Chapter 3461

Mrs. Lee's gaze was as cold as ice.

"Do you think you're allowed to act this way just because you have strong support?"

"Do you really think we can't find anyone to deal with you?"

"Let me tell you something! Longmen is filled with experts!"

"You got the upper hand this time, but are you actually coming at my husband and me?"

"You have no right!"

"Do you even know the people standing before you right now?!"

Mrs. Lee coldly chuckled.

"Let me introduce you to them!"

"This here is the vice branch leader of Longmen's Golden Sands branch!"

"Here's the second young master of Longmen's Third Outer Hall!"

"And here's a disciple of Longmen's Law Enforcement! His status is extraordinary!"

A dozen people stood up with their heads high when Mrs. Lee called their names. They were glaring at Harvey York with fierce expressions at that moment.

She managed to regain her courage because of those people.

She squinted before walking toward Harvey with a cold smile on her face.

"They are all prominent figures of Longmen!

"They're also deeply connected with Longmen!

"Do you think you can go against us?!

"Longmen is one of Country H's four cornerstones!

"Flutwell is the birthplace of Longmen!

"Are you trying to test your strength against us?!

"You think you're strong?!

"Are you insane?!"

The people behind Mrs. Lee showed arrogant looks after hearing her words.

Longmen was considered to have the strongest martial artists alive.

Other than people from sacred martial art training grounds, nobody would dare to go against Longmen.

No matter how strong they were, they were nothing

before Longmen.

Harvey calmly glanced at the people behind Mrs. Lee.

"If I remember correctly, Longmen's first commandment is not to take advantage of people at large and to confuse right from wrong...

"Are you sure you're going to do this? After all, you're all related to Longmen."

A man wearing an Armani suit stood up while looking down at Harvey.

"I'm from Longmen's Law Enforcement! Are you lecturing me about Longmen's commandments?"

"Who do you think you are?"

"The head of Longmen's Law Enforcement?"

"You're right."

Harvey nodded before he swung his leg forward.

The disciple was immediately kicked to the ground. He had no time even to react to the situation.

Screams of pain could be heard as he fell to the ground. It was an extremely wretched sight.

Slap!

Even before the man could crawl back up, Harvey slapped him to the ground again. At this moment, a blanket of cold air was spreading throughout the whole place...

The disciple crawled back up before vengefully glaring at Harvey while gritting his teeth.

"How dare you hit me, you b*stard?!"

"Don't you know how powerful Longmen's Law Enforcement really is?!"

"You're finished!"

"And not just you. Soon enough, your entire family will follow you!"

"I'll even dig up your damn ancestors and..."

Bam!

Harvey threw a badge at the disciple's face even before he could finish his sentence.

The disciple froze in an instant. Utter disbelief was showing on his face when he saw the badge.

At this very moment, he understood why Dillon Lee would switch sides...

He immediately slammed his knees to the ground.

Chapter 3462

Longmen's Law Enforcement Badge?!

The badge represented the head of Law Enforcement himself!

In just a moment...

Mrs. Lee and the others were shocked, as if they were struck by lightning. Their faces had completely lost color while their knees gave up on them. At this point, they could not help but feel extremely cold...

They never expected that Harvey would actually have the badge!

'How...?'

'How is this possible?!'

Dozens of people stood up in unison. The people flaunting their strength using Longmen's name kept stepping back. All of them were utterly horrified at this moment.

Probably, they would not fear an all-powerful expert...

But the badge alone was enough to make them become this terrified.

This was Longmen's Law Enforcement Badge, after all!

The badge represented the head of Law Enforcement! This was no joke!

The disciple of Longmen's Law Enforcement would not even dare to stand up. All he could do right now was continue kneeling while his eyes were frantically twitching.

He suddenly remembered a rumor about the newly-appointed head of Law Enforcement...

Only a few people have met him since Rachel Hardy was in charge of the organization.

But...

The badge was right in front of him then!

Even if he was in disbelief, he still had to accept the fact...

That the golden badge was indeed the Longmen's Law Enforcement Badge.

As a disciple of Law Enforcement himself, there was no way he could ever mistake that for any other thing.

Without a second thought, the disciple kneeled with his back straight.

"What do you have to do with Longmen's..."

Slap!

Harvey instantly slapped the disciple to the ground

before he could even finish his sentence.

"You still call yourself a disciple?"

"Intentionally breaking the law is another serious offense! Don't you understand that?!"

"As a disciple of Law Enforcement, not only didn't you stop people using flaunting their strength with

Longmen's name...

"You're helping them even?!"

"What's the point of keeping you here then?!"

Harvey calmly glanced at the crowd.

"I'll give you one chance. Plead guilty to Longmen's Law Enforcement right now.

"Even if you're a bit slow, you'll have to bear the consequences yourself!"

Harvey's words were calm while showing an icy gaze.

The people flaunting their strength immediately choked on their own breath. They would not even dare to look Harvey directly in the eyes at this moment.

The atmosphere felt immensely heavy at this very moment.

"It's all just a misunderstanding!"

"We were all just tricked into coming here!"

The disciple came to his senses while covering his face.

"I'll leave with the others immediately! We'll plead guilty to Longmen's Law Enforcement right now!"

The disciple then stumbled his way out of the place.

Then, he took a few more glances at Harvey. He believed

that Harvey was either the head of Law Enforcement or was deeply connected with him.

After all, the badge represented the head himself.

"I'm sorry, Sir York! We were just being ignorant! I'm just acquainted with Mrs. Lee!"

"Right! We're only here to eat! I don't even know her that well!"

"The wife of Flutwell's Longmen branch leader? She has no right to invite us here!"

"Mrs. Lee's actions are unforgivable! We all support you getting justice for your sister-in-law!"

