

Chapter 201: One game will win or lose

The atmosphere at the scene was very active, and Shi Yanyang seemed to be so incomprehensible, just drinking a glass of wine and casually drinking himself.

The place where Luo Yibei sat was not far from him. After sitting down, he was not surrounded by women like other people.

There is a natural cold and awkward field on his body, so he sits there, cold and arrogant, high above, and stunned.

The eyes of the two men met through the night, Luo Yibei also remembered the matter of Fang Chi Xia, thought about it and said, "The last topic, we have not finished discussing."

Both of them have known each other for so many years. What he is referring to, Shi Yanyang knows a little when he thinks about it.

The hand holding the cup was a little stiff, and the half-squinted eyelids passed a trace of sorrow.

"What do you want to talk about?"

"How about finding a time to play? A game will win or lose?"

Luo Yibei took a glass of wine from the waiter next to him, proposing.

"Okay." Shi Yanyang sipped the glass of wine in one go, and the wine glass was thrown to the table next to it, and the slender legs continued to appreciate the night of the resort.

Many of the people attending the party tonight are friends of the two, and some are called by Shi Luo. In fact, they are all celebrities or sons of C City.

However, in the eyes of Luo Yibei, I don't know what is not the same, especially after I came, I circled around the man and dig the hollow thoughts and make friends.

From the beginning to the end, Luo Yibei just sat in a corner and looked at the scene without looking at the scene. He just took a glass of wine and drank himself.

Drinking and drinking, somehow I thought of Fang Chixia's face.

What is she doing at this time?

Thinking about it, he took out his mobile phone and didn't know who to call.

In the villa, Fang Chixia took a group to bathe him after he left, sewed clothes, and gave him a very warm nest.

The nest is European-style, the bed has a bed, and there are pillows and quilts.

The group seemed to like it very much. When it was built, she handed her several times with her claws. It was like a little helper.

After the bed was laid, the round body slammed and jumped over, and the limbs rolled on the pillow.

Fang Chixia stared at her own results for a while, feeling that she was bored enough, went to the kitchen, was preparing to cook something for herself to eat, outside the door, a small figure suddenly came to this side.

Fang Chi Xia Yiyi, the line of sight looked uncontrollably.

Xiao left stood in the courtyard, saw her inside, trotting and speeding up.

“Little guy, how come you?” Fang Chixia had some surprises about his appearance.

“Hey, why are you!” Xiao Zuo did not explain, saw her, first surprised, then another expression, “I know, it must be Yibei brother to see you poor, take you Is it coming back from the roadside?”

He said very calmly, and the expression on Fang Chi Xia’s face was slightly stiff.

What is the roadside 捡 back?

However, since he understood this, she did not deliberately explain.

The child is too excited, so thinking about it is better than letting him discover that the two are married.

In fact, when I was married to Luo Yibei, it was not an exaggeration to say that she was accepted by him.

How much is her situation different from a homeless kitten?

Xiao Zuo circled her around, staring at her and staring at it for a while, and the words came out with amazing words -

Chapter 202: Small left thirty-six

“Do you know how many women want to live with Yibei brother like you are now? Your current situation is that many women can’t ask for it. Didn’t it still bother to attract the attention of Yibei brother? If you have already come in, you should seize the opportunity, huh?”

Xiao Zuo said that the head is the road, and I don’t know where those words are heard.

Fang Chi Xia was extremely speechless to him. When did she bother to attract Luo Yibei’s attention?

Luo Yibei really ignored her, and she was happy.

Little left knows so much?

He only knows that in the world of Luoyibei, women have always taken the initiative to send their arms, so they are deeply convinced that Fang Chixia, like other women, is also trying to get the kind of Luo Yibei.

Looking at her dress and looking at it, he was very disdainful.

“You can’t do this. If you want to catch a man’s heart, you must first catch the eye of this person. Do you know?”

The seven-year-old little guy is more mature than the adult. If he says it, it’s really the case.

Just why she wants to catch Luo Yibei?

Fang Chi Xia was very puzzled, but Xiao Zuo did not care, took her to look at it, and then ran to the side and called. “Hey, Grandpa, I need a few servants here, you send a few women to Is Yibei brother here?”

The way he talks is very cool. It feels like a overbearing president, and he is like a businessman who negotiates with people in the mall.

Such a small left, is to use their own typical description, Luoja people, is more than a gas field!

“What does the servant come over to do?” Fang Chixia waited until he finished the call and asked very seriously.

“Guess?” Xiao Zuo looked up at the little face and changed the previous coldness, smiling.

“Don’t say it.” Fang Chixia guessed through his thoughts that his brains were wide open, and he waved his hand indifferently. He turned to hold a group toss.

A little left to follow up, sitting next to her.

“Stupid woman, are you poor?” The little hand went to her

shoulder, and Xiao Zuo asked very seriously.

Fang Chi Xia Yi, I did not expect how he would suddenly ask this question.

“Isn’t my family left for my elder brother to take it?” Xiao Zuo asked, and glanced at her home clothes. “What do you think you wear?”

Since marrying Luo Yibei, there are actually a lot of limited editions that Luo Yibei specially prepared for her, but usually at home, when she likes to be comfortable, she wears it casually.

The dress on her body was moved from school, very general clothes, but it was very comfortable to wear.

For clothes, Fang Chi Xia has no luxury concept. For her, comfortable is good.

However, for the small left who grew up in a family like Luo, the cheap ones are bought without money.

Fang Chixia was despised by a seven-year-old child!

“I am sending you a lot of clothes, is it good?” Xiao Zuo leaned on her, thinking for a while, and said very seriously.

The seven-year-old child does not know how to be good for one person, but what he wants to say.

Fang Chi Xia is a student, there is no money, but still not enough clothes to get a little boy to send.

“Go back and read your book!” White gave him a look, and Fang Chixia was speechless to him.

Xiao left licking her mouth and playing with her on her side.

Chapter 203: The whole body tossed it all over

Two people teased around for a while, and the doorbell suddenly sounded.

Xiao Zuo ran out happily and opened the door, then led several servants to come in.

All the maids, probably came to guess the purpose of the small left to let them come, when holding the door, holding a lot of things, clothes, jewelry.

Xiao Zuo Xiao Shaoye led a group of people into the house, took Fang Chixia to stand up, took her hand and looked at it, staring at her hair and licking it, a vegetable market picking the tone of the dish, disgusting Said, "The palm is flawed, not delicate enough, the hair is not soft enough, the skin is a bit dry, she will give it to you!"

Over the head, the eyes turned to the maid who was present.

"Do you know what to do?"

"Little Master, we know!" Several maids nodded respectfully at him, and went upstairs while pulling Fang Chi Xia.

"Hey, what are you doing?"

"Let me go, I don't need it!"

"Small left, you let them stop!"

Fang Chi Xia did not expect Xiao Zuo to call people for this matter. In the hands of several maids, they struggled and did not struggle to open, and their eyes turned to Xiao Zuo.

Xiao Zuo did not see it. If he had nothing to do with the group, he continued to play. "You look at you, you are eating so fat, the form has changed, go out and say that it is my Luo family."

Although the little left person is small, it is the standard color control, and even the pet's face value is not missed.

He has been abandoned by Fang Chixia. He is very disgusted, just like Fang Chi Xia, who is not dressed up carefully.

"I said let go of me, did you hear it?" Upstairs, Fang Chixia's voice came again, and refused to be a bit fierce.

"Sorry, we only listened to the instructions of the young master." A maid returned to her and took her to the room with half a drag.

The other party is several people, and each one is still very tall. Fang Chi Xia is slim and slender. On the strength, she is struggling with so many maids.

In desperation, only a few people walked in with a blank

expression, letting a few people toss.

These maids do not know what the identity of Fang Chi Xia is. Xiao Zuo let help transform her. These maids only know how to obey.

However, looking at the square pool summer dress is not so bad, the attitude of several people has changed a bit.

Entering the room, taking her to the bathroom, **** her clothes a few times, pressing her and lying in the bathtub.

“What are you doing?” Fang Chixia was a little annoyed at the actions of several people. Such a woman made her feel like a squat in the harem waiting for the emperor’s favor.

“What? If you have such an opportunity, you will enjoy it.

Other women can’t ask for it.” A maid returned her, picked up her arm and rubbed her towel to help her wipe it.

While rubbing, I couldn’t help but abandon it. “This hand, really dry, ruined such a good skin.”

Fang Chi Xia gave her a look and did not speak.

Her skin is very good from small to large, where did it work?

These people have problems with their eyes?

Several maids, regardless of her, helped her to scrub her arms and body all over, and then smeared a lot of things she didn’t know, and helped her with an essential oil massage.

Her whole body was made of cool orange blossom oil, then she pressed her to the mirror to help her carefully manage her hair, and even took out the clothes to help her try several sets.

Chapter 204: The special goodness of Shao Shao's young master

Several servants were helping her while they were laughing, "I can't see the little left and the hobby."

"Yeah, yeah, this is a few years old, I know so much."

"Looking for a woman to find a woman, but usually see him is not low, this time how..."

After saying it, he sneered at Fang Chi Xia.

Undoubtedly, Fang Chixia, a girl who would not dress herself up at all, even the servants of Luojia despised.

Fang Chixia's face was kept in a slightly sloppy posture, listening to the dialogue of several people from beginning to end. After a group of people had finished talking, the head was cold and lifted.

"Is it enough?" The eyes swept away on the faces of several people, her eyes were cool.

Fang Chi Xia's five senses are actually very feminine, usually giving people a feeling of harmless, very fresh girl.

However, if you start to anger and stare at a few people, there is a feeling of chilling.

A group of maids were stunned by her, pouting, all shut up and not talking.

Pressing her continued and tossing for a while, even carefully helping her to paint her nails, and a few people surrounded her and went down.

When I went downstairs, Xiao Zuo was holding a group to reprimand.

His most dissatisfied is the size of the group, he is too fat, and has been pulling the two claws of the group to help it move.

When I heard the footsteps coming from the stairs, the sight of one person and one cat was forgotten.

Fang Chi Xia was born very beautiful, her beauty is the kind of natural beauty, beautiful and young.

If you put on a little makeup, dress up, and the shock of a moment will make it hard to forget.

Xiao Zuo looked at the stairs on the stairs in a large group of maids, and she was always picky about the value of the face, he actually lost sight.

Fang Chi Xia wore a very simple water-green skirt, and did not have too much modification, just blowing the hair slightly,

scattered randomly on the shoulders, and a little makeup on his face.

In fact, there is no difference in her peacetime. However, she has just been tossed by several maids for so long, and she has done special care. At this time, the looks look much better, and the white is red and fresh.

The group and the little left-handed together, the head leaning against the head, also watching her, and even the eyes did not turn, the feeling seems to be staying.

A few maids saw the reaction of Xiao Zuo, knowing that this little ancestor should be very satisfied, and several people left after they went downstairs.

When I left, a maid couldn't help but joked. "Little Master, you are still small, some things, a little bit."

Speaking, covering your mouth and laughing and leaving.

Her words are suggestive that a child who is so smart as Xiao Zuo naturally understands as soon as he hears it.

"What are you talking about? She is left to my brother!" The back of a few people left, and the little left face was red.

A group of maids are already out of the door, and they don't know if they heard him. They are still laughing at the door, and the laughter is still a little big.

Xiao Zuo seems to be mad, his face is red, and he wants to rush out to reprimand a few people, and is backed by Fang Chi Xia.

"What's so angry with those people?" He pressed him down and Fang Chixia took over the group in his hand.

Xiao Zuo listened to her words and sat down with her. "When is the eBay brother coming back?"

Chapter 205: I like to take the initiative.

This question, asked Fang Chixia.

She never asked Luo Yibei about these things, Luo Yibei will not take the initiative to tell her, she knows?

Xiao Zuo seems to have seen it, and waved his hand, an indifferent tone. "Forget it, look at you and don't look like you know."

She crouched in front of her and hugged her in the arms of her arms. He looked up and couldn't help but stare at her.

I looked at it up and down, how to see it, how satisfied I feel, and also guided her bitterly. "You see, isn't it good now? I like your brother, Yibei is not your fault, but I like it but not actively. Take the initiative, it is your problem. Don't you know, how many people in the city of C have a dream to be close to my brother?"

"Although I didn't want to understand, I am embarrassed to bring you back to the elder brother. However, since people have already come in, they have to make full use of various conditions. The near-water tower will get the moon first. Do you understand? Other women want to It's not that luck to live in!"

He was giving Fang Chi Xia a trick, talking and talking, and unconsciously took a bit of disgust in his tone, as if he did not understand how Luo Yibei would be special to her.

Fang Chixia was extremely speechless to him.

When did she like to go to Luo Yibei?

"Small left, don't watch so many eight-point TV series in the future. If you look at the cat and the mouse, the child is too early to get used to it." Didn't correct his words, Fang Chixia directly put the thoughts of so many small adults. The class has seen more TV shows.

The left corner of the left eye took a moment, returned a face that was more speechless than her, climbed onto the sofa, and sat down with her.

I took out my mobile phone and looked at the time above. He had a chat with her and didn't talk to her. "I am a brother of Yibei, this person is not very good at serving. You, you have to be careful to deal with it here, but also Don't be afraid, a woman like you, he must be too lazy to stay on you."

He always talks like this. He had just started to listen to the

kindness, but he could say and say, and he did not forget to hurt Fang Chi Xia.

The edge loss, the gaze can not help but look at her, clearly eyes are not willing to move away, can be said, it is very disgusting look.

The word is the word of heart, and it is well interpreted in him. Fang Chi Xia was too lazy to care about him, holding the group in his arms, his hand gently smoothed his hair, she asked casually, "Right, Xiao Zuo, how come you suddenly come tonight?"

Fang Chi Xia and Luo Yibei have been married for so long. This villa has basically no one to come. Now, Xiao Zuo has suddenly come, and has not been with his family, like a special trip.

Xiao Zuo actually came to the phone after receiving a call from Luo Yibei. At that time, Luo Yibei just called him on the phone and did not say anything.

After doing so, there are so many things that are purely his own meaning, and have nothing to do with Luo Yibei.

However, he did not say so much with Fang Chi Xia, but he said very coolly, "I want to come."

Fang Chi Xia's words to him were silent for a while, but they were not entangled in this matter.

Although tossed tonight, but there is a little left, this villa, really a lot of angry.

At least, she will not feel deserted when she is alone.

This time is a bit late, Xiao Zuo yawned, his head resting on her shoulder, leaning against her while waiting for Luo Yibei, playing a sly.

Today's update is ten chapters, and there are five chapters~

Chapter 206: a glass of wine

Stupid, he was very sleepy and still chatting with her.

The character of Xiao Zuo is not like Luo Yibei. Although it is also cool, it is much more than Luo Yibei.

You are familiar with him, he can tell you everything around him.

What are the number of people in Luojia, Luojia people have any characteristics, life habits and the like, like what do not like anything, he said to you all the beans, even without asking you.

He said so, Fang Chi Xia is very casual to listen.

What she thought was that it is not a bad thing to know more about it. At least, if it happens again in the future, it will not be the same as the last time the baby was.

The resort on the top of the mountain, this time is still very lively.

After Luo Yibei came, he had been chatting with Shi Yuyang. The two people usually work in Rongxi, and they have more private contacts. They are even related to the two at night, and there are many topics to talk about.

There are many people in the C city who are present tonight, the so-called ladies and daughters.

What kind of person is Luo Yibei, I am afraid no one is unclear here.

Since his appearance, many women's eyes have stopped on him, and they have not been removed.

Several times, someone was eager to come and talk, but he was afraid of the chilly gas field on his body and flinched back.

It's been a few hours, and it's probably someone who can't hold it. Finally, there is a woman who is courageous and has the courage to go in the direction of him.

The capital of a multinational group in C City, Lu Yuan, the home is a famous name that has risen up in the past few years, and it is considered to be the type of nouveau riche.

As soon as he approached, a waiter carrying a tray just passed by her.

Lu Yuan's gaze turned, staring at the wine in the tray of the man, and looked at one of the cups. If he had heard nothing, but the waiter did not pay attention, the body turned a little,

fingertips, a medicine, Fall into the glass.

“Help me give this glass of wine to Master Luo, and I said that I asked for it!” He shook his hand and handed the glass to the waiter. By the way, he gave him a tip, and Lu Yuan’s lips were lightly raised.

The waiter actually used to work on this occasion, even if she did not see the action she had just taken the medicine, but took a glass of wine and did some unusual moves and handed it to him. In fact, I guess I can guess that the wine is not clean.

However, the people here are all expensive, and no one can offend. The waiter, even if he is very clear in his heart, did what she told him.

Bring the wine to Luo Yibei, hand the cup to him, the waiter is respectful, “Lo Young, this wine is Miss Lu let me hand over to you!”

Lujia actually has a lot of business dealings with LuoJia, and Lu’s father has not had much contact with LuoJia.

Lu Yuan is so toasted now, in fact, there is nothing strange, even for the future cooperation of the two families, this wine is also reasonable.

However, Luo Yibei stared at the glass of wine and looked at it, and did not immediately take it.

Lu Yuan stood not far away, quietly watching his reaction, his heart squeaky.

After waiting for a while, I still didn’t wait for him to accept it. I walked a few steps and smiled. “Lord, don’t you have a cup of wine?”

Luo Yibei raised her head and gave her a faint look. Her eyes swam across her face at an extremely slow speed. When she said it, she was sharp and poisonous. “My face, can you afford it?”

Chapter 207: My brother needs you now.

He talks like this, regardless of your identity, and there is no room for damage.

Lu Yuan, a young lady who was raised in the palm of her hand when she was a child, when someone had spoken to her, was blocked by a word, and his face was very ugly.

“Disappeared in front of me in three seconds!” Luo Yibei cold face, did not even look at her.

Lu Yuan stood stiff in the same place, his fingertips licked the meat of his hand, and his face was red for a while.

She wants to be beautiful and beautiful, to be temperament and temperament, to have a family, and a lot of people in C city who are chasing her. Why have they been wronged?

The only one she took the initiative to attack, did not mention the wall, but also so cold face, which made her very unwilling.

“Luo Shao...” Opening, wanting to say something, Luo Yibei spit her a cold word, “roll!”

A very cold word, like the wind that suddenly blows from the cellar, is cold without a trace of human temperature.

Lu Yuan was shocked by him and stepped back two steps. He ran away with a face turned away.

The glass of the medicine that was under the medicine was still in the hands of the waiter.

The waiter didn't know what to do and put it back in the tray. Who knows that there are still no two steps left. Shi Yanyang, who just went to the bathroom, suddenly came to this side.

“Who was provoked? Is it so cold-faced, not afraid to scare people?” Shi Yanyang walked and sneered.

When I was around the waiter, I took a glass of wine and returned to where I was.

The wine that I took was just the cup that Lu Yuan had touched!

The waiter looked at him quietly, and the sweat on his forehead scared a few drops and wanted to say something, but he was afraid to stir himself in. Finally he said nothing and sullenly left.

Although Luo Yibei refused Lu Yuan, but in fact did not carefully look at the glass of wine, and put it back on the tray, all of them grow up almost, he did not pay attention.

After Shi Yanyang sat down, he poured the glass of wine on

his head.

I just drank a few mouthfuls, licked it, and spit it out before I swallowed it.

His face was a bit strange, relishing the taste of the wine, and the brows were screwed and twisted.

“What’s wrong?” Luo Yibei faintly glanced at him and handed him a piece of paper towel to him.

Didn’t wait for him to answer, looking at the distance and bravely seemed to be a woman who wanted to come and give her arms. He frowned, took a coat and put it on his body, stood up and left. “I am leaving.” Here, I will hand it over to you.

Shi Yanyang’s face was kept in a 45-degree drooping posture, and his face was very unsightly.

He is also a good person who has seen so many people in the world. A cup of wine is not clean, and he tastes it all at once. The stiffness sat in place for a while, and the hand smashed the head that had begun to stun, and he called Schroe not far away.

At this time, Schloin was playing with his left and right. When he received the call, he seemed to have a gasping voice in his voice. He felt that something was wrong and he rushed over.

“Brother, are you okay?” He ran very efficiently. Who knows that after running, he stared at Shi Yanyang for a while, only when he drank too much, this time he couldn’t walk anymore.

Out of my mobile phone address book, I saw one of the names at a glance, and a phone call was over. “Yan Yan, hurry to save the car, my brother is drunk, now I need you, the mountain resort, waiting for you!”

Dial out the number, childish!

Chapter 208: Growing up so guilty

Shi Luogang's call was very casual to open the address book, and it's a coincidence that whoever turned his name to it.

It was a child's face. When I received the call, it took more than a few seconds.

His brother is drunk, why did she let her pick up?

The relationship between Shijia and Tongyanjia is the same as that of Shijia and Luoia. In fact, they are all people in a circle. Shi Yanyang and Tong Yan are regarded as childhood friends who grew up together.

However, the relationship between the two is not as intimate as the general childhood.

The reason comes down to when the child's face is very small. At that time, she didn't open her long. Shi Yanyang looked like her eyes were always very cold. It was not as good as her ordinary bamboo horse. She met her and she always called "the clown hoe" and "the clown hoe". .

Women can't easily say ugly, even if Tong Yan was still very small at that time, self-respect was very proud.

It seems that from that time on, she hated Shi Yanyang.

Suddenly I received a phone call from Schloment, and Tong Yan was completely embarrassed.

How many servants do you have? Why is she?

After taking a phone call, Tong Yan struggled between going or not, struggling for a while, and finally went out with the car key.

Looking at the two relationships, she went.

When he reached the top of the mountain, Schloed didn't know where he was going crazy. Shi Yanyang sat alone in the chair, his hand on his forehead, and it looked like a drunk person.

"Hey, just being thrown here, is it so beautiful, not afraid of being unsafe?" Tong Yan stared at his silhouette and looked at it, while slowly moving toward him, he couldn't help but ridicule.

It is beautiful to say that Shi Yanyang does have this capital. His face is a typical example of a crime that is easy to attract people.

The familiar voice made Shi Yanyang squint and his face slowly lifted.

Seeing her in this place, he seems to be somewhat surprised. Tong Yan stood a few meters away from him, and the night was fascinating. Only the pair of scorpions like diamonds were the most authentic existence.

Shi Yanyang stared at her for a while, lost her mind, and looked away with some difficulty. As a result, she asked, "How come you?"

"Isn't Schloin calling me?" Tong Yan walked over in a few steps, kneeling in front of him, staring at him and looking at it. In addition to feeling that his face was not right, his eyes were blurred and he didn't notice anything. Something is wrong.

What is like a drunk person?

Tong Yan had a feeling of being cheated. She also licked her face and smelled it in front of his face. "How much did you drink? No alcohol!"

She seemed very puzzled, and her hand fanned in front of him. Shi Yanyang was not drunk, but he only drank less than half a cup, and there would be any alcohol.

He is only medicinal at this time!

But the child's face was still undetected, and his head was still shaking in front of him, and his face was quickly attached to his face.

Shi Yanyang's eyes fixed on her blushing lips, her eyes dark and dark.

"What kind of wine is it? No taste!" Tong Yan was still exploring, and even leaned over his clothes and smelled it.

Her character is not tweaked at all, and two people have been mad since they were young, and it is natural to do this.

"The Sloan guy lied to me!" He smashed his collar and groaned, still didn't smell a name, looked up, was about to call Sloan to sin, but his wrist was pulled by Shi Yanyang.

Chapter 209: I can't stand it anymore.

Tong Yan stunned and looked at him with a strange look.

"Help me!" Shi Yanyang's face was light and she couldn't see the expression on his face, but listening to him seemed to be a bit heavy.

The kind of intensified breathing, how to listen to what is wrong.

"Are you okay?" Tong Yan didn't know what he was. He bent over and looked at him in front of him.

She was very close to him, and her eyes were opposite, and the breath that he spurted out hit her face.

Hot and hot, very hot.

Tong Yan's head was blank for a few seconds.

"Help me get up!" Shi Yanyang was not polite with her, her long arm was put on her shoulder, and she was not stable regardless of her tall figure. The whole person leaned on her, relying on Her support step by step goes outside the resort. He is more than a head of Tong Yan, but his body is not strong, but he is very strong.

At this time, all the weights were pressed against the boy's face. Tong Yan took a few steps and was almost overwhelmed by his pressure.

"What about the driver at home? Schloer?" Tong Yan helped a little bit, and looked at the scene sideways. He wanted to call Shi Luo to help, but he didn't even see his shadow.

Shilo has always been very playful. After coming here, he didn't sit down for a minute. As long as Tong Yan hadn't come, he had already held the game with his two women. Not at the scene.

Tong Yan helpless, can only help Shi Yanyang continue to go out.

"What grows up, so heavy!"

"Hello, you have a little strength!"

"Shi Yang, I can't stand it!"

She obviously didn't want to be willing. When she helped him, the complaint didn't stop.

Shi Yanyang's gaze was swept away on her face, and there was no point of introspection. Even the two arms were replaced, and her shoulders were held together.

An action that makes the child's face slightly glimpse.

Looking over his head, his eyes looked incredible to him, and she suddenly had the feeling that he was deliberately teasing her.

“Shi Yanyang, are you deliberate? Can you still go? If you can go, you can go and you can’t go and call someone!” Looking at him quietly, her tone was slightly annoyed.

Shi Yanyang did not hear her words, holding her arms, Song did not loose.

He is quite comfortable in front of Tong Yan, mainly because the two are facing from a young age, and it is natural to do any action, no matter what men and women are different.

In fact, in other words, Tong Yan has not yet reached the point where he is allowed to treat her as a woman.

Tong Yan wanted to leave him and left, but she has already appeared here, and Schloe has not seen anyone now. She is gone. What should he do?

Hesitated for a moment, she bit his teeth and held him to go outside.

Compared to Shi Yanyang’s freedom, she went out and she was very stunned.

Shi Yanyang’s body temperature is very high, I don’t know if it is drinking wine. The two people are leaning against each other, and the body temperature is ironing with each other, so that the temperature of her body is not consciously followed.

Finally, she finally took Shi Yanyang out halfway and opened the door of the rear seat. After pushing him, she did not immediately sit in front of the car, but sat down next to him.

“He is dead! I am exhausted!” She had no idea complaining about him several times. After sitting down, she did not seem to realize her situation at the moment, and her chest kept pounding together.

Chapter 210: It's so beautiful

When she did this movement, her chest was still slightly up and down.

The two people are so close together, this scene just happened to be delivered in front of Shi Yanyang.

Shi Yanyang's endurance is so good that he is not a normal person. After drinking the glass of wine until now, he can bear what he has not shown yet. This is already very good.

However, although the child's face was still a little bit fascinated, so he sat down with him, the two people were close to the body, and their heads almost fell together.

In fact, this kind of closeness is very normal for people who grew up together. Tong Yan didn't feel that something was wrong and didn't mean to get off the bus.

She just helped him too much force, the limbs are all soft now, and the hand is completely unable to lift the strength. She just wants to sit behind and take a rest and then get off the bus, not paying attention to it for a while.

However, such closeness has caused Shi Yanyang to refrain from the road, such as being ignited by the lead, and the smashing explosion.

Detonated by Tong Yan.

The sight was stiff and fell on her face, and Shi Yang's eyes were bright and bright.

The facial features of Tong Yan are actually very beautiful, the face is very small, maybe he is not a big palm, the tip of the nose is small and quite curled, the lip of the lip is like a cherry blossom petal, the color is attractive peach pink, see Shi Yang Dry mouth.

Tong Yan has always been beautiful. However, Shi Yanyang and her have known each other for so long, but this is the first time I have discovered it.

As for why she is not the same when she sees her now, he is classified as a drug.

Shi Yanyang stared at her for a while, and her eyes were very hot.

Tong Yan is facing him. He has been staring at a man for so long, even if amblyopia should be aware.

The line of sight was stiff and he looked at his close face, and her heart jumped. "What happened?"

Shi Yanyang just stared at her and didn't answer.

"Why are you looking at me like this?" Tong Yan watched his reaction in silence, his eyes moving down his face, and he glanced at his neck and chest, and accidentally discovered that his skin was stained. One layer of red.

This is a general after-drinking symptom, but he obviously didn't drink anything.

"Are you okay?" Tong Yan pushed him.

"Don't move!" Shi Yanyang said coldly and coldly, one hand pressed one of her arms and her head rested on her shoulder.

It is natural for him to do this, no matter how tall he is, how thin and thin his face is, how uncoordinated the two poses.

Tong Yan's body was stiff and he was slightly annoyed at him.

He is so leaning on her, let her not move?

"Get up!" Pushed his body and pushed it, and Tong Yan instead pushed his head.

"I said, don't move!" Shi Yanyang pressed her hand very hard, the feeling that it was trying to restrain something, the sweat on the forehead was smashed out.

His head was low, his face was buried in the boy's neck, and she did not notice his strangeness.

Tong Yan was stunned by his head.

Tong Yan's family is a female prostitute, two sisters control her brother, plus a grandfather who is a granddaughter. At home, everyone is holding a treasure in the palm of his hand.

When did someone dare to marry her?

Tong Yan was suddenly stunned.

He is taking advantage of her, he still licked his nose?

"Shi Yang, you get up!" Didn't take his warning seriously, she pushed him again, and it was still very strong.

Chapter 211: See who I am

Shi Yanyang did not know whether he was still sitting or not. She was pushed by her, and her body fell to the chair.

Tong Yan stunned, and he wanted to pull him in a panic. His hand pulled her back and drove her down to the chair.

The posture of the two is up and down.

Tong Yan was on his body, his head just resting on his chest, Shi Yangyang's arm, and her body.

Tong Yan is already a type of girl who is not artificial.

However, such a position, even if they are familiar with each other, is too embarrassing.

Mainly Shi Yanyang's body is very tight, his body is like a soldering iron, and the child's face is not a fifteen or six-year-old girl. Some things, even if she didn't react at first, think about it a little. Can guess what is represented.

Can this be a reaction?

Avian, beast!

"Shi Yanyang, you let go!" She turned her head and her eyes swept over her hands and tried to lick it.

Shi Yanyang ignored her, but buried her face in her neck and kept sticking to her.

He did not make any other special things, just so glaring at her, the strength of his arms is very deep, and the children's face can clearly feel the deep marks embedded in his waist.

Tong Yan was not able to do it, her waist hurt so badly, her cheeks were constantly simmered by the heat he breathed, hot and hot, like steam on her face, and Tong Yan was driven crazy by him.

"Shi Yanyang, if we have something to say, let me see who I am!" Didn't continue to push him away, both hands raised his face, let his eyes and himself face, Tong Yan tried and He is reasonable.

Shi Yanyang looked at her quietly, his eyes fascinated as if he was stained with a mist.

Staring at her for a moment, her fingertips clasped her chin, and Jun's face slowly leaned toward her. "Yes, who are you?" His words, careless, also brought a hoarse that could not be said, like a charm like a fairy.

As soon as she was a child, her face was reflexively tilted back. "Who do you think of me?"

Shi Yanyang clasped her back with one hand, forcing her face, forcing her to meet her, and her face once again inclined to her, stopping at a distance from her nose, gently vomiting to her, “You Think?”

He spoke very slowly, and that feeling was like flirting.

“Let me open in three seconds, otherwise...” Tong Yan’s face was so hot that she calmed down her look. She was thinking that she should slap him above or below, and Shi Yanyang loosened her herself. “Hospital! ”

His voice was very low, and it seemed to be accompanied by depressing pain, and the sweat on his forehead was even more fierce.

Tong Yan first was a glimpse, staring at him and watching it. He combined with his previous series of questions and asked, “Would you not be prescribed?”

“Drive!” Shi Yanyang pushed her outside the car.

His appearance seems to be very uncomfortable, and his clothes are soaked.

Tong Yan did not dare to ask, opened the car and got off the bus. Lisuo sat in the driver’s seat and took him to the hospital under the mountain.

Arrived at the nearest hospital, sent him to the ward, watching the doctors go back and forth in the ward one by one, and Tong Yan did not know what he was, did not leave first, but accompanied him in the ward.

What she thought was that she left when he woke up, but did not expect that, in the middle of the night, people have not gone.

Chapter 212: You are doing very well today.

It was already late for Luo Yibei to return to his home and Fang Chi Xia's home from the resort.

The villa was very dark, and the main house didn't even leave the lights. Only the garden and the gate opened a few street lights.

Fang Chi Xia was already asleep when he opened the door of the hall and walked in.

Xiao Zuo is still there, two people curled up into a group on the sofa, holding a pillow in their hands, leaning against one another on the other side, so cuddling, like a pair of siblings. Xiao Zuo's character is like his father. It's not so easy to get too close to people, but he and Fang Chi Xia are particularly close.

I can see that he really likes her.

Luo Yibei slowed down and walked over, standing next to the two, first looked at the left, and his eyes turned to Fang Chixia's face.

Before the Fang Chi Xia, the servant who was called by Xiao Zuo tossed a pass. At this time, the maids who had worn the clothes before were carefully selected for her, and the makeup on the face was not unloaded.

Her makeup is very light, almost invisible, but with a little dress, the visual impact is very strong.

There is nothing special about the clothes. The wardrobe of the two-bedroom, Luo Yibei makes a lot of clothes for her.

The maid specially selected for her is just a little better to grasp the man's psychological point, knowing how to get the right exposure, the best, and the most pleasing.

You don't need to be overly exposed, but you just want to cover up the little dew shoulders and beautiful backs. That's all.

Luo Yibei stared at her and looked at it. She bent over and wanted to pick her upstairs. Xiaozuo didn't know what to do at this moment. Suddenly she opened her eyes.

"Easy brother!" He saw him, he seemed very happy, and he screamed at him and his face smiled.

Luo Yibei made a snoring action on him, and he licked his head. "Today is very good. Now go upstairs and find a room to sleep!"

Xiao Zuo listened to his words more than listening to his aunt. "Good night!" He said this, Xiao Zuo Teng retracted from the sofa, short arms and short legs and went upstairs to find the room.

Then came the sound of the door upstairs.

Fang Chi Xia did not seem to be awakened, still sleeping.

Luo Yibei glanced at her and slid her up to the master bedroom of the two upstairs.

Into the room, backhand with the door, put her on the bed, arms on both sides of her body, leaning over, his lips down her forehead, kissed her carefully and densely Face, biting her lips very badly.

His purpose is to woke her up, and the strength is not small.

Who knows that Fang Chi Xia has not even blinked his eyes.

Luo Yi was intensified in the north, and the hand pushed her directly.

Fang Chi Xia pushed his hand uncomfortably, and his eyes still didn't open.

"Wake up!" Luo Yibei was impatient. The hand was just about to continue to extend. Fang Chixia didn't know if it was intentional. The body suddenly turned to the side.

Luo Yibei looked at her quietly, and the scorpion squinted slightly, and stalked her skirt to the hem of her skirt. She wanted to pull the tear. Fang Chi Xia's body was obviously stiff, and her hand was exposed outside the bed. He pressed his hand in the quilt.

"Don't be like this." Her voice was a little confused, and she heard a deep sleepiness.

Turning sideways, her gaze looked at him, and pulled down his other hand's restless hand and pressed it on his side. "It's late, will you be tomorrow?"

Chapter 213: What did you do last night?

She looks really sleepy, her eyes are foggy, and the voice is soft and soft.

Luo Yibei is actually no animal to the point where she touched her on the brain. Just when she was downstairs, she saw that she was so sturdy and squatted with her, just wanting to toss her.

And it was not too late at this time, biting a bit on her lips, the body pulled away from her body, and he lay down beside her. Fang Chi Xia sighed and wrapped his sheets to continue to sleep.

The next day she got up a bit early, and woke up before Xiao Zuo, mainly because she didn't want Xiao Zuo to know that she and Luo Yibei lived in a room.

Xiao Zuo is still small, Fang Chi Xia does not want him to know more and go back and say leaks.

As long as Luo Yibei was there, he was particularly embarrassed. Anything that was cold was lost. He went to the table and saw him at the table. The little figure ran over and sat down intimately.

"I want to be here today." Playing with the cutlery on the table, he said.

"No, I have to go back today." Luo Yibei did not look at him, and his attitude was firm.

"Why? There are so many rooms here!" Xiao Zuo did not understand.

Luo Yibei looked at his face and turned his lips.

Because he is here today, he naturally has to go back!

Didn't say this, he didn't change his color and said, "I heard that my sister's sister next door is back today!"

Luo Family has moved to a new family in the next few years. There is a mixed-race baby at home. A little girl of 5 years old is very beautiful.

Every time the girl came to Luo's home, Xiaolong, who has always been cold, always likes to play with the little girl and make people like dolls.

Luo Yibei deliberately mentioned this, and wanted to use the baby to take the left left branch.

When Xiao Zuo heard the words, his eyes were obviously brighter, but he quickly snorted. "What fun is that little girl? It

will also runny nose and dirty.”

He said it was very disdainful, but after that, there was obviously some absent-mindedness, and it seemed that the thoughts had already drifted home.

