Chapter 3203 "Everyone knows you have a grudge against Jordan Bowie!

"You even threatened him at the police station yesterday!

"Many people were there!

"You thought he was too ruthless, so you decided to strike first!

"That was why you killed his entire goddamn family!

"And to humiliate him, you even forced him to kneel before you stabbed him!

"You're heinous!

Mac Bauer was showing a righteous look.

"Judging from this perspective, you are the murderer!

"There's no proof of that...

"But, everyone has the same thought at this point!

"You can't run away from this!

"If the law can't take you down today, I'll sentence you on behalf of the Bauer family!"

The crowd was in an uproar when they stared at Harvey York, full of shock.

The

Bowie family's friends and relatives were infuriated. The ones who trained in martial arts gritted their teeth in resentment. They wanted to skin Harvey alive so badly at this moment.

Harvey calmly crossed his arms and glared at Mac.

"Don't try to spout any more nonsense.

"Since there's no proof of me making the kill...

"Even I can blame you for the incident.

"You were resentful since I slapped you a couple of times!

"That's why. After knowing about my confrontation with Jordan , you prepared all those people to kill him off so that you can shift all the blame to me!"

Harvey locked eyes with Mac, while showing a cold gaze.

"You used the thirteenth young master's authority to suppress him, preventing him from doing anything! All he could do was kneel before he died!

"You're the heinous one here, Mac!"

Mac was trembling with anger after hearing Harvey's words.

"Stop this nonsense!

"I actually do have proof!"

A cold and distant voice could be heard from the group of

inspectors.

"I just got hold of the surveillance footage from the roadside. It clearly showed you coming here last night before you left in a hurry half an hour later.

"Simply put, there was a time and motive that you committed the crime.

"You need to give us a fair explanation.

"If not, the law will do it for you!"

Harvey instinctively raised his head after hearing those cold words. A man in his thirties , around five foot nine, came forward with a group of inspectors behind him.

Rachel Hardy's expression changed slightly after squinting at the man.

"August Bauer, Jordan's son-in-law, is one of the Bauer family's backbones and one of Joseph's trusted subordinates. He's a ruthless man with many achievements under his belt."

Harvey frowned after hearing Rachel's introduction.

He also did not expect Jordan's son-in-law to be involved in the situation.

The others were shocked after hearing August's words.

They were at a complete loss when they stared intently into Harvey's eyes.

Nobody thought that the gentle-looking pretty boy would murder someone in a place like Flutwell!

This was just insane! He was utterly disrespecting the prominent figures here!

Chapter 3204

Mac Bauer squinted at Harvey York, as if he regained his courage before bursting out a laugh.

"Do you hear that, Harvey?"

"My nephew actually has proof that you murdered the Bowie family!"

"You also have a motive!"

"What can you say to that?!"

Harvey smiled faintly when he looked at Mac before squinting at August Bauer.

"You have footage of this place?" "Why, of course!"

August squinted back.

He had read Harvey's dossier before, so he knew just how troublesome Harvey was as an enemy.

When he saw Harvey in person, he was shocked that such a young man would be this calm and collected.

It was hard to imagine how a young man like this managed to deal with Davian Holt and rose to power.

At the same time, Harvey's various titles had made August a little resentful.

(What right does a man like this have to have such an immense status?)

August believed that Harvey was the one who murdered his father-in-law's family. August was able to inherit all of the family's property because of this.

But he still wanted to crush Harvey while abiding by the law.

The most important thing was naturally to give Joseph Bauer a statement that he would be satisfied with.

Without a second thought, August squinted at Harvey and coldly exclaimed, "I managed to get footage of this place with the inspectors I brought along.

"You were clearly seen going in and out of the Bowie Manor!

"This is solid proof!" exclaimed August while glaring intensely at Harvey.

"I don't care where you come from or what sort of identities you have!

"Since you killed my father-in-law's entire family, I'll have you pay the price!

"The law will punish you!

"If that doesn't work, then I'll deal with you myself!"

After seeing August's righteous expression, Mac, who

had been utterly disrespected before, stepped forward to support his nephew. "He's right!

"This world is governed by law!

"It doesn't matter who you are and where you come from!

"A murderer must pay with his life!

