

Chapter 1001

The three words he said seething with hatred. Everyone could feel his emotion after hearing it.

It seemed that Tom was his sworn enemy in the world; neither can live while the other survives.

That's right. Asura had never suffered such a ...

However, he was offended repeatedly by a person who didn't even arrive at the God Becoming Level, which was a huge insult to his reputation!

Especially after that incident in Green Island, he had now become a laughingstock in the entire Clan World!

After that time, Tom leaped directly from a nobody to a bright star on the List of Immortals. This was another huge slap on his face. How could he accept it?

In an instant, all his muscles tensed up, giving off an earth-shattering aura, almost swallowing Tom.

For Tom, he was not afraid or nervous

at all. Even his face remained a light smile.

"Asura, you are the Strong at the God Becoming Level and the Bishop of the Sun & Moon God Sect. How could you make things difficult for a group of women? You are rubbish. You have insulted the name of the Strong." Tom shook his head with disdain.

After Asura heard this, his hatred and anger for Tom became even more intense!

He stared at Tom, almost staring his eyes out!

The rest of the Nüwa Sect could feel his anger and horror. They were all trembling and sweating for Tom. After

all, Asura was a master of God Becoming Level.

And his reputation in the Clan World was too great, and only the Four Major Sects could overshadow him.

Cyrus stared at Tom with complex feelings. She didn't expect him to stand up for the Nüwa Sect at this time.

She was grateful, but she didn't believe that he had the ability to save the Nüwa Sect from Asura.

Even judging from Asura's anger, it was still a question that whether Tom could spare his own life.

Now all the members of the Sun & Moon God Sect began to surround Tom, all filled with hatred and anger. If

their eyes could kill, then Tom had been torn apart hundreds of times.

An ordinary person would have been too scared to speak facing this situation.

But it didn't seem to affect Tom at all.

Even Xander, who stood not far away from him, could feel the murderous aura of all the Sun & Moon God Sect members, which sent shivers down his spine.

He could not understand why Tom, a master of the Half-step God Becoming Level, could remain calm in such a situation. Why?

Was it because he was especially thick-skinned and strong-minded?

But in any case, there was an insurmountable gap between the Half-step God Becoming Level and the real one. What could Tom use to fight Asura, or was he a daredevil?

He had just fought with Tom. Although himself was not his match, he certainly did not think that Tom could be Asura's.

"Tom! You simply like seeking death, don't you!"

Asura stared fixedly at Tom, as if imprinting him on his soul, so that he could find Tom wherever he escaped.

As Asura's voice fell, all the members around them also took a step forward. The overwhelming pressure increased

again and oppressed Tom fiercely.

In an instant, Tom felt the pressure on his body getting heavier.

However, he was not afraid, but grinned a brighter smile.

He always liked the pressure. The more it was, the more excited he became.

And he had not faced such huge pressure for a long time!

He could feel that under this extreme pressure, his spirit had been greatly honed, and his brain was also madly secreting dopamine, making him feel extremely excited and stimulated.

He was a person fond of danger.

In fact, every great pressure he went through benefited him a leap in strength.

He had a strong premonition that as long as he defeated Asura as well as the confidence of the Sun & Moon God Sect, his strength would leap forward again.

Maybe he could break through to the God Becoming Level!

Therefore, not only was he not afraid at all, he provoked Asura instead. "Asura, if you get out of here now and never fight with the Nüwa Sect, I can spare your cheap life, including you lackeys."

Hearing this, Asura's expression

became even more distorted!

He was almost becoming a devil, staring at Tom with grim and hatred, which made him no longer like a person, but a real demon.

All the Nüwa Sect could not help but feel creepy. Even Cyrus was shocked!

Xander gulped. He thought that Tom was a lunatic to provoke Asura crazily in such a situation. This could not be described as arrogance, but a lunatic. An absolute lunatic!

He had always prided himself on his arrogance, but facing people like Asura, he remained in awe and did not dare to seek death.

But Tom was really seeking death.

He could assure you that according to Asura's nature, he would not kill Tom so easily, but torture him in the cruelest and most painful way in the world.

To make Tom beg for death.

Death is not scary. What's scary is that you can't die when you want to die!

"Good, good, good!" Asura laughed in anger. His expression twisted to the extreme, and his eyes were about to bulge out in an absolutely violent state.

"You're not afraid of death, are you? Then I'll make you beg for death!"

After saying this, Asura attacked Tom without any reservation.

Considering his nature and identity, it wouldn't be so easy for him to do it personally.

But now, he couldn't help it. He couldn't wait to capture Tom alive and torture him!

Chapter 1002

His speed couldn't be described as fast, it was almost teleportation. He was about 20 meters away from Tom.

At this distance, even the fastest sprinter in the world would take more than two seconds to get to him, but for Asura, it could be done in a blink, which was unimaginably fast.

It seemed to be faster than the speed of sound. It was after he got in front of Tom did Tom hear a sound of him.

Xander, who was standing by, saw this, and he was so shocked that his heart missed a beat.

If it was him facing Asura's attack, he

would probably have died.

The God Becoming Level was indeed incomparably powerful!

In fact, for Tom, he felt unprecedented pressure in an instant!

Almost in this instant, all his muscles tensed up, and he became very focused in an instant. This Asura was even stronger than the queen of Eagle Country!

No wonder even the queen was injured after fighting him.

However, Tom was not an ordinary Half-step God Becoming Level. Even in the face of a strong man like Asura, he had the ability to fight.

Almost at the same time, Tom had already made his move before Asura could put his hand on him.

Moreover, he did not try to avoid Asura's attack. Instead, he chose to fight back head-on. He swung a punch at him directly with a bang!

It collided into Asura's palm, like Mars hitting the earth, making a huge sound wave.

The air seemed to be compressed by them, creating a huge sound wave, spreading around, like ripples on the water.

The people around them felt a little pain in their eardrums.

It was not that they were weak, but

that the collision between Tom and Asura was too loud!

They sensed this powerful confrontation, and they were all afraid. Subconsciously, they quickly stepped back!!!

Tom and Asura punched each other and both took two steps back. Tom stepped through a half-meter hole on the floor and broke his shoes!

This showed how powerful the collision between them was!

Asura took two steps back.

He actually took two steps back too!!!

