

“Chen Hao, you’re here after all! It looks like nothing can slip past these eyes of mine! My judgment will forever be this accurate!” Gu Feng said with a light laugh.

“Chen Hao, quickly punish this \*sshole! He was the one who chopped off Xin Xin’s arms. If you came any later, he would have killed me, too!”

She looked at Gu Feng in anger as the terror in Li Mumu’s heart dissipated.

Chen Hao patted Li Mumu on the head and nodded.

Only after that did he look at Gu Feng.  
“Young Master Gu, I didn’t know you were so confident. Besides guessing that I’m in this village, what else did you deduce?”

Chen Hao looked at Gu Feng and smiled faintly.

“I’ve guessed that today, your cultivation is going to get destroyed by me! I’ll bring you back to the Gu family to await my grandmother’s orders!” Gu Feng said coldly. “So, what will you do now? Are you going to admit defeat? Or are you going to wait for me to destroy you?”

“You really are very confident, almost as if you’re well prepared for anything before it even happens!”

“That’s right, I’ve always been that way!”

Chen Hao nodded. “Sadly, Young Master Gu, you’re going to be disappointed today. Li Ba, watch out for the Spirit Flower. Attack!” Chen Hao yelled at Li Ba.

“Yes!”

Li Ba stepped forward.

Then, he raised his head and roared.

Boom!

At that moment, the ground shook and the mountains quaked as the ground around Li Ba seemed to explode.

Clouds of dust rose.

“So, you found a helper!” Gu Feng smiled playfully.

However, the smile lingering by the corners of his mouth quickly vanished.

He had just witnessed Li Ba slowly growing bigger and bigger in the clouds of dust. He had grown three meters tall.

He resembled a giant.

The muscles on his body radiated strength as if they were made of iron.

“Huh?” Gu Feng’s eyes twitched wildly.

Li Ba had already started running toward him, and he was too fast to beat.

Before he had even reached Gu Feng, a strong force had already held him in place.

“Sh\*t!”

Hurriedly, Gu Feng tried to take out the family’s magical weapon that he had brought with him, the Ghost flower!

However, Li Ba had been prepared for that.

He roared again.

Gu Feng felt a strong gust of power echo in his head. Instantly, his mind went blank and his whole body froze.

Bang!

Li Ba lifted Gu Feng up in one swoop.

He then landed a sweeping punch on Gu Feng's chest.

Pfft!

Blood gushed out from his mouth. In that instant, he felt as though his world was spinning.

On the other hand, the so-called skilled fighters of the Gu family had already died one by one as if they were mere fleas under Chen Hao's hand.

Boom!

Gu Feng was smashed onto the floor, and a giant crater appeared in the ground.

Li Ba was massaging his fists, preparing to land his final punch.

This punch would definitely turn Gu Feng into a pile of human flesh.

"Li Ba, stop!" Chen Hao yelled after he settled the Gu family's fighters.

“Chen Hao, this fellow crossed the line! He’s way too careless with his words and managed to fool the both of us! He made us think he was some kind of master, but in actual fact he’s just a piece of trash!” Li Ba clearly hadn’t had enough.

He still had unfinished business.

Chen Hao had also realized that after Li Ba transformed; it seemed as though he couldn’t go one moment without smashing something.

“He’s the first Young Master of the Gu family. From what I’ve heard, that old lady in the Gu family really treasures him. Don’t kill him!” Chen Hao said hurriedly.

“Hahaha! Chen Hao, so you do know a thing or two! That’s right, my grandmother treasures me the most. You also probably already know that if you kill me now, my grandmother will break you into pieces! You had better ask this monster to retreat and follow me back to meet my grandmother. Then, I can give you a second chance!”

Amidst Gu Feng’s fear, he gripped at Chen Hao’s words like a lifeline.

He was very skilled. Thus, ever since he was young, he was completely arrogant.

However, he never imagined that he wouldn't be able to withstand even one punch from this mutated freak.