"You killed

the Bowie family! You'll have to take full responsibility for this! "Even if the law decides to let you go, we won't be doing the same!"

Rachel Hardy froze after seeing Mac's confident look.

Did Harvey really do such a thing?

If he really did it for his wife, then there might have been a possibility.

But after seeing Harvey's calm look on his face, Rachel immediately cast away the thought.

Harvey was a skillful man, but he was never bloodthirsty. Besides, Jordan had no right to take action judging from his status.

Simply put, Jordan was just unworthy for Harvey to kill.

With Harvey's authority, he could have just killed Jordan in front of the police station and claimed it as self

defense if he really wanted to.

Why even do something this troublesome?

Sneaking in and murdering entire families was just not Harvey's style.

Chapter 3205 Without a second thought, Rachel Hardy's face darkened instantly.

"Enough of this slander, August Bauer!

"Show us the proof if you really do have it!"

"Heh! What if you decided to destroy it once I show it to you?!"

August squinted at Rachel. He knew quite a lot of things about Oliver Bauer's top disciple.

That was why he was showing a heinous look when he leered at Rachel's nice figure.

"This is solid proof! The murderer will have no chance even to refute this!

August squinted. "You're different compared to this man, Rachel. You've been Longmen's top disciple since the very beginning!

"Besides, didn't your teacher die in his hands as well?

"Yet, you're still here standing up for him right now?

"What will your ancestors think about this?"

"Don't try to lecture me!

Rachel showed a cold gaze. She had no intention of showing any respect toward August.

"What right do you even have to talk to me like this?

"If I find out that you're deliberately framing Sir York or that there's anything wrong with the footage...

"I'll be demanding your statement soon enough!

"Even if Sir York decides to let this slide, I'll make sure that you'll pay!

"I know that you belong to the Bauer family. I also know that you've made remarkable achievements.

"But, your people won't be able to protect you if I decide to come for you, no matter how many of them there are!"

Rachel furiously took a step forward before a tile under her feet turned into dust.

August and Mac Bauer's eyes twitched as they started to hyperventilate.

They knew that Harvey got Rachel in charge of Flutwell's businesses. She was evidently a talented woman since that was the case.

But they did not expect that she was also this terrifying.

Harvey glanced at Rachel when his interest piqued.

This was a true peak King of Arms.

Rachel was progressing so fast at this moment.

If Harvey gave her a few more pointers, she would probably become one of the fastest-growing Gods of War.

Harvey was quite excited for that to come to fruition.

All his strongest forces belonged in the army.

That said, it would sometimes be quite troublesome to use them since it would give a bad reputation to the army as a whole.

It was definitely a good thing to have a few more people like Rachel beside him.

That said, it was not the time to think about such things. Harvey put the thought in the back of his mind before he glanced back at August. "Enough talk. If you have proof, let's go to the police station then!"

"We'll see if I'm the murderer..."

"Or if you're just slandering me!

"We'll find out soon enough!

"There's no way that fake news could turn real anyway."

Harvey turned around and walked out of the Bowie Manor soon after.

August and Mac looked at each other before they followed

suit.

An hour later, at the Flutwell Police Station.

To solve the case quickly and make Harvey admit to his crimes right away, the police wasted no time showing him the video footage.

Harvey frowned as soon as he saw the footage.

Chapter 3206 The footage was a little blurry, but Harvey York did show up in it.

There were two instances of Harvey's appearance. One when Harvey entered the Bowie Manor, and the other when he left.

Before he left, he even showed a playful grin right at the camera.

If Harvey were not sure that he was not the murderer, he would have actually thought that he killed off the entire Bowie family too, after seeing the footage.

Rachel Hardy also frowned. This wasn't decisive evidence, but it proved that Harvey did have the time to commit such a crime. Along with the motive, this could almost pass as irrefutable evidence.

Mac Bauer burst out laughing after seeing the footage.

"Look! There's proof of your killing right here! What else can you even say at this point?!"

"You claimed you didn't do it, but who's this in the footage?" said August Bauer calmly.

Harvey calmly glanced at *Mac* and August, who were showing threatening looks.

"Number one. I am not the murderer.

"You're all experienced martial artists here. Clearly, you all know of the Art of Disguise.

