

Chapter 937 Frequent Fluctuations

["If the chapter is wrong, click here to report"](#)

Zhang Xuan is obviously drinking at the moment. Seeing the moon god come to fight the wine, the person who comes is not refused.

Everyone was drinking at the table.

The future is surrounded by private rooms. Look over here, look over there, and go to the corner.

"What are you looking at? Let's play together? It's not easy to get together." A voice suddenly sounded from behind the future.

This sudden sound frightened a future spirit, and at a glance in the future, it was found that Bai Chi was standing behind him.

The expression of the future is a bit unnatural: "You are an idiot, scare me!"

Bai Chi looked strangely at the future. He always felt that there was something wrong in the future. This feeling started from the nightclub, but what is it, Bai Chi? But it is impossible to say.

"Idiot, look at what to see." In the future, a powder fist was raised, and Bai Chi's head was a burst of chestnut. Bai Chi glanced, "Go, drink, are you running over to hide?"

"You are Don't hide anything?" Bai Chi looked over here and looked over there.

"I hid a man, let's go." The future took a step forward and grabbed Baichi's back collar. "Go ahead and drink."

Before Bai Chi's gaze had been swept away, he was forcibly pulled to the side and looked for Zhang Xuan. Go drinking.

Nine Great Kings of Bright Island came out together, and Zhang Xuan was also enjoying himself. The visitors did not refuse, and soon showed intoxication.

The moon god is also rosy cheeks, and that look is like the holy heavenly immortal in the moon palace, which was dragged into the world by Zhang Xuan, a demon from hell.

Seeing Zhang Xuan drink almost in the future, Fu Bozhong made a gesture to the side.

Fu Bo Zhongyi nodded his head and stepped forward to pour up the wine respectfully to Zhang Xuan.

When pouring the wine, Fu Bozhong deliberately knocked on the wine bottle three times. He seemed to casually beat it but brought it to people a very wonderful feeling, as if these three beats contained a certain rhythm.

Zhang Xuanben's slightly intoxicated eyes became more confused after these three sounds.

Seeing this scene, the future and the Moon God waved to the other kings. Before they came, they all knew what to do today. Everyone nodded, and then one by one, they slowly left the box.

In the process, Fu Bozhong is still pouring wine into the glass in front of Zhang Xuan. His method of pouring wine is very unique. It's not that a glass is full and then a glass is poured. More or less, in the process of pouring wine, the wine bottle will touch the glass from time to time, because the wine in the glass is different, and it emits a different tone.

In the future, she was the last to leave the box. Before leaving the box, she deliberately changed a soft music, and then slowly closed the box door.

In the process, Zhang Xuan has been staring at the wine glass in front of his table, without looking at other places, apparently being hypnotized.

Normally, it is totally impossible for Fu Bozhong to hypnotize Zhang Xuan, but today is different. Zhang Xuan and Bai Chi are together, they have absolutely no precautions, plus a lot of alcohol anesthesia, and the cooperation of others in the future, so that Fu Bozhong can barely perform some shallow hypnosis.

Outside the box, Bai Chi and others stood here. The beautiful ceremonial girls who were standing at the door of the box stood aside, lowering their heads, daring not to raise their heads, but constantly looked at Bai Chi and others with Yu Guang curiously, guessing what they were. Identity.

"Don't look at your eyes!" Alex glared in the direction of the ceremonial girls, coldly, without any sympathy for Xiangxiangxiyu.

The ceremonial girls shrank their necks subconsciously and quickly withdrew Yu Guang.

In front of others, some people think that Alex is funny, and even a little stupid, but in front of outsiders, this title of slaughter machete is not self-styled.

Ferris waved to the owner of the store, "Okay, you can go, remember, wait for whatever happens, don't look at it, understand?"

"Understood!" The boss quickly reverently replied that he is a character with a head and a face in the business circle of the capital, but at the moment, he is showing a humble appearance, because he is very aware that there are countless roles like himself under the eyes of this person. The proud place is

worthless in front of the other party.

The boss left with all manners of etiquette.

Bai Chi and others stood at the door of the box and waited anxiously. They all wanted to know what happened to Zhang Xuan. As far as the current situation is concerned, Zhang Xuan's psychology has a big problem.

In the future, standing a little further away from the others, he took out his mobile phone and kept scratching the screen with his hands, Liu Mei gradually wrinkled.

Time passed by one minute and one second, and when everyone outside could not see what was inside, his face gradually showed anxious expression.

Suddenly, there was an exclamation in the future that had been staring at the mobile phone, "Oops!"

Just as the future exclaimed, there was a "boom" bang in the box.

"Save me!" Fu Bozhong's panicked voice came from the box.

Bai Chi and others at the entrance changed their looks, kicked the box door open and rushed towards the box.

At the first glance into the box, they saw that Fu Bozhong had fallen in a corner of the box, and Zhang Xuan, staring at Fu Bozhong with a murderous face, faced Bai Chi and others who rushed into the box with a little reaction nothing.

The coffee table in the box has broken to pieces.

"Future, tranquilizer!" Bai Chi roared, and at the same time, Poseidon, Red Hair, Alex, and Pease rushed towards Zhang Xuan and grabbed Zhang Xuan's hands.

"Go away!" Zhang Xuan snorted and raised his hand hard, just as if it seemed to be soft, Rao is Alex and others, who were almost thrown away by Zhang Xuan.

"Quick!" Bai Chi looked anxiously and urged again.

In the future, he quickly handed over a potion. As in the nightclub, Baichi grabbed the potion and used a steel needle to force it towards Zhang Xuan's neck.

A whole sedative was completely injected by Baichi.

"No, no response!" Alex gritted his teeth.

"Come again!" Bai Chi reached out again.

"The boss's current situation, this tranquilizer has no effect on him, use this." A new potion will be handed over in the future.

Bai Chi did not ask what it was, and still pierced Zhang Xuan's neck.

When this medicine was fully injected, the expression on the face of Alex and others became a little more beautiful.

"It's working, the boss's strength is getting smaller."

Bai Chi also saw that Zhang Xuan's face gradually returned to normal, from the murderous aspect, became gentle, then became tired, and gradually, Zhang Xuan's eyes closed, the whole person Also fell forward.

Bai Chi's eyes were fast and he helped Zhang Xuan before Zhang Xuan was planted on the ground.

Chapter 938 The Origin of Negative Emotions

["If the chapter is wrong, click here to report."](#)

Seeing that the medicine is effective, I will be relieved in the future.

Bai Chi helped Zhang Xuan to lie down on the side sofa.

The rest of the people, you look at me, I look at you, and you see the worry in the other person's eyes.

Bai Chi glanced, and Zhang Xuan apparently had fallen asleep at this time.

Bai Chi asked aloud: "In the future, what kind of medicine did you just get there?"

"A powerful anesthetic, which can numb the dose of an elephant, should allow the boss to take a good night's rest." In the future, he took the injection from Bai Chi. Reinstall.

Zhang Xuanping can be slowed down by anesthetizing an elephant dose of anesthesia, which shows how far Xuan Xuan's body is now.

Bai Chi was surprised for a while, "You already have such preparations?" The

future did not answer, but looked at Fu Bozhong. "Let's first figure out what happened, what happened just

now?" At this moment, Fu Bozhong Already got up from the ground and stood up, looked at the broken coffee table with a lingering fear, took a deep breath, eased the trembling heart, and said: "Masters, you should also know that the so-called hypnosis, but it is In a unique way, to guide the subconscious of the hypnotized person, so as to discover the psychological defects of the hypnotized person." When

Fu Bozhong spoke, his fingers were still shaking, obviously he had not recovered from the shock just now Come, this is easy to understand. Anyone who faced the fierce hell king will be terrified. Fu Bozhong is quite sensible. When the key is shouted, otherwise he will have any consequences, Fu Bozhong I dare not think about it.

"You continue." Bai Chi and others listened.

Fu Bozhong nodded, "Adult Satan has a psychological defense line far beyond ordinary people. Even under alcohol anesthesia, I can't guide the subconscious emotions of the adult. I will not take care of all the questions I ask, so the adult I can only try it to guide the tyrannical emotions in my heart."

"You are playing with fire!" The future suddenly shouted emotionally, "You go to guide the tyrannical emotion in the heart of the boss! Do you know how he came over these years, the tyrannical emotion in his heart, which is you Can it bear?"

"I understand it is dangerous to do so." Fu Bozhong has slowly recovered to calm at the moment. "But I have no other choice. My disciples told me that adults have been deliberately restraining the emotions in his heart, But I just found out that these emotions of him have been somewhat uncontrollable. When I poured the wine, I intentionally poured the wine very messy, without any rules at all. At this time, the adult showed irritability. Then I turned down the sound of the music and deliberately said some sensitive words, such as..."

When it comes to this, Fu Bozhong specially looked at the future and others.

"It's okay, you say." Bai Chi motioned for Fu Bozhong to continue.

Fu Bozhong dared to say, "I mentioned Lord Chessia, the sinking of the Bright Island, and some of the latest things in foreign countries, which will cause the mood swings of the adults, but it is not these that really broke out."

"Yes What?" Everyone listened carefully, and they understood that what Fu Bozhong said next was what Zhang Xuan hid in his heart, or maybe it was Zhang Xuan's nightmare.

Fu Bozhong bit out two words, "clan." When

he heard the word clan, the future and others were shocked. The strength of the clan, they felt deeply.

Xiao, Su, and Zhu's tyranny, they experienced it for themselves, and the powerful oppression brought by the clan was the fact that they almost forced Bai Chi to go to the devil. On that day, Zhu's battle, if Zhang Xuan appeared, what The winner is really hard to say.

And the most important thing is that the three big clans, but among all the clans, the strength ranks last. Before them, there are too many tyranny. At this time, although there is no mountain, no one can say. , When will another clan come out.

Fu Bozhong continued: "When I said the two characters of the clan, the reaction of the adults was not the kind of emotion that burst out at once. These two words seemed to be the organs of the sluice gate. He, as if he had changed himself, in this case..."

Fu Bozhong said this, and didn't go on.

"What is it?" Bai Chi asked anxiously.

Fu Bozhong shook his head, "Sorry, I still can't see it. If I want to know the situation of adults, I'm afraid only the fortune teller in the nine games can know."

Bai Chi's face changed, and Bo Zhongzhong shouted: "I can't see Why can't you see it? The fortune teller and you..."

"Okay, you can't see it, you can't see it, can you force Fu Bozhong to see what's wrong?" Pease glared at Baichi and then rushed Fu Bozhong said, "Today is hard work for you. Ferris has arranged for you. You will leave tonight. There are some things abroad that you need to deal with. Don't come back in a short time."

"Master Sheppis." Fu Bozhong punched Fist and then punched Bai Chi and others. "My lords, then I will leave first."

After that, Fu Bozhong turned around and turned away.

"Why don't you let me ask? He clearly saw it!" Bai Chi looked at Pease with a puzzled look.

