

Chapter 2805

“What?”

“Third Brother took Harvey York away after leaving the garden villa?”

“His personal bodyguard, Snow, got completely crippled?”

“That b*stard even slapped Third Brother in the face?!”

Inside the VIP sickroom of Hong Kong Hospital, Lexie York gasped as she spoke on the phone while cutting an apple for Vince York.

Her face was filled with utter disbelief after she hung up.

Then, she carried the plate of apples on Vince’s table before him and carefully poked a toothpick into one of the sliced pieces.

Vince put down his laptop, removing himself from his busy business for the time being. He looked at Lexie and said, “What happened?”

Lexie let out a huge sigh.

“I don’t know what came over Third Brother. He went to stop Harvey...

“And he suffered as a result.

“He also got humiliated.”

Lexie then explained everything that had happened to Vince.

After biting into a piece of an apple, he then showed a confused look on his face.

“Interesting. Julian York was taken to the Law Enforcement of the Yorks and robbed of his authority because of Harvey.

“But, Third Uncle still invited him to talk in his

office building?

“Is he trying to cooperate with him?”

“Did all this happen because the deal wasn’t made?”

Vince was aware that the situation was not as simple as that.

A man like Noah was a sly businessman. He would never get himself involved in anything that easily.

Not only did he not ask about his own son, but he was also trying to cause chaos from behind the scenes. This was Noah’s true colors.

Safe to say that the old fox had other ulterior motives for doing such a thing.

As for Harvey, Vince was already gritting his teeth when he thought of that man.

But after being hospitalized, Vince had to

acknowledge Harvey's strength after fighting against him for so long.

If he still saw Harvey as some powerful outsider, he would suffer more than he already had.

He could tell that Harvey was not just some ordinary man, let alone that sly old fox.

Vince felt that Noah was planning something else.

“Third Brother wants to work with Harvey?”

Lexie froze.

“No way...”

“His baby boy almost lost his life because of Harvey!”

“You think he can just swallow that down?”

“If he has another goal, then he'll surely be able to swallow it.”

Vince frowned, but he still could not figure out Noah's goals.

Obviously, he did not expect Noah, a man who never cared about authority, would have the ambition to bring his son up as the new king.

Vince knew that he could not just let Harvey run amok anymore.

If it were not for the fact that he was trying to make Grandma York pity him by staying in the hospital for a few more days...

He would have been dealing with Harvey with all his might.

“I have a few men around Third Brother. I'll go ask what he's up to now.”

Lexie was suddenly reminded of something before she left the room and dialed a few unknown numbers.

She then came back with an utterly horrible expression.

“You were right, Vince! There’s a reason he’s doing all of this!

“He wants his son to be the lord of the family!”

Chapter 2806

“What did you say?!”

Vince York froze before coming back to his senses.

“Looks like Third Uncle here’s trying to kick me out of my position without making a noise!

“But is there proof?

“He’ll never admit to it if we don’t show any evidence.”

Lexie York then showed a picture on her phone to Vince.

“According to his statements, he said that he has proof about what happened ten years ago.

Besides the third house, everyone else in the family was involved.”

Harvey York and Noah York could be seen sitting

in front of each other in the picture.

After squinting for a moment, Vince curiously said, “But he’s also involved with the incident...

“If he shows the evidence, he’ll kill himself before he even gets to us.”

“Knowing that sly old fox, the evidence will surely be in his favor since he already has it ready,” replied Lexie calmly.

“Besides, he’s most likely trying to give the evidence to Selena Judd through Harvey’s hands.

“And since Selena trusts Harvey that much, she’ll surely buy it if Harvey’s the one who sends it!

“And if Harvey accepts Noah’s conditions, we’ll definitely have a lot of bloodshed going against the fourth house.

“Some things just can’t be explained...”

Lexie was lamenting over the situation.

“It’s good that the b*stard still hasn’t agreed yet.

“He’s utterly conceited, but it’s good that he’s like that right now.”

Vince pondered over the situation for a while.

“What did Third Uncle ask of Harvey?”

“After Harvey agrees to testify for Julian York and give Selena the evidence...

“He’ll guarantee his spot as the fifth master of Hong Kong!

“That b*stard!” Lexie exclaimed with a furious look on her face.

“Even if he gets to be the father of the lord, does he think he can just bring up a fifth master of Hong Kong with his abilities?

“Who does he think he is?!

“We need to be careful of him, Vince! Don’t let him stab us in the back!”

Vince picked up another piece of apple and carefully took a bite without showing emotion.

“What do we do now, Vince?”

“Fourth Brother’s onto us, and now even Third Brother.

“Second Brother’s a discreet man. He’s focused on training his martial arts, but everyone knows he has the same goal as Third Brother!”

Lexie’s rage had been replaced by worry then.

“If they teamed up with Fourth Brother...

“The head house and I might not be enough to take them down!”

Vince thought about the situation for a while.

“There’s no rush. As long as Julian’s still being detained, Third Uncle won’t be able to do anything to us.

“If he wants to rise to power, then the only thing he can do is first to get Julian out.

“It’s a shame, though. From the looks of it, Julian’s case is probably set in stone already.

“If we fan the flames a little bit, Fourth Uncle might even kill Julian himself.

“As for Second Uncle...

“Hasn’t he been secluding himself for his martial arts?

“I’ll find a chance to meet him.

“I believe he’ll support me as usual.”

Lexie let out a sigh of relief after hearing Vince’s plans.

“We need Second Brother to be on our side right now.

“If not, we’ll have enemies from both sides when Third Brother gets enough time.”

Chapter 2807

The evening sun of the Victoria Harbor was just extravagant.