"From what I remember, the Demon Monks of India and Ninjas of the Island Nations are pretty well-versed in this

art.

"Number two. I have no need to kill Jordan. At the end of the day, he's just someone else's servant. Why should I even kill him in the first place?

"Number three..."

"The Art of Disguise, you say?"

Mac coldly chuckled.

"What age do you think we live in? Are you still trying to fool people using old fables?

"People who don't train in martial arts would probably be fooled..."

"But we're all experts here! Why would you even try something like that on us?!"

"It does exist, but not to this degree!"

"The people who use it will have stiff expressions!"

"But look at yourself here! You were showing such a cocky smile! A fake face would not be able to do something like this!"

"What else can you say now that the proof's all here?" reasoned August calmly.

"You think the police are stupid or something? Do you think you can just say whatever you want?"

"Stop beating around the bush already! Just admit it! "It'll be good for everyone if you just confess! "If not, you won't just live the rest of your life behind bars if we find more evidence about this..."

"You'll even be sentenced to death!"

Harvey calmly glanced at August.

"Why do I get the feeling that you want me dead so badly?"

"People who don't know might think that you prepared all this just for me!"

"How dare you?!"

August's expression changed instantly.

"I have friends and loved ones in the Bowie family! I love them with my heart!"

"Are you claiming that I sacrificed them to frame you?!"

"You're shameless, Harvey!"

"It doesn't matter anyway. Don't get so riled up," exclaimed Harvey coldly.

10

"I'm not done talking yet! "The time of your footage is between eleven thirty to twelve o'clock."

"But at eleven o'clock, I was chatting with my mother-in-law's family back at the Hatchet Gang's base camp."

"I was already preparing to sleep at twelve."

"There's at least a ten-minute drive to the Bowie Manor from Hatchet Gang's base camp."

"The timeline doesn't add up!

"That's why I have the perfect alibi!

"You can call the people I chatted with if you don't believe me. You can ask them yourself."

Chapter 3207

After seeing Harvey York's casual look, Mac Bauer and August Bauer changed their expressions slightly.

'Was the person in the footage not Harvey?' they thought.

The two inspectors handling the case also changed their expressions.

"Since you said so, we'll call one of them to confirm that.

"Make sure that they aren't colluding."

The other inspector stood up and jotted down Lilian Yates, Mandy Zimmer, and Xynthia Zimmer's phone numbers from Harvey's phone before dialing a number in the room next door.

Five minutes later, the inspector came back and glared at Harvey with a cold gaze.

"I'm sorry, Mr. York.

"We called your mother-in-law.

"She said that she didn't see you. She also wanted you gone.

"We'll have to hold you here as a suspect for now..."

Mac and August looked at each other before they burst out laughing

\*\*\*\*\*

Bam!

Half an hour later, inside the Hatchet Gang's base camp.

Rachel Hardy and the others walked into the deepest part of the manor with cold expressions on their faces. A dozen guards of the gang would not dare stand in front of Rachel after seeing her look.

She walked toward the entrance before kicking the door down.

"Get your \*ss out of here right now, Lilian!" "Who's that?! Who's messing around out there?!"

"Don't you know what place this is?!"

A bossy, tone could be heard from inside.

Lilian was seen walking out in a gown with a cold look.

Not only did she lose her shares of the Hearthstone Corporation, she even got slapped in the face.

That was why she was in a terrible mood at that moment.

She was more irritable than usual after being woken up from her sleep.

Lilian coldly chuckled after seeing Rachel's face.

"Oh? Aren't you that b\*stard's servant or something?"

"What?"

"When did a dog get the right to bark for her master?"

Lilian was completely looking down on Rachel.

In her eyes, Harvey was just filth. Naturally, a person working under him was also considered filth.

Lilian could not tolerate some filth kicking down her door and screaming in front of her.

If it were not for the dozen people around her, Lilian would've already slapped her in the face.

"Let me tell you something! You'll give me a fair statement no matter what!" Lilian exclaimed in a grim tone.

"I want 1.5 million! Also, kneel and apologize!

"I'll show you Hell if you don't!" "How shameless can you get, Lilian?! I can't believe such a worldly woman who can only eat and sleep thinks of herself highly!"

Rachel showed a cold gaze.

"If it weren't for Sir York, I would've slapped you right about now!"

