Chapter 3195 Harvey kept Jordan in the back of his head after seeing the two walk out.

"You're fine now," Harvey said after taking a step forward.

Mandy nodded lightly; she didn't think that she would be released without a scratch after three days.

She could only imagine the things Harvey did just for her to get out safely.

"Thank you, Harvey."

Mandy

let out a sigh of relief. Her eyes fell on Rachel, who was standing not far away from her.

"This is..."

"Let me introduce you. This is the executive CEO of the Hearthstone Corporation, Miss Rachel Hardy." Harvey showed a warm smile.

"As of right now, she has seventy percent of the company's shares." "Simply put, she has total control over Flutwell's gold mine."

Mandy was shocked to hear Harvey's introduction . She

didn't expect Rachel to be a talented woman as well.

Lilian, who had not said a single word for the longest time, froze. Then, she tugged Harvey's shirt.

"You're saying that this woman has seventy percent of the company's shares?!"

"What about my share?!"

"Does she have it too?!"

"You should know that the shares were never yours to begin with," Harvey replied calmly.

"You think you have the right to take those shares when you're completely talentless?"

"If she didn't have the shares to begin with, she wouldn't have earned control of the company and bail the two of you out."

"You'd have to spend the rest of your lives behind bars."

Harvey pointed out the important fact without bothering to explain the details.

He knew full well that Lilian was an unreasonable woman.

She would lash out if Harvey said that the shares were all under his name.

Thus, Harvey decided to tell a white lie to spare everyone's ears.

Lilian chuckled coldly before Harvey was even done

talking

"I knew it, Harvey! I was wondering why you were so kind as to bail us out!"

"You've been after my shares the entire time!"

"And then, you handed my shares away just like that!"

"You b*stard!"

"I'll kill you!"

Xynthia, who was invisible to this group of people, finally spoke up.

"Enough, Mother!"

"If it weren't for Brother-In-Law's help..."

"You would've been stuck behind bars for the rest of your life!"

"Plus, the shares weren't yours to begin with!" "You've been staying in jail for so many days because of this!"

"Why are you still thinking about it even now?!"

"Wake up! You'll never have those shares!"

"Shut up!"

Lilian finally saw Xynthia's face. She was about to slap Xynthia in the face, but Harvey stood in front of Xynthia.

"You ungrateful daughter! Do you think Harvey's family?! Have you been brainwashed just because he saved you a bunch of times?"

"Let me tell you something!"

"You have to give me all of the damn money you make as an actress!"

"How dare you speak up against me for an outsider! Are you still my daughter or not?!"

"Am I still your damn mother?!"

Lilian's unrelenting fierceness made Xynthia's eyes twitch.

However, she managed to keep her back straight despite her mother's scathing screeches. "Brother-In-Law did so much for us! I won't let you treat him this way!"

Chapter 3196 "What did you just say, you little b*stard?!"

Lilian Yates was infuriated after seeing her once obedient daughter rebelling against her.

"Repeat it! I dare you! I'll beat you till you die!"

She hated Harvey York more and more then. Not only did he get Mandy Zimmer to side with him, he even made her younger daughter go against her.

Everything was Harvey's fault.

Mandy rubbed her temples when Lilian and Xynthia Zimmer started fighting.

"Enough. Both of you.

"We just got out of prison. Can't we have some peace and quiet?

"Besides, do you really think that ridiculous contract can actually get you the shares, Mother? "Even if you did have it all, do you think you can take control of it? "There are so many wealthy families here in Flutwell. Do you think they'd let a woman with no background here control their very lives?

"Those shares aren't good for anyone! It's a reminder !

"People with no power will die if they get ahold of the shares!"

Lilian coldly chuckled.

"Fine! It looks like you're still siding with the b*stard anyway!

"People with no power will die?!

"I had it all in the palm of my hands before! I'm still alive now, aren't I?!

"You just want me dead so you can stay with Harvey without anyone saying otherwise! "Let me tell you something! That will never happen! "Even if I f*cking die, I'll never agree to this!"

Lilian then coldly chuckled before she walked toward the crowd with a bossy look on her face.

Clearly, she was mad. There were about to be dire consequences after this.

Right at this moment, a row of Toyota Prados with nice license plates drove over.

The cars parked right in front of the police station and completely blocked off the entrance.

The center car's door got kicked open before a middle –

aged man in a suit walked out with bloodshot eyes. He was obviously boiling with anger at that moment.

Lilian, who was still in a terrible mood, overlooked that fact.

"Don't you have eyes, you b*stard?! Can't you see I'm walking here?!" she yelled while furiously pointing at the man.

"Do you have a death wish or something?! How dare you close off the entire damn exit?!"

Slap! The man wasted no time sending Lilian flying with a slap across her face. 1

She fell to the ground as she shrieked in pain. It was quite a miserable sight. "Why would you hit her like that?!" exclaimed Mandy instinctively.

After that, she ran toward Lilian before supporting her.

"Why would I?"

The man with bloodshot eyes glared at Mandy with a distant look. "Not only am I beating people up, but I'm also here to kill!"

Then, he pointed at Harvey with a cold glare.

"This b*stard killed people that I love!

"You killed both my good friend and my son!

"You won't get out of this place alive!"

The man waved his hand before a throng of strong men in suits rushed forward.

Rachel Hardy showed a cold gaze before she waved her hand, calling the group of Longmen's disciples to stand

guard.

A few inspectors from the police station also ran out to stop the commotion.

Harvey coldly glared at the suited man.

He seemed like he was in his fifties. He was about five feet nine and had a muscular figure with a gloomy look. Clearly, he was not someone to be messed with.

Harvey immediately recognized the man after seeing his face. He was none other than Dylan Bowie's father, Jordan Bowie himself.

