

CHAPTER 1: Two Sweet Voices

"Come to me..."

Lucien heard a soft voice that made him wake up. He opened his eyes, but it was almost no use.

"I can give you everything you want..."

The voice was too sweet, too good, and it had to be a trap...

"Offer everything?" Lucien can't help but think.

Lucien got up from the cold floor that he didn't remember lying on. There was a fog that limited him from seeing more than two meters ahead.

As he tried to remember how he ended there, the voice whispered again.

"Yes... anything and anyone... Any woman..."

Lucien was surprised by the voice's answer. Not because of what it offered but because it seemed that it read his mind.

Lucien's mind hurt a lot, and he couldn't think right. He didn't remember anything from before or how he got there.

But when the voice said "any woman," something awoke inside his mind. His mouth opened on its own, and the words flew without his control.

"Any women?!"

Lucien's words echoed in the fog, and gradually the silence returned, making him apprehensive.

When he thought to ask again, the voice whispered back, but this time it was so close that it seemed to speak in his ear.

"Yes... Even the one you thought was dead..."

Lucien was sure the voice was that of a demon. One who would take his soul in exchange for false promises. But he couldn't help but think it would be wonderful if he could see her again.

"Dead? Yes, she was dead, but it was a lie."

As Lucien tried to connect the confused thoughts in his mind, the voice whispered again and seemed closer and closer to him as if they were the same body.

"Do you want her that much? I can give her to you... I'm the only one who can give her back to you."

As much as Lucien tried to remember, he still couldn't. Maybe it is all just a dream. So why not play with the voice?

"And what do you want in return?"

After he asked, the voice started to laugh. Lucien was alert as the sound of laughter grew closer and closer. Then the answer came in the form of another question.

"What would be the price of having everything?"

Before Lucien could answer, the voice continued, but now it came from all sides echoing in his mind.

"What would be the price of having everyone?"

"What would be the price of the thing you desire most?"

As the voice echoed in his head with these questions, Lucien could only think of one answer.

"Everything. But what "everything" can I offer you?"

The voice started to laugh again, but it was a more seductive and soft type of laugh.

"You will be enough."

When Lucien was about to answer the voice, he felt severe pain in his body and held his head with both hands while screaming.

"Aaaaaaahhhhhh!!!!"

As Lucien screamed, he didn't notice a strange figure approaching him from behind. She came over and hugged him from behind while she spoke in that sweet and soft voice that numbed Lucien and took all his pain away.

"Shhh... I need to check your body deeper, so hold on a little longer, please."

From hellish pain to heaven by the words of the sweet voice. Lucien was no longer sure if this was a dream.

"Who are you? Where am I?"

Lucien asked as he opened his eyes again. He saw a pair of white and delicate arms hugging his chest, and if the soft voice wasn't enough, now he was sure the voice belonged to a woman or at least a female creature.

The mysterious woman did not respond, making Lucien more anxious. He thought about trying to turn around slowly but stopped any movement when he felt something soft and smooth like he never felt before pressing against his back.

He is smart and without even feeling it before he imagines what it should be. The sweet voice owner's breasts. And they looked huge...

"Do you like it?"

The voice was so pleasurable to hear that Lucien felt more and more intoxicated with every word she spoke. Lucien didn't know how to respond, and for the first time in years, he blushed...

"Yes... I love it..."

He is not someone who would lie without reason and told the truth about liking that wonderful feeling. But it only made him feel more like turning around and seeing what the mysterious woman is like.

"You are still not approved to see me..."

Lucien didn't understand why he couldn't see her. Maybe it was because she was naked? Now that he realized why he could feel her breasts so well. Both were naked.

"Will it take a long ti-"

When Lucien tried to ask if the process, whatever it is, will take time, the woman surprised him with another wonderful sensation.

He felt a soft and wet thing touch his neck, and it didn't take long for him to understand that she had started kissing him.

It was not a simple and quick kiss as she started softly and delicately but soon increased the speed as she seemed to want to devour his neck and shoulders still hugged on his back like a sloth.

At some point, Lucien started to moan by pleasure. He didn't know if it had begun before the woman moan too, but it didn't matter because he couldn't think of anything other than the woman's caresses.

Lucien's eyes closed involuntarily. He could imagine that he would not stay awake any longer, and perhaps when he wakes up, he will feel sorry for not seeing the woman's face.

The situation was bizarre, but all he thought about was the woman's face? Lucien started to believe that he could be drugged because he never had so much interest in women before to lose all his control like that.

While Lucien had increasingly confused thoughts, the sweet voice came back to shake him even more.

"Hum... You are quite suitable... worthy... and still a virgin. That is perfect!"

Lucien was very tired and couldn't even open his eyes. He gradually lost consciousness, and before falling asleep, he could hear some strange words from the woman.

Was she mocking him for being a virgin? It was the last thing he thought about before falling asleep.

While Lucien fell asleep, he lost control of his body, and at some point, the woman supported his body and helped him to lie down without getting hurt.

While he was lying down, the woman stood looking at him with a contemplative look. She was 1.7 meters tall, fair skin, long blond hair.

She looked like a divine fairy...

No! With that seductive look and huge breasts, she definitely looked like a succubus.

Like Lucien, she was also naked, showing a big and happy ass that would make any man die by so much horny. She smiled while looking at Lucien and started to think out loud.

"How interesting..."

"I never had a virgin host."

"And someone so cold and recluse..."

The woman turned Lucien's and sat just above his pelvis. She began to caress his face gently.

"Handsome..."

"Fucking damn handsome!"

Then she moved her body closer to Lucien's and started kissing his chest. She kissed the whole chest and went up to the neck, but she didn't stop there and soon began to kiss his face.

"We could do a lot together..."

"We could do the whole fucking thing!"

"As I was never able to do with those horny dogs..."

After kissing all of Lucien's face except the mouth, she went towards his ear and started to bite it gently.

"But will you accept me?"

"For the memories that I read, you do not desire power or women..."

"Not women but a specific woman... I will have to use her to make you mine."

She stopped kissing Lucien and hugged him while closing her eyes.

"I never thought that I would offer a mother in exchange for a host..."

"Well... I hope you are really worth it..."

"Come to me..."

Lucien heard a sweet voice calling him. But this time, the voice was familiar, and he opened his eyes, which sparked by happiness.

He saw a beautiful forest. Trees and flowers everywhere. It seemed like a lively morning as the birds sang animatedly, and the sun created rays of light between the leaves of the trees.

Lucien remembered that he is hiding from the owner of the voice. Then he ran into the forest and crouched behind a big tree.

Before he could plan the next step, the voice called him again.

"Come to me, my son."

Lucien could feel both love and affection in the sweet voice that called him. Even though he knew she was cheating, he couldn't help feeling grateful for that love.

The purpose of the game is to be hiding for as long as possible. But it was challenging not to rush to the voice that called him so affectionately, promising hugs and kisses.

"I know you want to win. But if you show up now, I'm going to pat you for an entire hour."

Lucien was already shaking. He wanted to stay hidden, but that woman's pats is the most divine thing he knew. An hour of that treatment is so precious that he couldn't think of anything better except more time of it.

He wanted to be silent, but the words got out of his control and flew excitedly through the forest.

"Two hours of pats?"

The response that echoed through the forest was not words but laughter. Making Lucien upset in an adorable look. He stood up and crossed his arms.

The woman who saw her little son making such a cute face could not help himself and started laughing even more.

Lucien couldn't see her, but she knew where he was at all the time and just wanted to play more. Who would blame a mother for wanting to play with her beloved son?

"Two hours sounds good, but how about three?"

When the voice came from the direction behind him, Lucien turned concerned. If he is found, he would have nothing to negotiate the pats. He approached his body to the tree to be covered and continued the negotiation.

"Three would be fantastic. Kisses included?"

The woman had a wide smile on her face. She didn't know how she was having such a cute son. But she is pleased with that and would love him forever.

"Of course. As many as you want."

Pats and kisses for three hours are too much for Lucien. He couldn't help but ran out behind the tree while shouting that he agreed.

Lucien hit something before he could get very far. He closed his eyes, and a wonderful smell entered his nose. He knew that smell well and hugged the person in front of him, still with his eyes closed.

The sweet voice comforted him.

"Calm down, sweetheart... I will not let you avoid the pats."

Lucien was very young and could only hug the waist of the woman who smelled so good. He loved this woman so much, and he couldn't be happier with such a wonderful mother.

He wanted to tell how he felt, then opened his eyes slowly as he looked up.

"I love you, mo-"

As he opened his eyes, he saw his mother's clothes, but when his view was getting close to her face, a ray of light hit his eyes.

He blinked to normalize his vision, but then he realized that the woman he was hugging just ago is now a lifeless old tree.

While Lucien was getting more and more confused, the sweet smell was still on the tree but disappearing by every second.

He didn't care about anything else and hugged the tree tightly, trying to absorb that wonderful smell in his body.

"Was a dream?"

"Yes..."

"You are dead... mom..."

Lucien was no longer a kid but looked to be in his twenties. He continued hugging the tree while old memories made him cry.

But his higher senses were still working well, and he heard something quickly approaching him. His senses are incredible, but his body was not. Even though he trained so hard, he was not very strong or fast enough to avoid that kick.

He noticed the kick coming and knew who it was. But his body did not move like his mind, and he was thrown flying by the monstrous strength of the kick.

He hit against a rock and fell to the ground while bleeding from several wounds. Before he could get up, another kick hit his belly, and the aggressor started to speak.

"Idiot boy!"

"Today is the day when our people will begin to change our destiny."

"But do you run away to hug a damn dead tree?!"

The big man with a thick voice continued to kick Lucien, who made no sound while spitting out large amounts of blood.

But then the man said something that strangely made Lucien's eyes sparkle.

"What if I tell that you can hug the real person and not just memories?"

Lucien was unable to speak because the man continued to kick him. But Lucien was no longer in pain as his mind could only think of the man's words.

"HOW?!"

CHAPTER 2: Cute Sister

Lucien's blood was all over the rock. But the big man did not stop punching his head against the stone.

"Father..."

Lucien wouldn't try to beg for his life before, but now that there was a chance of his mother not be dead, he couldn't give up. When he tried to beg, his father threw him down again.

"You are so useless as your mother!"

Lucien had most of his bones broken and less than half of his blood, but he still made an effort to sit up while pleading to his father.

"Father... Please tell me if she is really alive."

The Evil King walked over to Lucien and gave him a contempt look.

"That whore did not die but was captured by the Pope's forces."

Lucien became enraged when his father called his mother a whore, but he couldn't do anything against the great Evil King.

"You said that she died... Why?"

Evil King looked at his youngest son. He was supposed to be like his sisters, but he could only think of his mother, and he was not such a talent like her.

"She was taken to the White Tower, and you know that no one here can return from there alive, so what's the point of telling you?"

Lucien did not understand why his father hid such an essential thing from him.

"But why couldn't I know?"

Evil King stared at that bloody face while thinking why the boy was so handsome, even covered by dirt and wounds. He is not ugly, but Lucien is almost a hundred percent like his mother.

"You were always weak and spoiled by her. So I thought it was an excellent opportunity to give you a goal. If you believed that you had to avenge her, then you would become strong for that."

Lucien couldn't help thinking that his father didn't think rationally. He tried to get up, but his body was too broken to follow his thoughts, and he fell on the floor.

"Mom... You are alive... I will find you..."

Lucien pointed his hand at the sky while he had a great smile. His father could not help smiling too, seeing the boy's resistance.

"Rest now because you passed my test, and you will have a chance to save your mother."

