## Chapter 131

Although Qin Yuan usually had a cheeky smile on, he knew to be serious when it came to serious matters.

After Huo Zhen's car accident, the cooperation between the Qin family and the Huo family began to become unstable due to the change in the person in charge.

During that period of time, the situation became something that everyone in Jing City paid attention to.

Although old master Huo was back in charge, he was already old and had to soon relinquish his position to someone else. What was important was who would take over his position. The person who would take over his position would have a safe-sailing career for the next few decades, while for the people who were not involved, nothing much would change for them.

At that time, faced with the cooperation initiation of the second and third masters of the Huo family, as well as the vague goodwill of the fourth master, the Qin family chose to be neutral. However, this made the young masters of the Huo family angry. As a result, the Qin family were put in a difficult position.

Luo Tao knew his worries and replied, "Let's wait and see. Recently, there has been a lot of snakes in the Huo family. It's time to get rid of them."

He had not yet done anything towards them since he returned to Jing City, in order to give them the impression that he had lost his fighting spirit after almost dying. It seemed that they had finally had enough of waiting and wanted to make their first move towards Luo Tao.

"Brother Huo, why aren't you surprised at all? Did you find out about this earlier?" Du Jing was a little curious about Luo Tao's calmness.

"No, I guessed."

The two short words made Du Jing turn his gaze to Qin Yuan. Qin Yuan understood what his gaze meant and fell silent.

Du Jing meant that Huo Zhen seemed more like his usual self right now.

Qin Yuan could not help but feel relieved after he was sure that Huo Zhen was not intimidated by the other young masters of the Huo family. He was excited to see what Huo Zhen was going to do.

Speaking of which, was Du Jing not curious about where brother Huo was going in such a hurry? And what he was going to do?

Imagining Du Jing's shocked expression when he found out the truth, the corners of Qin Yuan's mouth curled up slightly. When the time came, he would definitely have to capture Du Jing's dumbfounded look.

...

Back at the hotel, Mo Yan walked into the private room that Mo Lian had designated.

At this moment, Mo Lian was already waiting in the private room. There were a few dishes and a bottle of red wine on the round table in front of her. When she saw Mo Yan, she revealed a rare smile.

"Sit."

Mo Yan's hair stood on end seeing her smile. She became even more vigilant and sat at the seat furthest away from her.

"Say what you came here to say!"

Glancing at the time, Mo Yan placed her bag and phone on the table. She hoped that Mo Lian did not come here with bad intentions.

Mo Lian could not help but feel embarrassed when she saw that Mo Yan did not speak nicely. However, for some unknown reason, she restrained herself from being rude back to her. "No matter what, you and I are sisters. Why do we have to act like enemies? Why don't we bury the hatchet and forget about the grudges between our parents?"

After saying that, Mo Lian raised her wine glass and gestured to her.

Mo Yan's gaze paused on Mo Lian's wine glass for a moment, then she poured herself a glass of red wine.

However, Mo Yan only played with the wine glass and did not drink it.

Looking at the liquid that was swaying back and forth in the glass, Mo Yan said, "Mo Lian, we have already shed all pretense of cordiality a long time ago. Aren't you tired of pretending?"

Mo Lian's eyes lit up when she saw Mo Yan pouring the wine. However, she realized that Mo Yan was just toying with her. She couldn't help but sneer, "Mo Yan, I'm trying to be mature here. What's wrong with you?"

“Ha! That’s funny. How can a legitimate daughter and an illegitimate daughter be sisters?” Mo Yan raised her head and looked into her eyes, her smile becoming more and more mocking.

Mo Lian hated it the most when people said that she was an illegitimate daughter. She was clearly her mother’s husband’s daughter, but her father was unwilling to divorce Mo Yan’s mother. That was why she had to live in hiding for so many years, afraid that others would say that she was an illegitimate daughter.

Thinking of why she called Mo Yan out today, Mo Lian tried hard to suppress the anger in her heart. She said to Mo Yan, “I’m not here to quarrel with you today. I’m here to tell you the truth of the past. Your mother and my father divorced because they fell out of love. Don’t keep thinking that it’s all my mother’s fault.”

Mo Yan raised her eyebrows in disdain and turned a deaf ear to Mo Lian’s words.

Mo Lian called her out today to tell her the truth of the past? Please.

### **Chapter 132**

“Are you going to tell me or not? If not, I’m leaving. I’m in a hurry,” Mo Yan said as she was getting impatient from Mo Lian’s dawdling.

“You!”

Mo Lian was filled with anger and she almost couldn’t catch her breath. She gulped down a mouthful of red wine before glaring fiercely at Mo Yan as she said, “You said that I’m an illegitimate daughter. Your younger brother isn’t legitimate either. Not only is he an illegitimate child, he’s also an illegitimate child from God knows where.”

“What did you say!” Mo Yan slammed the table and stood up, her eyes filled with raging anger.

Seeing that Mo Yan was angry, Mo Lian calmed down instead. She chuckled and said, “Why are you so agitated? Didn’t you want to know the truth? I’m telling you the truth!”

Mo Yan clenched her fists tightly, and her teeth clenched so hard that they hurt. She resisted the urge to beat Mo Lian up, trying her best to finish listening to her.

“I asked Dad. Dad and your mother were indeed married. I didn’t know before, so I admit that Dad and my mother were indeed in the wrong. Dad accidentally had sex with my mother in the second year of his and your mother’s marriage. At first, Dad and my

mother didn't know that my mother was pregnant, but as her belly grew bigger and she was unable to have an abortion, dad could only send my mother and I to a faraway place."