He was a God Becoming Level, and he was also at the First Rank of God

Becoming Level, and Tom, who was only Half-step God Becoming Level, actually fought evenly matched with him!

For a moment, he felt ridiculous and couldn't believe it was true.

Especially when he and Tom's fists collided just now, he felt that Tom's power was not under him.

What kind of monster was this?

Even King of Carefree, who ranked number one on the List of Immortals, couldn't be more powerful than that.

However, King of Carefree was the strongest of the East Sect and of the human world.

It took King of Carefree many miraculous pills, many scrolls of secrets, and much guidance from others who were of the God Becoming Level to get to this position.

He was a one-in-a-million genius whose success couldn't be copied.

But what about this Tom in front of him? Why was he so powerful? It was completely impossible.

Or was the guy in front of him King of Carefree?!

So in extreme shock, Asura blurted out, "Are you King of Carefree?!"

He couldn't help but be so shocked. He knew that King of Carefree was the only one with such terrifying power in

the world.

If the young man in front of him was really King of Carefree, then he needed to run from this.

He couldn't beat King of Carefree. And he couldn't afford to mess with King of Carefree who had the East Sect, the leader of the Four Major Sects, to support him. The price was too high for them, the Sun & Moon God Sect.

When the others heard his words, they were all surprised and looked at Tom.

King of Carefree, this name, was very well-known to the people of the whole Clan World!

No one would not know King of Carefree, and no one would not fear

the world.

If the young man in front of him was really King of Carefree, then he needed to run from this.

He couldn't beat King of Carefree. And he couldn't afford to mess with King of Carefree who had the East Sect, the leader of the Four Major Sects, to support him. The price was too high for them, the Sun & Moon God Sect.

When the others heard his words, they were all surprised and looked at Tom.

King of Carefree, this name, was very well-known to the people of the whole Clan World!

No one would not know King of Carefree, and no one would not fear

King of Carefree.

They all had the idea that the King of Carefree was going to become the world's strongest.

After all, this King of Carefree had killed a God Becoming Level!

In the entire Clan World, there was a concept that when King of Carefree stepped into the God Becoming Level, he would definitely become the strongest of the whole world.

Even under King of Carefree's leadership, it was not impossible for the Clan World to take over the Secular World.

Even a lot of people in the Nüwa Sect took the King of Carefree as their hero.

So when they heard Asura's words, their eyes lighted up looking at Tom.

Cyrus was stunned. Was Tom King of Carefree? She didn't even think about that.

After all, King of Carefree seemed too far away for them...

The people from the Sun & Moon God Sect heard Asura's words, their expressions changed, and they took two steps back. For the first time, they had the taste of awe and fear.

If Tom was really King of Carefree, then they would never dare to be enemies with him!

And what if the King of Carefree

decided to destroy their Sun & Moon God Sect just because they displeased him?

When Tom heard Asura's words, he was a little stunned. He was Tom, not anyone else. Why would Asura mistake him for King of Carefree?

Then, he saw everyone's reaction, that kind of shock, awe, and fear, not pretended, but from the bottoms of their hearts. This King of Carefree was really powerful!

Suddenly, he had some misunderstanding about this so-called King of Carefree.

However, just as Tom was about to speak, Asura suddenly shook his head

and his eyes suddenly became sharp and serious. "No, you're not King of Carefree! If it was King of Carefree, he wouldn't waste his time talking to me, and he wouldn't make the Sun & Moon God Sect his enemy just for the Nüwa Sect!"

Tom nodded and said, "Yes, I'm not King of Carefree."

Cyrus was a little anxious when she heard that Tom was so honest. If Tom continued to pretend to be King of Carefree, she believed that Asura would retreat and dare not continue to make things difficult. In this way, their Nüwa Sect could be saved.

But now that Tom was so honest and told him the truth. She couldn't help

but worry.

Asura still did not make any sudden movements, but stared straight at Tom and said, "Then who are you? Emmett from the West Sect or Alistair from the North Sect?!"

In his mind, only those three were able to fight with him in Half-step God Becoming Level.

However, Tom still shook his head. "I'm Tom, a man from H Country."

Chapter 1003

Hearing Tom's words, all the Nüwa Sect disciples were very anxious, thinking that his mind was confused. Since Asura had misunderstood his identity, why was he so honest?

It was a stupid method!

All of them were extremely anxious and worried.

Asura stared fixedly at Tom and did not attack him immediately. From his eyes, it could be seen that he was very afraid of Tom.

Through the fight just now, he had already felt that his strength was not below him.

Most importantly, Tom was only a Half-step God Becoming Level expert. He hadn't reached God Becoming Level yet. It meant that he was the super genius, at least at the same level as King of Carefree, Emmett, Alistair!

To be honest, Asura was still very afraid of this kind of super talent. He did not think that he could not defeat him, but that he thought behind him might be a huge force. Only that could cultivate this kind of super talent.

In this way, he had to take precautions.

So after a few seconds of thinking in his head, he said in a deep voice, "Tom, you're strong. I underestimated you. Today is between my Sun & Moon God Sect and the Nüwa Sect. Don't

interfere. Leave now. I can let you go!"

He gave Tom a chance to leave by saying this. As long as Tom didn't want to die, he would choose to leave and not get involved in this mess.

When the Nüwa Sect disciples heard this, they became even more nervous and kept sweating.

Judging from the current situation, they could see that Tom was very strong and could actually compete with Asura, and Asura was also afraid of him. In other words, he was the only one who could save their Nüwa Sect now.

If he abandoned them and chose to leave, then the Nüwa Sect would be

doomed!

So they couldn't stay calm and were all stared at him nervously.

Now, including Cyrus, she clenched her fists and stared fixedly at Tom. At the same time, she kept praying in her heart that he would never abandon them and leave. He was their only hope.

If he could save Nüwa Sect, he could be their overlord.

In comparison, it was much better for Nüwa Sect to be charged by Tom than to fall into Asura's hands!

Xander was very dispirited and dissatisfied, but now, he had to admit that Tom was way better than him.

With Half-step God Becoming Level's strength, Tom could compete with Asura, which could be called as the chosen one.

Compared to him, Xander was still no match for him.

At this moment, everyone's gaze was on Tom, waiting for his answer.