Lucien closed his eyes and gradually fell asleep. Even though he is very resistant, he should not be conscious after such a beating. As he returned to the land of dreams, a part of the tree's scent was still on his nose.

When Lucien fell asleep, his father came over and took his body. He put on his shoulder and looked up while shouting a scary roar.

Then a gale broke out of nowhere, and the dark clouds that were in the sky parted while another scary roar came from above.

A creature very similar to a black dragon comes from the sky. It didn't have enormous wings, and its skin was all smooth and black with few scales. Its head looked like that of a lizard with large and sharp yellow teeth.

The creature loudly growled as it descended, but when it landed in front of the Evil King, it lowered its head and made bizarre deep sounds waiting for its master's order.

"Good girl..."

The Evil King patted the creature's head while speaking words of comfort as if he were talking to his pet. Then he straddled its back and placed Lucien lying in front of him so that he wouldn't fall off during the flight.

When the Evil King was ready, he patted the creature's head that took flight with an explosive force creating waves of wind.

They flew towards the distant mountains. The landscape below was like a dead forest with some isolated ruins. But the distant horizon is a beautiful land with green forests and mountains that become white by snow in the highest parts.

During the flight, the Evil King cannot stop talking to himself while looking at his sleeping youngest son.

"Your sisters have always been the hope of our nation, but you..."

"Your mother is so amazing, but you are so weak..."

Evil King did not understand why even though Lucien trained as hard as his sisters, he did not show exceptional strength or talents like the others.

He still believed that the boy had some potential. But it took more than that for others to accept that he participate in the ritual.

So he had to beat up his own son to test whether he is not entirely useless. He couldn't help being surprised by the boy who was considered the weakest to take a few of his hits.

"I am sure that not all of them would last more than two blows of mine. Did I take it easy on him?"

The Evil King is one of the strongest characters in the world, and strength is just his main attribute, so even if he goes easy with someone as young as Lucien, he shouldn't have been able to take so many hits.

"So does he have very high resistance? Why would he hide something like that?"

The more he thought about it, the more the Evil King became confused. So he stopped thinking about that as it wouldn't change anything.

"Anyway, I already decided to let him make the contract. No one will complain when they hear that he has resisted more than ten of my blows."

While the Evil King talked to himself, the dragonic creature called "good girl" continued to fly at super-speed towards the peak of the high mountain in front of them.

It didn't take long for them to arrive at what looked like a large monastery on the peak. It was so big that it looked like a small medieval-style town in from the east.

The "good girl" landed in a large courtyard with cherry trees and some flower beds. Even though the place is very large, there were no people at sight. If anyone lives there, they are few servants who were always busy keeping everything clean.

The place was called "the refuge of the chosen" and was built at the behest of the Evil King to be a training place for his seven children.

Everyone in the country and even in the world knew about the super protected place, and it had so many layers of protection that its whole territory is bigger than many countries.

But only the servants and the seven children of the Evil King knew the truth. What everyone called a refuge is actually a prison. The prison for the chosen ones, to they do not go far from Evil King's objectives.

Lucien spent most of his life in this place, even when his mother was alive. After she disappeared, he lived here with his sisters and trained every day to fight against the kingdom's enemies when the great war came.

The Evil King descended from the creature's back, carrying Lucien on his shoulder. He walked down the small stone road between some buildings until he reached a grand stairway.

As he went up, he looked at the majestic palace at the end of the stairs. He used half of the country's wealth to build this palace. It was all dedicated to the seven great demons of legends. All Evil King wanted is to protect his people from the coming war.

"The ritual must be almost over..."

He finished up the stairs and arrived in front of a large stone door. It is over five meters high and seemed to weigh several tons.

Using one hand to hold Lucien, he used the other to push the big door, which made a loud noise that echoed throughout the mountain.

When Evil King entered the great hall, he could see some people wearing black ceremonial costumes and a girl in the center of a circle in front of another big door. Everyone looked at him, waiting for his orders.

"Were the others successful?"

The people in ceremonial dress were of high rank from the most significant organizations on that side of the planet. But they only bowed to the Evil King and did not utter a sound

because the girl in the circle is one of the chosen ones and has the highest authority to speak for them.

The girl was beautiful. She is 1.65 meters tall, pale skin, and long fiery red hair.

Sophia was 21, one year older than Lucien, and was always a good sister who took good care of him.

She bowed to Evil King and couldn't help but give the unconscious Lucien an affectionate look. She really wanted to ask if he was okay, but even she had to show high respect for the King.

"Yes, my father. All five completed the ritual successfully and were sent to other worlds to complete the quests given by the great demons."

The Evil King threw Lucien to the ground without any care and clapped his hands happily.

"Excellent! Now, what great demons are left?"

Sophia held back the urge to run to check on Lucien and answered her father's question. She knew that if he brought Lucien back, it was because he was still going to participate in the ritual and could stay with everyone even after running away.

"Sloth and Lust."

Evil King put a hand on his chin while making a thoughtful expression.

"Those are really the most complicated. I am almost certain the Sloth will choose you, but then how will Lust deal with this idiot?"

It is not known why Sophia blushed when the King talked about Lust dealing with Lucien. She tried to ward off strange thoughts and spoke timidly.

"The great demons are very eccentric and complex, so we can't predict what will happen."

Evil King cannot disagree with his daughter. Then he walked to the largest seat in the hall, which looks like a throne. But he stopped after turning around and spoke in a more informal tone.

"Everything I do is for the good of all families in the kingdom. So that they can survive the difficult times coming."

"I don't care if my own family hates me. But I will never hate my children..."

"You can take care of your brother. But be quick and then go and make your contract."

Sophia said nothing and just bowed even though her father wasn't seeing. After he sat on the throne, she couldn't help herself and ran to check Lucien.

She dropped to the floor and wasted no time before putting her hands on Lucien's chest. After she closed her eyes, it didn't take a full second for a light to appear in her hands.

Lucien's body was severely injured. Broken bones and cuts everywhere. Sophia cannot contain some tears from falling on his chest.

The King looked at his daughter with a proud smile and commented out loud enough for everyone in the hall to hear.

"What incredible healing magic. Such a talented daughter is more than I could ask for."

Sophia was not someone who liked praise, and right now, she could only think of healing Lucien. She focused all of her concentration, and it wasn't long before Lucien's wounds started to heal at incredible speed.

It was almost ten minutes before Lucien showed indications of waking up. He was already fully healed, and there was only blood and dirt left on his skin and clothes. But Sophia still had her hands on Lucien's chest involuntarily.

Lucien, who felt a pleasant warmth, started to wake up and saw his beautiful sister looking at him with a face full of tears and affection. His arms, already out of control, hugged her tightly.

"Thank you, sis! And sorry... I didn't want to worry you."

Sophia didn't care what happened and just thought about hugging Lucien back while crying but now by the joy that he was fine.

"Stupid brother! Don't run away again... Even I know that what we do here is important, but we are a family, and we must stay together."

While the siblings embraced, the King looked at them, rolling his eyes. He waited a few minutes before interrupting their affectionate actions and bring them back to the goal.

"It's your turn, Sophia. Make the contract and come back to report it."

Sophia gave Lucien one last big hug and went through the large ornate door to make a contract with a great demon.

CHAPTER 3: Sloth Contract

Only silence remains.

After Sophia entered the large ornate door, no one spoke or made any sound.

Lucien was still sitting on the floor near the center with his mind full of thoughts. Thoughts that are all about his mother and how to rescue her from the damn white tower.

Then he turned and looked at his father, who was sitting on the throne, still staring at the large door.

"After I make the contract, will you help me save her?"

The Evil King kept looking at the door and spoke in a debauchery tone.

"You know it's not that simple... First, you will have to go through several challenges and trials with the great demon until both you are powerful and linked at the maximum."

Lucien understood well what his father was talking about because he and his sisters not only trained hard a lot over those years but also studied a lot, mainly about the pact with great demons.

Evil King didn't seem to want to talk about the future or help his mother. Lucien knew that his father thought first of the kingdom and the people. So he could not blame him for being a good ruler.

If he became strong with the great demon, it would be possible not only to be useful in the great war but to save his mother even without the help of others. Of course, if the great demons are as strong as in the legends.

Lucien crossed his legs in a lotus position and began to meditate in the circle in the center of the hall. He wanted to be prepared to make a good contract with a good great demon.

But he was not awake when Sophia talked about only Sloth and Lust left. He, like everyone, was not very aware of what the great demons were like, but by the name, they could have an idea.

And following the thought that the great demons had those names for some reason, Lucien would be sure that any of the others might be more suited to him than Lust.

The Evil King thought so too. Not only about Lucien, but all of his children never showed any sexual interest, and each of them had other goals besides fighting in the great war as the chosen ones.

This did not mean that the others are very peculiar but that each great demon saw characteristics that made them more suitable for the contract.

Even so, it wasn't like everyone was together to be chosen by a great demon. The Evil King declared that they would go one at a time in the summoning chamber, and the demon more appropriate would choose the one.

So the order in which the chosen ones were would be essential to have a better chance with a more appropriate great demon.

The order was decided from the strongest to the weakest, and Lucien is considered to weakest among them, having the last great demon left even if it is not much suitable for him.

While Lucien meditated in the hall, Sophie meditated in the center of the invocation chamber.

She was doing as it was written in the old books. She just had to sit in the center and wait for the great demon, which was invoked in a ritual that took more than years to complete, choosing her.

But several minutes have passed, and she still hasn't heard or felt anything. She started to make small peeps, but the summoning chamber was very dark, and she didn't want to look nervous.

Sophia didn't notice, but the two great demons were there next to her while arguing.

"What a fucking Sloth! If you don't want to choose someone, you will be left with the last and weakest."

The fat woman's ghost had her eyes closed while she avoided making complex movements. Across the room was the incredible ghost of a delicate lady. She has amazing breasts that are only comparable to her sexy ass.

One is the great demon spirit called Sloth, and the other is Lust. Both had not found any of the other chosen ones more suited to them than the other great demons.

When Sophia entered the room, Lust already ruled her out because those passionate eyes were a sign that the girl already loved someone, and it would not be suitable for Lust to have a host who loved only one person.

Lust knew that taking the last one would be risky, so she tried to see the positive sides of Sophia. When she started reading her mind, she couldn't help but be surprised.

Sophia's mind was ten percent about getting stronger and improving her healing magic. Ten percent about fighting for her kingdom and people in the great war coming. And the other eighty percent is all about a boy.

But Lust was not impressed by this because she could see at Sophia's eyes an endless love. She was impressed by the boy, who is the most beautiful man she had ever seen in thousands of years.

The Lust didn't have much information about the boy, but he should be more suited to her than this stupidly romantic girl. She made her choice and wanted the boy regardless of anything, but for him to come, Sophia had to be chosen by Sloth.

"Damn Sloth! Are you sleeping or just ignoring me?"

Sloth's ghost still motionless let out some muffled sounds and responded in such a low tone that it sounded like a slow whisper.

"Do you want to take Anger's place?"

Lust can't help but roll her eyes.

"The last one and weaker is also the most handsome man of the whole fucking existence, so if you can choose the girl quickly, I will have an excellent sex session ahead."

Now it was Sloth's turn to roll her eyes, but as they were closed, Lust didn't saw.

"Make a contract by sex... That must be very arduous..."

Lust's eyes sparkled while she licked her lips without containing the anxiety.

"I hope it will be very hard..."

Sloth didn't want to continue seeing Lust excited, so she started examining Sophia. It was a slow and complicated process that took several minutes.

She read several memories of Sophia, who started to experience chills and a little headache.

"Stay calm, Sophia. I'm seeing if our compatibility is going to be good... Even if it doesn't change anything..."

