Chapter 3199 "Enough talk.

Jordan Bowie pointed at Harvey York.

"I'll avenge my son, Harvey!

"You can run, but you can't run forever!"

Harvey frowned. He could tell that Jordan was prepared to do anything.

He wanted to send Jordan flying with a slap, but he held himself back since he was in the police station.

"Well, you can try.

Harvey seemed indifferent.

"I'm only telling you this once. I won't go against you for your son's passing.

"But if you keep messing around, I'll have the entire Bowie family erased from Flutwell's history!"

Bam!

As soon as Harvey stepped forward, countless cracks formed from the bottom of his feet.

The floor paved with bluestone split open before the tiles turned to dust.

"Wha..."

Everyone was shocked.

Jordan's body trembled before dodging a shard flying straight at him.

His face was still cut by it since he was a bit slow.

Jordan's expression instantly changed.

There were a lot of expert martial artists in Flutwell, but Jordan had never seen anyone who could shatter tiles all around the place with just a single step.

This was just terrifying!

Jordan instinctively took a big gulp.

At this moment, he understood why Logan Bowie would not dare go against Harvey.

"Go!"

Harvey could not be bothered to look at the faces of Jordan and the others. He calmly held Mandy Zimmer's hand and walked past the convoy before getting inside his car.

When Harvey and the others left, Jordan furiously

clenched his hand before slowly releasing it. He pulled his phone out to dial a number soon after.

"How dare you threaten me, you b*stard?!"

"You think I won't touch you because you're the head of Law Enforcement with the master of Longmen's support?! "I can't fight you since you're so skilled, but do you think I won't hire people for that?!"

"There's no chance that everyone around you is as skilled!"

"We'll see how you try to stop me every single day!"

"Let's move! We're making preparations!"

Jordan furiously yelled before getting his people out of the place.

He already gave Joseph Bauer a call.

He agreed to send someone to take care of Harvey.

That was why Jordan was excited.

He only asked for Harvey to be dealt with.

But he actually wanted to trample on the rest of the people around Harvey.

After thinking about Mandy and Xynthia Zimmer's pretty little faces, Jordan already knew just how he was going to torture them both.

While Jordan was still pondering over the thought, the convoy has returned to the Bowie Manor.

The manor was quite spacious. It once belonged to one of

Flutwell's wealthy families.

But after Jordan completely annihilated the family, he took control of the place instead.

Jordan felt that the place was a little too quiet after coming back.

His Tibetan Mastiffs were not there to welcome him. The entire manor felt a little empty. Not even a single soul could be found at that moment...

Chapter 3200 Jordan Bowie was confused. –

\

Since he was quite a brutal person, he pulled out an elegant-looking firearm from under the seat and kicked down the car door before taking his bodyguards and secretary with him.

A crack was showing at the manor's front gate. The smell of blood wafted from the inside.

Jordan frowned before his expression changed.

"Something's wrong!

"Take off the safeties of your firearms!

"Go!"

He kicked the door down before going inside. Weapons were scattered all over the ground with blood mixed splattered all over them.

The door of the main hall was closed shut. Nobody could tell what was going on inside. Jordan was terribly anxious. He had a bad feeling about the situation.

He furiously made a gesture before his people pointed their firearms straight at the main hall.

"Who's hiding around here?! Show yourself!

"You're late, Chief Bowie..."

A calm voice echoed from the hall.

Jordan let out a sigh of relief after hearing the voice.

"Why are you in our manor, Young Master?

"Did someone accidentally offend you?

"Tell me who they are! I'll deal with their entire family!"

Three people walked out of the hall as Jordan was still speaking. The person in front was Joseph Bauer in a white suit. He was frowning, as if he was unaccustomed to the smell of blood.

An elderly person and a beautiful woman in a gown with golden framed glasses were behind him.

The woman's name was Ruby Murray.

She calmly looked at Jordan and coldly exclaimed, "The young master was kind enough to get a hold of the information about your son's murderer..."

"It's fine if you decide not to exact your revenge!

"But, you even asked for the young master's help!

"Who do you think you are?! What right do you have to tell the young master to do something like this?!

"You overestimate yourself!"

Jordán's eyes twitched before he lowered his firearm and got down on his knees.

"It's not that I don't want to, Young Master!" he exclaimed with a pleading look.

"That b*stard's just too hard to deal with!

"I'm no match for him!

"Please!

"You need to bring justice to our family!

"The Bowie family belongs to you!

"We're just your humble servants!

"Since they disrespect us..."

"That means they are also directly disrespecting you!

"You must help us!"

Joseph calmly looked at Jordan with a cold gaze, momentarily.

"Since that's the case, you should find a way to help Chief Bowie, Ruby." Ruby showed a warm smile.

"I have already thought of something, Young Master!

"I'll handle this. Don't you worry."

Joseph lightly nodded before taking his leave.

Ruby' then crouched with her cleavage showing in front of Jordan.

"We can't delay this anymore. That's why I need your help. I need you to borrow me something!" said Ruby with a faint smile.

Jordan showed a wretched smile.

"Of course! As long as I get my revenge, I'll lend you anything!"

"Well then, I'd like to borrow your head!" Ruby smiled and revealed her exquisite – looking dagger before thrusting it right through Jordan's throat even before he could react.

Bang bang bang!