In that one moment, Gu Feng was stunned.

He was about to die. He hadn't even gotten to leave his last words, and he was about to die!

However, right at death's door, Chen Hao became afraid. He knew of the Gu family's power!

"Chance? What chance?"

Chen Hao dusted off his hands as he asked Gu Feng who was sprawled on the floor.

"Today, if you let me go, I'll tell my grandmother not to harm anyone in this shanty town. If you kill me, my grandmother will turn this place into a bloodbath!" Gu Feng said.

"What were you thinking? The reason I didn't let Li Ba kill you just now is because

killing you won't bring your grandmother enough pain! Just killing you like this would be letting you off too easily!" Chen Hao smiled menacingly.

When he looked at Chen Hao's smile, Gu Feng's stubbornness instantly melted.

He stuttered, "W-what do you mean?"

"When I was on the way here, I was thinking of what to do with you. As of now, you are still of some use to me! Li Ba, tidy this place up and leave this guy to me!" Chen Hao said.

Li Ba immediately went off to get rid of the corpses.

Chen Hao took the Spirit Flower from Gu Feng's embrace. There was another thing there, which was a model of the Spirit Flower made from pure gold.

"Young Master Gu, what is this?" Chen Hao asked.

"The Ghost Flower!"

Gu Feng frowned. At that moment, he had already lost all of his bluster from before.

“Hmph, motherf\*cker! You wanted to kill me? I’m going to beat you to death!”

Li Mumu had already run over.

She slapped Gu Feng’s face.

Gu Feng widened his eyes and looked at Li Mumu with a gaze full of murderous intent. “Stupid woman! I hate it the most when someone slaps me in the face. You’re asking to be killed!”

With a face full of anger, he struggled to get up, but that one punch from Li Ba had severed many of his channels. He didn’t have any energy to stand up.

Slap!

Chen Hao raised his hand and slapped Gu Feng across the face, hard.

Gu Feng glared at Chen Hao again.

Slap!

Slap!

Slap!

Chen Hao slapped Gu Feng harshly again and again.

“Are all of you not afraid of death? I will get my grandmother to murder all of you!”

Gu Feng gritted his teeth so hard that they were about to shatter.

Ever since he was young, no one had ever dared to treat him this way. No one! It was incredulous that he had just been slapped multiple times!

“Young Master Gu, you’re already in my hands. Do you still think you’ll still live to talk to your grandmother? Besides, I’m not going to let that old woman go, either!”

As he spoke, Chen Hao brought him to Uncle’s front yard.

Chen Hao threw Gu Feng on the floor and kicked him around a bit.

Then, Gu Feng saw Chen Hao take out three bowls of water.

He was transforming something in his hands.

“Chen Hao, what are you doing?” Li Mumu watched in surprise by his side.

“I’m creating a poison, called Ruthless Poison!” Chen Hao said.

“Why do you need to use water?”

“Water will help magnify the effects!”

“Ruthless Poison? Why is it called Ruthless Poison?” Gu Feng glared at Chen Hao, but one could see there was a hint of terror in his eyes.

“This poison is the most deadly poison out of all the Secret Poison Arts. Once it kicks in, your whole body will start to itch crazily. The itch will persist until you’ve scratched off all of the flesh on your body—until you’ve scratched yourself to death!” Chen Hao said.

“\*sshole, you wouldn’t dare!” Gu Feng widened his eyes and warned.

“Oh, but I do!”

As he spoke, Chen Hao had already finished creating the poison, and he was just about to pour it into Gu Feng’s body.

“Young Master Chen, I’m sorry! I’m sorry! Grandmaster Chen, please don’t!” Gu Feng started to beg pathetically.

“I only obeyed my grandmother’s orders, that’s why I came to catch you! Think about it. There was no animosity between us before this, and everything happened because of my grandmother! Just now, you said I was useful to you, right? That’s right, I am still useful! Extremely useful, in fact!” Gu Feng said.