Sophia was happy that a great demon is interested in her and cannot deny that she liked the calm voice of what appeared to be a kindly grandmother.

She did not understand the last words of the great demon because it was in a very low tone, but she already instinctively trusted that everything would work out.

Almost half an hour later, Sophia stopped feeling any discomfort and opened her eyes. She had gone through several different dreams and did many things with Sloth that brought them closer.

Lust had a wide smile on her face seeing that they are ready for the contract, and she couldn't help but comment.

"It seems that you liked the girl very much. I will leave you alone to make the contract... whatever it will be..."

Both Sophia and Sloth rolled their eyes at the same time, showing that they are already in great synchrony.

After Lust left, Sloth warned Sophia that they were alone and are going to start the contract. But when Sophia heard about the other great demon, she couldn't help asking.

"Will she be nice to my brother?"

Sloth had already shown her true form to Sophia because she trusted her after going through various situations in dreams. She gave the innocent girl an affectionate but concerned look.

"All of us great demons are allies, and that is why we accept these contracts with the same family."

"Each of us will do everything to not only become strong but also protect each other, so Lust will never harm your brother or sisters... but..."

Sophia was happy with Sloth's explanation, but she couldn't hear the last word, and this time she was worried because she is very overprotective towards Lucien.

Before she could ask, Sloth saw her looking concerned and spoke her mind.

"Lust is complicated... She never managed to stay with the same host for a long time because they died horribly."

"But that is not her fault. The problem is that her methods are very peculiar... we are all like that, but in the case of Lust, the host has to have the willpower not to get lost their purposes..."

Sophia was increasingly concerned about Sloth's confusing words. But when she heard about the host need much willpower, she couldn't help but smile, making Sloth make a questioning look.

"Lucien is not the strongest of us or the most talented, but he definitely has the strongest will. Even though he was called useless and the weakest by our father, he was always the one who trained harder..."

"All for his dead mother..."

Sloth didn't know what to think about her chosen one. The girl's eyes kept on sparkling as she talked excitedly about her brother, and Sloth can't help but have strange thoughts...

"Should I become the great demon of incest?"

Sloth tried to contain her strange thoughts and focused on making the contract with Sophia. She thought that perhaps after a few years together, Sophia would be too lazy to seek out such a taboo relationship...

After more than an hour, the large ornate doors opened once more, making a loud noise. Lucien came out of his meditation to see his cute sister running towards him with open arms.

He tried to get up and turn around, but Sophia was already used to this action and increased the speed while jumping and hugging his back.

"Stupid brother! Did you try to escape my hugs?!"

Lucien didn't know what to say while Sophia patted his head. When he turned around, he faced the Evil King, who was looking at the siblings with a strange smile on his face.

After a few minutes of more lovely actions, which left traces on Lucien's body, Sophia began to report about the contract.

"My contract with Sloth is a success. Now I have to follow her to another world and complete her wishes and quests so that we can become stronger and more united."

Evil King clapped his hands as he stood from the throne and went towards the siblings, giving high praise to Sophia.

"As expected of my wonderful daughter..."

The King approached and opened his arms to hug Sophia in a way to show some affection in this hour of farewell. But she didn't leave Lucien's back and bowed her head while she tightened her embrace with him.

As none of the siblings seemed to want to say anything else, the King coughed and continued the discussion.

"Ahem! Get your things and go to the portal summoning chamber."

"I hope you don't take too long to complete Sloth's wishes and return safely, my daughter..."

"I'm going to stay here and wait for Lucien to make his contract with Lust."

While the King was saying goodbye, no one showed many reactions, but when he talked about Lucien and Lust, the siblings made the same worried expression. Lucien was the first to comment.

"Will I stay with Lust? How am I supposed to deal with it?!"

Lucien didn't think much about what great demon would make a contract with him, but knowing that it would be Lust was a shock as he is completely innocent in sexual matters.

He tried to argue, but the Evil King screamed severely at him.

"It is not the right of the weakest to choose, but the strong ones! If you are not completely useless and still ran away, maybe you could have another contract."

"But now, Lust is the only way to help your bitch mother, so get in the damn chamber."

Sophia wanted to stop her father, but she knew she could do nothing, and it would only make the situation worse. The Evil King thinks like a king before a father.

Lucien also knew that the Evil King would do nothing to save his mother before he became strong and useful. So if only Lust was left, he couldn't blame anyone because it is his failure as the weakest.

He didn't say anything else and just gave Sophia one last big hug before entering through the large ornate doors.

CHAPTER 4: Lust Contract part 1

Lucien went on the dark corridor without looking back while the servants closed the big door.

He was heading towards the summoning chamber. In those years, all the chosen ones rehearsed the contract ritual so that there will have no doubt at the right time.

As he walked, Lucien couldn't help but wonder what Lust would be like.

"Will it accept someone like me?"

"Will I become one with it?"

"Her or him?"

It didn't take long for him to arrive in front of a metal door with a red circle in the middle. Inside the circle are a red pentagram and several signs that were also present in several old books where Evil King found out about the great demons.

He pushed the door slowly, but it was still very noisy as everything was quiet in the darkroom. He entered cautiously and closed the door, which again made several creaking sounds.

Lucien knew that he should sit and meditate in the center while being chosen by a great demon. But he couldn't help thinking that it would be different because there was only one left, Lust.

But he still wanted to pay respect for the ritual, so he took off his shoes and sat in the middle of the circle in the center, making a lotus position. Then he closed his eyes and started to regulate his breathing.

Lucien couldn't see, but the ghost of a beautiful lady was beside him since he entered the room.

Lust had not yet revealed her appearance to him because she is very cautious with her hosts. She never had hosts that lasted more than a few years as everyone sooner or later started showing symptoms of going crazy.

But she was having trouble to resist because she found Lucien very attractive. She couldn't stop looking at those beautiful blue eyes and long red hair.

"How can he be so fucking damn handsome?!"

Lucien is not very big, but he still has good muscles, from training so hard. And his figure is really hot at 1.7 meters tall, which Lust found more than perfect.

Lust involuntarily put one hand on her waist and the other on her breast only to remember that she was still just a ghost now.

She really wanted to be able to hug Lucien and make the contract right now, but she managed to hold on and follow her plan to begin search out everything about him before accepting him as a host.

While Lucien meditated patiently, he heard a voice. He didn't know it now, but that voice will be etched into his soul for eternity.

"You look very calm, but I can see your insecurity."

Lucien was delighted by the sweetness of the voice but tried to remain calm and did not open his eyes. He spoke softly and respectfully.

"I'm not sure if we are quite compatible."

Lust couldn't help but laugh at the boy's courage to openly speak that he wasn't sure if a great demon is compatible with him.

"Hahahaha... Do you think I'm not worthy of you?"

Anyone would be frightened by this question come from a powerful creature as a great demon. But Lucien is a good observer, and he knew from her tone that it was a joke and she wasn't serious.

"Of course, if anyone here is not worthy, it is me..."

"I have no experience in these... delicate matters..."

Lucien was having a hard time explaining his point while Lust kept laughing. Then she blew a fog that filled the already dark room.

"I will be honest. I've had a lot of problems with previous hosts, so I'll check every part of your body and soul, so I don't regret choosing you later."

Lucien still had his eyes closed and nodded while showing his agreement.

"Looks good. Go ahead and see everything because I have nothing to hide."

Lust liked the answer but didn't know if he didn't believe that she could read his memories or was not afraid that she would know everything about him.

She flew towards him, still invisible. She brought her hand close to his head and then gradually entirely entered into Lucien's body.

Lucien shivered and then started to feel pain all over his body as Lust turned over every part of him. She was doing it in the most delicate way possible, but this process was much more invasive than what the other great demons did.

He would soon pass out from the pain, but he made no sounds while holding on, making Lust impressed. She wanted him to pass out for her to complete the process without any problems, but as he was holding on, she had to think of something.

So Lust took Lucien's mind to dreamland where they could talk while she was still studying his entire body. But as a side effect of the fog that Lust launched to ease the pain, his mind becomes confused.

A short time has passed physically. But Lust played several jokes and games with Lucien on his mind for several hours. She had not yet shown her face because she had not yet allowed him as a host.

After reading all his memories, she can't help but be happy. She saw that Lucien always trained so hard even though he is not very strong. And he did everything to avenge the mother who now he discovered that is alive.

Lust always had hosts who thought a lot about power and pleasure. But everyone went very wrong, so she thought it is good to try someone with different goals.

And Lucien would be perfect for that. He would do anything for his mother, so Lust thought about using that will to make him follow all of her orders. So they could overcome the problems that her peculiarities would bring.

Of course, she would like him to be stronger, but that would not be a problem as she is one of the great demons with the greatest potential for power.

If his high willpower and his determination to rescue his mother be enough for him to stand firm, they would have a high chance of becoming very powerful together.

That and the fact that he's so fucking hot made Lust decide to accept him completely.

Lucien's mind became very tired from the whole process and the dreams that Lust made him have. Then she let him sleep in peace for a time while he rested the head on her lap.

After a few hours, Lucien started showing signs that he was waking up. His mind was still very confused. Before opening his eyes, he started to smell something good. It actually smelled wonderful, and he was getting intoxicated.

He felt that he was lying on a fluffy pillow and reached out to feel that soft texture. But then he felt something like soft skin and understood that it is someone.

He was still dizzy, so he wanted to sleep more in that soft lap that he didn't think much of whose it was. Then he hugged the person's waist and snuggled his head close so that he could smell that wonderful fragrance better.

"My mom also smelled good... It would be so nice if it could be her here..."

Lust felt good when Lucien grabbed her waist, but when he spoke kindly about his mother, she couldn't help feeling guilty. She used so much fog, which made him look drugged. She tried to wake him up with pats and kind words.

"It's time to wake up... You have to make a contract with me so that we can someday rescue your mother."

But Lucien just snuggled closer and sniffed her body. Lust was enjoying this different treatment.

All men always saw her as a sexual target. But Lucien just wanted to be on her lap and smell her.

She actually liked many kinds of desires and was frustrated with men always wanting to just fuck for a few minutes before they couldn't take it anymore. So she found it pleasant to just be together like that for a long time.

But she still really wanted to have sex with him. These affectionate actions are like foreplay that would only make the whole thing hotter.

After almost an hour, she stopped just patting and started kissing his ear. She was already wet just from the way Lucien continued to sniff her belly.

But they had a long journey ahead, and Lust wanted to make the contract quick to bind them to each other. Then they could be doing naughty things all the time.

As Lucien was still in a drugged state, Lust had to do something harder. She reached out to his groin and grabbed his cock. She can't help but be surprised by the size. It was big, even without being fully awake.

"WOW! You will give me a lot of fun with this huge piece..."

Even Lucien being dizzy, he couldn't help but react with such a great stimulus. He held Lust's small hand as he hurriedly stood up.

When he opened his eyes to see who is the hand's owner, he was stunned. What he saw was the most beautiful woman he could ever imagine.

He stared at that blond angel without knowing what to say or think. Then her smile grew bigger and more radiant. She is so sexy that she didn't look like an angel but a demoness.

"Yes... a great demon... Lust?"

Even though she expected such a reaction, Lust was still proud to be able to make such a substantial impact on Lucien. When he spoke her name, she couldn't help but smile.

She really liked how Lucien said her name. She is Lust after all and wanted everyone to desire her. Someone as handsome and cold as Lucien was like a drug that Lust wanted to consume entirely.

"Who else could I be?"

Lust spoke seductively, making Lucien blush a little. He always avoided contact with other people besides his mother and did not know how to deal with this charming woman.

"I'm sorry. I didn't mean to disrespect a magnificent great demon like you."