"Although he would occasionally send us money, he was barely present in my childhood. Later on, after having you, my father became more and more reluctant to visit me. One year, my high fever reached 39 degrees. My mother was out working and wasn't at home. I could only endure it by myself. At night, my mother sent me to the hospital. The doctor said that if I came any later, my brain might have been damaged for good."

At this point, Mo Lian smiled bitterly at Mo Yan and drank a mouthful of red wine.

Mo Yan frowned. She did not expect Mo Lian to have lived like this in the past. She also did not understand why Mo Lian was telling her this? To gain her sympathy? What was the reason?

"After that incident, my mother did not dare to go out to work and focused on taking care of me at home. This caused a lot of financial problems for us. Later on, my mother had no choice but to tell Dad that we wanted to live together. At first, Dad didn't agree. In order to make Dad feel that she was valuable, my mother went to learn about Dad's work. This gave us a chance to go back."

"But even so, Dad didn't divorce your mother."

"Then why did he divorce her later?" Mo Yan's heart was beating faster and faster.

"Why? I just said the reason! Your younger brother, Mo Cheng, is not Dad's child. He is the result of your mother having an affair with someone else!"

After saying that, Mo Lian looked at Mo Yan with a smile.

"If you are going to ask me how I know, it's because I accidentally saw Dad and Mo Cheng's paternity test! In the beginning, it was indeed Dad who betrayed your mother first. But later on, your mother also cuckolded Dad and made him raise someone else's child for so long. Heh!"

"Shut up!"

"Dad was extremely upset, so he requested for a divorce. Afterwards, he brought my mother and I home."

"You're lying to me. You're lying to me, aren't you!" Mo Yan yelled at Mo Lian.

Meanwhile, Mo Lian also revealed a mocking expression towards Mo Yan. "You're clearly the one who wants to know the truth, yet you still say that I'm lying to you."

"I don't believe it. It's not true."

Mo Yan fell onto the chair in a daze and muttered to herself.

"No, this is impossible. Mo Cheng is Dad's child."

At this moment, there was a knock on the door. Mo Lian saw that Mo Yan was still immersed in her own world, so she took the initiative to open the door.

"May I know if Miss Mo Lian is in the room?"

A waiter stood outside the door and asked Mo Lian.

Mo Lian didn't know who was here for her, so she could only frown and say, "I am."

"It's like this. There's a lady in the hall who wants to hand you a bouquet of flowers. She hopes that you can go and get it."

"She wants me to go and get it?" Mo Lian asked, puzzled.

"Yes, that's what the lady said."

Mo Lian glanced at Mo Yan, who was in a daze, and then walked out with the waiter.

When they arrived at the hall, Mo Lian saw the woman holding the flowers.

After asking around, Mo Lian found out that the lady was just a flower delivery woman. The flower seller had asked her to call Mo Lian out and hand the flowers to her personally.

Mo Lian felt confused as she walked back with the flowers. After looking at the bouquet carefully, Mo Lian noticed that there was a card hidden in the bouquet.

There were five words written on it: [Proceed according to the plan]

## **Substitute Bride's Husband Is An Invisible Rich Man**

### **Chapter 133**

The moment Mo Lian saw the card, she had a look of realization. So this was the reason why she was called out and the delivery lady had to hand the bouquet to her

personally. She knew that the person did not trust her, so why why did the person want to work with her? Mo Lian sneered and was about to throw the flower into the trash can, but she stopped when she was about to throw it down.

Mo Lian held the flower in her arms and returned to her room.

Mo Yan was still in the same position as when Mo Lian left, as if she had not moved at all.

“Actually, I was also very shocked when I found out the whole truth, and I even hated you more,” Mo Lian sat back down and said to Mo Yan.

Mo Yan raised her head, her eyes filled with confusion.

“Since you hate me so much, why are you still telling me these things?” Mo Yan’s voice was very weak, making people feel that she was in despair and pain.

Mo Lian’s eyes gently caressed the bouquet next to her. “Someone told me that I shouldn’t bear the grudges of my parents. If I continue to hold a deep grudge, no one will like me anymore.”

“Is that so...” Mo Yan muttered in a daze.

Mo Lian smiled and did not answer. She raised her wine glass and motioned to Mo Yan. Mo Yan seemed to have been manipulated as she picked up her wine glass.

“Let bygones be bygones!”

As soon as Mo Lian finished speaking, both of them drank a mouthful of red wine.

Pointing at the delicacies on the table, Mo Lian said, “The dishes are all pretty good. You can try them.”

After saying that, Mo Lian took the cutlery and took a bite. It was as if she was testing the dishes for Mo Yan, making Mo Yan feel at ease.

Mo Yan’s eyes flashed and she nodded her head.

After an unknown amount of time, Mo Lian felt a little dizzy. When she looked at Mo Yan, she found that Mo Yan had already laid down on the table.

Mo Lian took out her phone and texted someone.

“Hey, it’s done. Come in and carry her!”

After saying that, Mo Lian leaned on the chair beside her and fell unconscious.

At this moment, the two people in the room seemed to have fallen asleep.

Come and read on our website [wuxia worldsite](#). Thanks

Not long after, two tall men dressed in casual clothes walked in.

Probably not expecting there to be two people in the room who were asleep, the men looked at each other and whispered to each other before carrying one of them on their backs and leaving the hotel through the back door.

Mo Yan tried her best to keep her breathing steady. She did not dare to open her eyes for fear of being discovered.

She did not dare to open her eyes until she and Mo Lian were thrown into the back seat of the car and the two men sat in the driver's seat and the co-driver's seat respectively.

