

After hearing his words, everyone in the Su Family, including Madam Su, was very touched.

Only then they knew that they misunderstood Chen Hao, and that Tongxin didn't choose the wrong person to be with.

With the arrival of Chen Hao, the entire atmosphere had a dramatic twist.

More people started talking to people from the Su Family and serving tea to them, while some even tried to suck up to them.

"Madam Su, why didn't you invite us to your birthday party yesterday? Everyone will go to celebrate your birthday together! What a pity! We'll definitely make up for it next time!" some elderly managers said.

Seeing that more people started to cotton up to Zhang Xinhua on her birthday party, Wei Guifang was the most upset of all.

Initially, she wanted to show off her granddaughter-in-law and her grandson-in-law, but upon the arrival of Su Tongxin's boyfriend, even she had to give him respect.

And something even more surprising had yet to happen.

“Young Master Chen? What? Madam Su, you called him Young Master Chen? Which Young Master Chen is he?”

The people who went to serve Zhang Xinhua tea were shocked, and the entire venue turned silent.

Everyone understood the presence of Young Master Chen in Jin Ling, hence there was no need for any explanations.

Imaginably, the three words brought upon a great impact on everyone.

“Which Young Master Chen could he be? He’s of course the Young Master Chen from Jin Ling! I just came back from the Cloud Hill Mansion—there’s where we met each other!”

Tang Ran glanced at them before answering her grandmother’s question.

Cloud Hill Mansion? Young Master Chen from Jin Ling?

Everyone lost their cool at once. The

sound of different chairs moving against the ground was heard as almost everyone stood up at that instant.

They were all shocked beyond belief.

Even Wei Guifang, who was standing at the side, almost stopped breathing.

“Is this true? Su Tongxin’s extremely rich and powerful boyfriend is actually Young Master Chen from Jin Ling?”

“It probably is true. Guys, don’t forget that Su Tongxin studies in Jin Ling College, and so does Young Master Chen; Su Tongxin’s boyfriend is extremely rich, so does Young Master Chen. These two people are most probably the same person—Young Master Chen!”

“We should have known earlier that Su Tongxin’s boyfriend is actually Young Master Chen!”

After being blown away by this fact, all of them regretted that they didn’t forge a better relationship with the Su Family. Or else, they would have been prosperous by now.

Wei Guifang panted while walking over to greet him as she was supported shakily by a boy and a girl.

Oh god! He is Young Master Chen!

And he even said that he is the son-in-law of the Su Family!

How can I compare against him? This can't even be compared!

Wei Guifang's initial blue skies and white fluffy clouds had been replaced by dark clouds and stormy weather.

Her heart had even become a piece of deserted land.

"Something's wrong. The more I look at him, the more he looks familiar to me."

As Xiao Jun prepared to bow or kowtow to show his respect, his wife, Shen Yanli suddenly told him her doubts.

"What's wrong, Yanli? I don't care if you are familiar or not familiar. Quick, go there and apologize to Young Master Chen for our disrespect just now. He's Young Master Chen, you know!"

“No, that’s not the case! Grandmother, don’t be anxious. I suspect he is not Young Master Chen!” Shen Yanli grabbed Wei Guifang’s hands.

“Huh? Why?”

“I kept thinking that he looks like a classmate of mine, my primary classmate. The more I look at him now, the more he looks like my classmate!” Shen Yanli said firmly.

“C-Classmate?”

Xiao Jun and Wei Guifang were both shocked to hear that.

They thought this was very unlikely because there was no such coincidence. Moreover, even though Shen Yanli’s family background was very powerful, how could she possibly be Young Master Chen’s classmate?

“What classmate? Yanli, you can’t joke with this! I know Su Tongxin’s boyfriend. He’s really powerful! Many people have already suspected that her boyfriend is Young Master Chen. Now that his identity is exposed, we must never offend him.

Otherwise, we couldn't live in Jin Ling anymore!" Wei Guifang patted her thighs anxiously.

"That's right, Yanli! You must think properly, which classmate is that? You mustn't recognize the wrong person!" Xiao Jun said.

"I won't recognize wrongly. He is very likely to be one of my primary classmates! Back then, my dad was expanding his influence, and he started to expand his underground influence in Ping An County. So, at that time I studied at a primary school in Ping An County, and I remembered someone called Chen Hao at our class. That's why when someone mentioned the name 'Chen Hao', I thought this name was incredibly familiar. After looking at him, he looked familiar to me too! But after so many years, I couldn't remember his looks clearly, so I didn't dare to confirm with him." Shen Yanli squinted her eyes, confirming about this.

"I remember the Chen Hao in my class was extremely poor. Even until now I still remembered the small interaction we had back then! Grandmother, do you think it's possible that the Su Family find someone

to impersonate him?" Shen Yanli asked quietly.

Madam Wei's heart sank.

You don't say! It really is possible!