"That b\*stard?!"

"He was the one who got you here?!"

Lilian revealed a horrible expression.

"Right then! Not only did that b\*stard let you have my shares, he even wants you here to beat me up! "I'll settle scores with you sooner or later!"

**Chapter 3208** Lilian Yates thought that Harvey York must have been worried about her bringing up the gold mine in the future.

That was why he sent Rachel Hardy here to make her turn a blind eye to the matter.

Lilian was boiling with rage at this moment.

In her eyes, she would have been the wealthiest mother-in-law there ever was if it was not for Harvey.

She did not need to live in a rundown place like this!

Even the air around here stank!

"Be honest with me, you b\*tch! Have you been sleeping with that b\*stard or not?!"

"Tell me if you are! I'll even help you climb the ranks!"

"You'll have a chance to be with him as long as Harvey breaks up with my daughter!"

"Or are you saying you'd prefer to be a third wheel for the rest of your life?"

"You..."

Rachel was on the verge of slapping Lilian, but she managed to hold back her feelings after remembering her value.

"I don't care what grudges you hold against Sir York, Lilian!" she exclaimed coldly.

"I also don't care what happened before!"

"I want you to tell me something earnestly!"

"If it weren't for Sir York's plans, do you really think you had a chance to get out of jail?! "If it weren't for him, you think you could've lived so comfortably there for the past few days?!"

"Sir York did so much for all of you! It's bad enough that you're not thanking him for this! "But how dare you kick him while he's down?!"

"Don't you have limits?!"

Lilian stood frozen before she showed a stubborn look on her face.

"What do you mean by that?"

"When did I kick him while he's down?"

"I haven't even settled scores with the b\*stard for Jordan Bowie slapping me in the face yesterday!"

"Get him here to apologize right now!"

"Get him here?"

Rachel showed a disdainful look.

"Do you think he can do that right now?!"

"You were the one who got him into jail! "You must be so delighted now, aren't you?!"

Lilian again stood frozen after hearing Rachel's words.

"That b\*stard's in jail right now?"

"And I did this?"

Rachel showed a cold smile.

"How ungrateful can you get? You're still pretending, even now?!"

"Let me ask you something! Did someone call to ask you if you were chatting from eleven thirty to twelve o'clock?! "How did you respond?!"

"A call?"

Lilian froze before she showed a cold grin.

"Someone did call! It was a woman!"

"But, what does that call have to do with Harvey?"

"I want him away from my daughter and me! Why would I even care about what he did last night?"

"Besides , why would a woman ask me, Harvey's damn mother-in-law, about his whereabouts?!"

"That b\*stard's insane!"

"Is he disrespecting me?!"

"He won't get another chance to get close to my daughter!"

Rachel was on the verge of breaking a tooth.

"That woman was a police officer!"

"She wanted to know Harvey's whereabouts!"

"And then you told her that you didn't see your son-in law!"

"Do you know the situation you got Sir York into just because of that statement?!"

Chapter 3209 "Sir York came all the way here just to save you and your daughter!"

"He went against so many people just to bail the both of you out!"

"It's bad enough that you won't help him when someone's trying to frame him, but how dare you fan the flames even harder?!"

"Are you actually mad?!" Lilian Yates froze after hearing Rachel Hardy's words.

"The police? His whereabouts?"

"What did he even do?" she asked.

"Nothing!"

Rachel let out a cold chuckle.

"But because of you, he became the prime suspect who murdered the entire Bowie family!"

"No need to look at me like that! That's Jordan Bowie's family, the same person who slapped you in the damn face!"

"From eleven thirty to twelve o'clock, his entire family of twenty-three people and the dogs were all murdered!"

Lilian felt surprised before showing a relieved look on her face.

"Good! Good! How dare that b\*stard slap me in the face?!"

"Serves him right!"

"Good?!"

Rachel was completely infuriated.

"How are you still so casual about this?!"

"The only way to help Sir York right now is to get you and your daughters to testify in his favor at the police station! "That said, I don't even know how that'll help now!"

Lilian's eyes lit up before she nodded.

"Right! Right! I'll get my daughters right now!"

After that, she excitedly rushed into her bedroom.

Half an hour later, Rachel hurried Lilian and the others to Flutwell Police Station.