At this moment, he smiled again. "Asura, you really can bear it. I killed so many of your disciples, and you don't want to revenge them? I don't think so much of you, hahaha."

Everyone knew when he said that. Tom was adding fuel to his anger. He was just courting with death!

Sure enough, Asura's face darkened

instantly, which was extremely ferocious and cruel.

He was provoked. He was not a good-tempered person. He chose to avoid the fight with Tom because Tom was a super talent.

However, Tom didn't give him any face. If he could endure this, then how would his disciples respect him? He would become a complete laughingstock if it was spread out, and even his disciples would look down on him from the bottom of their hearts.

"Since you want to die, then I will fulfill your wish!!!"

Asura was completely enraged. His figure moved fast. He appeared before

Tom in the next second.

This time, his attack was more fierce and overbearing than before!

He had decided that no matter who was behind Tom, even if it was King of Carefree, he would have killed Tom today. Otherwise, he would lose his dignity.

Tom also felt Asura's murderous power in an instant. It made all his muscles, and blood boil.

At the same time, his spirit rose to a peak.

He knew that this was Asura's full force, and he could not underestimate the enemy.

Almost in an instant, he had already reacted and fought Asura.

It could be said that he was the most powerful opponent Asura had ever encountered!

Asura was stronger than Her Majesty of Eagle Country.

Moreover, because he was a man, younger, and more energetic. He was one level higher than Her Majesty.

It was precisely that kind of opponent that could stimulate Tom, making him boil up, and his fighting spirit surged!

When he and Her Majesty fought, they had no intention to hurt each other, so they both didn't use their whole strength. It wasn't very helpful to him.

But now with Asura, it was a fight between life and death.

Bang bang...

Tom immediately confronted Asura, and all kinds of huge noises resounded throughout this place.

Under their feet, the ground seemed to be about to be torn apart, unable to withstand the bombardment of these two masters. Clods, stones flying everywhere, as if the incessant explosion of bombs, it was very scary.

When everyone present saw it, they all felt fear in their hearts.

They all retreated, afraid that they would be harmed.

Xander looked at this scene and was stunned. There was a complicated emotion in his heart. A bitter smile appeared on his face and he muttered to himself, "He is the real genius! He could be even with Asura. I was so arrogant that I thought I could defeat him. It turned out that he had never taken me seriously. Alas..."

At this moment, Xander was indeed very disappointed and sad.

He was originally dissatisfied with Tom's sudden appearance and the fact that he had taken his place. He thought that his ranking must be fake and he could not be a match for him.

But in the end, Tom's strength was far

above him.

Including the fight with Tom just now, Tom didn't exert much strength and did not take him seriously. This was a huge blow to Xander, who had always been haughty.

Chapter 1004

Not only him, but the other Nüwa Sect people were all dumbfounded now.

"Oh my god, am I blind? Tom can compete with Asura."

"That's ridiculous. Didn't you say that Tom was just at Half-step God Becoming Level? Why could he fight Asura?"

"Lord Ross, who was also a half-step God Becoming Level, was defeated by Asura in one move. But Tom could even compete with Asura. This is too ridiculous."

"God Becoming Level could hardly be reached. This is a huge gap. Those who

haven't reached that level are too weak to compete with masters at the God Becoming Level. How could Tom at Half-step God Becoming Level fight with Asura for such a long time? What's going on?"

"Could it be that Asura's strength has regressed?"

Many female Nüwa Sect disciples were also extremely confused and puzzled. They could not understand why Tom could fight with Asura. In their opinion, a master of the Nüwa Sect was an immortal. Although Tom was powerful, he was only half a step in the God Becoming Level, just like Xander and Cyrus.

In theory, those who were at Half-step

God Becoming Level were all losers to Asura.

However, Tom's performance was far beyond their expectations and understanding.

Hearing their words, Xander curled his lips and felt even more uncomfortable in his heart. He had to admit he was no match for Tom!

Cyrus was also very surprised now. But soon, she came back to her senses. Her originally desperate eyes lit up and she stared at Tom, seeing him as her hope!

As the overlord of the Nüwa Sect, she was naturally more confident than ordinary disciples.

She knew that in fact, the top masters

at Half-step God Becoming Level had the chance to fight with those at God Becoming Level.

Take the top three masters on the List of Immortals for example. Though King of Carefree, Emmett, and Alistair, were at Half-step God Becoming Level, they all had a record of defeating masters at God Becoming Level!

Among them, King of Carefree, who was ranked first and the most popular, had personally killed two masters at God Becoming Level. He was extremely powerful!

And now, Tom was Half-step God Becoming Level and he could contend with Asura, which meant that Tom was also super genius!

Most importantly, Tom was still very young. He was only about thirty years old, much younger than King of Carefree.

Therefore, Tom was a super genius with a promising prospect!

She thought quickly. The Nüwa Sect was weak, and they were at an inferior rank in the Clan World. If they could win Tom over, they might become strong and popular!

Though Tom was only at Half-step God Becoming Level, he was already very strong. No one could imagine how powerful he would be if he reached the God Becoming Level.

By then, he would definitely be able to

protect their Nüwa Sect, so that they could survive for a long time.

So, in just a few seconds, Cyrus watched Tom fighting Asura in the distance, and a lot of thoughts flashed through his mind.

At the same time, many believers of the Sun & Moon God Sect were now dumbfounded, and they just couldn't believe it.

In their opinion, Bishop Asura was absolutely invincible. He had led them to defeat many strong masters and seized many resources. They never failed.

But now, Tom, a nobody, stopped Asura, which was a failure to them.

Asura was fighting with Tom now, and he was also very angry.

Because he found that Tom was actually not his opponent. Theoretically speaking, he could defeat three masters with the same level as Tom!

However, Tom was too energetic as if his energy wouldn't run out.

Most importantly, Tom's spirit was very strong. The pressure of the God Becoming Level could not work on Tom.

The biggest difference between the God Becoming Level and the Half-step God Becoming Level was not only in terms of force but also in terms of

spiritual suppression, which could also be called spiritual attack.

But now that his spiritual attack had completely failed on Tom, Asura could not figure out why this happened.

This was because he didn't know Tom well enough. If he knew that Tom had condensed part of National Fortune and Great Momentum in the Kungfu Cup, he would naturally understand this.