"Actually, I initially thought that if I invite Zhang Xinhua and the Su Family, they will not come because she definitely knows that I'm going to show off. But she actually came, and have you seen that she's been so confident since she arrived? And Tang Ran found an excuse not to come until now, and then suddenly brought Su Tongxin's boyfriend along! After hearing Yanli out, I suddenly understood that Zhang Xinhua has been well prepared all along, waiting for this moment to embarrass me!" Wei Guifang analyzed.

Thinking that she knew everything, Wei Guifang thought, This old witch is so ruthless!

Xiao Jun and Shen Yanli also thought their grandmother's analysis made sense.

"However, Yanli, we can't act rashly. We have to make sure that he really is your classmate!"

Wei Guifang was quite terrified. If they got it wrong, this would be a huge misunderstanding.

“Ha-ha! Grandmother, don't worry. I can confirm that he's my primary classmate now! But since you're still worried, I shall confirm that it's him once more. He was so poor back then! I can't believe that he pretends to be Young Master Chen now!”

Shen Yanli looked disdainful.

She had already confirmed that Chen Hao was the same person as her primary classmate. She only wanted to prove it to Wei Guifang, so she had no fears and swaggered over to their table.

There were many people lining up to greet them with tea to bond with the Su Family.

“Get lost!” Shen Yanli said coolly.

“Miss Shen!” The guest nodded and smiled at her.

Shen Yanli had a formidable background—her uncle was the first generation of Jin Ling, and he had connections with the powerful people from the underworld.

Hence, no one dared to offend Shen Yanli, especially businessmen like themselves.

However, Chen Hao didn't care about outsiders like them.

At that instant, he was focused on chatting with Su Tongxin's parents and grandmother, telling them what he had been through for the past two years, and that he had never given up on looking for Tongxin.

Slap!

As he was speaking to them, someone suddenly slapped his head, making him a little confused.

As there were no fighters here, Chen Hao naturally let his guard down. He also didn't detect anyone with malicious intent getting closer to him. He never thought he would be secretly attacked by someone.

When he turned his head, he saw Xiao Jun's newly-wed wife looking at him vindictively, with her arms crossed.

“You are?”

Chen Hao looked at her coolly. She greets in such a weird way!

Is she suffering from some mental issues?

Seeing that Shen Yanli actually hit the back of Chen Hao’s head, Wei Guifang and the rest trembled in shock.

She ran over and stood behind Chen Hao.

“Go on! Go on pretending, Chen Hao!” Shen Yanli said.

“What do you mean by ‘pretending’? Do we know each other?” Chen Hao asked, exasperated.

He honestly couldn’t remember that he knew this woman.

“Ha-ha! Fine, let me remind you then. Let me ask you—did you have your primary education in Ping An Country? Ping An Country Third Primary School?” Shen Yanli asked, laughing coldly.

“Yeah, how did you know that?” Chen Hao nodded.

“Ha-ha-ha! Then, were you in the second class when you were in primary three?” Shen Yanli continued asking.

“You’re right!”

Chen Hao felt something was off. Who is this woman? She even knew which class I was in!

She’s right. In the six years of primary school, I’d always been in the second class since primary one until primary six.

“Grandmother, have you heard that? I told you I know him!”

Shen Yanli laughed and danced happily.

Witnessing the entire exchange between them, Wei Guifang knew everything, and her expression changed immediately as she smiled disparagingly.

“You are?” Chen Hao looked at her in confusion.

“I’m Shen Yanli! Trying to pretend that you don’t know me? Hmph! I transferred to that lousy school of yours when I was in primary three and became the monitor of

your class. You were the poorest of all in our class. Have you forgotten? There's once a guy stole my classmate's stuff and blamed it on you, so I splashed water to your face. I even asked my dad to bring his men to stop you on the road, and resulted in you missing a few days of school because you are scared!" Shen Yanli said disdainfully.

Shen Yanli?

Only then did Chen Hao remember her. Ah, I see. She's Shen Yanli.

Indeed, she transferred into their class and became their monitor when they were in primary three. When they were younger, because she wore the best clothes and she was the monitor of the class, everyone was afraid of her.

Of course, she had never respected Chen Hao even once.

The deepest impression she left in Chen Hao was the water incident.

At that time, someone in their class stole her pretty eraser and blamed it on him.

Then, she got anxious.

However, it wasn't as simple as splashing water to his face. It was in winter, and she got hot water in the flask. She splashed the hot water onto Chen Hao's face directly, almost getting his face disfigured.

For the few days when Chen Hao missed school, it was because he went to the health center to put some lotion on his face, not because he was afraid of her.

He hated this vicious monitor at that time.

However, she transferred schools again when they were in primary five, and she slowly disappeared in Chen Hao's life.

Ha! The world is so small!

Why do I keep running into my old classmates? I could even meet my primary classmate whom I've completely forgotten now!

Chen Hao couldn't help chuckling bitterly.