"If you ask again, he won't say it." Before Pease said, Izar said first, "We all understand that he didn't see it, but he saw it, but he didn't dare to say, Baichi, You ask yourself, the boss is in the present state. If

Fu Bozhong said that he saw something, could you let him leave alive?"

Bai Chi froze when he heard this, and opened his mouth, but he was speechless. It was indeed like Izar. It said that if Fu Bozhong really said something today, he might not really let Fu Bozhong leave, but it is now like this, giving him a reason not to kill Fu Bozhong.

Ferris looked to the future. "In the future, you will be hiding from everyone's business. Let's talk about it. From the moment I saw the boss at the nightclub, you looked wrong. Just when we were drinking, you installed it in the box. What device? The boss' s physical condition has always been under your responsibility. What happened to him should be the most clear. Obviously, the current situation is not under your control and the boss' s control. Say, we

Let' s think about a solution together." In the future, her face turned white and she glanced around. Everyone looked at herself. She took a deep breath, and then said: "Sit down first, this matter has to be said a few months ago. "The

future took the lead on the sofa and sat down, looked at Zhang Xuan, who was lying on the sofa and fell asleep, and said: "At that time, the boss brought me the spirit stone to the island for the first time, and we were neither Knowing what the energy inside the spirit stone is, the boss used himself as a test."

Chapter 939 Is Internal Force

["If the chapter is wrong, click here to report."](#)

Sitting on the sofa in the future, Zhang Xuan will take Lingshi to the island for the first time until Zhang Xuan absorbs the energy of the fire crystal by himself.

"Do you mean that there is a cyclone in the body of the boss? There are also two colors?" After listening to the future narrative, Bai Chi always felt a little incredible.

Nodded in the future.

The matter about Zhang Xuan's abdomen cyclone has always been hidden in the heart of the future. No one has said that even Zhang Xuan has never told him in the future.

Not from a mocking smile, "It's ridiculous to say, I have the technology that is recognized by the outside world and surpasses the modern fifty years, but I can only understand the changes in the boss's body as internal force, just like in the martial arts novels. Like that, including the qi that we have now, it may just be a kind of internal force."

"How to say?" Bai Chi asked doubtfully, he knew that the future is a very rigorous person, if there is no certainty, the future will never Untargeted, to express such unreasonable speculation.

In the future, take out the phone and make a few clicks on the screen. Then, I saw a beam of light coming from the camera on the back of the future phone, forming a projection on the wall. There are many data analysis tables on the projection.

In the future, he pointed to the projection on the wall and said: "I have conducted a comprehensive analysis of the energy system in the spirit stone and fire crystal during the most recent period, and extracted the DNA of hundreds of living things. Some samples left by the addresses of ancient humans have found through comparison of big data that most organisms have DNA that matches the energy body in the spirit stone. In other words, these organisms themselves some of the gas, and there are a number of cheetahs, elephants, rhinos, ants and other congenital on far more than the human biological constitution tyranny, and now the human DNA, but no such energy body. "

future finish, scratched phone The screen and the projection on the wall change accordingly.

The future continues: "This is some specimens I sent from people, collected from the ancient human habitation site, from which some ancient human DNA is extended. After research, it is found that among the ancient human DNA, it is possession and spirit. For the same energy bodies, I passed this time backwards. Until the beginning of the eighteenth century, there were such energy bodies in human DNA samples. After the eighteenth century, these energy bodies disappeared. "

You mean, we are degenerating?" Bai Chi frowned.

"From the point of view of DNA alone, this is the case." Nodded in the future, and shook his head again, "Of course, these cannot be generalized, so in my opinion, the so-called qi is actually a kind of internal force in martial arts novels, long ago , Also equivalent to a human ability, like we can see things with our eyes, but bats can not be the same, but these things are gradually degraded, but some people remain, this part of people, is the clan, clan The blood is the same. As long as you keep the purity of the blood line as long as possible, this DNA can continue forever, and the situation that the boss is experiencing now, I suspect, is caused by qi."

Bai Chi opened his mouth, what he wanted to say, and was interrupted by reaching out in the future.

"I know what you want to ask. You want to say that the boss, like us, has practiced gas, why are we all right?"

Bai Chi nodded.

"The boss is different from the way we practice Qi." The future shook his head. "We slowly feel the existence of Qi and then absorb the energy in the spirit stone. This process is like we are exercising the muscles of the body. We The method is a bit-by-bit training to slowly transform the fat on the body into muscles. The muscles are owned by us. What we do is just a process of gradually increasing muscles and

gradually reducing fat, just like I'm telling you, we used to have DNA that matched the energy body in the spirit stone, but it was hidden. Now it's a process of excavation, and the boss is different."

When it comes to this, the future will take a deep breath and see Looking at Zhang Xuan, in the eyes of the future, what he carried was actually a distressed look.

"Boss is the first one of us who is in contact with qi. He is not like us. Some people lead the way. He completely explores by himself. If we are to train our muscles little by little, then the boss is to use steel, It's possible that this metaphor is not appropriate for turning the flesh on oneself into muscles, but the reason is this. We use qi to guide our own potential and tap our own potential. Forcibly absorb into your body and use it for yourself, and the energy of Qi is not pure, especially the fire crystal!" The

future paused and continued: "The energy in the fire crystal is more violent than what is contained in the spirit stone, It's even more aggressive. The aggressiveness is like an infectious virus. After entering the boss, it starts to expand at will, but this expansion will not affect the boss's physical function, but only belongs to the boss. The energy of the spirit stone, when this virus invades all the energy of the spirit stone in the boss, the boss will start to be irritable. In this irritable situation, people are irrational, just like a person. In a fight, he couldn't remember when he punched, when he kicked his feet, his mind was blank, and the boss would do the same. In other words, this is a very abnormal sleepwalking, the main consciousness is in this situation Next, it will enter a sleep state, and all movements are driven by the subconscious mind."

"So, you mean, boss, he's got into practice with his skills?" Alex looked a little weird, he I like the Yanxia culture, and have seen many Yanxia martial arts TV dramas and novels. In the TV series, there are often people who practice their skills and get caught in the magic, so that the six relatives do not recognize it, but it is always a TV series.

"It's understandable." The future nodded. "Some time ago, Bai Chi had such a state, but it was not as serious as the boss. I think that the reason for all this is too much mental pressure, which leads to the indirect collapse of people. Fu Bozhong also said that when he mentioned the word clan, the boss broke out completely. In the mind of the boss, he never put down this big stone. His current life seems calm, but it is more bearable than before There is still tremendous pressure. After all, the enemies at that time were known to us, and the clan, for us, was like a fan. Unknown things are the most frightening."

Bai Chi finished listening, slightly Startled, then sighed.

The rest of them also blamed themselves. Zhang Xuan was under such great pressure. As the king of Guangming Island, they couldn't help with a little busy, which made them feel very powerless.

940 Bai Chi is going to blind date

["If the chapter is wrong, click here to report."](#)

Everyone sat in this box and looked at Zhang Xuan, who fell into a coma, without saying a word.

The feelings between these people have already surpassed that of their brothers. Zhang Xuan now has such a situation in his body, and they are all uncomfortable.

"Okay, don't be so sad." Pease is the oldest among the people, and he first adjusted his emotions. "You children, you are not very young. What you hide in your heart is one by one. I don't want to bring trouble to other people. In the

future, I said, "I've been looking for a solution to the situation in Boss' body. I am afraid that the boss will remember nothing when he wakes up. After all, when his anger is dissipated, his main consciousness has already entered a sleep state. We have to unify the caliber. This kind of thing is most afraid that the boss himself knows."

"We understand. Bai Chi replied, "Let's hide this from the boss first. Tell the boss tomorrow that he drinks too much. Everyone should pay attention to this point. This time when the matter is over, we really have to practice well and we can't let the boss alone." Resist all the burdens."

He is this man." "Luna stared at Zhang Xuan and sighed, "The surface is always a breeze, in fact, the responsibility is focused, but it is too insecure, and he always behaves so coldly in front of outsiders, who wants to be kind to him a little bit, maybe he can remember people forever."

"Hey." "Alex also shook his head," Boss attached great importance to love, but what happened to Cecilia, and Lu Chen's original things, left a shadow on the boss. You didn't find that since Lu Chen's incident, the boss he Do you rarely make friends? The style of behavior has also become more and more cruel, until the marriage of the sister-in-law, the boss's behavior did not converge a lot."

Redhead nodded." Let's solve the matter in front of me first, Ferris, have everything scheduled for tomorrow?"

Ferith replied: "It's arranged, we can go together tomorrow, by the way, a few private detectives have been staring at us, are we going to kill?"

"No," Izar replied. "These cats and dogs are all invited by sister-in-law's business competitors. Don't worry about it. Let them stare at them. Now kill them. It will inevitably be noticed by interested people. And the boss has an agreement with the Ninth Bureau, let's not do it by hand, Lv Chen's matter is more important."

Pease said: "Then let everyone rest first, you will arrange it for Ferris, tomorrow we will see you See

your old friend.

"Understood. "The

next morning,

Zhang Xuan opened his eyes and found that he was lying on a large bed, rubbing his head with some dizziness, and spit out a long turbid breath. I didn't know when I had slept in the hotel. Is the amount of wine so bad? Don't know anything about drunk? Shouldn't be! After

getting out of the bathroom and washing out, Zhang Xuan saw a bottle of iced sour plum soup on the table in the room.

Drink this winter sour plum soup in one bite After finishing, Zhang Xuan finally felt a lot more comfortable.

After practicing Qi, although Zhang Xuan's body became stronger and metabolized faster, it was only able to evaporate the alcohol in the body better. That's the same as the non-invasion of

all kinds of poison. Qi, just a special kind of energy body, can't make people so intoxicated.

Zhang Xuan went to the window and opened the curtains, he was on the 20th floor Going up the sky, at a glance, I just felt a misty piece.

"Hey. Zhang Xuan sighed, "It's a pity that this view hotel is completely covered by smog, so I can't see it at all." "

Extending a lazy waist, Zhang Xuan left the room and walked to the hotel lobby. At a glance, he saw Bai Chi and others waiting in the lobby.

Zhang Xuan discovered that Bai Chi was wearing a suit today, walked there and back, and ran to the hotel lobby non-stop in front of the mirror, the future and others sitting around, kept saying what a laugh.

"how, today people wear die like a dog? "Zhang Xuan stepped forward and laughed.

"My God, Boss, you almost fell asleep. "When I met Zhang Xuan in the future, I exaggerated," It was almost ten o'clock. "

" Hey. "Luna shook his head and said," As for this amount of wine, don't go to the wine table in the future. I haven't been addicted yet, so you get down. "

Alex said angrily: "Boss, when I carried you back to the hotel yesterday, you still exhaled at me. Really, if you weren't my boss, my scimitar would definitely not be able to take it! "

Zhang Xuan scratched his head a little awkwardly, and together last night, he was drunk and unconscious, and did such a shameful thing.