Lust started to laugh because she found Lucien's respectful behavior hilarious. He hadn't even realized he was still holding her hand tightly.

"You don't have to act like that to me. I am the great demon of Lust, not Pride."

Even after Lust told him to act more normally, Lucien was still very nervous. Lust was the best chance to he becomes strong and saves his mother, so he didn't want to offend her. He realized he was still holding her hand and released it quickly as he tried to act more naturally.

"Were the dreams real? I mean, we were on my mind but acting on our own?"

Now that Lucien was starting to calm down, he also began to remember everything. First, he entered the room, and after losing consciousness due to the pain, he started having strange dreams where Lust talked to him without appearing completely.

He continued to stare at Lust because she was beautiful in a way that he couldn't even breathe adequately close to her. She had a thin and very delicate body, but with breasts that looked large even behind the white dress that she was wearing.

Lucien was sure that he felt that breasts naked on his back in one of his dreams, but now he didn't know what it would be like to touch the real ones. Lust was enjoying that look of appreciation and can't help but comment.

"Do you want to know what about the dreams? About those breasts that you keep staring at?"

Lucien made a worried expression like a child caught while doing something wrong. But before he could apologize, Lust kept talking.

"You don't have to be ashamed of looking at them. After all, they will only be yours after we make the contract."

Lucien swallowed a good amount of saliva involuntarily while Lust continued to smile proudly. He composed himself and tried to ward off strange thoughts while focusing on the contract that is his primary goal.

"So, you agree to make the contract with me?"

Lust did not answer but walked towards him. She stood in front of him, and the difference between their height was visible as it is almost ten centimeters.

Then to Lucien's surprise, she stood on tiptoe and gave him a big wet kiss on his mouth.

CHAPTER 5: Lust Contract part 2

It was so good.

So fucking damn good!

Like no other taste he had ever felt before.

Lucien could not contain his moans, and Lust had not held anything since begin.

"Mmm...mm...mmmmmm..."

He hugged her waist tightly as he followed the lead of her expert tongue.

That was Lucien's first kiss. He wanted to do his best. He is not in love with Lust, even though he saw her as the most charming woman in the world.

Lucien always regretted not being able to do anything to save his mother, and now that he knew she was still alive, he couldn't waste any time and had to become strong to rescue her.

And Lust was the best way. Actually, the only one he had. So he would have to follow her lead. He would do anything to save his mother, so giving his body and soul is not a problem.

Lucien's mind was full of thoughts, but it had only been a few seconds. He was trying hard to show interest in her because he knew it would be like that with The Lust.

He had already accepted that he would have to be entirely hers to make them both strong. A contract with a great demon is something that would bind them until death. So he wouldn't hold back now.

Lust felt Lucien hugging her tight and trying to subdue her tongue. She couldn't help but be surprised at him acting so spontaneously.

She read all of his memories and knew that the boy is totally uninterested in women. Even though he lived in this fortress in the mountains, there were still beautiful servants who tried something with him. And even sisters...

He never did or thought of anything like that, but now he was trying to overpower her. Lust could only believe that her charm was increasing a lot in recent years.

She liked that very much, but she wouldn't be Lust if she let the virgin take advantage of her. She struggled against his tongue while using one hand to reach inside his underwear and caress his dick directly.

Lucien, who was already feeling great pleasure from that wet kiss, felt even better and couldn't help but open his mouth while moaning loudly.

When he stopped kissing and stepped his mouth back, Lust attacked quickly and bit his tongue.

"Aaaahhhh...Mmmmm..."

Lucien was feeling so much pleasure that his cock was so fucking hard as rock in Lust's hand.

He tried to hug her again, but she stepped back, avoiding him. He was perplexed, but she didn't lose her naughty smile and explained her point.

"Do you want to eat me on the cold floor?"

Lucien was taken aback by Lust's words. He knew they were going to have sex at some point, but he thought she was just teasing him now.

"And about the contract?"

Lust was a little disappointed. She thought he was completely crazy about her body, but he still showed many signs of rationality. She kept her sensual smile and seductive tone.

"Every great demon has their own way of making the contract. In my case, is it not obvious how it will be?"

He thought it made a lot of sense for every great demon to do this differently, but about Lust's case, he still wanted to confirm.

"You mean..."

Lust saw a little hesitation in Lucien's eyes and becomes a little more concerned.

"Yes... you need to fuck my pussy. Do you not want it?"

Lucien was once again surprised at how fast the thing is progressing.

But Lust is his destiny, and he couldn't go back. He strengthened his resolve with thoughts of his sweet mother as he walked towards Lust, trying his best to make a seductive smile.

He saw a little concern in Lust's eyes and didn't want her to think that he didn't desire her. So he had to make up for that mistake by being bolder.

Lucien walked towards Lust and started the kiss this time. He didn't stop in the kiss but also lifted her legs from behind and put them on around his waist while supporting her by the ass.

He stopped the kiss to talk, and a string of bright saliva still connected their mouths. Lust was loving it all so much and was wetting Lucien's waist with her vast amount of love juices.

"Do you think anyone could not desire the Great Lust?"

"I wanted you only for me at the first moment I heard your voice before I even see your divine body. Or it would be better to say diabolical beauty, which made me crazy."

Lust wanted to act dominantly and seductively by saying something or just laughing. Still, her body acted alone, and before she could think of anything, she was already kissing Lucien again.

This time Lust was kissing him even more wildly. She held his head with both hands and seemed to be trying to devour his tongue in a mess that mixed their saliva in a way that could only be described as extremely lustful.

After kissing for as long as Lucien can hold his breath, Lust stopped the kiss and looked at him with her eyes sparkling by excitement.

"If you want me only for you, just be mine. You don't have to be only mine because it wouldn't make us strong, but you can never forget that I will be the most important to you."

"You will serve me, warm my bed, and fight for me until you die. Alright like that?"

Lucien couldn't help thinking that no one would be more important than his mother. But it wasn't time to think about her if he didn't have the strength enough to rescue her yet.

He needed Lust, and everything she asked in return was very reasonable. A contract with a great demon is something that people would kill for, so he knew it wasn't right to refuse anything she asked for.

"So, I will serve you until my death! My lady, Lust."

That was all Lust wanted to hear, and she wasted no time before eating the string of saliva until connecting their mouth and continued kissing wildly.

She really liked to kiss in this position because Lucien had his hands busy supporting her, so she could do whatever she wanted with his head. The stimulation in her ass was an extra that she also loved.

Lucien was enjoying it too. He wanted to think that it is only for her, but he couldn't deny that he was really enjoying that delicious mouth and that wonderful ass.

After some minutes, stopping just to breathe, Lucien thought about going somewhere else, still holding Lust, who was clinging to him in a very seductive way.

"Let's go to my room."

Lust had already wet Lucien's clothes with her love juices, so she was more than ready to move on to the next stage and couldn't be more looking forward to it. She responded with a nod and an "mm" sound while Lucien left the room.

That temple was built to summon the great demons and perform the contract ritual. So the people who knew the place the most are the chosen ones who would make this contract.

Find authorized novels in Webnovel, faster updates, better experience, Please click www.novelhall.com for visiting.

Lucien and his sisters knew each part of the temple, and since the others were all in the main hall, it was not difficult for him to sneak out through the back door.

It was really a funny scene. Lucien was running furtively through the narrow stone streets of the fortress with a beautiful woman on his back.

Lust felt like a young lover sneaking from her parents with her boyfriend. She found Lucien's back very pleasant and felt that there were few places she would feel more comfortable.

Lucien would always be ready to carry her like this because at no time did he take his hands off that big soft ass.

The tour did not take long, and soon they arrived at a block of small stone houses. It was a very simple place and not unlike the rest of the fortress except for having a few jars with a beautiful yellow flower that smelled very good.

Lucien entered through the door of the small house and went quickly towards the bedroom. The room is very simple as the rest of the house and only had two furniture and a single bed that didn't look very comfortable.

Nobody would think that the chosen ones, children of the great Evil King, live like that. But Evil King himself did not want his children to be spoiled and only focused on training hard to fight the great war.

Lust felt Lucien's hesitation when he entered the room, but he quickly cleared up the situation to avoid any misunderstanding.

"My bed is small and not very comfortable..."

Lust was happy that he showed such consideration for her, but her body no longer cared if they did it even on the floor, which would not keep cold with the fire burning into her.

"Just fuck me hard right now because I can't wait any longer!"

Lucien didn't think twice about throwing Lust on the small bed and tearing off his shirt. He was also very anxious and ended up tearing his clothes while trying to remove it.

Lust was enjoying the beautiful show that was Lucien fumbling. She was just wearing a simple white dress that is the only outfit she was able to materialize because she didn't have much mana left.

It only took Lucien a few seconds to rip off all of his clothes, but Lust was very impatient and started to touch herself while moaning by excitement and anticipation.

Lust didn't know why she is in such an out of control state. She had already made many contacts over the years and is, as expected, very experienced in sexual matters.

But now she couldn't stop touching herself, wondering how good it would be to have Lucien destroying her wet naughty pussy.

She thought that maybe it was because he is the most attractive of all the men she saw or the fact that he didn't succumb and attack her madly like the other hosts.

Lucien couldn't stop thinking about his mother. He felt guilty for wanting Lust so much not only to be strong but also because his body was so attracted to hers.

He had never felt like that before, but he knew it is the passion that he read in many books. This crazy passion was clouding his senses, and he had a hard time even doing something simple, like taking off his clothes.

He couldn't help blushing when he got naked, and his cock pointed stiffly upwards, showing that it is more than ready to work hard.

Drool dripped from Lust's mouth as she looked at that big piece and couldn't help wondering if it is the legendary "great dragon."

Lucien and Lust stared at each other without saying anything because their looks made their thoughts clear.

"I want to fuck you so hard until I can't move any more!"

"Come and eat me entirely!"

Then he jumped on the bed and started kissing Lust madly. She took his hands to her dress, and together they removed the only piece of clothing she wore.

Lucien let the desire control his body and didn't care about anything other than Lust.

Lust was not much different, and she just started channeling a silent enchant to make the contract while Lucien kissed her neck and clavicle area.

He was kissing all her beautiful and fragrant body until he reached those more than perfect breasts. He couldn't help but comment on how much he liked those big breasts.

"You are so fucking damn sexy!"

Lust pulled Lucien's head towards her breasts, and he started to suck it like a hungry baby while she moaned loudly by the wonderful feeling.

"These boobies will be only for you from now on, so take good care of them!"

Lucien couldn't agree more with Lust's words. As he could not answer with words, he attempted to suck one of the breasts lovingly while massaging the other with his hand.

So far, everything was so incredible and pleasurable that Lucien couldn't think of anything but Lust's body. But he was still in foreplay and still had to give affection to the most private part of her.

He can't help thinking.

"What will it taste like?"

CHAPTER 6: Lust Contract part 3

"Mmm..."

The excitement was so stimulating that it made him breathe heavily.

"Aaahh...mmm..."

That heavy breath tickled Lust's belly. She really likes that feeling.

Lucien moved his head slowly down her body, never missing to kiss each part. He gave her navel a wetter big kiss before proceeding to the part he most craved for.

Lust's legs were trembling and squirming with pleasure and eagerness. She never wanted a man between her legs as much as now. It was always the men who desired her, but now she found herself desiring so much for him.

The smell of Lust's body got better and better, and Lucien couldn't stop sniffing her like an excited dog. Every kiss he gave left a pleasant taste in his mouth.

He had already given enough affection to that sexy little belly, so he got prepared for the main course.

"Let me feel your best taste."

Lust gave him a charming smile and slowly spread her legs to present a view of the heavens, or rather, of hell.