Mo Yan was indeed a little shocked when she heard what Mo Lian said, but she quickly snapped out of it. She did not quite believe Mo Lian's words. Putting everything else aside, if Mo Lian was really living in such a difficult environment as she said, it would be impossible for her to have developed such an arrogant character.

Did Mo Lian think that she was stupid? She made up such a lie to deceive her.

Mo Lian did not even think that the reason why she dared to come was because she had made preparations in advance. Mo Lian even wanted to drug Mo Yan? How childish.

However, the development of this matter was somewhat different from what Mo Yan had thought. Mo Yan had originally planned to check Mo Lian's phone records and chat records after Mo Lian fell asleep to confirm who wanted to harm her.

However, who would have thought that Mo Lian, this idiot, would be able to hold back her sleepiness and call someone? At that time, Mo Yan really wished that she had a brick in her hand to knock her out.

"Didn't our employer only want one person? Why are there two of them?"

The man's voice was not soft, so Mo Yan, who was lying in the back seat, could clearly hear their conversation.

The other man seemed to think for a moment and said, "I'm not sure. Let's send them over first. The employer can choose."

Mo Yan resisted the urge to kick Mo Lian and secretly pinched Mo Lian hard. It seemed that she had been kidnapped again thanks to this fool.

It seemed that they were still some distance away from where the 'employer' they were talking about was. Mo Yan thought about what she should do next.

It was probably because she and Mo Lian were both unconscious, so the two men did not confiscate their phones. She could still call for help.

If she called the police directly, but the two people who kidnapped her did not communicate with each other, the police might think that it was a prank since they did not hear anything, then she would have missed her chance. If she called someone else, the result would be similar.

Mo Yan held the phone in her hand and thought about all the people who she could call, but she still could not decide who to call.

Suddenly, Mo Lian moved, giving Mo Yan a new idea...

### **Chapter 134**

"Sister-in-law, you're good!" Qin Yuan sighed as he sat in front of the surveillance camera.

Du Jing was also stunned. He had only met Mo Yan once. At that time, he thought that Mo Yan was a polite and dedicated beauty. He did not expect her to have such a side to her.

Luo Tao's gaze fell on the person who was pretending to be asleep on the table. His eyes were filled with gentleness.

Because the Grand Court Hotel was the Huo family's property, the few of them easily entered the surveillance room.

The Grand Court Hotel only had surveillance cameras in the corridors, dining halls, and private rooms. The surveillance cameras in the private rooms were usually turned off. Because the Grand Court Hotel was well-organized in terms of personal privacy, many people of high statuses were willing to come here to discuss matters. However, today was an exception.

After Luo Tao confirmed the private room number where Mo Yan was from the surveillance camera, he asked someone to turn on the surveillance camera in the private room.

As soon as he turned on the surveillance camera, he heard Mo Lian say, "You said that I'm an illegitimate daughter. Your younger brother is not legitimate either. Not only is he an illegitimate child, he's also an illegitimate child from God knows where."

Luo Tao's eyes darkened. Qin Yuan raised the corner of his mouth and raised his eyebrows. Du Jing, on the other hand, was expressionless. Qin Yuan seized the opportunity to take a few photos.

Looking at Mo Yan, who was lying on the table, Luo Tao felt as if his heart had been ruthlessly scratched by someone.

Mo Lian's subsequent complaints made the three people sitting in front of the monitor look even more annoyed. Luo Tao's gaze remained on Mo Yan. Qin Yuan's expression was strange and his eyes revealed some mockery. Du Jing's eyes were like those of a bystander.

"So all illegitimate children live like this! That's pretty good." Du Jing took a sip of coffee and watched with relish.

Qin Yuan glanced at him indifferently, the moment he opened his mouth, he exposed Mo Lian. "What are you saying! This woman is very skilled in making up stories. Although I haven't investigated the Mo family in detail, according to what I know, this woman's mother has always been by Mo Dong's side. She never lived away from her father."

Du Jing's eyes widened. "Then would Miss Mo believe what she said?"

Qin Yuan glanced at Luo Tao and then turned his gaze to the surveillance camera. Mo Yan's complicated expression indicated that she might really believe it.

"Then why did they get divorced later?" The three of them heard Mo Yan ask this question.

Qin Yuan was also curious about this question. Although he was sure that 90% of what Mo Lian said was false, she probably would not lie about the reason for the divorce. After all, Mo Yan's mother did not cry incessantly after the divorce and did not ask for a share of Mo Dong's property.

"Why? I just said the reason! Your younger brother, Mo Cheng, he is not Dad's child. He is the result from your mother's affair with someone else!"

As soon as Mo Lian finished speaking, Luo Tao saw Mo Yan's shocked eyes.

In an instant, he did not care about anything else and wanted to immediately rush over to hug this woman who made his heart ache.

As soon as Mo Lian said this, Luo Tao's face turned cold, causing Qin Yuan and Du Jing to look over frequently.

It was not until Mo Lian went out to fetch the flowers that the two of them heaved a sigh of relief.

Qin Yuan mustered up his courage and said, "Well, brother Huo, we all know that what this person said is all fake. There's no need to be angry."

Luo Tao stared at the surveillance camera without answering. Qin Yuan followed his line of sight and happened to see Mo Yan, who was still in a daze, quickly stand up, pick up the red wine and walk to Mo Lian's seat.

In the video, Mo Yan quickly switched all the cutlery between the two of them, muttering to herself.