Zhang Xuan quickly drew off the topic, "Why is he in Baichi?" Is this going to be a blind date today? "

Boss, you are right, I really want to go on a blind date." "Bai Chi walked from the side with a bitter face. "My father suddenly contacted me this morning and said that there was a blind date at night. Let me prepare. He deliberately pushed me to the grave! "

Haha, you idiot, you can tell these things to the boss, the boss can't understand it, now the boss, but every day is a beautiful woman sitting, happy! "Laughter in the future.

"Boss realm is too high, I can not reach it! Bai Chi looked at Zhang Xuan with a pleading look. "Boss, if you talk to my father, you will have a task to arrange for me. In the last 20 to 30 years, I can't consider what kind of sons and daughters I love, how?" "

Xuan Xuan rolled his eyes, "you go and tell your dad, the Bai family points to you to pass on the lineage, you like the game world. "

Bai Chi looked bitter." Boss, I think too. The problem is that it's really hard to find someone you like. "

"What is difficult? I think it's too hard to make you like others. Zhang Xuan glanced at his mouth. "Otherwise, your boss, I begged Xiaoqing to make you forgive you and come back from abroad?" "

I think this is reliable." "When I heard Xiaoqing's word in the future, I got together with interest, "Boss, Xiaoqing can control the idiot, so call Xiaoqing back!" "

"Do not! "When Bai Chi heard Xiaoqing, the expression was the same as when the mouse saw the cat. "Boss, I suddenly felt that it was time for me to start a family and start a business. Tonight I will go on a blind date!" Find a girl and stay together for a lifetime! "

Hey, pitiful Xiaoqing, as a scumbag, went to another country." "The future shook his head and

walked away. Ferris came from the side. "Okay, let's talk about the blind date later. Boss, that has already been arranged over there. Our people see Lu Chen, do we want to go now? "

"Go! "Xuan Xuan hadn't spoken yet, and Luna first answered," At first, I picked him up from the snow mountain and came back. Today, let me kill him! "

Chapter 941: Lu Chen

["If the chapter is wrong, click here to report"](#)

Zhang Xuan put on a positive look, "Let's go, let's go, so long ago, it was time to settle things." The rest of the people also gathered their playful expressions.

A group of people walked out of the hotel and headed towards this destination.

This time, Ferris specially prepared a banquet to invite Lu Chen to attend on the grounds of discovering new energy.

When the banquet was released, Zhang Xuan and others did not show up. They knew what kind of person Lu Chen was and were afraid to arouse Lu Chen's vigilance.

Lu Chen is a man in his thirties, with a very handsome appearance, and his body even looks a little thin. No one sees him, he will not think of it. Lu Chen was a killer living in the shadows three years ago.

"Haha, President Lu, I've long admired my name. See you for the first time today." An entrepreneur approached Lu Chen and greeted him.

Lu Chen's Yuanpu Industry is backed by a huge capital flow. It has been in the capital for almost half a year, and it is a beautiful place.

Lu Chen laughed loudly, "I'm just better luck, seniors, are the objects I want to chase."

"Mr. Lu, don't say that." Another entrepreneur came, "According to Yuanpu now The trend of development will be at the top of the business pyramid of the capital city for at most a year."

Lu Chen heard this, and there was a trace of disdain in his eyes. The disdain was fleeting and he smiled: "Cheng Meng can afford it."

"This is the fact, Mr. Lu. Come, please sit down." The other party invited Lu Chen to the banquet table at the front.

Many entrepreneurs were present at the new energy release this time. The purpose of Ferris was to elicit Lu Chen. It was not really what to release, so there were not too many cumbersome procedures. When the crowd took the seats, the banquet started. The main purpose.

When a host gave a report on the energy contained in the fire crystal at the banquet, it immediately caused a lot of shock.

Sitting on the banquet, Lu Chen stared at Huo Jing placed on the stage, murmured, "Evil God Fragment!"

At the same time, Lu Chen waved a middle-aged man who looked like a secretary behind him, "Go check it, who is staring at this thing." The

middle-aged man nodded and turned away.

Soon, the banquet was over and someone escorted Huo Jing away.

Lu Chen also got up at the same time.

"Adult." The middle-aged man with the secretary's appearance came back. "I just heard that this piece of evil god seems to have been stared at by the people of Guangming Island."

"Guangming Island!" Lu Chen heard these three The words, his eyes sharpened sharply, "It's them!" The

middle-aged man asked, "Sir, do we still have to do it?"

"Of course!" Lu Chen said without hesitation, "we must pay more attention to what Guangming Island sees. Rob! Now send someone to follow up and let me know by the way, if it is really the people of Guangming Island to respond, relying on our own people, this may be a little difficult!"

"Understood." The

banquet was over, and many people took this opportunity , Still communicating with each other and sending business cards to each other. When many entrepreneurs present were looking for President Lu of Yuanpu Industry, Lu Chen had already taken the people and left the banquet. He was sitting in an inconspicuous van and followed along Buick Business.

This business Buick went around the city for about an hour. At one noon, it arrived at the door of a private clubhouse. The car stopped and the door opened. Several people guarded a small box and entered the clubhouse.

The unlicensed van that Lu Chen took was parked in a corner not far away.

Lu Chen, who was sitting on the co-pilot, stared at the private club in front of

him , "This is the property of Guangming Island in the capital." "Adult, do you want to do it?" the middle-aged man asked.

Lu Chen pondered for two seconds, and then said: "Do it, if you see the people of Guangming Island, one will not stay, kill all!"

"Understood." The

van door opened, plus Lu Chen, a total of six people got off the car, They uniformly took out a white mask and put it on their faces, and then walked towards the clubhouse with great murderousness.

In front of the door of the clubhouse, no one was watching, and the door was closed.

Lu Chen waved his hand, and when a person ran up, he saw that he pulled a wire from his pocket and moved it twice on the door lock. The closed door of the clubhouse naturally opened.

Lu Chen and others crept into the clubhouse, and then carefully concealed the door, and left a piece of white satin at the doorway, and then looked inside the clubhouse.

In the clubhouse, the luxurious decoration is obviously used for banquets. At this time, there is no figure in the hall of the clubhouse, but only a faint voice, which came from the second floor of the clubhouse.

Lu Chen made a gesture. The six of them walked towards the second floor together.

Lu Chen just stepped on the stairs leading to the second floor, and heard a scream.

"Who is it!"

Lu Chen looked up sharply and saw a young man dressed as a waiter standing on the second floor.

Lu Chen didn't even think about it, so he began to drink and said: "It's hell walker, kill!" It

was discovered that the six people of Lu Chen no longer disguised, directly violently, the speed suddenly increased, and rushed to the second floor.

"Come on my bright island, so bold!" The waiter was not afraid at all, and pulled out a short blade from the vase beside him, and greeted Lu Chen.

At the same time, a room door opened on the second floor, and seven or eight figures rushed out inside, and they came to Lu Chen.

Seeing this, Lu Chen's pupils shrank, but he had no time to think about anything, because the person in front of him had already been killed.

The war was on the verge. Lv Chen and others were not weak, otherwise they would not know that this time the target was Guangming Island, and they also killed them.

The hellwalkers are all carefully selected, and each one is a qualified killer. Both sides are very balanced in terms of personal strength, but here is the site of Guangming Island in every place in this club. Hidden a killer for the hellwalker to withdraw at any time, and the number of hellwalkers was higher than that of Lu Chen. After dozens of strokes, Lu Chen and others gradually lost.

A sharp blade opened Lv Chen's cuff, and Lv Chen shouted, "Why aren't they here yet!"

"Oh, afraid of taking your credit, I waited at the door for a while." Lv Chen said As soon as it fell, the door of the club was pushed away from the outside. A total of seven figures appeared at the door of the club. Everyone had a smile on his face.

"Don't watch the show, go ahead and kill them, take away the demon shards!" Lv Chen shouted from the sword in front of him.

"No problem, but okay, this time I sent back the demon shards, and I want half of the credit." The seven leaders said.

"I found something, and I will give you at most 30%!" At this time, Lu Chen also told the other party about the conditions. From this point, it can be seen how important the credit they said is.

"Oh, how stingy." The leading man chuckled, "but 30%, 30%, do it!"

everyone in the hall of the club, fighting together.

Due to the joining of seven newcomers, the situation changed in an instant, and the hellwalker, who had previously prevailed, suddenly lost.

When Lu Chen saw the situation change, the face hidden under the white mask showed a happy look and shouted, "Slain them, the evil spirit fragments are upstairs!"

The seven people who had just come in as soon as they heard the evil spirit fragments Showing a fanatical look.

The hellwalker, who was the first to come out of the waitress, saw no

match and shouted, "Withdraw!" The hellwalker who was still in battle suddenly took the move and withdrew towards the second floor at the same time.

"Kill them!" Lu Chen roared loudly, catching up with the second floor.

A group of hellwalkers rushed into a room and shut the door to death.

Lv Chen chased to the front of the house and kicked the door open with one foot. He seemed a little crazy the previous second, but at the moment, he suddenly froze in place.

In front of Lv Chen, a woman with long hair fluttering, like a fairy in the Moon Palace, stood there.

Looking at the woman in front of her, the eyes that were exposed under Lv Chen's mask revealed terrified eyes.

This kind of fear is different from the other underground forces seeing Zhang Xuanshi, and it is more like the kind of fear of children for elders.

"Slap." A

crisp applause rang in Lu Chen's face.

The white mask worn by Lu Chen on his face was directly pumped out.

Even if Lv Chen wore a mask, even if I hadn't seen it for three years, Luna still recognized the man in front of him at one glance, the orphan he had picked under the snowy mountains.

Lv Chen reached out and touched his hot side face, looked at the woman in front of him, opened his mouth, and uttered softly: "Sister..."

"Slap!"

Luna gave another slap, drawing Lu Chen's face.

"Don't call me sister! I don't have you brother."

You can see that at this time, Luna, the body is trembling slightly, which shows how angry she is now, the person in front of him, before last night She was seen by her as a younger brother, but just now, Luna was staying in this room, and she heard clearly that this person who was treated as her own younger brother would have the bright island where the hell walker stationed, Kill it!

"Sister Yue, don't be excited." Ferris came up from the side, took Luna's arm, persuaded, looked at Lv Chen casually, and nodded, "Lv Chen, you are very good, really good "

Lv Chen looked at this room, he saw the kings of Guangming Island, and every time he saw one, the horror in his eyes was a little more. When Lv Chen saw the man sitting on the throne in the room, The horror in his eyes turned into horror, and the steps retreated subconsciously, "Impossible! Impossible! You can't enter the city casually!"

Zhang Xuan stood up from the throne with a smile and shook his head, "I can't go without me." The only place I didn't want to go was Lu Chen. It's been three years. I think, you should know, how did we run away?"