Mandy Zimmer and Xynthia Zimmer did not know what had happened.

But after reaching the police station, Xynthia's eyes twitched.

Out of the three of them, only Xynthia understood just how many people from Flutwell's upper social circle that Harvey went up against to get Mandy and Lilian out of jail.

"Why is Brother-In-Law being locked up, Rachel?" Xynthia asked instinctively.

"Do you mean, what's going on?"

Lilian coldly chuckled before Rachel could even reply anything

"That b\*stard killed the entire Bowie family and got in trouble! He's going to die!"

"Let me warn you! Don't even try to get close to that murderer from now onward!

"We'll be treated like accomplices if you do!

"Serves him right! How dare he do something like this in a place like Flutwell?!"

Rachel froze after hearing those words.

"What did you just say?!"

"I asked you here to testify Sir York's innocence!

"What's the meaning of all this?!"

"What do you mean?"

Lilian coldly chuckled.

In her heart, her daughter would be free from Harvey if he stayed behind bars for the rest of his life. It did not matter if the charges were real or fake.

That way, her daughter would have a chance to be

married into a top-rated family!

Lilian burst out laughing.

"What was I supposed to do?"

"A good citizen like me has to speak the truth, right? "I'll tell them we weren't with Harvey last night!

"He did save us, but the law matters more than anything in our hearts!

"We speak with reason!"

Chapter 3210 A cold gaze was showing in Lilian Yates's eyes. "I knew this b\*stard's been a violent freak! "I knew he'd do something like this sooner or later! He belongs in jail! "I'll bring him justice today!" Mandy Zimmer looked at her mother with a confused look on her face.

"How can you say that?! We were with Harvey York just yesterday!

"You even asked to talk with him alone around eleven o'clock, saying you'll chase us both out!

"You were talking to him! How could you say something like that?!

"Impossible!" screamed Xynthia Zimmer.

"Brother-In-Law did hurt people, but he's no murderer! Why would he kill off the entire family for such a small matter?!

"He's obviously being framed!"

Xynthia completely trusted Harvey. If Harvey really wanted to kill someone, why would he leave trails of himself so he would be easily tracked down?

Rachel Hardy was showing a horrible expression at this moment. Out of the three, Xynthia was the only person who could testify for Harvey.

But Lilian only wanted Harvey dead...

Rachel had the urge to choke Lilian to death at this very moment.

"Shut up!"

Lilian wanted to slap Xynthia so badly, but she held herself back since it would seem wrong for her to do something like this at a police station.

"You ungrateful b\*stard! Did Harvey brainwash you or something?!" cried Lilian.

"Not only are you not siding with your own mother, but you're also standing up for a damn criminal?! "Did you forget everything I taught you?!"

"Where are your manners?!"

"Don't forget! Your brother-in-law stabbed me in the stomach and almost killed me back in Hong Kong!"

"How dare you stand up for him even after that?!"

"Are you still my daughter or not?! Huh?!"

Xynthia gritted her teeth in disapproval.

"Brother-In-Law wouldn't do such a thing!"

"He came straight for you as soon as he heard that you were kidnapped! "He was the one who saved me from all those people who tried to take advantage of me in Mordu! "If it weren't for him, both of you would still be in jail! "And if it weren't for him, those b\*stards would've taken advantage of my body by now!"

"How do you still not understand who treats us the best in this entire world, Mother?!"

"Why are you still dreaming about being the mother-in law of a top-rated family?!"

"Your arrogance will get Brother-In-Law killed!"

"You ungrateful b\*tch! What did you just say?! Lilian could not hold her feelings any longer. She stood up before furiously slapping Xynthia across her face. "Say it one more time! I'll f\*c king kill you!" "Wake up, Mother! Top-rated families don't even care for people like us! "Can't you just live a normal life?!"

Xynthia covered her face with a miserable look on her

face.

"Shut up!"

"Shut up!

Lilian was trembling in anger after seeing her own daughter go against her.

"How dare you?!"

"Brother – In-Law is not that kind of person! I just know

it!

"If you're not going to testify for him, I'll do it instead!"

Xynthia was determined.

"You?!"

Lilian burst out laughing maniacally.

"Can you even do it?!"