Luo Yibei quietly observed his reaction and did not reveal it. Fang Chi Xia prepared breakfast in the kitchen. It seemed to be a little busy when someone turned around in front of the big flow counter.

Xiao Zuo saw her like this, and she strengthened her view that Luo Yibei came back from the roadside.

If you don't come back like a kitten or a puppy, how can you be pitiful like a servant?

“I will help you.” Xiao Zuo couldn't stand anymore. He shrank down from the chair and went in to help her deliver the plate. The end dish was busy.

The breakfast for three people is not ready yet, and the ringtone of Luo Yibei suddenly sounded at this time.

The caller ID is the number of Shi Yanyang, but after receiving it, it is the voice of Tong Yan.

Luo Yibei looked at the time of the watch, seven o'clock.

The brow wrinkled, and the voice of Tong Yan just rang. He followed the sentence. “What did you do last night?”

Tong Yan seems to have been stunned by his words. After a long silence, she returned. “I am in the hospital. I don't know what is going on now. Come over!”

Luo Yibei stunned, the expression on his face slowly converge, took the coat and went outside.

“Where to go?” There was a confused voice from Fang Chixia.

“Together!” Luo Yibei looked at her and Xiao Zuo, his eyes gestured, and walked in front of the door and went outside.

Chapter 214: Impatient couple

When Luo Yibei and Fang Chixia rushed to the hospital together, Shi Yanyang did not wake up. After being sent over last night, he was still asleep.

Tong Yan sat beside his bed, his head resting on the edge of his bed, it seemed that he had not slept overnight, and his long hair was still very unkempt.

It was still very early at this time, and suddenly I saw two people together, and obviously I didn't separate for the whole night. It's not just that Luo Luoyibei didn't think much about it, even Fang Chixia, when I saw two people, Oh.

"What happened to you last night?" Standing at the door, she didn't go in immediately. She looked at the bed and turned her eyes to Tong Yan. The question asked was not much different from Luo Yibei.

Tong Yan was stunned by her words and was extremely speechless to her.

Really tacit understanding!

The question that should be concerned about at this time should not be why Shi Yanyang is lying in bed?

"Fang Chi Xia, you are serious!" Tong Yan snorted at her, the voice is still a little big.

Fang Chixia was immediately stunned by her attitude, pouting, and walked over a few steps, and changed the subject. "What's wrong? How come the hospital is coming? Is it okay?"

She has already pulled the topic back to the normal question.

Who knows that Xiao Zuo suddenly inserted a sentence, "Sister Tong Yan, you have been together last night? What can you do to get people to bed?"

Xiao Zuo was only seven years old and his voice was very young. The question asked is actually very likely that the word order still doesn't know how to handle it correctly, but it is mistakenly hit, so that Fang Chixia, who is already serious, wants to be serious. Crooked.

"Small left, what do you say?" Tong Yan was blocked by him for a while and did not know how to answer.

"Is there something wrong?" Xiao Zuo leaned his head and looked at her with a smile, and asked very innocently.

Childhood is speechless.

What made her speechless was that the little left image was

like what was rushing, and she was very excited to hold the mobile phone. When she turned around, she ran out and screamed and called.

“Hey, Grandpa, is there a news to hear? Tonight, Tong Yan’s sister and her brother have stayed together all night, it’s all night!”

“Uncle, I have secret news here, about Tong Yan’s sister and her brother...”

“Shi Shushu, your grandfather didn’t return tonight last night?”

“Auntie, last night, Yan Yan’s sister has been with her brother. Do you think that your uncle, Yafeng, will kill you?”

.....

In fact, there are not many words in the small left. There are a few words in the Luo family.

However, at this time, he was like a small horn. After entering the ward and seeing this scene, he called a family and called the people who were familiar with Tong Yan and Shi Yangyang. The message was all spread out.

In the ward, it was very lively.

Shi Yanyang was still in bed, and his head was still very dizzy, and he was awakened by him.

“Small left, what are you doing?” Looking at him at the door, Shi Yanyang’s eyes twitched.

The little left side is over the head, smiles at him, his expression is very innocent, “Wake up?”

Fang Chixia was incredulously watching this scene, and quietly opened the distance between himself and Luo Yibei.

Fortunately, last night, she and Luo Yibei were not seen by the guy.

Fang Chi Xia did not dare to imagine if Xiao Zuo knew about her and Luo Yibei’s aftermath.

It seems that I have to avoid this guy in the future!

Chapter 215: You look like you have been abandoned.

There was a little left in the ward, which was extraordinarily lively.

Tong Yan was just a little embarrassed when she first heard his words, but it was not sensational. After that, nothing happened with anything. If nothing happened, I would chat with other people.

Shi Yanyang was actually no big deal. He slept and slept for a night. After waking up, he didn't even stay in the ward. He took the coat and left.

"Why is this?" Luo Yibei walked side by side with him and asked while walking.

"This is much more than the glass of wine last night." Shi Yanyang dropped a sentence and turned to call Shilo to call the car.

Luo Yibei stood in the same place and jumped in the corner of his eye.

That glass of wine...

Fang Chi Xia and Tong Yan followed, and two people were chatting while walking.

"Big baby, we will be together..." Fang Chixia always called her big baby, used to become a natural opening, and Luo Yibei's sharp eyes in front of her swept in her direction.

Fang Chi Xia Yi, pouting, although he did not understand his name, which hindered him, but still changed his mouth, "Yan Yan, will have breakfast together."

"Good." Tong Yan was particularly embarrassed in front of Fang Chixia. After entering the hospital last night, she didn't eat anything. She took her while walking and asked her. "I want to eat crab yellow bag, scallion cake, I have to eat." Green soy milk..."

"Well, I invite you." The two men crossed the Luoyi North and went straight, and even did not call one.

Luo Yibei stood behind and looked at the two quietly, his face slightly distorted.

"Brother, you seem to have been abandoned!" Xiao Zuo was very emotional.

"I want to copy Oracle today?" Luo Yibei coldly glanced at him and walked in front of the car.

Xiao Zuo really wants to follow Fang Chi Xia, but looking at

Luo Yibei's face does not seem to look good, a few steps to follow up.

Luo Yi North just saw in the ward how much he would spread the news. When he was calm, he immediately sent him back to Luo's home.

Fang Chi Xia and Tong Yan left, the two first found a store to solve the breakfast, and then went shopping together.

At noon, the two left the mall and went to the nearby CL restaurant.

CL is a very luxurious hotel in C. The main thing is to make French cuisine. In this case, there are some people in C city who have identity.

Dining here is proposed by Miss Tong Da.

After Fang Chixia picked up the location, he went to the bathroom.

When I came out, I just walked into the corridor, and I was pumping a sigh of relief.

The sound came from a corner of the figure facing her, some depressed, somewhat dull, seemingly painful.

Familiar back, even though I have seen it several times, Fang Chixia was impressed.

Lorge!

In fact, no one directly told her the identity of Lonchi, but they have all met in Rongxi, plus last night, Xiao Zuo gave her science information so many Luo family, Lonci and Luo Yibei. The relationship can be guessed.

Fang Chi Xia does not really care about other people's affairs, nor does he want to have too much contact with the Luo family.

However, in this case, she is nominally the husband's grandfather, so that she does not care, she can not do so indifferent.

After a few steps, she held Lonchi and asked about her concern. "Is it alright?"

Lorge saw her, some accidents, this time the cold sweat on his forehead, the voice is very weak, "medicine..."

Chapter 216: Call me grandpa.

“Where is it uncomfortable? What medicine? Where is it?”

Fang Chixia looked at him. He didn't see where it looked like a drug. He held him to a lounge chair next to him and asked.

“Do you need me to buy it?”

“Stomach medicine...” Lorge licked his abdomen and his expression was very uncomfortable.

Fang Chi Xia Yi, this is a stomach disease?

I wanted to help him buy medicine, but he was afraid that he would go wrong after he left. After considering it, he finally took out his mobile phone and called Xiaoyan. “Yan Yan, you should go to see where there is a pharmacy nearby, help me. I bought a stomach medicine and I am waiting for you at the hotel.”

Simply confessed that she hung up the phone.

She doesn't really know if there is a pharmacy nearby, and she doesn't know how long it takes for Tong Yan to go out.

“You can bear it!” Looking at Lonchi's apparently uncomfortable look, she held him against the wall behind him, crouched in front of him, held his hand in his hand, pressed his hand to help him smash. stand up.

Her movements were very gentle, and she didn't know what to do. The fingertips twitched back and forth around his wrist, and then it was three feet away.

Just so back and forth, I don't know how long it took, until Lonchi's face slowly eased, and the cold sweat stopped.

She is helping him to relieve pain through hand treatment!

Lorne looked at her intently and still scorning her, and her eyes were unusually soft.

When she saw her for the first time, he knew that she was smarter than others, but she did not know that she even understood these things.

This girl, once again let him look at it.

“Is it better?” Fang Chixia looked up and asked again.

“It's all right.” Lonchi smiled at her with a faint smile. “So smart, come here to eat?”

“Yeah, with friends.” Fang Chixia answered politely.

“Since all of them have run into it, let's go together!” Lonci stood up, took two steps, stopped and handed his elbow to her.

Fang Chi Xia Xian was stunned, and some accidents he did

this, but not stupid.

She understood that he was helping himself.

This kind of support for an elder is generally only qualified for the closest person around him, but he let her do this, which is the reason for Fang Chixia's accident.

"Let's go!" Lorge said.

Fang Chi Xia returned to God, walked a few steps, held his arms and went with him to the restaurant.

When I came to the restaurant where Lorge was sitting, Tong Yan just bought the medicine back.

"Who is sick? Summer and summer, are you? When is there a stomach?" He rushed to the side and ran into a lot of problems. When I saw Lonchi, I stumbled on it, and my eyes looked stiff and I looked at Fang Chi Xia.

Fang Chi Xia was sitting next to him, apparently approved by the father.

Does Grandpa like summer and summer?

Aware of this problem, Tong Yan did not know whether she should be happy for her or not.

"Yan Shutou, you are also, you and this girl know? Together!" Lorch looked up at her and smiled and gestured for her to sit down.

"Grandpa, are you uncomfortable?" Tong Yanzhen sat down and handed him the medicine. His eyes looked at Fang Chixia.

"I just happened to meet my father, so I will be together." Fang Chixia explained.

"What old man, since he is so familiar with Yan Yan, just call her grandfather!" Lorge corrected her and hired the waiter to order.

Chapter 217: Cruise ship

In a word, Fang Chi Xia and Tong Yan were once again, and the eyes of two people looked at his face.

The character of Lorge and Luo Yibei is actually not much. Although it is very kind to talk with Tong Yan, it is never good for others.

Now special treatment for Fang Chi Xia, I can see that Lorge is very different to her.

Tong Yan did not look at this look of Lonchi, thinking about Fang Chi Xia and Luo Yibei's hidden marriage, did not think this is a good thing, but a little worried.

Luojia is such a big family in C City. Tongyan itself is born of a big family. It is very clear that the famous family has many ideas.

Now Lonchi doesn't know that Fang Chi Xia and Luo Yibei's relationship is so good to her. If I really know, will the attitude be like this?

Fang Chi Xia did not want to go too far with anyone in the Luo family. Now Lonchi suddenly is so special to her, she is not used to it.

Staring at him for a while, the "grandfather" could not be called.

Lorne took a meal and looked at her, as if she was still waiting for her to speak.

Fang Chi Xia was silent for a while and whispered, "Grandpa."

The sound is not big, probably only Lonchi heard.

Lonchi smiled, only when she was embarrassed, not much.

Three people used up the meal in the restaurant, after which Lonchi was sent back by Tong Yan.

Fang Chixia returned to the villa in Luoyibei by car and entered the house with some thoughts.

"I was finally willing to come back." Luo Yibei sat in a rattan chair in the garden, glimpsed her, spoke like a cold air, desolate and desolate.

"Oh." Fang Chi Xia over the side, looked at him, faintly responded, turned and wanted to enter the house, but he was stopped, "I am waiting for you."

Fang Chi Xia Yi, the footsteps stopped, "Is there something?" Luo Yibei stood up and walked up to her carelessly, taking her

to the car.

He has always been like this, where to go, what to do, never tell her.

Fang Chi Xia also asked for more saliva, and after he got on the bus, he was responsible for carrying him all the time, and said nothing.

The two finally arrived at a very quiet coast, and the dock only docked a cruise ship.

A very large sea-going ship, pure white, luxurious and distinguished, seems to be a private cruise ship.

Shortly after the arrival of the two, Shi Yanyang actually came.

Fang Chixia looked at him and looked at Luo Yibei. He didn't understand what the two were doing.

“Speak to remember to count!” Luo Yibei and Shi Yanyang walked side by side, chatting while walking.

“First win me and say it again!” Shi Yanyang hooked his lips and slowly went on the boat.

Fang Chixia followed behind the two, staring silently at the dialogue between the two people, and the eyebrows were screwed.

What?

They want to play?

The facilities on the cruise ship are well equipped, and there are patrols like the Royal Guards in the corridor.

Seeing Shi Yanyang and Luo Yibei who came up, the people here are very respectful to both.

Luo Yibei walked in front, and the place where the two men who came behind finally came was the deck.

When I came up, the deck was pre-arranged, and the bow was decorated with a wall of roses around the guardrail. It was a hot Dallas red rose, except for the small one in the center.

It is a Louis XIV rose, the color is a folly purple, unique and noble, mixed in a red rose, thousands of changes, different.

Chapter 218: Starting tomorrow, you are mine (1)

Luo Yibei and Shi Yangyang walked onto the deck. The two waiters looked at the two trays and walked up. The white cloth covered on the tray was uncovered. It was... two guns!

Fang Chi Xia Zhigen did not know what the two men came here to do. When the gun was seen, the pupils shrank slightly, and the eyes fell on the faces of the two.

Luo Yibei picked up one of the gold pistols, wiped it with a white cloth on the tray at an extremely slow speed, and took it in his hands for a while, then walked to the stern.

His eyes swept Shi Yangyang and he waited for his movements. Shi Yangyang picked up another gun and walked slowly with him.

The place where the two were located was facing the bow, and the straight distance was not so partial to the Louis XIV rose that was mixed with the sea of flowers at the bow. It seemed to be a shooting.

"If I have a heart, don't forget to promise me last night." Luo Yibei snorted, his eyes locked the rose, slowly raised the gun in his hand.

The gun in Shi Yangyang's hand was also raised.

The ship is very large, the ship's head and the stern are far away, and it is hard to look at the rose at the stern, just like looking at a small spot.

What made Fang Chi Xia unexpected was that the guns in the hands of the two men just started, and a burst of fireworks suddenly sounded on the boat, followed by a group of seagulls flying from all directions, flapping their wings and hovering over the bow. Above, I have never left.

Moreover, it only hovered at the bow.

The sudden situation has undoubtedly added a lot of difficulty to the two people. The rose that was not easy to aim at, seems to be invisible to a group of seagulls flying around.

Only when you leave a gap occasionally can you barely see the shadow.

But after a while, I was covered by a few seagulls that flew over and flew over.

Fang Chi Xia is just a dazzling look, not to mention Luo Yibei and Shi Yuyang.

Luo Yibei's gaze from the beginning to the end is the point of

the gun in front of the lock, and there are several seagulls in front of his vision, just blocking the target.

His eyes were sharp, and the obstructions in the middle did not exist. They only focused on that point, and the trigger in their hands slowly pulled -

After another sound of fireworks on the ship, accompanied by a gunshot of “砰”, a bullet pierced the air, and it was so horrified that several seagulls in front of his eyes slammed their wings and smashed their wings. .

The bullet that was shot out was directed at the Louis XIV rose.

Flower heart, center!

Shooting, gods.

Moreover, it is still under the premise of dynamic obstacles.

Fang Chixia was shocked to see him like this, and his eyes showed no surprise.

The gun in Shi Yanyang's hand was also issued at the same time. However, it was a little later than him. The flower was only a little bigger. After being preempted by Luo Yibei, his, he missed it.

In fact, the distance is a few millimeters at most, and the visual inspection still can't be seen, or it is compared after going over.

Luo Yibei looked at this scene quietly, and squatted coldly and lifted it.

“You won.” Shi Yanyang also simply put the gun in his hand to the tray in the hands of the waiter and turned to the cabin.

Luo Yi North just wanted to follow, but was pulled by Fang Chi Xia, “What are you comparing?”

Somehow, she always has a bad feeling.

Chapter 219: From tomorrow, you are mine (2)

“After returning to Rong Xi, I will move to my place from tomorrow.” Luo Yibei glanced at her and did not directly explain it. He dropped a sentence and followed Shi Yanyang to the boat. .

Fang Chixia stood in the same place and slowly reflected his words. His head seemed to be knocked out by something.

They just compare her?

“Luo Yibei, you can’t do this! I don’t want to go!” The man who had looked down the stairs and looked down the stairs, Fang Chi Xia’s steps followed, and followed him behind, explaining, ” I work very well at Shi Yangyang, I don’t need to change it. And do you think it is appropriate? There are so many assistant secretaries on your side, and there is no shortage of me. Why bother?”

Luo Yi did not return to the north, and still took care of himself.

His legs were long and he walked very fast. Fang Chi Xia hurriedly followed him. When he disembarked, the seesaw swayed for a moment, and the whole person rushed forward and almost gave him a bow.

Luo Yibei’s gaze faintly passed over, and when she slanted, she looked at her a little bit and sneaked a sigh of relief. “You don’t have to give me such a big gift. Come and have a good lady.”

Fang Chi Xia squinted at him, and stabilized himself by the guardrail, slowly stood up, and his words were extremely speechless.

Is he when she is worshipping Shane?

Luo Yi over the north side, the face returned to high cold in the second speed, a few steps out of the dock, open the door and the car.

“Just the thing...” Fang Chixia sat down behind him and took a look at him. He wanted to continue to persuade, but Luo Yibei slammed the door for her, and the throttle at the foot slammed on the car. Just opened it.

His speed was very fast, and he didn’t even let her have a seat belt.

Fang Chixia knew that he did not want to discuss this issue, but he could only shut up his mouth.

What she thought was that two people were always together, and she was more likely to tell him about it.

Who knows that the next day after returning, the two arrived at Rong Xi, Luo Yibei directly let her move things over.

Fang Chixia can still hang with him when he is at home. In Rong Xi, she is completely ignorant of him.

Not only her, but as long as Luo Yibei wants to do something, can Rong Xi rebel against him?

Moreover, Fang Chi Xia has never liked to be at the company and his troubles, her identity, and is not qualified to defy him in so many people.

Fang Chixia was forced to help but could only move to his side for the time being.

I haven't sat in the morning yet, Xiao Zuo didn't know what happened, and suddenly appeared in the company.

A small figure came to the front of the office in Luoyi North, and was about to walk in. I saw Fang Chi Xia also here, and the steps under my feet suddenly stopped.

"Hey, you are actually there too!" Xiao Zuo came to her and watched her all kinds of fresh and curious.

Fang Chi Xia had seen his gossip ability in the hospital last time. Now, when he saw him, he immediately followed the chicken blood, and the defense was raised at any time.

"Children don't care about so many adults." Without explanation, Fang Chixia turned around and continued to be busy with himself.

Who knows that Xiao Zuo will not leave after seeing her, and she will always be behind her, wherever she goes, he is full of curiosity, it feels like digging a treasure.

When I walked, there was still a lot of words. "How come so smart?"

"You shouldn't be enslaved by the Yibei brothers?"

Chapter 220: You look so pitiful

“I think that’s the way it is. The family is being bullied and it’s gone. Now I’m bringing people to the company.”

“Are you coming to make a mess for him?”

There are a lot of words in the left, and I say to myself, a person said a lot, Fang Chi Xia can not hold his mouth.

“Small left, don’t say it.” Do not want to pick up the gossip, Fang Chi Xia gave him a look.

Xiao Zuo looked at her with her small head and summed up and said, “You are so pitiful!”

Fang Chi Xia Mo is silent, but did not explain.

Turned around, went to the tea room for two cups of coffee, and a cup went to the office of Luo Yibei.

The little left followed, and her eyes kept staring at her.

When he was there, the strings of each nerve in Fang Chixia were tight.

The main reason is that the child is too clever. When he accidentally sees him and Luo Yibei’s unusual, Fang Chixia is afraid of the same consequences as the last childhood.

Fang Chixia was very careful when he followed the door, and he was very cautious.

I came to Luo Yibei, put the coffee down, and the hand had not been drawn back. Luo Yibei’s hand suddenly came over. He wanted to make coffee. The two men’s hands just touched, and the fingertips rubbed against the fingertips. The temperature from his, clearly passed through the thin blood vessels and passed to her hand.

Fang Chi Xia’s hand was stiff and panicked and shrank back. The feeling is like being afraid of being associated with him, and it seems to be abandoning the germs.

An action, let Luo Yibei slightly, focus on the line of sight on the document, slowly lifted up.

“I will go out first!” Fang Chixia turned and held the tray to leave, but was stopped by Luo Yibei. “I said I can go?”

Fang Chi’s summer back is stiff and his line of sight is stiff.

“What else?”

“Coffee is too hot.” Luo Yibei squinted at the coffee on the table, and looked at her with a gaze.

He is asking her to find ways to speed up the cooling.

Fang Chi Xia had a feeling that he was deliberately teasing

her, and he was annoyed in his heart. However, when the two were in the company, she had no temper against him.

A few steps went, she stood in front of him, holding a folder and gently helping him fan up.

The little left stood behind her with her small head, and her eyes did not move away from the two.

“See what?” Luo Yibei squinted at him and asked blankly.

“Nothing.” Xiao Zuo smiled at him and walked to the side of the sofa, sitting on the calf, but his eyes still stayed on Fang Chi Xia.

He is actually afraid that she will be bullied here, so she always follows her, including entering this office.

However, his psychology has not been understood by Fang Chixia.

Fang Chi Xia was always against him, and I was afraid that he and Luo Yibei would be seen by him if he accidentally smashed it.

The corner of his eye was slanting to him, and her movements were very cautious.

However, Luo Yibei did not know whether he did not mind being seen by Xiao Zuo or deliberately trying to make her embarrassed. When she helped him to cool the coffee, his hand suddenly took up the hand that drooped her droop.

Fang Chi Xia’s place is on the desk. The hand he is holding is toward the inside, and the direction of the small left is not visible.

Luo Yibei’s movements were very loose, and she fiddled with her fingers one by one. The fingertips didn’t know if it was intentional. She suddenly flicked at her palm.

Chapter 221: Are you shaking?

His movements are very light and slow.

A small current rises from where the palm of his hand is slid.

Fang Chi Xia is stiff and his head is blank for a few seconds, and his hand smashes his hand.

Luo Yibei ignored her, pressed her hand, still playing her own.

That feeling is like playing a toy.

Fang Chixia's face was a little uncomfortable, and the hand moved again, trying to open his hand.

When she does this, her shoulders will follow.

In the direction of Xiao Zuo, I can't see what two people are doing. I only see the shoulders of Fang Chi Xia shaking and shaking.

The eyes were round and looked at the two people. He couldn't help but float out. "Stupid woman, are you shaking?"

Fang Chi Xia, "..."

Luo Yibei looked at her with a sigh of relief, and her face was a little narrow.

Fang Chixia gave him a look, and his hand held his hand.

Her hand was originally small, and one of them might not be half of Luo Yibei, covering his hand, it was impossible to wrap his hand.

So stop it, in fact, it does not work at all.

The skin is still white and looks soft and boneless.

Luo Yibei stared at the hand she had covered for a long time, the action did not stop, the fingertips changed to caress the skin on the back of her hand.

His fingertips were covered with a very very thin layer of sputum, probably due to the usual exercise.

When she slipped through her skin, it was numb, itchy, like a battery, and a stream of electric current spread directly to her heart along the small blood vessels in the square pool.

He is a teasing, bare and naked!

Fang Chi Xia's face is like being smoked by the heat, and the whole process is red.

Xiao Zuo is still next to it. This time, she didn't use it, and she changed her hand directly.

However, twisting a small piece of skin on the back of his hand, no effort, Xiao Zuo suddenly ran and walked over.

"How is it still fan, isn't it cold? I will help you!" The arm was

on the desk and touched the coffee cup to explore the temperature. It seemed that there was still some hot. He took the documents from Fang Chixia and helped her. Fanned up. His movement was very well-behaved, and Fang Chi Xia did not expect that he would suddenly look so good to himself, and seemed to be stunned for a while.

Xiao Zuogan didn't look at the two people, holding the file to gently help her fan, and looked serious.

He actually ran into the distressed Fang Chi Xia. Although he always loved to hurt her before, he could see that he maintained her.

Being maintained by a seven-year-old child, Fang Chi Xia's heart was mixed and mixed, and his mood was very complicated.

Xiao Zuo is the first person in Luo's family to maintain her and be so good to her.

In addition to calling her every time, it was too sloppy!

Luo Yibei obviously did not expect Xiao Zuo to make such an action. Compared with him, Luo Yibei felt that this time he seemed to be a big bad guy who was bullied and weak.

Rarely, Luo Yibei actually had some self-reflection.

"Okay, it doesn't matter, just like this." Unlocking Fang Chixia's hand, Luo Yibei will gently push the small left hand of the coffee.

"I don't want to go out yet!" Xiao Zuo took the opportunity and pushed Fang Chi Xia to go outside.

In fact, he did not see what the two were doing. He just thought that Luo Yibei was deliberately martyrdom in the summer, and he was relieved when there was a chance.

Chapter 222: Follow me to Italy

Fang Chi Xia went out this way, his heart was warm, and the eyes of Xiao Zuo were also very good.

Fang Chixia thinks that Xiao Zuo is only a bit vicious at the mouth. In fact, this child is very warm and warm.

After the little left pushed her out, she sat next to her to work with her.

Fang Chixia was extremely speechless to him, and his hand smashed his head. "Play with your own, don't worry about it, it doesn't matter."

Xiao Zuo actually likes to stick her to play, and she is not willing to go. In the end, Luo Rong resigned and called to call someone away.

Fang Chi Natsume sent him away and sighed.

When she left, she could at least relax.

After working outside for less than half an hour, he was called in by Luo Yibei.

Luo Yi looked over at the north side and looked at her behind her. She didn't find the little left figure. She pulled her and wanted to squat in her arms, but she was avoided by Fang Chi Xia.

Luo Yibei swept her in the cool, and seemed to be somewhat dissatisfied with her movements.

Standing up, I wanted to walk a few steps. Outside, Lonchi suddenly opened the door and walked in.

Sudden appearance, let Fang Chi Xia stunned, unconsciously stepped back a few steps, opened the distance between the point and Luo Yibei.

Lorge saw that she seemed to be surprised here, and said hello to her, "Xia Yutou, are you here?"

"Yes, Grandpa." Fang Chixia lowered his head and looked polite.

Her name was that Lonki was particularly qualified yesterday, and Fang Chixi did not think much when he returned to him.

As soon as the words were exported, I was shocked to see what I said, my face was slightly awkward, and my eyes turned to the direction of Luo Yibei.

Luo Yibei was obviously accidentally called by her, and looked at her quietly, her tone was a bit yin and yang,

"Grandpa?"

This has only entered Rongxi for a few days, has already bought Lonqi's heart?

Fang Chixia knew that he thought more, but did not explain. It was Lonchi, who couldn't listen to his kind of tone and explained it to Fang Chixia with kindness. "This girl helped me a lot yesterday. It was so close to Tong Yan that the girl was so close, what happened to Tong Yan?"

Luo Yibei did not pay attention to it. He closed the documents in his hand and looked up at him. He went straight to the subject. "Looking for something?"

Lorge was not in a hurry, and he slowly walked down to the sofa next to him and sat down.

Fang Chi Xia is an assistant, and the assistant has to do what the assistant should do.

A few steps to the past, she sensibly gave him a cup of tea, "Grandpa, please drink tea!"

"Good." Lonchi smiled at her and turned her head. She turned to Luo Yibei and said, "This is the case. I just received a phone call from Su, saying that your grandfather is not very good recently. It's just that you and I haven't been to Italy for a long time, or do you have time to spend a few days with Grandpa?" His speech rate was very slow, Fang Chi Xia just stood next to him, very careless, and listened to his words.

Who is Su dye?

Who is Grandpa Su?

Where did Luo Yibei not go to Italy for a long time? Not long ago, I ran to Italy for so long without a word!

Fang Chi Xia's mind was very keen and his head was smart. Although neither of them mentioned by Lonchi, she didn't know one, but she felt vaguely that Luo Yibei went to Italy last time, perhaps with this woman named Su Dye. related.

Luo Yibei did not immediately agree, but stared at her quietly.

Chapter 223: Such punishment

Fang Chi Xia just hangs his head and is doing his own tea in his hands.

Her fingers are very beautiful, her fingertips are white as jade, and when she is making tea, there is a kind of softness that can't be said, and her eyebrows are still very focused, even without lifting her head.

Luo Yibei's brow wrinkled, silenced for a while, looked up, turned his eyes to Lonchi, and readily agreed to his request.

"Well, I will arrange the time."

"That's it!" Lorge didn't stop too much here, stood up and left.

Fang Chi Xia sent him out, sent him to the elevator, turned and was about to leave, Lonchi suddenly said to himself, "Why did you turn to Yibei?"

His words are obviously talking about Fang Chi Xia, but he is not talking to her, but feels confused after he feels confused.

That tone, like some accidents, seems like some regret.

Fang Chi Xia couldn't tell what he meant by this. He didn't know what to answer, and finally calmly returned to the office.

Luo Yibei and Luo Ning discussed well, and when she went back, he was just arranging his own schedule.

The time to go to Italy is three days later.

The specific destination is Rome.

The ticket is still ordered by Fang Chixia.

Luo Yibei left this time and did not say anything to Fang Chi Xia, but because of Fang Chi Xia's relationship with him, many of her trips were clear to her, and she was still taking care of her.

So the difference from the last time is that she knows everything this time.

Luo Yibei did not know what psychology was. When she left, she even let her go to the plane!

Fang Chi Xia is actually very dissatisfied with him.

He walked him, he wanted to see which woman, she had nothing to do with her, why should she let her send him away? However, dissatisfaction is dissatisfied. When she was at the company, she had a good temper and would not resist him like at home. He let her go, she went very simply.

"Nothing curious?" The two sat at the airport. When Lonchi had not arrived, Luo Yibei turned to her and asked casually.

“No, I should go back.” Fang Chixia was holding a drink in his hand and moving his eyes, and his eyes were moved to other places.

“I am very happy when I am not here?” Luo Yibei was cold and could not help but floated.

“Fortunately.” Fang Chi Xia was absent-minded.

Obviously not paying much attention to the attitude, let Luo Yibei brow wrinkled.

The board is facing her face, and there are so many people in the airport. The handsome face is over, and his lips are kissed at her lips.

Fang Chi Xia Yi, his face changed abruptly, raised his hand and reflexively wanted to block, but was opened by Luo Yibei. Her lips kissed her lips, and Luo Yibei bit her, tearing her tears down, satisfied with the red swelling that immediately appeared on her, and let her loose.

“I remember to talk well next time.” He licked her head like a pet. He took the drink she had just taken in her hand. She didn't mind if she had just drunk, and drank it if nothing had happened.

Fang Chi Xia licked his lips that he had bitten hot and sore, and he was so angry that he gnashed his teeth.

I really want to rush to retaliate with him, but I am afraid to go to the moment, forbearance.

There are so many people around, she doesn't want to add topics to others.

“That's mine!” He turned his head and wanted to take the drink in his hand. Behind him, Lorge's voice was cold and cold. “Summer is also here!”

Chapter 224: An accidental call

The sudden sound made Fang Chi Xia a glimpse, and stretched out to get ready to grab the drink of Luo Yibei's hand. He calmed down and calmed down. She stood up and greeted him, politely saying, "Grandpa, I am coming to the plane." She went to work around Luo Yibei, and there was nothing to send the plane. Lorge did not feel strange.

"Working hard for you." Smiled at her, and her attitude was kind.

"Not hard, Grandpa, this is what I am doing." Fang Chi Xia returned to him with a polite manner.

She was not so close to Lorge, and this was really polite. Who knows that Luo Yibei Shunkou next to him said, "If this is the case, then remember to pick up the next time!"

Fang Chi Xia squinted at him, and the expression on his face froze on the spot.

Is this a good fit?

Really good enough!

Lorge was watching the boarding pass in his hand. He didn't look at the two people at all. After checking it, he looked up and said to Luo Yibei, "It's time to go!"

Luo Yibei gathered his lazy legs and stood up.

"Remember!" Inadvertently sorted out the folds of his clothes, and the corners of his eyes squinted at Fang Chixia. He added a sentence and went to the security check if nothing happened. Fang Chi Xia Mi sent two people to leave, after which one returned to his home and Luo Yibei's home.

Luo Yibei went to book a one-way ticket this time. He did not book the ticket he returned. She did not know that he was going to go for a few days.

When he was at this home, Fang Chixia seemed to be expecting that he would not come back any day, and she was so happy and quiet.

But every time he really left for a few days, she was somewhat uncomfortable.

Why is this so? She can't say why.

Luo Yibei left, and many days did not come back.

Fang Chi Xia is not in Rongxi every day, or in school. One person lives for four days. On the fifth night, he suddenly receives a call.

It's a strange male voice, middle-aged, and the opening is, "Is it Miss Fang?"

Fang Chi Xia stunned for a moment, and after a while, he replied, "I am, may you ask..."

"I am the housekeeper of LuoJia. It is like this. Xiao Zuoye has been fevering from yesterday to today. The situation is a bit serious. He has been falling asleep and awake. After he woke up, he couldn't eat anything. He just kept his sister. 'Sister', and later asked him, he seems to be Miss Fang, you, if you are not in trouble, can you come to LuoJia?"

"Small left is sick? How can I get sick?" Fang Chi Xia was shocked and his heart tightened.

"If Miss Fang is willing to come and visit the little left little master, I will send someone to pick you up later, come to LuoJia and explain to you in detail, can you see this?" The butler said.

Fang Chi Xia heard the word "LuoJia" and jumped in his heart.

She did not want to go to Luo's family. Her marriage relationship with Luo Yibei was not suitable for the past. The steward's proposal made her hesitate.

The butler was still waiting for her phone. She didn't talk for a long time. It seemed a little anxious. "Miss Fang, are you very embarrassed?"

Fang Chi Xia returned to God, and some worried about the situation of Xiao Zuo. After considering it, he agreed. "I will go, but I will be fine in the past, so I will not bother you."

I don't want more people to know about my cohabitation with Luo Yibei. She refused the housekeeper's request to pick her up. She just asked him for the address, and then went out to drive to LuoJia.

Chapter 225: Enter LuoJia

This is the first time Fang Chi Xia came to LuoJia.

When he came outside the gate, the butler had already waited with two servants.

LuoJia is a big family, four generations in the same family, and all the people live in this majestic manor house.

A large manor housed several independent European villas, the Luoxi family, the Lonqi couple, and the Xiao Zuo family lived alone in different villas.

There is also a special old man, the great-grandfather of Luo Yibei is still there, and the place where he lives is also a separate villa.

Luo's garden is very large, and between each villa and the villa, even a little far away, walking for a distance of ten minutes.

Xiao Zuo originally lived in the villa of his own home, but because he is an only child, he usually has no playmates. He likes to follow Luo Yibei and his baby. Therefore, the villa in Luoyibei has his own separate room.

When Fang Chi Xia was taken in by the butler, he went to the room where Xiao Zuo was in Luoyibei.

The child is still young, and the resistance is not comparable to that of the adults. After a sick illness, the usual life and death of the tiger is gone, and lying sickly on the bed, it looks very pitiful.

There were a lot of people in the ward. Earlier, Tong Yan was one of the people who pointed to the Luo family. One of them was introduced to Fang Chi Xia. So, now that I saw a face, Fang Chi Xia knows who is who.

Sha Zhixing, Luo Xiwei, Luo Yibei's uncle Luo Rong, and several servants.

Sha Zhixing held Xiao Zuo in his arms, and he was distressed by him. He still had a bowl of steaming porridge in his hand. It seemed to be feeding, but Xiao Zuo didn't even open his eyes.

When Fang Chi came in, he was actually somewhat uncomfortable. However, it seemed that there was nothing unexpected about the people in a room who saw her.

"Miss Fang, we met again!" Sha Zhixing smiled at her and gestured to her to sit next to her.

“Mrs. Good!” Fang Chixia greeted her politely.

“Small left hard work for you!” Sha Zhixing stared at the little left in his arms and gestured for her to try.

Fang Chi Xia took the little left of the sick cockroach. On his forehead, he first explored the temperature. The eyebrows wrinkled and tried to talk to him. “Small left, can you hear your sister?”

The small left-closed eyes slightly moved, and looked at her in confusion, her eyes seemed to light up, and she screamed vaguely, “Stupid woman...”

A small voice, because of illness, and lack of energy, but let a group of people in the house all have their mouths.

If it wasn't for his illness, Fang Chixia wanted to marry him.

Who learned this tone?

Xiao Zuo pulled the corner of his mouth and smiled at her.