"Do you think I'm an idiot? Why would I fall into a trap again after being tricked before? I'm afraid I'm not a fool. Do you think I'll believe your nonsense? Ha, she really thought that I didn't see her eye the wine. We aren't friends. Did she think I would show up unprepared?"

Qin Yuan swallowed his saliva and shouted, "Damn! Sister-in-law is just pretending! Her acting skills are really good!"

Du Jing probably didn't expect such a reversal. He held the coffee cup in his hand for a long time, stunned.

The coldness in Luo Tao's body gradually dissipated. He looked at the busy Mo Yan with a smile in his eyes.

If she wanted to survive in the Huo clan, she needed to have the ability to protect herself. Although he would do his best to protect her, accidents were not something that could be controlled. She needed to always be on guard and not be easily deceived by others.

After muttering a few words, Mo Yan seemed to have thought of something, and her hands stopped moving. After a few seconds, she finally swapped the last two pairs of chopsticks.

Luo Tao was very proud of Mo Yan.

“So that bouquet of flowers was sent by Miss Mo?”

Without giving Luo Tao any time to think, Du Jing asked.

As he spoke, Du Jing even took a sip of coffee to calm himself down.

Qin Yuan thought of Mo Yan’s series of actions and answered, “Likely. Why else would someone send Mo Lian flowers at such a time?”

## **Substitute Bride's Husband Is An Invisible Rich Man**

### **Chapter 135**

“Ah? The stupid woman is coming back soon.”

Suddenly, Qin Yuan noticed on another screen that Mo Lian was walking back with the flowers in her arms, while Mo Yan was sitting in her own seat in the private room.

Seeing that neither of them responded to him, Qin Yuan first looked at Luo Tao, who was editing a text message at the moment.

“Brother Huo, who are you texting?” Qin Yuan stretched his neck to look, but saw nothing, so he added another sentence.

“To sister-in-law?”

Luo Tao gave him a cold look. Qin Yuan instantly understand what he meant.

Luo Tao was saying, “Sending a text to Mo Yan at this time? Are you stupid?”

Qin Yuan became listless. As his best friend who had grown up together with him, Qin Yuan often felt distressed that he could instantly understand what his good friend meant without them saying anything.

If only he were more like Du Jing, who knew how to be quiet.

Not long after, there was a knock on the door of the room. The hotel manager respectfully walked in with a card that was already curled up into a ball.

“Fourth Master, is this it?”

“Yes.”

When Luo Tao took the card and looked at the contents on it, the manager tactfully left.

“Brother Huo, is this the thing that the woman threw?” Du Jing craned his neck to take a look, and Qin Yuan followed suit.

“Does sister-in-law know that there’s someone working with this stupid woman?” Qin Yuan asked.

Luo Tao’s smile deepened, and he said, “She’s also testing if there is.”

Qin Yuan nodded to show that he understood, while Du Jing didn’t understand, so he was still waiting for an explanation.

“If there’s someone behind this stupid woman, then there’s a high chance that she’ll bring the flowers back when she receives them. If there’s no one, she might think that someone sent the flowers back by mistake when she saw the card on them. Regardless, at least she will have some time to change the cutlery, right?”

Qin Yuan explained Mo Yan’s thoughts one by one, causing Du Jing to nod repeatedly.

“Brother Huo, it’s not easy to find such a girlfriend!” Du Jing exclaimed.

Luo Tao’s eyes were filled with smiles as he watched the woman who was showcasing her acting skills with Mo Lian.

Mo Yan brought him many surprises. At first, he thought that she was a kind and innocent girl. Gradually, as they got to know each other, he realized that she also had a prickly side. She would remember the good that others had done for her and return the favor, while she would learn to fight back against those who had offended her. She continued to grow in her work, transforming herself from a seedling that needed to be cared for by others to a big tree that could take care of itself.

Qin Yuan happened to catch a glimpse of Luo Tao’s incomparably gentle gaze and could not help but shiver. He thought to himself that Huo Zhen was beyond saving.

Looking at the surveillance camera again, Qin Yuan and Du Jing paid more attention to Mo Yan. When the two of them saw Mo Yan pretending to lie on the table, they knew that the show was about to end.

“Brother Huo, why isn’t Miss Mo leaving?”

Du Jing saw Mo Lian lying on the table, but Mo Yan still didn’t move. He didn’t quite understand what Mo Yan was doing.

As soon as he finished speaking, the three of them saw two men walk in from the surveillance camera.

From the conversation between the men, it could be seen that the original plan was that only one of them would faint. Now, something unexpected had happened.

When a man carried Mo Yan away, there was a chill in the room

Qin Yuan and Du Jing carefully glanced at Luo Tao's face. Then, they didn't dare to look again. They immediately stood up to stop him, but were stopped by Luo Tao.

"Drive, follow them."

Luo Tao guessed that Mo Yan wanted to play it out to find out who was working with Mo Lian.

Upon hearing Luo Tao's order, Qin Yuan hurriedly drove the car while Du Jing followed behind. Meanwhile, Luo Tao sent a photo of Mo Yan being taken away to the person-in-charge of the hotel.

[Investigate the mole in the hotel.]

It was obvious that Mo Lian's series of actions today had been arranged in advance. The fact that the two men could easily enter the private room and quickly bring Mo Yan out from the back door of the hotel indicated that someone familiar with the hotel was involved.

Under normal circumstances, the back door of the Grand Court Hotel would not be open to guests, so who helped them leave?

## **Substitute Bride's Husband Is An Invisible Rich Man**

### **Chapter 136**

In the car, Mo Yan pretended to yawn and sat up straight.