In fact, Tom was no match for Asura in terms of hard power. However, he was so young. At thirty years old, he was energetic. Moreover, his character was extremely tough, and he was a warmonger in his heart. Facing Asura's threat, he became more and more

excited instead of being fearful.

It had been a long time since he had fought so fully and delightfully!

This made him feel very excited and happy.

Now he kept fighting with Asura like a madman. Now he was the aggressive ratel!

"Ha ha ha ha, terrific! Asura, fighting with you is very satisfying. Fight again!!" Tom let out a long roar. After being punched back by Asura, he did not stop at all. Even though he was in a mess and his clothes were torn apart by the force, one by one, he was still very excited. Then he immediately pounced on Asura.

Seeing him like this, Asura frowned and cursed him in secret.

"You are indeed strong. But that's it. Die!"

Asura became even more ferocious. He began to use his full strength to fight with Tom again.

"Wonderful!!" Tom faced the attack and did not retreat. He stepped forward and kept punching him with fists as powerful as cannons.

Asura was furious and getting more and more agitated. As a powerful master at God Becoming Level, he couldn't even get Tom. It was a shame for him.

Moreover, he found that Tom was too

difficult to deal with. He seemed to be undefeatable. He was obviously stronger than Tom. However, Tom's moves were too sophisticated. Every move seemed to be designed with the most advanced computer. Asura was under his control, feeling extremely uncomfortable.

He thought, "How could this be? This damn Tom is so annoying!"

Asura was very depressed. He had already used all his strength, but he still couldn't take Tom. Instead, Tom was getting even braver.

Chapter 1005

Compared to his frustration, Tom was in a different mood.

Although Asura's strength was indeed strong. In terms of hard strength, he was stronger than him, but it was not that Tom could not rival him at all. He just liked to fight against the opponents stronger than him.

That made him feel fun!

The battle was also a huge improvement for him, and it was more helpful than a thousand battles with Her Majesty.

Because he and Asura were fighting for life and death, neither side showed

mercy. It gave him a better understanding of the concept of the God Becoming Level.

In his opinion, Asura was the most powerful opponent. Fighting Asura was like fighting heaven and earth as if the natural world was connected to Asura. That was something he had never encountered when he was fighting against a master below the God Becoming Level.

In fact, this was also a huge difference between the God Becoming Level and the Innate Realm!

He and Asura fought so intensely that every collision was a trial for his bones and muscles.

He had strong confidence that after his battle with Asura, his strength would further improve!

The battle between them had become intense, and they fought throughout the Nüwa Sect, causing great damage.

In less than two minutes, the place was destroyed as if it had been bombed by a bomber, which was very frightening.

At this moment, everyone could see that Tom had the strength of the God Becoming Level. It was incredible that he could be head-to-head with Asura!

"What kind of monster is this Tom? How could he be head-to-head with our Bishop?"

"This is a monster! No wonder Alaric

and the others were no match for Tom in the Eagle Country. When did the Secular World have such a perverted talent?"

"Do you think the Bishop may not be the rival of Tom?"

"That's impossible. Bishop is a master at the God Becoming Level no matter what, and he has reached the peak of the first grade of the God Becoming Level! Even if King of Carefree came in person, he may not be a match for the Bishop! How can this Tom outperform the leader?"

"Just go and see. The Bishop must be playing with him. He didn't do his best! When the Bishop gets angry, he can get rid of Tom in no time!"

All the Sun & Moon God Sect people began to discuss fiercely. Most of them still had confidence in Asura. After all, ASsura was a serious whiz at the God Becoming Level, and Tom, no matter how talented he was, was only half way to the God Becoming Level. The gap between the realms was not easy to cover.

For everyone in the Nüwa Sect, they were extremely excited. They focused on the battle between Tom and Asura and were unusually nervous.

This was their only hope. If Tom could beat Aasura, that would be great!

They even had an idea that if Tom could really save them from Asura's

hands, they would be willing to let them follow Tom in the future!

In comparison, Tom was much better than Asura.

Two more minutes passed, and the battle between Asura and Tom had reached an extremely intense level.

And it seemed that Tom was slowly improved from the downwind and was already able to be head-to-head with Asura!

Now Tom was weaker on the surface, but his eyes were more energetic, and his whole momentum was even higher. In comparison, Asura seemed to be stronger than Tom, but his spirit was obviously not as high as Tom's, and he

was more gloomy and frustrated.

Of course. He could feel it now. This damn Tom was just an annoying bug with a strong will to survive and unusual physical strength. But it was Tom's fearless spirit that posed the most threat to him.

Over time, he became more and more restrained. He had already fought head to head with Tom. He was a master of the God Becoming Level. If others knew about this, he would lose faces.

Just then, he had already begun to think of retreating, which was immediately noticed by Tom. He sneered and said, "Asura, are you afraid?"

"Bullshit!!" Asura immediately cursed. At the same time, he also felt surprised. How could his thoughts be detected by Tom?

It was a little weird.

"I can't help it. I'll kill you!!!"

This time, Asura seemed to be getting angrier and angrier. He took a deep breath, instantly pooled his strength, and then launched a stormy attack on Tom.

In an instant, Tom felt great pressure, but he was not afraid. Instead, he was more excited and laughed. "Good!"

He didn't retreat either. He fought with Asura with all his strength.

Now he was desperate, his body was full of scars, and even blood, but he did not retreat. His spirit was getting higher and higher, and he was getting more and more excited. He was an indefatigable machine, a person with a strong will to survive.

Even the others were shocked by his state, and they were all in awe and fear of him.

As the saying went, the brave one will win in any even fight. In fact, courage and momentum were also very important reasons.

For now, Tom clearly surpassed Asura in this regard.

Originally, Asura was still at odds with

Tom. Because of this crushing momentum, he immediately fell into a disadvantage.

However, once he lost the advantages, it was impossible for him to snatch it back.

Asura kept scolding in his heart, and at the same time, he became more and more vexed. Now it was apparent that he could not defeat Tom today.

If the battle continued, he would even suffer an unexpected defeat, so soon, the intention to retreat in his heart became even more strong.

However, when he had the idea of retreat, it was immediately detected by Tom and he immediately launched a

more fierce attack.