"Of course he remembers clearly!" Alex said, "The dog hole we drilled, how could he not know Lu Chen? Bai Chi almost died in that alley, how could he not know

Lu Chen?" Behind Lu Chen, a dissatisfied voice sounded, "Lu Chen, what are you stupefied! Don't hurry to kill the people, take the things back!" The

newly arrived seven men came and took a peek into the room. This paw was stupefied.

Zhang Xuan also saw each other. Zhang Xuan laughed directly, "Oh, it seems that the forces behind you are bigger than I thought. This hand has been stretched so far for a long time. See you, Su Lie!"

Su Lie, when Zhang Xuan entered Yan City, and had a conflict with the Su family, he even abolished Su Lie, including the Su family, but all those who provoked Zhang Xuan lost their lives.

"It's you!" Su Lie's pupils shrank, and his eyes suddenly burst out with hatred.

Zhang Xuan stretched out his right thumb and pulled out his ear. "Listening to your tone of voice, you, Su Lie, shouldn't you turn to an organization. Even the ancient martial arts family in Yan City has been infiltrated. It seems that this game is not Small."

Zhang Xuan took out a metal box from his pocket, opened the box, pinched the fire crystal inside the metal box, and looked curiously: "I just heard from you, what is this thing called Evil God Shard? I will give you a Opportunity, tell me why this thing is called this way, if you don't say..."

Zhang Xuanbaa smiled at this point, "If you don't say it, I will just a little bit, break the bones of your whole body, and give you life

Grinded to death." As soon as Zhang Xuan's words fell, Su Lie couldn't help but shivered. He had seen the means of the person in front of him. At the beginning, his Su family was almost

wiped out by him! Those brought by Su Lie People, and several people brought by Lu Chen, also came to the door of this room at this time, and they just heard Zhang Xuan's words. They didn't know Zhang Xuan's identity, and they all disdain to speak out, "The big talk is dead. Very."

"Huh." Zhang Xuan chuckled, then stepped forward.

"It's fast!" Lu Chen and Su Lie changed their faces almost at the same time, shrinking their pupils.

Just under Zhang Xuan, Zhang Xuan himself had stood in front of the person who had just disdained, and in this process, none of them could see clearly.

Zhang Xuan stretched his right hand and directly pinched the throat of the person who had just spoken. The person wanted to resist, but he couldn't do anything at all. In front of Zhang Xuan's powerful strength, he was strictly trained like a newborn baby Powerless.

In the eyes of outsiders, Zhang Xuan just stretched his hand gently and pinched the man's throat, but the man did not resist at all.

After pinching the man's throat, Zhang Xuan revealed a neat white tooth, and at the same time his left hand grabbed the opponent's shoulder and squeezed hard.

"Click!"

This is the sound of bone fracture. Under the pinch of Zhang Xuan, this man's shoulder bone was completely pinched by Zhang Xuan. This pain will make people can't help but make a painful voice. Zhang Xuan's throat was tightly pinched, and he couldn't make it out at all, only to see his face reddened and his face grim.

After Zhang Xuan pinched this man's shoulder bone, he didn't stop the movement of his hand, but continued to pinch towards the rest of his body. The "click" sound continued, and the sound of the bones rubbing against each other heard the hair frost. Just like what Zhang Xuan just said, he crushed a person's bones inch by inch. This pain has completely exceeded the limit that humans can bear.

The person who was held by Zhang Xuan's throat passively suffered from the pain in his body. He couldn't make a sound, his eyes began to bulge unconsciously, and there was a deep despair in his eyes.

During this process, neither Lu Chen nor Su Lie dared to look aside, and dared not send a word.

["If the chapter is wrong, click here to report."](#)

Su Lie and Lu Chen stood here, watching Zhang Xuan, bringing them to the man's bones and crushing them a little bit.

This process, say fast or not, slow or slow.

When Zhang Xuan's movements were only halfway through, the man in his hand was already alive and dead, his eyes were raised, his face was grim, like a hell hungry ghost, the "click" sounded from him constantly, making people creepy, Those who followed Lu Chen and wore white masks showed fear in their eyes.

By the way, Zhang Xuanming is doing such a cruel thing, but he always has a smile on his face. When he crushed the last big bone of this man in his hand, it was like throwing garbage, throwing this person away. Go aside, and then look no further.

Zhang Xuan clapped his hands and glanced at the others, then asked softly, "Is there anyone still disagreeing with what I just said?"

Su Lie swallowed hard and looked at Lu Chen.

Lu Chen also had a look of fear in his eyes, but this fear was suppressed by him, and he summoned the courage to say: "This underground world has rules. You can't enter the capital at will, let alone shoot in the capital, you think. Do you want to break this rule?"

"Oh?" Zhang Xuan's mouth hung a playful smile. "Who made this rule? Is it you Lu Chen, or a big man?"

Lu Chen couldn't say anything. It is a silent tacit understanding in the underground world, and no one has really mentioned it. I would like to ask, who dares to set this rule casually to limit the freedom of the king? Except for the Yanxia officials!

Will the Yanxia officials do this? Obviously not! Everyone in the underground world knows that the underground king is a Yanxia person. For Yanxia, the reputation is definitely a big improvement. If the official of Yanxia publicly proposes that the underground king should not enter the capital, it will be defined as refusal. Admit that the hell king is a Yanxia man. How can the Yanxia official do such a stupid thing?

The Yanxia official also only defaulted that the hell king did not enter this silent tacit agreement, which is why the hell king did what else in the world, and Yanxia also adopted a negotiated attitude.

"I'll say it again." Zhang Xuan opened his mouth and picked up the Fire Crystal again. "Tell me why this

thing is called Evil God Fragment, otherwise, I'll pinch your bones one by one."

"Hahaha, hell king, great majesty, oh No, you have now abdicated to let the virtuous, and no longer be the hell king, now you should be the jailer of the God Hidden Society!" A big laugh sounded from the first floor of the clubhouse, followed closely, and saw a figure Suddenly jumped up from below and appeared in Zhang Xuan's realization.

This is a Yanxia man in his thirties, with long, messy shoulder hair and a body of alcohol.

At the moment when he saw the man, both Lu Chen and Su Lie quickly lowered their heads and called out the respectfully respectfully.

Zhang Xuan narrowed his eyes at the middle-aged man. From what the other party just said, it can be seen that the other party has been staring at his movements, including the matter of stepping down as the lord of Guangming Island.

"Master Jailer, introduce yourself, my name is Mo Yijiu, my father is an alcoholic, so my mother gave me such a name, but obviously, this name is useless."

Mo Yijiu said when he was talking, A white wine bottle was drawn from the waist, and half of the wine was in the bottle. From his jokes when he talked to Zhang Xuan, he could see that he was very confident in himself.

Zhang Xuan stared at the bottle in Mo Yijiu's hand, and remained silent for a few seconds, then suddenly said with a smile: "It seems that the background of the Divine Heaven is deeper than I thought, masters are really endless."

"No, no, no." Mo Yijiu shook his head, "I can't be a master in front of Master Jailer, but here is the hot summer, and the Nineth Bureau clearly orders that no one is allowed to use his breath in the place where the sun rises. Under the circumstances, I don't remember the wine, but I dare to say it arrogantly. I'm not afraid of you. Of course, this is when you abide by the regulations of the Nineth Bureau and don't want to turn your face with the Nineth Bureau. The game turned around, breaking the rules of preparation, then what I just said, when I didn't say it."

"You threaten me?" Zhang Xuan stared at Mo Yijiu.

"Of course not dare." Mo Yijiu smiled, but there was a provocative look in his eyes.

Zhang Xuan looked at Mo Yijiu in front of him and suddenly noticed that Mo Yijiu's hand holding the bottle, one finger, was constantly rubbing at the mouth of the bottle.

At this glance, Zhang Xuan laughed, "Tell the people behind you, he doesn't have to excite me, why, you people in the Holy Heaven, want to see the world in chaos?"

Zhang Xuan said, Mo Yijiu's eyes flashed. After a moment of panic, although this moment of panic was fleeting, it was still clearly captured by Zhang Xuanqing.

When Zhang Xuan had just seen Mo Yijiu's finger constantly rubbing the mouth of the bottle, he realized that this Mo Yijiu was sent out to provoke himself.

From the first sight of Mo Yijiu, Mo Yijiu behaved very arrogantly. Zhang Xuan knew that there are fools in this world, but at the same time also knew that there are not so many fools in this world. If Mo Yijiu is really strong, if you don't put yourself in your eyes, then the Divine Heaven will not engage in small actions with yourself again and again.

Mo Yijiu constantly rubbed the finger of the bottle mouth and told Zhang Xuan that although Mo Yijiu was calm on his face, his heart was not calm. I am afraid that the alcohol in this body was also drunk in advance for courage.

Mo Yijiu deliberately mentioned the rules set at the time of the nine innings, and he was such a gesture that he wanted to force himself to do it. Once he did it himself, he was still in the capital and broke the rules set by the nine innings. From a standpoint, this matter will never be so simple, even if it is done to outsiders, it must be beautiful.

Once the Ninth Bureau conflicts with Guangming Island, the eyes of the underground forces all over the world will be put here.

Mo Yijiu settled down and was just interrupted by Zhang Xuan when he was about to speak.

"Okay, what does your sacred heaven want to do? I don't have much interest today. I am here to revenge." Zhang Xuanyi reached out and pointed at Lv Chen. "This person, I want it. The rest of the people, you can go today, otherwise, even if I don't feel angry today, it's not difficult to leave you cats and dogs."

Lv Chen's expression panicked, even looking at Mo Yijiu for help.

Mo Yijiu said without even thinking: "A person's life is changed for so many people's lives, it's a good deal. Take this person away, Master Jailer, we will have a date!"

Mo Yijiu finished speaking and jumped backwards. , Jumped directly to the next floor and shouted: "Let's go!"

Chapter 944 Four World Organizations

["If the chapter is wrong, click here to report."](#)

Su Lie looked back and forth, and finally looked at Zhang Xuan. When they saw Zhang Xuan just staring at Lu Chen, they didn't even look at themselves and others. Su Lie The steps slowly receded and walked towards the stairs.

When Su Lie stepped up the stairs, almost without any hesitation, he turned and ran, and he was already scared by Zhang Xuan.

The rest of them saw Zhang Xuan really let Su Lie run away, and they didn't dare to stay, almost turned around at the same time, and ran away after pulling their legs.

Lv Chen was fierce and brought people over to grab Huo Jing. The winning ticket was in hand. At the end, he was the only one here. It has to be said that this was a kind of irony. At first, he could betray Zhang Xuan and others. Now the people with his power, also Will sacrifice him without hesitation.

At this moment, Lu Chen didn't have the courage to face Zhang Xuan in his heart. He looked around and finally turned his attention to the place where the moon god was.

"Why?" Bai Chi's voice sounded, "Lu Chen, the time we met was not short, there were so many difficulties at the time, everyone was carrying it together, why? This question, I held back for three years!" At

this moment, all Everyone stared at Lu Chen, including Zhang Xuan, waiting for his answer.