The smile is very light and pale, and the face is still very pale, making people angry and distressed.

“Small left, you have to eat, so that the disease can be better, know?” No problem with his care, Fang Chixia took the porridge in the hands of Sha Zhixing, carefully feeding him.

Xiao Zuo was very obedient at this time. Although he was very painful to eat, his brow was wrinkled from start to finish, but he still swallowed the things she had sent with a small mouth and a mouthful.

Fang Chixia patiently fed him, and then took the towel from the servant to help him wipe his body.

Luo family's big family stood next to the quiet look, it seems that very surprised Xiao Zuo actually listened to her words.

Fang Chixia came here for a few hours.

Chapter 226: Returning from the North Master

Fang Chi Xia thought that waiting for the small left situation is a little better and then leave.

Xiao Zuo really got better after she came, but who knows, after two hours, it burned seriously.

This has been repeated, and it is still the case when it is going to be dawning.

When he was sick, he was uncomfortable. He also liked to hold Fang Chixia's hand and pressed her hand under his head, as if he didn't want her to leave.

Sha Zhixing sees this in his eyes. I don't know when Xiao Zuo will be completely good. I will take a look at it and look at Fang Chi Xia. I suggest, "Miss Fang, if you don't mind, or else. Stay here for a few days?"

Fang Chi Xia side was obviously stiff and stiff to her back, and hesitated.

"Small left seems to like you very much!" Sha Zhixing said.

Fang Chi Xia is not unwilling to stay. She just knows that she should not live in. She does not want Luo Yibei to come back and meet.

However, in the case of Xiao Zuo, if she goes back, she should be relieved.

Fang Chi Xia was silent for a long time after Sha Zhixing's words. Finally, I thought that Luo Yibei should not come back so soon, or nodded.

Sha Zhixing smiled lightly and turned to the butler and told him, "Lin Shu, you will arrange a room for Miss Fang."

"Miss Fang, please come with me!" The housekeeper took the lead and took Fang Chixia to go outside the house.

This villa in Luojia is very large, and the rooms are actually many.

However, the purpose of Fang Chixia's stay is not to worry about Xiao Zuo, the room that the housekeeper arranged for her, very close to the small left room, just next door.

The room in Xiaozuo was originally separated from the room in Luoyibei. It was just the room where Fangchixia lived now.

However, Fang Chixia did not know.

The wrong side, the other side of her room, just hit the room of Luo Yibei.

After the room was arranged, Sha Zhixing sent a message to

let her rest first, and Xiao Zuo was temporarily taken care of by the servant.

Fang Chi Xia didn't close his eyes one night, and it was really tired at this time.

Holding the bathrobe prepared by the maid, she went into the bathroom and took a shower before going to sleep.

The man just walked in, and there was a commotion coming from the building. It seems that someone is coming.

Fang Chi Xia did not care much, closed the bathroom door, filled the bathtub with water, and took care of himself.

The footsteps downstairs are getting closer and closer, it seems to be coming towards this side, accompanied by the voice of the maid greetings, "Young Master, you are back!"

There was water in the bathroom, and the sound outside was passed in by two doors. Fang Chi Xia didn't hear much clearly, but he didn't care much.

In the hallway, a figure came straight to the side, passing through the small left room, went in and looked at the situation, then returned to his room.

When I came to the door of the room, I was about to push the door open and heard the sound of the water in the bathroom next door. The brow was wrinkled.

The room next door has been empty, usually no one lives!

In the bathroom, Fang Chi Xia is still taking a bath.

After staying there for about ten minutes, I came out in a bathrobe and walked out of the balcony and wiped my hair with a towel.

The balcony of her room and the balcony of the Luoyibei room next door are next to each other. There is only a gap of less than one decimeter in the middle. From her, we can completely see the opposite situation.

Just as soon as I went out, the room next door, a slender figure slowly came out...

Chapter 227: Don't you defend yourself?

Fang Chi Xia is standing in front of the guardrail of the balcony. The gaze is facing the garden downstairs. I didn't look at the balcony next door, and I didn't notice the situation here.

Standing on the upper floor, the scenery of LuoJia Garden is very beautiful. At this time, it is still very early, the genius is slightly bright, and the mist and smoke are lingering over the entire garden. The dawn is so delicate that people can't tell the heart.

Fang Chi Xia spent a night in the night, now blowing the morning wind, a little awake.

Luo Yibei stood in front of the balcony door of her room and looked at her movements quietly. The line of sight was transferred from her long hair that had not dried up to the reddish face that she had just breathed when she took a shower. The loose bathrobe on her body was very deep.

A few days after going abroad, I saw her when I came back.

He was accidental and still at LuoJia!

Fang Chi Xia is still wiping her hair, very casually sucking the moisture on the hair, wanting to go back to the room, but at the moment of turning around, his eyes and the opposite side hit him.

This time is not yet arrived at six in the morning.

Shocked to see him suddenly coming back, Fang Chixia was terrified that the pupil was slightly shrunk, and the towel in his hand fell to the ground.

Luo Yibei has been staring at her for a while, and she has already been shocked. At this time, her eyes are very cool, and even the temperature is not even.

Four eyes are opposite, Fang Chixia's head is rumbled, and it's blank for a while. The red lips are shaking hard and trying to explain how he should explain to him, "I, I..."

People have already come in, and she feels that this is not clear.

Think again, no matter whether she lived or not, in the eyes of Luo Yibei, she has been no different from those who are holding the identity of Mrs. Luo's wife all day, and the explanation seems unnecessary.

When I thought about it, Fang Chi Xia had not stopped

talking, and he had to endure it.

Luo Yibei observed her quietly. She thought she would at least defend herself for a few words, but she did not expect that she would not say a word.

“Is there anything I want to say?” Looking at her with no expression, Luo Yibei’s eyes cool down.

Fangchi Xiamei was drooping, calmed down and looked up at him. When Luo Yibei seemed to have some expectation that she would argue, she faintly said, “I know you don’t want to see me, I will. If you leave immediately, it will not cause you trouble!”

Turned around, she went straight into the bedroom.

Luo Yibei was standing in the same place, and his eyes seemed to be covered with a layer of cold frost, and the coldness was overflowing.

In the bedroom, Fang Chixia found out the clothes he had when he came. He changed the bathrobes he wore, and he didn’t even have to do it. He opened the door and went out to look at the small left room next door. Found that the child is in serious condition, a person quietly left the room.

Although there are many rooms in this floor of Luoyi North, only he and Xiao Zuo lived together. Usually there is no one in the corridor. It is still early and empty.

A group of people in Shazhixing probably went back to the room to rest. At this time, the Luo family was quiet and quiet. Fang Chixia walked alone in the hallway, as if he was eager to leave, and his footsteps were fast.

When I came to the spiral staircase, I turned and just got ready to go downstairs. My wrist was suddenly pulled back by one hand.

Fang Chi Xia’s back is stiff and stiff, and he is over the head. When he sees Luo Yibei, he doesn’t know when to follow up. His face is slightly white.

Chapter 228: Obligation to marry him

“You let me go!” Scruples to the environment where the two were in, Fang Chixia’s wrist twitched in his hand.

Luo Yibei ignored her, and took her to go to her room.

“Luo Yibei, you let your hands loose!” Fang Chixia struggled in his hands. At this time, the corridor was very quiet, afraid of disturbing the family, her voice could not enlarge.

Luo Yibei turned a deaf ear to her words, took her to the door of her room, slammed the door, entered the room, backhand locked the door, and walked to the bed a few steps, throwing her into the bed, his body Bullying.

With arms around her sides, her body hangs over her, his eyes are cold and heavy. “Since all of them have come to this house, should you do something about yourself?”

What does he mean by this, Fang Chixia knows when he hears it.

Suddenly looking at him, her face was white, and her hands unconsciously tightened the sheets under her body.

She was very hard, and the thin linen sheets were pulled out by her deep, shallow folds, and the joints were pinched somewhat white.

Luo Yibei’s words were extremely humiliating to her. It seemed that she was married to him. Her only role was to satisfy his various physiological needs. Her identity should be done only in this way.

Such a person, let Fang Chixia feel that he is despicable, and dignity seems to be held by people from the high air, and is shattered!

Luo Yibei looked at her quietly, leaned over and violently pulled the clothes on her body.

He is very strong and still very barbaric.

Although he has not been gentle in the past, he has never been so cold.

The kind of cold water that freezes into the bones without freezing, freezes every cell in the body of the pool, and even the temperature of the blood cools down.

Fang Chi Xia fist is tightly held, neither resisting nor struggling, just letting his movements, his eyes are a little red.

Luo Yibei looked at her quietly, looking at the sheets that had been squashed by her, and stared at her white bones for a

while, her face slowly rising.

In the gaze of Fang Chi Xia, he suddenly spit out, "I want to hear your explanation."

Fang Chi Xia Yi, looked at him strangely, the cold heart lake seems to be knocked open a thin crack.

She looked at him, stunned and smudged a layer of fog, his voice slightly choked. "If I explain, would you believe it?"

Luo Yibei was silent, did not directly answer her question, but said, "At least not let yourself be guilty."

Fang Chi Xia did not expect him to be so good. The point that had just picked up in the chest was calmed down by her. His eyes and his mistakes were opened. "Small left is sick, refuses to eat, and the situation is repeated. The housekeeper called me to come and see it. After the result came, I still didn't get better. Your mom let me live here temporarily."

Luo Yibei, a look at the answer seems to be somewhat unexpected.

Fang Chi Xia took the opportunity to push him away and walked outside the room with his clothes.

She walked very fast, and it felt like she was abandoning and staying in the room for a minute.

Out of the door, I wanted to go downstairs, but I was stopped by Luo Yibei. "Since it is here, let's stay!"

His voice was very light. After a word, he turned around and returned to his room if nothing happened.

Chapter 229: Sleep with me

Fang Chi Xia stood in the same place, not walking, not leaving.

If she is gone, she is not worried about the situation of the left. If you don't leave, Luo Yibei is now back, and there are so many Luo family members. She is afraid that the two people will be seen when they are not paying attention.

Fang Chi Xia struggled for a long time and eventually stayed. To go, at least wait until the small left situation improves and then go.

If his fever does not retreat, she will leave, and if she returns, she will be called back.

With this in mind, Fang Chixia returned to the room that the butler had arranged for himself.

Pushing open the door, not yet walked in, the door of the Luoyi North room suddenly opened.

Leaning against the door, his gaze swept over her face and gestured to his room.

He is calling her in.

Luo Jiada is so small and so many people are still there, and the servants are still in groups. Fang Chixia does not want to cause unnecessary trouble to himself. When he does not see his eyes, he will take care of himself. I want to enter the room. Who knows, the footsteps have not yet stepped in, Luo Yibei suddenly took her to the arms and dragged her in.

His movements are very overbearing and the strength is still very strong. Fang Chixia has no room for struggle.

Fang Chi Xia was stiff and his body was slightly shivering.

Luo Yibei took her to the bed and threw her into the bed. She spit out indifferently, "I am sleeping here!"

"Don't!" Fang Chi Xia did not think about it, and refused it in one bite.

Luo Yibei looked at her quietly, and picked her eyebrows. "Is it for me?"

In a word, Fang Chi Xia was blocked and speechless, staring at him, his teeth were broken.

She did not understand his behavior, and it seemed that she also supported the two people who had been looming, but in the occasion where they might be broken by their families, they did not know how to talk.

Fang Chi Xia did not understand what he meant in the end. In the company, he could openly flirt with her, and at home too! Luo Yibei completely ignored her eyes and self-disciplined her clothes.

He just got off the plane, and like Fang Chi Xia, he did not sleep for more than ten hours.

Fang Chi Xia looked at him quietly, thinking of his sudden return to China, very casually asked, "How come suddenly?" Not waiting for her to pick up the plane?

"How? Don't like it?" Luo Yibei gave her a look, and his tone was like flirting.

Fang Chi Xia avoids him all too late, like to blame!

However, although she thought so in her heart, she did not say anything on her face.

Luo Yibei untied his shirt, and casually threw it to the side.

The clothes fluttered on the bed and fell just under the eyes of Fang Chixia.

Fang Chi Xia was attracted by that piece of pure white, and his eyes were slightly wrong.

He actually wore this one!

Luo Yi North just took off the shirt she gave him, when the two Sicily honeymoon, she used her home to buy a lot, very cheap, but was worn by Luo Yibei from abroad, I have worn it again abroad several times.

Fang Chi looked at the dress in the summer and looked lost.

This kind of cheap goods that couldn't be found in his wardrobe, she thought, he should wear it once and throw it away.

Luo Yibei faintly glanced at her, and entered the bathroom if nothing happened.

In the inside, I took a shower very casually, and when I came out with a towel, Fang Chixia was still fascinated by the shirt. Such a woman, let Luo Yi a glimpse, the eyes slightly pumped a bit.

Chapter 230: Do you like me

I wiped my short hair very casually, and dropped the towel to the side. He walked a few steps and held her and fell to the bed.

Fang Chixia was a bit anti-hid, and he tried to push him away when he raised his wrist. Luo Yibei buckled her hand in the backhand and took her to the arms in an absolutely overbearing position. The voice was indifferent. Sleep, or we will continue, just choose one.”

Fang Chi Xia looked up and swept him, and the struggling movement stopped.

Luo Yibei was satisfied with her shun, and she slept with her. Fang Chi Xia also didn't close his eyes overnight. At this time, his head was very dim, and he felt that people were floating. Struggling also struggled, she did not continue to resist, relying on his arms and quietly slept.

However, she did not sleep very well, mainly because she is sleeping in his room.

This made her very uncomfortable, and always worried that she would call her.

Just so stupidly rested for a few hours, she did not worry about the small left, Luo Yibei wake up early.

After I got up, I went to the room of Xiao Zuo.

Xiao Zuo burned back some time, and people have already woken up.

Seeing her, she smiled happily at her.

“Do you have a good meal?” Fang Chixia walked a few steps and sat down at his bed.

The little left spirit looks better than yesterday, and it has restored the previous young master fan.

Sweeping so many servants present, his cold command, “You all go out, you don't need you here.”

A group of people looked at Fang Chi Xia still, and all retired with confidence.

The door was covered, and the big room was left. There was only Fang Chi Xia and his two men.

Fang Chi looked at him quietly in the summer, thinking of his usual maintenance of her, and what the housekeeper said on the phone yesterday, could not help but ask, “Do you like me very much?”

Her words were very straightforward. She thought that the character of Xiao Zuoping's arrogance should be rejected directly or hurt her.

However, Xiao Zuo was very serious and nodded to her.

"Why?" Fang Chixia asked curiously.

Xiao Zu was silent for a long time after her words. She did not answer directly, but said, "Sister, do you tell me your story?"

This is the first time he called her sister, the voice with the child's tenderness, no previous loss of people's tone, heard Fang Chi Xia warm in the heart.

"Okay." Taped nod. She took a pillow and put it behind him, making him feel comfortable.

Xiao Zuo lightly hugged his eyes and silenced for a while before slowly starting his own story:

"Before I haven't returned to Luo's family, I have lived alone with my father for a long time. You probably can't guess it. I am a child born by my mother. It is not so pleasing because my father. I didn't love my mother in the past few years. He always has a person he likes. So, my arrival is unpopular."

"But my mother loves my father very much. I know that they are not very likely, but I have given birth to me."

"But, when I was born, I was taken away by my father. He only accepted me and did not accept my mother. I have lived alone with my father for so many years before I was five years old."

"Because I don't love my mother, my father just started to be very indifferent to me. So, for many years before I was five years old, my life has often been with servants many times."

—

This chapter is followed by the story after the end of the article. For the content of the resignation, interested parents can take a look at the end of the seven-seventh article, the hidden marriage wife: wrong to provoke the price of her husband, or this everyone's story.

Chapter 231: In the future, I will rely on you.

“When the maid is not there, I am usually a person, alone, like an abandoned kitten and puppy, and no one hurts no one loves.”

Probably the damage in my heart has long been smoothed out. When Xiao Zuo said these words, the mood did not have much ups and downs.

Looking up at Fang Chi Xia, he said, “I have seen my sister so many times. The feeling you gave me is very similar to that of me at that time. I am alone and pitiful. We are all children who are not loved. Seeing you is like seeing myself before.”

His previous words were very calm, but when he said this, his eyes flashed.

When Fang Chi Xiagang asked the words, I thought about the reasons why a lot of Xiao Zu liked her, but I didn't even think that because of this, the whole body looked stiff and her eyes were a little wrong.

Outside the door, a figure stood quietly, listening to the words of Xiao Zuo from beginning to end, and the deep dark ink drove a slight light.

Fang Chi Xia is not a sentimental person. After a little left, he was shocked for a while, and his hands smashed his head, making it look indifferent. “What are you talking about? The little guy thinks a lot! No one hurts.” People love? Later, my sister hurts you!”

Xiao Zuo is actually not a sentimental person. She is very proud to use her short arms to cover her shoulders. She smiles back to her. “I will give you back!”

Fang Chi Xia was stunned by his words and gave him a blank eye.

Isn't she still relying on a child?

Xiao Zuo just smiled at her, staring at her, and continued to tell her the story behind Luo Rong's remarks. “But I am fine now. When I was five years old, my father and mother made a lot of progress. Half of the match, now the relationship between the two is good! Our family of three is just like this! After returning to domestic life, everyone in Luojia also hurts me!”

Fang Chi Xia smiled and glared at him with a soft voice. “It's good to be happy now, the old things, forgetting if you are not happy, huh?”

Xiao Zuo listened to her words, nodded and two people hugged together.

Luo Yibei stood outside the door, watching the scene inside quietly, slowly recollecting what Xiao Zuogang said, his eyes were deep.

Xiao Zuo was only seven years old and would be keenly aware of so many things that he did not expect.

Fang Chi Xia Jiao corner slanted to the door of the door, he seems to squat for a moment, he will loose the left left.

“Small left, hungry? I am going to help you come to lunch.”

Fang Chixia confessed, stood up and walked outside the room.

“Why didn’t you come out?” The backhand took the door and looked up at Luoyibei outside. She complained.

“If you have poor eyesight, go to the ophthalmology department.” Luo Yibei poisoned her tongue and walked in front of her and went downstairs.

Fang Chi Xia also had to go downstairs, but he didn’t want to walk too close to him. He followed him, and his footsteps seemed to be slow around the place.

Luo Yi’s northern corner of the eye slanted to her reaction, her brow wrinkled, her eyes swept down her face, and she stepped back.

Fang Chi Xia Yi, a conditional reflexive step back.

Luo Yibei approached step by step, and his lips slammed up.

When two people entered and retired, Fang Chixia did not know what he was going to do, and he was forced to the corner by him.

The pictures of the two people are like a bad street, a man who bullies a good girl.

Chapter 232: I will call it loud next time.

“What’s wrong?” The hand held the wall, and Fang Chi Xia’s eyes were around, and he was always alert to other people going upstairs.

Luo Yibei’s gaze squinted on her face, an arm on the wall on her side, Jun’s face slowly slid over, and gave her a cold look, and her eyes turned to her.

In the gaze of Fang Chi Xia, the fingertips opened the collar of her clothes, and the big hand stroked it up.

His movements were slow, his fingertips stroking her skin, and a stream of current was provoked on her, and the speed was still very impressive.

He seems to be deliberate, and the action is as sloppy as playing a good toy.

“Don’t do this!” The place where the two people stood was the corridor. There may be a servant in at any time. Fang Chi Xia couldn’t take him, pushing him.

“What’s wrong with this?” Luo Yibei slowly took care of her, the hand resting on her shoulder did not move away, and even moved forward.

“Don’t be here!” Fang Chixia wanted to press his hand, but Luo Yibei took her hand and pulled it back to the back.

Fang Chi Xia Yi, reflexively want to resist, Luo Yibei bent over her lips and bite.

All his actions are not at all shunned, and he does what he wants to do, even if he can be hit at any time, he can do whatever he wants.

Fang Chi Xia nerve was stretched at any time, could not stop, she snorted at him angrily, “Louis North, are you enough?”

“The next night is also called loud?” Luo Yibei faintly glanced at her, dropped a sentence in a cold, and turned around, carelessly continue to go downstairs.

Fang Chi Xia was stiff and in the same place, his face was flushed.

What is the night called louder?

Is he blatantly flirting?

Luo Yibei first down the building, after a minute or two, Fang Chi Xia followed.

When I came to the restaurant, my face was still a little uncomfortable.

This time is lunch time, LuoJia people are at the table, still sitting very well.

Sha Zhixing saw her and smiled and motioned for her to sit down. "Miss Fang, have a meal together!"

"No, ma'am, Xiao Zuo still hasn't used lunch. I will send it to him first!" Fang Chi Xia declined, and wanted to let the servant prepare lunch. The sand weaving star floated again.

"All have lunch time. Yes, let the little left hand over to the maid, sit down!"

In fact, Fang Chi Xia mainly does not want to sit in front of so many people and Luo Yibei. However, Sha Zhixing has spoken, and she refuses. It seems to be too emotional.

Thinking about it, Fang Chixia sat down.

The servant came over and added a pair of cutlery to her, just in the vicinity of Luo Yibei.

Luo Yibei looked up at her and looked at her lips.

When Fang Chi Xia did not see him, he lowered his head and quietly used his own meal.

There are a lot of people sitting at the table. The LuoJia people seem to be apart from the legendary old-fashioned grandfather, the great-grandfather of Luo Yibei, and everyone else.

Lonci has been better in the pool summer, although it gives people a more majestic feel, but when dining, he has been giving Fang Chi Xia a dish.

Fang Chi Xia politely thanked him and continued to eat his own.

She did not exist in Luo Yibei completely, and did not look at him from the beginning to the end.

Who knows that some people do not let her be too peaceful, when the meal is used halfway, the drooping hand suddenly groped and covered her hand.

Chapter 233: Wife sees in-laws

Fang Chixia's back, a little stiff.

The Luoyi North image is not seen. One hand is still using his own meal without any problems, and the movement is very elegant.

The hand that fell under the table began to be out of order.

First, I was entangled in the five fingers of Fang Chi Xia. I played with her hand and then turned to her tight waist.

The fingertips are like playing a piece of music, gently and slowly stroking her skin through the fabric of her skirt.

Fang Chi Xia's body was stretched straight, his cheeks to the roots of his ears, and he was red when he was stunned.

The two of them also sat in a Lonki, but Lonchi was sitting in the main position, not in line with the two, but there is a sand star on the other side of Luo Yibei!

Sha Zhixing casually used his own meal, and did not seem to notice the small movement of Luo Yibei under the table.

But the pool is still uncomfortable.

She knew that Luo Yibei was deliberately teasing her.

However, there are so many people on the scene. Doesn't he know what to avoid?

If the upswing is just intentional, Luo Yibei's current behavior, Fang Chixia can almost be sure, he is not afraid of the relationship between the two!

As long as there is a little bit of scruples, how can action behavior be so unscrupulous?

This made Fang Chi Xia very unexpected and did not understand him.

It is clear that the identity of Mrs. Luo Jiashao has become a minefield that cannot be easily touched between the two. What is his current behavior?

Luo Yi used a meal in the north, staring at her in a quiet look, and she saw her ears red, and she was in a good mood.

Looking at the food in the plate again, it seems that the taste has become much better than before.

After tossing Fang Chi Xia for a while, when Fang Chi Xia's face was red and ripe, he took back his hand.

Like someone who didn't happen, he still used his own meal casually.

On the other side of the sand weaving star Luo Yi, she was the

first person in LuoJia who had contact with Fang Chi Xia and the only one who saw the necklace on her neck.

Halfway through the meal, I squinted at the Luo Yibei around me, and my eyes looked at Fang Chi Xia.

Fang Chi Xia is not familiar with Luo Yibei from the beginning to the end, just eat himself quietly.

Luo Yibei did not say anything, and communicated with her zero.

Such a relationship between the two people makes the sand weaving stars look like clouds.

After thinking about it for a while, she seems to be chatting as usual. If she has nothing to ask, "Miss Fang is still a student?"

"Yes, ma'am." Fang Chixia looked up after her words and answered very politely.

"How do you feel after entering Rongxi?" Sha Zhixing smiled and asked.

"Yong Xi is very good, you can learn a lot of schools and even things that the outside world can't learn." Fang Chixia said.

"Miss Fang is said to be a foster daughter of Fangjia?" Sha Zhixing asked again.

The question she asked was actually a topic that the wife saw her in-laws often, but she asked me skillfully and didn't start the attack.

The action in Fang Chi Xia's hand paused and nodded lightly.

"Yes, ma'am."

Sha Zhixing smiled lightly and went on to say, "Is there no other relatives?"

"Madam, I am an orphan." Fang Chi Xia said after hesitating.

"Have you tried to find a family member?" Sha Zhixing followed her words.

A family member made Fang Chixia's gaze stunned.

Chapter 234: Like simple and rude

Luo Yi's north corner of the eye slanted to her reaction, thinking that she was back from Shijia that day, and she didn't want to mention more of the sand weaving star, put aside the tableware in the hand, faintly interjected, "Little left now also Don't know what?"

"I will go and see." Fang Chi Xia will know that he is giving her an excuse to leave, stand up, politely pay tribute to the people on the seat, and turn to go upstairs.

In fact, Sha Zhixing also asked questions casually, and did not want to touch her heart.

Parents, isn't it normal to know the background of the woman's family around her son?

Looking at Fang Chi Xia's figure, her eyes turned to Luo Yibei.

Is this being maintained?

"I have eaten, go up and see the little left." Luo Yibei put down the tableware, stood up and went upstairs without incident.

When entering the room, Xiao Zuo sat on the bed with his hands on his chest, a look of a young master, and his face was still cool.

He probably didn't want to eat. Fang Chixia was teasing him. He held two dolls in his hand and gave him a puppet show. He also sang "la la la" in his mouth, and he didn't know what the song was. A bit incomplete.

Xiao Zuo was obviously disgusted with her, and very disdainfully said, "naive!"

"Tsao Jiao!" Fang Chi Xia bluntly replied to him, pushing the bowl to him. "Do you eat or not?"

"Don't eat!" Xiao Zuo now has a lot of good spirits, and he is not as bullied as the little sheep like yesterday. The little chin is lifted and he is very proud of his head.

Fang Chi Xia Xiumei twisted, watching him irritated, but it was helpless.

Luo Yibei stood outside the door, silently watching this scene, walked in a few steps, handcuffed the small left head, indifferently spit out a word, "eat!"

He had a very strong gas field on his body, and his speech was clear and cold, and it was easy to shock people.

Xiao Zuoping did not listen to his aunt's words, but he would never listen to him.

Looking up at him, he looked like a person who had been caught by a bad thing. He lowered his head down and took the spoon. He ate his head and ate it.

Fang Chi Xia Yu looked at this scene and was somewhat unbelievable to Luo Yibei.

She was just here again and it was awkward, and she was not able to persuade the guy. He even had a word!

"I originally liked this simple and rude way! Not to say it early!" Fang Chi Xia suddenly teased a little left, and his eyes turned to Luo Yibei, "I will hand it over to you."

She actually didn't want to stay with him. As long as she had his occasion, what she thought in her mind was to take the opportunity to drive.

Luo Yibei just came in for two minutes, she went out after a turn.

Going downstairs, Fang Chi Xia went to the garden.

Luo's garden is very large, and it has a wider area than the average park, and it is very beautifully decorated, and there are flowers and sea orchards.

Fang Chi Xia is not familiar with this place, so I just walk around, which villa is who lives, she does not know.

After a piece of orchard, a huskies suddenly ran out of the trees.

A very beautiful dog, the hair color shines brightly, and at first glance it is usually used by the owner.

Seeing her, she was not fierce. She even circled her legs and smacked her skirt and played with her.

Fang Chixia liked this dog very much. Just didn't want to go back at this time, picked some fruit, and sat down with the huskies to feed it.

Chapter 235: Xia Xia smashed the disaster

What is the fruit she feeds, she does not know, it is very strange, it should be imported from abroad.

The huskies did not seem to have eaten such things in the usual way. First, they curiously licked in her hands. After that, they probably became addicted. They used their heads to lick her skirt and ask her.

Fang Chi Xia can't stand it's arrogant little action, and the fruit feeds it one after another.

She didn't think too much when she did this, and this huskies looked very strong, and she felt that there should be no problem eating more.

However, in a short while, the huskies started to be wrong.

Lying in her arms, Ai Ai yelled, it seemed to be a bit painful, and even diarrhea.

Fang Chi Xia suddenly panicked, kneeling down and wanting to check its condition, behind him, a majestic voice came cold, "What did you do to it?"

Very fierce voice, still very strict, not waiting for Fang Chixia to react, an old man suddenly came to her.

Knocked down in front of her, looked at the huskies and looked at it again and again, and distressedly kept the stomach. "Harry, hey, let's go back to the doctor! You can bear it, hold on!"

His voice was very anxious, and it felt like he was comforting his sick relatives.

Fang Chi Xia had a feeling of catastrophe, stood up, folded his hands in front of his body and confessed, "I didn't mean it!"

"Come on!" The man ignored her, just dropped a cold sentence, and picked up the Huskies on the ground and went to a nearby villa.

Fang Chixia did something wrong. Although she didn't know her identity, she still followed.

Two people entered the villa one after the other, and then, probably received a call, a large number of doctors rushed over.

This is followed by various checks on the Huskies.

Fang Chi Xia has never seen such a big squad, and it is still a dog!

Standing in the corner from beginning to end, she has a feeling

of making a big mistake!

What made her realize that this is that a family of Luo family has also rushed over, mainly because I heard that the old man is angry.

“What’s wrong with this?” The first door of the sand weaving star, looked at the corner of the eye, like Fang Chi Xia, who was a student who was wronged to be stationed, and the eyebrows screwed.

Luo Yibei looked faintly on her, his brow wrinkled, and followed in a few steps. “What happened?”

What he asked was Fang Chi Xia, and there was no anger in his tone. Instead, he was worried about her.

Fang Chi Xia looked up at him and explained in a very small voice, “The old dog of the old man was fed by me!”

“You are too embarrassed to say!” The “old man” who was mentioned had heard her words and looked at her sideways.

Fang Chi Xia was convinced by the expression on his face, his back was quite strong, and he lowered his head and made a look of remorse. “Grandpa, I am wrong!”

The sand weaving star next to “Call Grandpa!” whispered her. Fang Chi Xia Yi, my heart is even more bitter.

Is this her ground on the age of too old?

“Too grandfather, I really didn’t mean it!” Changed the name, renewed the apology, and her head fell down.

Luo Yi’s north corner took a moment and walked over. He looked at the huskies and looked disdainful. “Not a dog, what’s the big deal? I like to change you to send you tomorrow!”

Chapter 236: Tonight, don't leave

His words, after saying it, the audience was dead.

Luo Jia who does not know that this husky is the lifeblood of the old man?

Dare to talk to the old man, the whole Luo family up and down, probably only Luo Yibei one person!

His tone was very indifferent, and he was very arrogant. He was so angry that he was blowing his beard and blinking. He glanced at him. "You are going to send a few and I am so good!"

His words are ironic, but also yin and yang, Luo Yibei touched his nose, and the line of sight did not turn aside.

The old man said nothing, how easy is it to want a few huskies?

However, if you want to find out another Harry to listen to him, his relationship with him is so good, at least, not possible in a short time.

"Too grandfather, Xia Xia sister is not intentional, you are so good, so kind, so kind, Quan Luo Jia is your best, I know that you will not care about her, right? Right?"

Xiao Zuo also followed, looking at the situation is not right, a few steps forward, pulling Luo Yan's arm swaying, selling Meng spoiled to help Fang Chi Xia to talk, only did not put all the adjectives in his brain are adjectives Move on.

Xiao Zuo is really very lovable, and looks very beautiful.

When such a big child is talking to an adult, it is generally not a few adults to stand up.

At this time, Kolo is probably anxious, and he is very anxious about Harry's situation. He opened his hand and swore at the face. "Go back and sleep well!"

Xiao left his mouth and slammed back.

Selling Meng has failed. He doesn't know how to help Fang Chixia, his eyes drifting toward her, and his face can't help.

Fang Chi Xia was very moved and whispered to him. "I am fine, don't worry."

Her voice is really small, but who knows that Luo Xiao is a young man, his ears are very pointed, and he snorted at her low side. "Of course you are fine. Something is Harry, outside punishment." Stand and don't leave this evening!"

"Grandpa, why do you want to talk to a little girl..." Sha

Zhixing wants to go forward and help persuade, but the words have not been finished yet, but they have been scorned by Luo Wei. “Weaving stars, you are going back, all go back, so much. What are people doing here? Noisy!”

The old man is very old and obviously has a strong temper. Which of his late generations does not hurt?

Now I’m talking, and I’m just watching everyone’s eyes.

Sha Zhixing was helpless. He looked at Fang Chixia next to him and didn’t know what to say.

“Madam, it doesn’t matter, you should go back first!” Fang Chixia always stood at the corner of the penalty station from beginning to end, and his attitude of remorse was very sincere. Sha Zhixing pondered a bit, and felt that Luo Luo’s character should not be too embarrassing for her, nodded lightly, and took a group of people away.

For a while, the lively house was left with only a large group of doctors, as well as Fang Chi Xia, Luo Yibei and Luo Yi.

Luo Yu because of Luo Yibei’s words just now, he was very upset, he swept him and spoke yin and yang. “You still don’t go back?”

He is driving people, it feels like a bit of abandonment to Luo Yibei.

“It’s quiet here. What happened to me?” Luo Yibei gave him a look and saw his eyes more disgusting than he saw himself.

In fact, Luo Jia who does not know that Luo Yu’s favorite is Luo Yibei, Luo Yibei is also very respectful of this elder, but two people have a point of guns with swords, people who do not understand, I thought they It is like an enemy.

Chapter 237: There is a feeling...

This kind of situation is actually happening in Luo Jia, but Fang Chixia is the first time I saw it.

I looked at Luo Yibei and looked at Luo Wei. She was a bit wrong.

Luo Yi was not too angry with Luo Yibei, especially hated his attitude of talking with himself at any time, but he could not help him.

Luo Yibei picked up a chair and sat down, his eyes fixed in the face of Fang Chi Xia, who was standing in the courtyard.

He actually didn't understand very much. With Fang Chixia's temper, if she was so tossed by him, she began to resist.

However, this time, she performed very smoothly from beginning to end, and even did not mean to defy.

Fang Chixia is doing the wrong thing. What she actually thinks is, what is the penalty station? It's good that the old man didn't let her lose money!

These wealthy people's domestic pets, usually baby is very similar, the variety does not know how luxurious.

Really let her lose money, maybe her all the family can not afford to pay!

Fang Chi Xia does not blame Luo Wei, this is why she is so close from beginning to end.

After looking down and sitting down, Luo Yibei, her brow was lightly screwed.

She was left behind because she was punished. What is he because of it?

Watching a movie?

Being confused, Luo's old man asked her instead of her. "I am the one who is fined. What are you doing here?"

It is still ironic, as if the two grandparents had not spoken since they met.

Fang Chi Xia listened to the words, looked up, and his eyes were very strange.

Her eyes were very confused, and when she looked at him, her eyes were bright and bright.

"I am happy." Luo Yibei was so looked at by two big eyes, I don't know if it was Fang Chixia's illusion, and his face seemed uncomfortable.

Luo Yan snorted and ignored him.

“You go back first!” Fang Chixia did not want other people to see the unusual relationship between the two, the low volume requirement.

Luo Yi North coldly glanced at her, probably because he felt that it was not appropriate to stay here for a long time, stood up and left.

However, just in the evening, people appeared again.

Fang Chixia looked at him wrongly and didn't understand what he suddenly appeared for.

Luo Yibei did not explain, just looked at her faintly, and then left.

In the courtyard, only Fang Chi Xia was left alone.

Luo Wei has been busy taking care of Harry in it, and has not come out.

He seems to have no time to eat dinner, let alone consider Fang Chi Xia.

Fang Chixia stood outside for a few hours until the lights in the villa were extinguished, and probably Luo Xiao had already slept.

Fang Chi Xia has been in the courtyard station for so long, from noon to the present, this time the stomach is hungry.

And she didn't sleep last night. At this time, she was too sleepy and her eyelids were fighting.

She couldn't hold it anymore, she could lick her eyelids, or she continued to stand at the spirit.

At one end of the garden, in the middle of the night, a figure slowly walked towards this side and finally stopped in front of her.

Fang Chi Xia Yi, his face slowly lifted up, saw the face of the coming person, his eyes slightly misunderstood.

“Hold.” Luo Yi looked at her with no expression in the north, throwing a bag into her arms, pressing her to sit down, and sitting next to her.

There is a cheese bread in the bag and a bottle of drink, when dinner is enough.

Fang Chixia stared at the contents of the bag and looked at it. It was inexplicable and warm.

Chapter 238: Stay with her for one night

“How come you?” Fang Chixia opened the bread and tasted two. His eyes turned to Luo Yibei, and he asked casually. This time is already in the middle of the night, he will come, she did not expect.

