

"I don't know him, either. Mister Chen, I'm busy today. I apologize for not being able to give you any more of my time. As for what you said before, I can't help, either. My mother needs my care!" Su Ruoxi said.

If it wasn't for Li Shuixia bringing Chen Hao to her earlier today, she probably would have forbidden any guests, and wouldn't have said so much to Chen Hao.

"General Manager Su, please think about it. I've already given you extremely good conditions, and all of that money is basically free. Also, as long as you agree, I can also help treat your mother's illness!" Chen Hao continued.

"Yes, General Manager Su, Chen Hao is—" Li Shuixia hurriedly explained.

To be honest, one of the reasons Li Shuixia wanted to refer Chen Hao to General Manager Su so badly was because, apart from Chen Hao curing her grandfather, there was another important reason—and that was for Chen Hao to cure General Manager Su's mother.

General Manager Su's mother had been a sore spot in General Manager's heart for a

long time.

Plus, Li Shuixia had seen for herself how effective Chen Hao's mysterious medicinal skills were. After eating the Rejuvenating Pill, her grandfather's face had regained some color in less than half an hour; he could even get out of bed.

Not even 'miraculous' was enough to describe Chen Hao.

"You can cure illnesses, too?"

Su Ruoxi's expression was full of disbelief.

After all, this person was pretty unreliable in her eyes. One moment, he said he would take care of her investments, and another moment, he said he would help cure her mother?

Only a fool would believe him.

"Yes."

"Thank you, Mister Chen. I'm more willing to believe Doctor Zhen over here."

Su Ruoxi didn't see the need to be courteous.

She bluntly said what she was thinking while also implying her order for guests to leave.

“Alright then, General Manager Su. Don’t regret your decision.” Chen Hao smiled lightly.

Su Ruoxi didn’t reply.

However, Chen Tielin was getting impatient. “You f*cking idiot, don’t you understand what Su Ruoxi said? You’re barely out of the womb, yet you say you can heal illnesses? I think you have some hidden agenda, that’s why you’re trying to get close to my fiancée. Xu Haier! Kick him out!” Chen Tielin shouted.

“Young Master Chen, I have sworn that I would never lay my hands on anyone without a weapon. If he had a weapon and was threatening you, then I would teach him a lesson. However, he is unarmed. He looks like a regular person!”

The man named Xu Haier folded his arms and peered at him before shaking his head.

An arrogant martial artist’s aura emanated

from his being.

“Ah, who cares about that? Teach him a lesson!” Chen Tielin yelled.

“What are you doing?! Mister Chen came here to find me. How dare you! Don't assume that just because you're bringing around a skilled fighter then you can do whatever you want!”

Su Ruoxi didn't like Chen Hao, but Li Shuixia was still here. Li Shuixia was practically a sister to her, not to mention a best friend. That was why she stopped him for her sake.

Actually, Su Ruoxi was hoping that Chen Tielin could teach this haughty guy a lesson.

“Did you hear that? Su Ruoxi is saving your *ss! Get out of my sight. You wouldn't want to see what I've got up my sleeve!” Chen Tielin warned.

Chen Hao just shook his head with a dry smile.

“You! Punk, what are you smiling at?” Chen Tielin was enraged.

"It looks like he's disrespecting you, Young Master Chen!" Zhen Yaoming commented from one side.

"I'm laughing at your confidence!" Chen Hao said. "You call yourself Young Master Chen? Don't you know your own competence?"

After that, Chen Hao turned to leave.

However, the bodyguard named Xu Haier blocked Chen Hao's exit immediately.

"You've slandered Young Master Chen. You can't leave. Let me teach you a lesson!"

Xu Haier still had his arms folded and his eyes were condescending, as if everything on this earth were mere ants to him.

This was a martial artist's arrogance.

"I really couldn't tell how confident you were, too. One of you squawking on about punishing, the other one being this reckless and wild. I'm a little curious now. Where exactly does your confidence come from?"

Chen Hao chuckled and glanced at Su Ruoxi. "I can cure your mother's illness, and I can help you settle your company's crisis. This is my gift to you. If you don't agree, that's going to be another problem!" Chen Hao warned.

"F*ck, this beast still dares to threaten my fiancée? Xu Haier, beat him to death!" Chen Tielin ordered.

"It looks like I'll have to break my oath today and punish a mere ant!"

Xu Haier was still acting as though this was some sort of unethical task. He shook his head and took one step forward.

Slap!

Instinctively, Chen Hao slapped him across the face.

Xu Haier, who had been standing near him, spun in midair twice before landing heavily on the coffee table, shattering it with his weight.

All of Xu Haier's teeth fell to the ground.

Chen Hao wasn't using any force at all. All

he did was use the usual strength needed to raise his arm to hit Xu Haier in the face.

However, this already caused Xu Haier's face to swell up.

Xu Haier's eyes finally widened, and his gaze was full of shock.

What? This man was so strong!

He couldn't even withstand his powerful blow!

How was this possible?

Chen Tielin had gotten a shock. He swallowed nervously as he stepped back.