Everyone instantly changed sides as they frantically apologized, desperately trying to distance themselves from Mrs. Lee.

After all, it was either Longmen's Law Enforcement or the Flutwell's Longmen branch.

The choice was clear. Those people were not idiots.

Chapter 3463

The disciples of Longmen's Flutwell branch were filled with utter despair.

They knew what Longmen's Law Enforcement

represented, but they did not expect their allies to switch sides immediately after seeing the badge.

Mrs. Lee's beautiful face had completely lost all color. She fiercely held her fist, almost to the point where her nails would dig into her palms.

After kicking aside a few bodyguards from the Lee family while playing with the badge, Harvey York calmly walked toward Mrs. Lee with a smile.

"Why don't you tell me who I'm going against now, Mrs. Lee?" Harvey asked in a calm tone ...

But every single word was enough to make Mrs. Lee's eyes twitch and her heart race.

"What do you want, young man?"

Mrs. Lee's expression worsened.

"Are you really planning to go against me?"

Mrs. Lee was filled with dread the moment she saw the

badge...

But she knew full well that she alone could not kneel!

Besides her pride and dignity as the wife of Flutwell's Longmen branch leader, she also had strong support behind her back.

The person was extremely powerful as well.

"You bend the truth and beat up my sister-in-law, even trying to rip her clothes off in the process, causing her mental and physical trauma.

Harvey calmly grabbed a revolver from one of the Lee family's bodyguards before taking off the safety.

"It's only natural that I cripple an arm and a leg from you on her behalf, right?"

"Are you going to do it yourself? Or do you want me to help instead?"

Mrs. Lee's eyelids frantically fluttered. The corners of her mouth kept twitching when she glared at Harvey.

"I don't know where you got the badge from, kid!"

"As someone from Longmen, I'll admit defeat!"

"But that doesn't mean I'm weak! It also doesn't mean

you can do whatever you please!

"I'm warning you!"

"You better not go against me!"

"If you do, the people behind you will be in big trouble!"

"Even if you're the head of Law Enforcement!"

Harvey showed a smile on his face.

"Are you threatening me? Then, you must have someone behind your back."

After hearing Harvey's words, Mrs. Lee almost broke her tooth, gritting in anger.

"I belong to the Thirteenth Young Master!" exclaimed Mrs. Lee with a horrible look.

Everyone gasped.

Nobody knew that Mrs. Lee had such a relationship with Joseph Bauer!

Joseph was the best candidate to rise out of the three from the Bauer family!

At this moment, nobody dared to doubt Mrs. Lee. Under such circumstances, who would dare to name-drop

Joseph as a support if they had nothing to do with him at all?

Harvey merely smiled.

'What a small world.

"The Thirteenth Young Master?"

Harvey seemed indifferent.

"Joseph?"

"Yes, that's right! You should know what that name means!" exclaimed Mrs. Lee with a righteous look.

Mrs. Lee thought she did not need to prove his

relationship with Joseph. All she needed to do was state his name.

In her eyes, the name alone should be able to scare Harvey off!

After all, the previous head of Law Enforcement was only one of his fighters.

Chapter 3464

While Mrs. Lee was gloating with a faint smile on her face

Harvey York threw a phone on the ground.

"Come. I'll give you a chance,

"Call your young master!

"Ask him properly.

"See if he's willing to support you now!"

Mrs. Lee froze. She did not expect Harvey could remain this calm even after hearing Joseph Bauer's name.

That said, she had no time to think about that.

Under such circumstances, she had no other choice but to

dial the number.

After a few rings, the phone was picked up before a distant voice could be heard.

"Who is this?"

Mrs. Lee respectfully bowed even when she was on the other side of the phone.

"I'm Mrs. Lee from Longmen's Flutwell branch. I got myself into trouble with someone holding Longmen's Law Enforcement Badge.

"He wants to cripple me."

"The Law Enforcement?"

Joseph sounded indifferent.

"Since when did a person with the badge have the right to flaunt their strength in Flutwell?"

Mrs. Lee proudly glared at Harvey, as if she had already

won.

Harvey calmly smiled.

"Tell him that it's not just the person with the badge you went against. You're going against me, Harvey York."

Mrs. Lee did not know where Harvey got all the courage, thinking his name was more imposing than the badge itself.

"Young Master Bauer, I'm going against a man named Harvey York. He's the one showing off with the badge. He even said..."

Rapid breathing could be heard from Joseph after a long moment of dead silence before it dissipated.

While Mrs. Lee was filled with excitement, a distant voice could be heard once again.

"Good luck with that," replied Joseph coldly.

Clack!

The phone was hung up abruptly.

Mrs. Lee froze.

'Good luck?

'What does he mean by that?'

Mrs. Lee finally understood after a long while.

She was on her own! At this point, not even Joseph would be able to save her!

Joseph would not dare to go against the man in front of her! He meant nothing!

Not just Mrs. Lee but the others also became completely sluggish.

Nobody thought that Joseph would not be able to scare off Harvey...

But just mentioning Harvey's name deterred Joseph in an instant!

'Who is this guy?!'

'Even the Thirteenth Young Master is scared of him?!'

Everyone wiped their foreheads and realized that they had been sweating profusely.

They were secretly rejoicing. If they had not given in quickly earlier, they would have been finished!

"Well? Are you done?"

T

Harvey loaded a few bullets into his revolver while smiling at Mrs. Lee.

Mrs. Lee's face darkened in an instant.

"Who are you?"

"Are you from the five hidden families? The top ten families? Someone from a sacred martial arts training ground?"

"I don't recall someone like you even existing..."

Mrs. Lee was filled with utter disbelief.

She could not believe that some nobody, who came out of nowhere, managed to suppress Joseph.

She wanted to find out the truth, even if it meant her demise.