Along with the sounds of gunshots in the hall, all the bodyguards of the Bowie family fell to the ground.

Ruby then dialed a number in the middle of all the bloodshed.

"Is this the police? I want to report a massacre..."

Chapter 3201 On the next day, early in the morning. Harvey York was woken up by the ringing of his phone.

When he picked up the phone, Rachel Hardy's frantic voice could be heard from the other side.

"This is bad, Sir York. The entire Bowie family was killed last night..."

When Harvey showed up on the scene, people had already flooded the entire place.

Other than the Bowie family's relatives, many inspectors and disciples of Longmen's Law Enforcement were also there.

The entire city was in complete shock after such a big thing happened.

It's said that the upper social circle was enraged by the news. They accumulated millions of dollars as a reward for whoever could find the murderer.

Rachel was standing amongst the crowd. It was not long since she came to Flutwell, but she had already started to blend in with the city's upper social circle. She stood behind the crowd to avoid contact with anyone else and waited for Harvey's arrival.

Rachel walked forward as soon as she saw Harvey.

"Sorry to disturb you so early in the morning, Sir York."

Harvey frowned.

"What happened here?"

Harvey thoroughly despised Jordan. There was also a conflict between the two at the police station...

But, the Bowie family was somehow annihilated immediately after that.

Harvey had to get to the bottom of this no matter what.

This was all just too coincidental. Clearly, someone planned for all of this.

It was good that Harvey had Longmen's Law Enforcement behind him. If that were not the case, it would be extremely troublesome to deal with the situation.

"Jordan and the others returned to the Bowie Manor after our confrontation.

Naturally, Rachel already had some information to share with Harvey.

"Nobody knew where they went after that.

"The surveillance systems of the manor were all compromised.

"Judging from Jordan's cause of death, someone killed him with a single thrust of a dagger. He had no chance even to retaliate!

"All the bodyguards beside him died from gunshots at the same time!

"Simply put, someone stabbed Jordan to death and have the gunners deal with the bodyguards simultaneously! 1

"No ordinary people could do something like this.

"Only someone with power can pull this off." Rachel frowned. She was getting anxious.

"If we don't handle this properly, we'll be blamed for this incident.

"Someone obviously planned for this, after all.

I

"Right. I got someone to take pictures at the crime scene along with Jordan's wound.

"Though, I couldn't stop them from moving the body away." Rachel handed over some pictures to Harvey. After looking at them, Harvey said soon after, "He did die in one hit. He was probably kneeling when it happened

too.

"The person who did it pushed down on his head to ensure the blood wouldn't spill out.

"Whoever it is, they must be pretty experienced.

"I'm curious though. Jordan's a pretty vicious man. Why would he willingly kneel before someone?"

"There were no signs of struggle either. The person who did this must've been someone he trusted. That was why he couldn't react to the situation at that moment..."

Chapter 3202

"How many people in Flutwell can do something like this?"

"Not a lot," Rachel Hardy promptly replied.

"Other than the envoys of the Golden Palace, a few prominent figures of Longmen, and the young masters of the Bauer family..."

"Only a handful of people can do something like this.

"Am I included in the list?"

Rachel bitterly chuckled.

"What do you think, Sir York?"

"So, you're saying that all the evidence points right toward me..."

Harvey York merely smiled.

"But, since they're not conclusive enough, there's no way to prove that I was the one who did it, right?"

Rachel's eyes twitched.

"That is exactly why it's troublesome, Sir York.

"There's no way to prove that we were the ones who did it, but we also can't prove otherwise.

"If we're not careful today, we'll surely have to take the blame for it."

Harvey squinted at the Bauer family before letting out a sigh. "Impressive move. They'd even sacrifice one of their pawns to kill me off..."

Rachel looked in the same direction before she shivered...

"You're saying that Joseph Bauer..."

"How dare you come here, Harvey?!"

Before the conversation was even done, a group of people walked out of the manor after someone spotted Harvey.

The person leading the group was none other than Mac Bauer himself.

Faint palm prints were still shown on his face, but he seemed a lot more fearless facing Harvey, with many more martial art experts surrounding him.

He strutted toward Harvey and showed a deathly glare.

"You're atrocious, Harvey!" "Not only did you kill Ezra Bauer and Dylan Bowie, you even had to annihilate the entire Bowie family because of your dispute with Jordan!"

"You're a murderer!"

"You'll pay for your sins!"

Mac then gritted his teeth in rage.

"Go! Get him! Take this murderer down!"

Rachel's face instantly darkened before she waved her hand. A dozen disciples of Longmen's Law Enforcement stepped forward to push the experts back.

"How dare you?!"

"You better watch what you're saying, Mac!"

"Sir York is the head of Law Enforcement! His status is immense!"

"You have no right to call him a murderer without any solid proof!"

"If you keep slandering him, then don't blame me for what happens next.

Then, she glared at Mac.

"If you don't have proof...

"Then you'll have to apologize for this!

"If you don't, I'll settle scores with you sooner or later!"

Rachel then fiercely took a step forward before kicking down the man leading the expert group to the ground.

Mac was enraged by the sight.

He did not expect that Rachel would still act this domineering in a place like this.

"Proof?!"

Mac was showing a horrible expression as he glared at Harvey.

"Why do we even need something like that?!"