It can be seen that Lu Chen's eyes were gradually reddening. Suddenly, Lu Chen knelt down on his knees, and tears flowed out of his eyes. "Sorry, I... I have found my parents."

"Parents!" Luna God was shocked, There was a hint of joy in his eyes, "Did you really find your parents?"

At first, Lv Chen was the orphan picked up by Luna from under the snow mountain. Lv Chen told Luna that he accidentally lost it with his parents. In the year, Luna kept helping Lu Chen to find his parents, but there was no news.

Lu Chen nodded, "Sister, I don't want to hurt you either, but they caught my parents, I... I really can't help it!"

"This..." Bai Chi's expression froze.

Although Lu Chen hasn't seen his parents for many years, his blood is thicker than water, and he is threatened by his biological parents. No one can be at ease.

Luna God's eyes gradually softened, and he stepped forward and reached for Lu Chen's shoulder. "You get up first and say it."

"Sister, you killed me!" Lu Chen knelt there, letting go. How did the moon god help him, he couldn't stand up, and he was full of regret, "I haven't wanted to live since three years ago, but my parents' lives are in their hands, I really have no way! These three years, I am like a dog, they let me go east, I dare not go west, in such a day, I have long enough!"

"Yes, Yuejie let you get up, you get up." Baichi said. There was a cry.

Lu Chen still dare not get up, looked at Zhang Xuan.

The rest of the people looked at Zhang Xuan.

Zhang Xuan stood aside, staring at the direction of the first floor of the clubhouse, without saying anything, and wondering what he was thinking.

"Come on, get up." Luna raised his arms again with strong force. "Now it's all from his family. There is nothing that his family can't say. Get up."

Izar stood at the end of the crowd and shook his head, lowering voice said: "Sister Yue is always soft-hearted."

"It's normal, Sister Yue is also a person. Lv Chen is equivalent to the one she brought from a child to a big one, how could there be no emotion." Red uttered.

Lv Chen looked at Zhang Xuan and Luna again, nodded slightly, and then slowly got up.

At the moment when Lv Chen stood firm, a flash of cold light flashed in his eyes, and his hands slammed toward the neck of Luna.

Although Luna is more powerful than Lv Chen, she is completely unprepared for Lv Chen. After being suddenly attacked by Lv Chen, she couldn't react at all. She watched Lv Chen's cuffs reveal a cold sorrow.

Seeing that Han Han was about to be put on the neck of Luna, Lu Chen's motion was stiff, and his eyes suddenly widened, with a little unwillingness in his eyes, he slowly turned around, but only halfway around, and he went straight to the ground. Planted, a red dot appeared at his temple.

In the direction that Lu Chen wanted to see, Chesia, with her waisted silver hair, was sitting on the

handrail of the stairs leading from the first floor of the clubhouse to the second floor. Her slender jade legs were swinging back and forth in the air, and she smiled, "I Say Sister Yue, you have been mixed for so many years. You can believe Lu Chen's lame excuses, and it's too affectionate."

Moon God looked at Lu Chen, who had fallen on the ground and had no vitality. He was stunned. .

"Ferith, let someone come and deal with it." Zhang Xuan waved his hand.

Ferris nodded and called out.

Chessia's voice rang again, "I said Brother Zhang Xuan, you're too scheming, just want to know who I'm working for, just ask me no, and I didn't tell you, I need to keep trying. What? Lu Chen deliberately said that they belong to the divine heaven, just want to see me care about this matter, right?"

Zhang Xuan did not speak.

"Their organization, named Hui Zu Meng, should now be one of the four major organizations in the world. With our sacred heaven, it is neither an enemy nor a friend." Cecilia jumped up from the handrail of the stairs Next, walk towards the second floor.

"Four major organizations in the world?" Bai Chi and others frowned, looking at Cecilia in doubt.

Chessia said while walking: "In addition to returning to the ancestral alliance and our sacred heaven, there are two major organizations left, namely the Shenyin Society, and the Yanxia clan. The Shenyin Society is too high and regards itself as a savior, temporarily There will be no big moves. The Yanxia clan has too many restrictions and will not show up in a short time. Now, only the ancestral alliance and our sacred heaven are looking for fire crystals around the world."

"That What about our Bright Island? What level of influence do you belong to?" Bai Chi couldn't help asking.

"Don't blame me for talking straight." Chessia smiled. "If Brother Zhang Xuan came out of the eighteenth floor of hell, now Guangming Island, placed in the eyes of the four forces, is nothing but a ants. Of course, even if there is Brother Zhang Xuan. The degree of danger that you are defined is only slightly threatening. In general, it is not a climate."

"Why do they call the Fire Crystal a demon shard?" Izar asked.

"Is the name Huojing also defined by us?" Cecilia asked back. "The energy contained in this thing is very complicated and also very rich. The Return of the Ancestor League has found the DNA of ancient

humans. They have always believed that this thing was left by a powerful existence. For this powerful existence, they called it Evil God. They thought that as long as enough fragments of Evil God were collected, the original powerful The DNA that exists exists in order to achieve the effect of returning to the ancestor, um...you can also understand this as a kind of bioman, they call this plan, the plan of God creation!"

Chapter 945: End of Enmity

["If the chapter is wrong, click here to report"](#)

God-making plan!

The words of Cecilia kept wandering in the minds of Zhang Xuan and others.

Return to the Ancestor League to collect enough fire crystals to obtain the DNA of ancient humans, and then transform people! This behavior can be called retrograde!

Why do organisms continue to evolve? It is not because the genes in the body have to gradually adapt to the present earth's ecology. If the genes of the present human beings are returned to their ancestors, this is going against the sky!

For everyone in this world, ancient things have always been a mystery.

In the past few days, Zhang Xuan did not do anything. He looked at many ancient books. Eventually, among these ancient books, he found a common similarity!

This similarity is very wonderful. Most people see it, and they will pass by unconsciously, but so many things have happened during this time, so Zhang Xuan discovered the abnormality of this similarity.

Yan Xia has a historical record so far. Whenever there is a change of dynasty, the first thing that all those in power do is to slash a knife in the history of the previous dynasty!

This kind of thing is not done by one person, but everyone is doing. What is the history they have cut?

Zhang Xuan also observed that the Xia dynasty had been going up and down for five thousand years. However, the Xia dynasty before the Shang dynasty had very few records. Even in the Shang dynasty, there was only one Feng Shenbang recording its existence.

Yan Xia is called Yan Xia, not only because it is a descendant of Yan Huang, but also because of its integration with Xia people. But now, there is no record of Xia people at all. All records are only in Yan Huang.

Zhang Xuan reads the history of the wild, but in the history of the wild, he can't see any records about the Xia people.

Xia, what is it?

The Daxia dynasty, the first dynasty throughout the ages, left only legends and no real records.

Or is it that the legends considered by future generations are the true records of Daxia?

Some things that Zhang Xuanben was questioning, coupled with the news that Chessia now brings, fuse together and bring a shock to Zhang Xuan's heart.

"Okay, I have to tell you what to say, and the murderer has already been killed. Brother Zhang Xuan, if you want to know more things, don't forget the deal I told you, count the time, your Trouble should also come, and we will have time to meet again." Cecilia suddenly stopped walking towards Zhang Xuan and waved her hand, then jumped from the stairs, and came lightly to the first floor, a few Flashed and disappeared in the club hall.

Cecilia just left, and the door of the clubhouse was pushed away from the outside.

"Kings adults arrived and beneath much welcome, it touches us nine innings of dereliction of duty ah!" One person, Dragon Tiger step into the club hall, standing on the first floor, looked up toward the second floor of view, "the next nine innings Sword."

Zhang Xuan Looking at the person who claimed to be a giant sword, the other person is 1.8 meters tall, male, and it seems to give a sense of elegance. When walking, the interval between each step is exactly the same. Standing there, the whole person will be unconscious. Maintain a posture to greet the battle at any time, and then look at the palm of the giant sword. The tiger's mouth is full of calluses. From this point, we can see that half of the opponent's strength is on the weapon.

At this glance, Zhang Xuan is sure that this giant sword is definitely a master as good as a white robe.

Of course, with the approach of the Ninth Bureau, I would not send a chicken to meet myself.

Ju Jian said with a smile: "Master King entered the capital late at night yesterday, and today he made such a big move. I don't know which party's forces caused Master King to be dissatisfied. We have cooperation agreements in the Nineth Bureau and Guangming Island, but we can help. "

" Let's deal with family matters only." Zhang Xuan shrugged. "If you have leisure time in the Nineth Bureau, I still have a lot of family matters that need your help. It depends on whether you have this leisure."

"Oh. Ju Jian laughed and glanced at Lu Chen, who was still lying not far from Zhang Xuan's feet, and said, "Since it is Guangming Island's family affair, we will not participate much in the nine games, but if we say goodbye There are disputes in the powers of the Kings and Masters, please don't be polite, you must open your mouth and let us solve the nine innings. After all, this capital is an official place."

Ju Jian specially bit the official word very heavily. .

"Of course, we are partners, aren't we." Zhang Xuandao.

"Okay, since Lord King still recognizes our partner as the 9th inning, I won't say anything more than the politeness. Then I wish Lord King you a happy journey in the capital." Ju Jian waved his hand and didn't even go up to the second floor , Turned his head away.

This time, when the sword came, it wasn't just a hello to Zhang Xuan. In fact, between the two of them, they had already made some secret contests. It was just this contest that others could not see.

If this is a contest, Ju Jian has the upper hand. This time, it is definitely not as simple as saying hello.

But Ju Jian was obviously crushed by Zhang Xuan, and then he hurled it off. That's why, in the first three years, Zhang Xuan never entered the capital. The capital was deep and there were too many strangers in Yanxia, even if Zhang Xuan boarded the light. The king of the island is not completely sure. If something happens, it is definitely a big trouble, but Zhang Xuan now has no such concerns.

It is no exaggeration to say that if Zhang Xuan let go of all his worries, he was alone. This world is so big that there is no place where he cannot go!

Not long after Jujian left, Ferris whispered: "Boss, people have come, do you want them to come in and deal with it now?" After

finishing, Ferris turned to look at Lu Chen's body.

In front of Lu Chen's body, Luna still stood there without saying a word, even if Lu Chen just waved a knife at her, but in her heart, it was still his own brother.

The ten kings of Guangming Island, including Zhang Xuan, seem glorious, but poorly speaking, they have few relatives. The people they trust most are the brothers who fought together side by side. They seem to be cruel and brutal, but they are the most affectionate because they know The friendship between them is hard to come by. Lu Chen is definitely one of the most difficult people in the life of Luna, just like Cecilia betrayed Guangming Island, but everyone has always been to Cecilia. Can't hate it.

"Let someone handle it, arrange the plane by the way, and send Yuejie back to Snow Mountain."

Zhang Xuan made the decision directly.

"What about Lu Chen?" Ferris asked.