"She's totally yours."

Even though it was the first time Lucien had seen a pussy, he still knew that other women shouldn't be so incredible.

Lust's vagina is small and delicate, with few blond hairs that seemed to shine. It has tiny pink lips so fucking damn charming.

Even some centimeters away, Lucien could already feel that intoxicating smell that seemed to be all the good things in the world together in one fragrance.

Both Lucien's heads were throbbing with excitement.

He down his mouth toward heaven while he thought about how to do it pleasurable for Lust. He is, after all, an inexperienced virgin and didn't quite know how to act well.

Lust could say many things to teach Lucien what to do. She knew he is inexperienced, but she was really enjoying watching him try so hard to please her.

And she couldn't deny that he was doing a trophy-worthy job. Even though he is a virgin, he was making her more excited and wetter. If he continued like that, it wouldn't be long before he becomes the man who gave her the most pleasure ever.

As Lust, she could only be happy choosing such a promising host. As she eagerly waits for some attention on her pink, she saw an animated smile on Lucien's face.

Even though they imagined a lot of things, the actions were still done very quickly. Lucien held Lust's legs wide open and kissed that beautiful flower.

He closed his eyes to focus his senses on feel the taste. And he didn't regret it because it was damn good.

He could only describe it as sour, sweet, salty, bitter ... It was so good that it couldn't compare to anything. He just loved it so much.

Until now, Lucien thought that the smell of Lust's body or her sweet saliva was the best drug. But now he is sure that nothing he could even imagine can be more addictive than the taste of her pussy.

He started with a few light kisses on the lips and vaginal hair, but soon, it was not enough for his great hunger for more Lust.

Then he gently opened those pink lips and sucked her inner juices while moving his tongue, exploring every part of that honey pot.

The more he drank that divine liquid, the more she produced more. Lust was so horny that her pussy kept making love juices to feed the hungry Lucien. She couldn't help but moan while saying naughty things in a very erotic tone.

"Mmm..."

"Right there!"

"Aahhh!"

"Damnn gooooodddd"

The slurping sound filled the small room along with Lust's moans. She was sure she had never received such good oral sex before.

Her pussy would not stop producing love juices, but Lucien drank it all, not letting her accumulate a significant amount for a squirting. She wasn't sure if at any point after his tongue came in, she wasn't having an orgasm.

Lucien was licking every outside and inside that lovely pink. He left no parts out and also paid close attention to that beautiful red cherry, which seemed to tremble by joy.

He also didn't stop giving Lust compliments while taking a few seconds to breathe.

"I love your whole body... I want to eat you entirely and drink all the juice that comes out of your pussy!"

Lust held his head in both hands and pushed him back into her pussy, begging for more.

He answered to her desire sucking as hard as he could then making Lust arch her body in a strange position as she moaned loudly and shivered, feeling a great orgasm coming.

"Keep s-soooo... I am coming!!!"

Lucien wanted to do the best he could and continued to make his tongue dance inside Lust's pussy while using one hand to massage one of her breasts.

He was just using his creativity and instincts, which were more than enough to leave Lust in the clouds.

She squirted so much love juices, which Lucien made a point of drinking it all. After having such great orgasm, Lust, who was not at her strongest moment, got completely tired.

Lucien saw her having hard breathing, but he couldn't help himself and held her head in both hands.

"Is the great Lust so easy to finish like that?"

He didn't wait for her answer and attacked her mouth wildly. This time he added to the mess the taste of her love juices, making the wet and sloppy kiss even better.

Lucien was on top of Lust, kissing her madly while she hugged his back tightly. But then she pushed him aside and mounted just above his pelvis. She looked at him with a smile that seemed a little forced.

"You are doing it very well. If I hadn't read all of your memories, I would never believe that you are still a virgin."

Lucien felt a bit of mockery in Lust's voice and thought something was wrong. He raised his arm and tried to caress her face, but she stopped his hand.

"I'm just following my instincts. My body acts by the great attraction it has for you."

Lust smiled mischievously as she slowly bent down and kissed his face while saying words that surprised Lucien.

"You are not a good liar. At least not for me."

Lucien wanted to ask why this now. But Lust put a finger in his mouth while making "Shhh" sounds and continued to make her point clear.

"Your willingness to become strong and save your mother is admirable..."

"You are making a great effort to give me pleasure, and even if you are attracted to me, I can still see that most of you only think about her and the power to get her back."

Lucien couldn't imagine how she came to that conclusion, but he also couldn't deny that it is true. He was very attracted to Lust, but his primary motivation here was still the power to save his mother.

But then he thought it wasn't fair enough for Lust. They are making a contract that would bind them until death. Still, he was thinking of another woman while with her. He tried to get closer and kiss her but was stopped again.

"Don't think that I don't like things like that. You can keep your goals as long as you serve me properly."

"I just want to make it clear that you don't have to act like you're in love with me. I don't need that performance."

Lust spoke her thoughts directly and looked seriously at Lucien while waiting for some reaction from him.

Lucien's already confused mind became an even bigger mess. He understood everything she said, and a part of him just wanted to nod and continue to serve her, but another part of him couldn't help thinking...

"If we're going to be partners for life, we shouldn't just use each other but work together."

Lucien would always love his mother more, but he was also willing to like this charming woman, which his body wanted so much. He put his thoughts in order and attacked Lust giving no chance for her to retreat.

She tried to avoid his mouth, but he was swift and kissed her even more intensely than before.

He not only kissed but touched her whole body with his hands excitedly. After squeezing her breasts, he rested his hand on that cheerful ass and looked at her with a lovely smile.

"Didn't you say that would be totally mine? I mean it when I say that I want you entirely."

Lust tried to answer, but he acted like she did before but didn't use a finger but kissed her again. When he stopped, she was silent with an anxious expression, and he continued to make his point clear.

"I really want to become strong to save my mom, but I don't do it just for the power. I don't quite understand my feelings yet, but I'm sure if I can love someone other than my mom, it could be you."

"Of course, if you allow me."

Lust was surprised, much more than Lucien. She was sure he would act coolly as in the memories she read in his mind, but was he really saying he wanted to try to love her?

Lust's hosts were always madly in love with her. So she thought that Lucien would be a very different try because she only saw cold and solitude in his memories.

The mother who disappeared when he was very young, is the only person he has ever liked. But now she could see kindness and affection in the lovely look he gave her.

And it scared her. Lust was not used to not being in control of the situation, and when he acted in ways that she did not expect, it was very impactful to her.

Lust didn't know how things would be, but she was looking forward to it. Now was not the right time for this type of conversation, but she did not regret it because Lucien's reaction was very satisfying for her.

So she took the initiative this time and started giving him short kisses. It was like she was giving him tap kisses while he smiled without moving his lips too much.

"So let's stop this depressing conversation, and I'll let you show me how much you can love me."

Lucien couldn't agree more and started kissing Lust while squeezing her ass. As she was mounted on him, the movement made his dick always rubbing her pussy, giving both of them a lot of pleasure.

"Aahh..."

"Mm..."

They were both tired of foreplay, and Lust begged him to complete the contract ritual now.

"I used up almost all my remaining mana to prepare the enchantment, so this is the time for you to make your move."

Before Lucien could ask for more information, the region below Lust's navel began to shine with purple light.

She ran her finger over her belly and went down until to touch her pussy while giving him a naughty look.

"Before you come entirely into, I have one last thing to say..."

"You will no longer be able to have children after making the contract with me."

Lucien couldn't deny that it surprised him. But not only was his mother waiting for him, but now there is Lust in his life as well. So that is a side effect that he would have to accept.

"That is not a good thing, but it will not stop me from being with you and rescue my mother."

Lust was once again delighted with Lucien's answer. She ran her hand over his dick, which since the beginning, had not stopped standing erect and hard, so she prepared to take the whole thing inside her.

Lucien liked the position they were as he is very inexperienced, and it would be better for Lust to move first and do whatever she wanted while riding him. And of course, he would enjoy it as much as her.

She put both hands on his chest and lifted that beautiful ass. Then she moved slowly until her pink be aligned with his cock.

When Lucien's cock felt Lust's soft pussy, he felt incredible pleasure, and the time seemed to slow as he waited for her to come down and connect them.

Lust looked at Lucien only to see an exciting look that was the same as hers. So she wasted no time and went down hard, taking his entire cock to the deepest parts of her pussy.

Both screamed in great pleasure and ecstasy at the same time.

"OHHHHH FUCK!"

CHAPTER 7: Harder

The purple light that came from the union of Lucien and Lust illuminated the room.

And it quickly began to fade as some symbols started to appear on the skin of Lucien's pelvic area.

The symbols looked like tribal tattoos and had a dark purple hue. It was actually quite stylish, but Lucien didn't care about it, but the fact that these symbols are proof of the contract between him and Lust.

Of course, he would think about the symbols later because now he only had pleasure in his mind while his cock meets the inside of Lust's wet pussy.

Everything he thought about pleasure while playing with Lust before was overwhelmed by the hot sensation and the tightness that Lust's pink is giving to his dick now.

The only thing he could think is that her pussy was made particularly for his dick. It was like he was incomplete all his life, and when he penetrated her, found his missing half.

Now it would be challenging to think about putting his dick out and leave that heavenly feeling.

Lust felt the same way. She thought Lucien's cock was made just for her and complete her pussy as perfectly as any other could. She, the great demon of Lust, could only think of one dick now and would hardly think of another any more.

It had only been a few seconds since they were connected, but both are still moaning because even without making any movement, the pleasure they felt is astounding.

Lust's pussy was squeezing Lucien's cock willingly excitedly. She was still riding him with hands resting on his chest while both were trembling by great pleasure.

Part of the great pleasure was a side effect of the contract ritual, but most of it is by the high compatibility between Lucien and Lust. Their bodies are absurdly complete to each other.

Lucien could not deal with such much pleasure, so he said the inevitable.

"I'm coming!"

Lust was having the same problem. Even if she is "Lust," such a tremendous amount of pleasure was new even for her.

"Damn... I'm coming too!"

Lucien's body acted involuntarily, and he lifted the pelvic area by also lifting Lust while pushing his cock as deep as he could into her pussy.

She lowered her upper body, hugging him tightly as they started kissing while they both had their first orgasm together.

Lucien cummed a lot on Lust's pussy, which devoured all it willingly. He felt not only the pleasure of coming but also the pleasure of Lust's pussy suck his cock very vigorously.

They kept kissing for a few minutes while still connected, getting the most of that incredible orgasm. Then Lucien stopped kissing and looked affectionately at Lust as he spoke in a timid manner.

"It was the best I've ever done in my life... But I thought it would last longer..."

Lust first looked seriously at the confused Lucien, making him anxious. But she couldn't take it long and started laughing.

"Hahahaha... Idiot!!!"

"It was good to be quick to complete the contract promptly, but that is far from over."

Lucien was more confused. As he didn't have a lot of experience in relationships and neither did his brothers, he had a lot of mistaken thoughts, but Lust cleared things up quickly.

"Is your dick still hard, right? I can feel it hitting deep inside me, and while it is so hard like that, we are going to have so much fun!"

Lucien understood more and more about sex with Lust and found the idea very good because his hard dick wanted to play much more inside her pussy.

"I will love it!"

Lust couldn't help but laugh excitedly. Then she turned their body quickly without letting Lucien's cock out of her, changing their position.

Now he was on top of her while she wrapped her legs around his back. She gave him the most seductive look she could while speaking words that made his cock twitch by excitement.

"So fuck me as hard as you can!"

Lucien wasted no time and started pushing his body against hers making his cock explore every part of that beautiful wet pink pussy, which he was already addicted to.