“Don’t eat? Don’t eat, I took it.” Luo Yibei did not directly answer her question, but instead directed the cheese bread in her hand.

Fang Chi Xia’s hand shunned his movements. “Is it for me?” Why didn’t she eat it?

She is hungry at this time.

Luo Yibei did not say anything, retracted his hand and looked at her silently, and seemed to have no intention of leaving.

Fang Chixia lowered his head and focused on solving the snacks he brought to her.

The bread he brought was cheese lobster, and it was accompanied by a few squid rolls. She brought such extravagant food to her in the middle of the night. Fang Chixia had a lot of impressions on Luo Yibei.

Luo Yibei stared at her for a while, unscrewed the bottle of the drink and handed it to her.

His action was actually done very well, but it was when Fang Chi Xia took it.

If you put it in the usual time, when is the two people at home, when was he so considerate?

Luo Yibei looked at her eyes wrong, reacted to what she had done, and put the drink in her hand, and her eyes were removed without any problems.

Fang Chi Xia did not say anything at this time. When the food was settled a few times, it was already three o’clock in the morning.

I spent the night last night, and she didn’t sleep tonight. It was at this time. She couldn’t hold on.

However, I was afraid that I would not be able to explain it to my father. I felt that I wanted to stand up and continue, but I was pressed by Luo Yibei.

“What’s wrong?” Looking at him from the side, she was puzzled.

“What can you do?” Luo Yibei faintly glanced at her, with no expression of irony.

Fang Chi Xia was speechless to his words.

He thought she thought!

If the father of his family has a slightly better temper, why should she not go so far with herself?

“Sit down!” Luo Yibei squinted at the position on his side, demanding cold.

Fang Chi Xia Xian was stunned, so he looked at him, reacted to what he meant, and sat down.

Is he nursing her?

Can be protected, why is the tone so cold?

“Want to sleep, sleep, can’t hold back what?” Luo Yibei did not explain, the long arm stretched out, pressing her head in her arms.

An action made Fang Chi Xia’s back ridge stiff and stiff, and his words were slightly wrong.

Shouldn’t he specifically guard her to sleep?

Luo Yibei did not say anything, so she embraced her, and she rested against a stone pillar next to it.

This way, he made Fang Chi Xia even more unexpected.

Does he not go tonight?

“Luo Yibei, you...” Fang Chixia looked up from his arms and asked, Luo Yibei’s closed eyes opened, and suddenly interrupted her words. “I prefer to stand still?”

“I don’t like it.” Fang Chixia denied it.

Who likes to stand up?

Why do you have to be so wronged when you have a chance to rest?

Luo Yibei was quite satisfied with her answer and gave her a “that doesn’t have to be” look, and the eyes closed again.

Fang Chi Xia’s face slowly lifted up, watching him quietly, even if he closed his eyes, he was still a heroic face, and he was silent for a moment, and asked him, “Are you coming to accompany me tonight?”

Luo Yibei did not answer directly, but pressed her body to lean in her arms.

Chapter 239: I didn't expect you to pay attention to me like this.

An action that made Fang Chi Xia stunned.

She squinted at the hand he was resting on his arm, and she was slightly disappointed.

I ran here in the evening and gave her a snack. Even stayed with her here. When was it so good?

Tonight's Luo Yibei, gave Fang Chixia a lot of accidents.

She did not understand his current behavior, but did not think much.

The head rests on his shoulder and just wants to close his eyes and rest, but he seems to think of something, and looks over at the back of the two.

She was afraid that the father suddenly came out and met, and his eyes were still a little cautious.

Luo Yibei swept her in the cool, and she said with a blank expression. "Reassured, no one will go out to sleep and pay attention to you in the middle of the night."

He always talks like this, there is no temperature, it is as cold as the wind on the icy lake, always makes people feel cool and heavy.

Fang Chi Xia glanced at him, thinking in his heart: You are not going to sleep in the middle of the night?

However, she did not say anything.

She knows how to converge.

Looking back again, I decided that the old man had fallen asleep, did not push Luo Yibei away, and did not twist, her head was on his shoulder, let him stare at himself, she quietly closed her eyes.

The villas of Luo Jia Laotai are relatively partial and very secluded, probably for the convenience of the elderly.

In addition to the insects that occasionally came out of the flowers, there was no noise.

Tonight, the sky is clear and spotless, and there are many stars in the sky. The diamonds that fall into the galaxy fall into the galaxy.

The night tonight is the most beautiful night since Fang Chi Xia's memory.

Starlight, inexplicable makes her think, very warm...

I didn't sleep for two nights, and Fang Chi Xia was not sleepy.

So I leaned on Luo Yi's shoulder and slept in the past.
I probably slept for a few hours, and the villa behind me slowly got moving.

First came the cry of Harry, followed by the footsteps on the stairs.

Fang Chi Xia was stimulated to be a spirit, and the closed eyes suddenly opened, and before the villa door was opened, he lifted his head from Luo Yibei's arms and jerked him away. Her movements were very fast. First, she did not want to be seen to be so intimate. First, she was afraid that her father would find out that she slept last night.

Strongly holding the eyelids, she stood up and returned to her original position.

Luo Yibei glanced at her with a cold gaze, and she seemed to be speechless, but she did not say anything.

The door of the villa was slammed into a few seconds later. Luo Jiade's highly respected father stood at the door, first looked down and stood down, and seemed to be still remorseful of Fang Chixia, and was quite satisfied with her performance.

His eyes swept to Luo Yibei next to her, and he saw him sitting on the ground. Luo Yan's brow wrinkled, and the yin and yang sarcasm. "It's so busy today, I'm going to ask my grandfather early in the morning?"

"I am happy." Luo Yibei gave him a look, coldly dropped a sentence, stood up and went to the house.

Picking up a chair and sitting down, his gaze turned to Fang Chi Xia in the courtyard again, hesitating how to help her get rid of it. Luo Wei first opened his mouth. "Good performance, come in."

Fang Chixia was still "to be guilty of sin" at this time, and he followed the story very closely.

"Harry was asked by you yesterday, and I will stay here for continued care."

Chapter 240: She is a person from Luo Yibei.

Put a box of medicine in her hand into her hand and throw a sentence. Luo Yan turned to sit down and stared at her quietly. Fang Chixia understood that he meant to help him to feed Harry. In fact, it was not a big deal. He summoned Harry to his side and squatted down. He first followed his hair with pity, then tried to tease it.

Harry didn't hate her when she didn't know her yesterday. On the contrary, she seemed to be quite happy. She turned around her and took her skirt and squatted. At her feet.

"Harry, his mouth is open." The pill in the palm of his hand was sent to the mouth of his hand, and Fang Chixia gently stroked his head.

Her movements are very patient from beginning to end, and Luo Wei is quite satisfied with her performance.

When Harry had finished taking the medicine, he summoned it to the side, picked it up in his arms, and pledged his hair with pity. He looked up and looked at Luo Yibei, who was still next to him, and looked at the pool. I asked coldly, "Do you both come together?"

Fang Chi Xia Yizheng, I was trying to explain, Xiao Zuo, accompanied by two servants, suddenly ran towards this side and gave her the answer first. "Too grandfather, my sister is my friend, I took care of me the night before." late!"

"Oh, isn't it?" As long as the lord is not in a violent situation, he is still very fond of the children and grandchildren. The younger age is small, and he will not be as old-fashioned as Luo Yibei. He loves to blow his beard, and the old man likes it. he.

"Too grandfather, you don't have to worry about summer summer sister, she really didn't mean it." Xiao Zuo sees that he talked a lot better than yesterday, and smiled and let the servant bring the things to his little table. Put it, look good, "This is my mother let me bring to Grandpa, lotus seed glutinous rice porridge, said that it is too grandpa to drink this good, you will not be angry, and now Harry is not good?"

The little left mouth is particularly sweet. When he wants to help a person to say good things, he will rack his brains to think about various rhetoric and bring gifts to please.

"Is it?" The old man was amused by him, his hand licked his

head and picked up the bowl.

The little left-handed machine pulled the square pool summer, “Too grandfather forgives you, my sister, say thank you.”

When the old man crossed his eyebrows, when did he say forgive?

Fang Chi Xia understood the meaning of Xiao Zuo, his head lowered and he apologized again. “I will pay more attention in the future.”

She had been fined one night last night, and she had never shirked her recognition from beginning to end, and she apologized several times.

When she spoke, her voice was very low, and she could see that she was also guilty.

Luo Yibei couldn't stand this way, stood up, walked a few steps, and stood in front of her, spit out a blank expression. “I have done so much, and still apologize? Harry doesn't have anything at all.” Yet?”

After a word, I ignored Luo's eyes and looked at his eyes. He took Fang Chixia's hand and took her out.

Luo Yan's face was shocked and looked at the two, his eyes fixed on Luo Yibei's hand.

He reprimanded Fang Chi Xia who made mistakes. What did he come to?

“What is the relationship between the two?” The eyes swept to the little left, he asked.

“Oh, this one.” Xiao Zuo thought about it and gave him a look that “you don't know”. “Chi Xia sister is working in the hands of his elder brother. Too grandfather, you are now moving him. Of course he has to!”

Chapter 241: This afternoon, she is his

The little left tone is a natural look.

Luo Yan was surprised by his words and he was embarrassed.

that's it?

In the garden, after Fang Chixia followed Luo Yibei out of the two people's field of vision, he immediately pushed Luo Yibei's hand away. "I can go by myself."

Luo Yibei gave her a strange look, but did not insist.

The two returned to the villa where he lived in tandem.

Considering that Xiao Zuo can now move around, Fang Chixia decided to leave Luo.

Who knows that just back in less than a morning, Luo Yibei followed and moved back.

It's only a few hours before and after her.

As soon as she left, he immediately moved out to live, and even did not care if the family would think too much.

When I got home, Fang Chi Xia was preparing to go out and go shopping with Tong Yan. When I saw him coming back suddenly, she was surprised. "How come you are back?"

"Is there any opinion?" Luo Yibei slowly walked into the room and relaxed the button of the shirt.

Fang Chi Xia was blocked by him.

Here is also his home, he came back, how dare she have opinions?

However, she did not expect that he would follow her back so soon.

It's good to be back two days late, at least not to make people think too much.

"I will go out with Yan Yan later, I may not come back so early at night." He confessed that he wanted to go outside, and his wrist was cold and he was dragged.

"What's wrong?" Fang Chixia's footsteps at the foot of the summer, watching him somewhat puzzled.

"Nothing, I am just free." Luo Yibei lazily returned to her, and paused, added another sentence, "Tell her that you have no use this afternoon, let her next time."

"Why?" Fang Chixia and Tong Yan spoke earlier. This is also her private matter. She married him only when she returned to the house and only had an intersection. What rights does he have for her? Also interfere?

She was very proud when she said this, and looked at his eyes with a bit of provocation.

Luo Yibei brows wrinkled, slightly squatting, his eyes swept over her face at an extremely slow speed, and the lips raised a slap in the face, and the face did not change color and dropped a sentence, "If you want to sleep for three consecutive nights, Miss, I can ignore what I said."

Fang Chi did not sleep well in Luojia on the night before and last night, plus tonight, it was the third night.

He is threatening her!

Luo Yibei coldly snorted, and no matter whether she promised or not, the big hand went to her and explored the mobile phone on her body, and made a phone call to Tong Yan in front of her face.

"She doesn't have time today." Very simple sentence, I want to hang up the phone, but Tong Yan is wondering, "Why?"

"With her husband, have opinions?" Luo Yibei replied that he did not change his face.

Tong Yan seems to be caught by his words, and there is no sound for a long while.

Luo Yibei hung up the phone and put the phone back into Fang Chi Xia's hand. If nothing happened, she pulled her hand and helped him sort out the shirt button he had just unveiled.

He originally thought that Fang Chi Xia would be at home. He thought that she had not had a good rest for two nights. Today, she should be ready to make up her sleep. He was prepared to come back to rest. I didn't expect her to go out.

He unbuttoned the shirt because she was now back again, or because of her!

Fang Chixia stared at the row of noble buttons on his shirt, and was slightly annoyed with his authoritarian behavior. He wanted to raise his hand and give him a fist.

Chapter 242: Blackmailed by him

The collar that grabbed his clothes pulled down, but there was no movement, but he was swept down by Luo Yibei's eyes.

"What are you doing?" Luo Yibei's gaze glanced at the collar she had made her deep, shallow folds, her brow wrinkled.

"Nothing." Fang Chixia patted his collar. If nothing had done to help him smooth out the clothes, he lowered his eyebrows and helped him to untie the unbuttoned buttons.

After that, the two people really left the villa together.

Luo Yibei was very overbearing to hang up Tong Yan's phone call, and pushed away Fang Chi Xia to make a good date with Tong Yan, driving her to the commercial center of the city center.

Then, I did something that made Fang Chi Xia more speechless.

After taking her in, one afternoon, he asked her to help him buy his things.

Instructed her to enter a men's clothing store, let her help choose a few shirts, and even let her pay for it.

Fang Chi Xia carrying large and small shopping bags, until he walked out of the mall, did not understand what he was suddenly doing this afternoon.

His eyes are so picky, what is needed, even if he has no time, there are so many assistants and servants, why did she choose her?

What makes Fang Chi Xia unthinkable is why she still has to pay for it?

Two people got on the bus in tandem, Luo Yi went to the driver's seat to take a seat, took her bag, opened it and looked at her one afternoon because of his empty wallet, eyes I took a moment.

But there is no reflection, "Do you want to be like this?"

"Don't you always know?" Fang Chixia sat up and put a few shopping bags on him, looking at his wallet, a bit of a pain.

Her wallet has never been bulged, and there is no money. How can he use her?

How is he so funny?

Luo Yibei glanced at several bags on his knees, picked up and raised it in front of her, and hooked his lips at nothing. "This, as a gift for me."

Fang Chi Xia Xin is actually very unhappy, what is he calling?
When someone wants to let people send things, is he directly
bringing people to the mall, instructing others to choose for
him, and even paying for others?

He is simply extorting!

Fang Chi Xia did not understand, he is so rich, just a card can
not be brushed, why should she extort her so little money?

A good limited edition does not wear, why do you like to let
her send?

Luo Yibei did not explain it. His eyes were stunned and he
took a look at several shopping bags next to him. If he had
nothing to do, he drove away.

Mood, it seems to be a little better!

Both of them have already come out, and dinner Luo Yibei
took her directly outside.

I went to a very stylish western restaurant by the sea.

Entering the restaurant, looking for a place to sit down, Luo Yi
North just picked up the menu, did not order, the ringing of the
phone suddenly rang at this time.

Fang Chi Xia was sitting next to him, did not sit opposite,
handed the phone to him very smoothly, "Your phone."

When the phone was picked up, her eyes glanced at the screen
inadvertently, only to see two words - Su dye.

Fang Chi Xia stunned, and the hand holding the phone was
stiff.

Luo Yibei put down the menu and took the call from her hand.

Chapter 243: I want to go back to China...

“Easy...” A very cheerful female voice came from the other end of the phone and told him to be very close.

After a word, the other end of the phone seemed to be silent for a while.

Fang Chi Xia was sitting next to Luo Yibei, and he was very close. When he answered the phone, the phone was just in the ear near her side.

At such a distance, Fang Chi Xia can clearly hear the voice of the person on the phone.

Su Ding was quiet for a while, and the voice came again. “I want to come back...”

In such a short sentence, nothing else, she seems to hesitate to say.

Luo Yibei gave a slight glimpse, and the expression on his face solidified for a few seconds.

The side of the pool is also a glimpse of the summer, holding the hand of the menu is preparing to order, slightly stiffened.

Luo Yi's north line of sight passed by, and the corner of his eye was quiet and looked at her direction.

Fang Chi Xia's light face was lifted and his eyes just looked at him.

Four eyes are opposite, she does not seem to expect the two people to hit the line of sight, his face slightly uncomfortable, his eyes flustered and wrong.

With her head down, she took the menu and continued to order her meal if nothing had happened.

Luo Yibei was silent for a few seconds after Su dyeing, and faintly returned, “Let's talk later!”

A few simple words, hung up the phone.

Fang Chixia turned the menu one page after another, and the speed was very fast. However, I didn't feel anything.

Finally, I turned the whole book over, but it was a dish.

Luo Yibei quietly picked up another book, called the French waiter in the restaurant, fluent in French, and had a lot of meals if nothing happened.

After the meal was delivered, the time later, the box suddenly became a bit quiet.

Neither of them spoke, and the meal was silent from beginning to end.

When I went back, Luo Yibei suddenly received a call from Luo Xizhen, saying that Luo Yibei had replaced him to go to the branch office in Nice, France for a period of time.

There are many branches in Luojia and abroad. Nice has been managed by Luo Xizhen. Recently, he and Sha Zhixing planned a Nordic trip, so he temporarily transferred this incident to Luo Yibei, time, One month.

Luo Xi's arrangement, Luo Yibei generally will not refuse.

Nice, he has to go.

When the phone was over, his eyes looked at Fang Chi Xia in a quiet manner.

Fang Chi Xia sat on the sofa in the group to take care of the hair, if you accidentally teased it, talked to it with a smile, no matter how people can not understand.

Luo Yibei stood a few meters away, looked at her quietly, stared at her for a while, and he said nothing, "I will go abroad for a while."

Fang Chi Xia Zheng was involved in the hands of two claws, and his eyes were slightly stagnation.

Luo Yibei quietly observed her reaction and said, "Go to Nice, France."

He was observing her reaction. After listening to Luo Xixi's statement about going abroad, he just wanted to know what she thought about it.

Fang Chi Xia was very surprised by his words.

He is not a foreigner. He is at a high level like him. Going abroad is a common occurrence.

However, in the previous few times, he never took the initiative to tell her the trip.

Two people are like strangers. When he goes there, he goes straight away. Of course, except for the evening, she does not exist around him.

But now, he took the initiative to tell her that she didn't even need her to ask.

Fang Chixia did not speak after his words, silenced for a while, his face slowly lifted up.

Chapter 244: I don't want to, join me.

"I know." If nothing happened, she held the group and continued to help her comb the back.

Her voice is very light, and it feels like she doesn't mind.

Luo Yibei brow wrinkled, such a woman, no reason to make him a bit uncomfortable, but did not say anything, turned and went upstairs.

Fang Chixia stayed underneath for a long time. When he came up, he had finished bathing and sat in a bathrobe sitting on the sofa, seeming to be waiting for her.

"I haven't slept yet?" Fang Chi Xia stunned, and he was somewhat surprised by this.

Luo Yibei was just a faint "hmm" sound, and her eyes fixed on her eyes.

"I will go to the bath first." Fang Chixia regained his gaze and walked into the bathroom with his head boring.

Her speed is very fast today, usually it will not come out in a few dozen minutes, and it will be solved in ten minutes tonight.

I didn't look at him after I came out. I took my towel and wiped my hair.

"Nice, I will go for a long time." Luo Yibei looked at her, and said coldly.

The volume of his words was raised a bit high, as if she was afraid that she did not hear it.

"I know." Fang Chi Xia was facing him, and the hand that wiped his hair did not stop.

Such a woman, seeing Luo Yibei eyes sinking.

"Is there anything I want to say?" He took care of his neckline, he reminded.

Tone, it seems to bring a little expectation, just, very light and very light, Fang Chi Xia did not hear it.

Fang Chi Xia stunned, and some did not understand what he meant.

He is going to do business, what does she have to say?

Luo Yibei looked at her quietly, her face seemed to be more heavy, but she did not resist her.

She took her to her arms and took the towel in her hand. She helped her wipe it up.

His movements were not gentle at all, but he was not as rude

as the old, white towels on her head, helping her wipe her hair. Fang Chi Xia obviously did not expect that he would suddenly make such an action, and the body leaning in his arms was obviously stiff.

In the character of Luo Yibei, it is already very good to not enslave her to help him do this kind of thing.

Now, he actually helped her to do...

Fang Chi Xia looked up at him and his eyes were awkward.

“Sleep.” Luo Yibei did not explain, she helped her to dry her long hair, and she hugged her and went to bed.

She was thrown into the bed, followed by lying down, arms out and then took her to her arms, pressing her body and sticking her chest.

He said so, but after lying in bed, his eyes did not close.

It was Fang Chi Xia. I couldn't sleep well for the first two nights. Now I can finally lie in bed, so I was locked up by him, and I quickly went to sleep.

Who knows, not fully sleepy, but was awakened by Luo Yibei.

Luo Yibei stared at her back for a while, and suddenly floated again, “I don't want to, go with me?”

Fang Chi Xia was only stunned, and he was somewhat surprised by his words, but he was very tired at this time, but he did not return to him.

Pretending not to hear, she continued to sleep.

Luo Yibei seems to be a little annoyed at the half-point reaction. The hand around her waist wants to lick her a few times. She wants to flip her body and smash her under her body.

However, looking at her who seems to have fallen asleep, she still resisted.

Fang Chi Xia started early the next day, earlier than Luo Yibei.

When I woke up and prepared breakfast in the kitchen, my head suddenly remembered the words of Luo Yibei before going to bed last night.

Chapter 245: Just left

In fact, she didn't take his words to her heart. But when I got up early in the morning, I suddenly remembered it.

Why did she suddenly let her go with her?

Fang Chi Xia was really sleepy last night. When Luo Yibei said that, her head was confused.

However, at this time, in retrospect, his words were particularly clear, as if they were still floating in her ear.

Fang Chi Xiabian prepared breakfast, while pondering his words, secretly speculated that he suddenly said so to her purpose.

When Luo Yi went down to the north, she entered the kitchen and saw her facing her. She thought that she had ignored his words last night, and suddenly she was slightly annoyed.

A few steps went over, standing behind her, her arms squatting behind her, and her face was pasted, and he bit his face at her earlobe.

Fang Chi Xia was shocked, his body trembled sensitively, and the spoon held in his hand almost shook.

"What are you doing?" She turned her head and looked at him. Luo Yibei looked at her coldly, her eyes were cold and heavy. What?

He wants to do a lot of things!

Fang Chi Xia was seen by him as the cool back of his spine, and he turned his head and continued to do his own thing.

Luo Yibei turned around in the kitchen as if nothing had happened, picked up this look, looked at it again, turned and turned, and the person turned to her.

Fang Chi Xia was looked at by him, his back was stiff and his movements stopped.

"what happened?"

Luo Yibei hesitated for a while, so he asked if nothing happened. "I heard nothing last night?"

"What?" Fang Chixia actually knows what he is referring to, but for a moment he didn't think about how he should answer in order to get it right. He could only pretend that he didn't understand anything.

Luo Yibei eyes seem to be a lot cooler.

Fang Chi turned to the side of the summer and still managed to be his own.

Preparing a breakfast, going out, and dining, Luo Yibei's eyes unconsciously swept in her direction.

When Fang Chi Xia did not see it, he lowered his head and ate his own if nothing had happened.

Luo Yibei was silent for a while, and asked questions again, "Nice, do you want to go together?"

Fang Chixia's hand holding the tableware paused, and it seemed that he would not insist on it.

This should not be the case.

When two people got married for so long, Luo Yibei's enthusiasm for all of her was only when the two people were closed at night.

As for other situations, he has always been cold and cold, not only for her, but also for others, and nature.

Now, wherever he goes, she is brought to her, obviously not suitable for him and her.

The normal mode of getting along with him should be that he wants to go out, she is happy to send him out, even fortunate that he is not there for so many days.

This time, Luo Yibei made Fang Chi Xia very unexpected and still did not understand.

It seems that between him and her, something has changed subtly...

Fang Chi Xia has been silent, did not say good, did not say bad.

Luo Yibei was somewhat annoyed with her behavior, and her face was cold and like ice.

After breakfast, I went upstairs. I simply sorted out some things to go abroad. I changed my clothes and walked down.

He didn't go back to the door.

Fang Chi Xia Jiao's corner of the corner of the light passed, quietly watching the back of his departure, staring at him for a long time.

When he had already walked to the garden, she suddenly stopped him, "Luo Yibei!"

Chapter 246: Get up, you really sink

Luo Yi's north back is slightly stiff, and the footsteps at the foot stop.

The corner of his eye was over, and his gaze was looking at her in the direction of her eyes, waiting for her to speak.

Fang Chi Xia came to him step by step, and asked if he had nothing to do with him. "If you go to Nice with you, you can be considered a business trip. The city of C is flying far and flying back, so tossing, double the monthly salary?"

Luo Yibei didn't seem to expect her to float like this. The corner of her eyes was slightly sucked. Following her words, she didn't change her face. "24 hours a day, the monthly salary is higher."

His words are obviously embarrassing, very fascinating, and what the meaning implies, Fang Chixia naturally understands. He did not feel embarrassed to say this, but Fang Chi Xia was very good.

"Wait for a while, I am going to pack things up." He was aphasia for a while, his eyes were uncomfortably staggered with him, and she turned and went to the house.

Luo Yibei eyes sent her disappearing figure, the lips slightly hooked, the darkness of the deep bottomless, smudged a smile. Fang Chixia returned to the house and simply sorted out some things to go abroad. When he came out, he accompanied him to the airport.

Luo Yibei used a special plane for this trip, and the entire plane only served him alone.

C city to Nice more than ten hours, the only one in the cabin is he and Fang Chi Xia, the waiter and crew members are separated, without permission, do not dare to enter.

This seems to be the first time Fang Chi Xia took the initiative to follow Luo Yibei, the only time two people have been married for so long.

Luo Yibei has been staring at her since she got on the plane. Fang Chi Xia and he sat next to each other, sitting in the window.

The corner of his eye slanted to the sight of his falling on himself, and her gaze shifted away and looked out of the window.

The interior of the aircraft is decorated in a luxurious

presidential suite. In fact, there are many places to sit, even beds.

Fang Chi Xia is sitting on a sofa, and there is a little bit. She originally wanted to take a rest for a dozen hours. Who knows that just sitting down, Luo Yibei also sat down.

With such a small sofa, two people are sitting in a crowded place.

Moreover, the window is placed on the side of the window, which makes the square pool have no place for summer legs. What is even more abhorrent is that Luo Yibei's hands and feet are not intentional. Long legs and long legs, just let go, put the space in the majority.

The arm also passed behind her head and reached directly to the bottom of her eyelids.

In this position, she is like being held in his arms at any time. Fang Chi Xia did not pinch, but he felt that his hands and feet hindered her activities, and the elbow pushed him. "You have passed."

Luo Yibei ignored her, changed her arms, and lazily wrapped her arms around her chest. She used her as a cushion, and her legs were lazy and changed into a overlapping position. The body leaned directly on her body.

He was originally very tall, so relying on Fang Chi Xia, how to see how uncoordinated.

He doesn't seem to mind himself, his face is still very pleasant.

Fang Chi Xia squinted at him, and his teeth were itchy.

Is there any more use for her in his use?

"Luo Yibei, you get up! The head is dead!" Fang Chixia pushed his hand with both hands.

"Noisy." Luo Yibei lazy back to her a word, took a magazine and covered it in his face.

Chapter 247: What do you have if you have something?

Fang Chi Xia Yi, where is she noisy?

I really want to push him again. However, it is obvious that Luo Yibei is not willing to take care of her. Her impulse has stopped.

The two were sitting by the window. At this time, it was almost close to the afternoon, and there was sunshine in the air.

Warm, very comfortable.

Luo Yibei lazily leaned against Fang Chi Xia, and the body leaned against her. After the book was covered, she never said anything.

He seemed to be asleep, and at first he just leaned back on her. After that, he probably felt that the sofa was too small, his legs and feet were not convenient to rest, fell asleep, and his head was directly on her lap.

An action that makes Fang Chi Xia's back stiff and stiff.

He didn't know if he didn't notice it or was deliberate. He didn't move after the headrest went up.

Fang Chi Xia was very uncomfortable with the place where he was sleeping. He wanted to push him away. However, after his hand extended, he listened to his clear and shallow breathing, which was suspected of falling asleep, and held back the impulse.

In fact, for such a long flight, it would be good for her to sleep all the time.

It's better than waking up two people face to face.

With the character of Luo Yibei, such a long time, Fang Chixia did not believe that he would score in Anan, even if two people were on the plane.

Looking away from the window, Fang Chixia did not look at him again.

C city to Nice, a lot of places across the road, the weather outside the window is also unpredictable.

It can be in the clear sky for the first ten minutes, and it will be cloudy after ten minutes.

When it was about a piece of ocean above, the temperature in the cabin suddenly became a lot colder.

Fang Chi Xia groped out a bed sheet, wanted to put on himself, not wrapped up, his eyes could not help but glance at

the face of the man lying on her.

Before Luo Yibei, she was not sure if he was really asleep or just didn't want to care about her, but now he thinks she should have been asleep.

Looking at him quietly, Fang Chixia stared at his sculpted face for a while, and did not know what happened to him. Even the ghost made the cover of his hand cover him.

Helped him to squat a little, his hand is ready to be retracted, his wrist is cold and can not be stopped by a hand.

Fang Chi Xia Yi, all the movements just stopped, his eyes looked at him lying down.

Luo Yibei's closed eyes opened and her eyes fixed on her face. Fang Chi Xia's body was poured over, his face just above his head, his hand was pressed by him, and his body was slightly brought forward by him.

Luo Yibei is lying flat, with the head resting on her lap.

This posture, it looks like a square pool summer is to come over and kiss him.

The faces of the two people are very close, and the four eyes are opposite. Fang Chi Xia can even clearly see his miniature in his eyes.

"Miss Fang, what are you doing?" Luo Yibei's gaze first glanced at the hand she had just covered for him, faintly swearing, her eyes patrolling her face at an extremely slow speed, eyes, The tip of the nose, then the lip...

"In Nice, I have to live for so long. When I go there, I have to rely on you, eat, live, work. If you have something, it will be me who is in trouble."

Fang Chi Xia was somewhat uncomfortable when he saw it. If he had no reason to find a reason for his behavior, he wanted to withdraw his hand. Luo Yibei's arm suddenly hooked her head and pressed her head to the next tilt. Lips kissed his lips.

Chapter 248: Great works of the North Master

Very gentle kiss, licking water, he pressed him to kiss her head.

Fang Chixia was stiff and stiff, raised his hand and tried to push him away. Luo Yibei pressed her hand and shrank it back.

The long leg was slightly moved. If nothing happened to recover his eyes, he adjusted the thin quilt that she had covered him and continued to sleep.

He seemed to be addicted to her pillow, and the head didn't mean to move away. It was so flat, and actually went to sleep.

The journey of the plane was still very long. Fangchi Xiabai was bored. She stared at the window and went out for a while. She found a pen in the room and boringly painted on the window glass.

She is trying to pass the time, painting very slowly, but the painting is very delicate.

First, I drew a kitten and then drew a bustling street with a rainy day.

The kitten is on the street, there are no pedestrians on the street, only such a cat.

The rain outside was very big. The cat was alone in front of a closed shop door, looking up at the rain curtain outside, like sheltering from the rain.

The whole street is very quiet, there are no pedestrians, no other stray animals, only this lonely cat on the corner of the street is weak, small and helpless.

That moment, as if the whole world was in a quiet place.

Fang Chixia's painting project was a bit large and took a long time.

After painting, it has been several hours later.

He took a sore wrist and took out a thin bed and covered it.

She did not push Luo Yibei away, so she sat down and slept.

She just wanted to take a nap. However, after her head leaned against the back of the chair, she was groggy and her consciousness was somewhat unfounded.

Luo Yibei wakes up after she has not slept for two minutes.

People who have had enough rest for so long are very good at this time.

First, staring at her arms and leaning on the chair, Fang Chixia

looked back and took back the head resting on her. He sat up and wanted to go to the restaurant. His eyes were unexpectedly attracted by the painting on the window glass. .

Fang Chi Xia is painted with black water, very eye-catching, and the painting is still very clear.

Luo Yibei stared quietly at her painting and looked at it. She looked at the lonely kitten on the street in her painting, and her eyes only felt a pain.

I don't know how long I saw the painting. I picked up Fang Chi, who was sleeping by the window, and took her to the bedside. She placed her on the bed, and she replaced her in the position she had just taken.

Picking up the pen that she had just used on the table, Luo Yibei was in the position next to her picture, and painted it.

His speed is very fast, and he doesn't know what to paint. The outline of the construction seems to be huge.

The plane continued to drive in the air.

Fang Chi Xia slept very well after returning to bed, and did not wake up from beginning to end.

When I opened my eyes again, it was in the bumps of the plane and it seemed to be falling.

Luo Yibei stood outside the door, and someone seemed to be talking to him at the door.

It is French, Fang Chi Xia can understand.

The content is roughly said that there are still ten minutes, the plane will land at Nice airport, and asked Luo Yibei what to do next.

Luo Yibei went out after that, probably to explain things.

In the house, there was only one person in Fang Chi Xia.

Fang Chi Xia got out of bed and stumbled into the sofa he was sitting on. He wanted to wait quietly for the plane to land, but when he saw the painting next to him, he stunned...

Chapter 249: Xu Fangcheng

It was a very spectacular painting, and it was the helpless kitten that was painted before Fang Chixia.

However, unlike her, the background of Luo Yibei's painting is a majestic city, like a blueprint for a kingdom.

Half of the weather in the painting is a cloudy rainy day, and half of it is the hot summer sun.

The cat is also different from Fang Chi Xia's paintings. It has a home, a wooden house, and a sheltered harbor.

Whether it is a hot day or a rainy day, the cat that has nowhere to put it in the painting of Luo Yibei is in the house, watching the scene outside safely, and it is comfortable and comfortable. Fang Chi Xia stared at the painting for a long time, and didn't know what it was, suddenly it was sour.

Outside the room, a slamming sound suddenly came.

Followed by a waiter's respectful voice, "Miss, Nice is here!" Fang Chi Xia returned to God, calmed down the look, walked over, opened the door, and went to the ramp if nothing happened.

When she came out, Luo Yibei had already taken her step by step, and seemed to be waiting for her outside.

This time is night, the night fog is very thick, the lights of the airport are also embarrassing, projected on him, softening his sultry coldness.

Fang Chixia stood on the high gangway and looked at him quietly through the hustle and bustle of the night. He thought of the painting, and his heart was a little sour.

However, once again, it is possible that people are just painting casually, without any meaning, she has turned this feeling away.

"It's coming so soon." If nothing happened, he came to him. Fang Chi Xia first looked at the airport casually and walked side by side with him.

When I got out of the airport, someone was waiting outside. Luo Yibei does not seem to like too much interference in his life field. Even many drivers are too disgusted. After getting on the bus, he will call the driver down.

Martin, who is driving the wind, slammed his face and went to the suburbs.

"Is it going to find a hotel?" Fang Chixia asked too far.

“Follow it, you can’t do it? Isn’t your food and shelter still relying on me?” Luo Yibei quoted her on the plane before saying something, and continued to drive his car.

Fang Chi Xia Yu mouth, did not talk much.

Indeed, she is completely unfamiliar with Nice, just follow him.

Luo Jia actually has its own private villa in Nice. Earlier, Saori was in Europe when it was designed and designed. Only Luo Xizhen and her came and lived. Usually there is no one, but it will also let the servants regularly organize. .

Luo Yibei took Fang Chi Xia to go to the villa, the suburbs, and the branch of Rongxi is not very far away, the scenery is particularly good.

A spectacular villa, surrounded by colorful, and even the hot spring pool.

In the next month, both of them will stay here.

After Fang Chi Xia arrived, he actively ran to organize the room himself.

Luo Yibei sat on the sofa, leisurely watching her busy figure upstairs and downstairs, quietly thinking about how the two men should go over the next month.

Nice is the beginning of a new life for him and her.

Only she and him, not even a person who knows, do not have to worry about being photographed by reporters.

Thinking about it, Luo Yibei was very unfair and thought that in this environment, what he wanted to do could be unscrupulous.

Chapter 250: Like it

Fang Chi Xia was busy upstairs for a long time, sorted out a room for himself, even re-arranged the room, and took out the clothes he brought, one by one, into the closet.

A few hours after coming here, she seemed to be very busy. However, busy for a long time, seemingly busy is her own business.

The room is also organized, or is only ready for her.

Luo Yibei's character, Fang Chi Xia is some understanding, she did not expect the two to be able to divide the room every day here, her room is for occasional preparation.

Downstairs, Luo Yibei sat in the living room for a while, then went to the hot spring pool in Houshan.

This villa is selected by Luo Xi. The address is very original and the environment is very quiet. It feels like a paradise.

The hot spring pool in Houshan is pure natural, the mist in the pool is lingering, and the fairyland is like a dream.

After Luo Yi went north, he didn't come back for more than an hour.

Fang Chixia arranged things in the upstairs room. After finishing all the work, he walked out of the balcony. When he looked down, he just saw him in the back mountain.

"Come on!" Luo Yibei lazy in the water, hooked her finger.

Fang Chi Xia ignored him. When he didn't hear him, his eyes were empty on the back hill.

Very beautiful villa, the facilities are not completely furnished, even the decorating environment is pure natural.

Standing in the room where Fang Chi Xia is located, the wind from the back mountain is blowing in, and even the smell of the air is full of colorful flowers.

Very happy and happy.