The two men in the front row immediately became alert when they heard Mo Yan's voice. The man in the passenger seat turned around to look while the man in the driver's seat looked at her from the rearview mirror.

Mo Yan seemed to not understand the situation and looked around in confusion. Then, she seemed to have remembered something and asked, "Are you here to pick her up?"

The two men looked at each other when they heard Mo Yan's question. The man in the co-pilot seat looked at Mo Yan warily and asked, "Did you make the call just now?"

Mo Yan nodded. "Yes! Didn't I ask you to pick her up?"

From the conversation between the two of them, it was obvious that they had never met Mo Lian before. That was why Mo Yan dared to put on such an act.

When the man in the passenger seat heard her words, he gave the man in the driver's seat a look.

"Brothers, why did you bring me here? Can I get out of the car now?" Rubbing her temples, Mo Yan put on a drunken and uncomfortable look.

The man in the car was still a little alert as he said, "No, wait until we send the person to our employer before you leave."

These two people were the type to do things for money without asking any questions. All they needed to do was to send the person to their employer to get their money.

Mo Yan saw that the two people seemed to have let down their guard after listening to her words and did not pay attention to her anymore. She quietly reached her hand out to Mo Lian. She had seen Mo Lian put her phone in her pocket after she made the call.

The process of taking the phone was very smooth. Mo Lian did not respond at all.

With that, her purpose of following her here was considered accomplished. Now, what she needed to do was to leave this place.

In order to make the two of them feel more at ease, Mo Yan said again, "Sigh, I shouldn't have drunk so much with her. I was told to just get her to fall asleep, but I drank too much."

As she spoke, Mo Yan looked out of the window. However, when she looked at Mo Lian, she felt that things were not going well.

The car seemed to be driving on a small road, and it was heading towards a more remote place.

She was unfamiliar with Jing City, so she did not know where she was going.

"Brothers, where are we going? Why do I feel like it's so remote!"

Mo Yan wanted to let their guard down by speaking casually, but this time, the two of them did not even look at her.

Seeing that there was no one else on the road, Mo Yan was a little flustered. She did want to know who wanted to harm her, but this was unsafe. Now...

"Brothers, I want to go to the toilet. Can you stop for a while? I'll be back after I go to the toilet!"

The person in the front passenger seat felt that Mo Yan was very talkative. He turned his head and frowned at her. "We're almost there. You can go in a while."

“I’m urgent!”

Come and read on our website [wuxia worldsite](#). Thanks

After saying this, Mo Yan felt the speed of the car suddenly increase. Mo Yan almost cursed. What was she going to do?

Taking a deep breath, Mo Yan did not dare to make a sound. She held the cell phones and considered the possibility of jumping out of the car. However, no matter how she thought about it, she felt that if she jumped out of the car, not only would she not be able to escape, her identity would also be discovered by them.

If she were to call the police, she would be the one suspected for kidnapping...

Mo Yan quietly pressed the keyboard. Just as she was one step away from dialing the number, the car stopped.

Outside the car window was a villa. It was dark outside.

Mo Yan instantly turned off her phone. Her heart was pounding. The employer that the two of them mentioned must know her and Mo Lian. She couldn’t let that person see them.

Perhaps they believed in Mo Yan’s act, the driver got out of the car and walked towards the people waiting in front of the villa while the passenger carried Mo Lian.

Seeing that Mo Yan was still not getting out of the car, he asked curiously, “Didn’t you want to go to the toilet? Why aren’t you getting out of the car?”

Mo Yan rubbed her stomach and said to the man, “I’m having a stomachache. Let me rest for a while.”

The moment the man lifted Mo Lian up and closed the car door, Mo Yan jumped from the middle of the two seats in the front to the driver’s seat and locked all the car doors.

The man was probably prepared to leave Mo Lian behind before returning to the car, so he did not turn off the engines, which gave Mo Yan an opportunity to take advantage of.

Mo Yan quickly put down the handbrake and put reversed the car.

No one who was standing guard in front of the villa expected such a turn of events. They were stunned for a few seconds before someone shouted, “Hurry up and chase after her.”

Mo Yan successfully drove the car out of the villa’s main entrance.

Because it was very remote, there was only one small path. There was no place to hide.

She drove the car as fast as she could and sped on the road. Because the car was too fast, she did not dare to let go of one hand to call for help.

But even so, in less than three minutes, there was a faint light coming from behind.

Mo Yan glanced at the rearview mirror. There were about four or five cars chasing after her. Mo Yan did not dare to be distracted and could only keep stepping on the accelerator.

With a bang, the rear end of the car she was driving was hit.

Mo Yan gritted her teeth and held the steering wheel with all her might.

Suddenly, there was a flash of light in front of her. Mo Yan could not dodge in time and could only slam on the brakes. Following that, there was another violent collision.

In a flash, Mo Yan opened the locked car door, quickly turned the steering wheel, and the car suddenly crashed into a big tree...

### **Chapter 137**

She did not know how long she had been unconscious. When Mo Yan regained consciousness, she felt pain all over her body.

Opening her heavy eyes, Mo Yan immediately saw a haggard face.

“Luo Tao.” Mo Yan called his name softly.

Luo Tao looked at her quietly. Countless emotions surged in his eyes, causing Mo Yan to be unable to differentiate between them.

“You’re finally awake. I’m sorry.”

Mo Yan wanted to raise her hand to touch his head, but she realized that her hands were already covered in bandages.

Swallowing her saliva, Mo Yan coughed lightly. Her throat, which was almost healed, started to hurt again.

Luo Tao helped Mo Yan up and let her lean against his chest. He brought the cup to Mo Yan’s mouth.