“Ah? Then tell me what you know!”

“My grandmother said that the Spirit Flower specializes in controlling your pure vital Qi. This Ghost Flower can easily defeat you, and is the Gu family’s heirloom. Let’s make a deal. Don’t use poison on me and let me go. Then, I’ll tell you how to unravel the secret of the Spirit Flower and teach you how to properly use the Ghost Flower! You just need to spare my life! How’s that?” Gu Feng gulped as he frantically explained.

“That sounds like a pretty good idea! Also, I need to ask you a few questions, and you have to answer them all honestly. After that, I’ll think about whether I should use this Ruthless Poison on you!” Chen Hao smirked.

“A-ask quickly, as long as I know the answer, I’ll tell you everything. Just don’t kill me!”

Now, Gu Feng just wanted to stay alive. To be honest, he was thoroughly terrified by Chen Hao’s threat of poison. Originally, he had wanted to use his grandmother’s reputation to scare Chen Hao, but he wasn’t afraid at all.

This man’s techniques were extremely ruthless and wicked.

This \*sshole!

Gu Feng wished he could slice Chen Hao up into pieces.

He couldn’t do anything but tell Chen Hao the secret to understanding the Spirit Flower and how to use the Ghost Flower. He also answered all of Chen Hao’s questions.

“I’ve already answered all your questions, and I’ve told you everything you didn’t even ask for, too. Now you can let me go, right?” Gu Feng lifted his head and asked Chen Hao.

“Let you go? Sure, we’re even now, but you still broke off Xin Xin’s arms! I haven’t settled that score with you yet. That’s why I’m still going to give you this Ruthless Poison!” Chen Hao said, laughing.

“Motherf\*cker! Chen Hao, how dare you mess with me?” The veins on Gu Feng’s forehead popped as he roared at Chen Hao in anger.

“That’s right, I’m messing with you! Did you really think I would let you go? Idiot!”

Chen Hao smiled coldly and jerked his wrist, administering the Ruthless Poison onto Gu Feng’s body.

“\*sshole! I’m going to kill you and cut you to pieces! Get rid of the poison!” Gu Feng struggled as if his life depended on it.

With the amount of rage and terror he was feeling mixed together, Gu Feng had already gone mad.

“Get rid of it? Do you know why it’s called ‘Ruthless Poison’?” Chen Hao asked.

“Why?”

“Even if it isn’t the most poisonous among the Secret Poison Arts, it’s the strongest. Why is that? Well, that’s because there’s no way of getting rid of it. The Secret Poison Arts only recorded the way to make it, and not its antidote. That’s why there’s no way to cure it! Also, don’t channel your Inner Energy. I haven’t triggered this poison yet. The moment it senses Inner Energy, it will come into effect on its own. When that happens, don’t blame me! Even if you manage to find a professional to help you get rid of it, you can’t use vital Qi to force it out!” Chen Hao laughed.

“Huh? It can’t be cured? You... you!”

Gu Feng was so angry that he was shaking. However, he didn’t have the guts to say anything else.

He clawed at the soil on the ground. Begging was useless at this point. The poison was already embedded in his body and just one word from Chen Hao would cause it to take effect. Then, he would

really die an ugly death.

“Young Master Chen, I’ve settled everything! Hey, this fellow isn’t dead yet?”

Li Ba had returned, and he had already shrunk back to his original form.

He walked over and kicked Gu Feng a couple of times.

“Why didn’t you kill this punk? What are you keeping him around for?” Li Ba asked.

“He’s still useful no matter what. I’ll seal off his Inner Energy and throw him into the dungeon later. Li Ba, stay in the shanty town and protect Li Mumu and the villagers. Even though I’ve already asked Gu Feng to send a message to divert the attention of the underlings of the Gu family, it’s better to be safe than sorry. Stay here,” Chen Hao said.

“Okay, Young Master Chen. Where will you be going then?”

“I need to go find Su Ruoxi. I’ll go alone!”