Harvey did not expect that he would show up this early.

Chapter 3197 Jordan Bowie was extremely fierce at this moment. If it were not for the few inspectors stopping him, he would have already stomped his way toward Harvey York.

"You need to calm down, Mr. Bowie.

Rachel Hardy took a step in front of Harvey.

"I already provided the police with evidence.

"Ezra Bauer and your son's death is none of Sir York's business.

"They previously had a fight, but Sir York didn't kill anyone. "The evidence from the crime scene and the surveillance footage provided can prove that.

cene

"Please don't be unreasonable..."

After hearing Rachel's words, Lilian Yates screamed furiously while covering her face.

"You little b*stard! Why do I have to suffer for your damn crimes?!"

Lilian wanted to slap Harvey in the face so badly, but she was stopped by Mandy Zimmer.

Jordan could not be bothered to listen to Rachel's explanation at that time.

"Rachel, right? Why don't you shut the f*ck up?!" said Jordan with a gloomy look.

"You think you have the right to speak here?!"

"You're just one of his servants, so stop showing off already!"

"Let me tell you something ! Your so-called evidence is useless to me!"

"You can fool the police, but you can't fool me!"

"This b*stard, Harvey killed my friend and my son! "They previously had a fight, so Harvey took the position as the head of Law Enforcement before deciding to kill them both!"

"And you're telling me that all this is just a coincidence?!"

"Why does the b*stard have to give his own testimony if he didn't do anything wrong?!"

"He's guilty!"

"I just know it!"

"I'm tired of playing games like these a long time ago!"

"How dare you try to fool me?! "Do you think I'm that stupid?!"

Of course, Jordan decided on his own that Harvey was the killer.

He believed that he was the main perpetrator even if Harvey did not carry out the killing himself.

Harvey frowned . Logically speaking, a man like Jordan would not lose his mind like this even if he was sad. Why would he target Harvey like this in the first place?

He took a step forward and gave a cold stare at Jordan.

"You claim that I killed them both? Where's your proof?"

"Proof?"

Jordan burst out laughing before showing a gloomy look once again.

"My son sent me a text before he died! He only sent the word 'York', but I'm sure that he was trying to write your damn name!" he screamed at Harvey's face while giving him a deathly glare. "If not, why would he send me this text in the first place? ! "You're powerful now! You're the head of Law Enforcement! Evidence like this won't be able to incriminate you! "But, this is enough for me!"

He glared at Harvey.

"I know for sure who did it now!"

Harvey knitted his brows. It was hard for him to explain

the situation at this point. Who knew if Dylan was being truthful when he sent the text to his father?

"What? Cat's got your tongue? Do you admit that you're the killer now?"

Jordan let out a cold chuckle.

"The Bowie family is a wealthy family! Nobody dared to go against us!

"Only ignorant outsiders like you people would do such a thing!

"That's why you'll be the one to pay the price!"

Chapter 3198 After hearing Jordan Bowie's words, the fighters beside him nodded in unison.

Just like what Jordan said, the Bowie family had been dominating Flutwell because of the Bauer family's support.

Even the people rarely went against Dylan Bowie.

Other than an ignorant outsider like Harvey York, who would be stupid enough to lay their hands on Dylan?

They would have been crazy if they did!

After seeing Jordan's crazed expression, Rachel Hardy froze before she exclaimed, "Not only are you being extremely unreasonable, you're also planning to go against Sir York?"

"That's right!" replied Jordan with a cold smirk on his face.

"You have the Hatchet Gang, Longmen's Law Enforcement, and the Hearthstone Corporation, but so what?"

"Do you think our family's weak or something?!"

"That's none of my business, but if you keep slandering Sir York and act arrogantly, I'll have to stop you!"

Mandy felt a little surprised after hearing Rachel's words.

'When did he turn out like this?

'Yvonne Xavier previously had his back, and now there's Rachel. Why are all these outstanding women willing to sacrifice so much for Harvey?'

"You'll stop me? Jordan chuckled coldly.

"You're just an outsider! What can you even do?!"

"Let me tell you something! I will stop at nothing to avenge my son!"

"If the law won't bring you justice, then I will!"

Jordan showed a wretched look on his face while speaking in a righteous tone.

"If you can prove that I actually killed your son, I'll happily offer you my head. Harvey took a step forward with a cold expression. "But, if you keep slandering me without any solid proof, then don't blame me for what happens next."

Harvey said those words himself...

But he knew full well that for a man like Jordan, what he believed mattered more than any piece of evidence.

He would stop at nothing to go against whoever killed his son.

"I know you're powerful, Harvey! I know that you're the head of Law Enforcement and that you have the master of Longmen's support! "But let me tell you something. The Bowie family isn't just some easy target!"

Jordan was fearless at this moment.

"Another thing!

"If my son were still alive, I would've stayed away from you out of fear!

"But since he's already gone, what's the point of me being scared then?!"

"You!

"I want you dead, even if it kills me too!

"I want you to be buried just like my son!

"I'm going to kill your entire family and dig out your damn ancestors just to burn them all to ashes!"

Jordan had completely lost his mind when he fearlessly screamed at Harvey, as if he was willing to die for his cause.

"Don't you even care about your daughter, Jordan?!" exclaimed Rachel coldly after checking her phone. "What?! You're going to touch my daughter too?!"

"She's with the Bauer family for many years now! Come at her if you dare!"

"You're all damn cowards anyway!"

Rachel took a deep breath.

"I'm not going to do anything to your daughter. I just want you to calm down."

"Don't be reckless. Stop trying to mess with people you can't afford to."

"Your daughter will lose her only father. The Bowie family will have no other successor after this..."

"It's just not worth it."