After drinking the entire cup of water, Mo Yan felt a little better.

“Why are you apologizing to me? It’s all my fault. If I didn’t try to find out who wanted to harm me, so much wouldn’t have happened.”

At this point, Mo Yan suddenly remembered Mo Yan’s cell phone that she had been holding in her hand.

“Who saved me? And what about the cell phone that I was holding?”

Mo Yan was leaning against Luo Tao, so she didn’t see Luo Tao’s deep-rooted regret.

Mo Yan didn’t know, but Luo Tao knew that the car that Mo Yan had avoided last night was driven by Qin Yuan.

When he saw Mo Yan’s car rush towards the tree, he was stunned.

It was Qin Yuan who nudged him twice before he regained his senses and rushed towards the car that crashed into the tree. When the cars that were chasing Mo Yan saw them, they all turned around and left.

“I’m sorry, last night I…”

“Luo Tao, I remember seeing a Beijing J-6618R plate number in that villa. This plate number is somewhat familiar to me.”

“Beijing J-6618R?” Luo Tao repeated a few numbers.

“Yes, who exactly wants to kidnap me?” Just as she finished speaking, Mo Yan shook her head.

“Wait, Luo Tao, who saved me last night?”

“It’s…” Luo Tao was just about to speak when a voice at the door interrupted her.

“It’s me, Miss Mo…”

Mo Yan looked up and saw that it was someone she knew. “Mr. Du?”

“How are you feeling, Miss Mo?” Du Jing smiled and put the fruits he brought to the side.

“I’m okay.” Mo Yan leaned against Luo Tao’s body and sat up a little. Perhaps it was because she had many injuries on her body, Mo Yan felt pain everywhere she moved.

“Thank you, Mr. Du, for saving my life. If it weren’t for you, I wouldn’t even know if I would still be alive!” Mo Yan said sincerely.

Du Jing shook his head in shame. “Miss Mo... You got into the car accident while trying to avoid my car. Speaking of which, I have to apologize to you...”

Mo Yan didn’t like to exchange pleasantries, so she said directly, “I encountered some bad things last night. Even without you, I would have been in danger. Fortunately, you were able to send me to the hospital after I jumped out of the car. I will remember this favor. I owe you one.”

Seeing that Mo Yan had said this, Du Jing did not say anything more and started to talk about other topics.

Du Jing said, “Miss Mo, you must never do such a dangerous act like jumping out of the car again. You really scared me last night.”

Mo Yan chuckled and replied, “It was just an accident. I only dared to jump when I saw that there was a very thick haystack beside me and there were no obstacles.”

Her words were not only meant for Du Jing, but also for Luo Tao. She was telling him that she was fine.

Actually, Mo Yan still had some common sense regarding the possibility of death if she jumped out of the car. However, based on the situation last night, even if she was lucky enough to avoid the collision with Du Jing’s car, she would still be caught up by the people behind her. Therefore, after she had paid attention to her surroundings, she chose to jump out of the car and crash it into a tree.

With such a car accident, even if the person in the opposite car was not Du Jing but an ordinary person, they would not sit idly by. At the very least, they would call the police and send her to the hospital.

As Mo Yan spoke, she coughed a few more times. Seeing this, Du Jing said that he would visit Mo Yan again in two days.

However, Mo Yan did not know if it was her misconception, but before Du Jing left, he seemed to glance at Luo Tao.

“Luo Tao, what’s wrong? Why haven’t you said anything?”

After Du Jing left, the silence in the ward made Mo Yan a little uncomfortable. She placed her hand on Luo Tao’s and asked.

“I’m scared.”

Luo Tao buried his head in Mo Yan’s neck. His voice was very soft, but his hands around Mo Yan’s waist were very tight.

Mo Yan felt a little pain from his grip, but she didn’t let Luo Tao let go.

“I’m sorry, I won’t do such a dangerous thing again.”

### **Chapter 138**

Everything that had happened last night had exceeded her expectations. However, in the end, she still had herself to blame.

She had missed two opportunities to escape safely. One was when she was leaving the room, and the other was when she was calling the police. She put herself in danger. She had overestimated herself.

“I’m sorry, I wasn’t able to protect you.”

Luo Tao didn’t sleep the whole night. Looking at Mo Yan’s unconscious appearance, Luo Tao kept thinking that if he had arrived faster, would she not have done such a crazy thing?

Luo Tao blamed himself. The reality was that he could do nothing as he looked at Mo Yan on the hospital bed.

He had been interrupted twice now. Luo Tao wanted to confess his identity, but he did not succeed.

“Look, you’re apologizing again. If you really want to blame someone, then it should be those who want to harm me. Oh right, have those people been caught?”

Mo Yan asked this question not only because she wanted to know the answer, but also to divert Luo Tao’s attention.

Hearing Mo Yan’s question, Luo Tao’s eyes quickly turned vicious.

“We’ve caught the two people who took you away, and we’re still interrogating them.”

“What about the phone? The phone I was holding should have information about the mastermind.”

Although Mo Yan was anxious, she still did not mention the name Mo Lian.

"The phone was damaged when you jumped out of the car. The police are trying to recover the data."

Then, Luo Tao told Mo Yan about what happened last night.

"Why did those people kidnap you?" Luo Tao asked.

Mo Yan shook her head. "I don't know the reason. There's a password on the phone. I can't open it."

Feeling that Mo Yan had been sitting up for a long time, Luo Tao helped her back to the bed and held her hand. "Let's go back to C City!"