After Chen Hao finished speaking, he turned and went to look for Li Shuisheng

and Li Shuixia first.

“Little punk. Let’s go, I’ll throw you into the dungeon!”

Li Ba picked up Gu Feng with ease.

Gu Feng was like a little chick, too scared to make a peep.

Back to Chen Hao.

In the afternoon, Li Shuixia contacted Su Ruoxi.

She told Su Ruoxi that someone wanted to meet her.

Su Ruoxi was extremely trusting of Li Shuixia, so she immediately agreed.

Chen Hao, Li Shuisheng and Li Shuixia rushed to Su Ruoxi’s company in Thai City.

Just like Chen Hao had guessed, there was a strong aura all over Su Ruoxi which confirmed that she was the perfect vessel for the lady in white.

“Mister Chen? Li Shuixia said that you needed me for something. Whatever could

that be?”

Su Ruoxi looked to be around twenty-seven or so. Her skin was as smooth as jade and her features were regal. At a first glance, she gave off the vibe of a successful female director.

“I need you to follow me to a place, and I promise that I will only borrow your time for three days. Of course, this is an exchange. Li Shuixia told me that your company is in financial distress. In regards to those financial matters, I can pay you back ten, twenty times more!” Chen Hao did not beat around the bush.

Su Ruoxi knitted her eyebrows and forced out a smile. “I’m sorry, Mister Chen Hao. I don’t understand what you’re trying to say. Borrow me? I’m afraid that won’t be possible!”

Su Ruoxi immediately turned him down.

She was extremely confused. Who exactly was this dignified-looking young man? Was it even possible to ‘borrow’ a person? Besides, she needed an investment of 100 million. Who was he to say that he would pay her ten, twenty times that amount? It

wasn't as if he could give her over a billion, right?

Right then and there, she had labelled Chen Hao as unreliable.

Su Ruoxi was just about to stand up and end this strange conversation.

"Young Master Chen, you can't go in! Our CEO is meeting guests right now!"

Suddenly, the sounds of arguing could be heard from outside.

"She's probably meeting some pretty boy, right? Hmph! Screw off, I want to meet Su Ruoxi!"

The man named Young Master Chen swung open the door violently.

Behind him, a bodyguard followed closely. There was also a man who looked to be sixty or so. He had a goatee and was wearing Ancient Chinese robes and a felt cap. To an outsider, it would have looked as if a filming crew had showed up.

"Su Ruoxi, your subordinates are way too unreasonable. How dare they block my

way? Don't they know I've already arranged a marriage with their General Manager Su?" Young Master Chen said carelessly, his hands stuck in his pockets.

"Chen Tielin, who has agreed to marry you? You're crazy! Does my office look like the kind of place you can come and go as and when you like?" Su Ruoxi said angrily.

Chen Hao stood by one side. When he saw Su Ruoxi's expression of disgust, Chen Hao knew immediately that Su Ruoxi was not interested at all in Chen Tielin.

"Su Ruoxi, why don't you listen to my reason for coming to find you so urgently first? I went off to look for great doctors to heal your mother's serious illness. This is Doctor Zhen, Zhen Yaoming. Your mom has been in a vegetative state for several years, right? Doctor Zhen has treated and cured many vegetative patients!" Chen Tielin introduced.

When Su Ruoxi heard this, emotion flashed across her face.

At first, she had wanted to angrily chase Chen Tielin out. However, when she heard what he had to say, she swallowed back

her words.

“Him?” Su Ruoxi looked at Doctor Zhen.

“Miss Su, Young Master Chen tried really hard and begged me for a long time before I agreed to leave the mountain!” Doctor Zhen placed one hand behind his back as he stroked his goatee with the other, acting as though he was a mythical hero.

“Su Ruoxi, now you know what I feel for you, right? Also, who is this pretty boy?” After Chen Tielin finished speaking, he turned and looked at Chen Hao with eyes full of hostility.