"It's you! I finally remember now!" Chen Hao nodded.

“Oh! ‘It’s you! I finally remember now!’” she mimicked. “Chen Hao, don’t tell me that you are still pretending now! I can’t tell that you’ve grown so much after not seeing you for around ten-twenty years. How dare you even try to impersonate Young Master Chen now?” Shen Yanli’s eyes suddenly become fierce and cold.

“What? Impersonate Young Master Chen?”

Everyone was also shocked as they looked incredulously at Shen Yanli.

“Don’t find it difficult to believe, everyone! This man is not Young Master Chen! His name is Chen Hao, and he comes from the countryside, Ping An County. He’s been poor since young! Fine, I’ll ask someone to find our old photographs instantly! You’ll know after you look at them!”

When they were in primary school, they had class photographs, and Shen Yanli had the habit of keeping old photographs.

Shen Yanli took the pictures to show everyone. It was Chen Hao when he was a kid indeed!

“OMG! He really is Miss Shen’s primary

classmate! And his clothes are so shabby?”

Everyone was shocked after they looked at the pictures.

“Xinhua, usually you’re quite active, but I’ve never thought that you would stoop this low! We know that you were upset after Tongxin went missing, and you were helpless and disappointed after Young Master Chen ignored you. You want to get your dignity back in the business area, but you can’t possibly do such an immoral act! We’re already at such an age, is it worth it?” Wei Guifang laughed.

Everyone’s expression changed immediately.

The people who were sitting next to Su Guoqiang and serving him tea stopped smiling and immediately left the bench in disgust.

Like everyone else, they looked at the members of the Su Family disdainfully.

“What do you mean by ‘impersonate’ and ‘immoral’? He is Young Master Chen! Wei Guifang, don’t spout nonsense!” Zhang

Xinhua said angrily.

“Ha-ha! Until now you’re still unwilling to admit it? If you really want to find someone to impersonate Young Master Chen, at least find someone like my grandson-in-law, who’s a fine, young lad! Look at who you’ve found?” Wei Guifang laughed loudly.

“That’s right! Do you think a broke fella like him is able to impersonate Young Master Chen’s rich gait? The Su Family is always talking about Su Tongxin! She has disappeared! And you kept on imagining that Young Master Chen will come back and care about you? You think Su Tongxin is an angel?”

Shen Yanli’s jealousy had gotten the better of her.

After all, her husband had once proposed to Su Tongxin.

“Shen Yanli, I don’t know what’s going on with you, but you better don’t insult Tongxin!” Chen Hao said stonily.

“Ha-ha! The more you want me to shut up, the more I won’t! The older generation of

the Su Family is such a disgrace, so is the younger generation too! To think of finding someone so poor to impersonate Young Master Chen! Are you guys deliberately doing this to disgust us?" Shen Yanli scoffed, glaring at Tang Ran furiously.

"Who's a disgrace? You are a disgrace!"

Tang Ran stood up angrily and shoved Shen Yanli who couldn't stop insulting the Su Family.

Shen Yanli, on the other hand, had never been treated in such a way by anyone.

As her temper rose, she lifted her hands to slap Tang Ran.

Halfway through his sentence, Chen Hao rushed over and shielded in front of Tang Ran. He grabbed Shen Yanli's wrist and wrench it aside.

"How dare you hit me?"

With that, Shen Yanli's eyes almost popped out from her sockets.

What has gotten him so brave? Who do you think you are, Chen Hao?

You're just a lowly, poor bastard! You're only impersonating Young Master Chen. Do you really think you're him?

If I'm bitten by a tiger, I will feel honoured.

But now I'm being insulted by a pig! It's so embarrassing and upsetting!

Everyone around them were stunned as they couldn't believe a guy from the countryside dared to treat Shen Yanli this way.

"I have yet to hit you," Chen Hao told Shen Yanli impassively. "I'm only protecting Tang Ran. "Apart from that, don't you think you went overboard, Shen Yanli? You've burned all your bridges behind you. With me here today, I will not let you touch anyone from the Su Family. If you continue to insult them, I don't mind hitting you!"

"Ha-ha-ha! Chen Hao, continue your pretense! How dare you hit me? This is so absurd! Show me how you hit me!"

Slap!

After she had just finished her sentence, he directly slapped her without hesitation.

This slap had made everyone stunned.

Do you know who her father actually is?  
they thought.

“Good, very good! You really dare to hit me!  
A poor beggar like you dare to hit me?  
You’re done! Your life is doomed!”

Shen Yanli lost all control and went  
berserk.

“Security! Security! Hit him harshly! If  
anything happens, my uncle will back me  
up!” Shen Yanli screamed.

At once, a group of security surrounded  
Chen Hao, holding batons in their hands.

Shen Yanli, however, grabbed her cheeks  
and glowered fiercely at Chen Hao, looking  
as if she would not be appeased unless  
Chen Hao’s legs were hit until they were  
broken.