He found that position very good because it allowed him to push as much as he wanted and at several different speeds.

Lust used her legs to pull her body against him by making movements together. So he gave her many thrusts leaving her pussy a happy mess.

This time they managed to hold on for longer, but it still didn't take so long time to Lucien cummed again in Lust's pussy, which never tired of devouring it all still begging for more.

Lucien did as before, and during the orgasm, he started kissing Lust. This time not in the mouth but in her big beautiful breasts, which becomes very happy by receiving such attention.

As he pushed his cock deep inside, she pulled him hard against her and sucked all the cum with a big smile on her face and eyes shining lasciviously.

Lucien gave a great sigh of pleasure as he faced that wonderful woman who seemed to look more and more beautiful the more he looked at her.

"You are so beautiful... I want to look at you all the time... "

"I also want to smell you... enjoy the delicious taste of your mouth..."

"I want to suck your beautiful tits... and I want to touch your soft ass..."

"I DON'T WANT TO STOP FUCKING YOU!"

Lust heard everything that Lucien spoke intensely and can't help but smile while blushing a little. She didn't want to use words to describe how she felt, so she tried actions.

She turned their bodies once again, changing positions. But this time, she got off his dick, and when he fell lying on the bed, she sat on his knees while giving him a naughty look.

"Let me clean you up so you can fuck more and more..."

Lucien already had an idea of what she was going to do because he had already done it to her. But he was not prepared to experience another new kind of pleasure so good.

He loudly groaned when he felt her mouth sucking his cock in such a vigorous way. She was not at all delicate and took the whole thing deep into her throat.

"Ohhh... Ahhhhh..."

Lust thought about going slow at first to surprise him later, but when she tasted his dick, she couldn't help but take it all and suck it like the most delicious thing in the world.

The sounds of slurp filled the room again as Lust gave Lucien an insanely fantastic blowjob.

At first, he had his hands on the bed, but the more she sucked, the more pleasure he felt, so he started to lose control of his arms and held Lust's head while pushing his cock even deeper into her throat.

Lust found the action damned hot and was fine by accepting that he thrust his cock in her mouth even harder and harder, but then she thought of something and pushed him back quickly.

"I don't have enough mana to keep my physical form for much longer, so I want your cock inside my pussy again, now!"

"When we get stronger, I will suck your cock as much as you want and drink all your cum."

Lust always spoke seductively and made graceful gestures, which made Lucien more and more crazy. He couldn't refuse anything to her, even more, if it is about fucking that pussy, which his dick already missed a lot.

When he was pushed on the bed by her, Lucien had an idea and acted quickly by taking Lust and laying her on the small bed.

Lust didn't resist and let him do whatever he wanted with her. Then he lifted her legs tightly together, making her stand at an angle where he could see her pussy and ass while keeping her legs raised vertically.

Lucien was trying to use all the creativity he had to fuck her over and over. He stood with his knees slightly bent while holding her legs and started pushing his dick in her pink.

As he was holding her legs tightly together, the grip his dick received on her pussy was even tighter than before, which gave them both more pleasure.

Lust was very fond of Lucien's effort to think of other positions for them to have sex. She was, after all, Lust, and always wanted to make the most of everything about sexuality things.

Pleasure only made her more powerful, and now it would be like that with Lucien too.

This time Lucien held on for almost twenty minutes before coming, surprising Lust, who was happy that he is very resistant.

She was not proud of coming more than three times. She could only blame her pussy for loving his cock so much.

As they both enjoyed the orgasm together, she realized that he was looking at her ass a lot. She knew which position would put the most emphasis on her ass and wasted no time.

Lucien was surprised when Lust rolled on the bed and turned on all fours in the opposite direction from him. He tried to understand what her intention was but then...

Lust raised his butt keeping his legs close together still on all fours, then looked back with a seductive look and used a hand to move one of her buttocks showing its fantastic wet content.

"Do you like it?"

That caused an earthquake to strike Lucien's mind. That view made his cock harder than ever, and he couldn't help but drool a little.

"I LOVE IT!!!"

Then he climbed on the bed and started to touch her cheerful ass. He held both buttocks with his hands and opened just to see her pussy dripping love juices eagerly.

He also saw a lovely pink button that caught his attention. Then he started to lick that pussy, which he loved so much, but he also licked the pink button, which tasted different but nothing bad, so he can't help but love it too.

Lust was delighted and couldn't help but widen her eyes when he licked her back door. She was loving it all but felt that her time of physical body was almost over, and she begged Lucien what she wanted so much.

"Put it inside!"

"Please push hard your big dick in my naughty pussy!"

Lucien couldn't deny that request, and his cock wouldn't let him deny it. Then he got on his knees behind her and pushed his cock hard deep into her pussy, making Lust scream by pleasure.

"Aaaahhh..."

"Yeeeeesssss..."

"Just like that..."

Lust was lost in pleasure, and Lucien was no different. He was enjoying the feeling of hitting her soft ass. Each thrust made a sound he loved and a wave of force that made her ass tremble to the delight of his eyes.

He was pushing very hard, but Lust was still moving her ass against him while squeezing his dick in a way he loved very much. She moaned louder and louder and started to beg him to go harder.

"Harder!"

"Push it deeper!!"

"HARDER AND DEEPER PLEASEEEEE!!!"

Lust begged, and Lucien pushed harder and harder. The small bed was shaking a lot and making several creak noises, but they continued in an increasingly wild way.

It didn't take long for them to hear a loud creak noise and the bed collapse. They were so focused that they were easily thrown on the floor.

To Lust's great happiness, Lucien didn't care about anything and stood up and pressed her back against the wall, leaving her in a position that could wrap her legs around his waist while he managed to penetrate her pussy while still standing.

They said nothing but moans as Lucien continued to fuck her. While she hugged his head, she started to beg him to go harder again.

And so he did it, harder and faster.

But the wall also showed signs that it would have the same end as the small bed.

They both heard the creak sounds again but had no control over their bodies, which just wanted each other more and more.

Then the loudest creak noise came along with the loudest moan they've made so far.

It was all swift, and while they both came together, they also fell with the wall.

The dust raised in a mess. Then Lucien closed his eyes, still holding Lust.

Then he breathed some dust and started coughing. He also heard Lust start to cough. But then someone else started coughing.

Then someone else... and more one... and other...

Lucien quickly understood what it meant, but he very much wished it were not true.

But for his bad luck, it was all real. He opened his eyes just to see a super-angry face of his sister, Sophia.

CHAPTER 8: Sis?!

About one hour ago.

Sophia walked from one side to the other in the great hall.

Her anxiety was visible, making the Evil King very annoyed. He tried to argue with her again.

"My daughter, you have to go to the inferior world with your great demon..."

The Evil King took many years to be able to get in contact with the powerful great demons that came from a superior world.

After explaining to them about the war he was already losing by living in the part with fewer resources of the planet, they decided to take the chosen ones to a less dangerous world.

So the chosen ones could create a solid bond with the great demons and becoming strong enough to be able to fight against the enemy forces of the kingdom here in this middle world.

Sending his children to an unknown world to fight is something that only Evil King could do. He thought of the kingdom before his children, and that plan seemed perfect to him.

His five daughters had already been going to some unknown world with their great demons, but one was still waiting for his useless son.

He couldn't help but be nervous. This plan took several years and most of the kingdom's resources. Now Sophia didn't want to go, and he couldn't just force her.

She is part of the kingdom's hope, so even he needs to show some consideration for her. But he would not stop trying to convince her. Of course, in a respectful tone.

"Please, my beloved daughter, you should not keep the great demon waiting."

Sophia didn't care what her father said. Before, she always showed a lot of respect for the King, but after Sloth told some things about Lust, she couldn't think of anything except...

"Why did it have to be like that? I spent several years trying to improve our relationship for a demon bitch just come and take him so easily..."

Sloth who was already inside Sophia could only roll her eyes, listening to those jealous murmurs. Even she, who was a great demon, didn't think that kind of relationship between siblings is right.

Maybe it was Lust's things. It would definitely be something she would like. But it was not something that Sloth had to do with. Who Sophia loved would not interfere in their relationship.

Sloth had already thought a lot and didn't want to care about that kind of thing. In fact, she just wanted to be quiet inside Sophia while she improved her healing skills.

Sophia kept walking in circles in front of the large ornate door while she murmured things about someone taking what was rightfully hers.

But she can't ignore everything her father said and had to answer when he started talking about the great demon.

"She is not in a hurry. I don't think she even can be in a hurry..."

Evil King had no way of continuing to argue when the great demon was willing to wait. He didn't understand why Sophia cared so much about Lucien.

He began to think that it was usual for the elder sisters to want to protect a weak younger brother. While he was thinking things like that, time passed, and both he and Sophia became impatient.

The ritual between a person and a great demon was essential, and the Evil King did not want anyone to get in its way. But even he was worried about Lucien now, and if anyone is better suited to go check it out, it would be Sophia.

Sophia quickly went to check him just to discover that Lucien was no longer inside the temple. She knew there were other ways out, but she didn't think he could have run away, but that Lust forced him.

She returned to inform the Evil King, who left with several servants to look for Lucien. They went to many places, but there was no trace of him, even in the portal chamber. So he is still here, and they just had to look for more.

After a while, Sophia had the idea of looking in the room where Lucien slept. Evil King did not think he would be there, as there was nothing special about the bedrooms.

But they went looking for him there. And the scene they saw would never leave their mind.

The wall in Lucien's bedroom just broke as he flew through it, holding a wonderful woman while they were both naked and moaning loudly.

The servants' thoughts were things like why it couldn't be them in Lucien's place, hugging that beautiful woman. They were also upset that Lucien was hugging the woman, preventing them from seeing any sexy part of her body.

Evil King's thought was how his useless son could have the most amazing woman he had ever seen or imagined. It didn't take him long to think it must be Lust, and he was almost drooling by envy.

Sophia's thoughts were all about Lucien. First, she was very excited to see his broad back. He looked so beautiful and incredible, protecting Lust, and Sophia really wanted to be the woman in his arms.

But then she thought about what they were doing and couldn't help but be angry. She tried to get closer to him for so many years and never made good progress, but now Lust barely arrived, and they had already done the action.

She was angry at Lust for stealing the man who was supposed to be hers. She was already a girl in love who didn't care if they were blood siblings. She just felt that he couldn't be with anyone else but her.

But then she thought he was just as guilty as Lust or even more because he didn't choose her, who was always by his side, but the great demon bitch.

Even so, she wouldn't give up on her dream and prepared to fight everything and everyone to have the man she wanted that much.

Everyone had these thoughts while the wall in Lucien's room was still falling. Dust flew everywhere, causing everyone to close their eyes as they coughed.

But Sophia did not close her eyes. She walked through the dust towards Lucien, who had not stopped hold Lust.

Lucien heard several people coughing and could think of nothing but to prevent anyone from seeing Lust's body.

"Shit! What happened to me?!"

He tried to get that thought out of his head, but a possessiveness for her grew more and more inside him. He hugged Lust's body tightly and tried to get up but saw Sophia's angry face.

"Sis! Help me quickly! Give me any cloth or pieces of clothing."

Sophia is a brilliant person and should have understood his intention. But a girl in love did not think very rationally.

She wasted no time and gave him her cloak. It was an additional part of her outfit, and it wouldn't make much difference to her look, but it would help a lot Lucien who was completely naked now.

But she couldn't help cursing when she saw him wrap the cloak around Lust's sensual body with all the kindness and affection he never gave her.

"I'm so stupid!!! Idiot Sophia! Idiot Sophia! Idiot Sophia..."

Lucien paid no attention to his sister's strange murmurs and focused on taking Lust back to the bedroom to dress her up completely.