Su Ruoxi's eyes twitched.

Clearly, Chen Hao's abilities were beyond her expectations.

"Don't you know who I am? I am the young lord of the Chen's Group!" Chen Tielin said hurriedly.

"How many times do you think I've heard the same spiel? I'm immune to it by now. Are you trying to threaten me with that

Chen's Group of yours?" Chen Hao looked at him icily.

This made Chen Tielin shudder as if he had been electrified.

He wasn't sure exactly where this terror came from. However, he just felt scared, as if his life no longer belonged to him.

"Y-yes!" He nodded in fear.

"P-please, I'm begging you, don't hit me!" Chen Tielin pleaded.

"I wouldn't stoop that low yet!"

Chen Hao looked at him disdainfully before turning to look at Su Ruoxi. "Miss Su, I'm giving you one minute to think about it. If you agree, I'll cure your mother and give you the billions you need to save your company as thanks!"

When Chen Hao made his move just now, his aura magnified intensely.

At this point, Su Ruoxi kind of believed his words.

He no longer seemed like the kind of

person who would cheat or scam others.

It was exactly the opposite. He made people feel scared. What kind of fear? Actual, genuine terror!

Su Ruoxi wanted to agree to his terms.

However, she hated Chen Hao's arrogant attitude.

"Hehe, you say you can help me, but can you actually? Our company is mired in a financial crisis and we need an investment of 100 million. You want to pay me ten, twenty times of that? Are you joking?" Su Ruoxi said unwillingly.

"Just 100 million?"

A surprised expression appeared on Chen Hao's face.

Su Ruoxi inhaled deeply. Who was this guy?

"That's right, at least 100 million! Ten, twenty times? You have to give me a couple billion!" Su Ruoxi said in frustration.

"Done!" Chen Hao nodded.

“Then, what if it was one billion at first? Would you give me twenty, thirty billion?”
Su Ruoxi widened her eyes.

Chen Tielin was in shock, too.

Chen Hao shook his head.

Hehe! I really thought you were some kind of filthy rich man!

She thought with disdain.

Chen Hao had taken out a check.

“This is a special check I got from the bank. There’s no limit. As long as you agree, you can fill in whatever amount you want!”

Chen Hao passed the check to her and added, “That’s right, fill in however much you want. As long as you can think of the number, feel free to write it down!”

“You!” At this, everyone’s eyes bulged out of their sockets.

She would have never believed it if she didn't hear it with her own ears.

Even now when she actually heard it, Su Ruoxi still thought that Chen Hao was boasting.

Indeed, this check was a special check from the bank.

Although she wasn't sure where he got it from, would he really pay her if she wrote 1 billion or 5 billion?

Even Su Ruoxi could not imagine any amount beyond that.

Chen Tielin was also in shock.

"Two minutes have passed. Have you decided yet? If so, fill in the number you like on it," Chen Hao smiled faintly and said.

"I can write any amount I want right? That's what you said," Suo Ruoxi asked sharply.

"Of course! You can write any amount you want!"

“Fine! Since you are so wealthy, I’ll write 5 billion!”

Su Ruoxi thought to herself, What are you thinking? Did you watch too many TV series? You really gave me a check to write whatever amount I like. That’s just what the writers write for TV series, and even if it actually happens to the characters—the amount would be within an affordable range for the main character—such as millions or tens of millions. How dare you boast like that, do you think you’re some sort of main character?

“I’m really going to write it down. This check has legal protection so once I finish writing, you have to make a phone call to the bank and the 5 billion will be mine! You still can back out now!”

Suo Ruoxi said as a final warning.

“President Su, don’t take it seriously!”

Li Shuixia hurriedly said in a frightened tone.

“Just write it down. I already made the phone call, just fill it in. You can go directly to the bank and transfer the money!”

Chen Hao smiled wryly.

He thought to himself, It is only 5 billion, do you have to go to such lengths?

“That’s what you said!”

Su Ruoxi bit her red lips. At that moment, she really wrote 5 billion on the check.

She immediately referred to the phone number on the check and called the bank.

“Greetings, you are Miss Su Ruoxi, correct? Please tell us the amount and your bank account number. We will immediately proceed with the money transfer!”

A sweet female voice could be heard from the other end of the phone.

Su Ruoxi swallowed a mouthful of saliva and told her the amount.

“Noted. Please wait a moment!”

The bank staff immediately started processing the transfer.

It was obvious that for a customer like Chen Hao, the bank did not need him to

come personally. His words were the strongest authorization.

Soon, Suo Ruoxi received a transfer message on her phone.

5 billion!

Gulp!

Su Ruoxi swallowed her saliva and looked at Chen Hao in disbelief.

“W-Why are you so wealthy? What if I wrote 50 billion instead of 5 billion just now?” Su Ruoxi said in shock.

“It's only 50 billion. It only has one more zero compared to 5 billion, so what?”

Chen Hao countered.

He really didn't understand why other people thought money is so important. Chen Hao even considered returning to the poor life he once had from time to time. He felt that that was the real way of living.

Now that he thought about it, he really missed it!