Harvey York sat on the roof of a cruise ship while flipping through dozens of newspapers he bought.

But after he was done, he seemed a little down.

He did not expect that the reporters were such cowards. He gave them such a big scoop, but they would not even dare report anything interesting.

The reporters would not dare to disrespect Vince York or Noah York.

“As expected from the rich and powerful.

“Even the media’s being controlled by them.”

Right as Harvey was lamenting about the

situation, a person walked up and casually sat on the recliner beside Harvey.

He was Marcel York, the lord of the Yorks of Hong Kong.

He was wearing a Hawaiian-styled floral shirt and a pair of big sunglasses. He did not bring anybody with him at this moment.

If Harvey did not know who he was, he would have mistaken him for an ordinary man on the road.

Harvey handed Marcel a cup of coffee after seeing him lie down.

“Why are you here today, Lord York?”

Yoana Mendoza arranged this place for Harvey. After all, he was sick and tired of the Three Seasons Hotel at this point.

He could not just go to the garden villa whenever

he wanted since people might spread rumors. That was why Harvey wanted a change of scenery.

After taking the cup of coffee, Marcel showed a faint smile.

“To be honest with you, I’m not really a fan of coffee.

“This can keep us energized...

“But sometimes, it can also put us in a daze.”

Harvey squinted before smiling back at him.

“Looks like something is troubling you right now.”

After being dead silent for a moment, Marcus quietly replied, “My second brother called.”

“The legendary head of the second house, Walter York? The man who’s been addicted to martial arts this entire time?”

“That’s him,” replied Marcel with a worried look on his face.

“Second Brother never gets involved with the family’s business. He’s only focused on his martial arts.

“But because of this, his status within the family is unimaginably immense.

“He’s on par with Grandma York, but he’s not completely inferior either.

“This time, he called to ask me a favor...”

“He wants you to release Julian York?” Harvey said after pondering over the situation.

Marcel’s eyes lit up. He did not expect that Harvey would have such a keen eye.

He nodded and replied, “That’s right.”

“Of course, he didn’t tell me this directly. He

only told me that he looks up to Julian and that he might have a chance to inherit his mantle in the future.”

Harvey frowned.

“How are you planning to deal with this?”

“It’s going to be difficult, but this has to be done.”

Marcel chuckled.

“I’m waiting for a certain someone to come to my doorstep to get to you...”

“Third Lord York? Will he come?”

“Definitely. If he weren’t dealing with his bruised face and ego because you slapped him in the face, he would’ve been here by now,” said Marcel with a profound tone.

He wanted to know what happened between Harvey and Noah...

But because of his identity, there were some things that he could only imply instead of being straightforward.

Harvey did not mind telling everything that had happened before.

But right at that moment, he squinted while shifting his gaze toward the entrance of the harbor.

A striking Maybach was parked before the car door opened, revealing Noah's grand appearance.

Chapter 2808

Noah York was wearing a windbreaker, showing off his aura of an upperclassman.

The palm print on his face was already adequately handled by a doctor. The mark was almost untraceable at this point.

But when Harvey York glanced over, he could still see a faint palm print.

Marcel York looked over curiously, interested in how Noah would play out this big show.

“Is that you, Lord York?”

“Ah! Sir York! You’re here too?”

Noah came uninvited before jogging to Harvey’s cruise. When he reached the roof, he acted like he was close to Harvey.

It was hard to imagine that he was planning to

force his hand against Harvey and was slapped in the face just before this.

Harvey squinted slightly. He had to acknowledge just how resourceful these sly old foxes were.

Harvey could still vividly remember the slap across Noah's face, but he looked as if he had already forgotten about it.

Impressive...

Harvey had no intention of letting Noah off the hook, though.

“What a small world, Third Lord York!

“I didn't think I'd see you here after this morning!

“How's the slap across your face?

“Does it still hurt?

“Your treatment must've cost a lot!

“I’m really sorry. I’m a pretty frivolous young man. I get a little reckless sometimes.

“How about this? I’ll pay for your treatment instead!

“Give me a number. I’ll sign a check for you.”

Noah was indifferent, as if he was not fazed at all.

“This is nothing. No need to worry about it, Sir York,” said Noah smiling.

“Before Fourth Brother took the position as the lord of the family, we were all brothers in arms.

“On the battlefield, we got beat up by our enemies...

“When we’re back in Hong Kong, we got beat up by the rich people!

“After that, we swore that we’d rise to power no

matter the cost!

“And now that Fourth Brother’s there, no one would even think of disrespecting me!

“After all, I’m Marcel’s third brother.

“But if I’m being honest, it’s been a while since anyone dared to lay their hands on me,” said Noah in admiration.

“Sometimes, I do miss being slapped in the face on the streets.

“Your slap instantly reminded me of my past.

“I can’t even thank you enough! So, why would I even care?

“There’s no need for you to cover the medical fees or whatever. You don’t have to care about that.”

Noah casually talked about Harvey’s humiliating slap while bringing up the past, trying to win

Marcel's sympathy.

Harvey was impressed. Only a sly fox like Noah would know how to deal with someone like Marcel.

It was useless to use force or indulge Marcel. The best bet was to feed into the nostalgia.

And as the Third Lord York, he was pretty shameless to come all the way here just to do something like this!

“Why are you here, Third Brother? Just spit it out.

“If there's nothing else, you should leave. I'm still having a chat with Sir York. It's unseemly for you to be here.”

“It's been a while since we've met, Fourth Brother! I think we should have a drink together!”

Noah then respectfully poured a cup of tea for Marcel.

“I’m drinking coffee today. Not tea,” replied Marcel calmly.