Now that he thought about it, he concluded that the white dress she wore before would not be enough to cover her entire body. He didn't realize that he was already overly protective and possessive about her.

He looked for the only person who could help him in this situation.

"Sis! Help me again, please! I need clothes for her. Better huge clothes that cover everything."

Sophia did not believe what she was hearing. She just wanted this to be a nightmare. And she can't help thinking...

"How so cover everything? It wouldn't be better for him to carry her inside his own clothes or keep her inside the closet so that no one could steal her from him."

Sophia couldn't think straight with so much jealous clouding her mind. She even forgot that the great demons could materialize their clothes and stay in spirit form within the hosts.

She turned and walked away without answering Lucien, who was very confused.

"Why was she upset like that?"

Lust, who was enjoying Lucien's embrace so lovingly, can't help but roll her eyes.

"You fool! Don't you even see?!"

Lucien could only get more confused. He was always focused only on his mother. First to be with her, then to avenge her death and now to rescue her. He never had a good relationship with anyone and couldn't understand Sophia's feelings.

But things couldn't go on like this. Lust could only make them both strong if he conquers many women and did all lustful stuff with them.

She couldn't help but think that fucking his sister would be an excellent thing not only for him but could strengthen her as well. That would be so naughty and lustful that Lust was already wet just thinking about joining in the whole thing.

Evil King saw when Sophia left while snorting and didn't know if he was happy or sad that she had a conflict with Lucien.

He just wanted them both to make the contract with the great demons and go to some inferior world to start strengthening themselves.

He started walking towards Lucien to ask how the contract went. But he stopped when he saw something scary.

Even though the difference between the strength of his and his son was so huge, he couldn't help but fear the threatening look that Lucien gave him when he tried to get closer.

It was the kind of look that one man gives another to warn them to stay away from his lover. And the Evil King, even though Lucien was the most useless of the chosen ones, still didn't want to have that kind of problem with him.

He knew that mistreating him or beating him wouldn't make Lucien revolt, but about getting between him and his girl would be something entirely different.

Then everyone left the place to avoid problems with the current jealous Lucien.

Lucien went back to the room that was now a mess and tried to find some clothes to cover Lust's body. But then she explained about being able to materialize clothes with her mana and about being invisible inside him.

He couldn't help rolling his eyes, thinking about how she could have helped him avoid going through that awkward situation.

"So why were you wearing that tiny white dress?"

Lust explained quickly because her mana was almost gone.

"We great demons use a lot of mana to come up here and make a soul-bonding contract with you and your sisters. Now I hardly have any more mana, so I don't want to spend it unnecessarily."

Lucien asked how she would get more mana just to see her roll her eyes again.

"Each great demon has different ways to strengthen and renew their mana. In my case, isn't it obvious?"

Lucien was not stupid and understood quickly. But he still wanted more details.

"But we've done it for so long... Aren't you supposed to have a lot of mana now?"

Lust had already gone through this process with other hosts, and she had to be like a patient teacher. After all, Lucien was just a young human from an average world.

"I spent a lot of mana making the contract. And no, we haven't done it for a long time. I am the great demon Lust, sex will never be enough for me, and you will need to work harder to we have a chance."

After talking more about subjects related to great demons and the contract between them, Lucien concluded that it was time to go to the other world to begin his journey to strengthen himself. What Lust had already explained that it would inevitably be forming a vast harem.

But before he went to the portal chamber, Lust said something that made him excited.

"I have an idea to strengthen you before you go to the new world, and it will be a lot faster than having sex with me for several days."

He trusted a lot on Lust because they were connected by the soul so that she would not try anything bad against him. But when he heard the second part, he couldn't help but worry.

"This will also strengthen your sister so you both will have an initial advantage."

Lucien had already understood a part of how Lust's powers worked, so he took no longer to understand what her plans were, and he can't help asking...

"Do you want me to do that with my sister?!?!?!?"

CHAPTER 9: Brother!?

"She is so beautiful..."

Lucien couldn't help thinking that he was blind for so many years living next door such an amazing girl without giving her due credit.

Even Lust couldn't blame him for that.

"You shouldn't have looked at her as a woman because siblings are not supposed to be sexually attracted. So don't blame yourself for that."

Lucien thought so too before, but now...

"Am I not going to try to fuck her right now? So what kind of brother will I be? If I still can be called brother..."

Lust wanted Lucien to be bolder because it would be challenging to create a harem and become strong if he is modest. But she knew that the current situation was not so simple because it was his sister.

"Believe me; if you don't fuck her, it will be much worse. She may even start to hate you someday."

Even though Lust was now in spirit form inside Lucien, he still made a confused face because he knew she could see it.

Lust saw it and knew he needed a few more words of motivation.

"I read some memories of her, and Sloth can prove it. She was always madly in love with you."

Lucien didn't know what to think when he heard that. He just looked at Sophia while she picked some flowers from a tree in one of the small gardens of the fortress.

Sophia was 1.6 meters tall and had long red hair. It was a fiery red like Lucien, which was clearly come from their father, the Evil King.

The light blue eyes were also something else they shared. But unlike Lucien, Sophia had slightly arched eyebrows that made her look very kind. She had a cute little nose that matched her delicate pink mouth.

Whichever way everyone looked at her, they would always see a kind and adorable girl. She was the kind of calm and sweet girl who could sit in a square, and the birds would land on her lap.

Right now, birds and butterflies flew around her animatedly, and the nature around her seemed to shine by joy just because of her presence.

That is Sophia, and Lucien couldn't stop looking at her, wondering how such a nice girl would be in love with someone like him.

If Lust heard his thoughts, she would undoubtedly say it is because he is so fucking handsome. But Sophia's feelings are not that superficial.

After Lust explained that even in the lower worlds, there would be many dangers, Lucien was less against the idea of having sex with his sister using Lust's powers to strengthen them.

But after following her to the garden, he started to hesitate again and stared at her for about ten minutes.

What Lust knew and didn't tell him was that Sloth had already warned Sophia about his presence, and she was just waiting for him to take the initiative.

Lucien's mind was a mess with the thoughts of being a good brother or just fucking her to become stronger.

But then he thought it would also be to strengthen her... he also had his mother waiting to be saved...

These thoughts would lead to nothing, and Lust was growing more and more impatient.

"Thinking will not help here. Just go and talk to her, and maybe you'll conclude together."

"But know that even though she looks strong and confident, she is actually timid."

Lucien heard the first sentence but then began to think about how to start the conversation and paid no attention to Lust's warning. He went towards Sophia while speaking loudly so as not to scare her.

"Sis!"

Sophia was very anxious, waiting for him to speak to her, and she no longer knew how to act without looking unusual. She thought of several ways on how to start the conversation with him.

She could act upset and say she didn't want to see him but to forgive him before he left sadly.

She could act as always lovingly and kindly as if nothing had happened.

Or she could run and kiss him crazily, saying that he would be hers.

But when she heard his voice affectionately calling her "Sis," she lost the words and started to stutter.

"B-brotheer, what-t d-do you want-t?"

Lucien saw Sophia's nervousness and couldn't help but be nervous too. He wanted to say many things but thought that being direct was the best way to avoid further embarrassment.

"Have sex with me to make us stronger!"

Sophia swallowed all the words and stutters she had and opened her eyes wide while making the same sound with her full open mouth.

"Heee?!!"

Lust couldn't help but comment on Lucien's mind.

"You are a born gallant!"

Lucien knew he had done shit this time. But he didn't think it would get so out of hand that Sophia would run away, still screaming "Heeee ..."

As Sophia ran, Lust started telling Lucien to follow her. But he was unable to deal well with this situation and began to argue with her.

"You like to talk a lot, but you are not helping anything. How about giving me a guide about how to flirt with sister?"

"Ah, yes, there is no shit like that; brothers shouldn't fuck sisters!"

Lust did not understand how this was the same Lucien, who had made her come so many times just ago.

"You were very well fucking the great demon of Lust, so what's the matter with a simple sister?"

Lucien didn't quite know how to answer this, but he tried his best.

"I'm not sure... With you, it seemed so natural... it was as if your body was made especially for mine."

Lust was also not sure why the sex was so good with him, but now was not the time to think about it, but about how to resolve the siblings' shyness.

"The problem is that you are thinking with the top head when you should be thinking with the other."

Lucien didn't want to be arguing with Lust all the time because it wouldn't change anything. He understood that it didn't work because he was shy and hesitant.

Then he would have to stop being a pussy and deal with this shit head-on. He prepared himself emotionally and thought about Sophia's sexy body while thinking...

"I have to do this for all of us. Mother, give me strength..."

Then he ran in the direction that Sophia went. It didn't take long for him to arrive in the bedroom area, and Sophia's one was close to his.

Her room was very similar to his. And just after he went through the door, he was surprised. Sophia jumped on him while giving him an awkward hug making his face stay between her breasts.

When she jumped, he acted involuntarily and held her back by the ass as he did with Lust.

That movement seemed so natural that his body acted so fast, and now it was impossible just to let go because she was holding his head tightly between her boobs as she wrapped her legs even more tightly around his waist.

"I'm sorry, brother! I expected so long for the day that you would accept me that I didn't know how to act when it just happened."

"But I'm happy! I want this. I really want it... you know... you can... fuck me... because I'm only yours and I will always be..."

Lucien thought of several ways to be direct and not waver but not even Lust expected something like that.

"Just as I said... You are a born gallant!"

"Fuck you, stupid Lust!"

Lust wanted to argue with Lucien, but she knew now was not the right time, so she remained silent after the sarcastic comment letting him handle it his way.

Sophia was very nervous when she ran and hid at home. She just freaked out when she heard Lucien's confession of love. She wanted him so much for so long that she didn't know what to do with such much love.

Yes, she saw his request for sex as a romantic confession. A girl in love wouldn't think rationally, but Sophia was worse... "Pisces."

If Lucien still had any hesitation, it was almost finished by Sophia's wonderful scent. It was totally different from Lust, but he couldn't say he loved it any less.

And his hands began to move willingly on that nice ass. Even though it was smaller than Lust's, Lucien also liked it a lot. He couldn't help comparing her to Lust because he had lost his virginity to her less than an hour ago.

But the more he compared both, the more he felt guilty. They were different people, and it was not fair to either of them to make these comparisons.

After hugging him so tightly for a while, Sophia started to calm down and released Lucien's head from her cute little breasts.

Lucien didn't wait a second before he started kissing Sophia. She was happily surprised by the action but had no experience and ended up not moving her lips.

He continued to kiss her calm mouth. And they both started laughing at the strange fun. Her gentle and loving laugh made Lucien's heart melt.

"Sis ... Sophia ... How I never took good care of her... I really am a complete asshole."

Sophia liked the care he was doing with tap kisses on her mouth. But she wanted to go further and opened her mouth, allowing his tongue to enter and meet hers.

Lucien's tongue treated Sophia's tongue very gently, and they caressed each other gently as he led the kiss with all the love he had.

She felt like she was in heaven. She couldn't believe she was being held by the man she loved so much while he tenderly explored her mouth, letting her feel his wonderful taste.

Sophia really wanted that moment to last forever, but soon she discovered that even better things were coming.

"Are you okay with me?"

When Sophia broke the kiss to speak, a string of bright saliva still connected their mouths. He drank that string seductively while he answered her.

"I was an idiot for so long... But now I will treat you properly... as long as you want, I can give you everything..."

"Not only because you want to, but because I want to be with you..."

He did not continue to kiss her mouth but went to her cheek and then started to descend while taking off her clothes and saying the names of the parts he was kissing.

"Because I want to kiss your mouth..."