"Go down!" The voice of Luo Yibei downstairs came again.

The tone seemed to be a lot colder than before, and the danger was also a lot stronger.

Fang Chi Xia is not afraid of him at the moment. He ignored his words and deeply sniffed the scattered floral fragrance in the air. She talked with him indiscriminately. "Luo Yibei, it is very beautiful here. ""

Luo Yibei was very dissatisfied with her previous mismatch. However, looking at her face, she still said, "I like it?"

“Like.” Fang Chixia nodded lightly and said to himself, “If you can see the same scenery in your home country in the future.”

Her words are really casual, but I just sighed with a sentence. At this time, she probably would never have thought that in the future, the same mountain view, the same hot spring pool, and even the same air with flowers would really appear in the domestic home...

Luo Yibei leaned back in the hot spring pool, looking at her upstairs and downstairs, and did not know what was going on in her head.

Fang Chi Xia was looked at by him, and he stunned and misunderstood his eyes.

When Luo Yibei used to look at her like this, she did not cooperate with him and was warned by him.

The kind of eyes that are a bit cool and indifferent like cold air are like this.

“I will come down later.” Fang Chixia stepped back two steps, and after a turn, he went back to the room and held a piece of bath towel.

She didn't succumb to Luo Yibei. She just thought that if he really insisted on letting her go down, even if she didn't go down, he wouldn't still have a way to let her go when he shot. When you can choose actively, and the active and passive results are the same, why not take the initiative?

At least, you can relieve yourself a little trouble.

All the way out of the villa, she came directly to the back hill.

Chapter 251: He broke into the lake

Luo Yibei lazily leaned against the lakeside, so she looked at her closer and closer to her, thinking that she had not cooperated with her. When she came to her side, she suddenly raised her hand and gave her a look.

He is jealous of her ankles, the movement is very sudden, Fang Chixia is not prepared at all.

“Ah~” The first sound on the water was an exclamation, followed by a “watering” sound.

“Oh... cough...” The taste of Fang Chi Xia seems to be somewhat uncomfortable. After she fell into the water, she was very embarrassed, and her arm was helplessly splashing on the water. It seemed to be trying to grasp what stabilized herself.

However, nothing was caught.

Luo Yi North Gang's action is purely a small punishment for her, teasing her to play, his people are actually next to, but did not help.

What he thinks is, what can a hot spring lake do?

At the beginning of the water, the water splashed, and then slowly calmed down, not even a wave.

Fang Chi Xia sinks into the water, and the shadows are not seen.

Luo Yibei leaned against the poolside and looked at the lake quietly, still ignoring it.

This is a natural hot spring lake. The lake is not deep, and the place where he is located is about one meter five.

At such a depth, Luo Yibei felt that there was no problem.

Luo Yibei squatted slightly, his fingertips slammed the surface of the water, and he estimated that Fang Chi Xia could probably stay inside.

He felt that she might not be able to stay for a minute or two.

Or, she may just be arguing with him, maybe not paying attention to her, her head popping out from somewhere, screaming at him and not paying attention, retaliating into him into the water.

With the character of Fang Chi Xia, the second idea is very likely.

However, Luo Yibei did not know that it was waiting for a while, the water was still very calm, and there was no shadow

in Fang Chi Xia.

Surrounded by death, quiet.

The over-smelling atmosphere made Luo Yibei frown and slowly realized that something was wrong.

“Fang Chi Xia!” Luo Yibei tried to call her.

There is still no reaction on the water.

Luo Yi’s north heart was tight, and once again, when Fang Ji’s family fell into the lake before the Ji Chi Xia, his eyes sank and he sneaked into the water.

This time is afternoon, the sun is faintly scattered, piercing the lake, and faintly scattered into some of the water.

The lake is not deep, but the lake is surrounded by trees, blocking part of the light, making the lake look dark.

When Luo Yi was sneaked into the water, Fang Chi Xia had already fallen to the bottom of the lake.

Luo Yibei hugged her to the surface and placed her on the nearby grass.

Fang Chi Xia’s long eyes were tightly closed, pale and quiet like a broken doll.

Such a woman, I can see that Luo Yibei’s heart is like something being drawn.

“Are you alright?” Pushed her and he tried to talk to her.

Fang Chi Xia’s face was white without a little blood, and his eyes were closed and there was no reaction.

“Wake up!” Luo Yibei tried to push her again.

Still did not get any reaction, leaned over, just wanted to help her artificial respiration, Fang Chixia’s eyes closed suddenly suddenly opened.

“Is this point tolerant?” Luo Yibei sighed, it seems a lot easier, and even the mood hurt her.

Fang Chi Xia just watched him not talking.

Her lip color and face are still very pale, and her hands are placed on the chest, which feels like being scared and not slowing down.

Chapter 252: Biting dead slag

Her consciousness seems to be a little awake, and that feeling is like immersed in the panic.

Luo Yibei looked at her like this, and suddenly she felt that something was wrong.

A hot spring lake, as far as it is scared?

In fact, in the case of Ji Jia, Luo Yibei did not understand at the time.

With her cleverness, how big is the lake?

Halfway to the people who can be saved in Provence, where they are not in front of the village, can they be stumped by water?

And she is not going to swim!

Luo Yibei did not understand her like this. She stared at her for a while and hugged her.

“Are you alright?” He asked her as she walked to the villa.

Fang Chi Xia ignored him, but leaned against him in his arms.

The white bones licked his clothes and pulled his sleeves out of the deep and shallow folds. It felt like a straw-saving life.

The nightmare of the mouth has been screaming “cold.”

In a word, let Luo Yibei’s back spine stiff.

The hot spring lake where the two were just located, the water is warm and not cold...

In addition to the reaction of her last fall, Luo Yibei brows up.

In fact, the water temperature is not cold twice, and it is still a hot day.

Her current reaction should not be caused by water temperature. I am afraid it is more psychological reasons.

Even people who dare to collide with him are afraid of falling into the water...

Luo Yibei stared at her in the arms and looked at it. I didn’t think about the reason for the reflection of the pool.

Have you had a bad memory before?

Fang Chi Xia is still shrinking in his arms, his face is pale and white, and it looks very weak.

Such a woman, let a culprit slightly reflect.

“It’s okay, it won’t be cold soon.” With a gentle comfort that he didn’t even notice, Luo Yibei took her and strode back to the villa.

Going upstairs, all the way back to the master bedroom,

placing her on the sofa, helping her to take off her wet clothes and replacing it with a new one. He took a clean bath towel and wrapped her wet head to help her wipe. Still dripping the hair of the drops.

Fang Chi Xiabu dolls were left with him and did not protest.

“Little pity!” Luo Yibei glanced at her and glanced at it.

Helping her blow her hair, she knew that things had been done, but she did not let her go, but let her lean in her arms, and her face even had a touch of unappealing pleasure.

“How can I be afraid of falling into the water?” He leaned over and smelled the natural fragrance of her body. He asked casually.

Fang Chi Xia seems to be ecstatic, ignoring him.

At this time, she was particularly sloppy, like a ragdoll who was forced to bully. How to toss how to toss, and not to fight back as usual.

Luo Yibei stared at her and looked down. Her eyes fixed on her loose shoulders and hesitated whether he wanted to do whatever he wanted.

After her hand clasped her brain, she pressed her face to herself, and her face fell over, and she was about to kiss it. The scorpion of Fang Chixia’s scorpion suddenly returned to God, and the four eyes were opposite. Luo Yibei had not responded. Next, a burst of burning pain on the lips suddenly came.

He was bitten by her!

This is the first reaction after she woke up?

Fang Chixia glanced at him and thought of his hateful deliberately swearing at her, and pushed him away.

“Bastard!” Resentfully stared at him, she bit her gums.

Luo Yibei returned to God and licked the painful lips, but did not defend himself.

Chapter 253: Childhood agreement

This time, he did deliberately tease her.

It was only at that time that he did not expect that she would react so much to the falling water.

Fang Chi Xia did not say anything, turned and went downstairs.

Since the two married, the number of small quarrels is actually quite a lot. However, she seems to have no vengeance. When she came downstairs, she was like someone who had never happened before, even taking care of herself. The kitchen is ready for dinner.

Fang Chi Xia does not actually call for hate. If it is a violation of the bottom line, she may remember you for a lifetime.

However, like this kind of trouble, she will at most reciprocate, and this is the case.

He and her have to live together for four years, why bother to make themselves unhappy?

When Luo Yi went down, Fang Chi Xia was like a person who had nothing to do, and he turned around between the kitchen and the restaurant, and even picked up the song in a very mood.

The one she was jealous of was the one, “When-I-Grow-Up, I-Wanna-Be-Your-Bride, Be-Your-Bride, Touch-Your-Heart...”

The lyrics mean roughly that when I grow up, I want to be your bride.

The song was also smashed on the night of the wedding of the two, and the mood at that time was as it is now.

Luo Yibei did not expect that she was still dying before, and now she is so spiritual and energetic.

Leaning on the stairway, she looked at her like this, and he looked thoughtfully.

Who is the bride who wants to be grown up?

On the night when the two married, Luo Yibei heard her sing the song for the first time. The first reaction was that she was married to celebrate him.

But now, both of them are married, and hey!

Luo Yibei looked at her quietly, and the eyebrows slowly sank.

Is it casual or who has an agreement?

Fang Chi Xia Jiao's eyes slanted to him who was staring at himself. He groaned and twisted his head, and continued to do

his own thing if nothing had happened.

A dinner, two people simply solve, the next day will officially enter the branch of Rongxi here, plus the plane that took so long that day, this night pool sleep very early.

Luo Yibei probably had some introspection about his behavior during the day and did not move her tonight.

The next morning, two people went to Rong Xi together.

The next period of time is normal work and various business entertainment.

After Luo Yibei came to Nice, it seems that he likes to take the pool and the summer together. There are all kinds of entertainment, there is always a place around him.

Fang Chi Xia Yu remembered the double monthly salary after coming here, he let her accompany, she went.

After he went, he was usually busy with him. She sat down and waited for him.

The same is true for the evening's entertainment. A celebrity party hosted by a wealthy businessman is a very rich dinner. It is said that even members of a European king's room have been invited.

Su Rui of the R country is also the one who had previously proposed to let Rong Xi and the royal family marry.

After Su Rui arrived, he saw Luo Yibei at the tip of his eye and walked over with two cocktails.

"Easy, you are here too!" She saw that he seemed very happy, and even the brows and the end of the eyes were filled with laughter.

Luo Yibei is just a faint "hmm" sound, and there is not much expression on his face.

Fang Chixia stood not far behind the two people. Originally, he planned to find a corner to sit down and wait for him. But when he saw this scene, he couldn't help but stop.

Chapter 254: Baby, look a little

The mentality she left is purely a play.

Su Rui did not know that he had forgotten what Luo Yibei said when he refused to marry in the Palace of Kings, but he still insisted on him.

“Easy, I didn’t expect to meet you in France. Have you been here recently?”

“I will always be there for a while, do you have time to get together alone?”

“Easy, where do you live? Can I go and see?”

.....

Surrey’s character is actually not a noisy, but because Luo Yibei is too cold, she asked what he did not respond, which led to the dialogue between the two people, almost all of them were said by Su Rui.

Listening to other people’s ears, Su Rui is very awkward.

The character of Luo Yibei, the most annoying thing is the noisy.

The brow was wrinkled, and his gaze looked at Fang Chi Xia, not far away, his eyes indicating her past.

Fang Chi Xia can actually understand the meaning of his eyes, but he did not understand the purpose of his past.

When I didn’t see it, if I looked away from nothing, I saw a waiter who passed by, and her finger pointed to a glass of wine. “Excuse me, what is this wine?”

“Miss, this is the kiss of an angel.” The French waiter introduced her to her with a pure French smile.

“I want two cups, thank you.” Fang Chixia took two cups from it, and the waiter left with a smile.

Luo Yibei was originally a disregard for her, and her face was not good-looking.

Now she saw that she had two glasses of wine, only when she was coming over and stretched a little.

But who knows that Fang Chi Xia took the wine, but sat down next to a high chair, put a cup on it, and leisurely took another cup and drank it.

She is a kind of watching the mind from beginning to end, it seems that there is no point to intervene.

Two cocktails, all for yourself!

Luo Yibei’s face was slightly distorted under one of her

movements, sinking into a breath, and once again pointed at her eyes.

Fang Chixia also read his meaning very clearly this time, but he still ignored it.

It was Su Rui, who looked over and looked at it. He asked suspiciously, “Easy, do you come with friends?”

Luo Yibei ignored her, and the black cockroaches still stared straight into Fang Chi Xia.

His vision is sharp, dark and dangerous, and it feels like the next second will come.

His eyes were very infiltrating, and Fang Chixia was shocked by his heart.

The person who had only planned to hang up high before, did not succumb to one of his eyes, and stiffly walked toward the two.

While walking, Fang Chi Xiabian in the thought of Luo Yibei to let their past purposes.

He was entangled by other women, but let her go, take her as an arrow?

Fang Chi Xia’s head has always been very clever. Even if he started to be a bit confused about his purpose, he can guess it a little.

A few steps came to the two people, just approached, Luo Yi North long arm stretched out, and she was fixed in her arms.

“Baby, what are you doing? Let you come over, why don’t you listen?” She leaned over her forehead and kissed softly. His voice was unusually gentle and gentle, and Fang Chixia was full of hair.

Fang Chi Xia’s body leaned in his arms, his body stiffened like wood, and he was motionless.

However, the face had to cooperate.

The stiffness involved smack, and she explained to herself, “I haven’t heard anything since I was too far apart.”

Happy Mid-Autumn Festival, baby~

Chapter 255: Show her love with her

Two people, one next to the other, looked as soft as it could seep out of water, and the other was a small bird.

Luo Yibei is the kind of man who has its own luminous function. Whenever he goes, he can attract a large group of people's eyes. The eyes that he gathered on him from tonight are many, and they are all young women.

Now that I saw this scene, the girls' hearts of the female guests were broken into pieces.

Su Rui was shocked to see the two, his body shivering slightly. Fang Chi Xia actually sympathizes with her, relying on Luo Yibei's arms, they have already been unable to install, and want to leave.

However, she is very clear that Luo Yibei specifically let her come, if the purpose has not been reached, will not easily let her go.

Fang Chixia pondered for a while, and his arm suddenly caught the neck of Luo Yibei.

Then, in order to win the sound of goose bumps, he called him, "Husband, I want to go around here, don't you mind?" In her words, she was using the marriage relationship between the two to help him solve the problem of Su Rui. He was also looking for an excuse to leave, both of which were the best, helped him, and found a reason for excusing himself.

"Easy, she is..." Su Rui's face changed obviously after her words, and the voice brought a slight vibrato.

He is really married!

Luo Yibei was just a faint "hmm" sound, and his eyes turned to Fang Chi Xia in his arms.

"Don't go too far. When you go back, take the initiative to come to me!" confessed, he let go of her hand.

"Okay, I will." Fang Chixia breathed a sigh of relief, nodded lightly and calmly left.

She actually didn't like to do this kind of thing at all. It is obvious that the relationship between the two people is not so close, and it is also a show of love in the public. Fang Chi Xia's heart should be very powerful.

Going back to where I was sitting, I picked up the two cocktails again, and Fang Chixia's gaze swept the scene in the spot, looking quietly in a quiet position.

I saw a corner sofa, and I wanted to go over with the wine. Su Rui didn't know why, and suddenly came in the direction of her.

Fang Chi Xia is still walking forward, not paying attention. Su Rui went straight to her side, did not say hello to her, just stood next to the station.

Fang Chixia didn't understand her purpose at the beginning. She looked at her like this. She thought that the other person was coming to find her.

But Suri's next move suddenly made her understand.

When Fang Chi Xia Mai opened his legs and was about to go forward, Su Rui suddenly reached out and gave her a look.

A sudden action, not prepared.

Fang Chi Xia's body lost its center of gravity and fell straight to the ground.

Fang Chi Xia's ability to adapt to the situation has always been very good. In the event of such a sudden situation, if both hands are empty, they can still stabilize themselves.

But she still has two glasses of wine in her hand. I can't help but hold on to support myself. The wine glass in my hand comes out of my hand, and the body is so uncontrollably straight to the ground, "Ah!"

With an exclamation, I was about to get in touch with the floor, and a pair of arms suddenly smashed her slender waist. Even, I caught the cocktail that flew out of her hands.

Steady, the wine glass fell on the palm of the man.

The movement of the coming people was very fast. It was not until Fangchi Xia had no idea how things happened. When he returned to God, he had already been pulled up and his body slammed into a warm embrace.

Chapter 256: Angel kiss

Fang Chi Xia spent a few seconds, looked at the wine glass in the man's hand, turned around, wanted to see who helped him, when he looked up, his head was cold and he ran into the other's chin.

Fang Chi Xia Yizhen, his face was lifted up.

Magnified in front of the eyes, is a very eye-catching face, the contours of the five senses are extremely deep, the ink immersed like a boundless ocean, the deep light but the enchanting.

The man was leaning over because of the relationship she had just pulled.

Two people, one looking up, one leaning over, his face close, near, Fang Chi Xia can see himself clearly through his eyes.

Fang Chi looked at his face in summer, and his pupil narrowed slightly. "It's you..."

"Yeah, we met again." Fasino's lips opened a low-pitched arc, and the deep scorpions looked unusually embarrassing and embarrassing under the illumination of the crystal lamps above them.

Fang Chixia looked at the eyes of the two men, and some uncomfortably stepped back two steps, and he opened a little distance.

Fasino looked at his empty arms and seemed to be a little lost.

"Just thank you." Fang Chixia calmed down the look on his face, and thanked him without any trouble.

"Little things." Fasino raised the cocktail that had just been taken from her hand and took it to her eyes, staring at the pink cherry inside.

He didn't seem to mind that the glass of wine had been drunk by her. In Fang Xiao's sorrowful eyes, he suddenly picked up the wine and seemed to want to drink.

"I just got the wine..." Fang Chixia wanted to remind, but it was too late.

The wine was drunk by him!

The cup that I drank was just the one she had just drunk. It looked like the same place where the lips touched the cup.

Before the cup was touched by Fang Chi Xia, the water stains have not dried yet!

"Angel's kiss?" Fasino raised the little bit of wine left in the

cup and looked at it. The eyebrows looked good and picked. The speed of his words was very slow, and he also brought a lazy unspeakable.

Asked, naturally it is the name of this wine-flavored wine. However, this word is spoken from his mouth, and I don't know if it is the illusion of Fang Chi Xia. I always feel a little joke.

"Taste, I like it." Fasino looked at her side and suddenly floated again.

The same kind of lazy tone, just the kind of banter, even the slap in the corner of the lips is similar.

Fang Chi Xia has a feeling of being swayed, and standing here always feels a little uncomfortable.

"Sorry, I still have something to do, I have to leave first." He greeted him, and she left as soon as she turned.

If Fasino had nothing to do with the waiter, he took another glass of the same wine from the tray in his hand and put it on his lips and casually sipped.

Angel kiss...

Su Rui has been standing next to him, watching this scene quietly, and he was surprised by his sudden appearance.

"Snow, do you know her?" He looked up at him and Su Rui was obviously dissatisfied with his intervention.

"What's wrong?" Fasno's gaze has been falling in the direction of Fang Chi Xia, while watching the back of her farther and farther, drinking the glass of wine in her hand.

"Why did you just want to help her?" Su Rui did not understand, but still not reconciled.

"What have I done?" Fesno looked like she didn't remember anything. Looking at her, it seemed to be a little confused.

Su Rui, "..."

Chapter 257: Poisonous tongue

Su Rui was extremely speechless to him, but he couldn't help him.

Over the side, her sight, once again followed Fang Chi Xia. Staring at the direction in which she disappeared, she looked at it for a while, avoiding the sight of Fasno, and Suri once again walked toward Fang Chixia.

Fang Chixia just sat down at the corner of the sofa at this time, and saw her, her brow wrinkled and her face lifted.

Su Rui stood by her side, her chin was lifted proudly, and her eyes were extremely contemptuous. "I didn't see anything different. I really don't know what Yibei looks like."

Fang Chixia didn't want to take care of her. However, the other party took the initiative to find fault. If she didn't respond anything, it would give people a feeling of being too bullied.

Slightly smile, Fang Chixia is not angry with her words, just the sigh of attachment. "Yeah, Yibei's eyes really don't know what's going on, even my ordinary people who are ordinary but can't see it... .."

She hadn't had any lethality since she first started, and it sounded warm and smooth.

To be said, half of the tone, the tone suddenly turned, the eyes slanted to her, the mad man added a sentence, "but, but can't see the princess you?"

irony!

A succinct sentence is undoubtedly the best irony for Su Rui. Her ordinary people have also been seen by Luo Yibei, but she is a princess in Su Ruitang, but people even look at it even more, this is ironic!

This is also the point that Su Rui can't figure out. Now she is so openly told that Su Rui's proud princess's heart is like being thrown from the top of his head to his feet, and he is embarrassed.

Fang Chi Xia did not really want to entangle her with her. She was just picking up someone else, and she just picked it up. I don't want to let Luo Yibei give herself some trouble. After a word, she stood up and left.

When I passed through the hall, I just met Fasino.

Fesno belongs to the kind of natural illuminator. Even in this

occasion tonight, the lighting is not so bright, but there is a place where he is. It's always like the lights of the whole audience are gathered in the past. Direct view.

There are a lot of people around him, probably talking about something between friends.

The corner of her eye slanted to her side, his lips swelled and looked good.

He himself looked extremely beautiful. This smile, a kind of surrounding scenery, was completely lost in color, his eyes were glamorous and enchanting, and even brought a bit of evil.

Fang Chixia's line of sight and his eyes looked at each other and he was uncomfortable.

Turning her head, she continued to go outside the door.

"Late later." Fisno hooked his lips and confessed to the people around him, pushed the crowd away, and slowly followed.

After Fang Chi Xia left the hall, he turned to a corridor with fewer people. He found a position to go down and lowered his head to take off his ring and play.

Her ring was bought by Luo Yibei after she got married. The cheap wedding ring was originally intended to be seen by Fang Rong. She was always wearing it when she was used to it.

Very simple style, but very good looking.

Fasino came to this side and sat down at her side.

"I didn't think I could meet you here too." He looked up at the sky above his head and he spoke to her.

"There are a lot of coincidences in the world." Fang Chi Xia's voice is very light, and it seems a little alienated.

Chapter 258: You look so unsafe

Fasino handed one of the wines in her hand to herself, and she was drinking casually with another cup.

Fang Chixia stared at the wine he had come over and glanced at the red cherry floating inside, his eyes stagnation.

The wine brought by Fasino is the one that was taken in the square pool summer. It has a very beautiful name, called the angel kiss. There is also a red cherry in the beautiful wine glass.

When Fang Chixia stared at the glass of wine, he unconsciously thought of the way he had just taken her glass of wine in the enchanting manner.

With a sip of the glass of wine, she looked a little uncomfortably wrong.

“I came here tonight?” Fasino seemed to be very leisurely.

After sitting down, he didn't leave, and even chatted with her.

“No.” Fang Chi Xia lightly denied.

“Oh?” Fasno's answer to her was a bit unexpected, but it accepted it quickly, and even added a sentence. “Yes, it's not safe to come alone.”

Fang Chi Xia Yi, his face slightly sideways, some did not understand his meaning.

Fesno did not explain too much, just spit out a sigh of relief.

“When there are many men, it is not safe.”

His words always seem to be so long, and he always has a bit of a playful feeling. It feels like a singer.

Fang Chixia agreed with him, and he followed his words and said, “You look very unsafe.”

She said it was straightforward, and she bluntly said what she thought of Fasino.

This man is like a poison, a fatal attraction to a woman, and it is easy for people to stop falling. It does not look like a good class.

Fasino didn't seem to expect her to talk so sharply, and then stunned, then suddenly laughed.

“Yes? Then you want to avoid it?” Converging the expression on his face, he was joking with her.

In fact, Fang Chixia actually thinks that she is facing a man like Luo Yibei all day long. She has long been immune to people who look good. As for danger, she does not have to

worry.

So many people tonight, what else can he do?

However, she could not say so much with Fissino.

“Come here for the first time? I will show you around!” Her silence, Fasno already knows the answer.

Standing up, if nothing happened to sort out the clothes, his hand naturally took her and went outside the villa.

An action that made Fang Chi Xia stunned and wanted to open his hand. Fasino was stubbornly pulling her and refused to let go, and the pace even accelerated. From the previous walk, it turned into a run.

His legs are very long, his footsteps are fast, and his strength is very high. Fang Chi Xia’s hands can’t get away from it. He can only passively follow him to the outside of the villa. “Hey, where are you going to take me? Let the hands go first!”

“Nearby, you should like it!” Fasino just lazy and gave her a sigh and took her to run out.

In the hallway, two people ran in tandem, and the people in the unknown thought that they were rushing to date.

A white corridor, bright lights, long road, only two people at first glance.

Occasionally, several servants passed by and greeted Fasino.

They just bowed respectfully to him and then quietly retreated.

In the garden, from time to time, there is a wind, accompanied by bursts of flowers, it seems to have a strange taste...

Chapter 259: Crisis night

Fang Chi Xia passively followed him behind him, running while he was distinguishing what the taste was.

Very strange, a bit like...

gasoline!

Fang Chi Xia Yi, the footsteps suddenly stopped.

Why is there such a thing in the villa?

On a corridor far from the two, a waiter dressed in a seemingly casual walk.

However, when there was no one around, the tray in the hand was tilted abruptly, and everything inside the bottle was poured out.

The design of this villa is very complicated, there are many corridors, and they are intertwined, and everyone is in the banquet hall. What happened outside, no one noticed.

Fang Chixia stopped in the same place and was still thinking.

Fasino seemed to be aware of the unusual surroundings, pulling her hand loose and stopping.

“Why is this?” Fang Chixia walked back a few steps and continued to smell the surrounding.

Every step of the way, the taste will become a little deeper, the source, directly to the banquet hall!

Fang Chi Xia Yizhen, coveted for a while, his face lifted up.

In Fasino’s incredible gaze, she suddenly ran and went to the banquet hall at the end of the corridor.

“Where to go? Don’t go in!” Fasno called her behind.

“The banquet hall is very dangerous, there are still many people inside!” Fang Chi Xiatou did not return, still running inside.

She ran very fast, the skirt of the dress was very long, probably a little lame, and finally she was lifted up.

Fasino wanted to keep up, and a few followers suddenly came in from outside the house and pulled him. “Young master, it’s not safe! Let’s leave!”

“Let’s let go!” Fasino pushed a few people’s hands and wanted to go inside. However, he was once again pulled by a few people. “Young Master, listen to us, go out first!”

Fasino’s resentful fist hit the stone pillar on his side and did not move on, but did not follow.

In the hall.

Luo Yibei was aware of the unusualness of this night after chatting with a few acquaintances.

The smell of gasoline that was blown in from time to time with the wind is actually not so obvious in so many banquet halls, especially the perfumes on so many women.

However, his sense of smell is sharper than ordinary people, and he can perceive what the average person can't detect.

I want to leave, but at this time, Fang Chi Xia does not know where to go.

Calling, I accidentally found that the phone came here and there is no signal!

Even the signals are blocked. It seems that I have been set up here tonight.

I just don't know who this game is for.

"Fang Chi Xia!" Pushing the crowd, Luo Yibei's gaze shuttles on the scene, looking for a place and a place.

There are a lot of people on the scene, everything is in order, and no one seems to be aware of the anomaly.

The atmosphere around is very embarrassing.

Danger, it seems that it can be triggered at any time.

Luo Yibei did not have the mood to manage so many unrelated people, but Fang Chi Xia's business, he could not care.

"Fang Chi Xia!" Luo Yibei looked for a while and did not find anyone, his eyes became a little messy.

There was only the sound of shredding guests chatting, and no response came.

"Fang Chi Xia -" Luo Yibei pushed the crowd out and walked a few steps away. He was about to go out of the hall to continue searching, but he stumbled upon the original figure from here.

Chapter 260: Leave with me

Fang Chixia stood in the hallway. She seemed to be running very fast. The sweat on her forehead was flowing and the skirt was still being lifted. It looked awkward.

Seeing anxiously looking for someone, she was surprised.

The eyes of the two people are right, she seems to want to say something, but scruples the relationship of time, and hold back.

With his short-sighted eyes, she regained her gaze and stepped forward. She calmed down and calmed down and began to evacuate a large group of people still in the hall. "Everyone listens to me, it is not safe, it is possible at any time. It caused an explosion. Now, everyone is trying to find the nearest departure channel and quickly leave the villa, at the fastest speed, fast!"

Luo Yibei obviously did not expect that she knew that there was danger and she ran back. She listened to her words quietly, and quietly opened a microwave.

Fang Chi Xia looked over him and looked at him. He took his hand and took his hand.

Luo Yibei actually wants to ask her a lot of things, but the current situation is urgent, there is not so much reaction time. "Let's go!" The big hand clenched her hand, and he took her to the outside of the villa and ran out.

The smell of gasoline in the villa is still spreading.

It seems to be getting thicker and stronger.

Even in the wind, there is a ripple in the air.

Luo Yibei is tall and has long legs and runs much faster than Fang Chi Xia.

Fang Chi Xia ran with his legs numb, his eyes were a little flowery, and he didn't even know how to leave the villa.

The figure of two people just rushed out of the gate, and the villa was first blasted by a certain point, followed by the whole villa.

The thick flames slammed into the sky.

The entire sky is covered in a fire.

Fang Chixia stood outside, panting a few breaths, and his face slowly lifted.

The fire in the villa is very large, and the outer part is still slightly better. The area around the banquet hall has been

completely swallowed up by the flames.

Luo Yibei looked at this scene quietly, his eyes were heavy and heavy.

Such a big accident is obviously a well-designed bureau.

Just, who is coming tonight?

Not far away, Fasino sat in the car, quietly looking at the two people here, thinking of Fang Chi Xia, who had just rushed out and rushed in, his eyes were very dark, and seemed to be thinking about something.

“Young master, are we going to leave?” The driver in front of him turned his head and respected him for advice.

Fasno returned to God and did not immediately answer his questions. Instead, he turned the topic to something that just happened to be in. “What information did you know beforehand?”

“Young Master, we also got the news just a few minutes before the explosion, saying that someone may have an ambush here tonight.” The butler next to the driver answered with respect.

“Who is coming for?” Fingertips squinted at the screen of the phone, Fasno asked again.

The butler in front hesitated, and replied, “...you.”

Fisno was first stunned, but he was not surprised.

The heights are not overwhelming, this is how he learned from an early age.

Standing tall, the enemy will naturally be much more!

Outside the car window, Fang Chi Xia was taken by Luo Yibei to the direction of the two cars.

She didn't seem to see this. After Luo Yibei got on the bus, the two left.

Fasno looked at the scene quietly, and asked him from the side of the side, “Is Rong He now headed?”

Chapter 261: Why are you coming back?

The follower nodded lightly. "Yes, Rong Xi is currently the chief executive of the North Master."

In fact, Fesno and Luo Yibei are not the first time to meet, two people are noble, one is a famous door, many occasions will meet, but no positive contact.

Followed from the inquiry, purely confirmed.

With a positive answer, he didn't say much, just turned his eyes away from the window.

The sports car outside the window has already gone far, and the white car shadow has become a smaller and smaller dot, and finally disappeared into the night.

Fasino stared at the direction of the two men leaving for a while before they turned their heads to the driver in front and whispered, "Let's go!"

Black Rolls Royce, after that, grow up and go...

After Fang Chi Xia followed Luo Yibei and left, he directly returned to the two homes here.

Fang Chi Xia first went upstairs, went back to the room and went straight to the bathroom.

When Luo Yibei followed her up, she washed herself in the shower. She was standing in front of the balcony and wiping her long hair with a towel.

Luo Yibei took a slender step into the house, sat down on a sofa chair in front of the window, and looked at her direction. There was such a big thing tonight, and no one could figure it out, but she didn't seem to be scared at all.

I left the scene, got home, took a shower, and looked like someone who was fine.

Even in a very emotional mood, while rubbing the long hair, singing, the voice is very small, the children's song, the five-tone is not all over.

She always does this, and her mood does not seem to be easy for anything around her.

The courage, and the dangers in the event of danger, are much better than the average girl.

Luo Yibei listened to her singing, and her eyes were pulled, lazily reclining on the sofa, one hand on her forehead, still staring at her.

Fang Chi Xia seems to have seen him behind him, still

washing his own hair.

Luo Yibei thought about the situation when she ran back in the villa. She asked casually, “How do you know that there is danger?”

“This?” Fang Chi Xia looked over at him and avoided Fasno. He explained, “I was going to go outside the villa. When I passed the corridor, I suddenly smelled the air. Unusual, and later found a lot of spilled gasoline in the corridor, I guessed it.”

Luo Yibei looked at her with a good look, and her answer seemed to be somewhat unexpected.

Between the two, a moment of silence.

Fang Chi Xia took a towel and continued to wipe his hair.

After rubbing it almost, I turned and was about to return to the house, and my wrist was cold and I was dragged by Luo Yibei. Fang Chi Xia Yi, he looked at him with a coveted look.

Luo Yibei lightly lowered his head and his fingertips squinted at the screen. He was silent for a while and his face slowly lifted.

The deep gaze quietly stared at her eyes, staring at her clear scorpion for a while, and he tentatively asked, “At that time, since I knew how dangerous it might be, why should I come back?”

The speed of his words was very low, one word at a time, and the question was very clear. When looking at her, his eyes seemed to flash.

Fang Chi Xia stunned, and he returned to him, “Is there not so many people in it?”

A very indifferent sentence, it sounds nothing wrong, however, it is to let Luo Yibei’s face sink.

Chapter 262: Winner is king

Luo Yibei's face was almost awkward and he sank.

He looked at her eyes very sharp, it felt like some unwillingness.

Fang Chi Xia was seen by him as the cool back of his spine.

He pulled his hand out of his hand and entered the bathroom if nothing happened.

Come out again, it is a few minutes later.

Luo Yibei's gaze chased her figure and moved, watching her turn around in front of her, turning over, and as she walked over to the bed, she suddenly stood up and walked toward her. Fang Chi Xia was licking the sheets, heard his footsteps, and licked it.

The movement on the hand stopped, turned around, wanted to see the situation behind him, behind a shadow mask, Fang Chixia only felt that the front of the black, not reacting to the situation, the body has been pushed by him To the bed, my head was pillowed heavily...

Fang Chi Xia was once again rushed!

Still without any warning.

She didn't even know where she lit the fire line!

When she woke up the next day, she hated the man still in the house. When she looked at Luo Yibei, her teeth creaked.

Luo Yibei was wearing clothes, his long arm inadvertently reached into the sleeves, and he took care of the clothes, and then gracefully began to buckle the buttons on the shirt.

“浑-蛋!” Fang Chi Xia bit his teeth and whispered.

Her voice is very small, and she is probably too small to hear. What is the ear of Kolo?

The hearing was sharp, and a little bit of sound came to him, just like zooming in several times.

Accurately caught the words in her mouth, the corner of the corner of the eye slightly passed, he glanced in her direction, the eyebrows picked and picked, “not satisfied?”

In a word, Fang Chi Xia was blocked, even if there were full complaints, and finally he swallowed his stomach.

Every time Luo Yibei speaks in this tone, what he says is generally not what she wants to hear.

If the two people go on like this, they may become “not satisfied with the continuation” or “the winner is the warm bed

for the king”.

Fang Chi Xia knows how to stop, and he is married, and that night is normal!

She is also dissatisfied with the whining, how can I really treat him.

“Would you like to go to the company today?” I wanted to get out of bed and get out of bed, and see the clothes that were still scattered on the floor. Her movements were held back.

“Yeah.” Luo Yibei dragged her tail back to her, first looked at her clothes, and then turned to her body.

He is looking at her, and his eyes are even more interesting.

Fang Chi Xia was a little embarrassed, but he didn't want him to watch the movie.

I pretend that I didn't open the bed and put my bed out, wrapped my body with the sheets, leaned over, and picked up the clothes. She was facing him with lightning speed, and she put her clothes on her. On the body.

Her movements are very fast, and she does not give the time to ferment.

After getting dressed, she turned and went to the bathroom.

“Wait for me, I will go with you later!”

Luo Yibei looked at the sheets she was still opening, and her eyebrows were screwed, and the expression seemed to be a little disappointing.

After Fang Chi Xia came out again, he changed his clothes out of the door and then went down with him.

On the way to the company, Luo Yi drove in the north and spoke to her. “When there is a deal with the King's room, you will sign it for me.”

Chapter 263: The most awkward date

Rong Xi has been working with the various royal chambers. Fang Chi Xia knows that these relationships were established very early.

Many royal members attending various social occasions are usually designed by Rongxi designers, and each one is unique. When it comes to signing with the R King's room, Fang Chi Xia is not strange.

But why let her go?

"I will only be there when I will?" Looking at Luo Yibei on the side, she asked.

"Yeah." Luo Yibei lazy to her, the car was careless.