It had always been Asura who was attacking, and he was mostly defending. Now that he was attacking for the first time, it was a completely different experience for Asura.

In an instant, Asura felt the tsunami on his face, as if it was an ocean, trying to drown him!

However, Asura was at least the Strong with a lot of experience. In his life, he had fought more than a thousand battles, so how could he be defeated so easily?

He snorted, opened his hands, made moves, and struggled with Tom.

However, he still overestimated

himself, or underestimated Tom too much. As he kept fighting, he found his disadvantage more obvious...

Chapter 1006

What was the hell?

As a God Becoming Level master, the peak of First Rank of God Becoming Level, he couldn't beat a man of Half-step God Becoming Level?

If he hadn't met her personally, he wouldn't have believed it at all.

But the fact was the fact, he had to believe it.

In an instant, he began to be anxious, and sweat broke out on his forehead.

It couldn't go on like this. If he really lost to Tom, his reputation would be ruined.

He had to do something to stop this.

His mind was working fast. Now he was sure that he could end up with a tie with Tom at most, and his physical strength was starting to decline. On the contrary, Tom was very energetic. If they continued, he might really beat by Tom.

As a Strong of the God Becoming Level, Asura would never allow this to happen.

Soon, he thought of a way and immediately shouted, "All of you go and get the women of the Nüwa Sect. I'll play with this little beast first. I want him to see these women being humiliated."

It had to be said that he reacted quickly and immediately found the key to the problem.

This time, he sent all the elites of the Sun & Moon God Sect here, enough to destroy the Nüwa Sect three times. Why did he fight Tom one-on-one?

Wouldn't it be better if he let his men go straight to the Nüwa Sect?

Moreover, as long as the women of the Nüwa Sect suffered something, they believed that Tom would be affected.

Sure enough, after hearing this, Tom's face changed.

Just now, he deliberately provoked Asura, angered him, and let Asura fight with him, so he would not trouble the

disciples of the Nüwa Sect.

In this way, he could protect these Nüwa Sect disciples by himself.

However, Asura was not stupid. Knowing that he couldn't beat Tom, having the risk of ruining his reputation, he immediately realized this.

If the members of the Sun & Moon God Sect captured the Sun & Moon God Sect's disciples, it would be useless to fight with Asura.

Although he could fight with Asura, and even had the upper hand, it was difficult for him to defeat Asura completely. At least it was impossible in a short time.

In this way, he became anxious.

When Cyrus and Xander heard this, their faces immediately changed.

They couldn't stand the impact of the Sun & Moon God Sect.

Hearing Asura's order, other Sun & Moon God Sect members attacked the Nüwa Sect without delay.

Their overall strength was a level higher than that of the Nüwa Sect. They pounced like wolves, with ferocious smiles on their faces.

Which immediately frightened many female disciples of the Nüwa Sect.

However, Cyrus knew that there was no other way, so he immediately

shouted, "All orders! Form a formation and fight against these beasts together!"

After that, she took the lead, gritted her teeth, took out a soft sword from her waist, and immediately fought with these Sun & Moon God Sect members.

She was injured. So could only exert half of her strength and not hold on for long. If the time became longer, she would definitely lose and be captured.

Xander did not hesitate at all. When he saw Cyrus rush up, he gave a long shout and began to attack.

All the disciples of the Nüwa Sect took out their weapons and fought hard with the Sun & Moon God Sect.

Unfortunately, they may be courageous, but their strength was too weak. They just began their fight, not long after, someone had been injured.

"Tom, so what even if you're powerful? Can you protect these women? When my men capture these women, I'll deal with you." Asura laughed arrogantly.

Tom's expression was gloomy and he despised Asura. He didn't expect Asura to be shameless as a master of the God Becoming Level.

He was thinking deeply as well.

"Asura, you're looking for death! I'll count to three. If you don't take back your orders, I'll kill your men immediately!" Tom said coldly. His tone

was full of murderous intent and coldness. It was no joke.

Even Asura was shocked by his current coldness.

However, Asura was not frightened. He was the Bishop of the Sun & Moon God Sect and a Strong of the God Becoming Level. How could he be frightened by Tom?

So he immediately said disdainfully, "You threaten me now? Okay, I want to see how you kill my men."

However, before he could finish his speaking, Tom had taken action.

Tom ran away from the battle and then broke into the fight of the Sun & Moon God Sect and the Nüwa Sect.

However, he did not attack the Nüwa Sect, but the Sun & Moon God Sect. His speed was extremely high, and there was no expression. He was like a god of death who wanted to kill people. Wherever he went, the people of the Sun & Moon God Sect would lose their lives.

Whether you were the master of Innate Realm or the Major Perfection Realm master of the Innate Realm, you would not stay more than two seconds in his hands.

He slaughtered the members of the Sun & Moon God Sect directly. With his strength, it was like cutting a cake into pieces.

Among the Sun & Moon God Sect, only Asura could pose a threat to him. The others, no matter what levels they were at, were nothing in his hands.

In an instant, seeing this, Asura's eyes were about to crack. He shouted, "Tom."

"You are trying to get yourself killed!"

He was angry. Tom actually attacked his men directly, which was too cruel. He thought Tom wanted to be against with him to the end.

With Tom's help, the Nüwa Sect, who was overwhelmed, immediately felt relieved.

In their eyes, Tom was the Invincible fighter, the anchor of the sea, and able

to protect them. Looking at Tom's back, they felt extremely relieved and safe.

Asura joined the battle. He wanted to stop Tom. But Tom was fast. He could not catch up with Tom at all. He could only watch Tom, the devil, kill his men one after another.

Not long after that, more than ten people had been killed by Tom's hands.

Chapter 1007

Seeing his men fall down one by one, Asura roared in an earth-shattering rage, "Tom! Stop it!!"

But why could Tom listen to him?

Tom continued to strike. His fists were so fast and his attack was so deadly that he killed one life after another.

Asura's eyes blazed with anger. He yearned to kill Tom, but he was so helpless, as he could not defeat Tom.

Tom was too fast and was very sneaky and kept changing directions. He almost hurt his men several times.

If this continued, more than half of his men would be killed by him!

Sun & Moon God Sect was not powerful, and many members had been massacred by Tom a few days ago. If he was also killed by Tom, he would become a leader of no man, which he could not accept.