"I'll take him back." Moon God, who hasn't been speaking for a long time, finally said, "I had picked him back from under the snowy mountain, and now I buried him where it was. There was a beginning and an end."

Zhang Xuan nodded and rushed to the moon Shinto: "Give you seven days, and after seven days, there will be a task for you."

"Understood." Moon God nodded.

Ferris took out his mobile phone and dialed a number to go out, "Come in."

Several people walked in outside the clubhouse . After entering, they all lowered their heads, said nothing, and walked carefully to the second floor, carrying away Lu Chen Body.

The hatred and grievances three years ago are now resolved, but they have discovered greater hidden dangers.

Return to Ancestor League...

Chapter 946 Sun Yao's Plan

["If the chapter is wrong, click here to report."](#)

Everyone walked out of the clubhouse, and they all seemed a little worried.

The news that Cecilia has just brought to them has really subverted the previous perception.

They know that there are other tyrannical organizations in this world, but they did not expect that these organizations have long been divided into factions, what is the light island, what the underground world, and even the former royal society, in the eyes of these forces, but It's just ants. Those records that are enough to make oneself and others proud are, in the eyes of others, just kidding.

Zhang Xuan couldn't see what his brothers were thinking and said, "Don't think about it anymore. There are too many things in the world beyond our imagination. You now feel that those forces are powerful, but they are just unknown. If they are really strong, why are they sneaking and crushing everything long ago? This is almost the New Year too. In addition to the elder sister and tasks to be performed, the rest of them take a good rest. After the New Year, I will take you to training "

"We have indeed been slacking for too long." Poseidon stretched out.

"It's been fun for a few days, by the way, Ferrace." Zhang Xuanchong said aside, "I remember you have an industry in the capital, what is it called the Golden Tower, and the roast duck is very famous."

"It's a little famous." Ferret Thinking nodded.

Zhang Xuan said, "Let someone bring me over later. When I come to the capital city, I don't feel any shortcomings if

I don't eat some roast duck." "Okay, I will arrange for someone to send to my sister-in-law before dinner." Ferris responded.

"Okay, you guys have fun, I'm leaving now." Zhang Xuan greeted and left the club first.

It's not that Zhang Xuan doesn't care about these forces of the Zumen League, but that he really doesn't want to put any more psychological pressure on everyone. The current situation is already like this. There are too many things in front of everyone. If I have been worried, I am very worried. There may be a mental breakdown.

After leaving the club, Zhang Xuan contacted Lin Qinghan. Lin Qinghan was contacting several group companies and was going to discuss cooperation.

Now Lin can be said to be a huge Baoshan, with huge liquidity, but there is no place to use it. For better development, it is to find a best channel to spread these funds.

The capital city is definitely a place for crouching tigers, hiding dragons and dragons. If you can grow bigger and stronger here, there are definitely a wide range of channels. This kind of channel, even for Lins, even Lins with such a huge capital chain, Difficult to achieve in a short time.

Zhang Xuan saw Lin Qinghan downstairs in a company based on the address Lin Qinghan sent her.

Zhang Xuan was able to see that Lin Qinghan seemed a little tired, and his hair was also messy. This is a capital city after all. Let me not talk about how troublesome it is to go east and west. All things are done by Lin Qinghan himself.

Zhang Xuan greeted Lin Qinghan and walked up, "Wife, how are you talking today?"

Lin Qinghan shook his head slightly. "No, I found several companies. Their qualifications are lacking, and the channels are not too wide. Cooperating with them, Lin Shi will face the risk of capital being stuck, and can only find some top groups. However, although the capital is large, there are only a few

top ones, it is difficult to contact each other. After all, we, Lin, in their eyes, are just An upstart, you know, our sudden surge of funds, in the eyes of those groups, is very unreliable."

"Shall I find some people for you?" Zhang Xuan asked.

"No, I can't rely on you for everything." Lin Qinghan shook his head. "I have asked Grandpa to help. Grandpa went to Mr. Qin, and I should reply to me after a while."

Lin Qinghan said . Just after it fell, the ringtone of the phone rang.

Lin Qinghan took a look and smiled, "It was from Grandpa."

After that, Lin Qinghan picked up the phone, and after a few words, hung up the phone again.

Lin Qinghan hung up and asked Zhang Xuan, "Husband, do you know Qitai Group?"

"Qitai?" Zhang Xuanmu thought, and then asked, "The company whose surname is Wei opened?"

"Well." Lin Qinghan points Nodded, "The person in charge of their company is Wei. Grandpa asked Mr. Qin to contact each other and let me go find him."

"I will go with you." Zhang Xuan pulled Lin Qing's hand, "The car stopped Where?"

"What kind of car, squeeze the subway!" Lin Qinghan held Zhang Xuan's big hand and trot to the side.

Zhang Xuanren was pulled by Lin Qinghan, looking at Lin Qinghan's little woman-like appearance, he couldn't help showing a smile.

Qitai Group has a relatively high status in the capital, and it is much stronger than Lu Chen ' s source. On the surface data reports, Qitai ' s assets are about 100 billion, but Qitai ' s true strength is at least to exceed this number. Double.

You should know that the assets of many groups that can appear in the eyes of the public are all known to others, and those that are hidden are the most important things of this group.

Otherwise, no one knows the other party, so there is no commercial war.

In the history of the business world, many large companies have fallen into the hands of small, unknown companies.

Therefore, the external assets of a company can prove the strength of some of the company, but

cannot prove everything.

Qitai Group is in the CBD of the capital. The house prices here are horrible. There is no simple role for the company to open the company here.

Zhang Xuan and Lin Qinghan squeezed more than 20 subway stations to come here. Qitai Group was particularly prominent in the metropolitan CBD, which can be seen just after leaving the subway station.

The two came to the Qitai Building and explained to the front desk that they had been waiting in the reception room.

At the same time, Sun Yao was also standing at the door of Qitai. He just stared at Lin Qinghan and Zhang Xuan and walked in.

Sun Yao looked sullen and sneered. "Want to find Qitai to cooperate? I want to see, what do you do to cooperate with Qitai!"

Sun Yao finished, took out the phone directly, dialed a number to go out, "give I contacted Mr. Wei of Qitai, and said that we are doing a good job and we plan to talk to Qitai about cooperation. In the evening, we invite Mr. Wei to have a meal." After

one call, Sun Yao broadcast another call. "Notify, let everyone work overtime tonight, all suppress Lin's stock, and by the way give a little benefit, try to put all Lin's working capital into lock, even if you smash money, you have to give Lin on the bright side. Shi's smashed!" After

doing all this, Sun Yao had a sneer on his face, "Lin, I want to see when you can be crazy."

Lin Qinghan, who is inside the Qitai Group, did not know that Sun Yao was standing What abacus is outside the Qitai Building.

As for Zhang Xuan, he has long discovered that he and Lin Qinghan are being followed, and even who is the other party, Zhang Xuan is very clear, but this kind of cat and dog, as long as the other party does not take the initiative to jump out, Zhang Xuan is too lazy to take care of it.

Chapter 947

["If the chapter is wrong, click here to report"](#)

Zhang Xuan and Lin Qinghan have been sitting in the parlor in Qitai Building until 5:30 in the afternoon, before the door of the parlor was pushed open.

A middle-aged man in his fifties pushed through the door and walked in. When he saw Zhang Xuan and Lin Qinghan in the parlor, he couldn't help but be stunned, and then there was a trace of dissatisfaction in his eyes.

Wei Mingxun received a call from a friend today. The other party said that the Lin family in Yinzhou wanted to discuss cooperation with himself.

Lin's reputation has been heard throughout the hot summer business in just two days. Wei Mingxun had heard of it, but for this company, Wei Mingxun felt unreliable from the bottom of his heart.

Selling a piece of land for 500 billion yuan? How can it be?

Wei Mingxun has been in business for decades, and it is difficult to believe this kind of pie in the sky. In his eyes, he thinks that this is a hype for Lin, such as raising stocks, etc., self-directed self-playing fake news. It is not that such a thing has happened in the Yanxia business community.

For a group like Qitai, like Lin's, Wei Mingxun has seen more and encountered more. Some people have come to seek Qitai cooperation under the guise of hundreds of billions, but in the end it is just an empty shell.

Therefore, Wei Mingxun was very resistant to Lin's coming to talk about cooperation with him. However, his friend was also an old friend and could not refute the other person's face, so he was busy with the matter at hand to meet him.

As Wei Mingxun wanted to come, this time Lin's arrival is also a crucial role for Lin's, but I didn't expect it to be such two young people.

In terms of Wei Mingxun's status, it is naturally unclear who the helm of the Lin Group is.

Lin Qinghan had checked Wei Mingxun's information before he came. Seeing Wei Mingxun's arrival, he immediately stood up. "Hello, Mr. Wei, this is Lin Qinghan of Lin's in Yinzhou. This is my husband, Zhang Xuan."

Lin Qinghan reached out and introduced himself.

"Well." Wei Mingxun nodded and did not reach out to salute, "Listening to Lao Qin said, are you coming to Qitai to discuss cooperation?"

"Yes." Lin Qinghan withdrew his hand stretched in mid-air and opened the door straight away, "We Lin has huge liquidity, and your company has a wide range of channels. I think our cooperation methods will be very diverse, and it is considered a strong alliance."

Wei Mingxun heard this, with a scornful smile on his lips and said aloud: "IMHO, although your company has a great reputation recently, 500 billion in working capital is definitely the richest man in Yanxia, But your company's money is too weird. As for the powerful combination you said, I'm sorry, my person may be a bit unpleasant to speak. I don't think that you, Lin, can be called strong."

Hear At this point, Lin Qinghan was not angry or even embarrassed. She had long thought of what would happen to her when she came out to find a partner. As for Lin Qinghan himself, if a small company suddenly jumped in front of him, he said hundreds A hundred million yuan, Lin Qinghan will also disdain, this is human nature, no one believes that there are pies in the sky, especially businessmen.

Lin Qinghan continued: "Mr. Wei, without chatting, how do you know that we have no such strength in Lin? I think this kind of cooperation is not only profitable for our Lin, but also your company can benefit from it. President Wei, you are a businessman, and you will never refuse to come to your business. This kind of practice of refusing to listen even if you don't listen is not a qualified businessman."

Wei Mingxun was curious, he was curious, Not Lin Qinghan's cooperation, but curiosity, where is Lin Qinghan's confidence.

"Interesting." Wei Mingxun chuckled, "Little girl, you look like I used to, with sharp edges exposed. Well, since you talk, let's talk about it. Just tonight, there is a group that wants to talk to me about cooperation, How about we talk together? How about

Wei Mingxun? When he said this, there was also an element of tentativeness. If Lin really had confidence, he wouldn't care if there would be anyone else today. I'm afraid the shell will shrink.

Lin Qinghan smiled confidently, "Of course, it's all up to President Wei."

"Haha." Wei Mingxun laughed aloud, "Well, that's time for dinner, we might as well eat and talk, if you and your husband don't drive, Take my car."