"You... rest assured?" Fang Chixia felt a little unbelievable. At best, she is just a small newcomer who just entered Rongxi. When she met with such important occasions as the royal family members, he was relieved to let her go alone!

What she actually wants to ask is, is he not afraid of being screwed up by her?

Luo Yibei just looked at her with no expression, still driving herself, this time, even a word is too lazy to reward her.

Fang Chi Xia Jiao's corner of the eye was quiet and glanced at him in the direction, did not continue to ask.

He asked her to do it. Should she believe her?

The two men's cars continued on the road and then stopped outside the Rongxi Building.

Luo Yibei walked in front of the building, Fang Chi Xia followed him into the file.

When I left, I went alone. When I went out, Luo Yibei even gave her the car key.

In fact, every time there is a special person in the R King's room, he is responsible for signing with Rong Xi, and the person who handles this matter has always been the same.

However, this time, because Fissino and Su Rui are all in Nice, Su Rui offered to deal with the signing of the contract.

The royal family was not at ease, and then Fasino went together to deal with it.

When the two arrived at the restaurant, Fang Chi Xia had not arrived yet.

Su Rui is coming to Luo Yibei. I don't know if Rong Xi's person in charge of signing has changed. After coming to the

restaurant, he has been holding a mirror to make up makeup.

“Sno, do you think I can do this?”

“Do you think Elbe will like this makeup?”

“What about this skirt? Do you want to change it?”

Fasino lazily leaned on the side, arms on the sofa, his head slanted and held by his hand, just looking at the window carelessly, Li did not care about her.

His appearance was very lazy, and the face was cold and a bit enchanting, and his eyes were stunned. When he was sitting there, the rate of return was almost 100%.

There are a lot of eyes around, and they are usually women, and there are more people who are squinting at this side.

Fesno seemed to be completely unseen, and the sloppy look seemed to be of little interest to everything around him.

Until, a slender figure slammed into the eye.

Outside the window, Fang Chixia took a folder and ran to the side.

Running, while anxiously screaming, “I am late! Late!”

She was three minutes late because of the traffic jam.

On such an important occasion, she knew that being late was very rude and she ran a little faster.

She doesn't pay much attention to the image like many girls.

Every step has to be worried about how big it is. She runs sly and wears a high-heeled foot and licks it several times.

When I was in pain, I licked my ankles and snorted, frowning and whispering, and then continued to run in the restaurant.

Fesno sat in the restaurant and looked at her with a change of expression outside the window. The lips were hooked nicely.

Chapter 264: Meet the enemy

Su Rui's eyes slanted to his reaction, and looked at him casually at random. He saw the pool of Fang Chi Xia, all the movements, suddenly stiffened.

Why is she only coming?

Su Rui volunteered to come here because Luo Yibei came.

After entering the restaurant, I was nervous and worried that I didn't do it well here. It was not good enough, and it was all because of Luo Yibei.

However, now that Luo Yibei has not come, even why, is it because she does not want to see people?

At the thought of the relationship between Fang Chi Xia and Luo Yibei last time, Su Rui looked at her eyes with a gun and a sword.

Before Fang Chi Xia came here, she didn't know who she was going to see. If she knew that she was Su Rui, she would definitely not come.

Su Rui always looks at her eyes with thorns. Isn't it for me to sue myself?

What makes Fang Chi Xia unexpected is that Fasino is also!

What is the current situation?

Looking at the two people in the seat, Fang Chixia stopped for a while.

Is he a... royal family?

"It's so good!" After appearing here, Fasno, who had been in the same thing for a long time, finally came to the spirit after seeing her, sat up, and hooked his lips. He first sang with her call.

Fang Chi Xia people have come here, although the appearance of Su Rui made her very surprised, but still stiff and walked toward the two.

When she saw Su Rui, she guessed that this signing, I am afraid I have to be yellowed by myself.

However, in her dictionary, there is no retreat.

Come here, naturally, the scalp has passed.

"Two good, I am the representative of Rong Xi." Pulling the chairs opposite the two to sit down, Fang Chi Xia

Zhengzheng, and pushed the contract brought by the hand to the two, "Luo Yibei let I came here. This contract is the same as the previous contract between Rong Xi and the royal family.

The two first look at it. If you feel that there is no problem, we will sign it here. How?"

After Su Rui saw her appear, the whole person was like a deflated ball, leaning against the sofa, just staring at her and not talking.

"Does the two have opinions?" Fang Chixia's gaze turned to Fasino.

Fesno is also staring at her, but his eyes are not as hostile as Su Rui. He looks at her eyes very loosely, and even has some interesting things.

Fang Chi Xia was quite uncomfortable with him. He pushed the file in front of him and she raised the volume. "This gentleman!"

"What's wrong?" Fasno returned to God after her words, and the long scorpion lifted it up, as if it were a bit stunned.

Fang Chixia was speechless to him, and he repeated it again.

"If I just said something, do you have any opinions? If there is no opinion, then the two of the contract will look at it first.

After we look at it, do we sign it directly?"

She feels that Fesno seems a bit bad, a bit evil, a bit strange, but not like people who are not good at talking.

However, he just glanced at her, and then pointed to Suri, and he did not change his color. "I am sorry, I am accompanying, and the decision is still in the hands of this lady."

Su Rui obviously didn't expect him to come up with such a sentence, watching his eyes look a little weird.

Su Rui is very clear that as long as she and Fesno are in the situation, any power is absolutely in the hands of Fasino.

Now that he has said such a thing, is he also very interested?

Chapter 265: Rong Xi, I have the final say

Su Rui did not understand Fasino's behavior at first.

Ming Ming also helped Fang Chi Xia last night, and now there is no reason to be embarrassed.

Looking at him quietly, Su Rui thought for a moment, and the brows were screwed.

He dragged and refused to sign the contract. Wouldn't he want to borrow this opportunity and contact Fang Chixia?

Su Rui understands, but there is no break.

If Fasino really has this mentality, this is a good thing for himself.

It is just that she is not ready to sign the contract.

Understand the attitude of Fasino, Su Rui began to publicize.

As long as Fasino did not intervene, she thought it was her business.

"How? Rong Xi is so irresponsible? Signing such a big thing, just call the individual to come?" The eyes swept to the side of the pool, Su Rui arms around his chest, a pair of high-spirited look.

Fang Chi Xia brow wrinkled.

Is this prepared to be deliberately made?

When Fang Chixia saw her first sight, she guessed that her task would not be so smooth. She looked at her faintly, and she calmly dealt with it. "Sorry, this signing is still me. Have the final say!"

She didn't speak as sharp as Su Rui, and she didn't even have any waves. It was light and faint. However, there was a spurt in the breath, which brought a bit of pride, but it didn't make people feel unassuming.

Everything, she took it right, and suppressed the other side invisible.

Su Ruigang's words are actually purely vocal, how can Fang Chixia be called casually?

Luo Yibei is personally acknowledging the relationship between the two!

The woman who was approved by Luo Yibei, and the two married, the identity of Fang Chi Xia, is the lady of the Luo family!

Luo Jiazheng's young lady personally came forward, how could it be just a person?

Su Rui is actually very clear that Fang Chixia came this time. Rong Xi is not arbitrarily arranged, but he can't swallow this breath.

"We are only willing to negotiate with Elbe. If he does not appear, then this contract will stop here!" The file was slammed to the side, and Suri set up the princess shelf. Fang Chi Xia did not expect her to speak, but she turned her attention to Fasino.

Fasno screamed and shrugged, a look of helplessness. Fang Chi Xia smashed his forehead with a headache, staring at the two for a while, forced to helpless, only stood up and left. Then she drove the car back directly to the company.

When it arrived, Luo Yibei was just in the office. He was changing clothes, it seemed to be attending an occasion. The shirt in the morning had already been taken off, and the body was covered with a new one.

The piece he wore was just given to him by Fang Chi Xia, white, and the color that was so glamorous when he was wearing it on his body, noble and elegant.

"Come back." Seeing her, he was lazy and greeted her.

"I failed, the contract was not signed." Fang Chi Xia thought of Su Rui, his heart was a little depressed.

Luo Yibei seems to be not unexpected, just a faint "oh" sound, indicating her past, "help!"

He was buttoning his shirt and was halfway.

He seems to like to let Fang Chixia do this kind of thing, and his tone is naturally very good.

Fang Chixia walked a few steps in the summer, bowed his head down, and the beautiful fingertips helped him buckle the buttons one by one. She said, "The royal family let you go in person."

"Surui?" Luo Yibei asked casually.

"Do you know?" Fang Chi Xia's action, his face lifted up.

Chapter 266: Take the wife to catch the bag

“You didn’t know until you left.” Luo Yibei faintly explained, and the corner of his eye fell on his shirt again, indicating that she would continue.

Fang Chixia lightly lowered his head and helped him buckle the button again. He stared at the shirt on his body and looked at it. The eyebrows were screwed.

He knows that the person she is facing is Su Rui, and she should have guessed that she is not sure about it this time.

He is now ready to go out, isn’t that just for this?

Realizing this problem, Fang Chixia’s head was cold and raised again. “Are you ready to go now?”

“Yeah.” Luo Yibei casually responded to her.

A very sloppy word, the action of Fang Chixia’s hand suddenly froze, and the expression on his face solidified for a few seconds.

Go and go, why do you have to change clothes?

Even if you change your clothes, why wear such a dazzling white?

Luo Yibei belongs to the kind of person who can’t wear white casually. Every time he puts on it, the feeling is like the top of the head suddenly illuminated by a few kilowatts of spotlights, setting off the beautiful facial features, especially Eye-catching.

Moreover, after he put on white, his own natural cold and dark gas field will be weakened, and it is easy to forget his demon attribute.

Fang Chi Xia is never allergic to the person’s appearance, but every time he sees this, he still can’t help but jump suddenly.

Fang Chixia stared at him for a while, his red lips twitched, and then slowly floated out, “Is this even the male lure/confusing ready to use?”

Her voice is very small, and she speaks to herself.

Luo Yi’s ears were sharp, and she was sensitive to her words.

The eyebrows picked it up nicely. “What do you say?”

Fang Chi Xia is not afraid of him, loose the hand that is helping him to button up, his face lifted up, his eyes slammed into his eyes without fear, repeating word by word, “I said, you are selling the hue! For business Interest, even my own male / color are used!”

She is quite straightforward and accused of being very sharp. Luo Yibei did not seem to respond to her sudden words at the beginning. After a few seconds of understanding, she did not even defend herself. She even followed her. “Miss Fang, what are you doing so excitedly? Have opinions? ”

A fluttering sentence, but Fang Chixia successfully blocked. Fang Chixia’s reaction is really a bit excited, and she does have a little opinion.

She went to see other women, why should she wear the clothes she gave him?

It’s really ruining her clothes!

Luo Yibei quietly observed her look, and looked like a sly look.

The slender fingertips buckled his clothes a few times, and his hand pulled her.

“What?” Fang Chi Xia cognac stared at the hand that pulled her wrist and looked at it, not understanding his purpose.

“Take out of the hue!” Luo Yibei quoted her as she just said something, took her, and walked away with her carelessness.

Fang Chi Xia silently said his words.

“I want to go?” Passing behind him, she asked again.

“Is it not convenient to catch a bag with my wife?” Luo Yibei lazy and gave her a voice, this time, the head did not return.

Fang Chi Xia was stunned by his words, not to say more.

This is obviously a joke, and he said so, she must have thought more.

Realizing this problem, the expression on Fang Chi Xia’s face was stunned.

Chapter 267: Was played

“Why do you want to change clothes?” Followed him to the elevator, she asked again.

If you don't care about your image, who will change your clothes before you meet someone?

Luo Yi's footsteps at the foot of the North, looking at her sideways, the brow lifted up. “My clothes are getting coffee, I want to change, have opinions?”

He has a good temper today, Fang Chixia asked what to answer, it seems quite patient, it feels like it... I am teasing my little pet.

Fang Chi Xia stunned and didn't talk anymore.

It turned out to be the case!

“However, Miss Fang, what do you mind about this problem?”

Luo Yibei looked at her with a sigh of relief, and it seemed that he still had some jokes.

Fang Chi Xia returned to God, his eyes were uncomfortably staggered with him, and he said in an understatement, “just ask whatever you want.”

“Is it? When I asked, I even forgot to bring it with my brain?”

Luo Yi's north lip smugly raised, and then fluttered out with a poisonous tongue. “On Su Rui's face, do you need to sell the hue?”

He was very sarcasm, sharply hit, the front was damaged by Fang Chi Xia, followed by Su Rui directly stepping on.

If he smothers his tongue, it is generally difficult to hear what he says, and he will not take into account anyone's feelings.

A princess was ridiculed by him. If Su Rui is present, I am afraid that I will never enter the C city for a lifetime!

Fang Chi Xia was hurt by him, and his face was suffocating, but he did not refute.

What he said is actually a fact. He clearly used her to get rid of Su Rui last night. How could he sell such a woman a hue?

“Go away.” Luo Yi squinted at her on the north side, and her lips swelled with a touch of glamour, walking in front of the elevator.

After two people left Rong Xi, went directly to the restaurant that was ordered with Suri.

When it arrived, Suri was still there, but Fasno was gone.

Su Rui was left to wait for Luo Yibei. When he saw his sudden

appearance, his eyes lit up, but he could see Fang Chi Xia behind him. His eyes narrowed again.

Did he really bring her with her wherever she went?

Luo Yibei slowly walked in, pulled the chair opposite her and sat down, and placed the documents in his hand on the table.

“I don’t like ink when I do things. This contract, signed or not signed, just one sentence, princess, what do you think?”

There is a cold magnetic field on his body, and the words are not urgent or slow, but the words are like ice, and the nerves are tightened.

“Easy, this problem is actually not something I can do. The person responsible for this matter is mainly Sno, but he has left beforehand, saying that it is better for you to send the documents to his hotel afterwards.” When Rui Yi met him, what was arrogant, and what Zhang Yang’s singer had no shadow, and the words were also swift, and they were all well-educated.

When Luo Yi came north, I didn’t know that Fasino was not here, and my brow was wrinkled.

Fang Chi Xia did not listen to Su Rui’s words, and there was a feeling that he was being played.

Listening to the tone of Su Rui’s speech, Fasino should be the one who just sat here, but...

When I thought of Fasino, I didn’t care about sitting in the side of the show before, and Fang Chi Xia’s brow screwed.

“The hotel where I live.” Luo Yi asked with a blank expression on the north side.

Suri took a pen next to him and wrote to the hotel where Fesno lived.

Chapter 268: He is waiting for you at the hotel.

Luo Yibei took over the note she wrote, and she left as soon as she turned, and didn't even have much to stay.

Fang Chi Xia followed him, and the two left the hotel and got on the bus together.

Fang Chixia thought that this situation would be personally visited by Luo Yibei, and Luo Yibei was originally planning to take it when he got on the bus.

However, the car has not started yet, and suddenly received a call, the company called, it seems that there is something important.

After a phone call hangs, his eyes turned to Fang Chi Xia.

"What's wrong?" Fang Chixia asked confusedly.

"The company is a little anxious to go back and deal with it immediately, the contract matter, are you going?" It is probably realized that the problem may not be solved so well. He seems to be hesitant when he said this, and his tone is not tough, just asking her. meaning.

The meaning of Luo Yibei is that if Fang Chi Xia does not want to go, then there is no need to go.

Fang Chi Xia actually didn't want to go. Fesno felt very sloppy, very savvy, and dangerous. She was a little worried that she couldn't cope.

Fang Chi Xia has always been very smart, and if the average opponent, she may be able to cope easily.

However, she was a bit uncertain when she met Fasino.

Luo Yibei saw her silence, guessing that she might not be so happy, did not say anything, dropped the car and wanted to go, Fang Chixia pressed his wrist.

"I will try it! I will return to the company later." I took the paper and folder in his hand and she pushed the door and went down.

Luo Yibei left after that, and Fang Chixia took the bus to the hotel where Fesno stayed according to the location and phone number of Su Ruiliu.

The appearance of the royal family is unusual.

Fesno stayed in a resort hotel, and the entire village was all wrapped up for a quiet stay.

After Fang Chi Xia walked in, don't mention the guests staying, even the waiters did not see a few.

What I saw was only the Royal Guards who were trained to patrol.

Fang Chi Xia slowly walked inside, while walking, thinking about Fasino's identity.

Su Rui is a princess. However, in front of him, he has no say. This shows that if Fasino is not a Crown Prince, he is a nobleman with a heavy hand.

"Miss Fang?" When I arrived at the hotel lobby, a hotel waiter who was specially responsible for the reception greeted him.

"I'm."

"You come with me here."

The man led her and went straight to the big restaurant.

When I arrived, the restaurant was just like the garden outside, and there was no one.

The whole room is lit by candlelight, and the scented candles of various colors are placed in every corner of the restaurant.

The orange glow is very light, but it is very warm.

It is very beautifully furnished, with rose petals scattered around it, like specially designed, and it is designed like this.

Fesno came from the exit at the other end of the restaurant. His pace was very slow. His eyes looked at her from the side of the candlelight, and his lips swelled.

He is different from the Luoyi North gas field. Luo Yibei belongs to the cold-stained type. He belongs to the evil-style enchanting type, which seems to be scattered, but it gives people a strong pressure.

This man is a fox who has only practiced for thousands of years!

This is the first reaction after Fang Chi Xia saw Fasino.

"I didn't expect to be separated for a few minutes, we met again, Miss Fang!" Fasto went slowly to her, opened one of the chairs and sat down, looking at her in the direction of her eyes.

Chapter 269: Huge family background

His words are careless.

It is obvious that Fang Chi Xia came here here, but he said that it is not his own.

He pretended to have nothing to do, and Fang Chixia also had no intention of dealing with him when he mentioned the restaurant, and walked over to him without any problems.

“I am Rong Xi’s Fang Chi Xia!” As if nothing happened, she greeted him.

She is introducing herself, although the two are also known, but they know nothing about each other’s identity.

Fang Chixia felt that in order to avoid being teased in the future, she needed to understand his identity.

The purpose of self-introduction is to let him introduce himself.

Fesno’s lips glared and raised her hand to her, “R Country Chris, Fesno. Chris.”

In fact, he did not directly explain his identity, but introduced his own name.

However, after a surname was spoken, Fang Chixia was shocked and the scorpion was slightly shrunk.

The Chris family, the oldest and most distinguished family in R, has a huge family background and is legendary in black and white.

Fang Chixia did not know much about R, but the most basic common sense is still known.

Fesno, like a okay person, picked up a chair and sat down, his face restored to a long, scattered look.

Looking at the menu with a random look, he looked up and looked at her. “Don’t sit?”

He doesn’t seem to have a shelf at all. Unlike Luo Yibei, his eyes are full of lethality.

However, Fang Chi Xia is very clear, the people of the Chris family will definitely not be good.

Calm down the look on her face, she sat down in front of him if she had nothing to do, and spread the documents she brought in front of him. “Mr. Fesno, you can see this document first. If you think it is ok, we Sign it first?”

“Immediately?” Fissnor glanced at her and his tone was still faint. It felt like the two men were not talking about the great

cooperation between the royal family and a big family. It was just a normal chat.

“Not at all.” Fang Chixia could not urging him, and the documents were collected again.

“Then dine first!” Fasno opened the menu and looked at it. He casually ordered a few dishes and then handed the menu to her.

Fang Chi Xia helpless, can only choose two dishes at random, accompany him to dine.

Fesno was very quiet when he was dining. He didn't talk. Fang Chi Xia was also embarrassed to interrupt people's meals. He could only wait for the meal to be solved before he talked about business.

The two people sat on the dining table with a lot of roses, not in the bottle, but in a specially arranged flower basket on both sides of the table. They were arranged very carefully and very romantic.

There were a lot of candles on the table, and it was like a candlelight dinner.

Fang Chi Xia sitting some uncomfortable, a meal, only tasted a little, just sit and wait for Fasino.

She thought that he was a big man and it should be solved soon.

Who knows, Fisno does not know whether it is natural or deliberate, a meal is surprisingly slow, and the movement is still very loose.

Fang Chi Xia is also embarrassed to urge him, can only continue to wait next to.

Finally, I finally waited until the end of a meal. Fang Chixia took the file again. “Contract, we can...”

In a word, before I finished, Fasino's mobile phone ringing suddenly sounded.

Fang Chi Xia Yi, there is a bad feeling in my heart.

Chapter 270: Followed him to the room

Sure enough, after receiving the phone call, Fasno turned to her and looked apologetic. "Sorry, I still have something to deal with first. This contract seems to be only next time."

He said carelessly, it sounded a bit apologetic, but Fang Chixia did not see the meaning of apology from his previous behavior.

Fesno didn't say much, but just looked at her with interest and turned around. He was about to leave. Fang Chixia suddenly stepped forward and stopped him. "How long, I will accompany you!" "

"Oh?" Fasno seemed to be surprised by her words, and the eyebrows were picked up.

Fang Chi Xia's drooping eyelids slowly lifted up. "I will accompany you. After your work is done, help me solve Rongxi's business."

"Okay." Fasno seemed interested in her proposal, and the lips were smiling.

"Come on!" Walking in front, he led her to the hotel upstairs. Fang Chixia followed him upstairs, walking, and quietly looking around.

Is it too unreasonable to follow a person up?

However, she feels that the people of Fesno's Chris family should not do anything extraordinary.

Fasno led her upstairs and then entered a room.

Fang Chixia had always followed him, but stopped at the door. "I will wait outside the door."

Fasno shrugged and looked indifferent.

Since I entered the room, I was brought back by the backhand.

Fang Chi Xia was waiting outside, she thought that he could solve it in an hour or two. Anyone knows that it will be ten o'clock in the evening, and he has not seen him.

Halfway through the phone, her phone flashed a few times, but in the bag, she did not notice.

This hotel was packed down and there was no one in the corridor.

Fang Chi Xia stood alone, and finally waited until Fesno came out, it had already passed at 11 o'clock in the evening.

Fang Chixia leaned against the corner of the wall and was sleepy.

Fesno opened the door and walked out, looking at her still outside, it seemed to be a little unexpected.

He was deliberately embarrassed, but he did not expect that she had waited so long and had not left.

This woman... is like Xiaoqiang!

“Cause!” Without any context, he saw her and asked questions directly.

Just such an awkward words, but Fang Chixia understood what he meant.

He asked why she waited until now!

Standing up, she looked at him, her voice was faint. “The relationship between Rong Xi and the royal family was established when Mrs. Luo was there. I just didn’t want to ruin the wife’s efforts.”

Fasino seemed to have some surprises about her. After a while, she took the documents in her hands and looked at her without looking at her. “Pen.”

Fang Chixia immediately found a pen from his bag and handed it to him.

Fasno signed his name on the top and handed the document to her.

“Thank you, I should go back.” Fang Chixia took the documents, turned and wanted to leave, but Fasno suddenly floated, “I will send you.”

“No, thank you.” Fang Chi Xiatou did not return, and the pace of leaving was very fast.

Fasino looked at her disappearing back in silence, lazily leaning against the wall, and the eyebrows were unusually deep...

Fang Chi Xia Yi Road went downstairs, out of the hotel, just prepared to stop at the roadside, but a car was docked in front of her.

Chapter 271: I don't know if I will worry about you?

The window was lowered, and Luo Yibei's face was revealed. As soon as he came out, he saw him. Fang Chixia had some accidents.

It was so late, he appeared in this place, she was still a little touched.

I can see Luo Yibei's cold face, and the little bubble that just rises in her chest, suddenly disappeared.

Luo Yibei's face is very cold, his eyes are also cold, it feels like a person who asks a sin.

Pushing the car and getting off the car, he was a slap in front of her. "What time is it? I don't know if I am going home at this time? It's not a contract. The sign is a word. If you don't sign, you can leave." What's so good? I didn't pick up the phone after so many times, I don't know..."

He even said a lot, angry, and the words have not finished, cold is not interrupted by Fang Chixia, "I don't know what?" Compared to his temper, she asked lightly.

She looked up lightly and looked at him. Her look was still very light, and it seemed as if it was irrelevant to anything.

Luo Yibei stunned and his eyes seemed sharp.

"Would you be worried?" She followed him, and she asked again, with a few words.

Luo Yibei's face is more heavy.

Fang Chi Xia quietly observed his look and stepped back.

Her words are indeed ironic.

To be precise, it should be self-deprecating.

She felt that Luo Yibei should not be worried about her kind of thing.

When the words are exported, look at his face is not right, realize what he is doing, go back to God, if you have nothing to do, go to the car, "very late, go back first!"

She is not afraid of him, she does not want to provoke him in the street.

The footsteps just stepped open, but they were caught by the man behind them. "Stop!"

Fang Chi Xia ignored him, but his footsteps did not stop, but he ran away.

The fool will stand still!

His temper is so bad that he is provoked to him. In the event of

the last time, she will be tossed her on the street. She will have no face to go tomorrow!

She ran very fast, and the petite figure ran to the front of the car.

Pulling the door of the rear seat, I want to sit up, I haven't had time to move, but the door in front of me is blocked by a figure.

Luo Yibei just blocked the door, looked at her coldly, and her eyes were so sharp that it was a little creepy.

“Go back first! What are we going to do when we come home!” Fang Chixia had had the experience of being tossed by him on the street before. He was a little afraid that he would come around and push him away and would like to drill into the car.

Just after the action, the waist suddenly suddenly tightened, returned to God, still did not see the situation, the body under a strong force, suddenly pushed him against the body behind him.

This posture makes Fang Chi Xia feel dangerous.

Luo Yibei's body was against her, her arms were on both sides of her body, her eyes were cold and her eyes were cold, and there was no temperature at all. “Where I didn't finish, I want to go there?”

“Go back first!” Fang Chi Xia pushed him up, propped up, wanted to get up, just got the action, but he was pressed back and lying back.

“Why didn't you answer the phone?” Luo Yibei looked down at her, a questioning interrogation, and asked slowly.

“Telephone? My mobile phone was muted before, and I forgot to adjust it back.” Fang Chi Xia Yi, looked at the phone from the bag and glanced at it. He saw a few of his missed calls, and he stunned.

She really didn't notice...

Chapter 272: So smooth

Fang Chi Xia's missed calls on the mobile phone, a total of six, all played by Luo Yibei.

Fang Chixia stared at the caller's record and looked up. He looked up and looked at him with a strange look.

Is he worried about her, or is it because she is with Fesno?

"Is it always inside?" Luo Yibei coldly asked, and asked.

His tone was cold and heavy from beginning to end, and his eyes looked a little cold in the square and summer, and the body couldn't help but lean back.

I opened up the distance between myself and him, and considered the wording. She explained to herself, "After noon, there was something wrong. I didn't sign the contract. After Fasino went to work, I waited outside. He has been for a long time."

Luo Yibei snorted and squatted, one arm on her side, and asked with no expression, "Why not?"

His words are irrelevant, as if this matter is not related to his own interests.

Fang Chixia screwed his brows after his words, and lifted his face and snorted at him. "Isn't that for your home? So the friendly relationship that has been established for many years is so unfortunately ruined?"

She was quite loud, and Luo Yibei was inexplicably embarrassed by her, and her expression seemed to be awkward.

When Fang Chi Xia was still very arrogant, after he finished, he probably realized what he had done, his face was a bit awkward, his head was on the side, and he made it look like nothing, pushing him. "Woke up."

Her hand was on his chest, Luo Yibei gaze lightly, his eyes faintly glanced at her hand, did not take it away, but the backhand held her hand.

Fang Chi Xia Yi, his face turned stiff, looked at him and wanted to pull his wrist back. Luo Yibei pressed her hand and refused to let go.

"For the Luo family?" The body leaned against her back to the body, his eyebrows picked.

Fang Chixia knew that he didn't like her and Luo's family involved too much, and quickly changed the wording. "I have

more management, and will not be in the future.”

When she said this, she kept obsessing the face of Luo Yibei.

She thought that Luo Yibei would misunderstand her.

Who knows, he is just a face of her face, very proud, very cool back to a sentence, “Luo family to do things, never insults, and later encountered similar things, just turn around and leave.” ”

Fang Chi Xia Yi, some surprised that he was so good to speak today.

Luo Yibei’s eyes glanced around her face, adding a colder and more arrogant gesture. “This kind of thing, Luo’s family really won’t feel a pity!”

Luo Yibei’s body withdrew from her body, turned and wanted to leave, as if she had thought of something, her body suddenly turned back.

Fang Chi Xia Gang’s body, which was ready to go straight, leaned back under one of his movements, watching him vigilantly, not understanding his behavior.

“Yes.” Luo Yibei stretched his long arm, took her phone from her hand, helped her to turn the mute into a ringtone, and spit out a serious face again. “In the future, the phone will remain open for 24 hours at any time!”

He said that he is quite overbearing. The situation at the moment is both unfavorable for the other side. What he said, Fang Chi Xia can only passively nod. “I know.”

Luo Yibei was quite satisfied with her answer. One hand held her waist and pulled her up.

Open the door and he walked in front of the car.

Fang Chi Xia followed suit, and the two cars drove back to the villa after that.

Chapter 273: So interested in him?

Fang Chixia had a lot of discoveries today. When she got home, she took a shower and walked out of the bathroom. She wiped her long hair with a towel. She said casually, “Yes, I learned a lot about the R country aristocracy today.”

She was rarely so casually chatting with Luo Yibei as she is now. Luo Yibei just started to be a bit surprised, and even a little bit of pleasure.

Who knows, this mood lasted less than two seconds, but was ruined by Fang Chixia’s next sentence.

Fang Chi Xia’s opening is, “all about Fasno.”

Luo Yibei, who has a big mood at night, listens to his own woman and talks about other men. Jun face is almost in the second speed, and he is stiff.

Fang Chi Xia was facing him sideways. He didn’t look at his direction. He naturally didn’t realize what was wrong with him.

She rubbed her long hair and continued to talk to him. “Fissino turned out to be the Chris family. The Chris family is now in the R state, probably no one can rival it?”

“The legend of the Chris family is still stained with the road, is it?”

“If you sign up each time in the future, the royal family will be handed over to Fesno, and it may not be so smooth in the future.”

“Right, is the Chris family not a European aristocrat? Is there a kind of **** Fiesno?”

“Fissino looks more like a nobler than a nobleman...”

She talked a lot, but she was just chatting with him very casually.

She regarded Fasino as a client of Rongxi and chatted with Luo Yibei, just as ordinary people chatted about the background of their clients.

It’s normal to talk to customers casually.

However, Luo Yibei’s face is getting more and more stinky. Especially when she heard the words Fasino mentioned in her mouth.

Fang Chixia’s face did not turn to his direction from beginning to end, and he still didn’t notice anything.

“Right, Fisno...” Standing on the balcony, I was still ready to

say something. A shadow behind him suddenly covered it, and I went back to God. I looked up and looked back. I saw the yin measurement of Luo Yibei. Face, she snorted, the towel in her hand, slipped to the ground.

“What’s wrong?” Fang Chixia stepped back two steps, backing the guardrail on the balcony.

“Continue!” Luo Yibei’s face is very stinky, but not as cold as the usual anger, and even a bit sloppy.

But he can still make Fang Chi Xia’s back spine cool.

This is the gas field belonging to Luo Yibei, even if it is a smile, the invisible force in the body is still depressing.

Fang Chi Xia did not know what happened from the beginning to the end, but her brain responded quickly.

After being swept away by Luo Yibei, he immediately realized that the problem was in his own words.

“I am very interested in him?” Luo Yibei looked at the eyebrows, and his eyes seemed to be brewing something.

“What are you talking about?” Fang Chi Xia pushed him.

“Don’t you continue?” Luo Yibei looked at her quietly and stepped forward two steps.

“I finished!” Fang Chi Xia was on the guardrail, and the body leaned back and sealed his words in a word.

“This is finished?” Luo Yibei seems to be a little disappointed, with arms on the side of her guardrail, the body is so against her, and there is no intention to evacuate.

“It’s over, it’s too late, it’s time to rest, let’s go back to the room!” Fang Chi’s summer arms stretched between his chest and himself, pushing him.

Chapter 274: Are you jealous?

However, it did not push.

The strength of men and women is already very different.

When Luo Yibei generally did not want to cooperate, Fang Chixia did not have a chance to get him.

Fang Chi Xia can't stand the atmosphere between the two, and the body can't help but lean back.

Luo Yibei is actually not angry, his face is not even cold, but the tone of the speech is to make Fang Chi Xia suppressed.

In addition, his magnetic field is very cold, and the two people are so close together. Fang Chi Xia's side is densely wrapped around his breath, so she can't breathe.

"Luo Yibei, you let me go!" Fang Chi Xia continued to struggle.

Unexpectedly, Luo Yibei's unusually good speech really loosened her.

Just, this is loose...

Fang Chi Xia's body is leaning against the guardrail, the waist is across the guardrail, and the upper body is forced to lean back. The whole person is half suspended in the air.

This loose hand directly leads to the danger that Fang Chi Xia's body loses its center of gravity and falls at any time.

"Don't!" Fang Chixia's face changed suddenly, his hands flustered to entangle his neck, looked sideways downstairs and glanced at the high ground, the heart trembled.

Son of a bitch!

Is he deliberately tossing her?

Luo Yi's sight was faint. She glanced at her arm next to her.

The upper body leaned toward her. She was in such a position, like a person who was okay, still chatting with her carelessly, "Miss Fang, big In the evening, talk about other men in front of your husband, is that okay?"

He talked lazily, compared to Fang Chi Xia Xin, who mentioned the tension of the blind man's eyes. He had nothing to do from start to finish, and his speech rate was even slow.

Chronic torture!

Fang Chi Xia was forced to go crazy by him!

However, his body is still approaching her, and the waist of the square pool is lying on the guardrail, so that it tilts back 360 degrees.

This position is very difficult, and people who are not flexible enough can't do it.

However, the taste is not very good.

Tightening her brow, she whispered. "Don't do this, my waist is not going to work!"

When she called, she didn't think much. This is quite natural. Who knows that Luo Yibei followed her and then said, "This will not work? I have not done anything!"

A word of sinful evil, he said that he did not change his face. Fang Chi Xia was stunned by a word for a long time.

"Don't lie in my arms, I still talk about other men, huh?" The slender fingertips clasped her pretty chin, and his eyebrows picked him.

Fang Chixia knows what he should obey when he says this time, she is attached.

However, her arms are wrapped around his neck. If she is in danger, his condition will not be good.

Understand the situation between the two, the rebellion in her bones was stimulated, and the speech became sharp. "Louis North, what are you doing? Are you jealous?"

Luo Yibei was a glimpse first, and the expression on his face solidified for a few seconds.

"Which marriage law stipulates that you can't mention other men when you get married? Or, have we agreed before?" Just look at him like this, her fangs and counterattacks.

The situation of the two people, because of her two sentences, was dominated by Luo Yibei in the whole process, and she was succeeded by the master.

Fang Chixia and he did not have this agreement before, she said, blocking Luo Yibei.

Chapter 275: Sophisticated so bad

Luo Yibei squatted and looked at her quietly. The knives like an inch and an inch were on her face. The eyes looked at Fang Chi Xia and could not help but shake.

Looking at him slyly, Fang Chi Xiazheng wondered if he would be annoyed to open her arm directly. When she threw her down, he faintly said. "My words are just reminders, you can reverse it. Do it, but the consequences are at your own risk!"

His words are cool and heavy, and the tone is not even hot. However, the threat in the words is very obvious.

As for the consequences, I don't have to think about her.

Fang Chi Xia was refuted by a word in his face and his face was red for a while.

"You get up first!" After a while, I wanted to push him to stand up straight, just before I was impulsive, but I was pushed back by Luo Yibei.

"Luo Yibei, what are you doing? My waist is really fast!"

Fang Chixia was shocked and changed his face. The hand flustered and pulled the collar of his clothes.

"The flexibility is so bad, just by this opportunity to exercise and not good?" Luo Yi North arms instead of her slim waist, like the people who are okay, is still a look of careless look. Fang Chi was so angry that he wanted to raise his fist and give him a punch.

Half of her body was shackled by him, half hanging out of the balcony, and the upper body was fast enough to fold with her legs.

This kind of flexibility is actually hurt by him!

"I heard nothing when I just got it?" Luo Yibei quietly observed her change of color, holding her hand on the guardrail, and talking to her leisurely.

Fang Chi Xia also can't beat him, and he has been tossed to this point. If he is still jealous, it is self-inflicted.

"I heard it, I heard it." Fang Chixia softly toned, and he said that she was all attached.

Luo Yibei was quite satisfied with her answer, and her lips were coldly hooked, and she continued to chat with her carelessly. "It's not good enough."

His tone is really a chat and even a leisurely look.

Fang Chixia looked at him like this, his eyes were spurting out of fire, but he couldn't vent.

Luo Yibei's face obviously eased a lot, and even helped her to hold her back waist, a very small movement, but it relieved a lot of pain she was shackled by the guardrail.

However, he still did not let her straight up.

"What do you want to do?" Fang Chixia negotiated with him straightforwardly.