Seeing Tom killed people like this, Sun & Moon God Sect members were frightened and some began to retreat. Seeing this, Nüwa Sect members felt a respite from the pressure and could even fight back.

Asura gnashed his teeth and said, "Tom! If you don't stop, I'll kill all the women in the Nüwa Sect!"

Tom said in a cold voice, "Just kill them. I'm not from the Nüwa Sect anyway."

These words fuelled his anger. He tried to attack the Nüwa Sect, but Tom didn't even look at it. Instead, he killed even more fiercely.

At this point, Asura got terrified immediately. How dare he continue to attack? Tom's relentless killing would lead to Asura's downfall.

So he had to surrender, "Tom! I give in now! Stop it, and I'll retreat now!!"

All the Nüwa Sect were excited when they heard this. Asura finally gave in and they would be saved.

Tom stopped and looked at Asura with one hand behind his back. He said with a half-smile, "Asura, you are a powerful God Becoming Level player. How could

you give in so quickly?"

Asura's teeth were about to break. He had never hated anyone so much!

However, he had to admit that he couldn't do anything to Tom but gave in to him now.

He took a deep breath and said, "Tom, don't think that you can protect the Nüwa Sect forever!"

Asura was still very fierce in nature. His ferocious and frightening expression shocked the Nüwa Sect members who were relieved just now, as it would be terrifying to be targeted by the horrible Asura.

But Tom was not afraid at all. Instead, his smile got brighter. He flicked his

fingers and said, "Kill me. Anyway, I'm going to reach the God Becoming Level soon. At that time, maybe I could kill your men more than Nüwa Sect members you killed."

"You!"

Asura was really furious. He stared at Tom. If his eyes could kill people, Tom had been killed a hundred times.

However, he had to admit that Tom was not bluffing. Tom was so powerful even if he had only reached Half-step God Becoming Level. Once he broke through to the God Becoming Level, he would definitely outdo Asura. At that time, even Asura would suffer at the hands of Tom, not to mention Sun & Moon God Sect.

Thinking of this, he was overwhelmed with hatred and regret. If he had known that Tom was so tough, he would not have provoked Tom! He was on thin ice already.

He snorted heavily and did not quarrel with Tom anymore. He led a group of believers, turned around and left. Soon, he disappeared from everyone's sight!

Tom felt that their breath had disappeared and had really left. He felt relaxed and heaved a heavy sigh of relief.

He wanted to have a rest, his face etched with fatigue and eyelids nearly closing up.

Although he looked so relaxed just now, he was nearly at the end of his tether. After all, Asura was a real God Becoming Level player, while he only reached Half-step God Becoming Level. In this sense, he was less competent than Asura.

He was able to fight with Asura mainly because he had exquisite martial arts, abundant physical strength, and Great Momentum of H Country. Otherwise, the two of him combined might not rival Asura!

The fight with Asura just now had already consumed too much of his physical and mental strength, not to mention that he had killed so many Sun & Moon God Sect believers later, but in fact, his physical strength was almost

exhausted.

If Asura held on for a while longer, Tom would be defeated.

The fight just now was like a bet. He was gambling that Asura was not bold enough to see his men die one after another. Fortunately, the adventurous Tom won the bet. It took guts to lay a bet.

After pausing for more than half a minute and confirming that Asura and his men had left, all the Nüwa Sect disciples were relieved and heaved a heavy sigh of relief. They went into ecstasies and burst into tears when they knew they escaped from disaster.

Now, everyone was excited, Cyrus

included.

She had never expected that Asura would leave and the Nüwa Sect could escape unhurt.

For a moment, she couldn't help but cry with joy.

"Wow! That's great! These bastards have finally left!"

"We're saved! We're saved!!"

"Long live the Nüwa Sect! Long live the overlord! Long live Tom!"

At this moment, everyone finally realized that it was Tom who saved them. Gratitude was rippling through their bodies. They looked at him square in the eye. He was standing in

front of them, and it seemed that he put a roof over them with his slender body.

All at once, they thanked and admired Tom very much.

They could not be indifferent to such a magnificent man.

Xander came to his senses and also stared at Tom, his eyes brimming with a tangle of emotions.

No matter how arrogant he was, he had to admit that he couldn't hold a candle to Tom.

As a player of Half-step God Becoming Level, he could stand alongside the God Becoming Level and even won. Ordinary geniuses couldn't make it, but

superhero like King of Carefree could.

Xander admitted that he was not in the same league as Tom.

Chapter 1008

Soon, Cyrus was the first to react. She took a deep breath, then slowly walked behind Tom, made a courtesy, and expressed her sincere gratitude and respect. "Tom, thank you for saving our Nüwa Sect!"

And all the Nüwa Sect disciples also began to thank him. "Thank you Tom for saving our lives!"

They really meant it. If it weren't for Tom, they would have fallen into the hands of the Sun & Moon God Sect by now!

Once they were captured by the Sun & Moon God Sect, they would be doomed.

So the Nüwa Sect was almost indebted to Tom for its rebirth.

Tom was the benefactor of the Nüwa Sect who would be thanked all their lives. If it weren't for Tom's sacrifice, the Nüwa Sect would have been gone.

They were not ungrateful. Now, facing Tom's generosity, they were really grateful. They would even not hesitate to marry him.

Even Xander was now completely convinced of Tom. Although he was a proud man and had provoked Tom before, he was not ungrateful. Having seen Tom's performance just now, he also admired him greatly!

So even he bowed deeply to Tom to

show his gratitude.

However, facing the gratitude of all the Nüwa Sect, Tom did not react. He still stood there like a statue. No one knew whether it was because of his slow reaction or his disdain.

"Tom, we can never reward your generosity! The whole Nüwa Sect will be at your disposal with one word!"

Seeing that Tom was unmoved, Cyrus thought that he was dissatisfied with their verbal gratitude.

So she immediately named the practical benefits. She had already decided that even if Tom asked her to marry him, she would not hesitate.

And after his outstanding

performance, she had already decided to build good relations with him.

She had already seen that Tom was as talented as King of Carefree, Emmett, and Alistair. It would be their fortune to follow Tom. After he broke through to the God Becoming Level, the Nüwa Sect would have a foothold.