“Only... one more zero?!”

Su Ruoxi was once again astounded by Chen Hao’s words.

Is there anyone willing to come and kill this man? He’s unbelievable...

“Well, now that I’ve already done the first thing for you, let’s go!”

Chen Hao said.

“Go? Go where?”

Su Ruoxi was curious.

“Isn’t your mother seriously ill? I’m going to go treat your mother and cure her illness. After that, you just need to lend three days of your life to me. After three days, your task will be completed. If you think that the money is too little, I can still give you more. Or, I can give you another check for you to write yourself!”

With that, Chen Hao walked toward the door with one hand in his pocket.

“Chen Hao!”

As he walked past Chen Tielin, Chen Tielin immediately nodded respectfully.

You really can't judge a book by its cover. Chen Hao really is ruthless. He gives you a check and asks you to fill it with any amount you like. How rich can he be to even dare to say that?

The fact that Chen Tielin almost offended Chen Hao just now made him want to die.

"You, over there!"

As Chen Hao reached the doorway, Xu Haier struggled to get off the floor and leaned against the sofa.

"I used all my strength to fight you just now. I thought you wouldn't be able to withstand my blow but you are extraordinarily strong. How much of your strength did you use to hit me just now?"

Chen Hao glanced at him blankly. "Hit you? I... didn't use any strength. I just lightly swung my hand!"

"What?!"

Xu Haier was stunned.

As for Chen Hao, he was already out the door.

It was only at this moment that Su Ruoxi was willing to believe that the person in front of her, Mr. Chen—who looked trustworthy—was actually a mysterious martial arts master. He was so strong that Su Ruoxi couldn't help but believe it.

Why did he need her for three days?

Unless... he was trying to get in her bed?

But he spent so much money, and he was going to cure her mother.

Did he do all this just to bed me? Isn't that a little too... Oops! What am I thinking?!

Many scenarios flashed through her mind and a flush of color involuntarily appeared on Su Ruoxi's face.

She quickly hurried after him.

Meanwhile at the Gu family.

"Has Gu Feng made contact yet? Didn't he go to catch Chen Hao? Why is he not back yet?"

Gu Yuehong asked a subordinate.

“Madame Gu, he already went to catch him but Young Master Gu Feng only sent us a message saying that Chen Hao had escaped into the mountains and asked us to look for him. After that he switched off his phone and we couldn’t get in touch with him until now! My guess is that he had gone into the mountains to search for Chen Hao!” the subordinate said respectfully.

“At present, Chen Hao is at best a master in the Perfection Stage and it should be easy for Gu Feng to capture him. Moreover, Gu Feng has the family treasure, the Ghost Flower with him. Even if he met a master like last time, he would not be a match for the Gu family’s family treasure. So why is he taking so long?”

Gu Yuehong couldn’t help but frown as she said.

“All of you! Hurry up and go to the mountains to help Gu Feng!”

“Yes, Madame Gu!”

The subordinate excused himself.

Only then did Gu Yuehong turn to look behind the screen.

“Stop hiding. You have listened for long enough. I noticed you long ago!”

Gu Yuehong said coldly.

A woman slowly walked out from behind the screen.

It was Gu Yuxiao.

Gu Yuxiao didn't know when it started, but she couldn't forget that man. She thought of him all the time and all she could do was look forward to the day that they would meet again. What she hoped the most was that Chen Hao would never be captured by her grandmother.

“You must be very happy that we still have not caught that man,” Gu Yuehong sneered as she looked at Gu Yuxiao.

“Grandmother, why is it that we must capture Chen Hao? He has nothing against us. He just wanted to visit you but you conspired with the King of Nine Doors to deliberately hurt him. Can't you just sit down and have a talk and forgive him?”

Gu Yuehong pleaded with red eyes.

“Huh! You’re in love with him, aren’t you? I really don’t know what charms this man has. Since you were young, you have always despised men. However, you’ve only known him for a few days and you have already been swept off your feet!”

Gu Yuehong was disappointed in her.

“I.. I’m not!”

After she heard this, Gu Yuxiao nervously tugged on her clothes and her face turned red.

“You’re not? Stop lying to yourself. I’m in such a hurry to find him because other than reaching the goal of the Gu family ancestors, I’m doing it for you. It would be a tragedy if you fall in love with him. You will not have a happy ending for he will never fall in love with you. Moreover, you are also not a person that’d be enough for him. Do you not understand that I’m doing this for your own good?”

Gu Yuehong wanted to throw a fit but she herself had the same experience.

Anger flashed across her face only momentarily before she looked at her granddaughter in resignation.

“Why? Why do all of you say that I will never have a happy ending if I fall in love with him? What gives you all the right to say that?!” Gu Yuxiao said desperately.

Gu Yuxiao suddenly thought about what Master Ghost said and her blood boiled in anger.

“Well, I never wanted to tell you this but I’m telling you because I’m afraid you might do something silly again!”

Gu Yuehong took a deep breath and her face suddenly turned somber.

“Do you know what kind of a person Chen Hao is?”