Luo Tao knew that Du Jing had interrupted him on purpose. Something must have happened again.

Mo Yan looked at Luo Tao's sad expression, and her eyes were a little moist. She had been in Jing City for less than half a month, and too many things had happened. First, there was a problem at work, and then there was an accident at the party...

Party... Lin Group's senior management... Jing J-6618R...

Something seemed to be connecting in Mo Yan's mind.

Last night, Mo Lian invited her out, wanted to drug her and take her to a villa.

So it was to make her hook up with the Lin Group's young master? This process was really similar to the time when Zhou Shuai plotted against her...

Mo Yan's lips curled into a sneer. She figured out who the mastermind was, and the phone that Mo Lian had used to contact that person was evidence.

Luo Tao looked at Mo Yan's changing expression, and his heart tightened again. At this moment, he suddenly wished that she would turn back into the Mo Yan who did not know anything and needed him to come out to protect her.

Mo Yan held Luo Tao's hand and said with a smile, "Yes, let's go back to C City."

Looking at Mo Yan's smile, Luo Tao once again thought of Mo Yan lying in his arms last night. No matter how he called her name, she did not react. She was clearly covered in wounds, but she did not show any expression. It was as if she had just fallen asleep, forever asleep.

Stroking Mo Yan's hair, Luo Tao asked softly, "If you know who wanted to harm you, how will you take revenge?"

Mo Yan looked down. She already knew who wanted to harm her.

How would she take revenge? Mo Yan's lips curled into a smile. "There is evidence in the phone. I think even if I don't take revenge on them, they will be punished by the law. We live in a society ruled by law! Don't always talk about revenge, it's so scary."

Luo Tao saw that she was smiling like a mischievous child, and his eyes darkened. If this was what Mo Yan wanted, then he was willing to do it for her.

Jing J-6618R. He had already remembered whose license plate it was. It was not easy to punish the Lin family. But his wife said to follow the legal procedure, so he would do it! He would get people to take care of him.

Mo Yan felt comfortable being touched by Luo Tao. She rubbed her face coquettishly against Luo Tao's hand.

There were many things that she could not tell Luo Tao about last night, and Luo Tao's not asking made her feel much more relaxed.

Wait a little longer, just wait. When life calmed down, she would tell Luo Tao everything. She wanted to live with him as Mo Yan.

### **Chapter 139**

After Luo Tao left, Mo Yan was about to call Xu Tian and tell her everything.

Because after she realized who wanted to kidnap her last night, she understood that they definitely would not win the project. She had to tell Xu Tian and Li Guoguo the reason.

However, compared to Li Guoguo, Mo Yan felt that Xu Tian was much more mature and would be able to handle the news better.

To delay Luo Tao from coming back so soon, Mo Yan specially sent him a text message before the call, hoping that he would go to Mo Nuan to buy her a drink.

After she was ready, Mo Yan dialed the number anxiously.

"Hello, Sister Xu, this is Mo Yan."

“Yes.”

Xu Tian’s voice was faint on the phone, Mo Yan could tell that Xu Tian was not in a good mood. Thinking back to the conversation that ended on bad terms between the two of them, Mo Yan felt a little awkward. She did not expect so many things to happen.

“Sister Xu, is there anyone beside you? I have something to tell you in private.”

There was a moment of silence on the other side. After a while, Xu Tian said, “There’s no one else.”

After organizing her words, Mo Yan talked about what Chen Ya did before they left C City, as well as her thoughts and what happened after they arrived in Jing City. This included the people she had met last night and the various connections she had with Mo Lian.

The conversation took a long time. After Mo Yan finished speaking, Xu Tian was silent for a long time before she asked, “Why are you telling me this?”

“I think by default we won’t win the project. I hope you can understand.”

Mo Yan knew that she was trying to shirk responsibility, but she could not let Xu Tian distance herself from her because the project had failed.

Xu Tian sneered, “If it weren’t for you, we would have won the project. Moreover, the enmity with Chen Ya is also a problem between you and Chen Ya. Us losing the project is all your fault. Do you think I can forgive you?”

Mo Yan frowned slightly and said with a dark expression, “Sister Xu, if you really think that. way, you probably won’t tell me this.”

“First of all, the personal conflict between me and Chen Ya, to be precise, should be the power struggle between CEO Song and the Deputy General Manager. Expanding into Jing City is related to the development of the company. Without the Deputy General Manager’s permission, no matter how much Chen Ya hates me, she wouldn’t dare to tamper with the documents. Second, I don’t believe what you say is what you truly believe. You previously said that you didn’t want us to get the project because of our good relationship with the Lin Group’s executives. Seeing what type of person the young master is, would you even accept to collaborate with Lin Group? Even if we do accept the project, if the Lin family’s young master makes such a request in the future, are you willing to send your subordinates to his bed?”

Mo Yan chuckled as she spoke.

On the other side, the corners of Xu Tian's lips curled up slightly. Mo Yan was right. There was no sense of security when working with such a person.

Once they took the first step to expand their market into such a circle, Hong Jing would definitely become the Lin family's young master's beauty contest venue in the future.

However, Xu Tian was not going to let Mo Yan off so easily. She said, "You have no proof. Just based on the license plate number alone, you're saying that the Lin family's young master harbors ill intentions towards you? Mo Yan, you need evidence to back up your theories."

Unlike the time with Zhou Shuai, the reason why Mo Yan took the risk was to obtain evidence, therefore, she could confidently reply to Xu Tian, "Mo Lian's cell phone data is being repaired. Together with my statement and Mr. Du's car recording device, the truth should be revealed very soon."