However, after what she said, Tom still did not react, as if he had really become a statue.

This time, she finally felt something was wrong.

So, she took a few more steps forward and whispered tentatively, "Tom? Are you okay?"

Others also realized something

unusual.

But he still didn't react. Cyrus immediately went forward and as expected, she saw Tom's eyes were closed, and there was no movement at all. Blood slowly flowed out of Tom's nose, eyes, mouth, and ears!

This scene frightened her. What was going on?

Every hole in him was bleeding. Was he already dead from exhaustion?!

Thinking of this possibility, Cyrus's face turned pale and panicked. She was too anxious to care much. She screamed 'Tom' and immediately held him up, and was shocked to find that his body was as cold as a corpse!

What exactly happened? Did Tom really die in the battle?

In an instant, her nose was a little sore and her heart was pricked!

"Come on, help, something happened to Tom!"

Cyrus cried out in a rare panic.

Others were also shocked to hear that. What happened to Tom?

What should they do...

Xander was stunned for a moment and rushed up. As expected, he saw Tom bleeding through every hole in his body, which was as stiff as a dead man's.

And the sadness welled up in his heart.

Tom died of exhaustion for their Nüwa Sect.

The other people of the Nüwa Sect also came up one after another and finally saw Tom clearly. They were all in panic and lost their minds.

Whitney stood there in a daze. She was pierced to the heart and the tears immediately flew down. Tom was dead. For some reason, she only felt grief.

She and Tom had only met a few times, which all ended not well, but she admired him, especially after this incident. If Tom really died for the Nüwa Sect, they would be so guilty.

"Oh my god, did Tom die in the

battle?!"

"Why is this happening? Wasn't Tom fine just now?"

"This, this... What should we do?"

"We haven't had time to repay our kindness to Tom..."

"Tom is so kind..." Weeped someone.

For a moment, none of them could accept the fact and began to cry.

Cyrus's face was also full of grief. Holding Tom, she could not see the sign of his living, which made her extremely sad.

After a while, she endured her grief and said, "Tom died for us. He was the

benefactor of our Nüwa Sect! We must never forget his kindness. We must bury him properly!"

The others lowered their heads and nodded silently.

They all agreed that Tom must have died. For a moment, a grave sadness pervaded this place.

Just then, Tom, who was in Cyrus's arms, suddenly made a slight move, which frightened Cyrus. "This, Tom, just moved!"

Hearing this, the disciples gazed at him with excitement and nervousness. As expected, they saw Tom slowly open his eyes and cough twice. A bitter smile appeared on his face, "Overlord, can

you relax? I can't breathe..."

fter saying this, Tom coughed again.

Cyrus was stunned for a moment, then big drops of tears fell down again on Tom's face. "Tom, you're not dead. Great, great..."

After saying that, she hugged Tom tightly and pressed his head into her breast, suffocating him even more.

Chapter 1009

Tom was extremely weak and completely out of strength that he had no ability to resist at all. How aggrieved he was.

Fortunately, he had a strong body, or else Cyrus would have suffocated him easily!

"Well, overlord Cyrus... Can you let me go... I can't breathe..."

Even a single sentence made Tom exhausted. He didn't expect that he, a Half-step God Becoming Level, a super Strong who was able to resist the Chosen One of God Becoming Level, was almost suffocated to death by a woman.

Fortunately, Cyrus finally heard his "cry for help" and hurriedly let go of him. Seeing his red face, she was stunned for a moment and came to realize what she had done.

In an instant, her face also turned red with shyness. "Tom, I'm sorry. I didn't mean it..."

He sighed. It was so lucky that he could breathe again. It was like that he managed to survive a disaster. She almost throttled him. That was so humiliating.

He slowly regained his breath and some strength. He waved his hand and said, "It's okay."

Cyrus sighed with relief. Seeing that he

was out of danger, she calmed down, so much so that she could hardly stand still.

Other people of Nüwa Sect reacted the same way as her. That Tom was not dead was a big surprise for them. They couldn't imagine how sad they would be if he died.

Xander also relaxed a little, but it was resentment and sadness that dominated his mind. Cyrus hugged Tom so intimately that he, her childhood sweetheart, had never enjoyed her embrace.

But he couldn't be hostile to Tom anymore. After all, he saved them.

Then Tom stayed at Nüwa Sect and

had a good rest.

He was so tired. The fierce battle with Asura was the most intense one since his debut. It almost exhausted all his strength, both physically and mentally.

Now, he was so weak that even an ordinary practitioner could easily kill him, not to mention a master of the Innate Realm,

In his current state, it was not rational to leave Nüwa Sect, and the best choice was to recuperate here.

He believe that Asura would not dare to trouble Nüwa Sect in a short time.

However, what made him embarrassed was that people from Nüwa Sect were so enthusiastic about

him that he was served as their master.

A lot of beautiful female disciples even inclined that they allowed him to come to their rooms at night, and he was free from any derived problem. That was simply a kind of test for decent Tom!

Whitney, in particular, even sneaked into his room that night and wanted to sleep together with him, which scared him a lot.

He immediately stopped her and asked her why. She said that she did this out of gratitude. Tom saved her, and intercourse was the best return for them to their savior.

Her words made him speechless.

However, he also saw that people of

Nüwa Sect were not ungrateful, for they tried their utmost to repay him.

Even Cyrus had hinted several times that she could marry him.

He couldn't bear it any longer. He would definitely failed to suppress his desire!

After all, he was a vigorous young man, while people in the Nüwa Sect were perfervid and enthusiastic first-class beauties. He could not oppress his desire for good.

In the end, after staying in Nüwa Sect for three days, he recovered and decided to leave.

"Tom, you've only been here for three days. Are you leaving now?"

"Yes, Tom, stay longer with us! You saved Nüwa Sect, but we haven't paid you back yet."

"Tom, don't go. I think you haven't recovered yet..."

When they heard that he was leaving, all people of Nüwa Sects were very reluctant to part with him. They surrounded him and begged him to stay.

Tom was suddenly surrounded by dozens of beautiful women with aroma. What made him awkward was that they hugged and pulled him boldly as if he were one of them.

It was impossible that a man didn't move in this situation.

However, this was a disaster for him.

"I have my mission. I can't stay any longer."

Tom replied.