Wei Mingxun finished and turned his head out of the reception room.

"Thank you Mr. Wei." Lin Qinghan hurriedly spoke, and then took Zhang Xuan's hand and followed.

The capital is very large and congested. I am afraid that the time it takes to drive from the south to the north of the capital will turn the entire Xixia province.

The Green Hotel is a famous five-star hotel in the capital.

When Zhang Xuan and Lin Qinghan arrived here by Wei Mingxun's Mercedes-Benz S600, it was already 6:30 in the afternoon.

Wei Mingxun is obviously an old customer here, or this hotel was opened by Wei Mingxun. When Wei Mingxun's car arrived, the hotel manager immediately ran over, opened the door for Wei Mingxun, and then bowed and introduced it to the hotel.

In the parking space at the entrance of the hotel, there is a parking space exclusive to Wei Mingxun's car. The driver parked the car skillfully.

Under the guidance of the hotel manager, several people in Zhang Xuan entered an elegant box.

The box is not big, and the aroma is prepared inside. The moment you enter the door, it will give you a sense of transparency and comfort. A beautiful woman with a beautiful appearance and excellent temperament is sitting in the corner of the box. Playing a zither song, the melody is gentle and refreshing.

"Sit." Wei Mingxun made a please gesture.

Zhang Xuan and Lin Qinghan sat opposite Wei Mingxun. Between them, there was a mahogany red table for six people.

Soon, the good Dahongpao was soaked in and sent in.

Lin Qinghan turned his head and looked at the beautiful woman sitting in the corner of the box playing Guzheng. His thoughts flew to a few months ago, and he went to the concert with Milan, where Zhang Xuan's love echoed, perfecting Guzheng and piano. The fusion is together, the tenderness and affection in the spotlight, the shock, the touch, until now, Lin Qinghan still has a fresh memory and vivid memories.

"Two people, drink two sips of tea first, and there is a friend who will be here soon." Wei Mingxun took the tea cup with a smile.

Just as Wei Mingxun's voice fell, the box door was pushed away from the outside, and Sun Yao, who was still wrapped in gauze on his face, strode in from outside the box.

Seeing Sun Yao's moment, Lin Qinghan's complexion changed obviously, and it looked very unsightly. Lin and Sun Yao had torn their skins completely. Today, Sun Yao's arrival is obviously not a good thing.

As for Zhang Xuan, he didn't think it was any surprise. He had discovered Sun Yao long ago.

["If the chapter is wrong, click here to report"](#)

Sun Yao walked into the box, glanced gloriously at Zhang Xuan and Lin Qinghan, then put on a smiling face, and smiled at Wei Mingxun: "Uncle Wei, my dad asked me to give you a good voice."

"Haha." Wei Mingxun laughed. "Sun Xian nephew, my father and I haven't seen you for more than half a year. How is his health now?"

"Uncle Wei, my father now you can eat and drink, you are in good health, but you are too busy at work. You often miss Uncle Wei on your mouth and want to get together with Uncle Wei." Sun Yao said good things in his mouth.

Wei Mingxun said: "Your dad's body is tough, that is not my blessing. Come, sit down and introduce you to two people. This is from Yinzhou. You should have heard of Lin."

Sun Yao in Wei Mingxun. Sitting next to him, then stared at Zhang Xuan with a somber face, "Yinzhou Lin's, of course I have heard, not only about this, but Lin's approach is very

crazy!" Wei Mingxun heard, where to listen? There was no complaint in Sun Yao's mouth, "Oh? It seems that you have been in contact before?"

"Yes, you have been in contact." Sun Yao nodded, "Mr. Lin, but he despised our Zhengang Industry!"

Wei Mingxun listened. At this point, I was a little stunned. Although this Zhengang Industry was not comparable to its own Qitai, it was also one of the top ten companies in Duhai. There was not much difference between it and Qitai, and it provided channels for Lin. It can be said that it is more than enough. This kind of enterprise, Lin's do not look down on it?

Wei Mingxun looked at Lin Qinghan doubtfully, and some did not understand Lin Qinghan's intention.

Sun Yao's sudden appearance did indeed make Lin Qinghan a little caught by surprise, but it didn't even make Lin Qinghan at a loss. Lin Qinghan took a deep breath, adjusted his mentality, and said: "General Wei, General Manager Sun's Zhengang Industry, is in philosophy. In fact, there are a lot of discrepancies with our Lins. If we forcibly cooperate, it will only add contradictions, and will not achieve the effect of joint income."

Lin Qinghan said this when he said the word "idea", specifically increased the voice.

Wei Mingxun showed a thoughtful look and glanced at Sun Yao who was sitting beside him. As a top businessman in the Yanxia business world, Wei Mingxun had seen too many things in his life, including

various rich The second generation, and he is also very clear about what some rich second generations do.

Therefore, when Lin Qinghan bit out the idea word, Wei Mingxun immediately understood what it meant.

Wei Mingxun opened his mouth, and at the same time drew off the topic, "Okay, I am old, you young people's ideas, I really can't keep up. Since I have come to Qitai for cooperation today, let me talk about my ideas, I think I know, how do the two plan to cooperate with me?"

Wei Mingxun finished, holding up the tea cup, waiting for Lin Qinghan and Sun Yao to speak.

Lin Qinghan said confidently: "Mr. Wei, I know the strength and channels of your company. Now, we Lin, in cooperation with Hengyuan in Yinzhou, won the trade mountain road leading to the northwest. The official has been Supporting Northwest trade is only a matter of geomorphology, which restricts most trade channels. Today, we, Lin, control the largest trade channel to the Northwest, and have huge funds to support it. Development should be of interest. This is the sincerity our Lins have shown."

Wei Mingxun suddenly burst into a fiery look.

Trade channel in the Northwest region!

Wei Mingxun doesn't care how much money he can earn through this channel. He himself does import and export trade. This profit has not been taken into consideration by him. He is more concerned about his reputation!

Northwest China has always been underdeveloped in Yanxia. If a trade channel to the northwest can be established to help the construction of the northwest, not only will the government grant a large amount of subsidies, but more importantly, the entire Qitai Group, It will receive praise and praise from all walks of life, regardless of whether the praise is from the heart, but it must be done. Once this happens, Qitai's stock will definitely skyrocket. For Qitai, it will be a fame and fortune. It's a happy event!

This kind of resource is what many large enterprises want to own. However, most of the companies cannot pay the corresponding price for this kind of resource.

"What do you want?" Wei Mingxun asked.

"I want to take 30% of your export trade in Mr. Wei!" Lin Qinghan said bluntly.

"Impossible!" Wei Mingxun refused without thinking. "Little girl, do you know what you're talking about? Do you want to take a 30% stake? Do you know what concept this is!"

Sun Yao was on the sidelines With a sneer, "I don't know what it is!"

Lin Qinghan didn't even look at Sun Yao and continued to speak. "General Wei, since I dare to say this number, of course I understand what this is. You Qitai Group, every year Forty percent of the income comes from import and export trade, and this ensures that you have sufficient capital flow. If I want to buy 30% of the shares, it is equivalent to taking a large cake from Qitai."

"Since you understand, How dare you say such a condition?" Wei Mingxun put down the teacup. "I admit that the conditions you opened are very attractive to me, but not enough for you to take a 30% stake."

Lin Qinghan shook his head slightly. "Mr. Wei, you are wrong. What I said is not simply a shareholding, but a capital injection! Capital injection of 30% of the shares will broaden your trading channels through your field. This will not affect Wei. It is your interest that only makes President Wei a little more troublesome and

sells out more human feelings." Wei Mingxun fell into a moment of deep thought. If Lin's capital injection is a shareholding, this matter is really good and harmless. As for face and human relations The face that can be changed to good is called face, otherwise it is all shit.

After thinking for a few minutes, Wei Mingxun nodded slightly.

This nodding action made Lin Qinghan feel happy, she knew that Wei Mingxun was planning to accept his proposal.

"Mr. Lin, I'm very awesome about your proposal..." Wei Mingxun said, before he finished speaking, he was interrupted by a voice.

Sun Yao blamed Yin and Yang on the side: "General Wei, I would like to remind you that the so-called 500 billion funds are just outgoing from the outside world. The 500 billion yuan came out of thin air. Don't lead the wolf into the room."

Sun Yao's words suddenly gave Wei Mingxun a bit of anxiety, and the words he was about to export were also taken back. His face was somewhat suspicious.

"Mr. Wei, there are some things that you have to see clearly before making a decision. Don't be in such a hurry." Sun Yao said again, "This upstart is very common, but not all upstarts really have it. Strength, some people, even if the surface is bright and beautiful, it is just a frog at the bottom of the well."

Chapter 949: You Can't Eat It In Your Next Life

["If the chapter is wrong, click here to report"](#)

Sun Yao, reminded Wei Mingxun at once.

At the same time, it also surprised Wei Mingxun. Just now, he almost agreed to the conditions of the party. This girl, grasping people's hearts, has a set.

When Wei Mingxun looked at Lin Qinghan again, he had already put away his contempt. This young man, who was not very young, but was very skillful in negotiating, was able to grasp what the other party needed.

Sun Yao continued to say, "Uncle Wei, I came this time and contacted my friend in Jinlou and asked for two roast ducks, just to try it today."

Sun Yao finished and snapped his fingers.

After Sun Yao's finger, the box door was knocked from outside.

"Go in." Sun Yao responded.

Immediately afterwards, I saw that the door of the box was pushed open, and a person walked outside the box, carrying two gift boxes in his hand. The gift box was made of gold, and the two large characters of Jinlou were written on it. These two large characters were completely gilded. Regardless of what is in the gift box, the cost price of the gift box is not cheap.

Wei Mingxun showed an unexpected expression on his face, staring at the gift box in the hands of the coming people, and said, "Jinlou only makes 365 roast ducks a year, one per day. This is the case, Xiaoyao, you can take it out at once Two roast ducks in Jinlou surprised me a lot. I used to get people to buy them and waited for three months before I was lucky enough to get one. The duck meat was plump and the teeth were fragrant."

Sun Yao's face With a proud look, he said, "Jinlou's roast duck is indeed priceless, and even a roast duck on the black market has been fried to a high price, not only because of the deliciousness of the Jinlou roast duck, but also because This roast duck has become a symbol of identity. To put it bluntly, I am afraid that the frog at the bottom of the well will not be able to buy the roast duck in the Jinlou in this life. This is also the case for upstarts. It is difficult to meet a noble person or even want to see one. "After

Sun Yao finished speaking, he deliberately gave Zhang Xuan a provocative look, which was very obvious.

Zhang Xuan smiled and did not speak.

Lin Qinghan's face couldn't help but look a bit ugly. She came to the capital to find someone to cooperate. Naturally, she heard about the name of Jinlou. This Jinlou roast duck, it is no exaggeration to say that ordinary people simply can't buy it, even those powers. You have to make an appointment in advance. If you don't make an appointment, whoever buys it, the owner of Jinlou wouldn't buy it. At first, there was a rich second generation. Because he couldn't buy a roast duck, he angered the golden building. Two days later, the rich second generation and the enterprise behind him completely disappeared.