"If you say something nice, I will pull you up." He was teasing her, it felt like a little pet at home, the tone, lazy to let Fangchi Xia's teeth creak.

Fang Chixia didn't know what he wanted to hear, only when he was letting her review the behavior tonight, thinking about it and saying, "If I come back later, I will tell you in advance!"

Luo Yibei snorted and did not speak.

"Telephone, I will keep it on for 24 hours, and this will not happen today." Fang Chixia said.

Luo Yibei licked his lips, still did not speak.

Fang Chi Xia stared at him with a glimpse of his voice. He looked at him who was still unmoved. His brow wrinkled and he meditated for a while. He said, "I talked about Fasino, but it didn't mean anything, just today. Get some information at work and want to talk to you."

Luo Yibei eyebrows seem to stretch, but still did not pull her up.

Fang Chi's summer arms hooked his neck and suddenly floated. "Husband, my waist is really broken..."

Luo Yibei, "..."

Chapter 276: On the importance of her husband

A sudden claim, so Luo Yibei seems to have stunned.

The sound of Fang Chi Xia has been quite twirling. It sounds very comfortable. When the clothes are soft, the voice is so soft that Luo Yibei can't hold it anymore.

Looking at her with great gaze, he seemed to be pleasing by her claim, the eyebrows picked and the thin lips swayed and stretched out.

“What's the name?” His eyes fainted to the side of her face, and he asked if nothing had happened.

Fang Chi Xia quietly observed his look, watching him obviously improve his face, knowing his own words, played a role.

In fact, she didn't know what to do to be happy with him. It was just that she claimed that she was purely out of the plot. After speaking it, in fact, I am quite comfortable.

However, she did not call him this way, and now is not the time to be emotional.

Didn't be awkward with him, his arms around his neck, just look at him, she called him again, “husband.”

Luo Yibei eyes stared at her with a meaningful look, and the hand that buckled her lower back slightly moved forward.

Fang Chixia's body was pulled up by him under one of his strengths.

His strength was a bit big, and Fang Chixia's body off-line kite looked forward and slammed into his arms.

Luo Yibei grabbed her and an arm hooked her slender waist.

The faces of two people are close at hand.

Fang Chi Xia stunned a bit, Luo Yi's north lip corner smashed with a touch of arc, the smoldering ink stream flashing, looking at her gaze, it seems to bring a little bit of a good taste.

The faces of the two people are very close. So close to her, I can feel the breath of his thin spray. It is a touch of light, slightly warm, and it has a clear water like silk mountain.

Fang Chi Xia did not see him at such a close distance.

Suddenly he was looked at with such a look, and his heart suddenly jumped.

Some of his face was uncomfortable and he wanted to stagger.

Just before he had an action, Luo Yibei forced her face to come.

“Miss Fang, are you embarrassed?” His words, the meaning of teasing is very strong, and the eyebrows even picked up.

“I just want to enter the house.” Fang Chixia’s hand was between himself and him. He wanted to go to the room when he turned his head. Luo Yibei’s fingertip suddenly buckled her sharp chin and turned her face. Lips aligned to her lips and kissed.

Fang Chi Xia Yi, conditioned reflexively wants to find something between the two, but his wrist is buckled by his hegemony.

The lip bite on her lips, her lips glazed with a glamorous arc, loosened her body, stared at her red lips and glanced at him. He smothered his own fingers with his fingertips. lip.

“Not bad.” He dropped a word in a fluttering manner, and he turned into a house slowly and slowly.

There is no end to one sentence, and I don’t know what it means.

Fang Chi Xia stood in the same place, his face was red for a while.

Is he in tune with her?

Fang Chixia stood on the balcony for a while, licking the sore waist and following Luo Yibei into the house.

The painful movement that has just been done for so long, her waist is sore at this time, it seems to be detached from her body. The movements of walking and sitting down are very slow, and the expression on her face is obviously not very good.

Luo Yibei looked at her meaningfully and sighed out, “Do you need me to help you?”

Chapter 277: Rapid heartbeat

The culprit is him, and Fang Chixia is not good at him.

Over the side, she snorted at him violently, “roll!”

She changed her face very quickly. Before she was outside, she was still arrogant and wanted to do whatever she wanted.

She flew to the sky with her courage.

Luo Yibei eyes a glimpse, his eyes seem to sink.

Fang Chi Xia did not see it. Sitting on the sofa for a while, probably some fears, accidentally provoked him again, thought about it, stood up and went outside the room, “I am sleeping next door tonight. room.”

“Yes.” Unexpectedly, Luo Yibei readily agreed.

Fang Chi Xia Yi, some doubt that he did not hear.

Luo Yibei just looked at her like this, and the lips were cold and ticked, and they didn't explain.

Fang Chi Xia looked at him indefinitely and continued to go outside the room.

Her movements are somewhat inconvenient. When walking, the waist is a little bit straight, and it looks like it was being smashed.

When he was about to go to the door, Luo Yibei followed up in a few steps.

The eyes swept over her face, and then, I added the second half of the sentence that I had just finished, “I will accompany you.”

Fang Chi Xia Yi, the expression on his face suddenly solidified.

She knew that he was not so good to talk!

Luo Yibei completely ignored her eyes and walked in front of the room next door.

After a few steps, I thought of something and returned.

Looking at her with a strange gait, he suddenly walked over to her and hugged her.

Fang Chi Xia smashed, his body was obviously stiff, “I can go by myself.”

Luo Yibei just glanced at her in a cool, and did not pay attention to her words.

Fang Chixia wants to push him away, but after raising his hand, he feels that he is in love.

Calm down the look, her raised arms, changed to take his

neck.

Luo Yibei eyes walked his own way without squinting, and seemed to get used to her movements.

Fang Chi Xia was carrying his eyes and his eyes fixed on his face.

Luo Yibei has always belonged to the kind of person who has a halo type. The facial features are particularly good-looking. From all angles, the type is perfect.

Fang Chi Xia is looking at him with his head up. This angle can just see his elegant chin and lip curve.

His lips are particularly **** and very thin. It may not be as perfect as a scalpel. The air is so cold that it feels like freezing at any time, but the lips are very enchanting, and the petals are beautiful. .

Fang Chi Xia looked at him like this, and he didn't know what happened to him. His head was like a slow motion playback of a movie. Suddenly, he automatically played back the picture when he was kissed by him.

Probably her eyes are too direct, and Luo Yibei, who is walking, is aware of it.

Coveted, her eyes swept away from her face. He seemed to be surprised. She stared at her. She looked at her lips with a nice look. "What?"

The four eyes collided, Fang Chixia's face was a little uncomfortable, and the chest jumped inexplicably.

This kind of reaction made her stunned a bit, and her eyes were awkward and he was wrong. "Nothing."

Luo Yibei quietly observed her reaction, and her lips were raised if she had nothing.

Two people continued to walk in the room, Luo Yibei hugged her posture is the princess hug, Fang Chi Xia's arm is ringing around his neck, the picture of the two, unexpectedly unexpected harmony...

Chapter 278: Xiao Zuo and Grandpa Raid

Fang Chi Xia's policy of splitting the house has been tried many times after marriage, but the number of successes is very small.

The same is true tonight.

However, she did not have much hope, but the room was just talked about it. If Luo Yibei really slandered her, she was even more surprised.

In fact, sleeping with Luo Yibei, as long as he is not a heavy toss, Fang Chi Xia is not exclusive.

Marriage is over, and the work has been done, and the rejection seems to be a bit of a point.

Luo Yibei likes to sleep with her while sleeping, or in a very overbearing position, her arms are fixed in her arms, and her arms are pulling her arms around his neck.

This is an unusually intimate posture, which was not suitable before the pool was summer and would be rejected.

Later, it was probably customary to become natural, and even if he did not need to pull it several times, his arm would take the initiative to ring up.

This time too.

Luo Yibei looked at her movements and started to squat.

After the reaction, the lip corner seemed to be slightly involved, but nothing was said.

The two people were sleeping in this unusually harmonious sleeping position, and the phone ringing of Luo Yibei suddenly sounded very early the next day.

The vibrating sound of "dudu toot" continued, and the other party seemed to be in a hurry.

Fang Chi was awakened by the summer and looked away from the window. The sky was still not bright.

"Your phone!" Pushed the Luo Yibei around him and wanted to wake him up. Luo Yibei just took her arms and leaned over, burying her face in her neck. Hey, even made a bad bite for her, and continued to sleep.

Obviously, he heard it.

Moreover, with his keen sense of hearing, she was woken up, how could he not be completely unaware.

Fang Chixia knew that he just didn't want to pay attention to it.

His phone, he did not want to pay attention to it, Fang Chixia felt that she did not care.

And this time is too early, at most about five o'clock.

Did not go to the phone, Fang Chixia wrapped his body wrapped in his body and closed his eyes.

The phone on the sofa is still shaking.

I don't know how long it took, and finally stopped.

Fang Chi Xia woke up again after more than an hour, stumbled, and was awakened by the footsteps of the building.

Very clear two footsteps, accompanied by the child's tender voice, "Grandpa, you said that we are here, will Yibei brothers be surprised?"

"When did you see a surprised expression on his face?" The answer to the other party was a steady male voice.

"Grandpa, you speak sharply, don't be so direct, hehe!"

"I am just telling the truth."

The dialogue between the two people is very brief, sound, and very familiar.

Little left and Lorge!

At this point in time, I heard the voices of two people. Fang Chi Xia was splashed with a bucket of cold water. All the sleepiness was gone without a trace. The whole person was suddenly awake.

Xiao Zuo and Grandpa are coming?

The footsteps between the corridors are getting closer and closer and seem to be coming towards this side.

Fang Chi Xia was shocked and his face was white. How could they be in Nice at this time?

She seems to be a little nervous, listening to the footsteps that are getting closer and closer to the door, and the heart is "squeaky" and "squeaky" and jumps up.

"Luo Yibei, you wake up! Your grandfather is coming! What should I do?" Pushing the man around him, Fang Chixia suddenly panicked.

Chapter 279: Your thoughts are not pure

Fang Chixia reflexively wants to open the door to the next room, but Xiao Zuo and Grandpa seem to have stepped onto this floor.

As soon as you go out, you must face it.

“Luo Yibei, you can hurry to find a way!” Fang Chi Xia Ping encountered a lot of things are quite calm, but when it comes to the relationship between the two may wear, she seems very nervous, and, nervous Do not hide it.

Luo Yibei’s eyes were stunned, and the pair was still asleep, and his eyes did not open.

Fang Chixia knew that he must be awake, just didn’t want to care about her, couldn’t help but push him again. “Grandpa and Xiao Zuo are coming in!”

Her voice was very flustered, her eyebrows were tight, and her small face was slap in the face.

Luo Yibei opened his eyes, lazy and gave her a look, and his face was not a little bit.

Fang Chixia didn’t understand him like this, and he didn’t have time to pay attention. Listening to the footsteps of the door that was about to reach the door, her heart was tightened.

In the hallway, the voices of Xiao Zuo and Lorge continued. Xiao Zuo said, “Grandpa, you said that we go directly in this way, would it be a little inappropriate?”

“What is wrong?” Lonchi did not agree.

“If you see eight packs of abdominal muscles, mermaid lines, or other things that are not suitable for children?” Xiao Zuo smiled.

After the sound of the sound, the words are not surprisingly endless, “Is it a good sister?”

The seven-year-old child is rich in imagination and is purely thinking of what to say.

When Xiao Zuo said about himself, he wouldn’t think that there would be a guess in the invisible.

Fang Chixia was shocked to look at the door and waited for Lonki’s answer.

With such a little expectation, Lonchi was able to dispel the preparation for entering the room because of the unscrupulous reminder of Xiao Zuo.

Who knows, Lorge did not think about it, and directly returned

to the other party, “Where is the beautiful sister? The children should not be so pure.”

The heart of Fang Chi Xia still not falling, because of his words, once again hung up high.

“Luo Yibei!” The gaze turned to the man around her. She could only turn her helpful attention to him. “When you get up, do you go out before the grandfather comes in?”

She was negotiating with him, and a pair of nervous eyes looked at him with a blind eye, hoping that he could help something.

Luo Yibei headed lazily with his arms, his eyes looked at her with a stunned look, and his brow wrinkled.

So nervous?

This is not the same as when she took the initiative to let him marry her when she claimed that she would sell herself more valuable.

“You go out to deal with it, take Grandpa and Xiao Zuo away, I will take the opportunity to leave, huh?” Fang Chixia continued to persuade.

Luo Yibei returned to God, his eyes faintly glanced around her face, and the voice was indifferent. “Don’t want them to come in?”

Fang Chi Xia nodded.

Isn’t this obvious?

“Please, please.” Luo Yi sat up halfway in the north, arms around his chest, still a sloppy face.

“I beg you to go out!” Fang Chixia cooperated very well at this time, and did not even hesitate.

“Just like this?” Luo Yibei eyebrows pick one, the lips and corners swayed up.

Fang Chi Xia Xian was stunned, and some did not understand his words.

But at this time, she did not have much reaction time.

In the sorrowful eyes of Luo Yibei, she suddenly leaned down, took his face, and kissed his lips to his lips.

Chapter 280: Go to his sheet

Luo Yibei had a slight glimpse, and she was obviously surprised by her actions.

“You go out first!” Fang Chixia did not evacuate immediately, so he looked at him so close and asked again.

Her eyes are very chaotic, and this feeling seems to be like a person who has been stolen or loved in Luoyibei.

Such a woman, let him be a little uncomfortable.

He was stunned, he didn't say anything, and he didn't say bad.

Outside the door, the footsteps are getting closer and closer.

The two seemed to go to the original bedroom next door to Luo Yibei, and probably did not find anyone, then the sound gradually approached here.

Fang Chixia's gaze glanced in the direction of the doorway, and looked confused. He pushed the man around him again, “Luo Yibei!”

Luo Yibei still ignored her, and even the lips and corners did not move.

Xiao Zuo and Lonqi's footsteps are still approaching, and finally they stopped directly outside the door.

Fang Chi Xia anxious, his eyes glanced around the room, glimpsed the bathroom, and wanted to get out of bed and rushed over.

Just after the action, the foot had not touched the carpet, but the wrist was followed by a squat, and the body fell into the bed.

Under the condition that she hasn't reacted yet, she only feels black in front of her eyes, and seems to have something covered -

At the same time, the door was suddenly pushed open.

Xiao Zuo and Lonci stood at the door, smiled and looked at the room first. I saw him with only one person on the bed.

Xiao Zuo seemed to be disappointed. “I really have no pretty sister!”

“Children, think much!” Lorch took his head.

Xiao Zuo vomited his tongue and spit out his tongue. He looked at Luo Yibei, who was still sitting on the bed, and pushed open the door and walked in. He said very diligently, “Brother, I will help you!”

The little figure ran over and looked at the posture. It seemed

to be coming over the sheet.

Luo Yibei's brow slightly twisted, and looked at his movements quietly. When his hand was about to reach out, his arm would be intercepted with a blank expression.

An action that made Xiao Zuo stunned and looked up at him, full of puzzles.

"I will come by myself. I will go downstairs and wait for me. After a few minutes, I will come down." Luo Yibei quietly waved his hand and asked for expression.

Xiao Zunuu's mouth, a look of indifferent look, turned and walked to the door, took Lonqi and went downstairs.

The door was closed after that.

In the hallway, the footsteps of the two men slowly drifted away.

After blinking at the closed door, Luo Yibei looked to the sheet that he had covered.

"Miss Fang, do you need me to help you?" Staring at somewhere in the sheet slightly swelled, his voice was clearly said to be serious, but the tone, but how to listen, how brought a silky taste.

"You should go downstairs to deal with it. If you can, think of ways to take them out, huh?" Fang Chi Xia Meng will open the sheet and look at him. She looks pleading.

Luo Yibei did not hear her words. She took herself out of bed and, in front of her face, casually untied the bathrobe she wore, then put on a casual trousers and took out one. The shirt was lazy and scattered to the shoulders, and went downstairs.

He didn't say that he wanted to help her, and he didn't say no.

Fang Chi Xia did not know what his purpose was to go downstairs. He could only wait and see on it.

Downstairs, the little left has been holding his head in contemplation.

"Grandpa, have you ever felt that your brother is just a little wrong?"

Chapter 281: He is sleeping naked

“Where is it wrong?” Lonchi looked to the side of his face and looked at his face with a serious expression, only when he wanted to say something, but who knows that the little left is floating, “I feel that he is naked/sleeping! ”

In fact, Xiao Zuo wants to say that he just saw Luo Yibei’s clothes scattered on the ground.

Just, but did not say the idea.

Lorge was speechless to his words, regained his gaze, and stayed on the sofa and waited.

When Luo Yi went down, it was a few minutes later.

The clothes on the body have not been put on well, while walking, while casually finishing the cuffs of their shirts, as well as buttons.

Walking down the spiral staircase, his eyes glanced at the two people here. His tone was as indifferent as ever. “How come suddenly?”

“I took Xiao Zuo to prepare to go to Germany to live for a while, just in Europe, just come over to see you here. Just called you at the airport, you didn’t pick up.” Lonchi explained.

“Then stay a few more days!” Luo Yibei slowed down the floor and walked straight toward the two.

“Okay, okay!” Xiao Zuo was very satisfied with the proposal and seemed to have some expectations.

Luo Yibei did not say anything, but did not follow Fang Chi Xia, with two people left.

Xiao Zuo did not come here, stood up, and strolled around the villa very curiously.

The seven-year-old child is fresh to everything, with sharp eyes and likes to discover.

When I walked to the kitchen and was preparing to dig something out of myself in the refrigerator, I accidentally found two cups on the dining table next to it.

Very beautiful two white jade porcelain cups, also painted graffiti, very cartoon two smiley faces, when the two cups are discharged together, the smiley faces are opposite, just like a pair.

Fang Chi Xia has moved from Luo Yibei to live in the north, whether it is the home of the two or the place here, basically

the things inside are left with her traces.
Graffiti like this can be seen everywhere.
She didn't pay attention to it when she actually painted it. I don't know if it would make the cup look like a pair.
"Hey?" Xiao Zuoyu was on the cooking table, staring at the two cups for a long time, and the lips suddenly bent a little bit.
In the upstairs room, Fang Chi Xia has been quietly listening to the following movements since leaving Luo Yibei.
She hopes that Luo Yibei can take Grandpa and Xiao Zuo out.
Who knows that after he goes down, he not only mentions this, but even talks directly to Lonqi.
Fang Chi Xia is upstairs, and my heart has been jumping.
The whole villa has too many things to carry her mark, she is afraid of Xiao Zuo and Lonqi found something.
Uneasy, suddenly there was a cry from Xiao Zuo downstairs.
"Grandpa, Grandpa, tell you a big discovery!"
The voice of Xiao Zuo was very excited. It seemed to be a little excited. The big pool Chi Xia was heard upstairs.
He is actually not a child with a lot of words, but he is especially special in front of the Luo family. Anything will be told to Lonchi.
"What's wrong?" Lorne's eyes turned to the side of his face, and he slammed him over.
Xiao Zuo's eyes smiled and turned to Luo Yi's face, raising his beautiful ceramic cup.
He had been very loud before, but he didn't say it directly at this time, just watching him laugh.
Luo Yibei glanced at the cup he was holding, and his expression slightly solidified, but he quickly recovered his nature.

Chapter 282: Yibei brother raised a lover

His expression changed very quickly, and it was almost impossible for normal people to notice.

Xiao Zuo has been observing him quietly. He still expects to see something from his face. Who knows, Luo Yibei has no expression from beginning to end.

“What do you want to say?” The sound of the waves was not even stunned, and the tone of speech was like that of someone who had nothing to do.

Xiao Zuo was very disappointed with him. He was swallowed back when he was confident enough to say something.

He actually wants to say that Luo Yibei is here in the Golden House, but it seems that he thinks so much.

Just a cup, maybe he just used it?

“Nothing.” Grinning, Xiao Zuoqi sat down with his legs in front of Lonci.

The three of them sat and did not leave in the morning.

It's a little faster than noon.

Luo Yibei left Lorne and Xiao Zuo to leave the villa. The three people seemed to be going out for dinner.

Fang Chixia walked down the stairs and sighed.

Downstairs, just preparing to leave, Luo Yibei suddenly called a phone.

“Miss Fang, isn't it necessary to send the information at noon? Now I will send it directly to the Long Island Restaurant.” It is a reason to make up at random, but he is serious.

What is called a serious nonsense, Fang Chi Xia is a knowledge of him.

What information is all about the nonsense, Luo Yibei is letting her go out to eat together, the reason is still very natural.

Fang Chixia was a bit speechless to his words.

However, he said everything, and the excuse still found such a grandiose, she will not be detained a rebellious boss crime?

At this time, it was much faster. Fang Chixia actually started to protest. After receiving the call, he stopped the car and passed.

Lonchi knew that Fang Chi Xia and Luo Yibei came to France.

It was not too much accident to see her, and even very amiable.

Xiao Zuo also knows that Fang Chi Xia is in France. He

actually doubts whether the two people live together.

However, Luo Yibei just said that he was too serious, which made Xiao Zuo's concerns dispelled.

Four people used up lunch together, and Lonchi seemed to be preparing to go directly to the airport.

Germany and France are squatting. If you want to come over, it is very convenient. This is why he did not stay for a few days.

The plane sent by Fang Chi Xia and Luo Yibei left the two people and then left.

Out of the airport, the two have been close together. When the elevator was down, Fang Chixia probably didn't stand still, and the body leaned forward. The arms were naturally natural and they later smashed Luo Yibei's waist.

A very unexpected action, just caught by the little left staring at the two, the little left looked suspicious again.

Followed by Lorge on the plane, sitting in his position, waiting for the plane to take off, he suddenly remembered the discovery in the Villa Luoyi North.

"Grandpa." He called Lonqi around him, and he asked with a smile. "You said, you said that Yibei's brother lives alone here. Will you pack/raise a little lover here?"

What kind of savvy person Lonki apparently heard the meaning of temptation from his words.

All the expressions on his face were frozen, and he asked him seriously. "Small left, did you see something today?"

His look is very serious, his face is sturdy, so serious, he has not seen it.

What happened to Grandpa?

Chapter 283: Can't marry her

Such Lonqi, let Xiao Zuo stupid.

Xiao Zuo was actually just skeptical. He stared at him for a while and watched him sloppy. "I just asked casually, I am a man of this age, isn't this normal?"

Lorne groaned and listened to his words, not asking much.

Two people went to Germany by plane and it was already night when they chose the hotel.

Xiao Zuo is still small, and Lonchi lived with him in a room.

At seven or eight o'clock, Xiao Zuo squatted on the sofa and read a book, and Lorch was staring at him from the side.

Thinking of what he suddenly mentioned on the plane, his brow was wrinkled, and a phone call to Luo Yibei.

Luo Yibei was looking through the company's performance table at this time. When he received his call, the documents in his hand were placed aside. "What happened?"

Lonchi didn't make a fuss about him. He just cut the subject. "I don't know what you are doing outside. If I don't overdo it, I won't care. But the object you marry can't be this one." No matter who the other party is!"

His words were reminders and warnings. They were very serious and serious enough to let Luo Yi go north.

Lonci didn't care about him. This was the first time such a strong intervention, and it was the first time he discussed the issue with him so seriously.

The meaning of his words is not to say that no one can really, he just refers to Luo Yibei now around this can not, but now this, regardless of the identity of the other party.

Luo Yibei listened to his words quietly, silenced for a while, and asked indifferently, "reason?"

"Remember my words." Lorge did not directly explain, and he handed a phone call in one sentence.

Luo Yibei listened to the broken sound from the ear, and stared at the phone for a while, his eyes sinking.

What do you mean?

Downstairs in the living room, Fang Chixia stayed for a few hours below, it did not come up.

She was reading the information from Nice, holding a book, looking at it, and fell asleep somehow.

When Luo Yibei walked down the stairs, she saw that she was

lying on the sofa with her eyes closed, and a book covered most of her face.

Her breathing was very shallow, faint, and the small face of the palm was covered by the book, leaving only the lips and chin exposed. One hand was holding a book, one hand was resting on the chest, and the sleeping state was quiet and dull. Children.

Luo Yibei stood on the stairs and stared at her for a while, and his head slowly reflected the words of Lorge, and his brow wrinkled.

In fact, wherever he went, Fang Chi Xia was accompanied by him. The Luojia people were so fine, and it was impossible to say that everyone's relationship with the two people might not be unusual.

Ronchi's words, should I also include Fang Chi Xia?

Why did Lorge say this, Luo Yibei did not know.

Staring at Fang Chi Xia on the stairs for a while, he went downstairs and came to her side by step.

Fang Chixia seemed to be aware of him as he approached. He had not waited for him to move, and he raised his arm in a reflective manner to support him and himself.

Her eyes are still closed, but I don't forget to resist.

This kind of her, let Luo Yibei no sense of some unhappy.

Pulling her arms apart, pulling her neck and changing her neck, leaning over, his lips pointed at her lips and kissed...

Chapter 284: Don't be jealous when I am asleep

Fang Chi Xia Xiu's eyebrows were twisted and screwed, and the face was dodging down. It seemed to be trying to avoid it. Luo Yibei held her back in one hand, and a hand held her shoulder to restrain her.

Fang Chi Xia's long eyelashes vibrated, and the closed eyes suddenly opened.

Staring at him, she looked a little confused.

When Luo Yibei saw her like this, she raised her eyebrows and was ready to cope with her next move.

When Fang Chi Xia was awakened several times in this stupidity, the next action was to raise his hands and beat people, and the habits that were previously forced into the Fang family.

Luo Yibei saw several times and was somewhat prepared for her.

Looking at her quietly, he was guessing which hand she would raise. Who knows, Fang Chixia just said faintly, "Don't be when I am asleep next time."

Her words are acquiescence, and it is also a connivance for his behavior.

She just didn't like the feeling of being awakened after being asleep. She didn't sleep and stumbled and regarded him as Fang Rong, and did not contradict him.

Luo Yibei had some surprises about her words. She stared at her for a while, leaned over her lips and kissed her, and slid her up to the room upstairs.

He seemed a little anxious, holding her while walking, kissing, and when it was upstairs in the bedroom, the clothes on her body had all faded...

The next day is a working day.

Since the two came to Nice, basically where Luo Yibei went, Fang Chi Xia was accompanied.

After the end of work hours, Luo Yibei received a call, a French aristocrat called, and said that the general friends meet. After Luo Yibei took the call, he left the office directly.

Open the door of the room, lazy to the door, and no matter how many people are in the big office, the eyebrows are picking, and Fang Chixia, who is closest to him, has a look.

When Fang Chi Xia did not see it, he still kept his own things

on his desk.

“Miss Fang!” Luo Yibei raised the high volume and called her.

“Is there something?” Fang Chi Xia looked over him and looked at him. He just noticed his appearance.

“Come in.” Luo Yibei once again gestured to his office.

“Sorry, Mr. Luo, now is the time to work.” Fang Chixia did not take his words seriously, sorted out the things on his desktop, turned and wanted to leave, but his wrist was pulled cold by Luo Yibei.

After he came to Nice, he did not evade anything at all, and there were so many people in the office, holding her hands and taking her to his office.

“Luo Yibei, you let go, I go!” Fang Chixia squinted at the eyes around him, and pressed the low volume to protest, and the hand twitched in his hand.

Luo Yibei ignored her, and she continued to move forward without looking at her.

Fang Chixia was helpless and could only follow him.

“I will go with me to a place.” In the rest room of the office, I threw a set of casual clothes into her arms. He stood in front of her and motioned for her to change.

“Come on yourself!” Fang Chixia was extremely speechless about his behavior. He raised his hand and hit his chest. He turned his head and wanted to turn to the side, but he was pulled back by his wrist.

“Or, or, I will help you change?” Luo Yibei looked at her and swept her up and down, lazy and swaying the thin lips.

Chapter 285: Two strong encounters

His office is large, like a presidential suite.

Because he can receive various invitations at any time during his work, he always has some dresses for various occasions at the company.

Fang Chi Xia, here is also prepared, the purpose is actually to facilitate Luo Yibei.

For example, today's occasion that I want to accompany her.

Fang Chixia was extremely speechless to him, and he gave him a look and smacked him to take off his clothes.

When her eyebrows are low, it looks very docile, like a little sheep with no attacking power.

In this way, she couldn't help but smack the hook on the north lip corner. Fang Chixia helped him to solve it. His hand suddenly covered and wrapped her hand.

An action that made Fang Chi Xia slightly glimpse, and the action of unlocking the button stopped.

"Continue." With a thin slap in the belly, she touched her skin without a hit. Luo Yibei was so eager to ask for her, even driving her hand to help him solve it one by one.

His body temperature was originally a little different from Fang Chi Xia. The palm of his hand was attached to the back of her hand. The two temperatures of cold and hot were intertwined. This kind of feeling could not be said to be subtle. Fang Chi Xia's movement was very stiff, did not stop, numbly let him, and later did not move, the whole process was led by him to her operation.

Luo Yibei looked at her quietly, and did not know if it was intentional. The fingertips also gently stroked her palm.

A subtle current picked up from where his fingertips passed, and Fang Chixia was stiff and stiff, and his hands shrank back.

"Don't hurry?" Looking out the window, she asked if nothing had happened.

"Fortunately." Luo Yi's north lip smirked like a smile, took a dress next to him, and casually put it on his body, then turned around and did nothing happened. Finished the clothes and went.

When they left the company, they were more than seven o'clock. They drove in Nice and walked for a while. The last place to arrive was a cruise ship.

After boarding the ship, Fang Chixia accidentally discovered that Fasino was actually there.

There are several followers around Fasno, accompanied by a female companion, a delicate blond woman.

When a group of people walked from one end of the corridor to a room in the cabin, they passed by Fang Chixia.

A faint glance at her, and looked at Luo Yibei around her, Fasino's lips slammed the hook, if nothing happened and Luo Yibei greeted, "This must be Rongxi's master?"

Rong Xi and R King's room aristocrats have cooperated for many years, but Fasino did not say positively to Luo Yibei.

Today is the first time.

In fact, the two people of this identity know each other, even if they don't have in-depth contact, they can know each other's identity when they see people.

"Luo Yibei!" Luo Yibei gaze faintly on his face, a very self-introduction of the words, is to say hello to him.

"Festino. Chris." Fasino reached out and the two men's eyes were on, and the hand was simply gripped.

The two belong to two very different temperament, one cold and abdomen black and overbearing, one enchanting actuarial invisible, but the gas field is equally powerful.

The two faces are equally eye-catching.

Standing together like this, it seems that the light of the entire cruise ship is gathered on the top of the two people. The place where the two pedestrians are located attracts countless eyes around.

Chapter 286: It will be more fun to play like this.

Tonight, the two people who came to invite the two were the young masters of a big family in France, Moro, a very popular character in the upper class of Nice, and even the social circle even included many celebrities at home and abroad.

Seeing that Fasino and Luo Yibei appeared at the same time, Moro smiled and greeted him from the cabin.

“Hey, I can’t invite two of them tonight at the same time, welcome!”

He spoke with a little bit of a scorpion, slow and fluent.

After coming out, the eyes first looked at Fasino and Luo Yibei, and then turned to Fang Chi Xia.

He stayed on her for a long time, his lips were gently hooked, and he didn’t know what he was thinking.

Then led a large group of people into the cabin.

Fang Chi Xia is the first time to attend such an occasion tonight.

After entering the cabin, there were various self-service feeding areas and entertainment facilities during the party.

What surprised her even was that there was a very large gaming table, which seemed to be specially designed for this cruise ship tonight. The guests are set up.

Today, I was invited by some male guests, all of whom were accompanied by female companions. Moro was surrounded by two women.

Moro is the organizer tonight. After entering the cabin, he first handed a glass of wine to Luo Yibei and Fasino. Then he sat down on the chair in front of the table and looked up. He looked at the two with a smile. People, “Rarely get together with the two, how about we have fun tonight?”

“I am willing to accompany you.” Fasino seems to be familiar with this kind of play, and he took a long position around the long table.

The eyes of the two looked at Luo Yibei again.

Luo Yibei’s dictionary has not dared to use this word, and slowly walked over and sat down.

A few people played Texas Hold’em and started out as a general bet.

Fang Chixia was not interested in the gambling. At the beginning, he was still with Luo Yibei for a while, and finally

turned to take a cocktail for himself.

Paying attention to this again, after Moro's sudden sentence. Lazy to lean on the back of the chair, Moro said, "It's boring to play so much, or else, how do we play more interesting bets?"

"How do you want to play?" The answer is Luo Yibei.

Moro's eyes glided in the direction of Fang Chi Xia, and one hand smashed his female companion to the front of the station, stood up, and if the lips were hooked, the bet was changed to exchange female partners. How to start the exchange according to the size of the last card, the biggest choice first! After the female partner exchange, I will follow the new owner from now on, eh?"

Moro's female companion is a very beautiful French woman, and she is very romantic.

After listening to his proposal, he didn't seem to feel anything wrong. He leaned on Mo Luo's arms and looked at him with his fingertips. "You are really bad!"

Very squeaky voice, sprinkle the delicate, the kind of bones that make people's bones crisp.

Luo Yibei did not answer, but he sat there cold and cold, as if he didn't care about anything.

Fang Chixia listened to the dialogue of several people without a word, and was shocked to see Luo Yibei in this way. The cup in his hand slipped and slammed down on the ground.

Very clear voice, there was no other noise in the cabin at this time.

This sound made all the eyes of the cabin look over.

Fang Chixia's gaze was awkward and a group of people staggered, bending over to break up the broken glass **** on the ground, the vision was numb, and the fingertips were scratched and it seemed to be painless.

Chapter 287: One-on-one gambling

She was shocked, and even when she was kneeling, her back was still shaking.

Luo Yibei's line of sight passed slightly, and he looked at it quietly, and his face still had no expression.

Fang Chi Xia picked up the debris on the ground and looked up at him when he looked up.

Looking at him quietly, thinking about Moro's words, her body was very stiff and her hand seemed to shake slightly.

Her eyes seemed to be very nervous, her eyes looked at him with a sigh of relief, waiting quietly for his answer.

With a little bit of expectation in her heart, Luo Yibei refused Molo's proposal. This kind of gameplay may be very common in the upper class, but she can't accept it.

She is a living person, not a dead pawn. Why should he let her bet on the table and bet on it?

At the thought of this, Fang Chi Xia's heart is cold.

However, Luo Yibei just looked at her faintly, and his eyes moved away.

"I have no opinion." Attention turned back into the gambling, his look was very indifferent, and indifference as if everything around him could not afford his interest.

Fang Chixia looked at him incredulously, and the pupil suddenly shook and shook, and the five fingers tightened tightly.

In her hand, she still had broken pieces of glass that had just been broken, and the five fingers were collected. The small residue was plunged into the delicate skin, and the blood was finely smashed out.

She seemed to be unaware of the pain, the slender and weak handkerchiefs were pinched, and the joints were pinched to a white layer.

There is something in my heart, awkward, falling from a high place, falling apart...

Fesno looked at her in silence, his elbows on the back of the chair, still lazy and scattered as usual, but his eyes were a little deeper than usual.

He stared at her for a while, his eyes turned to Moro, his thin lips slammed, and faintly spoke out, "This gambling, I want to play alone with Luo, how?"

Moro apparently did not think that he would make this statement, and he was embarrassed for a while.

His previous proposal, originally in the idea of playing Fang Chi Xia, Fasino will suddenly ask for it, which is not what he expected.

Fesno is a member of the Chris family, the largest family in R, and Moro can not give him face.

Although I was very reluctant, I finally sold this person to him.

“Well, you and Luo Shao play alone, so fun, I go around and turn around.” Taking advantage of her female companion, Moro stood up and went outside.

In the gambling, there were only two people, Fasino and Luo Yibei.

Fei Si’s eye corners glanced again in the direction of Fang Chi Xia, and the staller indicated that the waiter could begin.

Fang Chi Xia stood in a place a few meters away from the two people. From the beginning to the end, he looked at the scene from here. The body seemed to be filled with a bucket of ice, cold and cold.

Following Fasino came to the boat was a very beautiful woman, who also looked like a very noble person.

However, unlike Fang Chi Xia, Westerners can’t let go of this kind of thing. She didn’t mind this time.

After the start of the game, her eyes even drifted to Luo Yibei from time to time, and it seemed that she was expecting to follow him.

Fang Chi Xia is very stiff, and the strings of the nerves are tight at any time. Looking at the cards that are issued one by one, the heart sinks like a valley.

She has no right to interfere in Luo Yibei’s work, but why is this kind of gambling going to spread her?

Chapter 288: Come over, don't let me repeat the third time.

Fang Chi Xia was very angry.

She has her dignity. Why did Luo Yibei decide her freedom?

What did he take her again?

The kittens and puppies that are adopted at home are funny when you are happy. When you are not happy, will you give them to others when you are happy?

At the gambling table, the gambling of Loe and North and Fasno continued.

Luo Yibei had no expression on his face from beginning to end, and the indifference seemed to be irrelevant to everything around him.