"Kiss your face... your neck..."

"Kiss your beautiful cute breasts... both of them..."

Lucien went down kissing her belly, and then after passing through the navel, he arrived at the promised land. He had already taken off her blouse but still lacked the skirt and panties, which he started taking off with his mouth. But when he was almost done, Sophia stopped him.

"Let me take care of you too... I have so much love to show you that I can barely contain myself..."

Lucien saw the resolution in Sophia's eyes and would not refuse the offer of a woman he already loved so much. Then he sat on her scented bed and couldn't help but pick up the sheet and start to sniff her delicious scent of flowers.

Sophia couldn't help but blush a little, but she held herself steady as she slowly walked towards him, trying to be as sensual as she could.

She showed inexperience with every move, but Lucien couldn't be enjoying it anymore. She was so pure, and he could accept all that gentle love, which is just fantastic.

Then she began to remove his pants delicately while keeping a gentle smile on her face. Lucien found her smile like a new drug that he didn't mind getting addicted to.

Sophia couldn't help but open her mouth by surprise when she released Lucien's big hard cock. She was not scared and wanted to take it's entirely inside all her holes with all the love and affection she had.

Starting with her mouth, she didn't hesitate to lick that big cock she already loved so much gently. She can only love even more after feeling that pleasant taste.

While Lucien and Sophia enjoyed each other, two invisible spirits watched them from the bedroom corner.

"Shall we join in the second round?"

"Hmm..m?"

CHAPTER 10: Cute Sister part 2

The slurp sounds weren't as loud as when Lust did it...

But Lucien was very much in love with the different feelings, which were to have his cock in a mouth that was so kind and not so wild.

"Mm..."

"Oh..."

"Aaahhh!"

He patted Sophia's head as holding her beautiful red hair while she gave him a fantastic blowjob.

Sophia was like a little girl who got a new toy and wanted to do everything with it. She had zero experience, but a thousand in the willingness and all that goodwill made her very successful in giving Lucien immense pleasure.

Lust, who watched them, kept touching herself while she felt very horny seeing the sensual but still innocent way that Sophia sucked so vigorously on that dick, which she also loved so fucking much.

Lucien started to shiver as he felt his cock going to heaven. Then he held Sophia's head tightly involuntarily and started pushing his cock further into that beautiful throat.

She did not resist and followed his lead while among the "slurps" tried to speak words that only excited Lucien more and more.

"You can cum it all in my mouth! I will drink everything..."

"Pleaaaseee giveee mee iiittt!!!"

Lucien already loved it all so much, but then she still increased the sucking and begged him to come on her. That kind of stimulation was too much for someone so new to these matters, and he couldn't hold on too long.

He felt the apex of pleasure in such a hot blowjob and pushed his cock in a single hard thrust, which reached the deepest part of her throat while he pulled her head against his cock and held it until he cum everything into her.

"AAAAAAHHHHHHH TAKEEE IT ALL!!!!"

And she took it all...

Sophia could only think because her mouth was very busy.

"It's so fucking good!!! I want to drink it all ... don't stop, please... give me more, my love!!!"

But she was very inexperienced, and Lucien could produce astronomical amounts of cum, which even Lust had a hard time handling.

Then, as expected, Sophia choked after drinking a little more than half of it, and Lucien quickly took his hard cock out of her mouth.

He was still coming and splashed what was left of it on her gorgeous face.

It was all swift, and when he tried to avoid doing that, she got in front of it, not wanting to lose any part of his excellent seed, which she wouldn't get tired of swallowing with all her holes...

"Sis!? Are you okay?!"

Lucien was afraid he would have hurt his sister and tried to check out if she was okay.

But Sophia was still kneeling and began to ran her finger on her face full of his cum, as tried to eat it while said nothing.

He became more concerned, but then she started making an interrogative sound like "hmm..." and couldn't keep her expression serious for a long time before giving him a very naughty smile and starting laughing.

"I knew it would be nice... but it was more fucking fantastic than I could ever imagine!"

"Hahahahaha... I just love you soooo much, my sweetheart!!!"

Lucien can't help but laugh too. Sophia surprised him more and more in ways that he couldn't enjoy more.

"Hehehehe... I think... I... already love you... too..."

She had already said several times that she loved him, but he didn't want to speak empty words...

But as he saw the gentle and kind smile on her face as licking every drop of his cum, he was sure that if he didn't love this woman, he would never forgive himself.

Sophia's eyes shone with happiness, even though he stuttered a little to say he loved her.

She knew he wasn't someone to talk without reason and was sure that even if it wasn't a great love now, it wouldn't be long before he didn't live without her.

Then she stood up and hugged him sensuously as she bit his ear and whispered.

"Did she drink it all?"

Lucien was expecting dirty words but was surprised by that jealous performance. He knew who she was talking about, but he didn't like it and made his point clear as trying to act like an alpha.

"She has nothing to do with us. Only you matter now... I'm looking and thinking only of you... so don't think of anyone but me!!!"

Sophia's heart beat faster when she heard his confident words. Her pussy started dripping with love juices when he hugged her tight and began devouring her mouth.

While he sucked on her tongue excitedly, Sophia couldn't help but try to speak words that came out strangely, but Lucien understood everything.

"I'm only yours... all of me... for you... I'll only look and think about you... so... never abandon me..."

Lucien couldn't believe that it was his sister. His sister, who was always a kind and calm person... she just wanted to be loved... he needed a long time to notice her, but now he would hold her tight and never let go.

He stopped using words and began using actions. A desire arose inside his body and consumed his whole soul... a desire to mark her whole body... and make her his and only his... forever...

Then he lifted her up and threw her on the small wooden bed, which already has its destiny decided, and tore the panties that she still wore.

"Now, it's my turn to make you feel good."

"Sophia couldn't be happier, and after having her panties ripped, she spread her legs wide and invited him to do whatever he wanted with her body."

"Heeh?"

But to the cute sister's happy surprise, he didn't immediately start to fuck her but began to kiss her all upper body lovingly.

He left wet marks on her face... neck... and collarbone area. Then he paid special attention to those two cute little breasts that fit perfectly in his hand.

Sophia was pleased as he kissed her so lovingly and was even happier because she understood that he wanted to mark her body.

This means that he was already thinking possessively about her, and that was something she couldn't help but love.

But she was a bit pessimistic when he started touching her small breasts as she was very insecure about that part of her body.

"Do you think they are small?"

Lucien paused a second before keep to caress that cute little breasts, which he already loved so much. Then he sucked on her pink nipple once more before starting to speak decisively.

"Yes, they are small..."

Sophia bowed her head in shame. She thought he could try to cheer her up, but he went on as usual and spoke directly what he thought, making her more insecure about her body.

But then he put his open hand directly on her left breast while making his point clear.

"Look... they are made especially for me... even small, they fit perfectly in my hand..."

"They are so soft and fluffy that I want to squeeze and touch it all the time..."

"And the flavor... I love their taste so much... I want to kiss and suck it nonstopping..."

Sophia was pleasantly surprised, she knew he was not lying, and now she was blushing even more because she did not know how to react, receiving such delightful words from her lover. But Lucien hasn't finished yet.

"Every part of your body couldn't be more beautiful. And that's all for me..."

"I love each part of you... I love these cute little breasts very much, and I made sure they were always pleased!"

After speaking such passionate words, he finished splendidly, giving many wet kisses on her breasts and sucking both nipples vigorously.

All of this was too much for Sophia's little heart, which was beating as fast as a deer in front of a car headlight. She felt as if her heart was going to leap out of her chest, jumping happily.

And her very honest pussy can't help but produce such an enormous amount of love juices in reply to Lucien's passionate words and wet kisses.

Lucien noticed this and acted fast by sucking her pussy while drinking those delicious juices, which smelled so fucking good.

"Didn't I say you were mine completely? Your lovely juices are also mine, and I want to drink everything!"

Sophia gave him a smile that was both naughty and gentle at the same time while acting shy in a way that was so damn sexy that Lucien's cock was trembling hard excitedly.

"Mm, sorry... hehe..."

Lucien then began to kiss Sophia's fluffy red vaginal hair. The smell of her pussy was like fresh wildflowers, and it also went to the list of the most intoxicating drugs, which Lucien would enjoy over and over again.

He kissed a few times lovingly that fragrant sacred red forest, which he will always take good care of. And then he made his way through her unexplored pussy with his tongue, which did the honors of being the first to be there.

It was more delicious than he imagined, and he can't help but praise it, making Sophia happy and flushed.

"It's so sweet... I love the taste..."

"You're so delicious ... I just want to eat you all entirely..."

Then he slowly and lovingly opened those pink inner walls of her sweet pussy. He was gentle but still enough to make Sophia squirm by pleasure as she moaned loudly.

"It is so good!!! You can eat... leave no part... just keep it up..."

He already had a little experience, but it was the fact that it was his beloved's tongue that made Sophia come so fast. He squirted like a river on a rainy day, and Lucien drank it all without wasting a drop.

"OHHHHH FUCK!"

Lucien gave some tap kisses on that beautiful pussy after drinking all the juice of love. Then he still standing in front of the bed, spread Sophia's legs further, and prepared for the next step.

"Are you ready?"

Sophia replied with that gentle smile characteristic of her.

"I waited too long... don't provoke me and do it quickly... or maybe do you want me to beg?"

Lucien found it very cute the way Sophia tried to look seductive and naughty, but she still managed to surprise him.

"Give me please... give me your great meat staff..."

"Fuck me so hard until... I fall by pleasure... my man... my love!"

Lucien tried to be serious, but he couldn't help but laugh. Sophia was adorable doing those naughty but gentle expressions at the same time.

Sophia had no experience with sexual things, but she had still done a lot of research with other people for the long-awaited day she could be sensual and sexy for Lucien.

He saw when she was depressed after he laughed and explained quickly.

"I'm laughing because you're so cute even when you do sexy things."

"I am delighted that you chose me, so you can keep like this because you are perfect anyway."

Lucien and Sophia smiled lovingly at each other, so he slowly aligned his already super hard cock with her already very wet pussy.

"I'm going!"

"Just come!"

Then he opened those small and delicate pink lips of her beautiful pussy. He entered slowly with his cock's head slowly expanding her fragrant inner walls, who welcomed his big dick very well.

The tightness that Sophia's pussy made on his dick was both stimulating but also gentle. He couldn't help thinking that she was too perfect.

He felt that warmth so welcoming, and it looked like her pussy was made especially to take his dick. So he kept going slowly until his dick reached something that slightly blocked it.

He knew anatomy to understand what it was about, and he looked at Sophia just to see her nod with the most radiant smile he had ever seen on her so far.

So he couldn't help himself and broke the block with his dick, painting it by the blood, which proved her virginity.

He looked at her again, but this time, he saw tears and was startled, thinking that the pain could be too much for her.

When he tried to make his dick out of her pussy quickly, he failed because she was quicker to wrap her legs around his waist and attach them both.

Before he could say anything, she spoke as lovingly as she could while wiping the tears with her hands.

"They are tears of joy. I'm so happy that we're finally together!"

"Now, you can never leave me!!!"

Lucien can't help but be moved too.

"Why would I abandon my most precious princess?"

While Lucien and Sophia exchanged caresses with words and actions, the two spirits still in the corner of the room watched everything without blinking.

"Old woman... can you really deny that you want that delicious cock inside your old dirty pussy?"

Lust, even in the spirit form, still wet a large part of the floor, seeing that cock she loved so much.

"I never said that... but now, I have to think about my host's happiness first... but who knows..."

Sloth, who had the appearance of a very sexy blond milf, seemed to have her eyes closed but did not miss any part of the action, which she would not deny being very interested.