That thing, let everyone know that Jinlou is not engaged in hunger marketing, and the boss behind Jinlou is also a powerful force.

Since that time, everyone who wants to eat Jinlou's roast duck must make an appointment in advance, from one week in advance, to one month in advance, and then to a few months in advance. Even now, the Jinlou's roast duck has already been in the next year. All reservations have been made. I don't know when it will start. The roast duck in Jinlou has changed from a delicacy to a symbol of identity. People with no background can't even make a reservation for the roast duck in Jinlou, even if there are ordinary people. The local tyrants will also purchase the appointment qualification with heavy money, so there is no simple role for those who can take out the Golden Roast Duck.

"Uncle Wei, the background is very important." Sun Yao took the gift box with a smile, put it on the table, and then slowly opened the gift box, "Come, try the roast duck in the golden building, of course, some people don't taste it, they may not be able to eat it all their lives, and the upstart will be an upstart after all."

Sitting there, Zhang Xuan, who hadn't said much, smiled slightly, "You mean, we can't eat it in our life?"

"Oh." Sun Yao smiled disdainfully. "There should be some self-knowledge. You should have one thing. Why do you eat the roast duck in Jinlou?"

Sun Yao said while taking out the sealed roast duck in the gift box.

Zhang Xuan looked at Sun Yao's movements and said: "This roast duck is obviously preserved and preserved, and the taste is not as good as one-tenth of the original. Even if you give it to me, I won't eat a bite, I want to eat, I want to eat That was roasted."

Sun Yao laughed on the spot when he heard this, "It's roasted now? Big talk! The roast duck roasted in Jinlou, you can't eat it in your next life!"

Zhang Xuan shook his head. "I don't know what I will eat in my next life, but I can definitely eat it in

this life."

Wei Mingxun shook his head with regret when he heard this . The girl named Lin was a good girl. Most younger generations are strong, but her husband's acting style is a little too crazy, and even Wei Mingxun himself dare not say that he has the opportunity to eat the roast duck that is currently roasted in Jinlou. Know that the roast duck in Jinlou, Now we have to book one year in advance. Only one day a day. Most people get it as a gift. Only those who have stood at the peak of their power will eat the roast duck without hesitation.

A Lin, even if he claims to have 500 billion yuan in assets, is the richest person in the name of Yanxia, but they are far from the peak of power!

Zhang Xuan didn't pay attention to what Sun Yao said. He took out his phone and glanced at the time. "It looks like it's time to come, it's already supper time."

Zhang Xuan's voice just fell, and the box door was again People knocked, and then a respectful voice came from outside the door.

"Is Mr. Zhang Xuan Zhang in this box?"

"Come in." Zhang Xuan snatched before Wei Mingxun.

The door of the box was pushed away from the outside. I saw a man dressed as a cook standing at the door of the box, and behind the other party, he followed a team of ten people.

On the chest of the lead chef's clothes, there are two large characters, Jin Lou.

After the chef came in, he bowed to Zhang Xuan and Lin Qinghan first. Before he came, he had seen Zhang Xuan's picture. After bowing, he waved behind him. The team of more than a dozen people pushed a grill and left. Come in.

Wei Mingxun frowned, waved his hand, and called the waiter at the door, "What's the matter? I don't want any other dishes." The

waiter replied respectfully: "Mr. Wei, this is the owner of the Golden House The chef and his team, the boss just called to confess, saying that the chef of

Jinlou will come to cook for a respected guest." "Chef Jinlou!" Wei Mingxun was shocked when he heard this, just now When he saw the two words on the chef's chest, he had some such speculations, but he couldn't believe it. After all, Jinlou Roast Duck, which is hard to find, was booked one year in advance. How could the Jinlou chef himself be in person? run over here.

In terms of Jinlou's approach, this chef must also be an arrogant person.

Wei Mingxun thought well, the chef in this golden house is indeed a proud person, but this time, he couldn't be prouder, because he knew that this time, the guests, not to mention themselves, even behind the scenes The boss, you have to be polite when you see it, and you are respectful.

Chapter 950: Baking Now

["If the chapter is wrong, click here to report"](#)

Lin Qinghan looked at what happened in front of him, and looked at Zhang Xuan puzzledly.

Zhang Xuan noticed the woman's gaze and explained, "The Golden Tower was opened by Ferris."

Lin Qinghan heard this and it was immediately clear.

Sun Yao sneered when he heard the waiter, and said, "Pretend!"

Sun Yao finished, and waved his hand directly, shouting at the waiter: "How do you do things? Didn't you watch us eating here, give these people to me?" Push out!" The

waiter showed a look of embarrassment.

"Why, didn't you understand what I said? Do you have a good look at these people, can you be the chef of Jinlou? Push me out!" Sun Yao raised his eyebrows and spoke again.

"Who dares to see me!" There was a shout, sounding from outside the box.

Immediately afterwards, she saw a woman in her forties who came in. The woman was dressed in a luxurious and extraordinary temperament. After entering the box, the aura was full and asked: "I see who wants to push my VIPs out! "

At the same time as the woman appeared, Wei Mingxun stood up at once, with some surprises: "Xuan Xuan, you are back!"

"Yo, who do I think it is, it is Mr. Wei that you want to take my guests out!" "The woman called Xuan Xuan glared at Wei Mingxun, "I have also been in the business community in the capital for so many years. I have seen Jinlou chefs for a long time. This is the first time someone has seen Jinlou chefs go out.

捧." "Xuan Xuan, you misunderstood." Wei Mingxun quickly explained, just looking at Wei Mingxun's explanation, not like saying a thing, as if persuading his sweetheart not to be angry.

"I have not misunderstood that this box has always been reserved for you Wei Mingxun, it is impossible, you Wei Mingxun did not speak, is it because others have won the favor?" Gong Yixuan's voice was full of anger, but listen carefully, this anger is not Going against Wei Mingxun.

Subconsciously, Wei Mingxun looked at Sun Yao.

Where did Sun Yao not know the woman in front of you? Everyone wandered to the top floor of the Yanxia business community, and these people went back and forth, even if they followed their parents to the banquet on weekdays, it would be seven or eight.

Sun Yao bowed his head and shouted Aunt Xuan with some fear, because Sun Yao understood that the woman in front of him and the clan power behind him were completely above his own home, and even Wei Mingxun's Qitai couldn't compare. This woman.

"Oh, it turned out to be the kid with the surname Sun. Why, Wei Mingxun is still sitting here, when is your turn to pick someone up? I don't know the number of gifts!" Gong Yixuan taught unkindly.

When Gong Yixuan said this, Sun Yao did not dare to show a little bit of anger and lowered his head, saying nothing.

Gong Yixuan wanted to speak again, and heard Zhang Xuan's voice ringing beside him.

Zhang Xuan didn't pay any attention to what happened next to him, and said to the chef of Jinlou: "Okay, don't be stunned. They all say that Jinlou roast duck is famous. I have never tasted it. Don't let me down."

"It must be. The chef of Jinlou bowed deeply, and then ordered the team behind him to start preparing.

Gong Yixuan watched the Jinlou chef's actions with great interest, and said: "I heard that Jinlou's roast duck has 31 procedures from preparation to shelf. At first, some people spent thousands of times, just wanted to see this procedure. However, they were also rejected. When the roast duck was put on the shelf, it had to roast through six different

fires . This was the first time I saw it. Today, I was sostunned by Mr. Wei." Wei Mingxun smiled awkwardly. He smiled, "Where is my light, it's the light of these two young people."

Wei Mingxun specifically looked at Zhang Xuan when he spoke, but this time his eyes were a little more Respect.

The person who can call the chef of Jinlou and the roast duck on the spot, to be honest, he has been

with Wei Mingxun for so many years. Don't talk about it, I haven't even heard of it.

Sun Yao was standing there, only to feel the heat burning on his face, neither to leave nor to stay. Originally I wanted to show it with two roast ducks from Jinlou, but I did not expect Lin to call Jinlou directly. Chef! How are they possible!

Sun Yao clenched his fists tightly, an upstart, why did he find the chef of Jinlou! The original plan was now completely broken. This feeling makes Sun Yao feel particularly aggrieved!

"Oh, some people, should not be here?" Zhang Xuan suddenly made a sound.

At the moment when Zhang Xuan spoke, Gong Yixuan waved, "Go, please invite Master Sun to go out."

Sun Yao was shocked, a sense of humiliation spontaneously emerged.

The boss has spoken, and the box attendant naturally knows what to do, standing at the door of the box and making a please gesture. "Mr. Sun, please."

Sun Yao turned his head and looked at Gong Yixuan, but found that Gong Yixuan had been staring at the chef of Jinlou. I don't even look at myself in the direction I am.

Sun Yao felt that he could not hold his face, he put a cruel word on it, and walked away, "Aunt Xuan, you will regret it!"

Gong Yixuan didn't care about Sun Yao's cruel words.

Throughout the summer, how many people can make Jinlou sell their faces? Gong Yixuan heard this for the first time. Although Gong Yixuan did not know the identity of the young man in front of her, she was 100% sure that this person was something that Yao Yao would never be able to provoke and truly regret, it would be Duhai 'S grandson!

The chef of Jinlou took his team and baked roast duck face to face in the box.

Lin Qinghan smiled slightly, "Mr. Wei, can we continue to talk about cooperation now."

"Of course." This time, Wei Mingxun nodded without hesitation.

The benefits that Lin Qinghan gave to Wei Mingxun, Wei Mingxun was very interested. The point he had been entangled with was only the 500 billion yuan of Lin's assets. How much water did the Lin have? Is this Lin's empty shell?

And now, Wei Mingxun's concerns have been completely dispelled. A shell company, what is it to hire the chef of Jinlou? This is not just a status, but a status!

"What cooperation? I don't know if I have the honor to participate?" Gong Yixuan sat beside Wei Mingxun.

"Welcome," Lin Qinghan replied with a smile.

Soon, the smell of the roast duck lingered in the box. Zhang Xuan sat there, staring at the movement of the Jinlou chef. He said nothing about business negotiations.

As for Lin Qinghan, he skillfully talked to Wei Mingxun and Gong Yixuan about the cooperation project, and at the same time reached out the catkins and grabbed Zhang Xuan's big hand under the table.

Outside the hotel.

Sun Yao walked out with humiliation. He even saw the sneer in the eyes of the box attendant just now, and an uncontrollable anger burned from Sun Yao's heart.

Sun Yao took out his mobile phone and dialed a number to go out, "Now, immediately! I want you to suppress Lin's stocks with all your strength, lock all their working capital, and inject capital! I want to see how they inject capital, grass!"

Sun Yao After that, he threw the phone angrily on the ground, and stepped forward angrily and stepped on his feet, which made me feel more comfortable.