Fang Chi Xia looked at him quietly, and the five fingers became more and more tight.

When the two were about to finally show their cards, she suddenly walked over and said, "Wait a minute!"

"What's wrong?" Fasno's face slowly lifted up, his tone was very soft, his eyes swept away the evil spirits of the past, and even a feeling of warmth like a yang.

Fang Chi Xia came to the two people in the summer, did not see Luo Yibei, pressed the anger in the chest, her face was concealed very calm, so calm and even some cold.

The hand clasped the hand that Fasino was preparing for the showdown. Her eyes turned to him and said, "This gambling decision is what I am going. I think, I will say a few words, Mr. Fissno will not mind.?"

"Miss Fang, please feel free." Fasino shrugged and looked indifferent.

Luo Yibei looked at her quietly, and the scorpion stunned.

He did not understand the purpose of the sudden intervention of Fang Chi Xia!

Fang Chi Xia Jiao's eyes squinted at him, and the small squat was lightly lifted and looked cold. "Tonight's gambling is related to me. Since it is related to me, then my opinion should be more important. What do you think?"

"Yes." Fasno nodded lightly, with a smile.

"Come here!" Luo Yi north face expressionless command.

Fang Chi Xia ignored him, his eyes glanced at the poker that had not been opened in the hands of Fasino, and pulled the cards out of his hands and mixed them with other cards.

Fesno just looked at her movements quietly and didn't stop it. Fang Chixia confuses all the cards, washes them again, and his eyes turn to him again.

Looking at him quietly, she seemed to struggle for a while, then slowly said, "My opinion is, this gambling, stop here! My stay, the decision is only in my hands, and I, willing With Mr. Fesno, you are leaving, you don't need to rely on this gambling!"

Her speech rate was very slow, her voice was calm, and the indifference was very similar to that of Luo Yibei who had agreed to the game before.

Fasino apparently did not expect that she would say such a thing, it seems to be awkward.

She stared at her for a moment, and his eyebrows slowly picked up.

This girl gave him a lot of surprises!

Luo Yibei's face, which had no expression after entering the second half of her life, was obviously sinking after her words, and her eyes inadvertently reflected a sharp eye.

"Miss Fang, do you know what you are talking about?" Cold face, he reminded.

"What's wrong? Where did I say something wrong?" Fang Chi Xia Hong Lips rose, faintly asked.

"Come, don't let me say the third time!" Luo Yibei blackened his face and warned.

"Mr. Luo, can you accept that you have lost without gambling?" Fang Chi Xia was cold and ironic.

"I counted to three, but come, tonight's consequences at your own risk!" Luo Yibei Li did not care about her words, cold face began to count down.

Fang Chi Xiatou side, did not look at his face, hand-picked Fasino's arms, "Let's go!"

Fesno's hand pressed her back and went with her to the boat.

The current update of this article is generally five, and the rewards are more important.

Chapter 289: What you lost is her heart

“Stand up!” Luo Yibei’s line of sight shot on the two, cold and screaming.

Fang Chi Xia’s back is very straight, and he still walks his way without heading back. The footsteps have not stopped, even speeding up a few points.

His wife, Fasno, walked in front of the boat.

Fesno did not immediately follow up, but stopped at the door.

Over the head, his eyes turned to Luo Yibei behind him, staring at him for a few seconds, his voice was faint. “This gambling game, in fact, has not started yet, you lose, the lose is not a bet, but Yes, people!”

His words are meaningful.

I finished the sentence in an understatement. As soon as I turned around, I left.

The meaning of his words, with the wisdom of Luo Yibei, can not be understood.

No matter how much he has the confidence that he will win, but from the moment he promised to use Fang Chixia as a bargaining chip, he has already lost her trust...

Luo Yibei sat stiff in the in-situ position, his face remained at a forty-five degree sag, and he did not know how long it took to maintain this position until the sea was all quiet.

The night is already deep.

Fang Chixia got on the bus with Fasino. He didn’t take her back to the hotel. Instead, he returned to the country of C.

This is the first time Fang Chi Xia came to this place, and the layout of the Luo family is not much, it is very majestic, and the big garden has not seen a person for more than ten minutes.

“You made me very surprised tonight.” Fasino walked and chatted with her.

“Is it?” Fang Chixia has been absent-minded since he left the ship.

“Why is this proposal?” Going forward for a while, Fasno asked again.

“Just don’t want to be pushed and pushed by people like the bet on the gambling.” Fang Chixia answered very honestly. She struggled before making this decision.

Although it is not the result she wants, it is better to be

dignified than to be placed on the gambling, let others decide their own destiny.

At least, such a proposal tonight, the decision is in her hands, the choice is also made by her!

Fasino didn't seem to think she would be so direct, stunned and stopped.

Looking at her quietly, he tempted and asked, "Do you know what you might do with this?"

What he hinted at is what Fang Chixia naturally understands. He is suggesting what might happen between the two.

The expression on Fang Chi Xia's face was first solidified for a few seconds, but only a little bit of time, and restored to nature.

Raising her head, she did not answer, "What kind of woman does Mr. Fissno want?" The young master of the Chris family needs to do something that forces a foreign female student to be so ugly?"

She didn't even see the tension, and asked two questions, and he gave up his question back and forth.

Fesno's feelings for her are not good people.

However, she feels that whether it is his identity and status, or his own external conditions, if you really need a woman, you can take a shot and have a large wave of women to take the initiative, so you don't need to use such a despicable means. .

He should not do the same thing.

Fasino didn't seem to expect her to answer this way. After a while, the long arm took her into her arms and looked at her eyes quietly. The handsome face slowly leaned toward her. "If I like it, I like it." What about this tone?"

Chapter 290: Wit clearing

His voice is very low, and there seems to be a faint smile on his eyes. It is shallow and not easy to detect, but it is reflected in the shackles of the dawn.

Fang Chi Xia was a sigh, his body was stiff and stiff, and the clear pupil suddenly shrank, but he quickly recovered his nature.

Turning his face to him and looking at him from close range, she said affirmatively, "I know you won't."

"Oh?" Fasnó's answer to her was very unexpected. "Cause?" Fang Chi Xia stood up and pulled away the distance between himself and him. "Before in Nice, I used to stay outside your hotel for so long. If you have this idea, then, You have many chances."

"The number of times I met with you was not one or two times. You have the same chances before."

"Want a woman, if a man is despicable, he can think of thousands of ways to get people, not by sitting on a table, through a fair competition."

She paused and her eyes turned to him. She seemed confident.

"I know, you don't bother those tricks!"

Fasnó was silent for a while after her words, and suddenly burst into laughter.

"You are very smart." Not only can he accurately capture his mentality, but also take the opportunity to put the high hat on him first, and indirectly give her a solution.

Fang Chi Xia is just a faint smile.

"I really don't force a woman! So you can live with peace of mind, at least, for the time being you are safe." Fasnó smiled thoughtfully at her, held her hand, gently on the back of her hand. Print a kiss, "Chris Castle welcomes you!"

"Thank you!" Fang Chi Xia sighed, his nerves stretched and relaxed.

Choosing to leave with him, she is actually betting, betting on his own understanding of him.

It seems that she won!

Fasnó led her to her own private field.

Chris is a long-standing family with a long history. It is a building that is comparable to the castle for hundreds of years. It is atmospheric, spectacular and stylish.

When Fasino led Fang Chi Xia into one of the houses that was probably a private castle, a large group of servants had already arranged on both sides.

They seem to respect Fasno, their heads are low, and they don't even dare to look at him.

Fang Chi Xia looked at a group of people and followed Feisuo.

After Fasno went upstairs, she handed her over to a group of maids who seemed to be specially arranged to serve her. Several people speak the language of R, not the familiar words of Fang Chixia, but they can understand some.

She seems to have heard that everyone here is called Fisino as the Duke!

Duke!

Fang Chi Xia Yi, a little over his head looked at his eyes a little surprised.

"First rest, I am in the downstairs room, something to call me or a servant can be." Fisino confessed, turned and left.

Fang Chixia stopped in the same place, staring at the direction of his departure for a while, and took the door.

"Miss, let's wait for you to bathe!" A maid who was standing closest to her scorned her dagger and respected her.

"No, you all go back, I can do it myself." Fang Chi Xia is not interested, and wants to go to the bathroom as soon as he turns.

"Then we will take you to the next room!" said the former maid.

Fang Chi Xia's footsteps at the foot of the summer, thinking that she didn't even know where to put anything, nodded lightly.

Chapter 291: Chris Castle first night

“The front is the bathroom, here is the small living room, here is the dressing room...” Several maids led her in the big room and turned.

Fang Chixia followed behind a few people and walked, staring at it with a quiet look.

“Because there was no female guest to live in this castle before, there are only a few sets of clothes in the room. It is the temporary preparation of the young master before coming back. It is prepared to be a little hasty. The lady can use it, pajamas and outing clothes. Yes, more, probably tomorrow, we will help you set it up.” The maid explained to her with her familiarity with the environment.

“It doesn’t matter.” Fang Chi Xia did not care for her.

“Miss should be very tired, it is very late now, or do you take a rest after taking a bath?” Probably the fear of Fasno’s relationship, the maid here and the few who were taken to Luoyibei by the little left. Different, speaking very respectful, humble, very polite at any time.

“Well, you should go back first, and the rest of me can come.” Fang Chi Xia faint request.

Several servants greeted her and turned and quietly retired.

Fang Chi Xia entered the bathroom, and the backhand locked the door and soaked himself in the bathtub. The water temperature was always hot, but from the body to the heart, it was cold and cold.

Especially when I think of Luo Yibei’s face!

It’s not what she wants to leave with Fasno, but this is at least her own choice, and it’s better than being bet.

Nice.

When Luo Yibei left the ship, he did not know the time. The sea and the sky met, and it seemed that the sunrise was rising. Going back to the villa, looking at the empty room, there is something in my heart, empty...

Enter the living room, sit on the sofa, he took out the phone and did not know who made a call.

“Check out Fesno’s itinerary and report it to me today!”

“Okay, Master Luo.”

After a brief call, both parties hung up.

After a few hours, the other party called again.

His voice was a little cautious, and he said it was cautious. “Luo Shao, our people sent a lot of people. However, there is no information related to the journey of Master Feisno, even the airport entry and exit center has checked, and there is no other party. The record of returning to China was only when the surveillance video was retrieved. I saw the figure appearing outside the airport with a young lady. After the monitoring, there was nothing. The initial guess was that the other person was left after leaving. Destroyed.”

Luo Yibei whispered, and stared at him silently, his expression was very cold and cold.

“The place where Chaffesno often lives.” Coldly confessed that he hung up.

Chris Castle.

After Fang Chi Xia came here, he first slept comfortably for a night, and he was awake very early the next day.

Fesno said directly that she would not have said this to her.

Living here, the problem that was most worried about was solved. She has no worries now.

I got up in the morning, went downstairs, and saw Fasno, who was just dining, she said hello to him naturally, “Early!”

“Early!” Fasino raised his head, and the corner of his lips was pulled down. He raised the iconic smile against her, and he was sorrowful and embarrassed.

Fang Chixia walked over and waited for the maid who was next to him to respectfully place the cutlery for her. Fang Chixia sat down in the opposite position of Fasino and quietly used breakfast.

Chapter 292: Have her news

Fesno chatted with her very casually. "Is it still used to living here?"

"Very good, thank you." Fang Chixia responded politely.

Fasino took her plate and gracefully helped her cut the food into small pieces, then pushed the plate to her. "Let's stay, how long you want to live."

"Thank you." Fang Chixia took the plate, looked up at him, and used his tableware to quietly use his meal.

Fasino stared at her for a while, and asked coldly, "Is this decision made to fight against Luo Yibei?"

Fang Chi Xia Xian was stunned and his face slowly lifted.

She shook her head and shook her head. She touched her mouth and smiled very weakly. "How come you think? Come here, the starting point is just for your own consideration, and it has nothing to do with anyone else."

What she actually wants to say is that he is indifferent to a man who is indifferent enough to transfer her to others without hesitation.

How can a person who has no heart be beaten because she is leaving with another man?

"First use breakfast, I will take you to visit here after use!"

Fesno did not ask too much, put down the tableware, lazy and leaned against the back of the chair.

A breakfast, Fang Chixia spent a few minutes to solve, Fasino took her away from Chris Castle.

Fang Chixia thought that his so-called visit was like walking around in general. Who knows that he led her to a helicopter and seemed to want to drive a plane.

When Fang Chi Xia boarded the plane, she was a little shocked. What made her even more shocked was that after going up, the face that hit her eyes was white.

It is a silk flower, and the whole cabin is covered with a ground. It is full of snow, like a snowflake. It is radiant, white, and beautiful. It is absorbed after the sight disappears. The world seems to be left. That big piece of snow, nothing else.

"Like? Give it to you!" Fasno broke one of the branches and sent it to her eyes.

The flowers he prepared for her are very special. Others send flowers to send flamboyant roses, or platycodon, don't forget

me, and he sends 荼蘼!

Fang Chi Xia has always been very smart, staring at the flower in his hand and watching it for a while, suddenly understood some of his meaning.

It's the beginning of the flowering, and the meaning of the flower blossom is the end!

The end of the past!

"I like it very much, thank you." He took the flowers he had handed, and Fang Chixia got the nose and smelled it.

In fact, Fasino does not have to choose this kind of flower so carefully.

She and Luo Yibei, have never started, how can we talk about the end?

"Sit next to me." Fisno did not say anything, led her to the driver's seat.

Fang Chixia followed a few steps and sat down next to the driver's seat.

Fisno's action on the plane was very handsome, the engine started, the speed was increased, the fuselage went up straight, the joystick was pushed, and the plane flew in the air.

.....

Nice.

The person who went out to Luo Yibei called him again after a day of inquiries.

"Luo Shao, found it!" The voice of the other party was a little excited because of the joy.

"Say."

"If the information is not wrong, Master Fesno and the lady should be in Chris Castle, the southern suburbs of the R country!"

Luo Yibei held the five fingers of the mobile phone and received it.

Chris Castle!

Chapter 293: Surprise him again

R country.

After taking the plane, Fangsuo took a flight around Chris Castle and then flew to other areas of the city.

The height of his flight is not very high, probably to see the scenery below more clearly.

From the top to the bottom of the sky, the scenery and the ground will be very different, more magnificent, more spectacular and more shocking.

Fang Chi Xia seems to be interested in this, sitting next to him, staring blankly at his hands.

What did Fasino do, she just remembered, and remembered the process of his operation before and after.

Fesno was very surprised by this, she smiled and suggested, "Do you want to try?"

"Yeah." Fang Chixia nodded lightly, touched the joystick with his hand, and landed the plane with him, replacing him in the driver's seat.

"First hold this, this is the total distance rod, this is the steering column. The variable pitch can tilt the automatic tilter and change the movement state of the aircraft..."

Fasno stood behind her, leaned over, arms around her body, and gave her a serious explanation while teaching her.

Fang Chi Xia is very smart, start the engine, increase the speed, the plane rises, every step is accurate, and the action seems even a little familiar.

Fesno was surprised. She was shocked to see her freely maneuvering after the plane rose. The corner of her lips was slowly turned into a line.

This girl is getting more and more surprises!

"The air in the sky is so good!" If he yawned innocently, he did not continue to guide her, and simply threw everything to her.

He is not afraid of an accident. It feels like he is confident that he can cope with the unexpected situation. He is lazy in the passenger seat and even squats on the shoulder of Fang Chixia. Suddenly an action made Fang Chi Xia stiff and his elbow pushed him. "You blocked my hand."

Fasino ignored her, scorned her arms, arms around her chest, and the one-eighth-nine-seven man was lazy on her on a six-

eighth-eighth, and she looked very comfortable.

Fang Chi Xia pushed twice and did not push, seeing that he did not go out of the way, did not continue to pay attention.

The plane was slowly moving in the air, and the height at the beginning was very low. The main defense was Fang Chi Xia's hand, and an accident occurred.

Later, it slowly flew high and rushed into the clouds.

Fasno raised her head and glanced at her, her lips twitching.

Her head is not generally smart!

Nice, airport.

Luo Yibei arrived a few hours after receiving the call. When he arrived at the airport, a middle-aged man was already waiting outside with a few followers.

"Mr. Duran, I have waited for a long time." Luo Yi went north and politely greeted him.

"Where is the North Young Master? You can come here, it is Duran's honor!" Duran diligently let him go ahead, seemingly awesome to him.

The group left the airport and then headed straight to a certain residence in the city.

Duran is a nobleman of R country, a celebrity in the social circle, and has had several exchanges with the LuoJia business field. He has his own market in China, but he has not been able to open it all the time. Many times he still has to help LuoJia. So, I am attentive to Luo Yibei.

When he was greeted at home, he asked for the respect of the past, and he was very thoughtful.

After Luo Yibei sat down, he stared at him for a while, and asked coldly, "I am willing to help me a favor?"

Chapter 294: I just follow you.

Dulan stunned, his head was low and low, and he said, “The North Master has something to say.”

Luo Yibei stared at him for a moment, and his lips swayed upwards, a smile, condensation and sullen, setting off the dark ink, even more difficult to understand...

.....

Fang Chi Xia and Fesno played on the plane for a long time.

When they came out, they were approaching the evening.

“Have you been here? What do you want to eat? I will take you there?” Fasino walked backwards and chatted with her.

He is different from Luo Yibei. The indifference of Luo Yibei is natural, and there is a sense of high coldness that refuses to be thousands of miles away anytime and anywhere. It seems that it is dangerous to be close.

Fasino’s gas field is also very strong, but when he belongs to that kind of way, he will feel that this person is very dangerous, but once he makes you close, it will be very easy to get along with him. .

“The master took the lead, I just followed it.” Fang Chi Xia, a guest with the main look.

“Then follow, don’t lose it!” Fissino sneered, as if she was afraid that she would lose her hand, and she would hold her hand.

Holding her, she was preparing to go out, and the housekeeper suddenly came over to this side, and seemed to have an invitation letter in her hand.

“Is there something?” Converging the smile on his face, Fasino loosened Fang Chi Xia’s hand and his face became serious.

“Young Master, just received an invitation letter from the Earl of Duran, saying that there is a birthday in the palace tonight, I want to invite you to the past!” The housekeeper handed the invitation letter to him.

Fesno stunned and looked at Fang Chi Xia around, seemingly hesitant.

Only when he is scrupulous about himself, Fang Chixia has stepped back two steps. It doesn’t matter, “I don’t mind, you go, I just walk away, there are so many servants in the dinner castle.”

“Go together, go upstairs and change clothes!” Fesno sent an invitation to the butler’s hand, licking her hand and taking her stride upstairs.

The castle was specially prepared for Fang Chi Xia. In the afternoon, everything that was missing last night was all filled. When Fang Chi Xia returned to the room, all kinds of limited edition clothes in the clothing room were covered with several rows of hangers.

Fesno has prepared for her very intimate, all kinds of occasions, there are a lot of dresses, and even a variety of matching accessories are complete.

Fang Chixia stared at the clothes in the room and said, “In fact, you don’t have to.”

She is only temporarily living here, and does not need him to do so much.

“I am happy, change it, or I don’t mind helping you.” Fasino lazily glanced at her, a voice that I liked to manage, and still tried to pull her clothes.

“Hey, don’t, I come!” Fang Chixia panicked, stepping back two steps, agilely avoiding his movements, holding his hands between himself and him, pushing him to go out, “Myself Come on, you go out first!”

“That’s okay!” Fasno’s faint gaze at her pitiful two hands on his chest, which seemed a bit regrettable.

“I am waiting for you downstairs after I change it!” huddled back, he turned and left the room.

Fang Chi Xia sighed and took the door with his backhand. He chose a simple Valentino dress for himself, and the long hair was very casually taken care of. He opened the door and went out.

Chapter 295: She is already famous.

The biggest feature of Valentino dress is the rich and gorgeous aristocratic atmosphere, simple yet luxurious.

Fang Chi Xia's selection is the hem of the lake blue smart gauze texture, the upper body is made of embroidered lace, very simple design, but the effect after the upper body is very amazing.

When Fasno looked at her from the stairs, her eyes stunned and stunned.

Fang Chi Xia did not look at him, lowered his head and arranged his skirt.

Fesno made her dress for her unexpectedly fit, which surprised her a bit.

Luo Yibei also did this kind of thing for her. The clothes prepared will fit well every time, but Fang Chixia is not surprised.

Well, she lived with him for so long, and both of them got married. He is familiar with everything. It is normal.

However, she and Fesno have never had close contact with each other. How did he get it so accurately?

Fang Chi Xia was very surprised. This problem was not clear until she followed Faisno out of the castle.

"You are very beautiful tonight." Feisino and Luo Yibei are different. He appreciates, and he will express his ideas without hesitation.

"Thank you." Fang Chixia leaned his head on the long hair behind his body, and his hand was in the back. It seemed that he wanted to make it neat.

Fasino walked a few steps, waving her hand and picking up her hair, naturally helping her to smooth her hair.

An action that made Fang Chi Xia stunned.

"Let's go!" Like nothing happened, Fasino extended his arms to her.

Fang Chixia understood what he meant, stared at his arm for a moment and put his hand up.

She wore a stiletto heel and walked a little slow. Fesno didn't know whether to cooperate with her, or was born to be so slow, and the pace was slow.

The main house to the garage is not too far away, and the two people walked for ten minutes.

When I arrived at the Earl of Duran by car, it was already past 7:00.

When I arrived, there were a lot of people in the house, and it seemed that they were all some of the dignitaries of the R country.

Fasino's position in the R country is obviously very high. Wherever he went, there were many people who nodded to him, and his attitude was all respectful.

Fang Chixia was the first time to accompany him to this public occasion. What she didn't know was that this was the first time Fasino had so openly accompanied her female companion to such a serious banquet in the aristocratic circle.

Here is Europe. Most of the guests present tonight are Europeans, typical Western faces, only Fang Chi Xia and Fesno.

Fesno is okay, the people here are very familiar, and his face R people have long been used to it.

Instead, Fang Chi Xia, an oriental face suddenly appeared in so many Westerners, it feels like a little red in the green cluster, especially eye-catching.

Fang Chixia's facial features were exquisite, so when he stood next to Fasino, he was like a delicate oriental doll. When they appeared, they attracted the attention of many people present. "Sno, who is this, haven't seen it before?" One of the young men who should be in an ordinary position stared at Fang Chixia for a while, laughing and joking.

"Vinson, teach you an Eastern saying, the famous flower has the master to pick up, understand?" Fasnó was very cold and returned to the other side, leaving a face to eat Wei Wen, led Fang Chixia to walk without incident Go in.

Chapter 296: a pair of heavenly

His voice, not too high or low, just passed to the ear of the person sitting in the middle of the lobby.

Famous flowers have the Lord!

The dull cockroaches looked at Fang Chi Xia's hand holding Feisuo's arms, and the man's black ink smudged a glamorous...

Fangchi Xiagengan did not look here, and after entering the banquet hall, he was taken to the place where he had taken the self-service liquor.

Fesno first picked up a kiss of an angel, scorned it, and the speed of drinking was very slow. When I was drinking, my eyes looked at Fang Chi Xia from time to time. That look, I saw that Fang Chi Xia was somewhat uncomfortable.

"Would you like to drink?" Elegantly raised the champagne glass in his hand, and gave her a meaningful look. He hooked his lips and smirked, and he was particularly embarrassed under the illumination of the crystal lamp above his head.

His smile is very long and seems to be a bit narrow.

Since the last kiss of the party, the angel kiss seems to be somewhat subtle and sensitive.

"No." Fang Chi Xia was stupidly unable to understand his eyes, his eyes removed without incident, and went to see other wines. "There are a lot of wines here, what is this? The winner is the king?"

Fasino had planned to play her down, but she did not expect her to deliberately stupid.

Consciously boring, he put the wine down and followed her.

"Help me adjust the bar that I used to meet at the palace!" As she stood still, he leaned over and stared at the row of cocktails, and looked at her.

"Well, do you want to drink a high concentration or a low point?" Fang Chi Xia did not refuse this time, and he found two chairs to sit down, took several wine glasses, and played a bartending with him.

"This cup is West Indian cherry juice, this is green grapefruit juice, this is brandy. If it is blended according to different proportions, the taste will be very different. If you like spicy spots, the concentration is high, you can add more brandy. Do you taste this?"

Fang Chi Xia and his wife are very close, the two together, the head is quickly attached, in the eyes of outsiders, especially intimate.

The two people are also very well-matched in the eyes of outsiders, and their appearances are outstanding. They are like a pair of heavenly creations.

Fang Chixia himself did not notice, and his attention was focused on several cups on the table.

Fesno had a faint radiance from the head to the corner of her lips. What she sent, he drank it.

“Well?” Fang Chi Xia looked at him and his eyes flickered.

“Not bad, do you want to try it?” Fasino had just drunk himself, and handed a cup of wine to her, and smiled at the lips.

“No, I drink myself.” Fang Chixia was extremely speechless to him, pushing his hand away and continuing to deploy.

“Try this again!” Tune two cups of low concentration, one handed to Fasino, and then took another cup and casually drank.

She and Fasson shoulder to shoulder, the two sitting on the high chair, the body is quickly attached.

I drank a few mouthfuls and didn't know what Fisner said next, she even laughed.

Fang Chi Xia smiled when he was very beautiful, his smile was very shallow, but the shock of a moment shocked the line of sight, making people look dizzy and unable to move.

She smiled very naturally, and such a smile was rarely seen when she was around Luo Yibei.

Such a scene, unbiased, just hit the man sitting in the corner of the corner...

Chapter 297: Go so close

Looking at Fang Chi Xia Yang's face with a smile, the man's twilight seems to be more heavy.

Still laughing at him!

Not far away, Duran came to this side.

Standing next to the man, diligently suggesting, "Northern Master, do you want to change places?"

Luo Yibei has been sitting in the middle of the position since he came here. He looks straight ahead and does not know who he is watching.

Dulan thinks that there are many people in the banquet hall, noisy, and people who like to come to Luo Yibei like this quiet, do not like it.

His proposal, he thought that Luo Yibei would agree.

Who knows that the other person just stares blankly at the front and looks at him without looking at him.

Duran hit the wall and was too embarrassed to bother him. He could only stand next to him and see if he had any need.

In front of the bartenders, which are a few meters away from the two, Fang Chi Xia and Fesno also swayed the wine over and over again.

The heads of the two men were very close, whispering, and did not know what to say.

From time to time, I will pick up a cocktail glass.

Luo Yibei looked at the scene from the beginning to the end, and his face was darker.

This is how close it is in a few days?

Fang Chixia did not look back from the beginning to the end.

There were a lot of guests in the middle of the conversation, and her sight was blocked.

She is still communicating with Fasino, and she will smile from time to time.

Luo Yibei's face is so cold that it can freeze into ice.

Duran is also a person who will see things. This banquet is requested by Luo Yibei. Tonight, there are so many people on the scene. The purebred Orientals only have Luo Yibei and Fang Chi Xia. .

Luo Yibei's gaze has been staring at Fang Chixia's direction.

Dulan just glanced a little and could see some clues.

"Northern Master, do you need me to do something?"

Bending, he whispered in the north ear of Luo Yi.

“Just do what you should do.” Luo Yi was staring at him in the north, his eyes still staring at Fang Chi Xia.

“Then I will leave first. Any need to call me at any time is good.” Duran wanted to ask but couldn't make it. He once again touched his nose and greeted him. He left.

He just turned and left, just as a guest walked in the direction of Fasino.

The other party didn't know what to say to Fasno. Fasino turned his head and Fang Chi Xia a few words and turned and left with the man.

Fang Chi Xia sat alone in the high chair, did not change position, took a cocktail and smashed it, and looked at it all the time.

She is not a **** woman. Her temperament is pure, but the movement of the glass into the mouth is particularly delicious. The light blue wine slowly flowed into her mouth along the cup, and she was smashed, probably with a drop of wine on her lips. She subconsciously stretched out the pink tongue and licked it.

Luo Yibei looked at her quietly across a few meters away, her eyes fixed on the drop of wine still hanging in her lips, and the light was dull.

Fang Chi Xia side is facing him and he is still fighting the wine.

She felt that she might have something in her mouth, but she rubbed her fingertips and rubbed it a few times.

The brow wrinkled, stood up, wanted to go to the side to take a paper towel to wipe, turn around, the line of sight is cold and I don't know how long it's been watching Luo Yibei.

Fang Chi Xia was watching him accidentally appearing here, his back stiffened.

Chapter 298: go home with me

The two people's eyes were separated by a distance of a few meters, and there was a large group of people in the middle. Fang Chi Xia's eyes were a little messy, and Luo Yibei was still cold and inky.

Seeing Luo Yibei in this place, Fang Chi Xia was shocked. She was shocked not that she had collided with Luo Yibei so quickly, but that she could meet him in the nobles of R.

That feeling, as if the world went anywhere has his network. His sphere of influence is like a dense network, covered by him all over the world, so that she can't avoid it.

Seeing Luo Yibei, Fang Chi Xia is just a surprise, not to panic. Looking at him quietly, she was secretly speculating about his purpose here.

An indifferent man who might push her to others, she felt that she should not come for her.

If it is, the reason is probably that it was hit on the cruise ship that night, and I am not willing.

Two people are still looking forward to each other.

There were a lot of people in the middle, some were walking, and some were chatting.

At this time, I don't know if it happened. There was just someone in the hall who was holding something. After the beginning, the people who were between the two people were all left.

Luo Yibei stood up and walked slowly toward her.

His pace is soothing, his eyes are not squinting, his face is as indifferent as ever, and indifferent as if he can't afford anything about it.

Fang Chixia looked at him closer and closer to himself, did not retreat, and did not turn his head away.

Her mentality is quite good. Both people have collided. If he wants to take her back, why did she avoid it?

"Is there something?" She looked at him with a look of indifference.

Luo Yibei stood by her side, her eyes locked the drop of wine that had not been wiped off by her lips. In Fang Kuxia's gaze, she lifted her slender and beautiful fingertips and licked the liquid on her lips. Go.

His movements were slow, and his fingertips didn't know if it

was intentional or even gently along her lip line.

That feeling, like a very tune, love.

Fang Chi Xia Yi, a conditional reflexive step back two steps.

There were a lot of people in the banquet hall. Her heart was a little uncomfortable. However, there was no expression on her face. She lowered her head lightly. If she had nothing to do, she took a paper towel and rubbed her mouth.

Luo Yibei's gaze moved along her figure, and walked over and pulled her wrist. "Does Miss Fang forget her identity?"

Fang Chixia's gaze glanced at him on his wrist, and his lips raised a sarcasm.

If she knew that his side was so dangerous, she would have been with Fang Rong for a broken net and would not go to him!

Fang Chixia was very angry with him, but she was very clear about her position.

She and him, it was just a hidden marriage, even she offered to marry him. He didn't love her. She didn't love her either. She didn't stand like a grievous wife. He is not a person who can let a woman fool around in front of him.

Luo Yibei quietly observed her reaction, her brow wrinkled.

"Go back with me!" Pulling her hand, trying to take her out of the house, but was opened by Fang Chi Xia.

"Mr. Luo, what position do you take with me now?" Raised her head, she looked at him, and the words she said were understated, but the eyes were full of irony.

Chapter 299: Just because I am your husband

Luo Yibei's eyebrows picked one up, raised her hand, and put the side of her hand behind her eyelids. "Just, this!"

When he did this action, her hand was held by him. From the perspective of Fang Chi Xia, he could just see himself and his ring on the ring finger.

Two rings, the same style, lined up together, one pair is a look. This is the wedding ring of the two, bought by Fang Chixia, she has been wearing it after marriage.

Putting on this, her thoughts are very simple. At that time, when she returned to her home, she could have a thing to prove that she was married, and then she was naturally wearing it.

However, Luo Yibei rarely wears it, this is one of the few.

The wedding ring bought by Fang Chi Xia is not a precious diamond. It is zircon, which is many grades lower than diamonds.

Like Luo Yibei, even if the button of the shirt is made of pure diamonds, zircon will hardly appear in his life.

When Fang Chi Xia bought it, he didn't expect him to wear it. He didn't even think that he would wear it with her one day.

Looking at his hand slyly, she was a little shocked, but in just a few seconds, her face returned to nature.

"This doesn't make any sense." If she took the ring in her hand, she put it in her clutch bag.

Turning around, wanting to leave, the wrist was pulled back by Luo Yibei.

"When I have a good temper to talk, just talk, don't force me to use coercive means." The eyes swept down to her side, his words, with a thick warning.

Fang Chi Xia ignored him, opened his hand and continued to walk his own.

Luo Yibei followed up a few steps, and no matter what kind of occasion the two were in, they hugged her.

Fang Chi Xia is very slim, he hugs her, the movement is very light, the pace of walking is still very fast, the hand is like nothing.

His arm fixed her ring tightly, like a soldering iron, tightly hugs the body of Fang Chi Xia.

"Let me go!" Fang Chixia was a little annoyed, and he hit him

when he raised his arm.

Wanting to struggle, Luo Yibei grabbed her arm, the more like a rattan, the more tight.

His strength is very strong, and he has not left her room for a break.

Fang Chi Xia couldn't stand his tough way of doing things. He was very angry with his behavior and looked up. She was very ironic. "How? The grandfather of the Tang Dynasty will only use strong women to deal with women?"

Luo Yibei, who walked on his own path, gaze at her eyes, glanced at her face, and twitched her lips. Then, she faintly said, "Is this strong? Real, I still have everything. Didn't do it!"

His words are an understatement, and there is no shame in his heart. His tone is still very evil.

Fang Chixia had not had much fluctuating face this evening. He was so angry that he was white for a while, and his fingertips took out a deep impression.

Luo Yibei seems to enjoy her present expression. Compared with her just cold face, he feels that she is now more pleasing to the eye.

The coveted faintly glanced at her, and he took her striding to go out.

Fang Chi Xia struggled and did not open, but did not do useless work. Going out of this way, did not say anything from beginning to end.

Luo Yibei took her to leave the Earl of Duran, opened the door of the rear seat, put her in, and sat down with her.

"Drive!" Side by side to the driver in front of the account, he took the door with his backhand.

Chapter 300: She is gone

The black extended version of the car, after that, slowly drove out of the Earl of Duran.

Fang Chi Xia did not struggle, did not protest with him, the line of sight outside the window, did not say after getting on the bus.

She is willing to follow him back. She is not compromising to Luo Yibei. She has been out for so many days. She just thinks that she should go back.

Fang Chi Xia is not a person who is willful and unreasonable. She does things very well from beginning to end.

On the cruise ship, when the bottom line is touched and the dignity is stepped on the foot, she will resolutely resist Luo Yibei in the way she left.

However, the country is where she lived from a young age. Although she did not have any relatives when she went there, everything she had before was all at home, and her studies were not over yet.

Moreover, she does not always belong to the R country, she can not always live in Chris Castle.

Returning to China is a matter of time.

In the years when her studies have not been completed, she will always live in China, under the eyes of Luo Yibei.

If Luo Yibei refuses to let go, her marriage relationship with him for four years should be maintained.

For this, Fang Chi Xia is actually very clear.

Leaving these days, in fact, it is only in comparison with Luo Yibei.

Therefore, even if Luo Yibei did not take her away today, she would take the initiative to go back some time.

It's not going back to Luo Yibei, but going back to China is sure.

The black luxury Les Les carried the two directly to the airport. After that, Luo Yibei led her directly to the boarding gate.

Fang Chixia followed his head from beginning to end, letting his hand be led by him, like a doll, and let him leave.

Two people got on the plane, and then they returned to the home where Nice lived.

Country R is not far from France, and it was not until 12

o'clock that night.

Luo Yibei walked in the front of the house, Fang Chixia followed behind, went upstairs, returned to the bedroom of the two, she went straight into the bathroom.

Take a shower, wash it, and then open the bed and go straight to the bed.

Everything, she behaved like nothing happened between the two, but did not say a word from the beginning to the end.

Fang Chi Xia is an orphan girl. She has suffered a lot of grievances since she was a child. However, her mood never seems to be affected too much by those things.

She could still cry in your arms the day before, crying like a small animal that was bullied, and the next day he could sing a song full of room.

She always seems to be like this, and she won't let unhappy things affect herself for too long.

Luo Yibei looked at her tonight, and she was a little bit worried. After she woke up the next day, she could still be busy upstairs and downstairs if she had nothing to do.

However, when I woke up the next morning, the room was quiet and surprising.

Don't mention a little noise, even the shadow of Fang Chi Xia did not see.

Luo Yibei brow wrinkled, very casually dressed in clothes and walked out of the room.

When going downstairs, Fang Chi Xia is not there.

There is no shadow in her large living room.

"Fang Chi Xia!" Luo Yibei looked down and opened the door to the garden.

The garden is very quiet, quiet only the sound of the stream.

"Fang Chi Xia!" Luo Yibei trotting on a cobblestone path, walked around the garden, and then turned to the back mountain.

Stepping on the path up the mountain, the hot spring pool, a sudden sound of water came.

Luo Yibei, a step by step, went up.
