contact him."

"However, what does this have to do with the old man? The old man only wants to read books and play chess with him."

In such a big city, only a few people knew what kind of existence Xu Zongping was.

The other party seemed to be an ordinary old man, but in fact, it was so mysterious.

Similarly, only Xu Zongping could feel the extraordinariness of Xiao Fei and Xiao Qi. When he faced Xiao Fei, although he was calm, he couldn't control his emotions.

It was so horrible that it seemed to be like a god or an immortal!

That kind of existence was no longer something that Xu Zongheng could reach out to.

However, as an old Taoist, he knew very well that since Xiao Fei was here, he definitely wanted to hide his identity. Hence, he did not point out all of this.

Inside the car, Xiao Qi seemed to feel Xu Zongheng's gaze. He said with a smile, "Your

09:41 

Highness, Xu Zongheng is not simple. He is a strong man. How can he be willing to be the librarian of a library in Luo City University? I don't know whether he is carrying a burden or living here."

"It has nothing to do with us, so we don't need to pay attention to it."

Xiao Fei touched his chin, thinking that the car Su Hanrou was driving was a red car. He smiled and said, "Tell me, what color do you think it is better for me to buy a car with Hanrou's car?"

Xiao Qi didn't know what to say.

"Is he still the prince of my family?"

It was okay if she wanted to buy a car, but she wanted to buy a car of different colors on the way to match with Su Hanrou's car...

"I might be dreaming."

Xiao Qi muttered in a low voice. Along the way, he was in a trance. Even when he arrived at the car dealer's shop and entered the store with Xiao Fei, he was still a little absent.

"Welcome. May I ask if you two want to

buy a car?"

Among the two people, Xiao Fei and Xiao Qi were all very generous. As soon as they entered the store, a sweet-looking saleswoman came up to them enthusiastically.

"Take us to see the best white sports car here."

Xiao Qi said domineeringly with a wave of his hand.

"Okay, please come with me."

The saleswoman was overjoyed and hurried to the second floor with the two of them. However, when they arrived at the stairs, Xiao Fei glanced at a man not far away and frowned slightly. "Ye Xinghao?"

"Do you know our manager?"

The saleswoman quickly threw up and smiled. "That's Manager Ye in our store. If you know him, I'll say hello to him for you."

At this time, the other party also noticed Xiao Fei's gaze. It seemed that he had thought of something. With a surprised look on his face, he quickly walked over.

Xiao Fei waved his hand and said, "Xiao

09:41 

Qi, you go up and pick up the car first."

"Okay."

Xiao Qi nodded and looked at the saleswoman. "Let's go first."

"Okay, please."

The saleswoman said respectfully and took Xiaoqi upstairs.

Xiao Fei stood in the same place, pinching his nose, watching Ye Xinghao quickly come in front of him.

"Is it really you?"

Ye Xinghao's face was full of joy. As soon as he came up, he wanted to punch Xiao Fei, but the latter turned sideways to avoid him.

He didn't care and looked at Xiao Fei with a smile. "I heard from grandpa a few days ago that you came back, but I didn't expect it to be true. Well, we haven't seen each other for eight years. You are really handsome, just a little bit worse than me."

Ye Xinghao was the eldest son of Xiao Fei's eldest uncle, Ye Chenyang. His generation was Xiao Fei's cousin.

"Long time no see."

Xiao Fei didn't expect that he would meet his cousin, Ye Yunhao, who he hadn't seen for many years, when he came to buy a car.

Ye Xinghao said with a smile, "You boy, you look like a man now. Not bad, not bad. Come on, come with me. I am now the manager of this store. How is it? Not bad, right?"

As he said this, he looked at Xiao Fei, who was wearing a white casual sportswear, and his face showed a trace of pride. "Grandpa only said that you are back, and he didn't say what you are doing now. What are you doing recently?"

"Nothing." Xiao Fei pinched his nose.

"Alas, I said that you are not young anymore. It's okay that you haven't studied. I don't know what you have been doing these years. Now, it's hard for you to return to China, so you should find a job to live a stable life instead of wandering around. What do you think you are doing in this store?"

"Are you looking for me?"

With this, Ye Xinghao shook his head. "I don't think so. You don't even know that I'm here to be a manager."

"Manager, is this your relative?"

At this time, a saleswoman brought two cups of coffee and looked at Xiao Fei curiously.

Ye Xinghao nodded and said, "Yes, my cousin from my hometown. Well, you can go to do your work now."

"Okay."

The saleswoman smiled and nodded and left.

Ye Xinghao showed a proud look. "Look, your brother is also a big shot now. In the East Han Empire, he has a house and a car. He is the manager of such a luxury car store. Is he awesome?"

"Not bad." Xiao Fei nodded.

Ye Xinghao laughed and said, "Your parents are gone. Don't say that my brother doesn't take care of you. I'll discuss with the boss and let you come to work in the store. At that time, you can get a salary of tens of thousands of dollars every month, which is absolutely enough for you to live."

With a proud look on his face, he patted Xiao Fei on the shoulder and said, "You don't

have to thank me. I am your brother. Work hard in the future and don't embarrass me."

Then he greeted a saleswoman and ordered, "Xiao Tang, come here and take him to get familiar with his work."

Xiao Fei, "..."

This guy was too enthusiastic. He didn't even have a chance to speak. He could only touch his nose and stand up. "My friend is still watching the car. Let's stop talking."

"Alas, the cars in this store are all luxurious cars worth more than one million yuan. What kind of good cars can your friends afford? I'm just taking a look at them. They'll come down empty-handed later. You'd better familiarize yourself with your work first."

Ye Xinghao took it for granted.

"Your Highness, we're looking forward to it."

At this moment, Xiao Qi came down from the upstairs, followed by an excited saleswoman with a red face.

He came to Xiao Fei's side and handed him a car brochure. "What do you think of

09:41 

these three? If there is no problem, let's buy all of them."

Ye Yunhao, "..."
