

Chapter 3599

“Really, now?”

“What? Do you actually think you’re impressive? You think you’re untouchable because of your strong background?”

“Or do you think you’re a part of the Bauer family just because you have the same surname?”

Harvey revealed a faint smile after hearing the man’s words.

The man laughed coldly.

“The Fifth Mistress should know this. Young Master Bauer himself put me here to spy on her every single move!”

“Besides, I’m a distant relative of the Bauer family!”

“It’s not much, but it’s still blood!”

“If you touch me, not only will you lose Young Master Bauer’s trust, but you’ll also get into big trouble!”

The man showed regret at this point.

“I’ll admit! This was my fault.”

“That said, there’s still ample time for us to play, Harvey!”

“You won’t get so lucky next time!”

Harvey smiled when he saw the man’s arrogant look.

“Do you think you can be ignorant just because you have a bit of a connection to the Bauer family?”

“Yeah! I’m Young Master Bauer’s personal guard, after all!”

“My status is high! I’m deeply trusted!”

“Even some people from the family don’t have as much authority and strength as me!”

“People like me can do things on behalf of Young Master Bauer!”

“Aren’t you scared?”

The man was filled with pride and arrogance.

After hearing the man's words, the bodyguards holding him down couldn't help but let him go. They couldn't afford to go against him, anyway.

Because of this, the man became a lot more arrogant.

"With the Fifth Mistress' smarts, she should've already guessed where I was from!"

"I'm usually respectful toward her, but in reality, she never had a say in anything I do!"

"Everyone just minds their own business. How good does that sound?"

The man licked his lips with a mocking expression.

"I'm sorry about what happened. I'll apologize properly."

"At this point, I can only ask of you to be patient, Fifth Mistress."

"If not, I might just spill something that Young Master Bauer shouldn't hear..."

His arrogant tone was making the bodyguards boil in anger, but they couldn't do anything to him.

Jeff's personal bodyguards had immensely high statuses; even some of the relatives wouldn't dare touch someone like them.

They couldn't afford to, after all.

Elanor had a horrible look on her face as well.

She didn't want to let someone like this man off the hook...

However, her true enemy was Jeff.

VITT, verr, vrrr!

Elanor's phone vibrated; it was Jeff.

Elanor instinctively picked up the phone.

"I know what happened."

"I'll make sure to explain this to you..."

"But let my lackey go."

"After all, you need to understand who he belongs to."

"Tell Harvey to show me some respect to guarantee our successful partnership!"

"Don't ruin me and Sir York's relationship because of such a trivial matter!"

Naturally, not only did Jeff already know this, but he was also the one who instigated the entire situation.

He probably wanted the Indians to kill Harvey, or he wanted simply to teach him a lesson. Either way, nobody knew what exactly he wanted.

More importantly, he could reclaim some of his pride from Charity Garden if nobody dared to kill him any longer...