"I'll wait and see."

Xu Tian's words indicated that this matter could be put aside for the time being. There were other matters that needed to be asked, "Other than these, why are you telling me about your stepsister?"

When Mo Yan talked about last night, she naturally had to mention Mo Lian and Mo Lian's relationship with her.

"I hope you can help me hide the fact that I'm in the hospital from Guoguo."

"Is it because of the way Li Guoguo addressed you?" Xu Tian asked.

"Not exactly," Mo Yan thought for a moment before answering, "I can only be friends with Guoguo."

This was a sentence that had yet to be finished, and the following sentence was 'There are many things that I can't let her know.'

Xu Tian also understood what she meant, and there was a hint of surprise in her calm voice. "When I heard you say that you didn't mind her scheming, it meant that you were willing to be vulnerable with her."

"I don't mind her scheming, because her scheming has always been for her own benefit and has never harmed anyone else. But I don't dare to be vulnerable with her." Mo Yan smiled bitterly.

"Looks like you're not totally dumb."

This was Xu Tian's evaluation of Mo Yan.

## Substitute Bride's Husband Is An Invisible Rich Man Chapter 140

Mo Yan said helplessly, "Sister Xu, were you really angry yesterday? I didn't go back all night and you didn't look for me."

Xu Tian frowned and said, "Your husband called me yesterday. Didn't he tell you?"

Xu Tian's words surprised Mo Yan. Luo Tao called sister Xu?

"Ah! So it's like that! He might have forgotten to tell me," Mo Yan said.

"If everything is as you said, then it's not only our plan, but the plan of Chen Ya's group will also not be approved?" Xu Tian pondered and asked.

"Probably."

Her actions last night should have thoroughly angered the young master. It seemed that she would return empty-handed this time. Forget it! As long as she was not blamed.

"Okay."

After chatting with Xu Tian for a while, Mo Yan hung up the phone.

Luo Tao also received a report from his subordinates. Chen Ya and Chen Jin instructed Mo Lian to knock Mo Yan out and send Mo Yan to Lin Peng.

"How's the police investigation going?" Luo Tao asked with a frown.

"It's not going well. Someone is obstructing it."

"Help them." Luo Tao's frown deepened.

"If we help them, the Huo family will notice." Qin Yuan disagreed, and Du Jing nodded as well.

Previously, whether it was to protect Mo Yan or to go abroad, Luo Tao had mobilized people who were not in the Huo family's sights. There were not many people in this group, but they were absolutely loyal.

As foreign affairs required people who could be trusted to handle, Luo Tao left many people for Wen Ze, while he himself was somewhat lacking in manpower.

However, from the way Luo Tao returned to Jing City and pretended to be decadent, if he used the Huo family's power, it would definitely alert the Huo family's second and third masters, and then they would target him together. Then everything that he had done before would be useless.

"Qin Yuan, let your people do it," Luo Tao said.

Qin Yuan sighed and said to Luo Tao, "I'm afraid it won't work this time. Recently, a few forces have been investigating my people. Even my father knows about it, and he even called to ask."

Luo Tao seemed to be thinking, Qin Yuan continued, "You know the power of the Huo family. No one dares to interfere. After your car accident, a lot of things happened in Jing City. Everyone thought that you were dead. Many forces within the Huo family have changed."

Come and read on our website [wuxia.worldsite](http://wuxia.worldsite). Thanks

Qin Yuan's eyes were filled with helplessness as he spoke. He hoped that Luo Tao would understand and stop insisting.

"If it weren't for the fact that you haven't been in contact with little sister-in-law ever since you returned to Jing City, they would have already gotten a clear picture of little sister-in-law."

Knocking on the table, Luo Tao instructed his subordinates, "Give second uncle the project that he wants. Has third uncle already arranged everything?"

"Yes, Fourth Master."

"Okay, have people check on him. If they find something, keep it quiet."

"Yes."

"Also, tell Wen Ze to pay more attention to fourth and fifth uncles. Be careful."

"Yes, Fourth Master."

The subordinates left after receiving the order. Luo Tao rubbed the space between his eyebrows.

Other than his few uncles, he also needed to set up a trap to remove the snakes around him. Living in that kind of environment, he had always been vigilant, yet people were still able to tamper with his car.

Du Jing saw that Luo Tao looked tired and could not help but say, "Why don't I go to the police station with Miss Mo? Even if I'm not at Lin Peng's level, I should be able to do at least this much."

Luo Tao thought for a moment and glanced at Qin Yuan indifferently. "You go."

"Ah?" The corner of Qin Yuan's mouth twitched. Why did Huo Zhen need him to go?

Just as he was about to refuse, Luo Tao said, "The emperor green glass that you like."

"It's my duty to serve my sister-in-law." Without waiting for Luo Tao to finish, Qin Yuan quickly got up and walked to the door. He did not forget to shout, "Huo Zhen! Remember to bring it here later."

With the sound of the door closing, Qin Yuan's figure completely disappeared from their sight.

Du Jing saw that Qin Yuan looked like he was being chased by a dog. He couldn't help but click his tongue. "Why did you ask Qin Yuan to go?"

"Ha! He has a lot of scandals."

Luo Tao sneered. It was all thanks to the things Qin Yuan did in C City. Even if someone went to investigate, they would probably think that Qin Yuan was pursuing Mo Yan. The more he thought about it, the more Luo Tao felt that he should beat that idiot up.

Du Jing saw that brother Huo had some killing intent when he said the word 'scandal', but he did not understand. In this circle, who did not know that this idiot Qin Yuan loved jewelry more than women?