Whitney said, "What do you have to do? Can't you postpone it for a few more days? We have so many sisters who can't bear to part with you, and you just leave us?"

Another female Nüwa Sect disciple said, "Yes, Tom, don't be so heartless. Can you stay? I'll sleep with you tonight."

Other female disciples immediately retorted her. "Does Tom need you? I think he needs me to take care of him..."

"I will raise a child with him..."

"Bah, what a shameless woman..."

Facing these bold female disciples, Tom could feel nothing but pressure. It was like falling into a country of women, where the only man was overwhelmed by all kinds of things. If he was not careful enough, he would be eaten.

Ordinary women could not tempt him that greatly, but they were all first-class beauties, and several of whom could even be called the beauty of the country. It disturbed him so much.

"Wait, wait, listen to me, listen to me..."

Tom stopped them and said, "I have something to do and I'll come back to

see you when it's done. Is that okay?"

However, they still tried to make him stay, which annoyed him and even wanted to sneak out.

Just then, one said with her pleasant voice, "What are you doing here? Let go of Tom."

It was Cyrus.

Chapter 1010

The female disciples who had surrounded Tom immediately let go of him though reluctant, they were still very obedient to Cyrus.

Tom breathed a sigh of relief. Being surrounded by so many beautiful women just now, the pressure he felt was even greater than facing Asura.

After a while, Cyrus walked up to Tom, bowed to show respect, and said, "Tom, since you're leaving, we won't force you to stay."

Tom smiled and said, "Thank you, overlord."

Cyrus continued, "This time, the Nüwa

Sect was saved by you, Tom. Or there would not be Nüwa Sect anymore. From today on, all of us will see you as the master. As long as you need, we will do anything to help without hesitation!"

Her tone was rather flat, but her words were full of sincerity and gratitude. She was not just saying.

Other Nüwa Sect disciples were also extremely serious.

Tom was stunned for a moment and then said with a bitter smile, "Cyrus, overlord, you don't have to do this. Asura and I, our grudge went way back. What happened that day was nothing. Besides, I fought Asura because I had my own consideration. I was using

Asura to test myself."

Cyrus shook her head and said firmly, "Tom, it was nothing to you, but it's a huge favor for Nüwa Sect! Please accept our gratitude, Tom. Although we are women, we are definitely not ungrateful."

Other Nüwa Sect disciples also said, "Please accept our gratitude!"

Tom could do nothing but smile at them. Since Cyrus had already said so, if Tom continued to refuse, it would seem too pretentious.

Indeed, Cyrus was right. For the Nüwa Sect, this was a huge favor. If they did not pay their gratitude to him, they would definitely be very guilty for the

rest of their lives. He could not deprive others of the right to repay a favor.

After thinking for a while, he nodded and said with a smile, "Well, since you said so, then it would be pretentious of me to say no. When I'm done, I'll come to you often."

Cyrus smiled and said, "It's best that you think that way."

Then, she took Tom's contact information and told him that he must not forget the Nüwa Sect before she was willing to let him go.

Tom left quickly. He walked far away, Looking back, he could still see that all the people of the Nüwa Sect were looking at him. In this situation, he

could not help but sigh. His love debt was getting heavier and heavier!

Shaking his head, he put the gloom behind him. He was not a person who liked to think too much about insignificant things. What was done was done. And it was useless for him to worry. Besides, given the situation that day, he couldn't leave them to destruction.

Soon, he disappeared from the sight of all the Nüwa Sect disciples.

"Overlord, do you think Tom will come back?"

After Tom disappeared, a female disciple spoke after a while.

Cyrus also sighed slightly in her heart.

She was somewhat reluctant to part with Tom. Although she had not known Tom for long, Tom did leave a deep impression on her, especially his strong and modest character. He was the prince charming in her mind.

Unfortunately, Tom was already married...

She smiled, nodded seriously and said, "Don't worry, Tom will definitely come back!"

The other female disciples of the Nüwa Sect immediately breathed a sigh of relief when they heard the overlord's words, then smiled sweetly and waited for Tom's return.

...

When Tom appeared in Country M, a day had passed. It was not that Nüwa Sect was far from Country M, but that Tom walked very slowly.

Although he almost died of exhaustion in the battle with Asura, the help the fight brought to him after he recovered was still extremely great!

Now that he was closer to the God Becoming Level, he had already felt the existence of that layer of the membrane. He felt he could easily break it through to God Becoming Level.

And once he got to the God Becoming Level, then his strength and power would once again improve a great deal!

By then, not to mention Asura, even God of War, Albert, wouldn't be able to take him down.

However, he also had a hunch that he still needed to keep it slow and steady and wait for the best opportunity to break through to the God Becoming Level.

Compared with his strength during the war with Asura, his strength improved a lot.

This made him even more confident about his fight with Adam.

By the time he arrived in Country M, he would have completely recovered to his peak and would be incredibly strong!

In particular, his spirit was about to condense into substance. If Asura showed up again, he would definitely be able to defeat him.

So next, his biggest goal was to fight Adam.

He had a hunch that this Adam should be more powerful than Asura. If he fought with Adam, then he might be able to break through to the God Becoming Level directly!

When he broke through to the God Becoming Level, there would be no need to go to the Secret Realm.

In the next few days, Tom picked up his old business, working against all kinds of violence and doing good deeds, to

serve the people from H Country who stayed in Country M.

In less than a week, he had already ended more than 50 dark forces, and he showed them no mercy. As long as they were notorious criminals, he would take their lives.

In his spare time, he even went to all the boxing centers in Country M and defeated all the so-called masters.

Half of the Country M was shocked!

No one expected that a man from H Country would dare to be so arrogant and bold in Country M!!!

Tom did not try to hide. His appearance was exposed to a lot of surveillance, which led many leaders of Country M

to see his appearance.

"Bang!"

In a luxurious office sat a dozen strong men of Country M. They were all dressed in uniforms. Judging from the ranks on their shoulders, their positions were not low. They were the leaders of Country M.

One of them, who was two meters tall and extremely strong, slammed the table and roared angrily, "Useless! All of you! You can't even catch one man, one man from H Country!! There are orders from above. In three days, if you can't catch this damn man, then get lost! Our great nation doesn't need any incompetent man!!!"
